For Maryville, Missse Lina Hodges and Martha May Boyer, upheld the negative. To those who know these girls no more need be said. Miss Hodges divided the usbject into its two component parts and with a fair and certainly a complete analysis proved that the proposed plan could not remedy the evils. A more thorough constructive case simply could not be offered on the subject. Miss Hodges delivery was clear, emphatic and unemotional exactly suited to a purely ligical analysis of the subject and highly worthy of such a mature college debator as Miss Hodges is. As for her rebuttal, the same things might be repeated. She faced the issues, answered arguments

Y.M.C.A. to Sponsor Outdoor Track Meet

INTER CLASS TRACK MEET APRIL 5th

The annual inter-class track meet sponsored by the Y. M. C. A. will be staged Saturday afternon April 5th.

Much interest is being taken in this meet. The "Greenies" are puffed up over winning the indoor meet and expect to do the same in the outdoor meet. The Sophs who ran them a close second are determined to beat them, while the Juniors feel quite sure that they will be able to cop the pennant as they did last year.

The event that is attracting the most attention is the mile relay between the Athenians and Alpha Sigmas. Two years ago a shield was offered to the society who won this event three years in succession. The Athenians have won it twice and if they do so again this year the shield will be given a permanent place on the walls of Athenian Hall.

A track medal will be awarded the winner of first place in each event.

Coach Bond will depend largely

Band Concert to Be Unusually Good

COMPLETE NEW PROGRAM PROMISES AN ENJOYABLE EVENING

O yes, O yes, O yes! Next Monday evening March 31st, at 8:00 o'clock Bannister and his wind jammers will perform for you at the chapel. These accomplished lads have been rehearsing for months in preparation for this performance and you can't fail to be delighted with every number on the lengthy program. The band numbers are new and their rendition will make Arthur Pryor and his band turn green with envy. Then we have that famous brass quartet, consisting of Sullinger, Bird, Bannister, and Huddleston which will thrill you with their interpretation of several of the latest n popular songs. Jack Coleman will make his first appearance before a Maryville audience as a soloist, when he slides out a syncopated solo on his snorting slip horn. You will hear Harry Bird talk to you through the melody of his saxophone and one of those difficult triple-tongue polkas will be rendered by Broady and Bannister. Last, but not least, the college quartet will charm you with their haunting harmonies until you cry for more.

Never before, dear readers, have you had such an opportunty to hear such a program, all for the small sum of thirty five cents. Come and bring your friends.

"Floor-Shine" Shoes

The above caption does not refer to the kind of shoes that take the shine off the campus by using short cuts or crush the life out of poor little blades of grass. The other day I was talking to a town merchant and he said a couple of boys came into his store and asked if he had any "Floor-Shine" shoes. It is safe guess that there is not a student on the hill who does not know what was meant.

And by the way a good word for Florsheim shoes would not be out of place. Florsheim shoes are well said to be "for the man who cares." Everybody knows who that man is, especially when he has a date. Another man we are thinking of is Mr. Goddard, the manager of Badgett Store Co. He runs the store that handles Florsheim shoes in Maryville and is a nice fellow to deal with.

Not in The News

Don't miss the big band concert.

—M. C.—

Do they use the World Court for tennis or basketball?

—M. C.—

And who leads the batting in the League of Nations?

—M. C.—

Now, Margaret, we believe you were really singing to Jean and not for the wedding.

—M. C.—

We'd like to use a Glee Club or a hickory club on some of these early risers.

—M. C.—

If we could make the campus look

Experienced and Capable Captain

ILLINOIS LAD UNANIMOUSLY ELECTED

Lewis ("Bones") Veech was unanimously elected captain of the Orange and Garnet basketball team for 1925 at a recent meeting of the lettermen.

Veech, a stellar performer at the guard position, has been one of the most consistent and brilliant performers on a Maryville court in recent years.

"Bones," who hails from Decatur, Illinois, was one of the mainstays of his high school quintette before embarkng on his basketball career at Maryville. He is now a Sophomore, s 5 feet 9½ and weighs 143 pounds.

His knowledge of the game and popularity with the squad will make him an admirable leader.

Eight Girls Awarded The Basketball "M"

Eight popular, young and winsome basketball artists of feminine proclivity were awarded the "M" of old Maryville at a recent meeting of the Athletic Board of Control. The young ladies who's athletic ability won for them the very much sought after letter were Captain Mary ("Bob") Robinson, c.; Thelma Adair, f.; Lucille Heiskell, g.; Lois Painter, f.; ("Pat") Farrar, g.; Grace Brown, f.; Eva Morelock, f.

Although Coach "Peanut" Bond's protegees had a successful season from the number of games won, still his team was pursued by Old Man Jinx in the form of well distributed injuries. With the advent of the 1925 season the grls' mentor will have to develop some of his likely substitutes for the team will lose this year by graduation such star performers as Robinson, Adair and G. Brown.

The result of the 1924 schedule is as follows:

M. C.	Opponents
19	Y. W. C. A. (Knox) 11
16	Carson-Newman 12
13	Carson-Newman 13
26	Milligan 15
8	E. Tenn. Normal 30
33	T. P. I. 17
5	Peabody 26
9	Centenary 8

Three thousand students of the University of Wisconsin voted unanimously to aid Madison authorities in stamping out drinkng of alcoholic beveridges, and condemned drinking among both male and females.

Athenians Enjoy Regular Program

The last meeting of Athenian Literary Society under the administration of the old offcers brought out a large crowd. The program was pronounced the best rendered this semester.

Mr. Chas. Johnson opened the program with a well delivered reading. Mr. L. C. Milling presented a world problem worthy of Cathey's consideration in his interesting dis-

(Continued on page four)

Honaker Nine Is Prepared for Fray

SHIELDS-WATKINS FIELD SCENE OF FIRST BATTLE

With the University of Tennessee as its opponent, the Orange and Garnet nine makes its 1924 debut in the Shileds-Watkins Stadium Saturday afternoon. All the preparation that early spring training can do to make a team run smoothly has been injected into the players, and when the Maryville combination takes the field the Vols are going to meet opposition of the ultra-stiff variety.

With a host of veterans back after their old positions, and many new luminaries looking good, Coach Honaker will be able to build up a hard-hitting, fast-fielding team this sprng.

Although the line-up has not yet been announced, the following will possibly start the game: Captain E. Williams, c.; R. Williams, p.; shores, 1st. b.; Shanks or Hurst, 2nd. b.; McCall, ss.; Parcee, 3rd. b.; Sneed, McMurray, Thrower or Cartwright, outfielders.

A tentative schedule for the season, which will undoubtedly be subject to change, has been announced by Manager Gamble, as follows:

March 29—University of Tennessee at Knoxville.

April 4—Milligan, at Maryville.

April 10—Toledo (Amercan Association), at Knoxville.

April 15—University of Tennessee, at Maryville.

April 19—Carson-Newman, at Maryville, (tentatively.)

April 21—L. M. U., at Harrogate, Tenn.

April 22—Union College, at Barbourville, Ky.

April 23—St. Xavier, at Cincinnati, Ohio, (tentatve).

Aprl 24—Cincinnati Unversity, at Cncinnati, Oho, (tentatve).

Aprl 25—Kentucky State at Lexington, Ky.

April 2—Center College at Dan-

(Continued on page three)

Glee Club Gives Opening Concert

SPECIAL NUMBERS WELL RECEIVED

That the first appearance of the Glee Club was a howling success was indicated at Lenoir City last Friday night when the Knights of the round notes made their debut for the 1924 season. The people of Lenoir City showed their appreciation by tendering a reception to the club previous to the concert, the girls of the home economics department of the High school acting as caterers.

The concert was successful as no odors of cowardly eggs (hit and run kind) were brought back or as no brick walks were torn asunder. The ensemble work of the club was exceedingly harmonious, however there was a lack of confidence expressed in the faces of the singers.

The high point man of the evening was Mr. "Scotty" Cowan who scored timely hits with his scotch songs, his four minus three string volin and his Harry Lauder mannerisms. The

THIS WEEK

Up to the present writing, this year's debates have been rather hard luck affairs. In the triangular fray we won one decision, and in the following combat with Milligan we were defeated at both ends by the "flowery oratory" and "Billy Sunday style" of our opponents and the adverse decision of the judges. Last night the same old man jinx pursued us and our girl's lost to Carson-Newman at both ends.

But with the departure of our varsity vociferators on the Peoria trip we hope to see that hard luck streak broken. If you have an extra rabbit foot or lucky piece, turn it over to the gang, together with a word of encouragement. We know they're going to fight hard, and they know their stuff, and if ol' lady luck will jus abide in their vicinity, we'll see them strut ther onions.

"As thy hilltop crowned with cedars"—at the rate that these beloved old trees are being replaced with other kinds of trees it will not be long until their presence will be merely a memory. Do we want to destroy the most distinguishing thing about our campus? Why not replace cedars with cedars so we and the coming generations may continue to stroll " 'Neath thy cedars groves so fair." ?'

Simultaneous with the building of walks and driveways, we would like to see the working out of a subterannean system of electric wires. These unsightly wires could be hidden with very little expense as there are already numerous underground passages from building to building. The old promiscuously placed wooden poles could then be replaced with systematically arranged decent lamp posts thus eliminating one of the eye sores of our campus.

AMONG OURSELVES

Miss Helen Browning made a short visit to the Hill the past week-end.

—M. C.—

Mss Francis Campbell journeyed to the Cracker State for a week-end visit with her parents.

—M. C.—

Miss Henrietta Jackson is experiencing her first attack of the mumps.

—M. C.—

Mr. Maynard Dunn will be absent on the Hill while he recuperates from a slight attack of the same ailment.

—M. C.—

Mr. Tom Gover and several young ladies and young gentlemen enjoyed the concert of the St. Louis Sympthony Orchestra in Knoxville.

—M. C.—

Mr. Harry Bannister remained in Junior City for a short visit with———(?).

—M. C.—

The inmates of the practice house report that they are learning fast and well—"It Pays to Advertise."

R. Amos Montgomery, president of Centre College, Danville, Ky., which is well known in football circles, said that the emphasis placed on football today is the fault of outsiders and not of the students themselves, when asked to comment on the subject by the News. He says, "I believe an undue emphasis is placed on football as a student activity in college life today. The emphasis is one, however, that the outside public has stressed far more than the students. Its place and importance in the academic life has been unduly stressed."

Where Quality Counts, We Win
MARYVILLE, TENN.

Students Stirred By Dr. Mitchell

Y. M. C. A. FINISHES THREE MONTHS STUDY OF WOLRD PROBLEMS

(By Edward Hamilton)

For three months the Y. M. C. A. has been striving to present to the students of Maryville College a program of students interest, student's discussion and above all, student thought on the happenings of the day. We have tried to reproduce for the students the great spirit of Indianapolis, that of free thinking discussion and free action. We have not only clamored for individual thought and dscussion but we have tried to have something to say when we got it.

Four definite questions have been presented to the students. Dr. Mitchell very efficiently concluded our program by summing up these four questions. We have studied the Industrial question. We learned of the oppression of the worker, the union of students and workers for a decent Christian wage. We learned of the "Golden Rule in Industry," as worked out by some capitalists. We have learned of the value of the labor union. What does the advent of the British Labor Government mean to us as students? We are the future leaders of our nation. America must either recognize or reject the ideals of the British Labor Government. We are intimately concerned with its policies.

We have studed the Race question. Dr. Mitchell said that the South was now pulling up instead of pushing down the negro. Many of us will have to alter our views before long to keep up with the trend of though: in the South in regard to that question. A Student Inter-Racial Committee has been formed between U T., Knoxvile (Negro) College, and Maryville to discuss this question. Again we are THINKING.

Then we have made a study of our International problems. We, future leaders in America, wonder at the crude International politics of our political leaders and at the smoothness of our OILED political machine. Have we not a right to voice our disgust at the lack of Christian principles in our International affairs? Nothng but ACTION will change the situation.

Finally, we have constantly received the challenge to Youth action. We have been constantly reminded of the great potential possiolilities that lie in the Youth of America. We are old enough to THINK. Our faculty has given us the freest range for thought of the majority of the Universities and Colleges in Ame i ca. We have been asked to voice our thoughts, to write to our home papers giving our opinions. We cannot voice our views without KNOWING. LET US LEARN AND ACT HEPE IN MARYVILLE COLLEGE: WORK FOR A TRUE CHRISTIAN SOLUTION TO OUR PROBLEMS. We perhaps must examne our schools of all kinds, our cities and our industries but we can then know and let others know. THAT IS CHRISTIAN SERVICE.

Dr. Mitchell is a model teacher. Why can't we be models in whatever life work we undertake?

Maryville Students—Study, think, act!

The Glee Club

(Continued from page one)

audience was removed from the dazing heights of the etherial, produced by Mr. Cowan, to lower levels in the unveilng of Jean McMurray's legs and knees.

The quartette was called recalled and encored until they sang their entire repertoire.

The solos by Mr. Anderson and Mr. Stewart were very well rendered and both received a good hand from the house.

Mr. Bannister gave a cornet solo and the cornet duet by Mr. Bannister and Mr. Broady was very effective.

Ex-Maryvillians Write from U. K.

Lexington, Ky.,
March 14, 1924

Hello Maryville:—

Just a report of some old Maryville people, if you think it suitable for printing I shall see that all copyrght restrictions are waived in this specal case. The writer is too modest to sign it, but in case of law suits or not he will gladly reveal his identity.

The second semester roll-call at the University of Kentucky was answered by five hard-studying Maryvillians. Six weeks having passed, these five men have at last become acclimated to the confinement of the necessary four or five hours of studying each night. (Joke).

Any one at Maryville can well remember the assiduousness of Harrison C. Bowles. As for studying: he can be found any night in his room as late as eleven o'clock, note books and texts covering his study table, clothes on every chair—but, Harrison is in bed. To the Senior distinctions, Bowles has taken strongly. He is a regular college chap, with his corduroy trousers and gold headed cane; he certainly does swing a heavy cane.

The other ex-M. C. student, who is also a Senior is Charles D. Taylor. He has taken on serious conceptions of school activities, refusng to accept any grade lower than "B" He also struts the corduroys and cane, but when Bowles is even in sight Taylor shineth less dimly. That man Bowles has sho' taken Lexington by storm.

The two Juniors who have spent happy but rainy days in Tennessee are Glenn Justice and Hugh Tanner. Every one will feel relieved to know that Glenn has less serious matrimonial designs. He still has musical pursuits, but the questions is how he has escaped Paul Whteman and the Victor people. Mr. Tanner spends about ten hours per day in the physics and chemistry laboratories. Who knows what he will amount to, his dream is the Nobel prize. No doubt Dr. Milligan will hear of him.

And last, our most respected Freshman friend and scholar, Mr. Vernon Rice, is here. Dr. Rice was a ponular student of the Prep. Department. There he received many encores in his scholastic attempts. During the first semester he was enrolled in the Arts and Science school with the other four, but for the second semester he says the Engineering School offers more opportunities. He was very successful in the first semester, the standing which he made was one of the outstanding achievements of his career. Every one expects great things from Our Vernon; too bad there is not another Panama Canal to be built.

The five join with me in extending the most sincere god wishes to every one at Maryvlle. We appreciate what the great old school has done for us and still respect the Cedar Crowned College. A wholesome environment exists there that can not be found at any other College or University in the United States. God luck to all of you.

Most sincerely yours,
A Kentuckian.

INTERCOLLEGIATE NEWS

On account of the lack of winter sports, the University of Florida is introducing several new games to it's student body this winter. Besides basketball, which has been the only winter sport in the past, Lacrosse field hockey, cage ball, and scrimmage ball will be played.

—M. C.—

Social etiquette is now being of feed as a course to students of Wichita College. It includes table manners, letter writing, and proper conduct at all times. The purpose of the course is to remove individual faults and to develop social talents.

—M. C.—

An undertaking that will mark something entirely new in inter-scholastic athletics will be made on April 6, 7, 8, through the efforts of Graduate Manager Dick Smith. Washington and Lee entertain and sponsor the first annual State High and Prep Tournament in the state of Virginia.

—M. C.—

Eighteen nations are represented at Vassar this year. They have given very interesting impressions concerning the great differences they find between the Old World system of educaton and that of the New World. Besides the foreign students, there are thirty-seven states represented in the class of '27.

—M. C.—

The honor system of Princeton is so well developed that students may even take their examination papers to their rooms and write them in absolute privacy.

—M. C.—

Thirty one per cent of the students of Johns Hopkins University are actively engaged in fall athletics. Lacrosse is the most popular sport, football ranks second, and track third.

—M. C.—

The authorities at Syracuse have put a ban on undergraduate marriages upon the hypothesis that two minds with but a single thought would lower the intelligence level.

—M. C.—

Where there is a will, there's a way. Several Chines students at Columbia University have been making their expenses by teachng "Mah Jong."

—M. C.—

"The flower girl" freshman was a source of comment in a California school recently. She planted, cultivated and sold flowers to pay her college expenses. Her biggst "clean ups" were made on the occasion of college dances when she supplied pecal corsages in color colors.

—M. C.—

Many Southern colleges have recently received many munificent gifts in the interest of better education. Bessie Tift College received $50,000 from J. W. Williams, of Winder, Ga., as an endowment fund, the income to be used for the education of deserving young women. Frank Ethridge, an Atlanta layman, recently presented Mercer University with an endowment fund of $100,000 to be used in a manner similar to that of the Bessie Tift gift. Furman University, at Greenville, S. C., has successfuly completed its campaign among the alumni for $325,000. The General Education Board of New York presented Furman with $175,000 to round the half million. This gift was contingent upon the success of the alumni campaign. Other schools have received offers of gifts and endowments under similar conditions.

—M. C.—

The Library of Elon College is the recipient of a gift of 219 volumes of historical works by Chief Justice Walter Clark. The books are a gift of the Justice himself. Besides the gift of this set Judge Clark announces that he has still others which he plans to present to the Elon Library soon.

—M. C.—

With the approval of President Coolidge and Secretary of War Weeks, New York University has installed the first course in aeronautical engineering and aviaton to find place in the curriculum of an American college.

—M. C.—

The last five presidents of the United States have been college fraternity men. Grace Anna Goodhue Coolidge is the first mistress of the White House who was a sorority woman in college. She was a Pi Beta Pi at the University of Vermont.

—M. C.—

Plans are being formulated for the establishment of a William and Mary Summer School in Europe during the coming summer, with the object of giving American students an opportunity to do academic work abroad during the summer, and to receive college credits for the work.

To Our Basketball Boys

Our valiant and brave Captain Musick,
Hhas never been known yet to lose it,
In all things he is bright,
And you should see him fight
To acquire the coveted ball.

Veech at guard can't be beat;
He sweeps all foes aside.
That he can keep both head and feet
Can never be denied.

Jean at center is great!
To be a great player's his fate;
He makes us all dance
At the expense of his pants,
But fame will sure crown his pate.

Riskey at basketball's a bear;
He surely plays every game fair;
And every one shouts
"Without any doubts
He does in each game his ful' share."

When the ball's in the hands of "Pat",
A strange player begins to look for his hat;
Pat always wins out
When in a big bout
And the opponents are carried off flat.

Shorty McCall is a hero of old;
At basketball he's snappy and bold;
He was light and fast
In the season just passed—
Our opponents he always knocked cold.

Shorty Sneed was a hero brave,
Many a play he helped to save;
And now the basketball season's gone
We praise him with this classic song.
There's no better guard that we know
Than the brave and battling Joe;
His opponents look sore
When he runs down the floor—
His playing's as good as a show.

Thomson was a dandy player
And our spirits he made gayer;
He was little—but oh, my!
"Tommy" is a peachy guy!

A great football star is Thrower;
Another man the fans adore;
When Bob goes rolling down the field,
Our mighty foes are sure to yield.
So for better or for worse,

Men of the squad accept my verse
And in years to come may you still,
Play the game as in '24; love your college, Maryville.

The Drake Delphic, published at Drake University, Des Moines, Iowa just introduced its "Enquiring Reporter" to the puble. The first question asked Drake men was "Which do you prefer, the bobbed haired, galoshed, cosmetically aided college girl of today or the sweetly succumbed and swooning lady with training ruffles for whom men fought in the days of chivalry?" The majority chose the modern girl but several thought it a matter of choosing between two evils. Drake women were asked: "Which do you prefer, the slick-haired, cake-eating college sheik of today or the knight of old who jousted in bloody battles to win his lady's favor?" The co-eds avored the old-time knight overwhelmingly. However, one damsel preferred the stacombed sheik of today.

lovely time when those Hanover women start slinging questions at us?"

Mr. Queener says his sole ambition (protem.) is to beat Carson-Newman.

The men have been practicing in the gymnasium for the past two weeks. They are now able to do all sorts of acrobatic stunts, so we should win a number of victories.

David says he's going to travel in his khaki shirt, so he can wear the boiled one in Peoria.

Our men have some hard fights ahead of them, and it's up to every one of us to back them to the limit Be sure and see 'em before they leave and tell 'em you'll be concentrating on them. And here's another thing—they'll be up there fighting for Maryville. Let's show our patriotism by writing them some peppy letters whle they're away, so they'll know we're all supporting them.

And now Mr. Swartz, will you come up and lead us in some yells for the team?

Carson-Newman

(Continued from page one)

of the affirmative as they had been presented, calmly but thoroughly, and sit down.

Miss Boyer's constructive speech was as thorough an analysis of the effects of the proposed plan and of other remedies as was Miss Hodges of the question. With a speech based on facts well prepared and highly constructive for the negative side and yet equally as highly destructive from an affirmative point of view; coupled with a delivery that was clear, forceful, and purely aggressive; Miss Boyer aquitted herself as a college debator of rank and distinction. In her rebuttal the issues were brought out for comparison and not only was her rebuttal, as rebuttals should be, one of distruction but she put forth a constructive case in the form of a summary that is seldom equalled by college debators.

All in all the debate will not be forgotten by those who heard it. The adverse decision does not detract one whit from our debators or from their arguments as they put them forth.

The judges were: Rev. C. K. Wingo, Magnolia M. E. Church, Kroxville; Dr. J. C. Hodges, University of Tennessee; Dr. J. D. Bond, University of Tennessee.

Alpha Sigma

(Continued from page one)

open session of the Senator ensued.

Mr. Armstrong, the "silver tongued orator," from Illinois reminded us of the supreme orator of old, Demosthenes. Mr. Miles, in advocating many needed reforms for our country, especially the establishment of a sanatorium for the blind cats of Maryville, impressed his audience very forcibly with his logical analysis of the heart-breaking situation.

Mr. Puff, Senator from Texas, occupied an important position concerning many needed reforms. A concomitant dissipation of motion and integration of matter seemed to find first place in Mr. Horton's reforms. Mr. Broomall was as loquacious as Horner when he wrote the Ilaid.

Mr. Griffiths distinguished himself by his unusual clearness of thought and remarkable ease of expression. Throughout all the heated discussion President Hardin had the august body perfectly in hand.

Come out next Saturday night, boys; we have a real treat in store for you.

The children of the Louisiana Baptist Orphanage consume an average of five gallons of syrup daily.

upon this meet for the selection of a team to meet the University of Tennessee team the following week.

Riskey and "Shimmie" are in charge of the meet.

All men who expect to enter must hand their names and the events they expect to enter to one of those in charge, at least two days before the meet.

ANDERSON-BAILEY

A wedding that will unite two of Greene county's well known families occurred March 11, in Knoxville when Mr. Lyman Anderson claimed as his bride Miss Maude Bailey. Mr. and Mrs. Anderson are now in the county, and are at the present time the guests of Mr. Anderson's parents at Baileyton. Mrs. Anderson is the charming daughter of Dr. and Mrs. G. M. Bailey at Baileyton, and is an intelligent and popular girl. She graduated at Baileyton High school and attended Maryville College where she took a course in Domestic Science. This winter she has haa charge of the Home Economics department of a High school at Huntsville, Ala. Mr. Anderson is the son of Mr. and Mrs. Dick Anderson of the twelfth district and is a successful young business man, having for the past few years been a representative of a concern located in Atlanta, Ga. Mr. and Mrs. Anderson have not yet decided where they will locate, but they will spend several days with relatives here. They are being showered with congratulations.—Greeneville Democrat-Sun.

A new rule originated by the football official, Frank Birch, never reached a final decision at the annual meeting of the college football coaches durng vacation at Atlanta, Ga. It was an idea to have the ball remain in the possession of the team at the end of the half providing the pigskin was wthin the opponents's 10-yard line, that team completing its four downs in an attempt to score.

College Band Makes First Concert a Decided Success

A GOOD HOUSE ENJOYS AN EXCELLENT PROGRAM

The college chapel on last evening was the scene of a very unusual program. The college band, with the efficient aid of some town musicians, gave its first concert on the hill and we hope that it was the means of establishing a precedent making them an annual affair.

The band is to be commended for the quality of the program and the perfection with which it was rendered. The ensemble numbers were difficult and the skill shown in their rendition could only be the result of many hours of gruelling practice. The solos were of an unusually high character and were exceeding well played. The brass quartet was very well received and is well worthy of the vigorous applause which it called forth. As usual the college quartet did themselves credit. Their appearance broke the instrumental monotony in a charming and skillful way.

Mr. Bannister is a capable and efficient director and is to be commended for his work with the baton.

Mr. Miles, the president of the band worthy of commendation, for his work in organizing, arranging and managing the concert.

The band has been prominent as a pep producer at past football and basketball games and expects to perform the same stunt at the coming baseball games. Are we proud of our band? Are we grateful to them? Sure we are. Then let us show it by encouraging them all we can. They deserve it!

Boys' Societies Are Doing Good Work

ALPHA SIGMA

Attended by a small, but enthusiastic portion of its membership Alpha Sigma held its weekly meeting last Saturday night.

Mr. Julius Huffman had a wonderful effect on the audience by taking us through the Mormon Temple. This was enjoyed by all. We are living in hopes that Mr. Huffman will tell us the secrets of the Sheik's Harem sometime. After Mr. Huffman's discourse we launched into a hot debate. Resolved, That athletics hold too high a place in college activities. Mr. Hiro Griffiths upheld the negative and Mr. Wood the affirmative. Last, but not least Mr. Andrew Stewart, rendered, in his usual way, two vocal solos, accompanied by Miss Ruth McMurray, which were enjoyed by all.

Come out, fellows. If you don't like it you are not compelled to stay.

ATHENIAN LITERARY SOCIETY

The first program of the Athenian Literary Society under the administration of the new officers was both well rendered and well attended.

Mr. John Johnson's vocal solo was unusually good and the audience showed its appreciation by calling for an encore. Mr. Cecil Crow's discourse on the "100 Point Man," showed us the essential quality of a successful man. Mr. Ed Cathey's reading was delivered in a manner that won the approval of every listener. An impromptu debate, "Re-

(Continued on page two)

APRIL FOOL!

Now, wasn't that an awful lot of trouble? Probably you're angry at me for causing you so much inconvenience, but you remember they say, "Worth while things are hardest to get," and there's no doubt but what this is the most worth while article on this page. (No reflection on the other writers). Thank you for reading it.

Party in Chicago For "Miss Gregg"

Mr. Harvey V. Stokely and Mrs. Stokely (Miss Harriet Gregg) surprised the Chicago Maryvillians a short time ago by appearing in the Windy City. The evening they were there they invited to a dinner party Miss Charlotte Allen, Miss Marguerite Sullinger, Miss Alice McAnulty, Mr. George Callahan and Mrs. Stokely's brother, William Gregg. It was surely a merry reunion. Everyone, including George, fell in love with Mr. Stokely and we all called his bride, "Miss Gregg," all evening—just couldn't help it, for her laugh and our talk of Hill news took us right back to M. C.!

Mr. and Mrs. Stokely were married in Upper Sandusky, the bride's home, in January, and have spent some time traveling and visiting in the East and in Michigan. passed through Chicago on their way to the Western Coast where they sailed for their new home, China, where Mr. Stokely's business takes them.

M. C. Debaters Lose To Berea At Home

At the close of the varsity debate men's schedule six men were chosen to represent Maryville in a post-season schedule. While King, Queener and Cornelius are representing our interests away from home, Corry, Kinsler and Stockton have upheld the standards at home. The debate on last Friday, the twenty-eighth of March, resulted in a victory for Berea but it was one of the most hard-earned victories ever won on a Maryville platform.

The question was the much-discussed one, whether or not the United States should join the League of Nations. The affirmative defended by Berea was strong with C. Byrd West, Macon E. Derrick, and Hugh O. Porter. Their constructive speeches were well outlined, logical and clear-cut. As for their rebuttals, they were on a par with the constructive speeches. The negative was defended by Maryville. The arguments, both in constructive speeches and rebuttals, were forceful and consistent throughout. Floyd Corry, Francis Kinsler, and John Stockton, all strong veteran debaters, deserve much praise for their splendid fight and their true sportsmanship.

Dr. C. H. Gillingham was chairman, and the judges were: Dr. J. Kelly Giffin, Prof. C. A. Perkins, and Mr. E. L. McClurkan, all of Knoxville.

When the florist see the auto speeder go by at 70 miles an hour, he commences work on a cute little piece called "The Brokne Wheel."

Circuit Team Wins From Carson-New.

PROF. HUNTER TELLS OF FIRST TWO CONTESTS

Dear Mr. Editor:

Maryville debate team, won from Carson and Newman, 2 to 1 on Thursday night. Carson and Newman team was made up of H. L. Reynolds, W. M. Michaels and H. M. Lintz, all of whom are holders of medals and distinctions for oratory and debate.

Work of Maryville team particularly notable was Ed Cornelius' constructive speech and David King's rebuttal. The judges were Prof. C. A. Perkins, of the University of Tennessee, Professor Joel N. Pierce, of Greeneville, and Professor A. C. Duggan of Greeneville.

The contrasted style of the two teams made the debate more than ordinarily interesting. It was a victory for the more dignified and logical type of presentation.

On Friday night at Berea, the Maryville team struck its real stride. David King set a strong pace for his team mates and they responded nobly. Verton Queener is one of the best exponents of the informal, colloquial type of debate that Maryville forensics has produced and he completely won his audience, especially by the inescapeable logic and mild ridicule of his rebuttal. Cornelius supplied the telling punch of his well known earnestness that made the debate for Maryville a highly finished and versatile system of argument.

The Berea team consisted of Messrs Robbins, Gray and Craft. Mr. Gray is a particularly able debater. He presented a most forceful final rebuttal for his team. The entire Berea team are fine sportsmen presenting a courteous and straightforward discussion. One of the very best teams Maryville has faced in the last six years.

The discussion was 2 to 1 for Berea. The judges were Dean Paul P. Boyd. Prof. Wellington Patrick, and Prof. Edward Weist, all of Kentucky State University.

Our men were extended a delightful informal reception at the home of President Hutchins after the debate.

Highlander Nine Drops First Game of Season to U. T.

MILLIGAN TO BE OPPONENTS FRIDAY

Defeat stalked into the camp of the Orange and Garnet nine in its initial appearance Monday afternoon, when the Tennessee Willow Wielders walloped the ball at random for an 8-3 victory in Shields-Watkins Stadium. A circuit clout by Brown the chumpy center fielder on the Bank's outfit in the third frame insured the game for U. T., driving in two runs and making the score 5-2.

For the first inning R. Williams and Cantwell, rival twirlers, had the batters up in the air, but during the remainder of the fracas it was usually the ball which was associating with the other.

With two down in the second McMurray tapped the apple between the legs of Cantwell scoring Cartwright and Hurst. After the fatal third inning both sides settled down until the sixth frame when another Orange and White uniform crossed the home plate, changing the score to 6-2.

In the seventh inning Harvey took over the mound work from Williams and although the pill was lifted out of the lot for a home run, he made three of his six opponents die via the strike-out method.

During the eighth frame Captain "Back" Williams poled out an impressive triple which could have been stretched into a four-base hit. Cartwright, playing his first game in the spiked shoes of Maryville then banged out a well placed single scoring Williams, the final score standing 8-3.

There was nothing about the game to discourage Maryville followers. The team is well rounded out and the infield looks as fast as the most exacting coach could desire. Shores' first is a picture of grace and speed, Hurst looks effective at the keystone sack, while Partee and McCall at third and short are as sweet a pair of partners as can be found in southern collegiate basket ball.

"Back" Williams at his position behind the bat is in a commanding place to direct his team. On the

APRIL FOOL!

Often have you heard it told that, "Every dog has his day," day of April. It is truly every-No doubt, the guy who coined that phrase had in mind the first body's day. Sure, we're all fools, some of us a little more so than others, but just watch yourself and see if I'm not right. Now, what did you read this for?

Candidates For Editorship of Echo

The candidates for the Editor-in-Chief of The Highland Echo for the year 1924-25 have been selected and will be voted on at a meeting of the college students Friday evening. There are two candidates from each of the societies on the Hill, four girls and four boys. Think it over, choose the best and then back him up. We don't envy him his job, but still it's lots of fun. Come out and cast your vote for the person who will do his best.

The nominees are:
Andrew Stewart.
Wick Broomall.
Robert Broady.
Edward Cornelius.
Virginia Paulsell.
Christine Rockett.
Myrtle Ardess.
Lucile Crowder.

Glee Club Appears In Second Concert

FARRAGUT HIGH AT CONCORD IS SCENE OF ACTION

The Glee Club journeyed into the lower part of Knox county for its second concert of the year last Friday. Dr. Pluvious sent down rain in showers prime but nevetheless the club sang to a good-sized audience. Among those who made up this audience at Concord were Misses Clarabelle Smith, Stella McCall, Margaret Graham, and Louise Montgomery, all of whom are former students and graduates of Dear Old Maryville.

The program was in many ways better than the one presented in Lenoir City last Friday night week. Everyone seemed to know just when to sing and what and how to sing. There was not so much notice made in this concert of under confidence as was expressed in Lenoir City affair. The entire club of 22 made the trip save the cornetist, Harry E. Bannister. Some say that he also ran down the way toward Concord but for some reason the train would not stop, so it carried him on to——— ———, (how do you spell it Harv?) But Mr. Broady was right there with his tooter and he performed to perfection on his cornet.

After the hour and forty-five minutes of singing the former graduate Miss McCall took us to her Home Economics room in the building there and fed us. Doughnuts, punch, and girls, all three of these found a place in our hearts and in our———well the doughnuts were good.

On next Thursday morning the club leaves for Greeneville, Tennessee. After giving a concert there on Thursday night the club will motor to Johnson City for a concert on Friday night. So far as the editor is able to determine the manager will use Special Cars NOS. 6, 7, 4, or perhaps he will be forced to use Nos. 10, 13, and 8, for transportation.

Inter-Class Track Meet Postponed

MEETS TO BE HELD WITH U. T. AND CENTER

The inter-class track meet which was to be held April 5th has been postponed on account of the bad weather which has made it impossible to practice. It will probably be held the week following the U. T. meet.

There are to be two meets this year: one with U. T. at Knoxville April 12th, and the other with Centre College at Danville, Ky., April 26th.

During the past week Coach Bond has been putting his men through some stiff work outs. He hopes to have try-outs within the next few days in order to select a team to oppose Tennessee.

The squad numbers about thirty. Among those are four letter men of last year, Templin, (Capt.); Thrower: Brown, Sanchez. Those who made the team last year and are out again are: King, Rhore; Williams, Kinsler, Horton. Other prospective men are: Bishop, Thompson, L. E. Milling, L. Milling, Slemmons, Broady, Whitlock, Morgan, Cooke and Stewart.

BUSINESS DEPARTMENT

Burr Bassel - - - - Business Manager

THIS WEEK

"I'm a college graduate," said the applicant for a position.

"Well," said the employer, "I'll give you a chance anyway."

The sober truth back of this bit of humor is the fact that too often the college graduate fails to measure up, and is outclassed by the man who has never had the advantage of a higher education. I am not losing sight of those luminous facts and figures in favor of a college education, namely, that the vast majority of men and women who have attained distinction in the various professions, the legislative halls and executive mansions have been college trained. But the fact remains that too many of our college graduates stand more or less helpless upon the threshold of life as it opens up from the vestibule of the college and the university.

At the end of four year of college training with perhaps some university work added, our friends may well expect us to exhibit enough intelligence, experience, initiative, courage, power and humility to make a creditable beginning somewhere at something and then from that point as a center extend the radius or radii to the very rim of the circle that circumscribes all the possibilities and powers of the mature man or woman.

But, in all our fight for learning, do we give proper consideration to the details? Do we train ourselves to be prompt, to keep our word, to conduct ourselves with the refinement of manner and the ease of bearing that mark the broadly educated man or woman and that prove such a valuable asset in after life? We must gain a broader conception of an education. Books alone cannot educate. The correct and easy management of the hands, the feet, the tongue in polite society is usually of more value than the solving of a problem in Geometry.

Do not bury yourself in your text books. Mix with your fellow students, make friends, be courteous and reliable. Soon will come the time when you will sing the swan song of life—or perhaps of death. Will you be prepared in every way to go out from your protecting and tolerating Alma Mater, and take your place among the foremost men and women of our country? Books alone will not prepare you.

Boys' Societies

(Continued from page one)

solved, That Sunday afternoon should be set apart for moonshining," aroused a great deal of interest. The affirmative was upheld by Mr. Robert Bishop and the negative by Mr. Salmon Brown. Strange to say the negative won, in the opinion of the house, both on the merits of the question and the strength of the arguments. Mr. Black's "Jokes," were of such a local nature that they were readily appreciated by all, especially by George Neff. The new program secretary, Mr. Wallace Merwin, addressed the society and urged that all members co-operate with him in arranging the programs, and announced his policy of reading the next program at the end of each meeting.

Every ady in every way Athenian Literary Society is getting better and better, so come out fellows and enjoy the good programs.

Think It Over

To the few students who attend vesper service on Sunday night, we give credit for being in college for real development. During this semester the attendance at vesper has dwindled until the students are conspicuous by their absence.

We will venture to say that there is not a student in Maryville college who, should they have visited Yonkers, N. Y. and heard Dr. Stevenson preach, would not come away inspired enough to let it be known that they had heard him and appreciated his sermon; yes the chances are that the average student who would hear Dr. Stevenson in Yonkers would gloat over the fact; he would congratulate himself for having taste enough to want to hear the best.

We have the opportuntiy every Sunday evening to hear messages prepared for our own benefit and yet ninety per cent of the students either are too lazy to walk a hundred yards, or kid themselves into thinking they have had enough of the religious atmosphere for the day.

With due respect to the Y. M. and Y. W. C. A. we doubt very seriously if the good comes out of it each Sunday as the vesper service (providing you go for good.)

The Y. M. and Y. W. are led by students. There is not a student on this Hill who has the power to inspire even a majority of his listeners; yet how many of the active members attend both Y and vesper regularly?

The Y. is a national organization with prestage. It is one of the oldest organizations on the Hill and should be respected as such however its precedent is outstanding here. If a student can't or won't go to both servces iis it not natural that they will go to Y—just because its "Y" regardless of any thought of benefit?

If a student has any personal prejudices against either services he will lose his perspective. Why not think it over—why be a Launcelot?

BADGETT-COSTNER CO.

EDMUND HALLEY
1656-1742
Son of a London soap-boiler who became Astronomer-Royal. At the age of 20 headed an expedition to chart the stars of the Southern hemisphere. Financed and handled the printing of Newton's immortal *Principia*.

The comet came back

The great comet that was seen by William of Normandy returned to our skies in 1910 on its eleventh visit since the Conquest. Astronomers knew when it would appear, and the exact spot in the sky where it would first be visible.

Edmund Halley's mathematical calculation of the great orbit of this 76-year visitor—his scientific proof that comets are part of our solar system—was a brilliant application of the then unpublished *Principia* of his friend Sir Isaac Newton.

The laws of motion that Newton and Halley proved to govern the movements of a comet are used by scientists in the Research Laboratories of the General Electric Company to determine the orbit of electrons in vacuum tubes.

As spectacular as a comet has been the world's electrical development. By continuous scientific research the General Electric Company has accelerated this development and has become a leader in the industry.

—M. C.—

Why were Thira and Martha, Vera and Agnes, Marie and Kathleen all busy Monday morning at different ends of the Hall?

PERSONALS

During the past week-end Miss Dorothy Stivers had as her guest Miss Stella Ball of Knoxville.

—M. C.—

Now that spring is returning the tennis courts and out-of-door in general are popular again. The Girl Scouts enjoyed a hike to the college woods for breakfast and lessons in different branches of scoutcraft on Monday morning.

—M. C.—

Mrs. Worley, the popular matron of Memorial hall chaperoned a party of girls to Knoxville on Monday. The group consisted of the Misses Welch, Ellison, Spiveys and others.

—M. C.—

On Saturday of last week the girls from the Practice House at the University of Tennessee visited the girls in the Practice House here on the Hill.

—M. C.—

Miss Clara Bell Smith was the guest of Miss Irma Shirfey recently.

—M. C.—

We are all glad to know that Mr. James Hardin's supposedcase of mumps was a false alarm.

—M. C.—

Miss Haworth of New Market was the guest of Miss Eleanor Franklin over the week end.

—M. C.—

Mumps continues to be overwhelmingly popular with Maryville students. The victims in Memorial all are convalescent though Miss Garnet Leader hasn't yet re-appeared in the class room.

—M. C.—

In Pearsons the latest victims are Misses Florence Elzy, Helen Rankin and Kathleen Clifton.

—M. C.—

Baldwin Hall claims the largest number of invalids, Misses Hunnicutt, Sting, Nell Davis, Blanche Davis, Snedicar, McMillian, Kilmer, Fordson, Simpson, Turner, Moore, and Lambertson, are all suffering with the malady.

—M. C.—

Miss Fidelia Newman had as her guest recently her mother, Mrs. Newman.

—M. C.—

Misses Virginia Hendricks and Susie and Esther Grimes went to Knoxville Monday.

—M. C.—

Miss Madge Keller has been at home for over a week because of illness. We trust she will be able to return soon.

Hunger always drives us there
Whether the weather's foul or fair
Where there's beans and celery soup
With onions fit to cure the croup
Where the roast beef of one day
Is never, never thrown away,
But 'tis concealed by modern means
Then 'tis mixed with ancient beans
This served up with a little trash
Gives us our famous Pearson's Hash.

The Gloucester School of the Little Theatre, Boston, is offering a prize of ten dollars, a free scholarship and a production in the Gloucester Little Theatre for the best one act play of the sea written by an under-graduate of an American school or college. The judges for the competition are: Mrs. Florence Evans, Director of the Boston School of Public Speaking; Miss Florence Cunningham, of the Vieux Colobier; Robert Hillyer, President of the New England Poetry Society, and Colin Campbell Clements (author of Plays for a Folding Theatre) whose own play of the sea, Moon Tide, is said to be one of the best short plays written by an American.

All plays for the competition must reach Miss Cunningham, 112 Charles Street, Boston, by June 15, 1924.

Circuit Debaters Return Carrying Three Scalps

Won Over Carson-Newman, Park and Georgetown---Showed up Well in No-Decision Contests

The Pi Kappa Delta Convention at Peoria is just another convention; if one were not interested in forensics he would be bored immeasurably; if one has the forensic fever he will find very much to claim his interest.

As Professor C. H. Woolbert of the University of Illinois characterized it. "It's a sort of international stock show for Coaches of debate and oratory, where the best specimens from all parts of the country are trotted out and bidders show their stuff." And it was, we believe, chiefly valuable in that very respect. There were orators and debaters from California, Michigan, Tennessee and Minnesota and all parts of the country between. So that if Michigan or California had anything to teach the rest of us about effectiveness in the arts of persuasion and speech we were all there to learn and, if in turn, we had anything to teach them, they were eager learners.. It offered in short, a splend'd opportunity for interchange of ideas.

Although the convention had its important business sessions, the main interests for most of the delegates lay in the contests and debate. Our own Ed Cornelius was entered in the men's oratorical contest and

(Continued on page four)

Volley Ball to be Popular Sport

A Volley Ball League has been organized and will swing into action this week. For the past two weeks there has constantly been a crowd hanging around the "Y" playing this fascinating game and with interest at a high pitch it is believed that the promoton of a league will get a great many fellows into this form of exercise.

The teams entered in the league are the Athenians, Alpha Sig's. Pre-Meds., Ministerial Association, Preps., Faculty and Y. M. C. A. Three games series will be played at all matches and a standing of the teams kept.

Peanut Camp is in charge of the league and states that a banner will be given to the team that has the highest standing. The games that are scheduled for this week are:

Thursday afternoon at 3:00 o'clock Pre-Meds. vs. Preps.; Athenians vs. Ministers at 4:30; Y. M. C. A. vs. Alpha Sig's. at 6:30.

Friday at 3:00 o'clock, Preps. vs. Athenians; 4:30 Pre-Meds. vs. Ministers; 6:30 Faculty vs. Alpha Sig's.

Candidates Chosen For May Queen

The campaign for the election of the May Queen is on. The seniors have chosen Miss Alice Johnson as their candidate. The juniors selected Miss Mary Lily Sossoman to run for them, and the choice of the sophomores was Miss Evelyn Arnold. Either Miss Welch or Miss Lewis will wear the Freshman crown. Heretofore the coveted honor has invariably fallen to a senior. We are watching with interest the outcome of the final election which will be held sometme during this week.

Dr. Vander Muelin Addresses Chapel

Dr. Vander Muelin gave the Thursday morning address in chapel outlining the Fine Art of Human Sympathy. Like a calm breath of fresh air after whirwinds of talk centering about the vortex of Movements and big outlook problems, this plain message made a telling appeal to the whole student body. With dramatic illustrations and striking conclusions that hit the most of us, the speaker seemed to echo the words of the Man of Galilee.

Dr. Vander Muelin revealed the different levels of need for human fellowship. The lowest and most evident plain is that of a human being in pain of body. A heart that is really alive to the world about him will be touched at the sight of even animal suffering. It is the height of brutality to laugh at the suffering of animal life, and far worse to be indifferent to teh pain of one's fellows. The mental plane of need of human fellowship is higher than the physical world. In moments of supreme triumph, in the depths of mental agony, it is the friend of sympathic understanding that makes life at all endurable. The Christian ministry is open to all who can console with the mother when her child is lost, with the father when his son has fallen into disgrace; in every trial of life the need is for men who can share the burdens of those in distress.

The speaker then detailed he

(Continued on page three)

Misses Bigelow and Stivers in Recital

Last Monday evening the chapel was the scene of the opening of the annual series of expression and musical graduate recitals when the expression department presented Miss Dorothy Stivers and Miss Mary Bigelow, each in a charming reading.

Miss Stivers, who was becomingly gowned in white, read "The Magic Promise" by Katherine Holland Brown. A story which has for its foundation the origin of the church at Corinth. Miss Stivers' interpretation of the characters evidenced a thorough understanding and a sincerity which commanded immediate attention. Throughout the whole of the reading Miss Stivers sustained each role with unusual skill and vitality.

Miss Bigelow the second reader of the evening wore a lovely pink frock. Her reading was in contrast with the first since she read a play by Zona Gale, "Uncle Jimmy." The play deals with the average American village and the every day inhabitants. Too much cannot be said with regard to Miss Bigelow's power to make characters live in her reading.

The play was brimming with quaint humor with many touches of real pathos which Miss Bigelow very ably brought out. In doing this she succeeded in interpreting well a particularly difficult piece of work for "Uncle Jimmy" is a typical Zona Gale play which cannot be successful without sympathy and understanding.

The graduates were ably assisted by members of the music department. Misses Jarvis and McGuire rendered very effectively a two piano piece. "Minute a l' Antico," by Seeboeck. Mr. Hamilton, with Miss Henry as accompanist, sang very beautifully Bartlett's "A Dream."

Freshman Class Adopts Resolutions

Be it Resolved: Whereas God in His infinite mercy has caled unto Himself the father of our beloved classmate, T. Kenneth Lloyd, the Freshman class hereby extend heartfelt sympathy.

Be it further Resolved: That a copy of these resolutions be read in chapel, a copy sent to the bereaved family, a copy be printed in The Highland Echo.

Signed,
Joel C. Harris.

Wereas, God in His infinite wisdom has called unto Himself the mother of our classmate, Miss Lewis Trotter; be it resolved, that we, the members of the Freshman class ex-

(Continued on page two)

Highlanders to Meet Parsons Here Thursday and Friday

Game With Milligan Rained Out--Team is Showing Mid-Season Form--- Hard Practice This Week

"Jup" Pluvius won the first home game of the season on Friday, when, single-handed, he defeated the combined Maryville-Milligan combinations. The dwellers of nimbus so thoroughly soaked the diamond that neither nine could take the field, although the visitors were on hand for the fray.

This means that our first test of strength on the home field will be on Thursday and Friday when the Carson-Newman players invade the realm of the Highlanders. Followers of the sport page know that the Jefferson City athletes have a reputation for developing fighting teams, so the Honakerites have two busy days ahead this week.

It is needless to say that the team expects and requires the support of the student body. Remember, Mr. Moonshiner, don't let any foul balls drop down on your head while engrossed in the captivating capers of cornering cupid. And to you, Miss Moorshiner, please act interested, even though you might be more interested in a diamond of the jewelry store variety. Save the springtime madness for a later date, (Junior-Senior banquet, maybe), and root for that team.

Election of Echo Editor Postponed

The election of the editor-in-chief for next years' Highland Echo has been postponed, but it will probably be held within the next week. Announcement has been made that the committee for the selection of the business manager is receiving applications. They will make their choice the latter part of the week. If you think you have a chance make your application out and hand it with recommendations, to some members of the committee.

Glee Club Enjoys Third Annual Trip

The Glee Club made its third trip of the year on last Thursday, Friday and Saturday by presenting concerts in Greeneville and Johnson City. The entire journey was made in the two Buicks and the Reo which belong to Tom and John Cochran, who drive busses between Knoxville and Maryville. By traveling in cars the club was able to see the beauty of East Tennessee.

The first car to leave Maryville last Thursday was the one containing the quartet, Harry Gauding, Harry Barnister, Ed Hamilton, and Manager Brown. After five hours of hard driving this advance guard of the club arrived in Greeneville at two o'clock.

Five minutes after arriving in Greeneville the members of the first car appeared before the students of the high school. After this demonstration of the club's talent the quartet et al, were transported to the grammar school building for a short program. It was at this last building that the little boys and girls stared with wide open eyes at the president of the club. Just why they stared so hard at him it is hard to tell, but perhaps it's for the same reason that our dear little frien' Margaret stares so at the Jean of the crowd.

The two cars containing the remaining members of the club arrived in Greeneville at 7:10 p. m. At 7:50 the first concert of the trip was on. Considering the fact that

(Continued on page three)

Installation of the New Y. W. Cabinet

Eight o'clock Sunday, April 6th, was a solemn hour on College Hill because then the old cabinet of the Y. W. C. A. sent out the new cabinet of Y. W. C. A. to meet the new problems of life here at Maryville College. They did not foolishly send them without any warning of the temptations that they would meet along the way, but instead handed over the maxims to them that had proved most successful in their way.

The ceremony could be called "The Transmitting of the Light of the World," because after a cello solo by Miss Holmes, the candles of the new officers were lighted by the older ones. Follow the Gleam and the Processional hymn, "The Father of Lights," deepened this impression of fellowship with Christ, the Light and Life of the World, and the new and old cabinets could in all sincerity join together in the words, "Blest Be The Ties That Binds Our Hearts in Christian Love," and promise their Christ to be more faithful to Him in the comng year than ever before.

IT WON'T BE LONG

Days before commencement	57
Days before exams.	49
School days before exams.	35
Week-ends before commencement	8
Recitation periods	210
Meals (visits to the dining hall)	173

Every tick of the clock brings nearer that anxiously awaited commencement season with it's happy recollections of days forever gone, it's parting friendships, it's promise of summer pleasures and work. Alumni will be coming back, seniors will say good bye, juniors will take their place, sophs will become juniors and freshmen will step up from their lowly berth. Yes, get ready! It won't be long!

Not in The News

Wonder if the base ball manager couldn't co-operate with J. Pluvius a little?

—M. C.—

Cantwell heard a different tune at Alabama University—16 hits.

—M. C.—

From the number of girls' pictures on some Carnegie tables you'd think we had several sheiks in our midst.

—M. C.—

Mumble peg season is opening.

GETTING OUT A PAPER

Getting out a paper is no picnic. If we print jokes people say we are silly, if we don't they say we are too serious.

If we publish original matter, they say we lack variety.

If we publish things from other papers, we are too lazy to write.

If we stay on the job we ought to be rustling news.

If we are rustling news, we are not attending to business in our own department.

If we don't publish contributions, we don't show proper appreciation.

If we print them, the paper is filled with junk.

Like as not some fellow will say that we swiped this from an exchange. So we did.

BUSINESS DEPARTMENT

Burr Bassel - - - - Business Manager

THIS WEEK

One of the most important, and one of the most inefficiently performed functions of the student body is the elections carried on by the students. Not only is it so in the student body as a whole but in the classes, clubs, literary societies and associations. Nominations are made rapidly and with no thought as to the merits and desert of the nominee. There is no open discussion or presentation of qualifications. We vote hurriedly for some one—it matters not who—just because he's our friend or because our friend votes for him or because he is popular in other branches of college activity. We do not seem to realize that a good physician is not necessarily or likely a good railroad president or that a famous bandit would probably have a hard time teaching a class in mathematics.

Students, let's think and tell others our thoughts. Let's weigh our candidadtes before we cast our vote. Let's ask ourselves. "Is he the man for the job? Is there someone else who could do the work better? Why am I voting for him?" And remember, "Many a rose is born to blush unseen, and waste its fragrance on the desert air."

The other evening the boys were requested to help move the bleachers from the Gym to the base ball field. At least two hundred boys heard the announcement and not over twenty-five responded. Of course it is possible that you were so busy you could not spare the time, or that your arms were sore, or that you ate too much, but most likely you just didn't want to. And the queer part of it is that those who didn't help are the very ones who do all the "belliakin" if they can't find a place to sit. Of course it was lots more fun to take a jaunt to the picture show on April Fool's day, because you thought the faculty didn't want you to and you were afraid you'd be called a sissy if you didn't. But to do a little turn for which you receive nothing and which you were asked to do, requires too much exertion. Still they shoot men like Lincoln.

Bainonian

On Saturday night, Bainonian Hall was a real Fairy Land. The god fairers wanted to make a gift to the Queen who had done so much for them. More than anything else, the King and Queen wanted a little girl, so one of the fairies became mortal and was given to the King and Queen for their little girl.

Had there not been a wicked fairy all would have lived happily ever afterward, but there would never have been a "Sleeping Beauty," who poisoned by the needle of the wicked fairy, fell asleep and slept for a thousand years. Had there not been a young prince who chanced to pass that way, and who, by his tender touch, awakened the sleeping princess, Agnes would perhaps be a "Sleeping Beauty" today.

This is how it all happened: "Sleeping Beauty" was dramatized. It was a three-act play, having the following characters:

FAIRIES—Billie Sheffield, Marie Griffith, Mary Esther Bagley and Mary Nuchols.

WICKED FAIRY—Esther Grimes.

KING—Lucile McRady.

QUEEN—Eleanor Franklin.

HERALDS—Pat Farrar and Louise Tron.

PRINCESS—Agnes Houghton.

PRINCE—Helen Sweeten.

Mary Elizabeth Whitlock furnished the music which was quite appropriate and beautifully rendered.

Eleanor Franklin sang "Santa Lucia," accompanied by Pat Farrar on the violin. It was very pretty indeed.

Agnes Houghton's solo, "Once Upon a Time," from "The Clinging Vine," and the duet "Song of Love," taken from Shubert's Unfinished Symphony," and sung by Agnes and the prince, Helen Sweeten, were enjoyed to the fullest extent.

Miss Edith Moore has as her guest for the week-end Miss Mildred McPheron of Morristown.

Sky Pilots Hear Dr. Vander Muelin

The Ministerial Association had a meeting the other night and judging from the comment of those who attended the time was not wasted. The main attraction of the program was hearing Dr. Vander Muelin, teacher of Homiletics and president of Louisville Seminary. Many ministerial students also enjoyed interviews with this lovely character.

Another thing that happened recently in which the sky pilots played a minor part was the joint meeting with the Student Volunteer Group. The feature of this meeting was a debate. The question discussed was, Resolved, That the Home Field Offers More Opportunity for Christian Service than the Foreign Field. The affirmative was upheld by Mr. Broomall and Mr. Johnson. The negative was upheld by Miss Alice Robinson and Miss Betty Keown. The judges favored the negative to the score of 3 to 0. The meeting was a success and the cry is "more joint meetings."

Cincinnati-M. C. Club Organized

The Maryville spirit pervaded a recent meeting of saint and sinner, ranging from preacher to bootleggers, as former Maryville College students and graduates gathered in one of the private dining rooms of the Cincinnati Central Y. M. C. A. O. Bird Marsh starred as cheer leader while (as Dean Barnes would say), they gave fifteen 'Rahs for "How Wee-How"—and, with Frank Cody leading in the true Maryville form, they "Made the Welkin' ring" with the Highlander's "Alma Mater."

A meal a'la self-service with lots of chatting between bites aided in getting the humor glands to working which were soon loosened upon the audience by the many fluent speakers who received hearty cheers. Mrs. J. H. McMurray, a much welcome and welcomed visitor, had the "last word" as she told briefly of her work and the sale which is to be put on in Cincinnati April 9th and 10th.

On the suggestion and motion of Henry K. Gibson, our legal member. The Cincinnati Branch of the Maryville College Alumni Association was formed with the following officers: Dr. Chas. C. McGinley, president; Dr. Chas. Marston, vice-president; Chas. L. Edgemon, secretary; O. Bird Marsh, treasurer.

Those present were:

Rev. Harry H. Ferntheil, '18; Rev. E. Frank Cody and Mrs. "Bobbie" Pleasants Cody; Dr. Frank H. Marston, '94; W. B. Johnston, attended 1904, and Mrs. Stella J. Johnston; I. W. Jones, 1897-1900, and Mrs. Carrie A. Jones, 1899-1900; Dr. Chas. C. McGinley, '91, and Mrs. Chas. C. McGinley; Dr. S. A. Caldwell, '91, and Mrs. S. A. Caldwell; Mrs. Bertha Campbell Hillegas, 1913-15; Dr. Chas. Marston, '93, and Mrs. Kate Caldwell Marston, '93; Rev. John V. Stephens, Jr., '15, and Mrs. Ruth Carson Stephens, '15; Miss Corinne Tetedoux, '15; Ralph A. Armstrong, '23; Flynn Humphrey, 1922-23; Henrietta Flinn Wasson, 1899-1900; O. Bird Marsh; Henry K. Gibson, and Chas. L. Edgemon, '19.

Resolutions

(Continued from page one)

Glee Club

(Continued from page one)

half the song birds were tired from a long ride the program was a success. The Greeneville people were apparently pleased with the performance. They entertained the club in private homes and each man reports that a swell time and a lot of flattery on the program was bestowed upon the club.

The next morning at 9:50 the first car was in Johnson City. The quartet, cornetist and reader, gave a sample of the club's program at Johnson City high school and at the Junior High school. At 12 o'clock the entire club was entertained at luncheon by the Optimist Club of the town. The cornetist et al, appeared before these men also and after the luncheon the club saw the sights of Johnson City due to the kindness of the Optimists.

The concert was given that night in the Municipal building. This bulding was a peach! It was big, very big, in fact, larger than Voorhee's Chapel. The house was pretty well filled and the club took advantage of this their best place to sing and of their best audience. According to Manager Brown it was the best the club has ever done. Everything went off smoothly and the Johnson City folks were free with their praise of the performance.

At 8:30 the next morning the men left Johnson City for Maryville. It was said that by going by Kingsport the club could save time in getting home. Well the club arrived four hours later than was expected and at the same time a great deal of the mud of Upper East Tennessee was transferred to Lower East Tennessee. Was that road muddy? Ask Shimmy.

Miss Martha Henry was the accompanist for the club on this trip. Her playing was up to par and it added greatly to the program. Miss Susan Green went along as chaperon and she lived up to her "rep." as a chaperone. Not only was she a peach of achaperone but she put a lot of pep in the crowd by her words just before the program. Boy, she's a fine woman!

On next Thursday the club leaves for Kingston and Harriman. After these two programs the club has the Knoxville and Friendsville concerts left and then comes the grand climax of the season in Voorhees Chapel on May 1.

Madge Kellar who has been at her home in Baileyton, Tenn., has returned to the Hill.

conditions that make possible the possession of the Fine Art of Human Sympathy. Unselfishness is a prime requisite. The self-centered person is useless to his friends in the time of need. Nothing is as ugly as selfishness in the light of Christian love. Understanding of the human heart and of the point of view of the other fellow is the only means of serving one's fellow beings. The common bond of human fellowship must rest upon the tolerance that makes due allowance for the position of other people.

There is but one source for the learning of these traits of human understanding and sympathy. It is found in the sweet reasonableness of Christianity. There is but one real dynamic for the spirit of Christian service, it is the life of the Gailean. Dr. Vander Muelin pointed out that the rough followers of the Master had learned the secret of human sympathy because they had been with Jesus.

Athenian

An interesting and highly enjoyable program was rendered at the Athenian Literary Society last Saturday evening.

Two extemperaneous speeches on "College Entertainments," were delivered in an admirable manner by Mr. Roy Black and Mr. Derius Prince. "The Tea Pot Dome Affair," by Mr. Robert S. Harvey gave the society the main facts about the national oil scandal. The question "Resolved, That a Student Enetering College Should be Allowed to Choose His Course of Study," was debated in a spirited way by Mr. Nat Browder, affirmative, and Mr. Charles Beech, negative. The negative speaker convinced two of the three judges and the house favored the negative on the merits of the question. Mr. Richard Neergard's excellent delivery of a reading, "When Jim McFee Forsook the Ministry," called for an encore in the form of a "Negro Sermon." Mr. Lamar Milling closed the program with a reading, "Business in Mississippi," which every listener enjoyed.

The crowd is getting larger and the programs better so be on hand at 6:45 p. m., next Saturday if you want to enjoy yourself for an hour.

AMONG OURSELVES

Miss Helen Miles has moved to Pearson's and will be at home to her friends in No. 7. Welcome Helen, we're glad you came.

—M. C.—

Miss Gertrude Gray visited relatives in Knoxville last week-end.

—M. C.—

Kathyleen Clifton who was on the mumps list last week is well again. She has the Polly Anna spirit and says they might have been worse.

—M. C.—

The friends of Miss Ruby Pearl King of Memorial, will regret to learn that she is suffering from a misplaced knee.

—M. C.—

Kathyleen Hunnicutt is out again after a case of mumps.

Hazel Nuchols of Memorial, took the mumps and went to her home in Knoxville to have them. Lucky girl.

—M. C.—

Mildred Leifer told Miss Jewell that she was detained from History class on Tuesday by "Flaming Barriers."

—M. C.—

Miss Harriet Green had as her guest on Monday her father, Mr. P. E. Green of Chattanooga.

—M. C.—

Miss Annie Margaret Carson who is now in the Practice House is spending the week-end at her home in Sweetwater, Tenn.

Circuit Debaters

(Continued from page one)

although he did not survive the preliminaries, he gave a splendid account of himself.

There was not an official convention debate, but almost at all hours during the three days, debates were in progress. Maryville's first debate came on Wednesday afternoon at 4 o'clock with Park College. Park had a two-man team; accordingly they were allowed eighteen minute speeches and our three men were each allowd twelve. In rebuttal each team used two men. Queener and Cornelius doing the work of refutation for us. The judges were the coaches of debate at Westminster and Ripon College and at the Colorado Agricultural College.

It was a great debate, with the possible exception of our debate with Wake Forest last year it was the best debate a Maryville team has been engaged in in recent years. Messrs Ziegler and Moore of Park were masters of negative strategy and their adroit tactics forced our men to the limit. It was a close debate and the two to one decision for Maryville indicates a wider margin than actually existed. The Park men are thorough-going gentlemen and we were happy to have met them and not a little gratified at having won from them.

On Thursady morning at 8 o'clock our men met another great team, the team of Parsons College of Fairfield, Iowa. This was a regular three-against-three encounter. The writer has never heard a debate in which there was a steadier and more consistent clash of argument than in this encounter. While, in some respects it was not as great a debate as the Park debate of the afternoon before, yet it surpassed it in finish and smoothness of organization.

The judges were the coaches of debate of St. Oref's College Minnesota and Carthage College, Illinois and Hon. J. D. Coon, National Counsel of Pi Kappa Delta. The Parsons team, Messrs Randall, Lewis and Fulton were all seniors and four-year debaters. This was their ninth debate of the current season and their ninth victory. The vote of the judges was 2 to 1 for Parsons.

Mr. Coon, one of the judges who voted for Parsons, and the recognized judging expert of Pi Kappa Delta said at the close of the debate that it was the best debate he had heard at the convention and he had judged a sizeable number, and in spite of the fact that our winning record for the season was not enhanced, we are glad to have met this really great team from our sister college out in Iowa.

Among the many pleasant features of the convention for us was our renewed association with A. D. Moody, who is now at Macalester College, at St. Paul. Moody was in charge of the Macalester delegation and also of a team which did some good debating at the convention. One of Moody's men won the Men's Extempore Speech contest.

After Peoria came Hanover, situated on high bluff over looking the Ohio. Hanover has a most favorable scenic setting, and it is a college with a fine spirit and hospitality. The Hanover team was composed of girls. "Ladies of the Opposition." David called them and they were real debaters, splendidly trained and splendidly enthusiastic. The as-yet-unpublished diaries of Messrs Cornelius and Queener will give the world its truest estimate of the real worth of Hanover girls, but we should say here that Misses Darr, Terree and Morgan of Hanover were among our very worthiest opponents of the entire tour. They handled argument like veterans and knew their question in a most thorough way. Really we are just as happy that there was no decision. It is only fair to say for our men, however, that they did a splendid bit of work in changing sides of the question and adopting a negative case after weeks of close affirmative study. The coach made himself particularly unpopular at Hanover because of his veto on the 4:30 a. m. breakfast hike.

The debate at Georgetown on Saturday night came at the end of a strenuous week and a wearisome day of train riding. The team were far from their real standard, but nevertheless the unanimous victory over the Georgetown men was clearly won. The spirit of welcome and courtesy of the Georgetown people was very pleasant.

And on Monday night we met Centre; then home. Thus ends the intercollegiate debate career of two of Maryville's really great debaters David King and Verton Queener. Both of these men have been on intercollegiate teams for the four years of their college course and have won their way by earnest and diligent work to real proficiency and strength as public speakers. Those who did not hear them at Berea and against Park and Parsons missed their finest work. King perhaps did his best work at Berea but his whole debate record is one of earnest and persistent work. He is always a strong speaker in refutation, resourceful and incisive in is choice of rebuttal material. Ask him about his rebuttal to the Georgetown man's song.

Queener's ability as a convincing and persuasive speaker has grown through his four years of college debating until he is really proficient in an unusual way in dealing with the situations expected and unexpected in a deabte. His confidential and colloquial manner is very convincing. Praise from Dean Boyd of Kentucky, Mr. J. D. Coon, and Coach Parker, of Fort Collins, indicates his real ability to win the attention of critcal audtors.

We are glad that Ed Cornelius is not yet a candidate for an obituary. One more year is ours of this great debater. In his three years of college debate he has debated thirteen times and always most forcefully and convincingly.

The boys and the coach unite in thanks to the folks at home for their fine spirit and loyal optimism. We wanted to justify that loyalty and, if in any way we have done so, much of the credit belongs to the folks on the side lines.

Maryville Freshman and U. T. Freshman In Lively Debate

Freshman debate results in victory for the University. Our representatives at home, Mr. Walter Buchanan and Mr. Julia Johnson did their level best and fought a fight characteristic of a Maryville team. Their constructive speeches were clear and certainly built up of facts and in rebuttal our boys had the edge on the visitors by a considerable margin. Mr. Myers, the leader of the University team is an experienced debator having been on the varsity team and debated the same question against Florida this season. Mr. Nance had a very good constructive speech and both were effective speakers seemingly at home on the platform.

The judges were Professor E. E. Crabtree, Professor W. L. Stooksbury and Judge R. P. Williams of Knoxville.

Our representatives at Knoxville were Mr. Merle Marshall and Otto Paulsell. They lost a two to one decision. We as a College came out at the little end of the horn, as it were, in this the beginning of our U. T.-Maryville Freshman debate. But nevertheless we are glad that such relations have been put in motion, and we hope for and expect more favorable results in the future.

Athenians Present Varied Program

ATHENIAN

Variety marked the program at Athenian Literary Society Saturday evening.

A musical selection by Aycock and Underwood furnished a pleasing opening number. John Stockton's admirable discourse on "Presidential Possibilities," was worthy of any poltician's attention. The question, "Resolved, That Religious Education Should be Adopted in the Public Schools," was debated by Roy Black, affirmative, and P. G. Camp, negative, in true forensic style. The affirmative speaker convinced the judges but the house favored the negative on the merits of the question. "The Athenian," by Harold Van Orden, was spicy and mirth provoking.

Mrs. West addressed the society and presented a plan for a joint Bainonian-Athenian Mid-Winter next year. The question will be discussed later.

Fellows, you've been hearing debates and more debates, but if you miss the one on next Saturday evening's program, you'll miss an opportunity that comes once in a life time. Be there at 6:45 p. m.

Bainonian

Since the college authorities can't inflict sufficient punishment for some of the terrible crimes which are being commtted around us, we are glad that Banonian has an organization which can help meet justice to the offenders.

Saturday night in Bainonian hall, we had an opportunity to see these white-robed sisters at work. Helen Sweeten, being accused by them of always "getting caught," was required to tell the crowd there assembled of one such instance.

Surely Margaret Shepherd and Gene Hagood will never have to be

University of Mexico Invites Americans

Americans Are Invited to The Fourth Summer Session in Mexico City.

"American students and teachers are invited to enjoy the privileges of study at the National University of Mexico," writes Douglas L. Parker, representative of the American Friends Service Committee in Mexico.

"The revolution is over, and people are returning to normal activities," says Mr. Parker.

"Mexico wants and needs our friendship, and the summer school of the Mexican National University is one of the most potent agencies for the fostering of international friendship and understanding between Americans and Mexicans."

"The rates are reasonable, the climate is delightful and the opportunities are unusual for American students to study American life and civilization."

"A knowledge of the Spanish language is not a prerequisite."

The fourth summer session of the National University of Mexico will be held in Mexico City from July 9 to August 22, 1924. Beginning, intermediate and advanced students of Spanish will find here most favorable opportunities for studying that language. Facilities for research in history and archaeology are exceptional.

It is hoped that the cordial relations established by the three hundred American professors and students of the 1923 summer session will be fortified by new contracts this summer.

Ministers Have An Interesting Debate

THE MINISTERS DECIDE THAT MULIER INIRE MINISTERIUM NON LICET

With unusual solitude and an evening atmosphere colored with the fragrance of the falling sun, the Ministerial Association began its first meeting in the Alpha Sgma Hall wth the readng by Arthur Sorgis of the sixth chapter of Isaiah. A well-balanced and illuminating review of the book, "The Minister and His Work," was given next by Charles Beech.

Our paramount interest was centered and pivoted on the Herculean defense of woman's right to enter or not to enter the ministry. Chas. Browning nobly, yet fatally, bore his weapons of words to protect woman; but the carefully aimed and logically propelled spear that Carlos Whitlock used hit the vunerable heel of woman's defender. The Association acclaimed the slayer the victor by an overwhelming majority.

With a sense of reverence that permeates that much beloved chapter, Merlin Usner and Howard Frame, accompanied by Paul Meikle, harmoniously rendered the song, "The Lord is My Shepherd."

Come out, and we'll show ye more.

Joint Easter Service Next Sunday 6 A.M.

Everybody out to our Easter program at 6:00 o'clock, boys! girls! everyone! Don't miss the best joint meeting of the associations. Come and bring your friends; 6 o'clock on Baldwin Lawn—remember!

Fourth and the Last Lyceum of Course Thursday Evening

How many evils of the present age are laid at the door of the automobile! The "gasoline buggy" has become a necessity not a luxury, and the things people will do to posses it are inconceivable.

"Six Cylinder Love," which will be given here on Thursday evening, April 17, at the College Chapel by the Percival Vivian Players, in a comedy of today, all about an automobile and the joys and sorrows it brought to two families.

When the play opens the innocent machine is owned by Mr. and Mrs. Burton, who have enjoyed it to such an extent with their family and friends, that they have mortgaged their home and lost all their money, and are forced to sell the automobile for cash and return to their cheap "flat." An enterprising salesman, who originally had made the sale to Mr. Burton, cleverly engineers the forced sale to a newly married couple next door, who are perfectly inraptured with their purchase.

It develops that the "friends" who had enjoyed the car with the Burtons and consistently snubbed the newly-weds, become boon companions of theirs after the car is in their possession. A goy round of motor parties, meals "out," and dancing all night at road houses to follow. Young husbands become more and more involved until his employer discovers that he has used funds from the office to meet the bills. The splendid climax of the play comes when young Sterling realizes what he is doing and denounced the whole business.

How they go back to a little flat, four flights up, just across from their former neighbors, the Burtons, and the subsequent straightening out of their badly mangled affairs, brings to a close one of the greatest stories of modern life on the stage today.

There is so much fun in it, and yet so much human nature and good sound truths that it is something that everybody enjoys to the fullest. It had long runs in New York and Chicago and only late last season was put on the road, so that it comes as a new play for Lyceum audiences. The play was written by Anthony McGuire.

The cast has been chosen by Mr. Vivian, a veteran in stage production, with a view to giving Affillated audences a play that will equal any that is produced in the larger city theatres. The company was coached under the personal direction of Mr. Vivian, who has been associated with the best actors of recent years, playing important roles in their companies.

Preparatory School Loses First Debate

On last Friday evening the Maryville Preparatory girls engaged in a lively discussion with the Johnson City High School girls on the Kansas Industrial Court Plan. The question is one of interest and is a question of far-reaching importance. And to go into all its phases and implications requires diligance and intensive study on the part of any one.

Misses Macon Johnson and Dorothy Davidson upheld the affirmative side for Johnson City. They were exceptionally good speakers and made a splendid appearance on the platform.

The negative was upheld by Misses Elsie Gleason and Mary Eleanor Wilbon of our Preparatory school. They presented an exceptionally clear case and their rebuttal speeches were such that they are seldom beaten by debaters of experience. Their work throughout has been highly comended and the entire school and college may well be proud of the manner and thoroughness of their work. They will, with more experience and training, make college debaters of distinction.

The music furnished by Misses Agnes Houghton ,Virginia Sting Ruth McMurray was good and the entire program was one of interest and variety. From this of course a two to one decision detracted some but not as much as might be imagined, because it is not long off until these two girl debaters will make any question lively indeed for any opponents.

Misses Marion Holliday and Beatrice Ward, representatives of the Preparatory department, upheld the affirmative of the question. The Kansas Industrial Court Plan Should be Adopted by the Federal Government, at Johnson City, on Friday evening, April 11, 1924. To say that the decision was two to one against the affirmative does not lessen the amount of praise which is due these girls. Miss Holliday, though new in the art, described the plan and presented its merits, in a masterful way. Miss Ward presented reasons for the adoption of the plan in a manner which won for her not only the applause of the audience, but also the commendation of the school authorities and the judges.

The negative team was composed of Misses Bernard Johnson and Mildred Ross. They proved masters not only in debating but in entertaining. The girls will not soon forget the royal treatment they received nor the many friendships they formed on the trip.

Y. W. and Y. M. Sunday Meetings

Y. W. C. A.

JUST GIRLS

The topic discussed at Y. W. Sunday was "Just Girls." The discussion was led by Margaret Lewis.

Each of us has individuality, the something that makes us. We are weavers, weaving on the cloth of life, there are many colors of thread at our disposal, enough to weave a perfect pattern. Are we blending our colors into a beautiful design or do they clash?

It is a privilege to be a girl—not a drawback. Are we making the most of our opportunity? What are we as girls going to do to promote culture on the Hill? Well folks—

(Continued from page one)

Maryville Track Artists Make Good Record Against U.T.

Our track men a hurried visit to the University Saturday and they didn't fail to bring home a considerable portion of bacon. Seven of our men had first spent two days on a Glee Club trip and of course were not in the pink of condition. Nevertheless they took seven first places out of fifteen and of final score of 54 to 77 points is indeed not a poor showing.

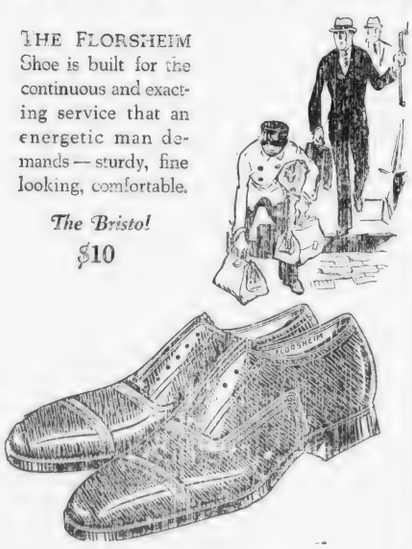
BUSINESS DEPARTMENT

Burr Bassel - - - - Business Manager

THIS WEEK

Speaking of being loyal, we believe that all our college students are loyal to the college and we have had, recently, excellent proof of their desire to make the place look clean and orderly. Everyone appreciates such a spirit on the part of his fellow students and anyone is proud to be a part of such a community. However, we believe our pride and loyalty does, and should, go further than the campus. We believe that practically every student likes our little city of Maryville. We like to refer to it as our college city and we are anxious and interested in seeing it a city worthy of being referred to as a college city or town. How much easier it would be to say nice things if the dust and dirt in the streets did almost choke us. Of course there is bound to be dust when the weather is dry and the wind is blowing but with streets washed properly and with sufficient frequency this can be reduced to a minimum. And we would all be happier if not healthier.



Before the next issue of the paper a new editor will have been elected. Then it is only a matter of time until we reluctanly surrender our, much discussed, power, responsibility, and importance (none of which we have been able to find or use), to an entirely new staff. We have no additional suggestions to make as to what or who the new editor should be. Know who you want and then elect that one. There are many people on the Hill who are amply qualified and able to do the work and do it well. It may not be amiss here to answer an often-asked question and thereby correct a more or less generally false impression, can a girl do the necessary work? To this we must answer yes. One of our biggest and best university exchanges, is edited by a girl. Elect the best person for the place.

Permit us to say here that our experience and work has been a pleasure and a real one and in extending our good wishes to the new staff we feel sure they will say the same this time next year.

—M. C.—

An extended professional curriculum is rapidly gaining favor throughout our land. The increase in percentages since 1921 in number of institutions teaching journalism is 22 per cent and that of teachers 40 per cent. According to Richard Barlow, secretary of the American Association of the Teachers' Journalism, this means that at the present writing there are 210 colleges and universities in the U. S. with a total of 312 instructors offering courses in journalism.

American University professors have been in communication with the French Ambassador of Education, and have arranged with some of the larger French Universities to exchange students. That is: the French Universities have agreed to take American students; pay their tuition, board, room rent, and other college fees; provided that stanadrd American Universities will do the same for French students. Students who wish to go to these French Universies must take competitive examinations in the subject that they wish to study. The students that get the highest marks will be granted the scholarships. All students getting scholarships must meet these conditions: They must have a fair knowledge of French language, good moral character, have statements from two of their teachers concerning their preparation, and be of good health.

—M. C.—

A University of Kentucky rifle team has been selected for the first time to participate in a national "shoot," to be held for the fifth corps area, which is composed of Indiana, Ohio, West Virginia, and Kentucky.

—M. C.—

A convention of Southern Colleges is being held at Chapel Hill, North Carolina. The principal question to be discussed is the question of student government. Representatives are being sent from schools all over the South, that have student government.

The following former Maryville students attended the Maryville College Banquet in Cincinnati, last week:

Charles C. McGinley, class of '91; S. A. Caldwell, '91; Mrs. S. A. Caldwell; Mrs. C. C. McGinley; Mrs. Bertha Campbell Hilleary; Mrs. Kate Caldwell Marston, '93; Charles Marston, '93; Charles L. Edgemon, '19; John V. Stephens, Jr., '15; Mrs. J. V. Stephens, Jr., '15; Corinne Tetedoux, '15; Ralph A. Armstrong, '23; Flynn Humphreys; Henrietta Flinn Wasson; O. Bird Marsh; Henry K. Gibson; I. W. Jones; Harry H. Ferntheil, '18; Mrs. "Bobbie" Pleasants Cody; E. Frank Cody; Frank H. Marston, '94; Stella J. Johnston; W. B. Johnston; Carrie A. Jones.

INTERCOLLEGIATE NEWS

Dr. Orkar Hagen, of the University of Gotingen, Germany, has just been appointed Carl Schurz Memorial exchange professor from Germany to the University of Wisconsin for the first semester of the academic year 1924-25.

—M. C.—

Albion College voted 447 for prohibition, 49 for modification, and 10 for repeal. All of the 13 faculty members who voted cast their ballots for enforcement. Any of the remaining 26 who would not have voted in the same way do not belong to Albion, according to Acting President Goodrich.

—M. C.—

Students of Newcomb College, La., recently gave their professors intelligence tests similar to those students were given previously. If newspaper accounts are accurate, the tests were a victory for the students. The answers given by the Profs. are in some cases quite interesting. "Al Jolson" was set down as a wrestling champ. "Boob McNutt" was a heavyweight prize fighter; 'filet mignon,' an opera by Uccini; and "Maraschino," a Russian statesman.

—M. C.—

The North Carolina State Technician holds an annual contest to decide the handsomest man in school, and also the most beautiful girl in Raleigh, where the school is located. Each issue of the paper contains coupons which are worth ten votes on each if sent in. A year's subscription entitles one to 200 votes.

—M. C.—

Nearly four hundred students at Wesleyan University have voted to continue last year's liquor control amendment, which provides heavy penalties for drinking intoxicating beverages.

—M. C.—

Olivet's Studet Council is now working under a new and more efficient costitution, which was adopted early in March.

—M. C.—

Students of Michigan Agricultural College favored a change in the name of the institution by a vote of 798 to 117, and favored the installation of a point system for activities by a vote of 760 to 136.

—M. C.—

A survey of Greek, Roman and Norse mythology will be taught next year at Washburn University, Topeka, Kansas.

—M. C.—

El Centro Hispano, the Spanish Club at Ottowa University, has begun publication of its own newspaper, to be published bi-weekly.

—M. C.—

Fifteen students are barred from attending any university dance at the University of Illinois for entering the Junior prom illegally.

—M. C.—

One hundred and thirty fathers were Carleton guests when the college held a "Fathers' Day," which was a grand and glorious success.

—M. C.—

Oxford University has enjoyed the distinction of sending two members to Parliament continuously since 1630.

—M. C.—

The Southern Methodist University of Dallas, Texas, is starting a series of articles in their school paper on the extravagance of dress, the amount of money spent by students and the super-abundance of fraternity and sorority activities. The president is advocating the old slogan. "Plain living and high thinking."

—M. C.—

The Republican Club at Harvard University has an enrollment of 1,200 undergraduates.

—M. C.—

The Ohio State Registrar says that the reason there are so many college engagments is that women being in the minority, men take no chance on getting dates for every event and so park their fraternrity pin on some one to do away with any such difficulty.

—M. C.—

A movement to pension university professors who are compelled to retire from active service on account of advanced age, was recently started on the campus of the University of Kentucky. The plan is very young and, as yet, no definite steps have been taken except a mere discussion of a means by which a fund may be established. This is the first plan of its kind considered in any Universty or College.

Y. NOTES

The Y. M. C. A. Discuss Campus Improvements

The Y. M. C. A. had a very interesting program Sunday afternoon, discussing Campus Improvements within the last four years and suggesting new improvements that are evident.

The deepest need expressd by most all the speakers was a needed respect to the bulletin boards and signs that are in the halls on the campus and that are posted on the hill. Let us bear in mind that the way we treat our notices, sign boards and campus speaks loudly in the minds of visitors as to our thoughts and characters. Let us respect them and the right of advertisement.

THE POETS

If poet's rhyme no longer fills the breeze,
Nor stirs the heart with lovely melodies,
The wind its movement has not stopped,
Nor heaving fields their verdure cropped;

The skies no duller colors blend,
Nor heaven rain and sunshine cease to send;
The brooks still play among their mossy pools,
No day or night their murmur rules.

The sweetness of the forest path,
Flowers, mosses, birds, trees—all that Nature hath!
Nothing spared to touch mankind,
To wake again, to deeply move the poet's mind.

But in the depths of human life concealed
By artificialities our spirits are congealed,
Till these unfold their icy cells,
No man their latent beauty can foretell.

What though the springtime flood the gates of morn
And all the broad red sky the purple clouds adorn,
If man doth miss the throbbing joy of these
And find vain transient color in the sight he sees?

No hope for Grays and Miltons to return,
Until our modern minds can learn
To love their music more than gold,
To have the new, yet not forsake the old.

—P. M.

LOOK IN THIS MIRROR AND SEE THYSELF

When I first came into this big school system and discovered that my classes sat dull-eyed without asking any questions, waiting for the teacher to tell them what to learn in order to pass their next examination, I was appalled! Can it be, I thought, that I must give up the joy of having an alert, bright-eyed, expectant class of pupils full of why and how questions, and just settle down to stuffing in lessons for which the pupils have no appetite and which they are unprepared to digest?

Must I always, I asked myself, strive hopelessly in the midst of a multitude of interruptions and distractions, to meet the requirements of a heavy, unvarying course of study, in order to reach the end of the term with uniform results?

Highlanders Drop Games to University and Carson-Newman

A Good Tennis Team is Being Formed Between the Showers

TENNIS PROGRAM THIS YEAR SOMEWHAT CURTAILED BY A SERIES OF MISFORTUNES

Courts limited in number far below demand, and Varsity schedule reduced by over-drawn budget.

We all think that Sir Walter Raleigh used his head when he laid down his gaberdine for the lady to cross the puddle, but if the lady had failed to walk on it, he sure would have felt stepped upon. That is the crushed feeling of all Maryville Masculine tennis martyrs. The other day I observed carefully, and this is my deduced observation. On the boys' courts the waiting list was as long as a matriculation line in Setpember; and then I looked over at the courts behind Memorial Hall, and behold, they were deserted. Really, three girls were playing on one of the courts, while the other was not even in use. The fellows looked like a lot of hungry sardines in a breadline.

Girls have announced that there are more of them in school than there are boys, and that therefore they should have more courts. But they overlook the fact that only about half as many girls as boys indulge in the sport. Anyway they have the two best courts in school, behind Baldwin Hall. That's why some people moonshine on Mondays.

I have carefully observed the use of both the boys and the girls courts, from dewy morn until dewy night, and I must say the courts are not fairly distributed as to numbers. If anybody has any other reason for the situation we would like to hear from her. If this distribution of courts was made in response to a petition

(Continued on page four)

Dr. Wilson Gives a Talk at Easter Service

Y.W. C. A.—Y. M. C. A JOINT EASTER SERVICE

The stillness of Easter morning was broken early but sweet carols. The songs of the carolers penetrated through the darknes and wakened us to the glory of a new Easter. After the music was inaudible, the melodies lingered in our minds; and our thoughts turned backward to the time when the angels first sang "Christ the Lord is Risen Today." That was the greatest day in history for on that day the teachings of Christ were established and the promise of everlasting life was confirmed.

Just before six o'clock the notes of the cornet, sounding from Anderson's steeple, bade us get up. Then, when the rising bell rang, we assembled on the chapel lawn for our sunrise Easter program.

In spite of the opposing wind the Easter spirit was greatly stirred within us. Who could be irresponsive to the sacred music of the harp

(Continued on page four)

Students Elect Mr. Kinsler Next Editor

On last Friday night Mr. Francis Kinsler was elected Editor-in-Chief for the 1924-25 Highland Echo, in one of the most interesting and warmly contested elections ever held on the Hill, judging from the previous campaign. All of us enjoy a lively contest now and then. This was not a disappointment in the way of a contest nor will the out come prove a disappointment. Not that Mr. Kinsler is better than all the other candidates, they were all good and each and everyone perfectly able and willing to publish a good paper. But this is just what Mr. Kinsler will do and hence no disappointment but rather we will have grounds for approval and commendation as soon as Mr. Kinsler gets his staff organized and begins issuing papers. Even tho the voting majority was small we must remember that a great majority of the students are not interested in such affairs but they are good loyal students and workers and Mr. Kinsler will no doubt find, what we know to be true, that a great majority of the students are and will continue to be behind him and ready and willing to help in his work.

M. C.'s Strong Track Team Invades Ky.

TRACK TEAM TRIPS TO KENTUCKY TO MEET CENTRE AND GEORGETOWN

The team is prepared to meet stiff competition on the blue grass fields of Kentucky

The College track team is now in Kentucky holding meets with the Colleges, Centre and Georgetown. Trained under the tutelege of his honor Lester E., this team travels fast. We know whereof we speak. The other day captain Wilbur was moving so fast that the friction of his legs almost singed his cute little suit brown. On the whole, the team is well supported in all events.

In the dashes Rohre and Kinsler will step on the cinders. In the dist-

Miss Calderwood Entertains Seniors

THE BEAUTIFUL HOME OF MR. GLASCOCK WAS SCENE OF FEATURE

Miss Calderwood Was A Charming Hostess

An Amusing Series of Games Delighted All

First, a pleasant walk to the home of Mr. and Mrs. Glascock. This palatial home is always beautiful, but it was even more beautiful with pink and white spring flowers and green ferns.

Then, a cordial welcome from Miss Calderwood, who, as hostess was charming and gracious.

Then, a delightful fishing excursions on which every one got not only a bite but a big catch. The funny little caps drawn up from the depths of the bottomless lake must have been made to order, for no one was dissatisfied nor wished to change.

Then, an amusing series of games, ranging in difficulty all the way from tiddledy winks to dominoes. They not only brought back pleasant childhood days, but caused much laughter and great display of skill. The prizes given were exceptionally appropriate and generous. The first prizes were won by Thelma Adair and Othel Armstrong; the second, by Lynn Russell and Charles Wathen, and the boobies by Mary Broady and Earl Riskey.

Then, two dances, "King Tut," and "In Winter Time," by two beautiful and accomplished young ladies, who claimed the guests not only by their graceful performances but also by their pleasing manner.

Then, beautiful and delicious refreshments. The Easter motif which had prevailed throughout the evening was carried out in an unusual maner in both the salad and ice courses. Cutest of all was the little chicky peeping up over the edge of the plate.

Then, snatches of song by the male quartette, who, considering the bounty and excellency of the refreshments, sang well.

Then, a warning from the popular chaperones, Miss Green and Professor Knapp, who in the loveliness of the evening had almost forgotten how fast time flies sometimes.

Then, hearty expressions of appreciation to the host and hostesses, Mr. and Mrs. Glascock, and Miss Calderwood, for the best Senior party of the year.

Then, on all too short walk back to the Hill while the moon was shining brightly up in the heavens and Jupiter was doing all in his power to add to the brilliance and beauty of the night.

Not in The News

Read this Echo carefully, there is none next week.

—M. C.—

"It worries me trying to think out what those not-in-the-news items mean."

What worries us is trying to think of them, not what they mean.

—M. C.—

Good news for the cook: "This

(Continued on page four)

Bad Weather and Lack of Practice Hinders Maryville Nine

Team Now on Trip for One Week

Two games which would have meant much to the Highlanders were dropped this past week, when the Tennessee nine walked away with a 7-3 victory on Tuesday, and the Carson-Newman combination followed with a 6-5 win on Saturday. Both games were played on the local diamond before large crowds. Only one more game of the series between U. T. and Maryville remains, the Banks' players having captured the first two.

The game with the Vols was brought to a climax in the eighth when "Shorty" McCall, brilliant Maryville shortstop, pounded out a well-placed single, scoring Cartwright and Hurst, and bringing the Highlanders within one run of victory.

Coming back strong in the first part of the ninth, the Orange and White got friendly with the ball and scored three runs. A rally by the local team was short-lived, the final score being 7-3.

Harvey, pitching his first game in an Orange and Garnet uniform, held the visitors to five scattered hits in the eight innings he was on the mound. He gave way to

(Continued on page three)

"Back" Williams Gets Offer from C. Mack

This past week, "Back" Williams, captain and brainy catcher of the Highlanders, received an unexpected letter. Opening it with some degree of curiosity "Back" was seen to register incredulity pride and happiness in turn. No, girls, it wasn't from Hollywood. It seems as though Connie Mack, manager of the Philadelphia Athletics, has heard that our modern Adonis is no mean man with a padded mit and craved him on a persuasive epistle to come up to the Quaker City and try-out for major league baseball.

"Back" is now working that section of his anatomy directly between the ears, trying to decide whether to become a B. A. (ball artist,) with the B's at $400 a month or to return to Maryville next year and get a bonafide B. A. in Physical Training. It is understood that "Back" has had many closed meetings on the subject with his French friend, Madam Moselle.

(Continued on page four)

Ehinger, who pinch-hitted for him in the eighth, and then assumed the responsibility of twirler for the final frame.

The Carson-Newman fracas was a thriller from start to finish. The wind played havoc with the ball making the fielders look like sandlotters on many occasions. The Highlanders with nine errors were far from form, and the C.-N players were not far behind.

Two runs apiece in the second were followed by three tallies for the visitors and one for the home team in the third. Both teams then settled down to faster baseball, the up-state team garnering one more tally, while the Highlanders crossed the plate twice.

The pitching of Harvey, who allowed but one earned run, the hitting of B. Williams and the fielding of McCall looked good for the home team, while the pitching of Beasley, with six strike-outs in five innings looked well for Carson-Newman.

Two M. C. Teams Are In Kentucky

Two teams left the Hill this week for a trip into Kentucky. The nine left Monday and will play every day for a week, their schedule being, Monday, April 21, Lincoln Memorial at Harrogate; Tuesday, Union College at Barbourville; Wednesday, Kentucky State at Lexington; Thursday, Kentucky State at Lexington; Friday, Center College at Danville; Saturday, Harriman at Harriman.

The track team left Tuesday and will meet Center on Wednesday and Georgetown on Friday.

This Week

The new editor, Mr. Francis Kinsler, will publish The Echo next year. Mr. Kinsler has been on the staff this year and has tried in every way to do his share of the work. He is, in many ways, a man of remarkable ability and an apt student in English. There is no doubt but that he will bring much of his scholarship excellency into The Echo work an thereby give the students and friends of the college a paper wotrh-while. We know Mr. Kinsler well and can recommend him to students of every type and we heartily plead in his behalf for your individual co-operation and support without which no man can put out a paper. But with your support and co-opeation, as you have given it to us, we feel sure that the new editor's work will be a pleasure and your college paper will be one worthy of the college and of you.

And some people were asleep Sunday morning when out on the campus the most beautiful and most impressive service of the year was being rendered. Truly, the Heavens declared the glory of God, the trees displayed it, the birds sang it, the program emphasized it, and the worshippers realized it as never before.

LET'S GO!

STRAW HATS

THE SEASON IS NOW ON

We have a dandy bunch of hats to show you.

KENY-MACKIE CO.
"Where Quality Counts, We Win"

PALACE THEATRE

"The Very Best in Motion Pictures"

M. C.'s Strong Track

(Continued from page one)

ance runs of one and two miles Captain Templin, Jimmy King, and young Milling will bulge their biceps. The hurdles wll be gracefully taken by McMurray, and climbed over by Kinsler. In the quarter mile run Thompson and Shimmy Brown will partake. L. E. Milling, Morgan, and Bishop will compete in the broad and high jumps, and in the pole vault. Big Bob, of gridiron fame, will putt the Herculean stuff with the little 16 pound shot, seconded by Robinette, also appearing in the javelin and discuss performances.

In the track history of Maryville this year stands out as one of promise. After a well-fought match with Tennessee, the team looks good and able to hold its own with Centre and Georgetown. Yet we do not forget that these two schools are fast company in the world of sport. Just this spring Georgetown dropped baseball and concentrated all their material of athletes and coaches on the track team, of which fact they will not repent when coach Bond lets his pack loose on their field. Also, Centre lives on athletics and puts out substantial track teams. But that is not disturbing to us of Maryville.

MINISTERIAL ASSOCIATION

In the quiet afternoon, as the shadows ere lengthening across the campus, a little band of ministerial students, few but faithful, held their weekly meeting in the Alpha Sigma hall on Good Friday. John B. Kerr led the devotional service with the Easter message as found in John's gospel. Following the devotional, Herbert Wood gave a very intelligent review of religious aspects in some of the so-called "church colleges." The attitude of student and curriculum in many of these "Godless church colleges" towards Christianity is alarming.

The main feature of the meeting was an impromptu debate on the qustion, "Resolved: that the present day observation of Easter is in the true spirit of the season." Wallace Merwin, in a very logical way tried vainly to convince the negative that it was, but the negatve limped up and hurled his deadly words in such a way as to win the non-decision debate. Merwin wasn't to blame for losing, because the negative was upheld by that well-known cripple, (?) Robert Wood.

The chairman, Mr. Broomall, commented on the fact that but few of the twenty-five or so ministerial students were present at the meeting. A committee was appointed to encourage a better attendance.

Come out, fellows, and get into it. You're missing something worth while, and cheating yourself of the best we have to give you. Remember next Friday at 5 o'clock in Alpha Sigma Hall.

CHILDREN ENJOY EASTER TREAT.

For some time the Philanthropic tendencies of Misses Cleo Wheeler, Martha Robison and Lyler Lee Nunn, residents of Memorial Hall, have been noticed by people on the Hill. The latest outcropping of these tendencies was the good time these young ladies furnished on last Saturday evening for fourteen or fifteen worthy children of the community. The guests arrived at Memorial Hall, at about eight o'clock. The first thing on the "program" was a regular Easter egg hunt, which the children entered into with characteristic childish delight. Little Dorothy Lonney won the prize for finding the most eggs.

After the hunt was over the hostesses entertained the children with games until a late hour, when delightful refreshments were served. Each guest was given a cunning little Easter Bunnie as a keep sake.

The following children were included in this hospitality: Mary Robison, Hazel Bevan, Gladys Marshall, Glynda Adams, Mary Esther Bagley, Philis Anderson, Rebecca Sewell, Mary McIntire, Dorothy Lonney, Ruth McMurray, Beatrice Word, Dorothy Bagley, Christine Williams, Sarah Sheffield and Ardie Lee Dye.

was a shining example of systematic discourse. Mr. David King delivered an oration, "Man Power," in his usual pleasing manner. Evidently the audience had never heard the jokes in the "Athenian" by Mr. Wallace C. Merwin, judging from the laughter produced.

Come next Saturday evening if you enjoy literary work. Don't forget the time, 6:45.

ALPHA SIGMA

That the Alpha Sigma has some fine musical talent was shown last Saturday night when the best program of the year was given.

Mr. Burl Prichard's solo was fine and was rendered well. The Alpha Sigmas will lose a fine man when they lose Mr. Prichard this year. We expect to hear from you again Burl. Mr. "Fat" Morrow next entertained us with a couple of fine selections on his mandolin. We were surprised at you Fattie, but you can't keep a good man down Mr. Carlos Whitlock sang two fine solos and they were enjoyed by all. Mr. Andrew Stewart, accompanied by Miss Evelyn Arnold, gave us the best solo he has sung this year. Andrew, you sure know how to pick accompanists. Last, but not least, Mr. Horton, in his witty way, gave us a speech on The Emotionalism of Music. We believe Harold would make a fine comedian, he just has it in him.

Come out fellows, our programs are going to be fine from now on because we have the most efficient program secretary on the hill, Mr. Broomall.

BAINONIAN

April 19, 1924.

Dear Diary:

Besides the other events of the day I enoyed a very delightful and educational program at Bainonian tonight.

As a forerunner of Mrs. McMurray's culture exhibition the play, "Columbine," was presented. It touched the hearts of the audience and especially mine. I saw the dire needs of culture and training in the slum districts of a large city.

Annarine Atkins played the part of an experienced vamp, but showed that underneath all there was the true womanly instinct of saving others of her kind. This instinct could have been brought out in her own life, if she had had the training. Dot Stivers, the quiet, demure, little miss had faith that was ever present in spite of her lowly life.

And, dear diary, this makes me think of the uncultured world looking up at the heights of the cultured world, who stands upon the platform of knowledge.

And as they had to have something else special music was added. Lillian Croyle gave a very delightful piano selection, and Lucille Oesterle played for us on the violin, accompanied by "Yiddie" Johnson.

SPORTIVELY SPEAKING

The tennis club organizes tonight and they tell us that they expect to raise quite a racquet.

—M. C.—

Well, they've got the guts to do it with.

—M. C.—

There will probably be more members this year than last if there are more members.

—M. C.—

Anyway, we can play tennis without that exasperating feeling of fatigue which is so manifest in other games.

—M. C.—

After all expenses are deducted, the club thinks that its net receipts will be large.

—M. C.—

About ten cups are to be awarded during the season. Are they going to give the saucers with them this year? They forgot them last year.

—M. C.—

One of the boys got hard up for cash last year, so he had his cup melted up and got two pounds of lead, three pennies, an engraver's needle and eighteen pins out of it.

—M. C.—

But he didn't care. The only things that he got stuck on were the pins.

—M. C.—

Practice has started in the strenuous game of baseball

—M. C.—

About forty physical giants turned out, and about twenty couldn't stand the tremendous strain, so on the advice of the coach they quit.

—M. C.—

The coach explained to them that they were'nt batty enough to play the game, and a couple of them balled.

—M. C.—

Well, they can still have delightful exercise at the genteel game of tennis, and they probably won't die at so early an age.

Suede Shoes Cleaned and Dyed—G. C. Long.

Fruits and Candies—Long's Confectionery.

PERSONALS

Misses Ethel and Irene Sharp had as their guest over Sunday their mother.

—M. C.—

Mr. Arthur J. Lonney visited his sister, Miss Dorothy Lonney during the Easter week-end.

—M. C.—

Miss Teresa Taylor and Mr. Harry Carpenter of Chattanooga spent Easter on the Hill with Chattanooga friends.

—M. C.—

Miss Agnes Houghton enjoyed a visit from her brother during the Easter week-end.

—M. C.—

Miss Mary Lewis Collins had as her guest recently her mother, Mrs. Collins.

—M. C.—

Many old friends and alumni of the college were seen on the Hill last week. Among them were Mr. Edgmon, Mr. August Johnson, Miss Edith Swindler, Mr. Pleasants, and Mr. Janoviczky.

—M. C.—

The list of girls who enjoyed Easter at their homes or elsewhere away from Maryville is a long one. On it are found the names of: Lewis Trotter, Gladys Shelton, Elizabeth Atchley, Johnnie King, Hazel Nichols, Zelia Patterson, Eva Patterson, Genette Campbell, Lillian Holland, Lillian Henry, Iva Leader, Garnet Leader, Sally Dickey, Mary Frances Holleman, Martha Mae Boyer, Alice Johnson, Ruby Harrison, Margaret Weeks, Rena Mae Anderson, Gertrude Gray, Rosalee Clark, Beatrice McGuire, Louise Tron, Kathleen Whitted, Fidelia Newman, Eleanor Collins, Winefred Jarvis, Hazel DeWeese, Lucille Heiskell, Rebecca Bigger, Julia Crouch, Eva Vaughn, Elizabeth Farnum, Geneva Bettis, Myrl Davis, Mary Lichlyter, Beatrice Hale, and Estell Wynn.

Misses Mary Lily Sossoman, Helen Sweeton, Eleanor Franklin, Martha Anderson, and Messrs. Cathey, Hamilton, and Charles Johnson, represented Maryville at the Bible Conference at Nashville during the week-end.

K. KLUB

The K. Klub met Monday evening, April 14th, for the election of new officers. Officers elected for the coming term were:

President, Drorothy Roney.
Secretary, Virginia Hendricks.
Treasurer, Vera Keen.
Critic, Helen Sweeton.
Social Chairman, Esther Grimes.
Librarian, Elizabeth Farnum.
General Flucky, Harriet Green.
Program Secretary, Edith Keen.
Editor, Susie Grimes.

EASTER SUPPER

On Saturday evening, room 40 Pearson's Hall, was the scene of a pretty Easter buffet supper. Miss Dorothy Roney presided at the buffet, from which tempting plates of characteristic Easter dishes were served. Miss Virginia Hendricks poured tea. Those enjoying the occasion were: Mises Verna Huffstetler, Garmen Park, Dorothy Roney, Virginia Hendricks, Vera Keen, Esther Grimes, Harriet Green, Edith Keen, Alice Robison and Susie Grimes.

NOTICE!
I have recently employed the best cobbler in Maryville for my Shoe Shop and will appreciate the further patronage of teachers and students.

Volley Ball

(Continued from page one)

who have been hanging around the "Y" on these rainy afternoons know that there has been some real pep among some of the "friendly rivalry organizations," as the Athenians and Alpha Sigs. Some are so friendly as to post a watchman beside the score keeper to see that all goes well.

If you see that your society, or whatever organization represented here is not doing as well as you would like for them to do, come out and show your interest in trying to make the team better. All the teams need more practice. Why not at least give the varsity a scrimmage?

Yours for more and better volley ball.

Tennis Team

(Continued from page one)

filled by the girls, then I say that is abuse use of the petition.

The program of tennis for this spring, despite this wet blanket and some of these wet days, is fairly promising. Nathan, energetic manager of the team, declares that he will put on an all comers tournament in the near future. With such artists as Hall, Robinette, McMurray, and Hayworth on the war path we look for dust to fly, as soon as these wet things are removed.

The varsity schedule will in all probability be limited to a match with the University, Knoxville Tennis Club, and a double engagement wth Tusculum College. Chances for a trip in East Tennessee are slim, due to the unfortunate and unforseen lack of funds upon which we might lay our athletic hands.

EASTERTIDE, A CANTATA

Te Vesper services Sunday evening were a fitting final service for the joyous Easter day. Dr. Stevenson in his forceful and eloquent manner presented and discussed the great question, "Shall we know each other in Heaven?" The beauty of his thought and language, and the appeal of the universal question, brought an appreciative response from all his auditors.

Eatsertide, a cantata by Daniel Crotheral, was given by the Vesper choir, under the direction and instruction of Miss Caroline Crawford. Miss Crawford played the piano, Elizabeth Whitlock the organ, and Madeline Holmes the cello. The soloists were: Soprano, Sarah Kiskadden; mezzo-soprana, Margaret Lewis; alto, Josephine Neal; tenor, Raymond Anderson; baritone, John Johnson: and bass, Andrew Stewart.

Both the solos and the choruses were admirably rendered.

As the thought in the words changed from doubt, hatred, and sadness to assurance, joy and grandeur, so the music changed and expressed, as only music can, the sorrow of the Cross, and the triumph of the Resurrection. The congregation forgot the persons who were singing and remembered only the sacredness and grandeur of the inspiration.

HI-TRAIL NEWS

Some of you have heard that there was a club known as the "Hi-Trailers" on the hill. There sure is and they are up and doing when all other "Highlanders" are in dreamland. Many times when you have the hero in your dream performing some marvelous act the Hi-Trailers are still climbing toward some more selected place to snatch a hot-dog out of the fire, and catch a few winks of snooze.

But if you don't believe this is a great life, just ask "Jimmie", "Sessel", "Shortie" "The Prince" or "Goobers" and they will talk it all over with you, and plan out a trip perhaps.

Membership in the Hi-Trail club is like unto "Editors". Many are put up but few are chosen. We have been seeking our full quota of members for some time but the fact that very few qualify keeps our membership limited and our capacity to function as we would like, to a low standard, at times.

BIRTHDAY PARTY

On Monday afternoon, April 14, Misses Esther Grimes and Dorothy Roney were honored guests at a birthday party celebrating the birthdays of both young ladies, which came the following week. Candles were burned for both guests, but no one dared count the number of candles.

Misses Susie Grimes and Virginia Hendrick were hostesses and the list of guests included the honorees and Misses Vera Keen, Harriet Green, Elizabeth Farnum, Helen Sweeton, Edith Keen, and Alice Robinson.

NOT IN THE NEWS

Dr. Wilson Gives a Talk at Easter Service

(Continued from page one)

and violin, and to the resurrection song by the male quartet? Who could fail to appreciate Christ more after hearing such readings? Twice we bowed our heads in prayer, and twice we thanked our Father for His wondrous blossings.

Dr. Wilson's Easter Message is indescribble. He says, "There are five Easters—the Easter of the day, the Easter of the year, the Easter of Christ's resurrection, the Easter of character, and the Easter of man's immortality."

Every day might be called Easter for "Every day is a fresh beginning; every morn is the world made new." At the night the day is dead, and we are in almost complete darkness, but on the morrow, there is a new day and a resurrected light.

The second Easter is the Easter of the year. Every spring new life covers the earth; it lives, grows and in the winter dies. One would hardly think that from the barrenness of the winter there could come life; but in the spring there is new life, and that which has been dead thru the winter lives again.

The third Easter is the day of Christ's resurrection. Christ died that our souls might live. He arose on the third day and established the doctrine of eternal life.

The fourth Easter is that of character. Man is given a mind that he might think. He is given problems, the soluton of which will strengthen and develop character. Man's life is in his own hands, his character is made at his own will.

The fifth is the Easter of man's immortality. We will die, but like Christ we shall live again, forever and ever.

HURAY! THOSE FAST BOYS ARE BACK. SEE 'EM SAT?

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME NINE | MARYVILLE, TENNESSEE, WEDNESDAY, MAY 7, 1924 | NUMBER TWENTY-SIX

Maryville Annexes First Game With Cumberland University

Miss Johnson Was Beautiful Queen of the May---Many Attendants Add to Attractions

Thursday it seemed as if the April showers were going to interfere with our May Day Festivity. The day broke rather gloomily and all morning there was a conquest between Rain and Shine. The judges announced victory for first one competitor and then the other. The final verdict was that we should have May Day.

It was with reluctance that we changed the place of coronation from the court yard of the palace to the reception hall, but we were afraid that our beloved sovereign would not be comfortable on the damp castle grounds.

The assembly room was full of loyal subjects and people of all nationalities were there to pay homage to the beautiful queen. A cavalier on foot came through the court yard blowing the cornet, preparing the way for the great procession. Then the heralder came running through the crowd crying, "Make way, make way, the queen is coming. Make way, make way for the queen of May." To the soft notes of the wedding march the royal procession entered the palace, led by the attendants who had been voted to be the four most beautiful maidens in the kingdom, with the exception of the queen. These princesses were the Misses Sossomon, Arnold, Welch and Simpson. They were accompanied by the four knights Hill, Anderson, Williams and Bishop. They reverently took their places at the foot of the throne; and then the Maid of Honor, Madam McRady came. She was followed by two little girls who scattered flowers in the path of the queen. Profound silence fell over the audience as Miss Johnson, the Queen elect entered the room, led by the King Edgar I. When the King and Queen had taken their places Madam Bevan entered bearing the crown of oriental pearls, on a Japanese tray. She knelt befor the King and he took the crown and placed it on the Queen's head.

The King's musicians favored the Queen with the sweetest of music. Then the representatives of each nations paid homeage to her royalty. First came the minuet by the students representing colonial America.

(Continued on page four)

Spring Time and College Athletics

Athletically speaking, Wednesday, April 23rd was a red letter day for Maryville. It seems that everybody got the idea of exercise and the activities were many and varied.

In the first pace our varsity baseball team was beating Kentucky State 3 to 0 at Lexington. Our track team was showing Centre College at Danville just how good we were in that line.

The Prep team was entertaining Maryville High on the home diamond, while on another section of the athletic field two teams of the Sunday school baseball league were

(Continued on page four)

Juniors Trounce Senior Nine

The Irresponsibles and Irreproachables, commonly called Juniors and Seniors met on the local lot last Thursday in what was later labeled a baseball game. To see them trotting, pacing and galloping around the field one was reminded of a horse show at a county fair, for there was an abundance of draft stock (Mason, Mann, Tom Greenlee, etc.), as well as a few ponies, (Malcom, Prince and Queener).

Both teams did well, however, to have had their athletic training on davenports. The game waxed warm from the first and the spectators crying for foul play got it, for many were hit. The manner in which Mason caught flies indicated that he would be a good man to have around the barn.

Everybody reached first, second, third and sooner or later got home as is customary with the upper classman. Many came to bat but few fanned. If the teams had been called Tigers and Cubs you could have seen the same kind of playing at a zoo.

When the game ended the Juniors were in the lead by a smattering of scores according to the adding machine.

Now you tell one.

Juniors Entertain Banquet Seniors

Some people say that they don't like banquets because banquets are always dull and stiff. Others say that they don't like banquets because there is never enough to eat served at banquets. Still others says that under certain circumstances they like banquets, but if the banquet is given on the hill in a barren, empty room without light fixtures, they can ot see how there will be any thrills. However, let these people listen to the account of the Junior-Senior banquet and be convinced that they are wrong.

The first thrill came on entering the building when we suddenly stepped into a section of Japan with its lanterns and wisteria and cherry blossoms and dainty little Japanese maids. Each girl was given a lovely corsage of sweet peas to match her dress.

Then there was an interval for strolling on the campus. What prettier place for strolling could there be than along the paths winding among our wonderful trees.

In due time the strollers were drawn back to the banquet hall by the magic power of the vision of delightful things to eat. Nor did this drawing power lead us to disappointment. We were met at the door by Japanese maids serving appetizers. We don't what the name of the course was but we do know that it was good. You may read

(Continued on page three)

Annual Glee Club Concert Was One of Unusual Excellence

The annual home concert of the College Men's Glee Club proved up to standard on May the first. The style of the music that was rendered varied somewhat from that of former years due to the fact that there has been a change in the personnel of the music department. Miss Crawford has given her time and has managed to build the largest and best Glee Club in years.

The program as given in the chapel offered a complete variety of musical production. Sundry numbers lent peculiar distinction to the evening. Scottish ballads, quartettes, choruses, vocal solos, and readings from Riley filled out this delightful program.

The selections of the Club as a whole perhaps exceeded all former concerts in the amount of harmony gotten out of the men's voices. The company was also larger than in the past.

The quartette particularly delighted the audience with humorous and melodious selections. Solos by Messrs. Anderson and Hamilton displayed considerable amount of talent in the Club. Scottish songs by Mr. Cowan easily afforded the most distinctive part of the program. Mixed with his sly Scotch humor, his songs created an atmosphere that brought to mind the Highlands and the home of Bobby Burns.

With his usual degree of eclat, Mr. Gauding read. He took his material from Riley's poetry of home and rural simplicity. His "Waking the Young Ones," brought titters of delight from the youth in the audience, and keen appreciation from everyone.

On the whole, the Glee Club many well be proud of its achievement along musical lines and we desire that its standard and quality be preserved and developed in future years and Maryville.

240 People Spend Day at Elkmont

The clouds which hung all over th sky last Monday morning did not shadow in the least the plans of the more than two hundred students and proportional number of faculty members who had decided to go on a mountain hike. Elkmont was the chosen place and if it was made popular last year it was made even more so because of this last me-

Highlanders Have Successful Trip in Kentucky--Now they are Annexing all Home Games

Debaters Entertain Coach and Friends

On Saturday evening, April 25th, the Cozy Corner Tea room was the scene of a very pretty party given by the members of Pi Kappa Delta for the Coach of Debate, Professor E. R. Hunter, and his wife. Inspite of the inclement weather practically every member of the fraternity was present and brought a friend.

Novel games and contests were enjoyed until a late hour when delicious refreshments were served. All too soon it was time to return to the campus and we all noticed that Professor Hunter really took the advice given him, he neither went out in the dark alone, nor told Miss Mollie.

Y. M Track Meet Was Best Yet Held

The Juniors showed all the class in the world when it came to doing operations on the track and field, at the annual Y. M. C. A. track meet held Saturday. Out of the fourteen events, the Juniors hung up a score of seventy-one points, the Freshmen making 26, the Sophs 19 and the Preps 10.

"Shimmy" Brown was the bright shining light, winning the trophy cup by annexing first place in the 100 yard dash and second place in 220, 440 and 880. This speedy merchant of the cindered pathways looked mighty good in all these events and deserves much praise for his excellent work. Templin and Kinsler came close to Brown, each of them making eleven points.

The annual relay race was won by the Athenians, this being their third consecutive win. The team of King, Thompson, Brown and Robre set up a new college record for this mile relay making the course in three minutes, 46 and one-fifth seconds.

The results of the afternoon were as follows:

100 yard dash, Brown (J); Kinsler (J); Morgan (F). Time 10 2 5.

Pole Vault, Milling (S); Morgan (F); Pierce (P), Hght. 9 ft. 7 in.

Shot Put, Thrower (J); Robinette (J); Williams (S), 40 ft.

Mile Run, Templin (J); King (J); Browning (F), Time 5:02 3-5.

220 yard dash, Crawford (P); Brown (J); Rohre (J); Time 23 2-5.

Discus, Robinette (J); Grunder (S); Schmidt (J); 91 ftt. 4 in.

High Jump, Harvey (F); Morgan (F); Pierce (P); Hght. 5 ft 3 in.

120 yard Hurdle, McMurray (J); Kinsler (J); Crawford (P); Time 18 2-5.

440 yard dash, Thompson (F); Brown (J); Whitlock (F); Time 54 seconds.

880 yard run, King (J); Brown (J); Templin (J); Time 2:14 1-5.

220 Hurdles, Kinsler (J); McMur-

(Continued on page two)

A mighty circuit clout by Cartwright in the fourth frame of the M. C.-Cumberland game on Monday put the nine back into the winning and inspired a 5-2 victory over the Lebanon combination. The fray was a snappy affair with just enough "bones" to make the combat uncertain.

In the first three innings neither team managed to get a man around the bases, but in the first part of the fourth Malone and Hightower crossed for the visitors, while Cartwright came back in Maryville's half and pounded out a home-run.

Majors was gotten next to in the fifth and was yanked by the University coach after two runs, by Shores and Partee had been made. Curry, a port-sider, took his place on the mound.

The last of the seventh was also the scene of more Orange and Garnet runs. Heavy hitting and fast base running accounted for runs by Hurst and B. Williams.

Roger Williams was in perfect form and made the invaders swing at random. Cartwright with his trusty club helped on the offense. Hightower and Miller played good ball for Cumberland.

This Week

At the present writing we are disposed to agree with the felllow who said "they ought to make more nights in the week." We, as you, are having a wonderful time, and no doubt we shall all go on having a wonderful time. But why can't we change our diplomas to read "by the grace of the Dean," instead of, as they are now, "Pro Merito." Every attraction, whether athletic or social, is a good one. Many are really beautiful and one just hates to miss them. Why should one? Everything is going fine; everyone is enjoying himself. Oh, the studies may be slightly behind, but really that doesn't matter. Young people come to college to be entertained.

The world is filled with ardent young people dreaming of great deeds to be done. Days pass, and the dreamers stand still—wishing, longing, fretting.

"If only I had your great factory," said one of them, "what couldn't I do!" The famous man smiled. He was thinking of his first work, carried on in the blacksmith's shed at the edge of a village common. "The way to begin is to begin, my son." said he. "Just begin."

The people who do things that really matter do not wait for help. With their bare hands and an idea, they start out, and hands are stretched toward them in blessing and benediction, and friendly hearts rally to their support.

The difference between the folk who do, and those who dream wistfully of what they will do, is not a difference of opportunity. It is a difference of spirit. The doers are fired with a determination that nothing can stagger; they are imbued with a faith that nothing can shake. They take their first steps alone and, as they believe, unaided.

The Expression Department Gives Second Recital

On last Monday evening occurred the second graduate recital of the year presenting Miss Mattie Tedford, pianist and Misses Barnette and Boyer's interpretation showed a of the evening furnished a finished production and was characterized by a marked technical ability exhibited by the various interpreters. Miss Boyer's interpretation bound a fineness and delicate understanding sympathy which added to her unusual ability. Miss Barnette's readings were characterized by vitality, richness of tone and excellent character work. The program on the whole was remarkably pleasing and every member of the unusually large audience had an evening of genuine entertainment.

PERSONALS

Many old students were on the Hill for May Day and the week-end following. Among them were: Miss Nannette Walker, Miss Jennie Montgomery, Miss Lola Beeler, Miss Catherine Wilson; Mr. Chas. Sharp, Mr. Howard Sullinger, Mr. R. A. N. Wilson, Mr Roy Buffat, Mr. Isaac Huskey, and Miss Laura Eldridge.

—M. C.—

Miss Ruth Barnette has as her guest her mother.

—M. C.—

Mr. Rockett and Mrs. Foyle Dee Bois, the father and sister of Miss Christie Rockett are visitors on the Hill.

—M. C.—

Among the recent visitors on the Hill were Mrs. J. B. Woodall and Miss Ruby Woodall of Huntsville, Ala., the guests of Miss Estell Woodall.

—M. C.—

Miss Dorothy Keown is visiting her isster, Miss Betty Keown at Pearson's.

—M. C.—

Miss Elizabeth Emiston and Miss Ruth Swafford are recovering from an attack of the measles.

—M. C.—

Mrs. L. L. Bell of White Pine, Tenn., was the guest of her sons, Leslie and Gerald, for the May Day festivities.

—M. C.—

Miss Eureka Williams, a former student of Maryville, was on the Hill for May Day.

—M. C.—

The many friends of Dr. Joe M. Broady, among both the students and faculty, were glad to welcome him during his recent visit.

—M. C.—

Miss Emma A. Jackson of Alaska is the guest of Dean Caldwell. At one time Miss Jackson was matron of Baldwin Hall and there are many girls on the Hill who are glad to to have her back for even a short time.

—M. C.—

Misses Helen and Beulah Rankin and Miss Beatrice McGuire are spending the week-end at their homes at White Pine, Tenn.

—M. C.—

Miss Elizabth Edmiston is enjoying a visit from her mother, Mrs. Edmiston.

—M. C.—

Miss Barbara Higgins had as her guests recently Prof. and Mrs. Allbright, formerly of Columbus, Ohio, but now a part of the teaching force of the University of Tennessee.

—M. C.—

Miss Mary Tippit is in New York City attending the Y. W. C. A. biannual convention.

—M. C.—

On Monday evening Miss Elizabeth Smith entertained Misses Margaret Dube, Mary Broady, Ethel Sharp and Irene Sharp at a delightful supper.

—M. C.—

Misses Mildred and Lois Apperson of Chattanooga were visitors on the hill on Sunday. These young ladies are pleasantly remembered by many of the students as members of the student body in 1922.

Juniors Entertain

(Continued from page one)

the menu and judge for yourself its name.

Menu

Acha	Japanese Tidbits
Sakanay home	Crispettes
Niwatori	Matsutake
Imo	Mame
Ikako	Bato
Pan	
Sakura	Takio Krumbles
Ichugo con Kasitern	Kohi
Jannense Nuts	

It would be too long to describe the menu in particular. It is sufficient to say that there was a variety of things served in a great abundance. A description of the dessert course will be representative of the other courses. It consisted of a huge serving of ice cream on a kiss over which was whipped cream and strawberries.

Now about the toasts. Of course they were not dull, and uninteresting. How could they be with Prof. Knapp as toastmaster and such a good program as the following:

Sushaisia—Professor Knapp.

Toast

To the Seniors—Edgar Cathey.
To the Juniors—Malcom Miles.
To "The College Critics"—Virginia Pausell.
In Response—Charles Partee.
To the Lily Pond—Othel Armstrong.
In Response—Lucile Fondren.
To Old Maryville—Margaret McKinney.
To Moonshine—Martha May Boyer
In Response—Jean McMurray.
Taps—Verton Queener.

The first two arguments of the objectionists to banquets have been refuted. The Junior-Senior banquet was not dull and stiff, therefore no banquet need be so. The menu served was abundant and therefore the menus at all banquets may be so.

As for the third argument, no one will deny that the Juniors had to work under disadvantages and furthermore no one will deny that they surmounted every obstacle. The decorations were artistic in the true sense of the word. The walls and green screens, used as partitions, were covered with wisteria and cherry blossoms. Arches covered with flowers and hung with lanterns were very pretty. The tables were decorated with long rows of candles and woodsy landscapes as centerpieces. If the banquet had been at Montvale, if the banquet had in Knoxville, if the banquet had been in the Waldorf Astoria, it couldn't have been prettier or more enjoyable in every respect.

240 People

(Continued from page one)

morable occasion. The story of the day would be the individual account of each person who went, for nature and hiking and cooking and eating and talking and laughing have different effects on different people. The writer believes that he voices the opinion of every person who went when he says that the day was just about the best day in all his life.

THETA EPSILOM

Theta Epsilom met Saturday night at 7:15 in Theta Hall. The most interesting program was successfully rendered by all the participants. Miss Mary Eleanor Welbon gave a reading which was enjoyed by all. A piano solo by Miss Evelyn Arnold displayed unusual talant. Miss Mary Whittle held the attention of the audience while she rendered a well selected reading.

Miss Mabel Keen was at her best while calling attention to the many humorous qualities of the members of the society.

Come to Theta next Saturday night girls. Theta needs you and you need Theta.

Highlanders

(Continued from page one)

protogs pounded the pill and pilfered the bags at random. Maryville was at bat forty six times, while only twenty-eight faced the local pitching staff. Coach Honaker used his entire squad in the game, all the men showing up strongly. Partee, with five runs out of six times at bat looked good for the locals, while Blair of Union saved his team from a complete shutout. It will be remembered that Maryville defeated Union by the same score on the Kentucky trip.

Despite the time which has elapsed since the Kentucky trip it is necessary to give brief resume of the tour which lasted from April 21-26.

Going into the camp of Lincoln Memorial the Highlanders were turned back to the tune of 11 9. The game against Kentucky State on April 23 was one long to be remembered. Roger Williams pitching airtight ball, and supported perfectly by the team, shut out the University team, while Capt. "Back" Williams led the batting attack, the final score being 3-0. The following day the Kentucky team got its revenge in a slugging bee, winning 13-10.

On Friday Centre College broke up the game in the ninth after the score was at a 4-4 tie, the final count being 5-4. The Harriman town team defeated the Highlanders 6-4 in the final game on Saturday, April 26.

BAINONIAN

Bainonian Hall became a real movie theatre last Saturday evening.

The first picture of the evening was the 79th episode of a paradox serial entitled "On the Trail of the Poisoned Gum-Drop." This was quite exciting.

Before the second picture was shown, the following Hawinians delightfully entertained us with music: Mary Broady, Virginia Paulsell and Billie Sheffield.

"Maud Muller," was then shown. The following is the cast of characters:

Maud Muller—a country lass, Mary Picklefeet.

Her father—a son of the soil, Douglas Greenbanks.

Brother Bob—a reclaimed prodigal, Wallace Beery.

Judge Jenkins—one highly respected in court circles, Rudolf Vasaleno.

Guests—Sheriff Jack, Wm. R. Heasty; Rev. Ima Goodwun, Thomas Meek'um.

The following Bainonian have become these famous actors and actresses: Florence Whitfield, Mattie Sexton, Pat Farrar, Ethel Sharp, Mariam Holliday and Harriet Green.

Former Maryville Students Entertained

203 New York Hall,
Louisville, Kentucky.
April 24, 1924.

Editor of The Highland Echo,
College Station,
Maryville, Tennessee.

Dear Sir:

As the interest of a former student of Maryville never flags, we thought a bit of news for our College Paper would be of interest to old friends on the Hill, or elsewhere. I shall make this brief as I know the amount of work you have to do.

A group of former Maryville students gathered at the home of Miss Elizabeth Moore, in Louisville, Ky., and enjoyed a few happy hours together. It is needless to state the topic of discussion. It was a typical Maryville reunion. Those present were: Misses Elizabeth Moore, Elizabeth Mitchell, Esther Miller; Messrs. Sam Hall, Roy Fowler, R. H. Gorham, Charles Dilworth and William L. Jester.

With all success to Maryville and all the activities on College Hill, I am, in behalf of the group,

A loyal Maryvillian,
Wm. L. Jester.

A SEMINARY FOR COLLEGE GRADUATES
Pittsburgh, Pa.

Religious education is one of the most important subjects before the modern church. The following courses are offered in this department: Psychology of Childhood and Adolescence, Organization and Administration of Religious Educaton, Principles and methods. Next term opens September 16, 1924.

For information apply to
PRESIDENT JAMES A. KELSO, Ph. D., D D. LL. D.

President Brady of Federation Bank says there are 20 labor banks in United States with capital stock in excess of $4,000,000 and over $40,000,000 in surplus deposits. He estimates total resource at $50,000,000.

HENRY CAVENDISH
1731-1810
English chemist and physicist, of whom Biot said, "He was the richest of the learned and the most learned of the rich. His last great achievement was his famous experiment to determine the density of the earth.

He first made water from gases

Henry Cavendish, an eccentric millionaire recluse, who devoted his life to research, was the discoverer of the H and the O in H_2O. In fact he first told the Royal Society of the existence of hydrogen.

He found what water was by making it himself, and so became one of the first of the synthetic chemists.

Cavendish concluded that the atmosphere contained elements then unknown. His conclusion has been verified by the discovery of argon and other gases.

The Research Laboratories of the General Electric Company have found a use for argon in developing lamps hundreds of times brighter than the guttering candles which lighted Cavendish's laboratory.

In this age of electricity the General Electric Company has blazed the trail of electrical progress. You will find its monogram on the giant generators used by lighting companies; and even on the lamps and little motors that mean so much in the home. It is a symbol of useful service.

GENERAL ELECTRIC

May Day Celebration

(Continued from page one)

They were followed by the Gypsies dressed in motley grandeur. when the gypsies had honored the Queen the May fairies entered, arrayed in flowery colors and wound the May pole. The quaint Japanese were the next to bow before their sovereign and to honor her in their peculiar but attractive way. The last nation represented was ancient Greece. Her women clad in white reminded us of the Grecian goddesses of old.

The concluding number was a well ordered and beautiful address by the Queen. Then in respect and love the nations represented at the coronation bowed as the Queen led the procession from the great reception hall.

Spring Time

(Continued from page one)

playing. The Junior and Senior baseball teams were out practising for their came on the next day.

Under Captain Hamilton, some eighteen aspiring, presniring foo.. ball players were going through spring training, booting, passing and running with the ball. Those track team members who did not get to make the trip were in another section of the field, getting in condition.

The tennis courts were entertaining a capacity crowd all day long. the boys courts being the scene of a tournament while the girls courts took care of some of the would-bes. Likewise the girls of Memorial Hall indulged in a little game of baseball in back of Memorial.

It was boys swimming day in the pool and quite a few cavorting around in its placid waters. The horseshoe court was also occupied, some four fellows pitching a little friendly game. Two gymnasium classes of boys and one class of girls met in the gymnasiums during the morning. In the afternoon, the gym was full as usual of volley ball players, this popular game always finding someone at it.

At six in the morning, Riskey's daily gym class comprising some fourteen fellows, worked out while under his guidance that evening, the tumbling crew went its paces.

With all these activities going on there wasn't very many couples left to moonshine, but those that were left, were on the job. We are mighty glad to see so many students participating in the various sports and hope that the number will constantly be enlarged. Thus will our slogan "Athltics For All," be realized.

ATHENIAN

The first number on the program at Athenian Literary Society Saturday evening was a vocal solo by Mr. Robert Broady. This was Mr. Broady's first appearance as a solo artist but in his selection he showed marked talent.

Mr. George Neff upheld the affirmative and Mr. W. M. Campbell the negative on the question, Resolved, That Congress Should Accept the Ford Offer for Muscle Shoals. Mr. Neff convinced two of the judges that the project should be leased to Ford and the house favored the affirmative by an overwhelming vote.

"News of the Week," by Mr. Richard Neergard, called our attention to recent events of importance.

The society voted to award medals to the Relay Team which won the Inter Society Shield. Since this is the third consecutive year that the Athenians have won the trophy, it has become the permanent property of the society.

A joint Bainonian-Athenian program will be given Saturday evening. Make your date early and avoid the rush.

GO OUT BY THE GYM and straight ahead two blocks to EMERT'S STORE Cakes, Candy and everything good to eat

—M. C.—

Where do you suppose Lewis and Johnnie had Sunday dinner? They didn't get stung.

—M. C.—

Those Jr. and Sr. girls apparently don't like dates there were six boys there as stags and forty girls. Segregation of that type is vs the psyc of the crowd.

—M. C.—

Still the grass grows greener and stronger on the campus, but there's a reason.

—M. C.—

The sun shines, the birds sing, the flowers bloom, and we still see why G. Stanley Hall made his well known statement.

—M. C.—

Several have part in the preparation of our food, but it takes only two to moonshine.

—M. C.—

Wonder who is the hardest put—the present seniors to get jobs for next year or the Juniors to be Seniors next year.

—M. C.—

There won't be but few more Sundays for the lazy student to figure how to sign the honor report.

—M. C.—

Don't forget that last week was rather rainy inspite of all the Dry air we have here.

—M. C.—

Ever notice that when somebody says to you, "We must co-operate," he expects to do the bossing and you do the co-operating.

—M. C.—

It is natural for a good crook to run rings around a straight policeman.

—M. C.—

All the seniors are beginning to worry for fear the Profs. won't "C" them.

—M. C.—

U. C. if M. C. made 21 and U. C. 1 then U. C. M. C. would beat U. C.

—M. C.—

Since it hasn't rained for two days we feel safe in predicting showers for today and tomorrow.

ALPHA SIGMA

"Now as I was saying we had an oratorical contest last Saturday night at the Alpha Sigma Society. An oratorical contest, I said; in other words a contest in which the contestants battle with words, inspiration, style, and a lot of other inanimate (things)."

"Well, who were the fighters? Who got hurt?"

"O no! no! there was no fight—just a friendly exchange of ideas. Now, Mr. Andrew Stewart, please let me say, nobly, fluently, comprehensively, and incontrovertibly orated on "The Problem of the Unfit." Succeeding him and with the words of the gladiators of old on his tongue, morituri te salutamus, (we about to die salute thee), Mr. Harold Hortin, irrefragably showed that "The Price of Progress is costly and sacrificial. Then the unostentatious warning of Mr. Wick Bromalls, wrapped up in the laconically-worded "Lest we Forget," analyzed the cup of knowledge, showing the poison dissolved in it. Mr. Merlin Usner, the last bit of food fed to the hungry lions, sympathetically treated his subject, "The Masterpiece of the Universe," concluding that man is that masterpiece.

"After a lengthy conference and deliberation the judges, Dr. McMurray, Professors Knapp and Davis, announced through the president the decision rendered in favor of Mr. Broomall, who, at the close of the president's desultory speech, was given the Alpha Sigma pin. Mr. Stewart ranked second."

Now YOU be sure to be at our joint meeting next Saturday.

Maryville Drops Second Game to Cumberland University

Societies Have Good Joint Meetings on Saturday Night

THETA AND ALPHA SIGMA PROGRAM.

Like the meeting of a sister and brother after months of separation, even so was the joint union of the Theta Epsilom and Alpha Sigma Literary Societies last Saturday night. The drizzily rain outside presented a contrast to the fovial atmosphere inside the chapel.

Under the efficient management of Mr. Hardin the varied and cosmopolitan program was soon on its blissful course of procedure. The invocation was offered by Professor Orr; and immediately after it Miss Sting "broke the ice" by a double selection on the harp with her talented and nimble fingers.

From an introspective psychological viewpiont, it is agreed that Miss Sheffield has thru the enchantment of her art the power to hold anyone in a static state. Her two selections were given with ease and poise.

What the Glee Club quartet, representing the only part of the evening's diversions undertaken by the boys, is not able to pull off in cases of emergencies and crisis is not worth the telling. Anderson's aerial and even ethereal voice, Eitner's railroading, McMurray's cooing, and Stewart's sonorous thundering—these all produced a conglomeration of melodies the like of which 'tis hard to find.

Miss Thelma Moody has probably stopped crying now, but from her reading we thought it would be an impossible possibility. A parody was also a part of her versatile expressive ability.

Flyng high in the air with the "Eagle" and descending to the base earth to the "Scare-crow," Miss Margaret Weeks musically interpreted each of htese with a realistic apprehension.

Misses Bessie and Maude McMillian's singing of "Those Two Eyes of Blue," brought recollections of past experiences on the "Hill" with greater realism and vividness.

Now, the refreshments are ready! Come in ye fair ones!

It would not be unduly inappropriate for us to say in the true meaning of each of these objectives (often used as they are) that the evening's fellowship and fraternization with each other was mutually beneficial, the delicacies were salubrious, and the entertainments (such as visiting the Spider, the Farmer's Union, and Q. E. D.) were delightfully enjoyed by all who thought it not unreckless to risk their lives in them.

ATHENIAN-BAINONIAN

The second joint meeting of the Athenian and Bainonian Literary Societies for the seasons of 1923-24 was held at Bartlett Hall on last Satrday evenng at 8:00 o'clock.

Only a fine spirit of fellowship and co-operation such as has existed between the two societies since their beginning could have made the excellent entertainment of the evening possible.

Members of both societies appeared upon the program and the versatility and variety of their numbers are a sufficient indication of their skill and originality.

Mr. Johnson and Mr. Robinette were both well received. These two young men have been very valuable to the societies. Those who heard them with such appreciation will doubtless insist that they appear oftener in the future.

Misses Houghton, Franklin and Sweeton took the leading parts in a charming interpretation of the old fairy tale, "Sleeping Beauty." The generous applause accorded the act indicates that even "grown ups" like to think about things that end with "And they lived happily ever after."

An excellent act by the "Tumblers," which completed the program was followed by refreshments and an unusual social hour.

Y. M. and Y. W. Have Mother's Day Programs on Last Sunday

MANY TOWN MOTHERS WERE PRESENT AT Y. W. C. A. ON MOTHER'S DAY

The presence of a large number town mothers at our Mother's Day program Sunday added much to the success of the service. They made it real; in their presence the girls could not help doing their best.

The opening prayer was an expression of our thanks to God for his innumerable blessings, among the greatest of which are our mothers. In the Scripture reading the life of Jesus was traced. Mary's love for her Son was undying, unchanging; from His birth until His death that same mother love attached her to Him.

Then the reading, "We Go Together," presented to us a true example of a mother's sacrificial love. The mother in this story, greatly desired that her son should succeed, and she devoted her entire life in helping to promote his success. He, an ambitious young man made good, and thereby rewarded his patient mother for her life long sacrifice.

Mrs. Wilson's talk was preceeded by a vocal solo, and a musical reading. Mrs. Wilson said: "Do you know there is a tree dedicated to mothers? It is the white birch tree." The reason the white birch tree was chosen is because of it's characteristics which are so much like those of a mother. The first mother's tree was planted a year ago. It has been followed by the dedication of many trees to mothers. This last Mother's Day a white birch tree, dedicated to the mothers of our former presidents, was planted on the White House grounds. After the trees roots had been secured, thirty bouquets of white flowers were placed at its base,

(Continued on page two)

Last Expression Graduation Given By Misses Russell And Whitlock

The last graduate recital of the year 1924 was a fitting climax for the successful season. In this recital Miss Whitlock, a post-graduate in piano, proved again her great talent and mastery of the principles of music. She played four difficult solos and also the first piano in the beautiful duet, concerto G. Minor, First Movement, composed by Mendelssohn. Miss Whitlock was lovely in green Georgette made over yellow satin.

Miss Russell, graduate in public speaking, delivered, in an elevated and yet appealing manner, an inspiring oration of her own composition. The title was The Mark of the Master. Miss Russell followed the comprehensive outline—the influence of Christianity on the individual, the state, and the world at large. The conclusion was a stirring appeal to active service and a challenge to Americans. Miss Russell was charming in white crepe de chene, with white slippers and hose to match.

The stage was artistically decorated with vines trailed in a tullis, a mass of flowers in the background, and beautiful cut flowers in the foreground.

Dr. Wilson Entertains the Seniors

More than a hundred students enjoyed the Senior party of last week. That it was an open party, that it was at Dr. Wilson's home, and that Coach Honaker and his wife were chaperones were three very pleasant features. The entertainment committee kept everyone busy and happy until ten o'clock. They had arranged a three-fold contest of much interest. Miss Manilla Ruble and Mr. Andrew Stewart received the prize, a handsome box of stationery, for the best paper. Five fairy tales were then acted out by the groups classified according to the slips of paper drawn as Freshmen, Sophomores, Juniors, Seniors, and Faculty members. Miss Alice Johnson won the honors for her class in a whistling contest. The rest of the evening was devoted to the delicious refreshments and moonshine.

With Favorable Weather We Have Two Games This Week

A series of powerful wallops by the Lebanon willow wielders in the first inning put the Cumberland University lads so far out front that the Highlanders were never able to overtake them in the second of the brace of games played on Monday and Tuesday. Before Bob Harvey, Maryville port-sider, could get settled the visitors had pounded out the apple for a nice collection of singles, doubles and triples, the barrage netting five total tallies. One more run was gathered by the invaders in the second, and then the two teams got down to real baseball.

The teams played straight thru the rain which fell heavily for three innings making the ball a mighty slippery object.

The Maryville fans were given thrills a plenty at the end of the eighth when the home boys started to pound out the pill a random. Three runs were garnered in this round and M. C. hopes were high for a duplication in the ninth.

However, it was Cumberland that put out, the final score being 8-3, favor of the visitors.

Cornelius Wins Second Place in Oratorical Contest

The annual state intercollegiate contest occurred several days ago in Voorhees chapel. Maryville College was represented by Mr. Edward Cornelius, who won second place in the contest. Vanderbilt University earned first place in this contest.

With considerable pride, in view of the fact that in the state contest, including four large universities, we pronounce the oration of Mr. Cornelius worthy of any intercollegiate representative of our college. His theme was "The Destiny of America." He recounted the historic growth of our great land and prophesied that the future would behold America at the head of the family of nations.

This contest of Tennessee orators was an affair of high calibre. The University of Tennessee was represented by a fiery young freshman who depicted in eloquent phraseology the ultimate good of life's bitter defeats.

Vanderbilt produced a polished speaker who deveploped the thought that the fortunes of mankind rested with the common people.

The stock of Maryville in intercollegiate circles was raised not a little by the debater's tongue of Mr. Cornelius who spoke in definite terms and with a perfect command of English.

Chilhowee Club Pays Tribute to Mrs. Lamar

The tree we plant today is a fitting memorial to a Christian soldier, our beloved comrade, Mrs. Lamar.

She was a charter member of the Chilhowee Club—an enthusiastic and faithful member for thirty years.

She loved Chilhowee and seldom missed a meeting. She was elected president several times during those years. We are glad to pay this tribute to her whose noble life and character was admired. It is a fitting memorial because she was a lover of nature. She had an especial fondness for the beautiful maple trees growing near her house.

To one of her artistic and poetic temperament, the voices of nature speak a language well understood.

Like the sheltering cedars for the storm-driven birds her home was a shelter and a place of comfort for many a student struggling against the winds of adversity.

"What does he plant who plants a tree?
He plants, in sap and leaf and wood,
In love of home and loyalty,
And far-cast thought of civic good
His blessing on the neighborhood."

As we plant this tree we are

THERE IS YET WORK TO BE DONE

Some students seem to think there is nothing for them to do in life, as they are living in an age in which science and invention has accomplished all. They feel that the present age knows it all, and that the climax of the evolution of civilization has been reached. Men who entertain such thoughts lack a vision. They should set their grey matter to working and many opportunities will present themselves.

Oh, the world is young yet! There is so much to be done. We should keep in mind that the best books haven't been written yet, (except the Bible), even tho many excellent ones have been published. Many songs have been sung, but the best is yet to be composed. Beautiful tunes have been played, but the opportunity is still open for some one to play a better one.

Engineers have accomplished great feats. They have spanned the broad rivers of the country with wonderful bridges. Machinery of various kinds has been put to use; radio has just been introduced into the wonders of the world. Yet, with all of these modern inventions, the college students of today have even greater opportunities than the students of the past. The fields of science are open for investigations by broad minded persons.

The business world is crying for men of character to fill its ranks. The sick and suffering are needing skilled physicians and surgeons to minister unto them. People are dying in large numbers in certain parts of our country just because there are not enough efficient doctors.

The political condition of our beloved country is appalling. There is so much greed, gain, and selfishness going on that politics seem to be on a decline. There is a great call for more Christian politicians who will stand for the right and who will help to keep our nation on a solid rock foundation. She is trembling and tottering with a selfish spirit which predomnates in many of our natonal leaders. Our moral life will soon be so undermined that disastrous results will be inevitable. A call is being sent forth from the four corners of our republic to send men of sterling character to assume the responsible positions of leadership.

Ah! men, there are so many opportunities awaiting us. Why should we sit with our arms folded and say there is nothing for us to do? Is it not because we are too lazy to put forth the necessary energy to accomplish such tasks? Is it not because we fail to exercise our patience in life? As a well known writer says, the world is full of opportunities. Discernment to perceive, courage to undertake, and patience to carry through, will change the whole aspect of the universe for us and bring positive achievement out of meaningless negation. —Contributed.

"Where Quality Counts, We Win"

Y. M. and Y. W. Mother's Day Service

each bearing the name of the mother of one of our presidents.

Mrs. Wilson then told us of her own mother. In conclusion she said, "When school is over then comes the reward," if children who are out in the world don't forget their parents.

Then the violin solo expressed for us an appreciation which we knew not how to express for ourselves. After a prayer, the girls were asked to give words which describe a mother. These words were to begin with the first letter of their last names. There were fifty different adjectives given! and if the discussion had not been limited there would have been more.

Mrs. Basset made a very impressive talk. Her voice rich and appealing, carried a message of gratitude and love to our hearts. She appealed to us to put God at the beginning of everything; and to always follow His light, and radiate its brightness. "Do not suppress the light, let it shine, let it shine."

We are indeed grateful to you our town mothers. Come again, you are always welcome.

Y. M. C. A. OBSERVES MOTHER'S DAY

What is the world without Jesus Christ? What is the home without a mother? What Jesus Christ has done for all the Christian world the mother has done and is doing for the home today. As Jesus Christ instilled in mankind the obligation toward one another so mother has passed on to each of us and she expects that her teachings shall be with us still. Mother's love never departs from us no matter how low we go in sin, or how high we are able to be promoted. Mother's prayers are following you in whatever you do if she is still living. If she is not I am certain she is eagerly waiting for your home coming.

These thoughts and many just as good were brought out at the Y. M. C. A. Sunday afternoon.

Mrs. McMurray told us of our obligations to our mothers. Be what your mother thinks you are and the world will not find a great deal to criticise in you. Are we kind to mother as we should be? Do you write her and tell her of your interest in her as we should? There is nothing that would please her any better. And let us not be forgetful of father. He is also interested in us and would appreciate a note of recognition of more than a bill settler. Of course they can take for granted at home but nothing is so convincing as the expressions of love we confess to them.

Y. CABINET HAS SUPPER AT ROUND TABLE IN WOODS

We are boys tonight and let's live while we may.

Such was the feeling of the Y. cabinet members on last Thursday evening, when they were to supper in the woods. The spirit of hunger was soon driven by the great onslaught that was made on the food prepared by the home economics department.

Some of the fellows seemed to have gotten more than was good for them judging by the way they lounged about.

After supper the speakers of the day were announced in their order and delightful speeches were enjoyed by all present. At eight o'clock we were reminded study must not interfere with pleasure; so we retreated to our halls to nurse the supper and study.

PERSONALS

Miss Helen Ferree of Skiatook, Okla., has been called home on account of the illness of her father.

—M. C.—

Mrs. A. S. Leader of Bessemer, Ala., is spending several weeks on the Hill as guest of her daughters, Misses Iva and Garnet Leader.

—M. C.—

A group of friends entertained at a party last week in honor of Miss Helen Ferree, who has been called home by the illness of her father. Conversation and singing were enjoyed by all. Later refreshments of sandwiches, punch and cakes were served to the following guests: Misses Ollie Dawes, Clarice McDonald, Garnet Leader, Sally Dickey, Lou Erath Hornbeak, Anne West, and Iva Leader.

—M. C.—

Mr. E. F. Blankenship of Birmingham, Ala., was a recent visitor on the hill, visiting Miss Iva Leader of Memorial Hall.

—M. C.—

The fourth speaker was King of Maryville, who gave an exquisitely worded and carefully ordered address entitled "Man Power." In unfolding his theme the orator stressed the importance of a sound yet liberal Christian education in training the man-power of a nation. It seemed to the writer that King's speech was of an unusually high order.—King College News.

—M. C.—

Van Hunter, a former student on the Hill, and now a Junior in School of Commerce, Accounts and Finance of the Washington Square College of New York University, has been confined to his apartment for several days now as a result of too much of ———he refuses to commit himself. Just a bit of the ill luck that comes to any chap—so he says, and now he is back at his work and meeting his classes in the evenings.

Some two weeks ago, Van was pledged to Delta Sigma Pi Fraternity—one of the outstanding professional fraternal organizations in the field of Commerce.

Van says he has long since discovered the fact that boat paddles were made for other purposes, than rowing a boat—but he's growing "leaner" every day—and maybe initation won't be so worse.

Tribute to Mrs. Lamar

sharing in the service that will be a blessing to the whole country.

Let us hope that this maple may be the first of many trees planted on the campus in memory of those whose lives have been a blessing to the college and to the community.

As we look into the distanct future and see the College Campus that is to be, we behold beautifully shaded avenues that are Roads of Remembrance for our gold star boys, and for many other illustrious ones who haves passed over the river.

Taken from Mrs. S. T. Wilson's speech on the occasion of planting a tree as a memorial to Mrs. Lamar.

GOOD-BYE FOREVER!

You're gone now, and you'll never fill
That place again that once you held so well.
No one knows the pain your going caused me,
But I know, and I'll always remember—
I was willing to do anything to keep you;
I've tried everything—Heaven knows I have—
At times you drove me near to madness,
Still, just because I loved you, I was
Willing to wait—and did wait—
Fool that I was.
Believing and dreaming that somehow things would
Come out all right.
You won't believe it, I know—much less care—
But many's the night I've stayed awake
On your account.
But you've gone now, leaving a mighty big place to be filled.
Yes, I smile and laugh—but people notice the difference.
I'm not fooling anyone, nor am I trying to.
Perhaps in time another will take your place.
I hope so. But not as you did never, NEVER,
I'll go to my grave knowing the difference,
Still longing for you.
But you're gone now. You had to go,
So I had the dentist pull you out.

—J. R. H.

DON'T BELIEVE IT

There's safety in numbers," said Mother to me,
"Instead of just one girl, you ought to have three,
Or four
Or even more."

By the light of the moon you will agree,
It's as easy as easy to have ALL three,
Or four,
Or even more.

But May told Sue, and Sue told Bee,
And each of them told two or three,
Or four,
Or even more!
Who said there was safety in numbers? —Exchange.

If there's no competition get it early anyway she'll appreciate it. June 3rd, Tuesday night.

GOOD-BY

By GRACE E. HALL

WE MEET and pass and speak one word unheeding,
Though any hour may rob us of our friend;
The voice that now in merry tones is speeding,
With the eternal echoes soon may blend;
We clasp today a hand that's warm and living,
And gaze in eyes that hold a merry gleam;
Tomorrow, the farewell look we may be giving,
And hear a blithe "good-by" as in a dream.

We hope and plan and play, and part with laughter,
Unthinkingly, we use one word always;
And give no thought to what may follow after,
As though we were assured of endless days;
Too oft we part when hearts are sad and aching,
And speak in tones that cause a smothered sigh;
Oh, let us but remember we are taking
What, anytime, may be our last good-by!

(© by Dodd, Mead & Company.)

Robbers Were Too Greedy.

Burglars who broke into a flat in Vienna, Austria, and stole valuables were traced by the police owing to their having greedily thrust into their bag an ink bottle found on a table. The ink bottle was cracked in the bag and as a result the robbers' homeward track was marked by ink spots on the pavement.

Highlanders Lose Closing Game to University

M.C.-U.T. Tennis Tournament Ends in Tie

Racqueters Give Classic Exhibition

Brilliant tennis was displayed in the Maryville-Tennessee day court tournament on Friday, when, before an enthusiastic gallery, the two opposing racquet wielders battled to a 2-2 tie.

John Hall, Maryville's veteran tennis celebrity was forced to the limit to down Bill Fink, 4-6, 8-6, 6-4, while Jean McMurray met his Waterloo when "Gus" Fitzhugh, Tennessee's bright light, took his measure, 6-3, 6-4.

Hunter Robinette, well known Carnegie resident, found Courtland Journoulman to his liking and finished the titan-haired athlete to the tune of 8-6, 6-4.

The doubles presented the prettiest tennis of the day. McMurray with his cannon ball service and John Hall with his steady back hand strokes vied with Fitzhugh's cross-court stice and Fink's dependable placements for supremacy and the visitors were finally victories, 8-10, 6-3, 7-5.

Y. W. Sunday Program

PRAISE AND WORTHY SERVICE

In the busy rush of the closing days of school we are likely to forget to praise God. It is for this reason that we had a Praise and Thanksgiving Service at Y. W. last Sunday afternoon.

At the beginning we bowed our heads in the attitude of prayer and softy sung the old hymn, "Sweet Hour of Prayer." Then the leader, Alice Johnson, read the Psalm CXXI, this was followed by Psalm C repeated in concert by all those present. The first of these Scriptures is a powerful expression of God's eternal watchfulness over us and the second might be called our song of thanksgiving.

After another song there were three talks of thanksgiving. The first pointed out how prone we are to overlook the everyday blessings and how frequently we do observe God's wonderful creations in nature. Consequently we fail to see God as we should. We have eyes but they are seemingly closed; we have ears but they are almost deaf to some of the most beautiful messages of our Savior. "Be still and know ye that I am God."

The second: We are so richly and so constantly blessed that we take too much for granted. If we will just open our eyes we will see the changes God has wrought. We are privileged to associate with people on the campus whose lives have been made powerful through frequent and fervene prayer (prayer changes things.)

The third: Our thanksgiving may be divided into three divisions, appreciation of the home, and the college, and the church. In the home particularly we have taken too much for granted; we have looked upon the home as a place where things are as they are because it is home; when truly our homes are as

Athenian Seniors Awarded Diplomas

"Alma Mater," by the society marked the beginning of one of the most enjoyable programs presented at Athenian hall this year.

Dexter Greybeal's 'Unsystematic Discourse on Systematized Weather," put Professor Hunter's 5-minute speakers to shame. The amusing quotations and keen humor brought out added to the zest of the discourse.

No less humorous and entertaining was the "Athenian," by M. R. Richmond.

The program assumed a more serious nature when Professor Hunter spoke to the society, prefatory to the awarding of Athenian diplomas to all Senior members. Professor Hunter emphasized the valuable training for public life received in literary society work.

The society is unluckily losing thirteen members by graduation, who will always be remembered for their loyal and efficient services.

(Continued on page three)

Probably the Most Interesting Play Yet Given Here

TURN TO THE RIGHT!

On June third the Seniors give us their last dramatic contribution, "Turn to The Right," and the variety of characters makes the play one of interest, amusement and profit. Mr. Charlie Partee and Mr Guy Shorty Sneed make their debut on expert crooks and comedians. Have you ever heard Shorty sing? He will render most effectively the solo, "Shall we Gather at the River?"

The lunty te tunty te-tun, te-tun te River."

Mrs. Bascom (Hazel Bevan) can make the "most delicious jam in the world." You'll be almost able to taste it. Joe Bascom (Malcolm Miles), distinguishes himself as the young man who takes the "first turn to the right." In the determination of his to lead the right kind of life and in the wonderful influence of his mother lies the deeper meaning of the play. Edgar Martin is a dashing young villain and Mason Mann is characteristic in his role of a fat country boy who gets to be

(Continued on page four)

High Trailers Hit The High Trail

This past week-end found several of Hi-Trail Club members out of town, viewing the beautiful scenery around Calderwood and Cheoa, as well as the "Moonshine." Maybe it was pretty from the camps, but just imagine it on the river up in the mountains where all is quiet and still.

You have probably heard a lot about that big dam at Cheoa, but if you have never seen it you can hardly imagine how wonderful it is, for no one could describe well enough to give you a very vivid picture. Burr said the only thing that he bothered about was "Do they turn the Dam lights on at night."

Cecil could not see very much about the place, and spent most of the time looking and wondering

(Continued on page four)

Final Clash With U. T. Ends With 5-2 Score for the Former

The Vols made it three straight against M. C. in the final game of the season on Saturday when, after an eight inning deadlock, they broke through with three runs, the final score being 5-2.

The struggle gave both teams plenty of chance for action, neither Harvey of Maryville, nor Turner of Tennessee, being at his best.

A tally by Bone in the second was followed by two runs by Partee and Cartwright, Partee scoring on a double by Cartwright, and the latter on a two-base clout by Jean McMurray. Afterr the third frame in which Turner scored, five innings of suspense dashed by with nothing being chalked up but ciphers on the scorebook.

With one down in the ninth things started to happen. Harvey walked three men and Captain Cantwell knocked out a single scoring two. Tolley also crossed ending the game 5-2.

Partee and Sneed, playing their last game for Maryville, displayed their consistently high brand of ball, while Franke caught commendably. For Tennessee Cantwell looked good as usual, and Billy Bone led the attack.

The box score:

Maryville

Player	Ab	R	H	Po	A	E
Hurst 2b	4	0	1	2	6	2
Shores 1b	4	0	0	15	1	1
McCall, ss.	3	0	1	5	2	1

Summary: Two base hits, McMurray, Partee; three base hits, Hurst; stolen bases, Bone 2; wild pitch Harvey 2; struck out by Harvey 2, struck out by Harvey 0; Turner four; base on balls off Harvey six, off Turner one; hit by pitcher off Harvey. Umpire Schariff.

Pitching his last game for the Orange and Garnet of old Maryville, Roger Williams, local pitching ace, turned back the Kentucky State nine to the tune of a 7-1 victory on Thursday on the home field. Two singles alone were garnererd by the tamed Wildcats, and it was not until two were down in the ninth that Riffe crosed the plate for the visitors spoiling Roger's second chance for a shut-out of the Kentucky team.

M. C. got away to a three run lead in the first inning when two consecutive bunts put Hurst and Shores on the first and second sacks. This was followed by a barrage of hits and when the smoke had died away Hurst, Shores and Partee had crossed the pan.

Both teams tightened up till the end of the fifth when Hurst, with a terrific flash of speed went from first to home on Shore's bunt.

The battle once more began when the Highlanders took the offensive in the eight. Shores crossed when Riffe dropped a hard one, and Cartwright connected, scoring McCall and Sneed.

A long fly over McMurray's head by Hughes brought in Riffe for Kentucky's lone tally.

Partee played a scintillating game at third with six assists, while Shores with two runs and two hits looked sweet on the offensive. Jess Riffe pitched good ball for the visitors, fanning seven Highlanders.

Maryville

Pi Kappa Delta Receives Members

On Tuesday evening, local followers of the Art of Persuasion, in other words the Tennessee Alpha Chapter of Pi Kappa Delta, assembled to add to its roll the season's converts and to initiate and reveal to them the dark and intricate mysteries of the national forensic society. Sixteen neophytes received the Degree of Fraternity.

Graduation takes heavy tool from that organization. The retiring officers are:

Miss Mary Broady, president.

David King, corresponding secretary.

Floyd Corry, secretary-treasurer.

Alice Robinson, editor.

On Friday evening the following officers were elected to serve next year:

Ed Cornelius, president.

L. E. Milling, vice-president.

John Stockton, corresponding secretary.

Ed Hamilton, secretary-treasurer.

Otto Paulsell, editor.

BUSINESS DEPARTMENT

Burr Bassel - - - - Business Manager

THIS WEEK

To pay the price—is the law from which no man escapes, for in life all things are sold. It is as inevitable as night and day that there is a price of some kind paid for attainments. There is a measure for a measure, and an eye for an eye, and a tooth for a tooth. For, whatever there is spent on one side there must be economy on the other. Adam and Eve were the only persons who had all of the fruits of life presented to them free of charge; and they paid dearly for that knowledge which they had not.

We must pay for all things; our loves, our hates, our beliefs, and unbeliefs, our friends, our knowledge, our power. Hatreds are paid for in the corrosion of souls. Beliefs are paid for by defending them in the teeth of much doubt and uncertainty. Noble pursuits are paid for by the loss of followers. Honor is achieved by a difficult and laborious life in defiance of injustice. Lofty deals are paid for by the price of intense loneliness and consecration to the cause for which one stands.

Many students today, are rather inclined to steal an education and get away with it, without paying; but the bills come due, and the unpitying collector will not be eluded forever. At any point of the game a man may withdraw if he chooses; the decision rests entirely in his hands. But for every hesitation, for every acrifice to security, the price is fixed. The biggest prces go to those who play the game fairly to the finish, who cast themselves whole-heartedly into every fresh phase of life, having faith at every point to accept the common lot.

Wrongs recoil and spring upon the offender. The levelling forces restrict the powerful and the overbearing whose dominion destroys society. The law of compensation oftentimes takes a slow and steady course, but always sure. it behooves every man to pay the price in order that he may achieve the ultimate goal in the future; for that which we sacrifice today will most assuredly be regained tomorrow.

THE QUESTION

Willie Jr., and Nadie were driving on a night that seemed as though it had been created for a pair of lovers such as they were. There was no one to intrude as they drove slowly along in the dep silence that means so much to a pair of hearts that "Beat as one."

She had thought that the deep silence on his part had bespoken of much thought on serious things and was prepared to return his declarations of love with those of equal intensity.

After looking into her eyes for a long time, while the moon seemed to smile upon them and declare that "the whole world loves a lover" he asked after much hesitation:

"Nadies, I am going to ask you something which most of the modern boys ask a girl the first time that they are with her, or attempt without asking her. I want to do this with all my heart and soul and now I am gripped with the desire more than you can ever know. If you love me you will consent, but if you refuse I will promise to smother my desire until you see fit to consent. If you will consent I shall be contented with just one, and so I will not ask for more."

Nadie thought, "Has he at last gained courage to ask for a Kiss." Then she answered, "Yes, Willie, Jr., I think I love you well enough to grant your wish," and her tone of voice showed love far greater than she knew.

Upon receiving this reply, Willie Jr., said, "Then the thing I wanted to ask was," and he hesitated but finally said, "The thing I wished to ask was, May I smoke?"

And he wondered at her look, and wondered more the next day when he heard that she had remarked that he was a good boy but so D-U-M-B.

PERSONALS

Misses Dorothy Winters and Mary Tippit spent the week-end at Montvale.

—M. C.—

Misses Alice Johnson and Ruby Harrison went to Knoxville Monday to meet Miss Harrison's mother, who is coming to Maryville for a visit.

—M. C.—

Miss Florence Woodward of Knoxville, a former student at Maryville, was the guest of Miss Willie Wilson over the week-end.

—M. C.—

Mr. Othel Armstrong spent the week-end at Spring City, where he expects to teach next year.

—M.C .—

Miss Ruth Barnette spent the week-end at Calhoun, Tenn.

—M. C.—

Misses Mary Ruth and Rachel Rose had as their guest recently their sister, Miss Emma Rose.

—M. C.—

Miss Beatrice Ward is improving in the hospital.

—M. C.—

Miss Ruth Fair spent the week end in Dandridge, Tenn., visiting her aunt.

—M. C.—

Misses George Bell Kuhn and Elizabeth Montgomery went home for the week-end.

—M. C.—

Recent visitors on the hill were Messrs. Charles Sharp, Roy Buffat, Tubby Sullinger and J. B. Corpening.

—M. C.—

Miss Eleanor Collins spent last week in Knoxville.

—M C.—

Misses Ethel and Irene Sharp had as their week-end guests their nieces, little Misses Ellen and Polly Sharp of Seymour, Tenn.

—M. C.—

Mr. Darious Finley Prince spent the week-end with his parents at Calhoun, Tenn.

—M. C.—

Mr. and Mrs. Edward Ensign announce the arrival of a son. Mr. and Mrs. Ensign are both former students of Maryville. Mrs. Ensign was Miss Lenore Stark before her marriage.

—M. C.—

Miss Jane Barber has been suddenly called home because of the serious illness of her father.

—M. C.—

Miss Anna Belle Gillespie spent the week end at home.

—M. C.—

Miss Clara Bouman had as her guests recently, her mother, Mrs. David Bouman, and her little sister, of Knoxville.

—M. C.—

Miss Gertrude Gray spent the week-end in Knoxville.

—M. C.—

Miss Elizabeth Edmiston was in Knoxville for the week-end.

—M. C.—

Miss Margaret Weeks spent the week-end at her home in Charleston, Tenn.

—M. C.—

Dean Caldwell entertained the girls from the practice house at a little informal affair in her office at nine-thirty, one evening recently.

—M. C.—

The Adelphic Union Banquet, our one really big social event of the year, is to take place on Wednesday evening. Don't miss this importance event for if you do you will regret it all your life. Of course you have a large amount of social polish, but you don't have very many chances of displaying it. Here's your opportunity to show just how much culture you do have.

—M. C.—

Misses Gladys and Mildred Sheffield, Mary Marston, and Dorothy Hodge were hostesses on Saturday evening to a very pleasant party in room 409 Pearson's. The affair was quite informal. Those included in the hospitality were: Misses Willie Mae Clifton, Carry Murry, Ruth Goff, Kathleen Clifton, Lucile Asterlae, America Moore, Jessie Lee Goodson, Lina Hodges, Barbara Higgins, Estelle Woodall, Hulda Laird, Grace Gamble, Lois Adams, and Mrs. Anne Clifton Huskey.

where the ladies were. He will have a bunch of pictures to show you girls, of how he rode the engine and topped the mountains.

This is the initial hike for one of our members, Raymond Anderson, and a good hiker he is. We are proud of him.

As this goes to press our band of Trailers break, some going back to the hill to work, moonshine, and play tennis, while Jimmie, Julian and I break camp and make for the Great Bald Mountains.

I do not wonder how the Seniors had such a wonderful time up here last spring, and that the faculty saw that it would not be healthy for this year's class to come up, for with these cottages, porches, rivers, boats, and mountain walks, anybody that is human at all is sure in dangerous grounds.

PRESIDENT JAMES A. KELSO, Ph. D., D D. LL. D.

EDMUND HALLEY
1656-1742
Son of a London soap-boiler who became Astronomer-Royal. At the age of 20 headed an expedition to chart the stars of the Southern hemisphere. Financed and handled the printing of Newton's immortal *Principia*.

The comet came back

The great comet that was seen by William of Normandy returned to our skies in 1910 on its eleventh visit since the Conquest. Astronomers knew when it would appear, and the exact spot in the sky where it would first be visible.

Edmund Halley's mathematical calculation of the great orbit of this 76-year visitor—his scientific proof that comets are part of our solar system—was a brilliant application of the then unpublished *Principia* of his friend Sir Isaac Newton.

The laws of motion that Newton and Halley proved to govern the movements of a comet are used by scientists in the Research Laboratories of the General Electric Company to determine the orbit of electrons in vacuum tubes.

As spectacular as a comet has been the world's electrical development. By continuous scientific research the General Electric Company has accelerated this development and has become a leader in the industry.

(Continued from page one)

they are because of Christianity. It is the influence of Christ's power that makes our habitation at home so agreeable, and that later causes our memory of it to be so cherished.

Going to college is surely something for which to be thankful. In college we are in the best of environments, and our opportunities are almost innumerable; surely God's power is manifest here; do we appreciate it? The final conclusion is that we appreciate neither home nor college as we should until we are about to leave them, then comes the realization of what they both mean to us.

The church is an institution that is found wherever we go; we would not wish to live where there is no church.

We are next favored by a cello solo, after which the meeting was opened for extemporaneous discussions on why we should be thankful. There followed in conclusion a series of prayers and a song.

After the devotional meeting the girls were asked to remain for a brief business meeting, the purpose of which was to elect a new secretary for next year. Since Miss Lillian Croyle, our former secretary will be unable to return Miss Estelle Woodall was elected. We are sure she will be good, but it is hard for us to see how she will be better than Lillian.

BAINONIAN

Those who were at Bainonian Saturday night had the privilege of seeing people from various countries. There were Scotch, Irish, Spanish, Bohemians, and those from far away Poland. Hiawaii, too, was represented. From our own country there were old-fashioned negroes, and lovers from the mountains.

The program consisted of songs and folk dances, and was thoroughly enjoyed.

MINISTERIAL ASSOCIATION

Next Thursday the Association purposes to attend the Student Volunteer meeting, and on the following afternoon is scheduled the election of officers for the coming year. In the for of a semi-banquet, at which Dr. Crothers will install the new officers, the final and culminal meeting of the year will be held on the thirtieth.

Enthusiastically we look on the outcome of Friday's program. Passing over the evanescent, we can say that Mr. Neff conducted the devotion, and then Mr. Johnson presented an effective reading on "The Evidences of God," by Gordon.

Dr. Gillingham's comprehensive and cogently illustrated summary of the requisites and essentials fundamental to all public discourses was applicable.

Soon new officers will be elected. Let us see that the right man fills the right place!

Probably the Most Interesting Play

(Continued from page one)

"one of the leaders of society." And imagine Mary Broady so solicitous of Partee's welfare that he can't even carry a basket of peaches for fear "he'll hurt his lame back" over which she is much alarmed. And then even he can't renew up enough courage to ask her to marry him.

A quandary typical of those into which the characters fall is this:

Betty—Mr-Mr—I'm awfully sorry but I've forgotten your name.

Gilly—Why, my name is—tell her what it is will yer?

Muggo—(trying to think), Sure I'll tell 'er what yer name is. It's—ol—tell 'er yourself. You ain't afraid to tell 'er yer name, are you?

On the whole the play promises to be one of the most varied, lively, yet worth-while productions which we have had in recent years.

105th Commencement Only One Week Away

McMurray and Hurst Lead Highlanders in Batting This Season

Maryville will lose two members of this year's nine through graduation. Charlie Partee, a five year letter man and Sunshine Sneed, who won his "M" four times will be lost to the team. Partee has hit over .300 throughout his career and fielded like Heine Groh at the hot corner.

Sneed also has hit well, although he was in a slump most of this year. Shorty is a sweet centerfielder and a great help in supporting a pitcher.

McCall at short and Shores at first, proved a deathly combination to Maryville opponents. Out, McCall to Shores, was the systematic record of many a brilliant play.

Cartwright in right field covered plenty of ground and his bullet-like peg was the prettiest seen this season. While not a .300 hitter, his blows were hard and timely.

Eleven men won the varsity insignia. They were McCall, Partee, Shores, Hurst, Frank, R. Williams, Harvey, Cartwright, Sneed and McMurray, besides Gamble, manager.

The batting and pitching records are as follows:

Player	AB.	R.	H.	Av.
McMurray	17	2	7	.412
Hurst	60	14	24	.400
R. Williams	51	14	18	.335
Partee	57	16	20	.351
M Call	56	8	19	.339
Shores	51	12	15	.294
Cartwright	50	10	12	.240
R. Williams	31	4	7	.229
Sneed	51	7	11	.216
Harvey	15	2	2	.133
Franke	16	1	2	.125
Shanks	24	4	3	.125
Elinger	4	0	1	.250
Total	485	94	141	.291

Pitchers' Record

Player	W.	L.	Pct
R. Williams	5	2	.715
Harvey	0	5	.000
Franke	0	1	.000
Elinger	0	1	.000
Totals	5	9	.358

The record of the team in games won and lost is as follows:

Maryville, 3; U. of T., 8.
Maryville, 3; U. of T., 7.
Maryville, 5; Carson-Newman, 6.
Maryville, 9; L. M. U., 12

All Organizations Elect New Officers

As the close of the year draws near the political order of the college takes on a new aspect. The Senoir's political bosses for the last annual term of office, have relinquished hold of all these lucrative jobs around here and the new order takes hold of the reins and looks forward to bigger things to come.

The passing of the Seniors is a sad event in our young lives. Like the falling note of a dying frog, it falls with a discendant effect on these happy days. A service of the past year rewards the value of their work on the Hill.

Despite ill-considered remarks to the contrary, Seniors have made great efforts to mold the student council into a thing to lead the student body. Work has been done here about which students have heard little and apparently cared less.

The literary societies will be robbed of the Senior class. It is scarcely necessary to recover such justly famous names as Corry, Hardin, King and Miles. In fact, by its graduation the class of twenty-four will automatically deprive the college of its year—hardship. No doubt these members will diffuse around about the world and contend to run things in general and policies in particular.

After the necessary pause to wipe away an importunate tear we apply ourselves to the position of casting forecasts about the ensuing year.

A critical position offers opportunity for real constructive work at the head of the student council. A thing of infancy, the organization will either establish or dethrown itself in one more year or two. It's destiny rests with the man whom is

(Continued on page two)

Literary Secieties End the Year by Presenting Diplomas

ALPHA SIGMA

A feeling of mingled pride and regret prevaded Alpha Sigma hall at the last meeting of the year which was held last Saturday night. The program was touching and appropriate throughout.

A trombone solo by Mr. Prichard brought forth much applause. A speech by Mr. Partee, "The Vanity of Women," was humorous, truthful, and should prove much advice to the under-classmen. Mr. Miles' "Memory of Six Years in Alpha Sigma," was overflowing with praise to the society and advice to the members. Mr. Sneed's fare-well speech was very touching. Mr. Kinsler's piano solo was enjoyed by all as was shown by the generous applause. Mr. James Harden's rendering of Longfellow's "Psalm of Life," served to show that the society was losing a good man. A timely and interesting talk was given by Coach Honaker. Breaking away from his customary manner Coach started off "that reminds me of a story I heard once."

The following Seniors were pres-

Many Enjoy The Adelphic Union Banquet May 21

On Wednesday evenng, May 21, 1924, one of the most beautiful and most joyous occasions of the entire school year was enjoyed in Thaw Hall The Adelphic Union, a union composed of the four literary societies of the Hill, held its annual banquet. The guests were ushered into the spacious room, which was beautifully decorated with green vines and flowers. The candle light shed a soft glow over the room. Coleridge's words which had been selected for a motto because of their peculiar significance seemed very true on this delightful occasion:

"The guests are met, the feast is set;
May'st hear the merry din."

The menu which had been carefully prepared proved a source of gladness to all. It was made especially enjoyable by the pretty roof garden chorus girls, who sang as only lovely chorus girls can. The favors which they so bountifully distributed among the guests were gratefully received and enjoyed.

"Speak the speech, I pray thee." Shakespeare would have been flattered had he seen this line of his at the head of a page of the Adelphic

(Continued on page three)

Turn to the Right Arousing Interest

Yes—Love is a wonderful thing! You'll think so too when you see the marvelous change it wrought in Shorty Sneed and Charlie Partee. Transformed from villains to blushing young suitors whom everyone should see as models—or warnings in presenting diamonds and in other activities of the gentle art of making love. "Turn to the Right" is full of all kinds of situations which satisfy even the most critical observer of dramatic performance. You'll be delighted—just see if you aren't. You'll pronounce it the funniest play you've ever heard and still you'll go away feeling that you're better for having heard it. It's full of humor from start to finish—yet there is an underlying current of pathos. You'll be able to sympathize with the actors for you've been there yourself. It presents a broad human appeal which is unresistible. You'd better come or you'll feel like you've missed half your life when you hear everybody talking. The characters are admirably adapted to their parts, and the play is sure to be the biggest hit of the year. Army is a Jew—you'll like him too. By all means, regardless of anything, come ! !

Not in The News

After the storm comes the Quiet.
—M. C.—

It would be nice though to be able to write something; there seems to be a well Read issue here occasionally.

—M. C.—

Some of the studnts will get to see some of their kinsmen-in-law this week.

—M. C.—

And if you make a bad grade

(Continued on page four)

Few, But Busy and Important Days Remain; Examinations to Begin on Wednesday Morning

1924 Chilhowean Invades the Hill

Now that the 1924 Chilhowean has been with us for a few days we have all had sufficient opportunity to become thoroughly acquainted with it. We'v read it, we've hesitatingly gazed at some of the portraitures, we've written yards and yards of witty remarks, and some of us have even attempted to draw pictures of ourselves so as to increase the charm of the volume. Although we have found that the 1924 Chilhowean is a very satisfactory history of our college activities for the past year.

The charm of the book begins with the attractive cover and continues throughout all its pages. We are glad that the Junior Class decided to dedicate the volume to Prof. Knapp, who is a personal friend to every one The staff has taken great pains to see that all activities, from moonshining to the Tarvin Boarding Club, were represented.

Not only the staff but also the Senior Class should receive credit for the success of the annual, for the Senior Class added the necessary dignity by appearing in their caps and gowns; even Bobby Hunter has a wise look. The snaps are the real reminders of our college life for they show our friends as we know them. We have noticed that some of the boys are particularly fond of the Beauty Section, which some of the girls are especially interested in the football section, but the staff is to be commended as having shown an undue amount of worldly wisdom by placing the two, the beauties and the handsomes, in a relatively close position together. The "Word of Farewell," will recall to our minds the "gleam of humor" which we will remember as a characteristic of our faculty.

It is needless to say that the annual is a success for everyone says that it is. We like it and we will be proud to show it to our friends as a fair representative of our college and its activities.

Girls' Glee Club Make its Initial Appearance

Maryville audiences are used to the Boys' Glee Club, but to hear the girls in such a concert is a rare treat. Much credit and praise is due Miss Caroline Crawford, the director. Through her able leadership the girls who sing were able to put on one of the most elaborate and enjoyable programs of the year. The choruses sung by the entire Glee Club were particularly harmonious and beautiful. The quartette, composed of Sarah Kiskadden, Margaret Lewis, Edith Keen, and Josephine Neal, was greeted with especial applause. Particular mention should be made of the young ladies who took the solo parts:

BUSINESS DEPARTMENT

Burr Bassel - - - - Business Manager

THIS WEEK

That time of the year has arrived when we lay down our pen and turn the whole affair over to other hands. We do not know all the members of the new staff but we feel more than sure that the paper next year will be far above what we have been able to produce. And with this in mind we are glad to welcome the new staff and offer our best wishes, and hearty co-operation for a better and more successful Highland Echo.

At this time it is customary for the editor to say a word about the staff for after all it is they that make the paper. There is nothing that can bring the same amount of satisfaction and re-assurance, when everything seems to be going dead wrong, as a loyal staff of willing workers. Though they may be few in number they make an effect that cannot be duplicated. Such co-operation on the part of the entire staff this year has at times been my only incentive to make any sustained effort at all.

Mr. Bassel, the business manager, took charge when, financially, the paper was in a poor condition, putting up his own money, he simply saved the day until he got the paper back on business basis.

Mr. Stewart, the athletic editor, has had perhaps the biggest job on the staff considering the amount of writing to be done. And many have commented on the quality of his write-ups, and many additional ones have enjoyed them. But that isn't all. his work has been in on time and we have indeed found him to be a dependable man.

Miss Alice Robinson became a member of our staff rather late, but many weeks her long column of personals have saved us and at the same time given recognition to what was really happening on the Hill. Personals are exceptionally hard to secure because no one can see or hear about everything. Miss Robinson has indeed been proficient and has made her column a success.

Mr. Carr has worked until the last and has spent much time going over exchange papers for news from our neighboring colleges and universities. As one fellow referred to this column, "I don't like it but I always read it." We are sorry, and glad too. because any editor is glad to know that articles are even read.

Mr. Kinsler has been more than busy with the Chilhowean and we have just recently seen the great quality of his work and we can easily imagine the amount. However, he has filled all assignments and has many times written for us when he had a great amount of work of his own to be done. His articles on the Youth Movement were too——— to be published, but they were interesting nevertheless.

But hurrying along we wish to give special mention to Miss Hodges and Mr. Miles. It is Miss Hodges who has written all the hurry-up articles and had them in before breakfast. Besides these she has written long assignments, consisting many times of three or four long articles, and in addition she has looked after society, club and regular write-ups of sevral organizations. Even though she is the busiest student on the Hill she has never offered the favorite excuse.

Mr. Miles has been on the masthead as a special reporter, but it was he that took charge and made things go when there was, seemingly, no one else. If we were recasting that masthead he would be listed as managing editor and regardless of where his name appears that is what he has been. And probably the hardest column of the entire paper has been his and he has had the great honor of always having his column read first.

Professor Hunter has been referred to as censor, but to us he has been an advisor, and it is through his help in this capacity that we have been saved much criticism, many answers, and perhaps colored optics. Needless to say we are indeed grateful to him

Concering The Paper.

We would not even offer suggestions or advice but there are a few things listed below that we should like to see: (1) A four-page paper for thirty-six weeks. It could be done. (2) A campaign for Senior and Alumni subscriptions in the spring. That is the best time. (3) A staff member whose duty it would be to send clippings to the home town paper when a student does successful work in athletics, forensics, plays and the like. Some college papers do this and it is a good advertisement for the college.

In a return match with the University of Tennessee racquet wielders on Friday afternoon, the Orange and Garnet tennis team met defeat, three matches to one.

The games were played on the day courts of the West Knoxville club before an enthusiastic gallery.

The hardest fought sets of the fray were those between John Hall of Maryville and Gus Fitzhugh of Tennessee, Hall finally emerging the victor 6-4, 6-3.

The rest of the matches went to the Orange and White. Hayworth was outguessed by Fink, 6-1, 6-2; and Wood defeated Robinette in straight sets, 6-4, 6-4.

The doubles, waged btewecn Robinette and Hall of Maryville, and Fitzhugh and Fink of Tennessee, favored the visitors in the first set, 6-4, but the University players came back strong and took the match with two straight wins, 6-4, 6-3.

All Organizations

(Continued from page one)

to be elected. Student opinions may kill the council by indifference and thoughtfulness, or, by its intelligence, may make the student council take its rightful place around here.

The literary societies have already held elections for the coming year, and so we forbear to renominate. Yet there is a tremendous demand for aggressive action on the part of society men when a thousand activities are tending to crowd literary work from the life of the hill.

What we are looking for is a student body with reason and common sense that will put in office, and then follow the right men.

We view with interest the rise of officers as presidents of the Senior, Junior and Sophmore classes of next year, Messrs. McMurray, Graybeal and Carwford, respectively. It is a question how these men will lead their classes, or whether they will be content to let things drag.

At any rate, we hope for a good year to come, both for the Seniors who enter the world, and those who remain here.

SENIOR HIKE

The class of '24 went on a hike to Sheep Pen Cave the 27th. The college truck and several cars carried the jolly bunch, leaving them two miles to walk to the cove. Some few couples got lost, but probably there was a reason. Upon arriving at the cave, numerous games and pastimes were indulged in. Some went boating on the beautiful river, others went hiking, while others braved the dark, mysterious caves and came out looking like mud pies.

The eats came next and Oh! talk about hunger—well, it was soon satisfied and then followed more boat riding and hiking.

Prof. and Mrs. Hunter, (and Bobby), and Prof. Howell were the capable and jolly chaperones. What more could a crowd wish than a day spent in hiking, fishing and eating, with such a gang as the Seniors.

There seemed to be two kinds of moonshine, but only one was indulged in.

It won't be long till we'll be hearing the ole' song, "Gee, but I'd give the world to see that Ole' Class O' Mine," but we'll always remember the wonderful trip to Sheep Pen Cave.

MINISTERIAL ASSOCIATION

Ministers to Install New Officers At Banquet

At a call meeting of the Ministerial Association, Saturday night in room 310 Carnegie, the following officers were elected:

President, George K. Neff.

Program secretary, Charles Johnson.

Secretary-treasurer, Carlos Whitlock.

Editor, Arthur Sargis.

Of next importance is the supper next Thursday at six o'clock in the College Woods to which all ministerial students are invited. Dr. Crothers will install the new officers.

The Association has accepted Mrs. West's plan for having a course next year in expression, more advanced than the one offered this semester.

At the close of the business meeting an informal social gathering ensued. Refreshments, consisting of cakes, ice cream, and punch, were served by the retiring president and his roommate, Herbert Wood.

Union Banquet program. Coach "Peanut" Bond was toastmaster, and his great amount of wit was well displayed. The toasts which he called for were well rendered and indicative of the friendly spirit which exists among the literary societies. The following is a program of these toasts:

To Theta Epsilom, Lois Hayes.
Response, Mary Robison.
To Athenian, Francis Kinsler.
Response, Howard Hill.
"Eat, Drink, and be Merry," Coach Honaker.
"In the Land of Memories," Alice Johnson.
"Till We Meet Again," Miss Carmen Park.

Much credit is due to the officers of the Union, who spent so much time and effort in making the occasion such a pleasant and beautiful one.

Thursday, May 9th, a party from the University of Tennessee, visited L. M. U. at chapel. Then they made an excursion to King Solomon's Cave and Pinnacle, accompanied by friends from L. M. U. They were afterwards entertained with a six o'clock dinner, and returned to Knoxville that night.

—M. C.—

Seven girls from the University of Kentucky have been selected to represent that school at the Southern Student Conference to be held at Blue Ridge, North Carolina, June 6 to 16.

Girls' Glee Club

(Continued from page one)

Eleanor Franklin, Dollie Enoch, Agnes Houghton, Bessie McMillan, Sarah Kiskadden, and Margaret Lewis. Madeline Holmes, who long ago proved a master with the cello, proved especially popular in her appearances. The readings given by Myrtle Ardis were quite in keeping with the high standards and pleasing tone of the concert. Very popular, indeed, were the costume songs and the peep into other people's customs and songs.

Of the thirty girls in the Club only four are Seniors. While they will be missed very much there is no reason why there should not be a Girls' Glee Club next year. The first performance was a fitting start for a worthy institution.

RESOLUTIONS

Whereas, God in His infinite wisdom has called unto Himself the father of our classmate, Miss Jane Barber, be it resolved that the Freshman Class extend to the bereaved family our sincree sympathy.

Be it further resolved, That a copy of thse resolutions be sent to the family, a copy be read in chapel, and a copy be printed in The Highland Echo.

(Signed)
Murette DeLozier, Prest.
Rosalie Edmondson,
Ruth Goff,
Committee on Resolutions.

Literary Societies

(Continued from page one)

ented with diplomas by Francis Kinsler, president-elect:

Mr. James Hardin, Mr. Charlie Partee, Mr. Mason Mann, Mr. Burl Prichard, Mr. Guy Sneed, Mr. Othel Armstrong, Mr. Malcolm Miles, Mr. Arthur Kinsler, Mr. John Hall.

Alpha Sigma hates to lose these good men, but wishes them every success in their future life.

After presentation of diplomas the following officers were elected:

Francis Kinsler, president.
Wick Broomall, Jr., vice-president
Tom Gover, secretary.
Harold Horton, treasurer.
Sergeant-at-Arms, Gordon Jefferies.
Critics, Julius Huffman, Dewey Eitner, Merlin Usner.
Program secretary, Harry Gauding.
Janitor, Mr. Herbert Wood.

ATHENIAN

The last meeting of Athenian Literary Society, Saturday evening marked the end of one of the most successful years in the history of the organization. A strong and efficient corps of officers was elected to carry forward the work of the society during the coming year. The following officers were elected and installed:

Edward Cornelius, president.
Hunter Robinette, vice-president.
L. E. Milling, program secretary.
Dexter Graybeal, recording secretary.
Edward Cathey, critic.
Darius Prince, critic.
Claud Wolff, treasurer.
George Neff, editor.
William Sterling Smythe, sergeant-at-arms.

All Senior members present delivered short but fitting talks to the society. Mr. Floyd Corry, retiring president, and for seven years a faithful Athenian, closed the year's work with an inspiring address in which he urged the members to carry on the work of the society and to uphold the high standards and lofty ideals which have been maintained since the founding of the Athenian Literary Society.

BAINONIAN

Before last Saturday night's program, the following were elected as Bainonian's new officers:

President, Virginia Witherington.
Vice-president, Christine Rockett.
Secretary, Eleanor Franklin.
Treasurer, Dorothy Roney.
Program secretary, George Belle Kuhn.
Critic, Henrietta Smith.
Sergeant-at-arms, Dorothy Hodges

After the election of officers the children from the Orphanage gave a program. The first number was a play entitled, "Peter Pan." This was followed by a reading, "Seven Sheep." The final number was a song, "In the Garden."

Fruits and Candies—Long's Confectionery.

Suede Shoes Cleaned and Dyed—G. C. Long.

PERSONALS

Miss Nelle Johnson was hostess at a delightfully informal birthday party on last Saturday evening. The entertainment consisted chiefly in autographing annuals, and the cutting of the birthday cake also afforded much amusement. Henrietta Smith got the thimble and is therefore destined to be an old maid; Estelle Woodall drew the coin—a sure sign of future wealth, and Betty Keown received the ring—a portent of early marriage. The delicious refreshments kept us all busy and happy until the flashing of the lights told the following girls it was time to say good night: Ruth Fain, Henrietta Smith, Ruth Goff, Lucile Oesterle, Estelle Woodall, Elizabeth Smith, America Moore, Mildred Reneger, Betty Keown, Mary Broady, and Margaret Duke.

—M. C.—

Miss Virginia Stripling, a former student of Maryville, was a recent visitor on the Hill.

—M. C.—

Mr. and Mrs. T. C. Farnum and family of Harriman, Tenn., spent last Sunday on the campus visiting Miss Elizabeth Farnum

—M. C.—

Miss Alice McAnnaulty, who is pleasantly remembered as one of last year's graduate, is back in Maryville visiting her Alma Mater.

—M. C.—

Miss Lillian Smith, a former student of the College, and the sister of Mr. Harden Smith, is visiting relatives and her many friends in Maryville.

—M. C.—

Miss Dorothy Stivers enjoyed a visit from her father, Mr. F. E. Stivers, and four of her brothers, of Chattanooga, during the week-end.

—M. C.—

Miss Margaret Shepherd has been suddenly called home because of the serious illness of her father.

—M. C.—

Misses Sarah Witherington, '23, and Miss Agnes Witherington, of U. T. are the guests of their sister, Miss Virginia, for commencement.

—M. C.—

Mr. Chad McClure, class of '22, was a recent guest on the Hill.

—M. C.—

On Saturday evening, May 24th, a farewell party was given in honor of Miss Sara Damaris who is leaving soon for the Climax Conservatory. The party took the form of a progressive dinner, the nine courses being served in three different apartments. Mrs. Jackson and young daughter served the first two courses, Miss Countrybred and Auntie Lindy the next three, and Mrs. J. Jiggs and mother the last four.

Each apartment was lavishly decorated with hot house plants and cut flowers. Shaded lights and lovely dresses lent a festive air to the occasion.

The honoree was tastefully attired in an extremely abbreviated white robe du nuit with a blue sash.

During the last course in Mrs. Jigg's apartment, the guests were serenaded by a sextet composed of six charming young men who entered by way of the large French windows.

After spending several hours in the drawing room dancing the Virginia Reel, Sailors Hornpipe, and Skip-to-My-Lou, the young women retired to the boudoir, of Mrs. Jackson where they spent the remainder of the night talking muchly and sleeping some.

A pleasant time was had by all.

Fruits and Candies—Long's Confectionery.

FAREWELL SENIORS

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME NINE | MARYVILLE, TENNESSEE, WEDNESDAY, JUNE 4, 1924 | NUMBER THIRTY

First Alumni Day Dr. Elmore to Speak Hundred-Fifth Year

TWELVE HONOR STUDENTS ONE MAGNA CUM LAUDE

BY ALICE ROBISON

Those who read the program handed them Sunday noticed no doubt that this is the one hundred fifth anniversary of Maryville College. There are several things which are to make it a memorable occasion. The senior class has the honor of claiming both the winner of the Bates Contest, Miss Bertha Russell, and the winner fo the distinction of Magna Cum Laude, Miss Lina Hodges. With the eleven other honor students, there are twelve honor students in a class of sixty—an accomplishment of which the class of '24 can be justly proud.

It hardly seems necessary to mention in this column the regular events of the week. But there is one quite worthy of notice. The alumni association has grown to such proportions that this year Alumni Day is to be celebrated. On Wednesday special exercises at the Chapel hour and the annual meeting in the evening are to make this a happy day for many alumni.

The meeting will take the form of a banquet at which the class of '23 will be the honored guests.

Not only is there to be the above

(Continued on page four)

Football Prospects Loom Promising for Fall Grid Season

SUCCESS OF YEAR LARGELY DEPENDED ON THE SUPPORT OF STUDENTS AND ALUMNI

NUCLUES LEFT FOR NEW TEAM

BY EDWARD HAMILTON

During the school year, 1913-24, Maryville athletics have made a big jump for success. The review of the seasons in the Chilhowean have shown that Maryville has put herself on the map athletically. There is no reason in view why she should not show her colors just as famously next year.

For three months we will be worrying who is going to take our famous half-back's position, who will fill the big shoes of our "Niger" quarter and who will plug up the gap in our line. That is, all are worrying but the captain. Why is he not worrying?

About the first day of September a number of old men will be wondering what is going to happen down on the Old Hill and will be feeling sort of ticklish around the gills to see the little girl that will be there and will begin to feel that perhaps the team will not be able to get along without him after all

PROFESSOR E. R. HUNTER

Popular Instructor is Leaving for Chicago; Will Continue Study

HIS SUCCESSFUL WORK WINS UNAMINOUS PRAISE; STUDENT, PASTOR, INSTRUCTOR

(Editor's Note: This article is published without the approval of Prof. Hunter, but with that of Dr. Wilson).

BY ALICE ROBISON

Last week a group of students were looking through some old annuals and came across a picture which told them that Professor Hunter was once a student here at Maryville and took part in the many activities of student life, just as those who sit in classes under him today. He came here as a Sophomore in the fall of 1911, having taken freshman work at Greeneville College Illinois. We are told that his favorite study was chemistry and that he

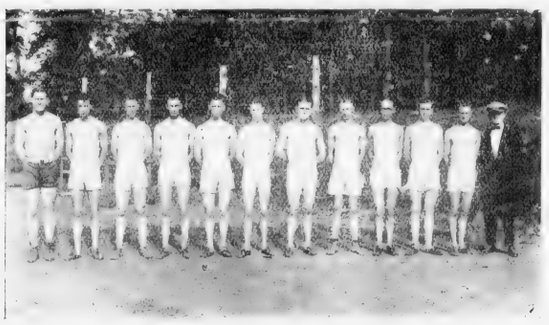
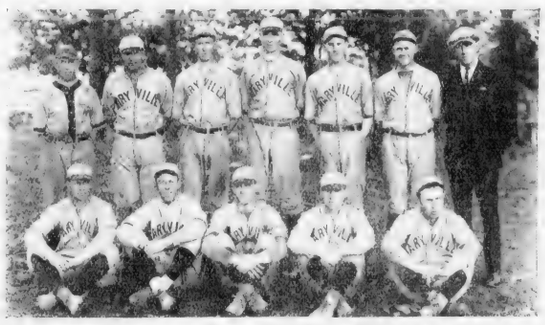
The Senior Class Institutes Generous Endowment Fund As Memorial to Alma Mater

Each Senior Takes Pledge to Pay Part of Contribution to the College

BY LINA HODGES



The members of the Class of '2[illegible] considered carefully what they would leave to Maryville College, as a token of appreciation for the instruction they have received in her halls and the friendships they have found within her gates. They have decided to start a living endowment fund. The following is a copy of the note each member signed.



As a pledge of my continued interest in and loyalty to my Alma Mater I hereby promise to pay to the treasurer of Maryville College, Maryville, Tennessee, or or before May 1st, of each year, the interest on the sum of ---------- Dollars at the rate of 5% per annum. It is understood that the principal never becomes due or payable except at my option,a nd that I may cancel the above obligation by giving 60 days notice thereof prior to the date on which any annual payment of interest falls due. In case the principal is paid, it shall be applied as general endowment and accredited to the Class of 1924.

The members of the Senior Class hope by this action not only to show their love for Maryville, but also to start a fund which succeednig classes will keep up and increase. They hope that Maryville, because of their memorial, will be able to take a higher place in the great institutions of learning.

Coach Bond's Track Team Completes Heaviest Season

Captain Templin Makes Brilliant Record While Piloting Highlanders---Bright Outlook for Next Year

BY ANDREW STEWART

Coach "Peanut" Bond and his team of winged-foot athletes completed this year the largest schedule undertaken up to date. This, the third season of a track team at Maryville, was marked by the largest squad yet, and the absence of "Slim" McGinley, cinder path artist extraordinary.

Three meets were held, all away from home, the first with Tennessee, the second with the strong Centre team, and the third with Georgetown, which has given up baseball to specialize in track. The meet at U. T. was dropped to the Orange and White, 76-54, the local team showing up strong in the distance runs and in the field events. The next meet on Centre's track was the closest Captain Templin's team came to a win, the Kentucky lads finally taking the meet 75-62. The Georgetown team was all that it was heralded to be. With the whole student body out, cheering the team, just as it does in football and basketball, the Georgetown team had all its own way, and almost doubled the score on the Highlanders, the score being 81-42.

Maryville, using the point system in awarding letters, presented the following men the winged "M": Captain Templin, Manager Brown, Thrower, McMurray, Robinette, Bishop, Thomson, King, Kinsler,

Religious Work of The Year of Value To all at College

PERMANENT IMPRESSION MADE UPON STUDENTS BY RELIGIOUS ACTIVITIES

BY WICK BROOMALL

What part do the Christian organizations play in our college life? This is a pertinent question and demands of each of us—whatever we think—an honest and sincere answer. That answer, however, need not be uttered audibly, for in their work this year all of these organizations have demonstrated unquestionably that they were no minor actors in the activities of 1923-24. Indelible and permanent is the record that they have given of this year's work.

The two leading representatives of our own expressions—the Y. M. and Y. W.—in their joint meeting Sunday night reached the climax of a year's work, in Dr. Stevenson's words, "full of worthy deeds and the notable fidelity of the officers of the Associations." Through the Life Work Conference, which, by the way, is the almost unique characteristic of Maryville College, by means of their auxilaries, the

(Continued on page four)

Baseball Artists End Big Year of Diamond Activities

Highlanders Take Scalps of Many Teams Including Kentucky and Cumberland --Big Season Predicted for 1925

BY ANDREW STEWART

Spring sports for the year 1924 are over at Maryville. Once again the stalwart willow wielders have said farewell to the diamond; once more the followers of the great American sport are looking forward to the eternal next year. The season which has just passed has not been on of blazing glory for old Maryville, but it has been another step in Coach Honaker's plan to have his team meet the best in the South.

The first game of the season was fought at Knoxville with M. C.'s traditional rival, Tennessee, the fray going to the Orange and Garnet ball artists, 8-3. After a week of wet weather Coach Bank's men once more met the Orange and Garnet, this time at Maryville, and again U. T. was victorious, 7-3. After M. C. had lost a hard fought tilt to Carson-Newman on the home field, 6-5, Manager Gamble took his team on a week's trip. The first

THE PAPER

We feel the responsibility that has been placed upon our shoulders. We shall extend every effort to merit the trust of the students. We hope to make The Highland Echo more than a student publication, our ambition is to publish a newspaper.

A Newspaper

Our conception of a college newspaper is three-fold. First, it must print items which are really news to the students. We do not wish to compete with Mr. H. G. Wells on writing history. Second, we shall endeavor to edit good literary work, worthy of one of the leading colleges in the South. Third, we believe the newspaper should formulate student opinion and guide student activities in the way they should go. We shall defend things right on college hill and attack everything else. That is our duty. The most regrettable thing possible in a school like Maryville is friction between students and faculty. It always arises from lack of information and misunderstanding. We shall at all times promote faculty-student co-operation. We will, in short, make The Echo an institution at Maryville, the newspaper of the student body.

The Staff

We have chosen our staff accordingly. Students competent to write, well-informed in student activities, and representative of the whole student body. We shall endeavor to serve the students.

Mr. Swartz, we believe to be a man of worth and well able to carry on newspaper work.

Mr. Hamilton is well known in athletic and other circles, a leader in student thought.

Miss Robison has proved herself worthy by her work on The Echo staff this year.

Mr. Veech is a star athlete and well versed along all athletic lines.

Mr. Paulsell has had experience on newspaper staffs and has his finger on all student occurences.

Miss Henry is skilled in the art of music and can report it with intelligence.

Mr. Broomall is an authority on religion in Carnegie Hall.

Mr. Cragin ha proved his ability and is doing things with efficiency.

Mr. Howard Hill has had long experience with newspapers, and can easily handle The Echo, with the help of Mr. Gover.

Baseball Artists

(Continued from page one)

game was lost to Lincoln Memorial University 12-9, but the next day at Union College the Highlanders went on a batting spree, winning its first game of the season to the tune of 21-1. The next day at Lexington, Roger Williams, pitching one of the best games of his career, shut out Kentucky State, 3-0, while his brother, "Back" Williams led the batting attack. In the second of the brace of games with the Wildcats the Blue and White beat the Orange and Garnet in a hitting bee, 13-10. The following day at Centre, with the score, 4-4 at the beginning of the ninth, one of the Praying Colonels broke up the game with a circuit clout. The final game of the trip was against the Harriman town team, the latter coming off victorious, 6-4.

Back on College Hill the Honakerites once more played havoc with Union College, repeated the former score, 21-1. The highly touted Cumberland University was next in line for a two day's series. Maryville captured the first, 5-2, but lost out in the second, 8-3. Another game against Kentucky, this time on the local diamond, gave us the series with them, 2-1, Williams holding them scoreless until two were down in the ninth. The final score was 7-1. Tennessee, with one of its best teams in years, again took the Highlanders into camp on the home grounds in the final game of the season, 5-2.

If the Highlanders had had a seasoned pitching staff it would have had one of the best nines ever developed here. Captain "Back" Williams, a veteran catcher and heavy hitter, led the team, while a sweet moving infield composed of "Pat" Shores, 1st; Hurst, 2nd; "Shorty" McCall, ss; and Partee, 3rd; put up an air-tight defense. In the outfield were Jean McMurray, five letterman, "Shorty" Sneed, an all-around athlete, and Cartwright, a powerful bludgeon swinger. The team had one pitching ace, Roger Williams, who was responsible for all the victories. Bob Harvey, twirling his first year in fast baseball, was not able to break into the winning column, but great things are expected of this port-sider who has three more years of college baseball. Ehinger, also new at the mound game, will be of value after more seasoning. The catching of Tinker Franke in the last two games of the season for Williams, who signed with the Pioneers, is one of the sensations of the year. Strong substitutes, such as Riskey, Prince, Cartwright and Wilson, were always ready when needed.

Coach Honaker had in these men a really strong squad. Losing but two men by graduation, he will be able to develop a powerful nine next year with all these remaining men as a nucleus

ENGAGEMENT

Landrum, S. C., May 26—Mrs. Eugenia E. Swindler announces the engagement of her daughter, Ethel Antho Swindler to Melvin E. Lawson of Sevierville, Tenn., the wedding to take place June 12th.

Not in The News

Act nice, we've got lots of Visitors.

—M. C.—

Well, what do you think of your mother in-law?

Dean reports that the giraffe is the highest form of animal lite.

FACULTY NOTICE

(Continued from page one)

faculty will agree (1) to the proposition of an amendment to the constitution of the Student Council, to be submitted next fall, authorizing the newly-elected council to elect their president from among the eight Senior representatives then serving; and (2) to the electing of a president now, to serve as pro tempore president till his successor is elected after the adoption of the proposed amendment.

With best wishes, I am

Yours sincerely,
Samuel Tyndale Wilson,
President.

The Officers Training Conference that was recently held in Nashville by the State Student Y. M. C. A. and Y. W. C. A. was attended by over one hundred students representing twenty-four schools. The purpose of the Conference, as the name suggests, was to train the newly elected officers of the college and prep "Y's" in some of the duties which will come to them in the next year of work. Some of the problems of student life on the campus were taken up and discussed.

Manager Haworth Reports Successful Tennis Year

Smashing Defeat of Tusculum and Tennessee Tie Match for Maryville.

BY OTTO PAULSELL

Behold our doughty wielders of the racquet Note carefully Manager Haworth's beaming countenance—for, yes, our tennis season was a success. A light schedule as to the number of matches but a heavy one considering the strength of our opponents, resulted in a smashing victory over Tusculum, one match halved and two dropped to Tennessee.

Captain Hall is the only man lost through graduation. The three remaining lettermen and an unmeasurable amount of new material, hold promise for an even more successful season in '25. Even the need for more courts is to be satisfied. No longer will it be necessary for Mr. McCurry to chase the boys from the grass-grown courts behind Memorial.

Tennis and track are gradually replacing baseball in colleges thruout the country. If Tennessee drops baseball from her athletic activities, interest in the sport is sure to wane here. Baseball this season has been a disappointment. As far as winning meets is concerned track was a failure. With the men who participated in baseball, added to the ranks of our net men and cinder path artists, we could send out winning teams in both sports.

Is it best to achieve poor or mediocre results in all three sports or would it be better to drop one and have really successful season in tennis and track? Think it over.

Popular Instructor

(Continued from page one)

planned to be a professor of chemistry, but because of unexpected circumstances turned out to be an English teacher.

Pastor in home town

In the class of 1914 Edwin Ray Hunter was among the honor students and he began his career as a teacher the following fall. Upon the death of his father this versatile young man rendered his home town a great service by taking up the duties of his father's pastorate. In August 1916 he took unto himself a wife, whom we students have all learned to love and admire. That fall Mr. Hunter attended the University of Chicago and received his Mastor of Arts degree in June 1917.

Returns to Maryville

An event which has meant much to the growth and development of Maryville College occurred in the fall of 1918 when E. R. Hunter took up work as an instructor in the English department. This too marked an advance in forensics here, for the new English teacher became the coach for interscholastic debates and oratorical contests in which Maryville participated.

Centennial

In 1919 the college wished to celebrate its one hundredth anniversary with an elaborate pagent portraying the development from a little log school house to an institution requiring a dozen or more buildings to carry on its work. It was to the able coach of debate that the college turned for a coach to prepare the pagent. The preparation of such a pageant was a large task for any one, but the young teacher was willing to undertake it and because of his hard work the affair was a huge success.

Work as Alumnus

When in 1921 the Alumni Association decided to make a campaign to raise a fund to be devoted to better athletics, Mr. Hunter was chosen to serve with Professor Orr as publicity chairmen for the campaign. The Association intrusted the carrying out of their plans in the form of a larger gymnasium during 1923 to the man who had proved his ability so many times before, Mr. Hunter.

Forensics

It was thru the untiring efforts of the coach of debate, who had acted in that capacity since 1918, that in 1922 the Tennessee Alpha Chapter of Pi Kappa Delta was established at Maryville, and the many victories in th field of forensics have been won. The fact that the team sent by us to the National Convention of Pi Kappa Delta at Peoria, Illinois this spring, won over such opponents as Park and Georgetown bears testimony to the skill which students are able to acquire with Mr. Hunter as coach.

Continues Study

The interests of the graduates of 1914 have not been forgotten during all this time, however he spent the summers of 1919 and 1922 at Chicago University doing work in English toward a Ph. D. We are told that this fall will find him back at Chicago continuing his scholastic persuits.

Much as we regret to loose our friend, instructor and debate coach, the faculty and student body join in wishing Mr. Hunter the best of success in his work, and will take great pleasure and pride in all the honors wihch come to him in the future.

Mr. Hunter's field of activity has not been limited to the classroom, however, his lofty ideals and devotion to all that is high and noble have exerted a great influences for good in the minds and hearts of all who know him. Many students bear willing testimony to his worth as a counselor and staunch friend. His example and personality, as well as his teaching have such an influence as we hope to be able to pass on to others.

The Sixth Annual Contest for the Bates Prize in Oratory, held Thursday evening was won by Miss Bertha Russell. "Enforcement of the Law," was the subject of the prize-winning oration Miss Russell is an excellent and experienced speaker, graduating in Public Speaking this year.

Coach Bond's Track Team

(Continued from page one)

Milling, Morgan and Williams.

In Templin and King, distance men, are two of the outstanding stars of the team, while Brown, winner of the local Y. M. C. A. meet, is perhaps the most versatile performer, negotiating the 100, 220, 440 and half mile. In Kinsler and Morgan are two flashy sprinters, and in McMurray the team has a talented hurdler. The field event men are Thrower, former football captain, who puts the shot and throws the discus. Robinette, a dependable javelin and discus artist; Milling, a high jump and good pole vaulter; Bishop, a broad jumper, and Williams, who specializes in the javelin.

Coach Bond says that he is planning to have the track improved for next season, and with eleven of this year's twelve lettermen back expects to build up a team which can cope successfully with any team in the South.

The initials of a friend

You will find these letters on many tools by which electricity works. They are on great generators used by electric light and power companies; and on lamps that light millions of homes.

They are on big motors that pull railway trains; and on tiny motors that make hard housework easy.

By such tools electricity dispels the dark and lifts heavy burdens from human shoulders. Hence the letters G-E are more than a trademark. They are an emblem of service—the initials of a friend.

mentioned meeting, but the class of '74 is celebrating its semicentennial. On Thursday Dr. E. A. Elmore who lead our meeting this year and is one of the few surviving members of the class of '74 will deliver the commencement sermon Dr. Elmire has been connected very closely with the college for fifty years. As a member of the faculty during 1884 to 1888; as chairman of the faculty in 1887-88; as a member of the Executive committee of the Board of Directors from 1897 to 1900; and as chairman of the Board of Directors since 1906. Dr. Elmore has rendered a great service. He has also had the unique distinction of leading the February meetings on nine different occasions.

There could have been no more fitting celebration either for the one hundred fifth annivesary or for the semi-centennial of the class of '74 than that Dr. Elmore deliver the commencement sermon this year.

HI TRAIL CLUB CELEBRATES

(Continued from page one)

found it with both feet). The standards of the boy-scouts were upheld by starting a fire with wet leaves, and only one match.

The main object of the evening was to install new officers and members. Mr. "Shortie" Prince takes the big weel as president for the next year, while S. Rhore acts as vice-president, R. Anderson as secretary-treasuer, and "Woody" McTeer, editor. New members sworn in were Ed Cathey and L. E. Milling. Then Mr. Edward Cornelius was voted in for membership.

An interesting talk was given by the retiring president, Mr. Crow. As he stated, he is the only charter member of the club left. It was very interesting to hear how and why the club was organized, and what it's purpose had been from the very beginning.

Mr. Crow stated in summing up his remarks that "we must press on not merely with hope, but with solid confidence, to the work that lies before us, the work on one hand, of striving up afresh the interest and enthusiasm of our present members, and on the other hand, that of adding new members to the club."

Then came the part of the program that is always enjoyed by men, that of eating. If you don't believe we ate those "Hog Dogs" ask "L E." "Cathey", or any of the other truthful fellows. Jokes came from every direction. "Peanut" says he doesn't yet see how came MOSES to take the bees into the ark, that seems rather out of date for him; and "L. E." couldn't quite figure out the joke to "What No Sope?"

Rhore froze us out with all the ice cream we could eat, so we had to run for home in time to hear the town clock strike the wee small part of the night.

Suede Shoes Cleaned and Dyed—G. C. Long.

Football Prospects

(Continued from page one)

so hastens to pack his grip and catch the train "Goin' South." With Bob Thrower, a mainstay and loyal ex-captain coming back after a summer of northern vim, "Baby" Gene McMurray, our flashy half-back and Joe Gamble, the plugging full-back, who can't away, Vic Hurst, made famous in the East Tennessee game, Schmit, the Alaska-Chicago guard, Shores, Brown and Cartwright, the pluckily linemen, and Shorty McCall, a nervy man in the quarter-back's shoes, besides Captain Hamilton, we have a nucleus around which to build a great machine. Outside of this nucleus there are some famous men of old who are expected to return to Maryville. Josh Proffitt, the huskey tackle from North Carolina, much gossined about as a promising football player in 1922, is expected to graduate from high school this spring and come to Maryville in the fall. Two new experienced players have already invaded our campus in the extreme forms of Bradshaw and Franke. Along with the influx of Freshmen material other experienced men are being sought. We need have no worry for a 21 to 0 victory over Tennessee for lack of good players.

But the captain and coach are worrying a little over others, not Mr. Proffitt and his money troubles, nor the faculty and eligibility rules, but the students and alumni, and what backing they will give. Why do hundreds of students and alumni come out and sit on the bleachers to watch the Orange and Garnet fight for their school on the gridiron? Just for pleasure? If so, we football players will go on a strike and demand the proceeds to pay our way through school as professionals do. We fight for the service of our school. We get no personal benefit from the game except the satisfaction that we are serving our Alma Mater. The student's place is on the sidelines serving with all the backing power that they have. Maryville never has paid an athlete to come to this school, and has done no scouting but just takes what she gets and teaches them to be true Maryville sportsmen. We go on the field with two aims, one to determine which has the stronger team, and the other to determine which has instilled into its team the better quality of sportsmanship. Supremacy in the latter is of much more permanent value. What about the backers of that team? What do they go out there to determine?

According to Fielding H. Yost, one of the greatest football coaches of the world:

"Football players are infinitely more sportsmanlike than are the spectators. Before intercollegiate athletics can mean all they should mean, spectators, students, critics and school authorities must accept the word of the officials as final. The officials are in a position to see. If not they should be put in such a position. If the spectators object to the rulings of the officials, they are not educated to the proper degree of sportsmanship."

How about our "Aelley Baking?" Aren't we prone to make the use of candid remarks against a slightly hurt player on the opposing team or against the "ump," or run down our own players when they have lost a game? Don't we try to rattle an opposing player on the basketball court or at the bat? Don't we always have an "alibi" when we write home or tell our friends about the lost game? Is that sportsmanship? How about our alumni? Do they and the students indulge in gambling against their own team because there is almost a certain defeat ahead, or do they gamble on the game at all? I will go no further than to say that such things are unfair to the players on the team, who sacrifice their whole strength to win a game, and are thorns in the spirit that Maryville has always stood for. A sportsman, student, alumni and player is one that has that quality of honor that desires always to be courteous, fair and respectful. Not one that always has an "alibi" but one that will never fail to congratulate his competitors, whether victorious or defeated. What will our attitude be next year? We cannot win all the games. Can we not realize that we are all on the team, student, faculty and alumni and all get the same lessons taught by the greatest game ever invented by man—FOOTBALL.

BAINONIAN ENDS YEAR

Saturday night was Commencement night at Bainonian. To the music of a march played by Beatrice McGuire twenty-nine Bainonian Seniors entered. The valedictory address was delivered by Hazel Bevan. Mrs. West then delivered the diplomas Following this, Geraldine O'Dell, a Bainonian who graduated last year, gave an impromptu speech. Pat Farrar and America Moore favored us with a violin duet. Lastly, "Bainonian," a song dear to every Bainonian girl, was sung by the Seniors.

The following is the list of the names of the graduates whom Bainonian regrets to loose, but whom she is indeed proud to give to the world: Mary Broady, Mary Bigelow, Dorothy Dickerson, Martha Mae Boyer, Manilla Ruble, Dorothy Stivers, Christine Painter, Marie Griffith, Lina Hodges, Rachel Higginbotham, Hazel Bevan, Grace Brown, Mae Davis, Margaret Duke, Jessie Garner, Lois Hayes, Henrietta Jackson, Margaret McKinney, Lucile McRady, Helen Rankin, Bertha Russell, Lynn Russell, Irma Sherfey, Vashti Thweatt, Florence Whitfield, Elizabeth Whitlock, Margaret Walton, Alma Regnemer, and Isabelle Lowe.

BIG SISTERS

If you failed to sign up for a "Little Sister" for next year. Give your name and summer address to Ethel Sharp. If, during the summer, any "Big Sisters" learns the name of a new girl whom she would like to have for her "Little Sister." Arrangements can be made by corresponding with Ethel Sharp, Seymour, Tenn.

Associations Close Year, Vesper Service

DR. STEVENSON PREACHES AT WELL-ATTENDED SERVICE.

Dr. Stevenson addressed the Christian Associations in joint session Sunday evening at 6:30. The attendance was the largest we have had in several months. A large number of alumni, and visiting friends as well as a great many towns folks contributed to the attendance.

The program was as follows:

Onward Christian Soldiers, by the choir.

Prayer by Dr. Stevenson.

Hymn, Now the Day is Over.

Scripture Reading, Ephesians 4:11-32, by Annarine Atkins.

Special music, "Lord I could not do without you."

Prayer, by Ed Cathey.

Song by quartet.

Introduction of Dr. Stevenson.

The college pastor talked about growth in Christian Living. He developed the idea that theology is a progressive science, changing to meet the needs of succeeding ages, yet always based on the same fundamental truths. He gave an effective appeal to students to "Come up higher."

An impressive memorial service was recently held in Lincoln Memorial University, to the memory of seven boys and girls who fell victims to the terrible epidemic that swept the school early in the spring. Fitting resolutions were adopted and published.

Madame Franceska Kasper Lawson of Washington, D. C., gave a delightful concert at L. M. U. on May 6th. The noted soprano's program was varied. First she sang a group of classical airs, written in the sixteenth and seventeenth centuries. Then she sang songs of other lands: the aria from "Madame Butterfly," "Song of India," and Villanelle. A group of American songs made up the third part of her program, all of which were applauded generously. As her closing number she sang the aria, "Caro Nome" from Rigoletto. She was called back by her audience to which she responded with two encores, "Carry Me Back to Old Virginny," and "Annie Laurie."

Religious Work

(Continued from page one)

Friendship Council and Nu Gamma Sigma; the athletic interest centered in the field meet; and also the presentation of world problems, the Y. M. and the Y. W. have influenced and affected more lives than any other organizations. Under the Summer Conferences at Blue Ridge, where they will be invigorated and receive the impulse for an even more enviable record next year.

Two somewhat similar associations, the Student Volunteers and the Ministerial Association, have also measured up to their long records of achievements. Between these organizations a co-operative spirit has been created by means of their joint meetings. From foreign missionaries, from special workers, and from their own topics of discussion new inspiration and determined persistency have strengthened the lives of our missionary students.

In a similar manner, by specially prepared programs, by the work of its members at the jail, mission, and elsewhere, the Ministerial Association has successfully completed another year of usefulness, and with that conviction in mind its members enjoyed the annual banquet Saturday night at the home of Mr. and Mrs. McMurray.

All the graduates this year undoubtedly paid their highest tribute to the beneficent influences that the religious atmosphere of Maryville College has had on them, and better equipped to meet the trials of life will each one be because of the high ideals and standards exemplified by the Christian organizations of Old College Hill.

Among the prominent visitors here attending the commencement season are Mrs. W. S. Jackson, Mrs. W. Broomall and Mrs. H. L. Wood of Birmingham, Ala.

MARYVILLE COLLEGE

Established 1819

THE HIGHLAND ECHO

The Highland Echo is a weekly student newspaper serving the Maryville College campus community. It strives to provide fair, accurate and ethical journalism coverage of the campus.

The Highland Echo was first published in 1915 under the editorship of J. Charles Walker, class of 1916. The forerunner of The Echo, the Maryville College Monthly, was published from 1898 until 1915 and is available in the Maryville College Archives.

1924 - 1925

VOLUME TEN | MARYVILLE, TENNESSEE, FRIDAY, SEPTEMBER 12, 1924 | NUMBER ONE

700 IN COLLEGE AND 300 FRESHMEN SETS NEW RECORD

Registrar Confident of a Year Of Unparalleled Scholastic Achievement and Growth For The College

PREP SCHOOL SMALLER

Class of 80 Seniors Is The Largest in The History of The College.

''1924-25 bids fair to be the greatest year of Maryville College''. Of what year has the above not been said? Yet it is the truth this year more than ever before.

The Senior Class of 1925 is the largest in the history of the college. In 1924 there were 68 seniors—a record-breaking number—but 1925 boasts of eighty.

The books show a Junior Class of 107 which is an increase of thirteen over last year. It remains to be seen whether or not that is a lucky thirteen.

The Sophomore Class this year includes one hundred sixty-eight of the finest boys and girls that can be found.

With nearly three hundred new Freshmen and a large number of last year's preps in it, we have the largest freshman class Maryville College has ever known at this writing. The office has a record of three hundred twenty-five freshmen for this year against two hundred fifty for last year.

The regular classes together with the twenty-five students classed as specials make an enrollment of seven hundred in the college.

PREP DEPARTMENT SLOWLY DYING

While the college is ever growing the enrollment in the academy shows a steady decrease in size. Last year there were one hundred seventy prps but this year there are only forty and these forty are all fourth year students. That of course means that this year will be the last year Maryville College has a prep department—a sad thought to some of us who took high school work here. But it is such a step forward for the college that we really rejoice.

COLLEGE RULE BOOK PUBLISHED FOR USE OF STUDENT BODY

As was promised last year, the college authorities have prepared and had printed a codification of the regulations of the institution. From among the large number of similar rule books collected for comparison and suggestions, the committee found the Rule Book of Yale College especially well arranged, and they adapted the form and general outline of that book.

The section of the book entitled ''Definitions'' will be of especial service to Freshmen in interpreting the regulations and instructions contained in the rule book and catalogue regarding matriculation and scholastic standing. The section regarding ''Scholarship'' collects and arranges the principal information that has to do with entrance requirements, courses, credits, honors, grades, and the like. The section on ''Attendance'' deals with the regulations having to do with the regularity and consequent efficiency of work done in the preparation and recitation of the studies pursued. The section on ''Conduct'' states

(Continued on page three)

Literary Societies

Coach Honaker recently declared that work in a Literary Society is of more value to a college man than any course in the curriculum. He declared that Literary Society work in his college career meant more to him than any one other thing that he undertook, with the possible exception of playing football.

Accordingly, we advise new students to enter the work of one of the several Literary Societies. Men are invited to attend meetings of the Alpha Sigma and Athenian Societies; and women, meetings of the Bainonian and Theta Epsilon Societies. Opening night meetings will be held in the respective society halls on Saturday night, the twentieth.

COLLEGE INCREASES NUMBER OF FACULTY

New Professors Are Introduced And Old Instructors Have Earned Higher Degrees During Summer.

The college faculty has undergone material change and addition since the past year. New instructors have been received, and several older faculty members have earned Master's Degree.

In the continued absence of Professor Hyden, Mr. Radcliffe has been appointed head of the Chemistry Department. He is a graduate of Lafayette College and has taught at Middlebury College, Vermont. Mr. Radcliffe plans to take all Freshmen Chemistry courses and those of organic and physical chemistry. Mr. Herndon will continue in the department.

ENGLISH

In the absence of Mr. B. R. Hunter, Miss Ethel DeHaven has been added to the list of English instructors. Miss DeHaven was a member of the class of '23. Since

(Continued on page six)

IT LOOKS LIKE A TEXT BOOK; READS LIKE MILLION DOLLARS

As useless as a text book, as neglected as a freshman, an old, dismal-looking book lay undisturbed on third floor Science Hall. Forgotten as a dead man's bones on the Sahara, cast aside like the image of a bad dream, the aforesaid book continued to lie in the dust of Science all summer long.

Then somebody came along and disturbed the book, and took it for the inspection of Professor Ellis.

He, well-versed in the art of things ancient, declared the book a relic of earlier days, a valuable possession of the college.

Anyone who is interested in relics can see it in the library. It is an old Latin Bible, printed in Lyons, France, in 1521, and bound in 1592. This means that it was one of the first books printed after that art became common. It is ten inches by fourteen inches, and printed on parchment. Gutenberg is credited with the invention of the art of printing, and printed the first books about 1450. So this Bible was printed only about seventy years after the first book printed with movable type. The fact that it is

(Continued on page six)

"Y" ASSOCIATIONS HOLD CONFERENCE AND PREPARE WORK

Cabinets Meet At Montvale Springs For Inspirational Meetings And Laying of Plans For Future Work

PLAN JOINT MEETINGS

Miss Henry Leads Consecration Service and Students Respond to Appeal For Greater Devotion.

During Saturday evening and Sunday, the two branches of Y met in the fourth annual setting up conference at Montvale.

To quote members of the faculty who attended the conference, it was the most successful of its kind that has been held. Some seventy members of the two associations were present, each one filled with plans for a better, greater Maryville College this year than ever before. There was a spirit of cooperation among the body of students that gave evidence of a deep individual consecraton to Christ and to the College. As plans for each phase of Y activity were discussed, the atmosphere of reverence and devotion was so strong that Christ's way of life was considered supreme.

It is all very well and good to say that the atmosphere of the conference was unusually fine or that the unity between the two associations is a splendid thing but if that is as far as it goes, the conference was a failure.

It is hoped that the effects of the conference will be seen all during the school year, but some of the effects are already in evidence. For the first time in the history of the Christian Association of the College, the program of work is exactly the same. The topics for Sunday meetings are identical. This makes possible a larger number of joint meetings between the Associations without a break in the emphasis on the topics discussed by either.

MISS HENRY SPEAKS

The opening session was one never to be forgotten by all who attended it. Miss Clemmie Henry led the meeting. She challenged each one to place his life in the hands of Christ, then to show his sincerity by his works. Miss Henry used the call that came to Peter to do his Master's work for the basis of her talk. The first came by the seaside, and then years later came the call "Lovest thou me?—Feed my sheep''. After Miss Henry had concluded

MARYVILLE COLLEGE FOOTBALL SCHEDULE 1924

Sept. 27th.—Union College at Maryville.
Oct. 4th.—L. M. U. at Maryville.
Oct. 11th.—U. of T. at Knoxville.
Oct. 18th.—Milligan College at Maryville
Oct. 25th.—Saint Xavier University at Cincinnati.
Nov. 1st.—Open date.
Nov. 6th.—East Tennessee Normal at Johnson City.
Nov. 11th.—Carson - Newman at Maryville.
Nov. 22nd.—Roanoke College at Roanoke, Va.

PLAN RECEPTIONS FOR NEW MEMBERS

Faculty and Y Associations To Receive New Students Into Life on The Hill.

On Saturday, the 13th, new students will be made acquainted with people on the campus at the Faculty and Association receptions.

The Faculty reception will occur on Baldwin lawn in the afternoon. Opportunity will here be afforded for an early acquaintance with teachers and professors to all that are new at College.

Y. M. C. A.

The first big social event of the year for boys will take place Saturday evening at 7:30 when the Y. M. C. A. entertains the old and new fellows. It is the purpose of this meeting to introduce the various activities of the college and with this in view the following program has been prepared:

Program

Friendship Council - - - - - - - - Raymond Anderson
Student Council - Jean McMurray
Alpha Sigma - - Dewey Eitner
Athenian - - - James Brown
Student Volunteers, Wallace Merwin
Athletics - - - Coach Honaker
Ministerial Association - - - Charles Johnson
Vespers - - - - Dr. Stevenson
The College - - - Dr. Gillingham

In addition to the foregoing there will also be music, stunts, and eats.

New girls and old girls, are invited to the Y. W. C. A. reception Saturday evening at eight o'clock. Come and enjoy a happy hour sponsored by the best friend you have on the Hill.

Dr. Wilson Greets New Students With A Talk on The Spirit of Maryville

THROUGH THE COLUMNS OF THE HIGHLAND ECHO THE COLLEGE PRESIDENT EXTENDS THE FOLLOWING MESSAGE OF WELCOME TO THE STUDENT BODY. HIS WATCHWORD OF THE HOUR IS ''LET'S GO.''

Welcome to all new students, including the Three Hundred Freshmen!

It is no mere incident, but it is an epochal event in his life when a man enters college. His matriculation day should always recur to him throughout life as a red-letter day in life's journey. May it be so in the case of every one of you.

The old College has been holding forth in Maryville for one hundred and five busy years. Throughout these generations, it has had several unchanging passions: (1) One has been, even at the cost of harassing self-denials, to keep the necessary expenses so low, and to afford so many means of self-help, that students unable to meet expenses elsewhere

(Continued on page two)

FOOTBALL SQUAD BEGINS WORK; 11 LETTER MEN BACK

Orange and Garnet Team To Open September 27th With Union Eleven on Home Field.

COACH FEELS GOOD

Fifty Men Report at First Practice—Work Grows Stiff Under Coaches Honaker And Bond

Maryville prospects for a successful season look bright to say the least. A real fighting machine should be moulded from the eleven letter men who are working out daily. Also there is a host of new material with prep expereince which cannot be overlooked.

The line seems well supplied with such men as ex-captain Thrower, Captain Hamilton, Musick, Schmidt, Shores, Cartwright, Proffitt and Red Brown. Besides these men who have lettered there is Holland, Howard and Puff, all of whom saw active service in last year's classes.

The backfield suffered a severe blow when Hurst and Riskey decided to attend Michigan State Normal but Maryville lost her most consistent ''ground gainer'' when Shorty Sneed graduated. To fill these places and mold a consistent scoring machine is Coach Honaker's greatest task.

The material from which he can select are McMurray, Shorty McCall and Joe Gamble, last year's ball carriers. Lynn McCall, Crawford, Pete Sneed, Franke, Tom Anderson, and Jimmy King are out battling hard for a regular berth.

Coach Honaker is going to have to crack his whip loud and fast to herd his protegees into fighting trim, for the first game is scheduled for September 27th with Union College. Union is not looked upon as an exceptionally dangerous foe but will give Maryville a chance to

(Continued on page three)

LIBRARY MOVED

Transfer of Books to Thaw Hall Follows Growth of Equipment and Demand For Room.

All summer work has been going on in the new library on the first floor of Thaw Hall, and it is expected that the books will be moved some time this fall. Prof. Ellis, the librarian, has classified and catalogued the books, and the library is ready now to give good service to the students.

When the new equipment has been installed, Maryville will have a library corresponding to her standing among the colleges of the south. The large room on the first floor of Thaw Hall will be the reading room. It is large enough to accommodate all the students and give room for future expansion. The books will be kept in the smaller room at the back, except that dictionaries and encyclopedias will be in the reading room for general use.

The fact that the present library building has been so completely outgrown is merely another demonstration of the fact that Maryville is growing bigger and better. The growing bigger and better. The new library will add another strong department, and one that is badly needed, to the advantages Maryville already has to offer.

Albeit the Hghland Echo has lived wthout mishap for some years now, it is with a sense of uneasiness that we enter into another year of college journalism. The way ahead seems a bit shadowed by difficulties to tax our efforts to the utmost.

There is a greater demand upon the Echo staff now than heretofore. In this, the largest year of the College our paper will have a greater number of readers which expect to be pleased, and there wll be a wider range of activities on the Hill to be reported in the news columns.

The standard of the Echo in the past must not only be paralleled this year, but used as a foundation for a more comprehensive program. The law of progress demands that we make this year an outstanding one for the paper.

Moreover, our own ambition urges that we make the year an outsanding date in the history of the Echo. We plan to put into practice new ideas in the line of journalism, we hope to guide student thought in the channels it should go, and we expect to place the Highland Echo high among the institutions on the Hill.

We ask for the backing and cooperation of the whole student body, that as the official student publication of the College, we may serve all student interests successfully throughout the year.

FOOTBALL

A few short weeks will see the great pigskin sport into full swing in the Colleges. Old Orange and Garnet will line up over the ball and scrap to the utmost for victory. Sidelines will cheer with both lungs for the players who battle for every inch of the field. Then we will feel good, and shout Howie Hows all over the place until our throats crack.

In the meantime, hard days of tiresome grind on the fields dusty with the heat, or muddy with the rain will be no picnic for the squad. Their lot will be hard from the start.

One thing is necessary for these fellows to keep up their spirit and work. The students must show interest in the making of the team, and give a hearty backing to the efforts of the coaches and the players.

The loyalty of the students alone will bring victory to the Varsity.

DR. WILSON GREETS NEW STUDENTS WITH A TALK ON THE SPIRIT OF MARYVILLE

(Continued fro m page one)

might here be able to secure a college education. (2) Another has been to build up in all our students that genuine Christian character that enriches its possessor, honors God, benefits mankind, and creates a safe and sane American citizenship. (3) A third has been to maintain the very highest standards of scholarship. For these ends Maryville has struggled, in love and fear of God, throughout an honorable past; for them Maryville will continue to struggle both while you are students and after you have graduated and gone.

Maryville College has these fixed purposes which are unchangeable because founded upon principle. It will not chameleon-like change its colors from time to time to court popularity or to conform to the shifting fancies of the time we live in.

While battling for such noble ideals, the old College feels that it has a right to the unanimous support of its great student-body. It confidently calls upon this splendid entering class of Three Hundred Freshmen and all the other new students and all the old students to lend their loyal support and cooperation to the carrying forward of the absolutely unselfish work of the institution during all the years of their connection with the school as students.

Maryville has the respect and esteem of the public. Its sincerity, genuineness, thoruoghness, and self-sacrificing gnerosity are everywhere recognized. In the cours of four college years—a quadrennium of opportunity and growth—you can make large and most welcome contributions to Maryville's comfort, cheer, and usefulness, by cooperating with those who are giving life and that life contains to the service of the institution that they love better than life.

And now, as he Spaniards say, ''Vamonos!'' Or, as the football boys say, ''LET'S GO!''

SHORT CUTS

M. C.

Hello, folks.

M. C.

Someone mentioned the beautiful and dumb Freshmen co-eds. Where does the beautiful come in?

M. C.

They buy chapel seats, anyway.

M. C.

As a Prof. of the Spanish tongue. Thrower has a good upper lip.

M. C.

Highland Echo of Maryville College and Bond's Echo of Coach Honaker. Both good.

M. C

Coach says he has a lot of iron heads out for the team. Gridiron, uh?

M. C

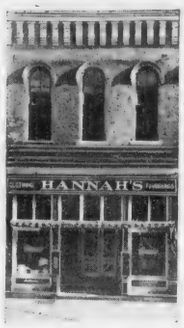
STUDENT VOLUNTEERS MEET ON THURSDAY

If you are one of those Freshmen who have had serious thoughts before coming to college and have decided that of all the things you could plan for, you would choose a foreign missionary's life, why come to the meeting of the Student Volunteer boys and girls at Theta Epsilon Hall at 6:30 Thursday night. If you haven't made that decision yet, but are interested in other lands and their needs in any way, come and visit our Student Volunteer Group just the same.



THE AMERICAN LEGION INVITES STUDENTS TO JOIN IN OBSERVANCE OF NATIONAL DEFENSE DAY

All young men students of Maryville College are cordially invited to join with the American Legion in the observance of National Defense Day, Friday, September 12th.

A meeting will be held at the armory of Battery ''C'' 178th Field Artillery, just back of the Army Salvage Store, at 7:00 P. M. Friday. Officers of the 178th F. A. will form all men present into military units and give a short period of drill and instructions.

L. G. Walker, Commander,
Capt. Emerson J. Lones Post

Coleman-Mackie Co.

DEGREES CONFERRED AT 105TH ANNUAL COMMENCEMENT

Pastors of neighboring churches and numerous citizens of Philadelphia, Pennsylvania have spoken eloquently of the worth of Rev. William Love McCormick, for the past five years pastor of Bethlehem Presbyterian Church, of Philadelphia. That he has made a deep and lasting impression upon the entire life of the great city; that he has rendered invaluable service to the church, to many civic organizations, to the work of the Pocket Testament League, to thousands of employees in the great factories of the city; that he is an outstanding figure in the large and important Presbytery of Philadelphia; and that he is an eloquent and soul-winning preacher of the Word of God, —these are only some of the considerations by virtue of which the Directors have been led to confer upon Mr. McCormick the honorary degree of Doctor of Divinity.

Rev. Charles A. Austin was preparing for a career in Music when he found himself led into the Christian Ministry. He took his college course in Wooster and Williams Colleges, graduating from Williams, with the degree of B. A. in 1891. He took his three years of theological training in the Western Theological Seminary in Pittsburg, graduating in 1894. He then became pastor of the Glenfield Church of Pittsburgh for five years; pastor of a church in the Hawaiian Islands for three years; pastor of a church in Hamilton, Ohio for four years; and has now been pastor of the College Hill Presbyterian Church, Cincinnati, Ohio, for the past eighteen years. His brethren in Cincinnati speak of him as "an outstanding minister of fine Christian and devotional spirit"; of "his great contribution to the Christian life of Cincinnati"; "has found time, tho in a prominent church, to spend much energy in strengthening the weak churches in the Presbytery"; "was invited by Williams College to the professorship of Music in that institution, and to be organist of their great pipe organ"; "a born artist and musician"; "an unusually good rhetorician and a forceful preacher"; "of fine scholarship and an unusual degree of culture"; "no one in these parts has done a finer piece of constrctive pastoral engineering than has he"; "a faithful presbyter;" and, "worthy of all honor at the hands of his brethren.

Rev. William Cowan Broady represents a large number of Maryville's sons who, especially in the earlier days, came from the immediate neighborhood of the institution. Mr. Broady was born and reared almost within sound of the college bell. He graduated from the College in the Class of 1884, with the degree of Bachelor of Arts. He studied at Lane and Union Theological Seminaries, graduating from Union Seminary, New York, in 1887. He was ordained in 1887 to the Christian ministry by the Presbytery of Union, and spent three years at New Market, Tennessee as pastor, and one year as Principal of New Market Academy. He has, however, spent most of his active ministry in the states of Indiana and Ohio. He returned to Tennessee in 1917, and has since that time been pastor of the old Westminster Church, White Pine, Tennessee. Mr. Broady has always been a thoroughly scholarly man and has whole-heartedly dedicated all his powers of intellect and heart to the sacred cause to which he has devoted his life. He has the confidence and esteem and warm regards of his brethern in the ministry, many of whom have warmly commended him for the honorary degree of Doctor of Divinity.

THOSE WHO ADVERTISE

This is for the benefit of old students as well as the new, for it has a bearing on the success of the paper and of all activities.

The business men of Maryville make it possible to publish the Echo by their advertisements, and in turn they expect to get the college trade, and should get it.

Of course it is a business proposition to advertise, but they are interested in the study body to the extent that most of them would advertise even though it were a losing proposition. They back up our teams, support our entertainments, and they donate when called upon for any good cause.

There are lots of girls who will go to Knoxville this fall to buy clothes, more girls than boys, but why should you go there when you can buy just as good things in Maryville?

The amount of money spent in Knoxville by the students each year is alarming, and it really should be spent here with the men who make possible our publications.

As this is the first issue of the paper, be sure and read all the ads, they offer what you want and at a price that is just as good as Knoxville's. Notice the advertisers and buy from them.

There are only a few men in town who will not advertise and they are holding old grudges against classes who have long since passed out. However, this is the present and we don't need their dollar for ads as long as there are fifty more business men who are more long-sighted.

Now students let's back up those who back up us, and trade with the men who advertise.

J'EVER
NOTICE the sweet young
THINGS, better known as girls when
THEY greet each other at the
OPENING of school, how they
CLINCH and their voices reach a
CANARY BIRD pitch which means they
ARE GLAD to see each other again
AND THEN their hats take a tilt for the
WORST at the expense of the other's eye,
J'EVER?

P. G. Camp spent several days on the Hill after attending the Conference at Montvale. Peanut expects to attend the Y. M. C. A. College at Nashville this year.

M. C.

If father did the washing just once!

If every father did the family washing next Monday there would be an electric washing machine in every home before next Saturday night.

For fathers are used to figuring costs. They'd say: "The electricity for a week's washing costs less than a cake of soap. Human time and strength are too precious for work which a machine can do so cheaply and well."

You will live in a new age—an electrical age. Heavy tasks will be shifted from human shoulders to electric motors. Remember the letters "G-E". They are a symbol of service—the initials of a friend.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

GENERAL ELECTRIC

GENERAL ELECTRIC COMPANY — SCHENECTADY, N. Y.

"Y" Associations Hold Conference and Prepare Work

(Continued from page one)

her talk the students responded in a beautiful consecration service. A number of talks were made expressing the desire and purpose of the speaker to accomplish something definite for his Master in the year 1924-25.

REPORTS

The reports from the different departments of the Associations were made in separate meetings. Then the findings of these separate meetings were reported in a joint session at the close of the conference. During these meetings the plans of each department were discussed from all angles and so arranged as to make up a unified program for the year.

SUNRISE BY THE LAKE

Sunday morning as the sun was peeping over the tops of the trees and dispelling the fog of the lake a beautiful prayer meeting was held down by the lake side. The Y. W. President, Miss Mary Tippit led this impressive service.

Some of the sessions of the conference were held on the lawn of the hotel, which made a beautiful and inspiring meeting place.

On Monday morning some of the more energetic members of the conference climbed to Look Rock in time to have a sunrise prayer meeting there in the clouds. Miss Henrietta Smith was the leader.

EATS

No account of the conference would be complete without mention of the eats. Three times a day pretty girls in fresh white uniforms brought out such food as would make one homesick. Needless to say the people who are now enjoying Pearsons found the Montvale eats most delightful.

Dr. Wilson summed up the conference by saying that it was a body of young people met in one accord, and whose ambition is to promote the cause of the Master. Our one great regret is that every one in the college could not attend the conference and receive the soul benefit and inspiration to greater work which those present must surely have received.

The Williams family was well represented here Friday, Baxter, Roger and Jack being on hand. Roger has a position with the Knoxville Construction Company and Jack is enroute to Cincinnati where he will study law at U. C. Baxter, catcher for the Pioneer Champions has enrolled in college.

M. C.

George McCrary visited friends here Wednesday. George plans to attend School of Pharmacy at Memphis this year.

We Deliver the Goods FREE In a Hurry too

Dear Student:

We know of no better way to extend to you a Welcome than through the columns of your own paper THE ECHO, so to one and all, Old and New students we bid you a heaarty WELCOME.

We wish to congratulate you on choosing Maryville College as your field to work in making preparations to meet and master the problems of life as we congratulate ourselves on having such an institution in our town.

We want you to feel at home and that our town is your town while here and that we are with you and The Hill in anything that you may undertake.

Now in order to get better acquainted we have arranged a coupon below which when signed and presented to our store entitles you to a 10 cent drink or dish at our fountain FREE of charge.

As you can see from the cut above we are well prepared to serve you in this line, having a nice new soda fountain, ice cream parlor booths and expert dispensers and table boys to serve you.

Also we have a nice little gft for you too, but we will let you guess what it is until you bring your coupon.

We are located 4 doors below Palace Theatre, so don't fail to sign and clip coupon and present it to us to get a real treat all on The Company.

Again we bid you WELCOME and hoping to see you soon, we are,

Yours truly,

—ROSS —GUY

HIGHLAND ECHOS OF THE PAST

Among the interesting things to be carried for the benefit of the HIGHLAND ECHO readers this year, are extracts from a complete file owned by a former editor, Bob Adams.

Bob is now editor of the Chamber of Commerce magazine in Detroit, and according to all reports is ''sittin pretty'' as far as newspaper work is concerned. He started his career by editing this sheet, out left in the middle of the year 1918 for the Army. Miss Marie Townsend took over the pen and she has the distinction of being the only woman editor the paper has ever had.

The HIGHLAND ECHO was first published in 1915 with ''Red'' Walker as editor and Pat Quinn (now a Maryville lawyer) as manager. Our friend Bob Adams had the foresight to start a file that year which he kept throughout until 1921. Some of the paper's in Bob's file cost him as high as a dollar each. In 1921 he had them bound and is now in possession of one of the most valuable records the college has.

In the near future the Echo will run interesting extracts from this file, and we can see who was making the touchdowns, knocking the home runs, and getting moonshined in the good old days.

Too bad indeed there was no paper when our ancestors were in Maryville, for it would be a sure way to check up on them.

The freshmen who are starting their college career would do well to begin a file and keep it complete throughout their four years. It would not only be a source of reference but would almost take the place of a diary, to say nothing of the value.

WHAT THE CLASS OF '24 IS DOING

Miss Martha Mae Boyer is teaching Expression at DeSoto, Mo.

Shorty Sneed is making himself famous at Harriman teaching science and coaching athletics.

M. C.

Art Kinsler is studyng for the ministry at Princeton Seminary.

M. C.

Jimmy Hardin is studying law at Yale. Jimmy was a welcome visitor on the Hill the first of the week.

M. C.

David King is hard at work for an M. A. at Chicago University.

M. C.

John Nuchols is taking post-graduate work here.

M. C.

Miss Rachel Higginbotham is teaching psychology here.

M. C.

Othel Armstrong is coaching and teaching at Spring City, Tenn.

M. C.

Mason Mann is pedagogically employed in Hinton, Virginia.

M. C.

Senor Sanchez is teaching Spanish in Louisville, Kentucky.

M. C.

Burr Bassel is employed by the U. S. Alumnum Company in the Surveying Department.

M. C.

Miss Alice Johnson is teaching in Jamestown, Tenn.

M. C.

Miss Irma Sherfee is teaching in Sandusky, Va.

M. C.

Josh Proffitt, football star of Prep school days has enrolled in college.

M. C.

Malcolm Miles is teaching in Seven Mile, Ohio.

M. C.

Verton Queener is teaching in Portsmouth, Ohio.

M. C.

Tom Greenlee is teaching and coaching at Pikesville College, Pikesville, Kentucky.

M. C.

Miss Lina Hodges is teaching at Grantsville, W. Va.

M. C.

Miss Dorothy Stivers is teaching Home Economics in the school at Sale Creek, Tenn.

M. C.

Miss Margaret McKinney is located at Birmingham, Ala.

M. C.

Miss Dorothy Dickerson is teaching in Central High School, Chattanooga, Tenn., of which she is a graduate.

"Life" of a Magnet

The life of a permanent magnet magnetized in any manner whatever has never been determined. A magnet made of the best quality steel, properly heat treated and aged and used under the best conditions of service would probably deteriorate only a negligible amount in the lifetime of a single observer.

Town of Banana

There is an African island north of the mouth of the Kongo named Banana, and a town on the island by the same name. It was until lately a station of commercial importance. The building of a railroad to Matada, with the establishment of an ocean steamship line to that place, and the removal of the headquarters of trading firms brought about the decline of Banana.

Checkers

In England the game of checkers is known as draughts; in France, Jeu des dames; Holland, damrod; Poland, dama; in the Arabic of Egypt, damah. The recurrence of the forms of "dame" is attributed to the fact that part of the board and some of the draughts of Queen Hatasu, daughter of Thothmes, who lived in Egypt 1600 B. C., were found.

Produces New Fish

Changing fish to water of a different temperature from that to which they are accustomed will, according to a Danish scientist, after several generations, produce a new type, modified in form and structure, especially in the rays of the fins and the number of vertebrae.

Steam-Driven Plane

Experiments have recently been carried out in Germany with a steam-driven airplane. The steam turbine and boiler, with which the machine is fitted, are much lighter than other types developing an equal horsepower, and thus allow a greater speed to be attained.

Painter "Covered" Many Wars

The famous British war artist, Frederic Villiers, who died recently in London, began painting with the Russo-Turkish war of 1877. South Africa, Port Arthur, Tripoli, the Balkan wars and the World war were all covered by him.

Wheat Feed

Approximately 4,750,000 tons of wheat feeds are annually produced by flour mills in the United States. It would require 237,500 twenty-ton cars or a train about 1,800 miles long to transport this material.

A Good Guesser

The Missus—"Mary, please explain to me how it is that I saw you kissing a young man in the kitchen last night?" The Maid—"Sure, I dunno how it is, ma'am, unless you were lookin' through the keyhole."—Humorist (London)

Seek Harmless Rat Poison

On account of the alarming increase in the use of rat poison for committing suicide, Japanese police and health authorities are seeking a poison which will kill the rodent pests and yet be harmless to human beings.

Knots of Flat Wool

One dress which typifies the wool flower mode now being exploited, is a plain narrow affair of smoke gray wool. On the triangular pockets and in the center of the bodice are, like knots of flat wool, clover blossoms in yellow, green and red.

See Light Far at Sea

Rio de Janeiro is famed through South America for the abundance of brilliant illumination it has at night, and sailors report the glow from the lights may be seen as far as 100 miles out at sea.

Trade at Home

Birchfiel Drug Co.

THAW HALL OPENS FOR COLLEGE CLASSES

With the opening of the school term 1924-25 comes the opening of greater opportunities for Maryville College than any preceding year in her history. These are made possible to a great extent through Thaw Hall. This hall, the newest and hence the most modern on our campus, has already been of great service to us, and during the coming year will be of even greater service.

Had Thaw Hall not been among the buildings on our campus, we could not have realized as soon as we did, the goal toward which we have been striving so long—the admitttance into the Southern Association of Colleges and Secondary Schools. Since we had this building into which the entire prep department could be placed, entirely separate from the college, the only obstacle which has been in our way for sometime, was overcome. After having served us in this capacity for three years, as the prep department is closing, Thaw is coming into usefulness in college life.

The use into which the ground floor of Thaw will be put will probably be of more service to the student body as a whole than any other floor. The museum, library and study rooms, one for the boys and one for the girls, will be on this floor along with the stock room for the library. The furnishings for the library will be of the most up-to-date available—steel shelves made by one of the best firms of its kind in the country, a large librarian's desk, pamphlet and newspaper racks and a great many tables and chairs for study.

The second floor has its classrooms assigned to the professors of language, and the Dean's psychology classroom and lab. The Y. W. rooms will continue to be used by the girls.

May these new classrooms be added stimulus for study during the coming years.

It Looks Like a Text Book; Reads Like a Million Dollars

(Continued from page one)

over 400 years old is in itself enough to make it valuable.

Its age makes it valuable to a collector, but it has additional value to Maryvillians, as it came to the college through Dr. Isaac Anderson, the founder of Maryville College. One does not often find such a rare book any place but in a museum, but here at Maryville we have one that is both valuable and clothed with interest to anyone who is interested in Maryville, and her traditions and ideals.

LOST—On September 8th between station and Court Street side of campus—one pair large shell-rimmed glasses. Return to Registrar's office and receive reward.

COLLEGE INCREASES NUMBER OF FACULTY

(Continued from page one)

we knew her as a student we have no fears about her work as an instructor.

BIBLE

Since Dr. Gillingham finds his time entirely taken up with Theism Mr. Kiger is to have all Freshman and Sophomore Bible. Lookout Freshmen, Mr. Kiger s not a giant but he surely can make it hot for lazy people.

SPANISH

There are two additions to our Spanish Department. Miss Roberta Cresswell of Porto Rico and Mr. NUMBER FIVE Bob Thrower. These instructors are both new in the College department but we know they are capable and expect great things of them.

Those of us who knew Mr. John A. Hyden regret to know of his resignation. Mr. Hyden is going to Vanderbilt and our hearty good wishes go with him.

HOME EC.

News of the illness of Miss Sutton brought regret to many students. Miss Sutton will be late in returning.

MUSIC

The Department of Music bids fair to be the best for years. Miss Zanna Staater who taught voice here during 1914 to 1918 is returning. Miss Staater is a graduate of Cincinnati Conservatory of Music and during the six years of her absence she has studied in Chicago under Vittorio Trevisan of the Chicago Civic Opera. Miss Staater has also done Lyceum work in the northwest under University Extension Department in North Dakota, Wisconsin and Minnesota as well as other parts of the northwest.

Miss Eleanor Crawford returns as assistant to Miss Hale.

Miss Mattie Tedford is also to assist Miss Hale. Miss Tedford taught in the Polytechnic School and post-graduated under Miss Hale last spring. During the summer Miss Tedford did work in the Cincinnati Conservatory winning high praise for the excellent work she did under Mr. Leo Paalz, one of the artist teachers of that institution.

MASTER'S DEGREES

We are glad to welcome Miss Heron back after her absence. We wish also to congratulate her on her recently acuired degree.

Miss Helen Gamble, one of the new instructors in Psychology has also acquired a master's degree. We extend to her a hearty welcome and wish her much success in this work.

The men of the faculty are not the kind to let women get ahead of them, so Coach Bond and Mr. Orr upheld the honor of their sex by acquiring Master's degrees at the University of Tennessee. Aren't we proud of our faculty?

PSYCHOLOGY

Miss Gamble and Miss Higginbotham are additions to the Psychology Department. Miss Higginbotham is one of the class of '24 and we are expecting great things of her.

EXPRESSION

Miss Jennie Elizabeth Edwards and Mrs. Hamilton will assist Mrs. West in Expression this year. Mrs. Hamilton is well known on the Hill, and we are glad to have her again this year. Miss Edwards comes from Mansfield, Arkansas. She is a graduate of Cresccant College in Arkansas and of the Powers School of Expression in Boston.

J'EVER

NOTICE the freshmen who
ARRIVE with that radiating hue
GREEN all over them, yet they were the
BERRIES in the old home village and
THINK perhaps they will be here but
SOON finds that among 700 students they
ARE ONLY spinach and realizing that
VINEGAR goes best with greens they sour on the
WORLD in general and want to be the
BERRIES again but papa sent them to
SCHOOL so the best thing to do is
GET INTO the pot and boil down like
THE REST of us.

ANNOUNCEMENT
WELCOME

We wish to announce to the students of Maryville College that two former Maryville College men, A. C. McReynolds and R. N. Fowler, have purchased WAGGONER'S DRUG STORE and have changed the name to the CITY DRUG COMPANY. We have been connected with Waggoner's and Mitchell's Drug Stores for a number of years and through our continuous contact with the student body, we feel that we are in a position to understand and know your every want and need.

We want to welcome each and every one of you, both old and new students, to our city and to assure you that we are "AT YOUR SERVICE" at all times. We have a complete line of school supplies, stationery, fountain pens, and toilet articles including one of the most up-to-date stocks of rouge, compacts and compact refills you find anywhere.

LISTEN FELLOWS, we are one of you and we know you are interested in Baseball and Football. Therefore we get Baseball scores by "RADIO" every day, so all you have to do to get the returns only a few minutes after the games is to step in our store and glance at our "RADIO SCORE BOARD". We will also get football scores all fall.

Our SODA FOUNTAIN is in charge of "Rabbit" Smith and Earnest Tefferteller, both old fountain men who understand and know how to make your drinks and SPECIALS just like you want them. Come in and give us a trial and hear the

SWIMMING POOL IS NOW OPEN

Hey, Skinnay! Come on in. The water's fine. The pool has been scrubbed, filled, heated(?), and a new spring board is in the process of construction. The pool will be open on the following days:

Boys
Monday 10:30-12:00 m.
Tuesday 3:30-5:00 p. m.
Thursday 3:30-5:00 p. m.

Girls
Monday 8:00-10:30 a. m.
Wednesday 3:30-5:00 p. m.
Friday 3:30-5:00 p. m.

Boys will enter through the general locker room in Bartlett Hall and girls will use the regular front entrance.

College Rule Book Published For Use of Student Body

(Continued from page one)

the principles and, so far as is practicable, the details of the regulations regarding character and conduct that have been found necessary in the carrying out of the aims and purposes of the institution.

On page 2 a Student's Memorandum of Credits Earned is provided, on which a student may "keep tab" of the number of hours' credits earned toward the total requirements of the curriculum; while on pages 8 and 9 are provided blanks for the four college years, on which may be entered all courses taken, and, as earned, all grades, quantity credits, and quality credits. Thus the booklet becomes, besides being a rule book, a valuable personal scholastic record of each college year, and will naturally be carefully preserved for reference and interest in the future.

The booklet was authorized by the Directors of the College. It contains sixteen pages, and carries on its title page the imprint of the college seal.

Football Squad Begins Work; Eleven Letter Men Back

(Continued from page one)

test her strength and an opportunity for the boys to prove their ability.

Maryville has an attractive schedule for her rooters with four games at home against Union College, Lincoln Memorial University, Milligan College and Carson-Newman. Besides she has an open date for November 1st for which a strong team is being sought for local entertainment. On the road Maryville will furnish opposition for University of Tennessee, St. Xavier and Roanoke.

One more thing to be developed before the coming season can be a real success is a loyal, fighting spirit from the student body. The old timers on the Hill are familiar with the Maryville spirit so now it is plainly up to you new students to become true Highlanders and back your teams to the finish.

VOLUME TEN — MARYVILLE, TENNESSEE FRIDAY, SEPT. 19, 1924 — NUMBER TWO

ALPHA SIGMAS AND ATHENIANS INVITE NEW MEN TO HALLS

Saturday Night Programs Will Present Typical Society Meeting to Old Members And Visitors.

REFRESHMENTS PROMISED

Musical and Literary Numbers Will Attract New Students To Society Membership.

How fond we are of reading about the old Scotch clans and their rivalries! Here on college hill we have another form of rivalry which has existed since the foundation of two old competitive societies—the Athenian and Alpha Sigma Literary Societies.

To the new man who has just been introduced to college life but who has become acquainted with literary activites in his high school organization, there is no need for anyone to justify the position that our two societies occupy here.

Dr. Wilson, Coach Honaker, and, in short, every member of the Faculty, have emphatically and repeatedly stood forth in defense of literary and forensic pursuits. In fact it is not at all odd to hear an old graduate say that the opportunity for public speaking, as offered in the societies, is worth the time spent in any college courses.

There is no need, however, to call more witnesses to the stand. Let the societies speak for themselves! And that is just what they plan to do when they assemble in their respective halls after supper on Saturday night.

As an incentive for new members and as a part in the general and intensive campaigning that has been evidenced for sometime, each society will muster forth its strongest forces.

What the Athenians Plan

The Athenians are surely fortunate in securing for their incipient meeting a reading by Hunter Robinette, and a solo by Edward Hamilton. "The Old Maryville Spirit" by Red Brown, and a campaign speech by Dex Graybeal just about complete the program. We would hardly think, however, that that is all, for Raymond Anderson is scheduled for a solo and President Cornelius has promised to warm the hearts of all by his welcome address.

Alpha Sigma Has Warm Reception

It often is a puzzling question to those who have been so unfortunate as to have no knowledge of

(Continued on page four)

FRESHMEN GIRLS LEND ENCHANTMENT TO THE FIRST COLLEGE SOCIAL

Sure, we all went to snap Monday night. Even the Seniors wanted to get acquainted with those pretty Freshmen. The way some of the old timers, whom we supposed would be women haters this year, sat under the trees and talked to the Freshmen girls, would lead one to prophesy almost anything. But you can't blame them, it is a good looking Freshman class.

In fact, it is such a good class the snap hardly did it justice. Four hundred watching about thirty play is not everyone's idea of a good time. Some are going

TWO GIRL SOCIETIES PLAN A FULL PROGRAM FOR OPENING OF YEAR

Thetas and Bainonians Vie For Attractiveness in Eyes of New Girls.

OLD GIRLS ENTHUSIASTIC

Saturday Night Program of Theta Epsilon Will Include Variety of Talent.

Last week saw the opening of school; this week will witness the starting of the girls' literary societies. We have all come here to make the most of ourselves, to fit ourselves to do the best we can with our lives. The literary societies stand forth as one of the greatest aids in doing this, and to get the most out of your college course you should join one of them.

Not only do the societies try to help girls' prepare for the duties of life, but they bring us a hearty welcome and many good times. The doors stand open to welcome the homesick freshmen,—look upon the society halls as places where you will be made to feel at home. We all know what it is to be lonesome and discouraged, and we want to help you new students make Maryville your home. Let us help you start the year right, and give a sample of the kind of service the girls' societies hope to perform.

Saturday night the first regular program of the year will be given. Theta will give a program this week, and all the new girls can visit there. Next week will be Bainonian's turn, and you can form your opinion as to which one you would rather join.

Theta Epsilon has a glorious history, full of service and high literary accomplishment. Her mid-winters have always been of the high-

(Continued on page four)

STUDENTS ADVISED ON STRAIGHT AND NARROW

Thaw Hall Draws Nearer To College as Crooked Paths Are Made Straight.

The straightened path in front of Thaw brings to mind the little poem printed in a book used by the psychology department. It recounts how a calf was lost and wandered about leaving a slight trail. Other animals, and finally men followed its crooked wanderings till a path was formed, and for years men went along that trail, first marked by a wandering calf. There seems to be a similar origin to the crooked path leading to Thaw Hall. Some moonshiners, trying to make the way to class as long as possible, wandered along, making the path that has since been followed by students and professors.

But the crooked path was made straight last Moday, and the freshmen can learn to walk directly to class. If it were at all fitting, a few words of kind advice might be given here. May the freshmen adjust themselves to the new environmnt of college life as quickly as they learn to take the short path to Thaw. A freshman class is naturally a selected group, for it is only the best high school students that go on to college. There-

COACH HONAKER HAS REMARKABLE RECORD

Football Mentor of Orange and Garnet Brought Victory To Maryville.

Four Summers at Illinois

"Hats off" to Coach L. S. Honaker in his fourth year as Director of Athletics at Maryville College. Coach Honaker came to college hill in 1921 from the Southwestern University of Texas. Already a disciple of the famous Zuppke, he has continued his training under that master mind of the pigskin sport and other coaching celebrities such as Gilmore Dobie of Cornell University, in summer sessions at Illinois University.

Looking over our athletic record before the advent of our firey little mentor we find defeat after defeat charged against the dear old Orange and Garnet while the victories were few and far between. Among the student body a spirit

(Continued on page four)

FOUR MID-WINTERS ARE TO BE GIVEN THIS YEAR BY LITERARY SOCIETIES

The literary societies of the college plan to have the usual program of four mid-winters this year. While some agitation on the campus has spread the idea of only two such plays this year, all four societies have recorded a regular vote in favor of a continuation of the old scheme of each organization presenting its individual play in the barrel.

When the proposal was made to the members of each of these organizations sometime last Spring, there was a decided current of feeling against the loss of this distinctive production of Maryville societies. At the same time a misconception gathered in some minds that the faculty had ordered the

(Continued on page four)

POWERFUL FOOTBALL TEAM SHAPING ON LOCAL FIELD AFTER SEVEN WORKOUTS

Maryville Eleven Bids Fair to Excel All Former Varsities. Fair Premise of Clean Sweep Thru Schedule.

STONEWALL LINE MAIN ASSET

Wealth of Material on Squad Compete for Regular Berth On First Line-up Team

In view of the fact that we have a squad of more than fifty huskies working out daily on the gridiron we will predict that Maryville will have the strongest football team ever produced by the Orange and Garnet. Under the coaching of Honaker and Bond and with material like Captain Hamilton, Thrower, Schmidt, Proffitt and some more heavyweights, we can't see how anybody can doubt it.

To get down to the facts we've got a snappy outfit. Captain Hamilton can play either in the backfield or line and put up a classy game in either position. Bob Thrower has been a tower of strength to our line for three years and expects to make a better record than ever this year. Schmidt and Proffitt, old veterans at the game, are out to take care of the guard posts, but Red Brown, Bradshaw and Puff will give them a royal battle for their position. With such men as Howard, Holland, Stone, and Gamble the center position should be taken care of. At the flanks we have Musick and Shores and a host of new material who promise to make these two veterans put out if they keep their places.

In the backfield there is a wealth of material. Among the old men are McMurray, Gamble, McCall and Cartwright who are accustomed to carrying the pigskin across the line. Lyan McCall, Crawford, King, Franke, Brown and Lorenz are the others who expect to make it hot for the veterans before long.

It has been claimed that competition makes a team. If this is true we will have a real team for there are only two mn who practially have their jobs sewed up and these two are Coaches Honaker and Bond.

Strenuous workouts day after day have taken the kinks out of the Honaker protogs and developed into brawn the excess baggage accumulated during vacation. New material continues to drift in and old men are already exhibiting mid-season form. Tuesday afternoon five teams galloped merrily up and down the field running signals and handling the ball. Daily field drill has often been followd by skull-practice at night. Monday, Coach even went so far as to keep fifty or more girls waiting for their sheiks while he drilled said sheiks in the rudiments of the pigskin sport.

Coach Bond has charge of the line-men and is molding a wall that will be hard to penetrate. Pushing the charging machine lightly(?) about the field, tackling and blocking the dummy, passing and kicking the oval and calesthenics in its most volent form has been the fate of line aspirants. Backfield men have received similar treatment at the hands of Coach Honaker. At early season the backfield seemed weaker than the line, but the improvement among old men and the new material has brought it up to equal strength.

With another week of steady practice before an encounter and two easy games to begin the season our pigskin packers should be in great shape to tackle the much-written and talked about and greatly over-estimated Tennessee eleven on Shield-Watkins field and win the victory that was all but ours one year ago.

CAPTAIN HAMILTON TALKS ON FOOTBALL

Complete Backing of Our Seven Hundred Students Needed to Win Games.

Any school can have a football team. Eleven football suits hung on eleven human frames can come on a field with an egg shaped ball covered with leather and call themselvs a football team. But it takes more than eleven men and eleven suits to make a real football team. If it didn't football would have died many years ago. Many students, even those who have tasted the Maryville spirit, do not yet know what makes up a real winning

THAT COURSE OF STUDY

The progress of the school year is marked by periodical signposts in the remarks of the ordinary student about his plan of study. At the first of the year he says, of course he is going to study this year; a month later, he hasn't quite got down to work yet; then, he'll have to start digging pretty soon; just before exams, well, he'll have to make up for lost time; and finally, he will have to do better next time.

And so it goes: not much study, but lots of fun. However, we, without being too inquisitive, would like to ask, just why you come to school. We would not have you overlook the importance of the work of the class room. We would not have you forget the scraping parents back home, or the future career depending on what you do here at college.

Of course, one should enter enter all activities he can, but at the same time lessons should be given at least a fighting chance. There is something lacking in the mind that can not hold two or more ideas at the same time. The one-track mind is a sign of dwarfed intelligence.

LITERARY SOCIETIES

What Does The Year Hold For The Betterment of Literary Work?

After the usual two weeks of propaganda, colored ribbons, and a mad scramble to get new names on the society roll-book, society halls will open on Saturday night. Good programs will begin the year, and refreshments will be the main drawing card of the evening.

The course of events after this date remains to be seen. Possibly a reversal of history may be wrought, yet it is entirely possible that some at least will lapse into lethargic inertia for the remainder of the year, unless there is a reversal of history.

There is indeed something pathetic in the general life of the literary society at Maryville. Last year, the Head of the English department declared that of the two boys' societies on the Hill, one was not a real society at all, and the other half a one. And he wasn't using the length of the roll book as a criterion, either. While older heads are advising students to make good use of societies for self-development invaluable to the graduate, real literary programs decrease in popularity, and sketchy numbers of the vaudeville type supplant the serious orders of the evening. We can almost swell the chorus of pessimists who decry the rising generation for the loss of interest in all that is good.

While we lament this sad state of affairs in this part of college life, we hasten to suggest several means of improvement.

There is of course the universal remedy of hard work. When a man attends meeting upon invitation and is lulled into an uncomfortable stupor by the soporific efforts of a lazy speaker, the occasion is one to be avoided in the future.

We also object to much of this light sort of extemporaneous program frivolity, and so-called informal comedy. It is tragedy, ordinarily. Until a society offers real training value to an intelligent student, he will not be much interested.

Of a more specific nature are these two suggestions. The introduction of scholastic credits, at least quality credits, for work done in the society hall. Possibly compulsory activity along these lines would mean more than some curriculum courses.

The second is the use of society competition to stimulate efforts toward literary achievement. An inter-society contest meeting between the Athenians and the Alpha Sigs would add much interest to the year's work. Also, we believe that an inter-society debate could be promoted this year. This, with a prize contest program of both societies where rival members would vie along the lines of the usual program numbers, would doubtless bring societies more into prominence on the Hill.

We do not believe that the day of the literary society is past. Other colleges enjoy flourishing organizations of this kind. We do believe that new life must be instilled into our four societies at Maryville by the use of new ideas and literary old stuff.

DO YOU KNOW A GOOD YELL?

Of the entire collection of cheers and yells we have used year after year "Howie How", alone is worthy of being called a college yell. "Maryville, Maryville 'ray", and "v-i-c-t-o-r-y" harken back to the days of readin', writin' and 'rithmetic when our team played the Happy Hollow kids.

If you know a good yell don't keep it a secret; tell Shimmy Brown. If you can lead yells, come forward, we stand in dire need of cheer leaders. Let's get busy and learn some new yells to shout forth on that grand and glorious day, when we beat U. T., October 11, 1924.

Charles N. Sharpe, '22 visited friends on the Hill Tuesday. Mr. Sharpe expects to continue his course at the Seminary of Princeton this year.

Clothes appeal to college young men who believe in good grooming

"Students Headquarters"

Walter Swartz, '26, has enrolled as a freshman at Yale University.

Miss Elizabeth Whitlock is engaged in educational work in Porto Rico.

Misses Mary Ellison and Gladys Shelton were the guests of Misses May and Ruth Spivey several days this week.

Miss Jennie Montgomery of Knoxville was a Sunday visitor.

Hobart Ford football captain of '21 and '22 spent the latter part of the week on the hill.

College Observes Constitution Week

(Continued from page one)

entire field of English common law. The right to share in the making of laws, the right to trial by jury, the right to equality of treatment bewe have the early Saxon laws, the Curia Regis, Magna Carta, Bill of Rights, Habeas Corpus Acts and the century and a half previous to the Declaration of Independence, when the first colonies were settled, but fore he law, the right of petition, and the right to have a voice in taxation were all ideas that were old when our ancestors first peopled America. In fact they were so ingrained that neither time nor distance could efface them from their minds.

Accordingly, in 1787, a convention of 55 members was called to meet in Philadelphia—the purpose to make a new constitution that would "form a more perfect union".

Of the fifty-five members only thirty-nine were willing to sign the constitution. Of these only six had signed the Articles of Confederacy.

The brilliant Hamilton, aged 30, was the youngest member while Franklin, a the advanced age of 81, was the patriarch of the assembly. The part played by this sage in the formation of our constitution cannot be too highly appraised or too frequently cited.

No words of commendation come with as much force as those of the grand old man of England, Mr. Gladstone, who says: ''As far as I can see, the American Constitution is the most wonderful work ever struck off at one time by the brain and purpose of man''.

Significant, also, are the words of the great English Historian, Froude: ''the problem of how to combine a number of self-governed communities into a single commonwealth, which now lies before Englishmen who desire to see the federation of the empire, has been solved and solved completely in the American Union.

The chief objects accomplished by the constitution were these:

1. It gave our nation an executive head—the president.
2. It established the doctrine of judicial supremacy.
3. It empowered congress to levy and collect taxes for the maintainance and defense of the government.
4. It gave citizens of the U. S. equal rights in any state and established freedom of trade in all parts of the Union.
5. It guaranteed individual and national liberty by the first ten amendments— commonly called ''The Bill of Rights''.

The intensely practical question is ''What does the constitution mean to you and me, today?''

When we sit down by our firesides, we do so with a feeling of security that could only be born of the knowledge that our government has guaranteed that ''no person shall be deprived of life, liberty or property without due process of law, nor shall private property be taken for public use without just compensation''.

Thus it is that we are encouraged to earn, to save, and to plan for our children knowing full well that even private interests are protected.

No man however high he may be in governmental authority can point the finger at the citizen of lowest degree and say: ''Make this man my servant'' or at the citizen of wealth and say: ''seize this man's property and make it mine''. Thank God, the world is through with rulers who claim absolute authority for their own arbitrary will! This is the land of the free,

"At Your Service"

Alpha Sigmas And Athenians Invite New Men to Halls

(Continued from page one)

Greek to find out exactly what the letters "Alpha" and "Sigma" represent. You will, however, surely learn more than that, and enjoy it as much as a course in eating, if you attend the Alpha Sigma meeting.

It has been rumored that Harry Goulding, the man who thrilled us at the Y. M. C. A. pow-wow with real "Wild" Shooting of Dan McGrew, Jean McMurray will discuss the past, present, and future of Athletics. Realizing that music has an universal appeal, the Alpha Sigma Quartet has planned several selections; and Albert Cook, whose very look has a ticklish grin, is amusing himself with the funny jokes he will give in the Alpha Sigma Advance. President Francis Kinsler is anticipating his welcome address with keen satisfaction. All in all it's great.

Eats Served by Both Societies

The South Sea Islanders used to say, "A man's not complete without the hash". We don't especially care for the last part of this famous quotation, but there's no doubt about the grain of truth it contains.

The eats that each society is preparing to give will make you wish that you missed supper in Pearsons. During this period of unmolested appeasing of our appetites, music will be rendered. A social hour of fraternization and good fellowship will conclude the night's activity.

Freshmen Girls Lend Enchantment to First Colllege Party

(Continued from page one)

to get discouraged and not attend the snaps, if they don't have a good time. You know how the crowd dwindles away as the year advances, so the way to keep up the interest is to have everybody playing. Since the chances of being snapped were so small, no wonder every dark corner and every tree in Baldwin lawn sheltered some moonshining couple.

Another thing—what do you think of the varieties of rouge the girls are wearing this year? It was once thought that rouge was used to replace or heighten one's natural color. Now it is impossible to tell that the girls ever had any natural color. If most of the cosmetics were sold to the navy for battleship paint, everyone would be better off.

The only thing about the boys that in any way equal the girls' war paint, is their present style of dress. Every once in a while some staid and sober fellow blooms forth in balloon trousers, ammunition belt, and half length sweater. Probably everyone that has been in the Dean's classroom has seen the picture of the college student of an earlier day, before and after. If we could return to the conservative style of the college men of that day, it might be an improvement. It certainly would be no degeneration.

In spite of these follies, sundry grass stains, and chigger bites, it was a most enjoyable snap. Let us hope we have many more like it before the year is over.

Coach Honaker Has Remarkable Record

(Continued from page one)

of pessimism and down-heartedness prevailed in regard to athletics. Under these great disadvantages Coach Honaker resumed the task of producing winning teams from the scant material on hand, but in three short years the rise in Maryville Athletic Stock has been phenomenal. Winning teams in all the major sports— football, basketball, and baseball—have given Maryville a reputation thru the South worthy of a school much larger than ours. A spirit of unswerving devotion and loyalty, win or lose, has been developed among the student body to such a large degree that the losses are few and the victories are many. To Coach Honaker we are indebted for this great change that has been wrought; he has put Maryville on the athletic map; his Fighting Highlanders are famous. Again we say, "Hats off to Coach Honaker, a man four-square to all the winds that blow".

Students Advised On Straight and Narrow

(Continued from page one)

fore, it is sometimes hard for the new college student to forget the important place he held in high school, and reconcile himself to being merely one member of a class of 300 in a college of 800.

The secret of working into college life seems simple after one has done it, and it is a shame the new students cannot be helped to see how it is done. Most important is for one not to become disheartened because worth is not at once recognized. Of course you will not be recognized at first for your value, but do not try to remedy it by tales of what you did in high school. College students don't place a great amount of value on high school triumphs, and will not be much impressed. Exert those talents that made you known before, and if you have the stuff in you we believe you have, your name will be secure on Maryville College's roll of fame. Work hard and show us what you can do in college and then you will not have to tell us what you did in high school. It followed, the new walk is the shortest way to Thaw Hall. If followed, this advice is the shortest route to popularity and a good name on College Hill.

Four Mid-Winters To Be Given By Societies

(Continued from page one,

change in the mid-winter program, which they had only suggested.

In order to disnel any doubts which may be loud some of our friends, the presidents of the four literary societies, met in informal committee, and voiced the sentiment of their respective constituents, by declaring definitely for four mid-winters this year. The Misses Ardis and Witherington, presidents of the Theta Ensilon and Bainonian sociclies, and Messrs. Cornelius and Kinsler of Athenian and Alpha Sigma unanimously asserted that their societies desired to give their own play, as customary.

However, mindful of the superfluity of mediocre programs given in the chapel during the school year, the above-mentioned persons expressed the wish that some of these less attractive numbers might be eliminated from the College calender.

There is, indeed, nothing more valuable to the life in the literary society than this one chance of the year for advertisement of its talent and work. There is no more attractive entertainment in the social roster than these famous plays, and there is no dearer memory to a student, than the time spent in one of these dramatic presentations. For these reasons, it is felt that students would much prefer curtailment of social activities elsewhere, than that they lose these literary landmarks of the year.

Captain Hamilton Talks on Football

(Continued from page one.

team.

Who composes Maryville College's football team and what are we playing for? Maryville College has has one of the finest coaches for a school of this size, in the country. Every man that turns out, be he varsity material or not, gets football training. Every player has been taught to stick to it and play for the school. Maryville has very few individual stars. We have a team that plays together as one star. We have the coach, enough suits and plenty of hard men to play the game.

Whether we beat U. T. and Carson-Newman or not, depends, not on our suits, but on the spirit with which we play. We have met some teams who do not believe in training, but who do believe in being sportsmen-like in a game. One of the first requisites of OUR team is good training and true sportsmanship. Everywhere that Maryville plays, whether she wins or loses, she leaves a reputation for being a good bunch of sportsmen. Let us continue that reputation this year.

The Maryville College team is composed of seven hundred boys and girls. A game cannot be won without the best cooperation that these seven hundred football players can give. Get on the side line, rooting for the team; on the campus, helping the Orange and Garnet wearers train; EVERYWHERE, fighting pessimism and rotten spirit, and spreading enthusiasm and the fighting spirit. For our aim this year why not adopt the words of the greatest sportsman in American history—'Teddy" Roosevelt, "PLAY FAIR, PLAY SQUARE, HIT THE LINE HARD!" Then Maryville, seven hundred strong can invade U. T. and stop C. N.

Two Girls' Societies Plan A Full Program For Opening

(Continued from page one)

est class. Last year Alpha Sigma and Theta presented "Smilin' Thru", and it was one of the big hits of the year. Theta has always been noted for her artistic midwinters, and to uphold this standard she must look for an influx of new members to take the places of the old ones who have gone out. Every Saturday night there is presented in Theta Hall an entertaining and instructive program. It serves the double purpose of furnishing enjoyable entertainment and at the same time giving the members valuable training in that gentle art of appearing in public with grace and ease. Saturday night there will be presented a sample of Theta excellence, and all the girls are invited and urged to come. The president will welcome all new girls to the hall and expound upon the worth and accomplishments of Theta. A mixed and pleasing program of music, literary reading and humor will be given. And last and by no means of minor importance, refreshments will be served. Let's see all new girls, all of our friendly rivals the Bainonians, and of course all of the old Thetas out Saturday night!

A week later Bainonian will play the part of hostess for the new girls. She also has a noble past replete with triumphs. A promoter of intercollegiate debate, she has always furnished debaters for the girls' teams, with a wealth of talent she has presented notable mid-winters. With a loyal and active membership she has given many amazing and helpful programs. It means something to be a Bainonian; comradship fellowship and jolly good times. These new members mean a lot to Bainonian, too. Like the cells of the body, old ones must be replaced by new ones if the work is to be carried on. A week from Saturday night you can view a sample of Bainonian's work, and judge for yourself the high quality of the society. All the girls are invited and importuned to come and see what we have to offer.

When one gets away from the heat of partisanship, she will admit that both societies have their own good qualities. The question is not so much which one to join but to be sure that you join one of them. They are a vital part of the school's work, put here to serve a specific purpose. They give one training in public speaking, in dramatics, and in social intercourse. They furnish a bond among their members. If you are a Theta, another Theta seems more than just every girl does. If you are a Bainonian, you belong to a group that exhibits a different spirit than just an ordinary group would display. By all means get into the work of one or the other, and you will count the time spent among the best invested of all your college career. Let's put over the girls' societies big this year.

College Observes Constitution Week

(Continued from page three)

for our constitution was framed to secure the blessings of liberty to ourselves and our posterity.

Further our constitution provides that every man shall have a chance. This is the essence of true democracy. Every citizen or indeed every inhabitant of our nation has a right to rise as high as his individual attainments will carry him, whether he come from hut or mansion.

Again our constitution protects the right of the minority. It does not sanction the judgment that a majority in the wrong makes an action right. The fiction that "Might makes right" spelled defeat and ruin for many an ancient and modern government.

In short the constitution is the citizens best friend. It protects him in his personal liberties as in freedom of speech and religious worship; guarantees his political rights; assures him full payment of all of his wages and the fulfillment of contract; protects his savings; guards his property; protects the sanctity of his family life; and insures him equal rights and privileges as a citizen of our Union.

The constitution is a birthright, for we are born into citizenship in the greatest republic in the world. The constitution is our title to all the rights and privileges conferred upon us by our forefathers.

What a gift! And at the same time what a responsibility! For coupled with every right there is a duty.

They are too numerous to mention in full, but here are some of those of highest rank; as set forth by Munco and evident to all:

To know his country and be proud of it.
To understand his own government and honor it.
To know the laws and obey them.
To be respectful of all constituted authority.
To be loyal in action, word and thot.
To look upon the right to vote as a sacred thing and to use it.
To bear his portion of the common burdens cheerfullly.
To serve in public office at personal sacrifice, if need be, and to regard it as a public trust.
To fight and die, if need be, in the nation's cause.

OLD MEMORIAL GIRLS ENTERTAIN

On Monday afternoon the old girls in Memorial Hall entertained the new girls in that Hall. After all the girls, both old and new, had introduced themselves, ice cream and cake were served. The party then went to the lawn where various groups illustrated a word or object in pantomine. The things illustrated were, "The Covered Wagon", "Chapel Service", "A Skin You Love to Touch", and "Time to Retire". Every Memorial girl was present, forty-three in all. If you don't believe we are a live bunch, take a look at our parlor since we've fixed it up. It's just like home.

VOLUME TEN — MARYVILLE, TENNESSEE, FRIDAY, SEPT. 26, 1924 — NUMBER THREE

A BETTER LYCEUM OF FOUR NUMBERS PROMISED SCHOOL

Frederick Warde Will Appear In Chapel Early in December

A HENSHAW PRODUCTION

Metropolitan Quartette Slated For Entertainment of Variety in March

The Lyceum Committee of the Y. M. C. A. and Y. W. C. A. have arranged a course of four numbers for the season of 1924-25, which exceeds any previous course in quality, variety, magnitude and cost.

With the determination of a poverty stricken student and the buying qualities of a Jew, the chairman exacted a contract from the Alkahest Lyceum System that fairly made the owner 'wince', according to his own words. A short summary of each number will suffice to prepare the students and patrons of Maryville's Lyceum courses for the treats that are to come.

For more than fifty years FREDERICK WARDE has been an eminent actor of the stage in England and America. He has played with the foremost actors on the English-speaking stage. As a student of Shakespearean plays and classical drama, ''The Grand Old Man of The Footlights'', will bring to Maryville a lecture, fascinating and instructive on ''The Actors of Shakespeare''. Mr. Warde, known and loved throughout America and England for his wonderful personality, is highly satisfactory to both popular and critical audiences. He will be with us about the eighth of December.

Sometime during the first of January Maryville will be entertained with William Wade Henshaw's greatest presentation of the season, ''The Marriage of Figaro''. Former Maryvillians have been well pleased by two productions of this

(Continued on page four)

FRED HOPE RETURNS

Fred Hope, the great missionary to Africa, was suddenly called back to his field of work while spending his vacation in this country. A serious fire destroyed a large part of the buildings and houses at Elat, where Mr. Hope is carrying on his great missionary enterprise.

This African missionary was enjoying his vacation at Winona Lake, Indiana when the news reached him of the disaster at his station at Elat. He gave up the rest of his vacation and is making preparations for an immediate return to his post.

Dr. Wilson declared that this has always been the spirit of this man, to give up his personal pleasure for duty.

Fred Hope was scheduled to come to Maryville and speak to the student body on October the seventeenth, which engagement will, of course, not be filled. It is regretable indeed that he cannot return to his Alma Mater and meet the students of today. It has long been the custom of the college to send a yearly gift of money for The Fred Hope Missionary Work raised from voluntary contributions of the students.

A CHECKER CHAMPION

Mr. Mason Morrow, of avoirdupois fame, undertakes to defend, under pain of defeat, and to make good his title of champion of the checker sport on the Hill. He has held this crown throughout his checkered career and glories in his invincibility.

Mr. Morrow, Mason himself, opened the season with a gruelling contest over the board with Mr. Hayworth at the ''Y'' Monday afternoon. Mr. Hayworth admits that he also is good at the game, but that he does not covet the crown at this time. The above-mentioned battle resulted in 6 wins for the master, 4 for the aspirant, and 10 draws. Morrow, with that soft drawl of his, said that he would like to see a tournament arranged in the College.

'25 ENTERS INTO YEAR OF DIGNITY

Class Officers and Student Council Members Elected For The Year

The seniors opened the election season this year by selecting their student council members and electing their class officers. The other classes are following the example set before them by this noble group of future national leaders. As is the custom and law, the very capable president of the Student Council will be chosen from the following senior council members:

Edythe Moore, Dorothy Roney, Ethel Sharpe, Dorothy Winters, Edward Cathey, Edward Cornelius, James King and Harry Gauding.

The officers of the Class of '25 are:

J. Gordon McMurray, - President
Elizabeth Moore - Vice President
Wilson McTeer - - - Secretary
Edward Cornelius - - Treasurer
Mary Lilly Sossomon - - Editor

Cecil Crow, '24 spent a few days on the Hill the first of the season. Cecil is teaching and coaching near Chattanooga.

Miss Margaret McKnney, '24, of Birmingham was a recent visitor on the Hill.

DR. CROTHERS TO SPEAK IN CHAPEL ON SUNDAY

A joint meeting of the Y. M. and Y. W. has been arranged for next Sunday afternoon at 1:30 o'clock in the chapel. Dr. Crothers will address us on the general subject of "The Student and the Church".

Dr. Crothers is known by most of us and we are certain he will bring us a message that will create in us a new respect for those things that are first place in our lives.

Special music has been arranged and we feel you will be highly repaid if you will be present at the meeting Sunday afternoon.

Come, lend us your assistance. Let's go together and make this the best year for the ''Y'' and for old M. C. they have ever known.

Everybody Out!

Let's everybody out and watch our team clean up with the players in the Union uniforms.

HONAKER OUTLINES FEW COMMON RULES ON GRIDIRON SPORT

General Knowledge of Game Makes Better Rooters and Sportsmanship

NEW KICK-OFF RULE

Common Fouls and Their Penalties—Qualities of Good Sport

By Lombe S. Honaker

It is often the case that lack of interest in Athletic contests comes from a lack of knowledge of the simple rules of the game.

It is just as often the case that instances of poor sportsmanship come from this same lack of knowledge of the rules of the game.

Many players and spectators can tell of instances where officials and players have been criticised in a very severe manner by some fan who was really displaying his own ignorance of the rules of the game. At other times this same fan was displaying his own lack of sportsmanshin in that he could only see the faults or fouls committed by the opponents.

In reviewing a few of the simple rules of foot ball I do so, first that the student body may know better and appreciate more highly the game of foot ball and, second that knowing the game better they may also be better sports at all times and thus increase the popularity of that greatest of all games.

The games this year are started by the ball being kicked off from mid-field instead of from the forty

(Continued on page four)

ECHO TO MIX IN POLITICAL FRAY

Presidential Campaign Permeates The Campus And Stirs Up Political Propaganda

You're sure right, big boy; this small town stuff has got to be shoveled up in a little pile and made to blossom out into some vast world-vision stuff. These financiously embarrassed stuents has also got to be made wise about this common sense and common honesty contest, and why they don't go together.

In other words, the Highland Echo plans to carry on a campus campaign after the style of the coming presidential election. During this week there will be a sort of straw vote on Coolidge, Davis, and LaFollette in the two boys literary societies, and in the ministerial association. The outcome of this vote will be secret until made public in the next issue of this paper.

Along this same line, we shall be occasionally favored by real campaign propaganda such as the debate scheduled Saturday on the coming election, between Stockton and Paulsell. In the near future, Mr. Albert Griffitts will delineate on the dope in Alpha Sigma.

The activities of this week will only mark the beginning of this campaign conducted by the Echo. We, provided we have the cooperation of the students, will make this a real affair for the College. Watch next week's issue for results on our early straw votes, and the dope for the coming weeks.

ATHLETIC BOARD ELECTION

The election of officers of the Athletic Board of Control for this year will be held in the chapel after supper on Tuesday.

Mr. Schmidt, the retiring president, will preside at this meeting. There are to be elected a president a vice-president, a secretary, together with two men and two women representatives from the student body. All students of the College are eligible to vote in this election, and it is urged that every one come out and see that the right people are placed in office. There will also be the selection of two town representatives by popular vote, to serve with the students chosen. Dr. McMurray and Coach Honaker serve on the Athletic Board of Control, representing the faculty.

PEP MEETING FOR GAME TOMORROW

Snappy New Pep Committee Will Run Things In General.

The first pep meeting of the year will be held tomorrow night in the chapel immediately after supper, with the new pep committee in charge. There is a lively bunch on the committee ths year, so everybody be there to see their initial work-out. It is composed of Red Brown, Shimmy Brown, Dex Graybeal, Raymond Anderson, Georgia Belle Kuhn, Sara Sheffield, and Coach Bond and Prof. Radcliffe, experts in plain and fancy cheer leading.

After your pep is aroused, save it for the game Saturday afternoon. We play Union College, and it is rumored they have a strong team. Forget about that moonshining, and come to watch the game and help win the victory. Orange and Garnet needs the support of every student if this first game is to be the victory it should be.

The band has been doing some loud practicing, and will be at the game to liven things up. We get to see a football game every Saturday for three weeks, so everybody out to make the most of them.

GRADUATE IN VERY SERIOUS CONDITION

Report reached the Hill Monday that Hugh Clabough, of the Class of '24 was run over by an automobile Sunday and was not expected to live. Hugh has been teaching in Gurley, Alabama, and Sunday his father received word to come at once as Hugh had been seriously injured in an automobile accident.

The message stated that the doctors would try to keep him alive till his father arrived, but at this writing nothing further has been heard. He was struck by a heavy truck.

But now the times have changed somewhat
Along a different plan;
A dear with powder on her nose
Goes forth to hunt a man. —Ex.

VARSITY LINE-UP OF PROBABLE MEN PICKED FOR GAME

Hard and Fast Work On Field Develops Whole Squad

LAPS TAKEN DAILY

Large Number of Freshman Are Working For Distinction

You just can't help but notice the different atmosphere out at Wilson Field these days. Other Orange and Garnet squads have been on the bucking machine, others have run through a few signals and caught a few punts, but just the same there is something different out there and any old grad or rail bird who has watched them drill will tell you the same thing.

It may be the presence of Coaches Honaker and Bond or it may be the large squad of Freshmen who are anxious to uphold the records that have preceded them from various prep schools. Whatever it is it is showing up in the men and there is hardly a dull moment from the time the fellows arrive at the field until they rush off at six o'clock.

The dummy always receives its share of attention while a few of the better kickers have been sending the pigskin up. Hamilton and Shorty McCall have been receiving considerable attention, the former showing the best form of any of the men on his kicks, several of which were good for fifty yards or better. McCall, handicapped on account of injuries last year is showing improvement over his 1923 work and should make a real drop kicker.

All the athletes from Big Bob Thrower down are forced to take their four laps around the field. Condition is going to play a big part in the success of the Orange and Garnet eleven this year and the two mentors are beginning early.

The Union College eleven will

(Continued on page four)

GLEE CLUB TO START

''Hail, Hail, the gang's all here''

It won't be long until a try-out call will be given for men who wish to join the Glee Club. The prospects for a steller organization of men's voices are better than ever before.

Considerable new material is on hand and the new men will make the old artists work hard to hold their places.

The club is unusually fortunate in being under the personal direction of Miss Staater, head of the Voice Department. Miss Staater is an enthusiastic glee club worker and organized the first chorus to go on tour from Maryville.

It is hoped a trip out of the State will be included in the tour this year and business manager Joe Gamble is busy with these plans.

Membership in the Club this year will mean you have the goods and can deliver them. The aim of the club is quality rather than quantity. If you plan to try out for a place, warm up now and be ready when the call comes.

The latest report has it that men will have their voices tried by Miss Staater during this week.

THE HIGHLAND ECHO
Issued weekly by the students of Maryville College

Subscription Price - $1.25

Entered as second-class matter in 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

TENNIS COURTS

In these days of blue sky and cool breezes, it is not altogether fitting and proper that most of our tennis courts should lie unused. We do not think that they have been altogether forgotten, just that people are waiting for cold weather to set in before the courts are fixed.

If our courts were fixed and ready for use at the present time, we have no doubt that they would be more than crowded. As it is, we all prefer to wait, cherishing the vague hope that maybe some sweet day the weeds will feel that they are no longer wanted, and will slink away with their tails between their legs.

In the meantime, somebody might get together and have the whole place cleared for action in no time. Then more people could have a good time while getting the benefit of some real exercise.

THE OLD PEP

Everyone is matriculated and started to classes now, so we should begin to arouse that old pep that Maryville has been noted for in the past. The first football game is next Saturday, and we want to show the boys how much we believe in them and are back of them. Maryville is famous for the way in which she stands behind her teams, and we must not let that name be sullied this year. Knoxville people still talk of the fighting pep of the Maryville rooters—pep that never knew when it was beaten, but kept fighting to the last ditch. U. T. has come off her football field victor, but never has she downed the Maryville spirit that hangs on like grim death, even with defeat lurking near.

That has been Maryville pep in the past, and so will it be in the future. Saturday begins another year of athletics, and if it is to be a glorious one, we must stir up and keep going that same old Maryville spirit. The football team is working to the limit to be able to put up a good fight this year. The fellows are doing their part to uphold Maryville's name, so it is up to the rest of us to do ours. Let's all be out to the pep meeting Friday night, and bring all our pep with us. Then let's go to the game Saturday, and yell like we meant it. Then let's keep up that pep: encourage the fellows, let them know you're back of them; and above all, don't knock! Last year was fine, and why not better it? If you don't like the way the team is being run, ask the coach to let you try your hand at it. If you don't like the way a man plays, get out and show him how it should be done, don't stand around the drug store telling about it. Anyone can find fault, so let's try something else. Let's start that old Maryville spirit and keep it going, and show ourselves to be true Maryvillians!

PHONY BUSINESS

In about eight months the Seniors will pass beyond the Maryville gates to conquer the world in business and other activities, and this class, as all others, thinks it will leave Maryville better than they found it.

Yet these seniors had better others, think they will leave with any such impressions, for on last Tuesday morning the ''committee'' on invitations did what other ''committees'' have done and in so doing cast a blot on their class.

The business men of Maryville make it possible to have the Highland Echo, the Chilhowean, and the Hand Book, each year through their advertising. These are college publications that cannot well be dispensed with, yet the students are going to wake up some day to find that the necessary ads cannot be obtained, because they have not played fair.

This year's Senior class obtained their sweaters, their rings, and now their invitations without giving the local business men a chance to even BID on them. The business men of Maryville have the college interests at heart and would make the lowest possible bid for anything of the kind, yet the upper class ''committees'' swallow hook, line, sinker, and all from some stacomb sisters who blow in from Kentucky, in less than two hours.

In 1923 a local concern got the contract for the invitations and did a job that was a credit to the college as well as the company. In making these leather invitations it is necessary to have a steel die made, which is very expensive. The local concern still has this die which could be used, yet the Senior class ''hooked'' the Junior Class into paying $50.00 (half of the price) of the die to be used this year, therefore the invitations will be taken to Kentucky for two years.

In 1923 the local concern made 823 leather invitations for 38 cents each and 504 imitation leather at 18 cents, the cost of the die included. This outside contract calls for leather invitations at 60 cents and paper at 25 cents, while leather is cheaper now than at that time.

According to the chairman of the Junior committee who signed the contract, the price paid for the die will be included in the 60 and 25 cent invitations, which is not so bad as if it were extra, but the Juniors are ''stuck'' nevertheless.

I am not a Senior and what the Seniors do is none of my business, but I hope by the time I am a Senior I will learn enough not to bite for every traveling salesman's line that comes along; and I hope I will at least give my neighbor a chance rather than a stranger, for it is my neighbor that gives the football boys their blankets, that gives them banquets, and responds to every worthy call from the students.

Think this over.

—Business Manager.

BIG HOUSE PARTY OF MARYVILLIANS

Progressive Affair Opens At Home of Miss Rockett And Ends at ''The Narrows'' Birmingham

July the 10th marked the beginning of a delightful house party for a merry crowd of M. C. students. Four fair Memphians, namely Misses Vashti Thweatt, Mary E. Clements, Sarah Witherington, and Virginia Witherington were greeted at Birmingham by a large delegation consisting of Misses Christine Rockett, Babbie Blair, Margaret McKinney, Agnes Houghton, Henrietta Jackson, Lois Hayes, Mary George Reid and Messrs. Donald Taylor and ''Red'' Hayes.

The opening event of the celebration was a delightful theatre party with Miss Christine Rockett as hostess. A general survey of the city was made the following day. A reception attended by more than fifty guests was given that evening. The next day an outing at Cahoba River was enjoyed.

The scene of the party then shifted to the home of Miss Margaret McKinney. The first evening there was pleasantly spent at East Lake Park. Sunday services conducted by the Reverend Jarvis Cotton, an old Maryville graduate, were attended by the young people. A sight-seeing trip through Birmingham was enjoyed in the afternoon.

Monday morning the party moved its headquarters to the home of Louise and Hattie Hayes at Woodstock. A moonlight picnic at Reno Lake Monday evening was followed by two charming parties Tuesday. Pine View Beach was the scene of the next outing.

Wednesday the party motored to Tuscaloosa. Professor West of the University of Alabama conducted them through the insane asylum but luckily not a member of the company was detained.

The party then returned to the home of Henrietta Jackson where other delightful episodes were written in the history of the trip.

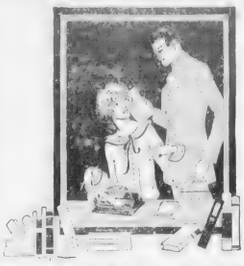
Saturday was spent at the home of Agnes Houghton where the whirl of social activities was continued. Mary George Reid entertained the company Sunday. The seventh lap of the journey ended at the home of Babbie Blair. Fifteen couples enjoyed a dinner party there that evening.

The last evening was spent in ardent moonshining at the most beautiful spot in Birmingham, ''The Narrows''. The following day marked the end of the series of events that will remain in the minds of the young people as glorious memories of college days and college friendships.

RESOLUTIONS

Whereas, God in his infinite mercy and loving kindness has called unto himself the brother of our beloved classmate Monroe Wells,

We, the Fourth Prep Class of Maryville College do hereby extnd to th bereaved family our sincerest heart-felt sympathy.



Be it further resolved, that a copy of these resolutions be read in Chapel, a copy be printed in the Highland Echo, and a copy be sent to the bereaved family.

Signed:
John Brown,
Eva Hughes,
James Cunningham.

September 23, 1924.

Ralph Stobb, '27 and Miss Martha L. Hamilton, '20, were married at the home of the bride, McKenzie, Tennessee, September 4th. After receiving her B. A. here in 1920 Miss Hamilton entered Cornell University where she received her M. A. degree. The happy couple is occupying a suite of rooms in Dr. Wilson's residence while Mr. Stabb continues his course here.

Four Literary Societies Open Year's Work With Good Programs

The four Literary Societies began their activities Saturday evening with interesting programs. More good programs are in store this week. Do not fail to attend the meetings.

Theta Epsilon

While Theta does not meet until Saturday a week, this quiescence is not to be misinterpreted. Theta has a warm heart for all the new girls, and is impatient for the time when her first program will give material evidence of her feelings. New girls will find this society one of friendship and ideals.

Bainonian

Fifty years ago a group of girls at Maryville College were talking over the campus problems. Such expressions as ''unfair'', ''double-standard'', ''equal chance'' were used frequently. The next startling event was the organization of a girls' literary society. ''Bainonian'' as this new speciman was called, seemed to be akin to the amoeba or some other one-celled animal, for she grew and grew until when fully developed she divided and became two! And this one of the thrilling things in the history of Bainonians.

But girls, what do you suppose that early society was like? Did they read long dry papers on the ''Likeness and Differences of Tennyson and Chaucer''? Perhaps they had debates on such subjects as "Anticipation exceeds Realization"; ''It is better to live on second floor than on first, in Baldwin''; perhaps they only sat in straight-backed chairs and talked while their fingers fashioned some dainty sampler. Who knows?

Now if you are really curious as to young ladies' Literary Societies in 1876, there is one good way to learn about them. Come to Bainonian Saturday night. There will be an interesting mixture of the old and the new. Whispers are going around about a *very modern* play as well as something about life in New York during 1875. Bainonian invites each and every girl to join with her in the celebration of this her Golden Anniversary.

Athenian

All those who enjoyed President Cornelius' speech and the campaigning eloquence of Hon. Andrew Gump last Saturday night will be assured of as good a literary program next Saturday night. Two veteran debaters, Otto Paulsell and John Stockton, will debate one of the leading questions of the day.

From the quality of music rendered last week we can expect an equal treat from Julian Johnson, who will entertain us with a violin solo. The last part of the program will be unique and interesting. Come out and see for yourself what this is.

We again extend a cordial invitation to all new fellows to visit our society.

Alpha Sigma

Saturday evening Alpha Sigma opened its door of welcome to old men and new, and presented a variety program enjoyed by everyone.

Mr. Merlin Usner offered the invocation followed by a ''Welcome Address'' by President Kinsler in which he set forth the ideals and traditions of Alpha Sigma. A reading by Harry Gauding, selections by the Alpha Sigma Quartet, an interesting discussion of Athletics by Jean McMurray, and a collection of humorous stories given by Mr. Albert Cook, all contributed toward making a highly enjoyable program.

Last came the eats—nuff sed.

The program for next week promises to be of the same high type. Merlin Usner will expostulate on the ''Maryville Spirit'', Albert Griffiths and Julius Huffman will engage in a forensic duel on some vital question. Mason Morrow will render a piano solo. Wilson McTeer will speak on ''Hi-Trails''

Fellows, we expect great things of Alpha Sigma this year and want the greatest number possible to enjoy the advantages offered in our society. Don't fail to attend Saturday evening.

A Better Lyceum of Four Numbers Promised School

(Continued from page one,

artist, ''Cosi Fan Tutti'', and ''Don Pasquale''. This ''all star Grand Opera cast'' with twelve members, plus the Chamber Orchestra, brings us an ''Opera Comique'' full of plots and counter plots which with intrigue and disguises keep one guessing, and the audience is kept in a continuous stream of laughter when not entranced by the rapturous strains of music.

The Smith-Spring-Holmes Orchestral Quintet is a company of high class musical interpreters containing two noted composers as well as eminent soloists. Their program, which comes the latter part of February, contains many ensemble numbers, trios, duets, solos, presenting artists on the saxaphone, trombone, cornet, violin, 'cello, flute, basset horn and piano.

March will not only usher in spring but the Metropolitan Quartet which is considered the greatest male quartet in America. Each of he members are well known soloists, together their voices produce effects that rival the tones of the pipe organ. A large repertoire, including sketches, dramatic readings and other features will bring us a program with many classical arrangements as well as popular and semi-popular groups.

Maryville College always tries to give its students an all-around education. The Lyceum Committee has arranged its course in accordance with the Maryville spirit and ideals. It is hoped that the students will profit by the instruction and entertainment.

Varsity Line-up of Probable Men Picked for Big Game

(Continued from page one)

help the Highlanders pry off the lid of the 1924 season when they tackle the local boys Saturday afternoon on Wilson field. Union boasts of a strong team this year and expects to give us a real battle, The Union boys have been working out ever since the first of September. While they may offer us stiff opposition our backfield will rip-up, circle or plow through anything that happens to be in the way.

Probable line-up for the Union game:

Center—Holland or Howard
Guards—Schmidt, Proffitt, or Brown
Tackles—Capt. Hamilton and Thrower
Ends—Musick and Shores
Full Back—Gamble
Half Back—McMurray and Franke.

Stone, Bradshaw, Bell, Brock, Puff, Cartwright, Wilson, Lynn McCall, Prince, J. Brown, Givens, J. Crawford, Sneed, King and G. Crawford will probably get in the game.

Hcnaker Outlines Few Common Rules On Gridiron Sport

(Continued from page one)

yard line as before. The ball must be kicked from a position flat on the ground, no tees being allowed. If the kick crosses the goal line it may be run out or be downed and go as a touch back to receiving side, they putting it in play on their twenty yard line. A touch back does not score points for either team.

The foul for off-side, the most common in foot ball, is punishable by a five yard penalty, and if committed by the offensive team the down and point to be gained remains the same, but if committed by the defensive team it gives the offensive team first down regardless of preceding downs. In case the offensive team makes a gain of five yards or more they may refuse the penalty and elect to take the gain.

A few of the fouls which are punishable by a five yard penalty are: 1. failure of substitute to report; 2. Attempt to snap ball or draw opponents off side. 3. Calling time out more than four times in each half. 4. Unreasonable delay of the game. 5. Interfering with opponents before ball is put in play. 6. Holding by defensive team, or running into kicker.

Fouls drawing a fifteen yard penalty, there are no ten yard penalties, are: (1) A substitute talking to players before one play has been run. (2) Interference with fair-catch or tackling player who has made fair catch. (3) Use of hands, as pulling, pushing, holding by the side in possession of ball. (4) Roughing the kicker, tripping, piling up, clipping, hurdling tackling out of bounds. (5) Unsportsmanlike conduct or use of abusive language.

In case a player is disqualified for rough playing, or for unsportsmanlike conduct whether it be an offensive or defensive player, his team is penalized half the distance to their own goal line.

One important point for students to remember is that officials as a rule are trying to be fair and render correct decisions. Anyone will make mistakes but we must at all times consider officials square unless they prove themselves to be otherwise. Be a real sport whether you win or lose.

Oliver Wendell Holmes:'' To brag a little—to show up well, to crow gently if in luck—to pay up, to own up, and to shut up if beaten, are the virtues of a sporting man''.

A GOOD SPORTSMAN

1. Plays the game for the sake of the game.

2. Plays for his team and not for himself.

3. Is a good winner and a good loser—i.e., is modest in victory and generous in defeat.

4. Is unselfish and always ready to teach others.

5. When a spectator, cheers good plays on both sides but never interferes with the referee or players.

You can
Always tell a
SENIOR;
But,
you can't
tell him much.

SPORT SPASMS

The football men have the spirit and are already pointing to the University of Tennessee game October 11th.

Saturday was a hard day for the footballers; five men were knocked out in scrimmage.

Hobart Ford and Cecil McLaughlin, two old Maryville stars paid us a visit before they entered University of Tennessee Medical School at Memphis.

Kenneth Clemens, last yar's center will also enter the Med. school.

We think that right now would be a good time for our classes to adopt resolutions to the effect that they will be good sportsmen and not razz any opposing players or the officials.

It has long been a rule of the ''M'' Club that no letter or sweater of other schools shall be worn on the college grounds. Of course if you turn the sweater wrong side out or wear the letter on your back it will probably be allright.

We can't see why some of the boys don't start working out for cheer leader. A good cheer leader has won many a game.

Frank Chandler, old ''Poly'' star, has entered school and is out to give some of the boys a battle for fullback.

Since Coach Honaker said that a bowlegged man was hard to tackle we hear that a few of the boys have been sleeping with a pillow between their knees.

They tell me that U. T. is expecting a real battle from us. If we really back our team they will probably get more than they are looking for.

One of our Freshmen breezed in and asked Manager Courtner for a football suit, and replied to the question: ''Have you had any athletic experience'', by saying he had worn athletic underwear for the last three years.

Musick, McMurray, Thrower, Schmidt, and King are seniors who are out for football. Let's everybody get behind the team and make their last year the best of them all.

Miss Martha Mae Boyer will enter the teaching profession this year, and has been engaged to instruct in her own home town High School at De Sota, Missouri.

Mr. James Chapman will return to his home after a week of ease and pleasure spent at the College with his friends.

The Glee Club will regret that Mr. Chapman does not plan to stay at the College for the year. He plans to continue his studies elsewhere with a medical course.

HOLD THAT LINE! ATTEND Y. W.

What girl is there among us who does not long for joy in her life—the fullest, truest, most real and constant joy possible? And yet how many there are of us who do not know just how to have that joy! To those who attended Y. W. last Sunday the way is clear. God spoke to us there through our beloved Miss Clemmie Henry and showed us that only through prayer—vital, definite and constant communion with our Master can this joy be realized. At the close of the meeting a scene entitled ''The Gleaners'', was given, showing one ytpe of worship in Bible times. The meeting was quite strengthening to all who were present and we felt a deep regret that every girl on the Hill was not there to share in the benefits of the meeting.

FROSH ELECT OFFICERS

The largest Freshman class in the annals of the college met Saturday under the leadership of Salmon Brown to elect officers. The following officers were elected: Lynn McCall, President; Miss Elizabeth Hannah, Vice-President; Miss Prickett, Secretary; Red Smith, Treasurer.

Mr. McCall observed after his election to office that this is the largest Freshman class he has been in up to date. He should be possessed of much useful experience.

When a Maryville man says ''I'm going to be frank with you'', we know we're going to hear something disagreeable.

Miss Virginia Paulsell, of the Class of '25, has decided to spend a year teaching instead of returning to graduate with her class.

COLLEGE PRESIDENT AWAY

Dr. Wilson left on Monday for the East. He will be engaged in committee Work of the Presbyterian General Assembly. He will visit both New York City and Atlantic City. He will return to the College on Saturday of this week.

The Highland Echo

Official Student Publication of Maryville College

VOLUME TEN | MARYVILLE, TENNESSEE, FRIDAY, OCT. 3, 1924 | NUMBER FOUR

FOUNDER

Of Alpha Sigma Tells Of Early Meetings

DR. JOHN GRANT NEWMAN OF PHILADELPHIA, PA.

Recalls Fellow Students as Charter Members

And Relates Stories of How Society Debates Used To Be The Real Thing.

By Dr. J. G. Newman

(The following article is taken from a personal letter of Dr. Newman to the Highland Echo.)

Now if you care for it, you may have a paragraph or two about the Alpha Sigma Literary Society.

And to begin with, let me frankly say that it was just a ''happen so'' that I was that Society's first president. It was not because of any qualities in me that fitted me for that office. But some one had to be the first president! I happened to be the one.

There were nine of us who enrolled as the Alpha Sigma's charter members: David Heron, of beloved memory was, as I think all the others would agree, the most prominent. For he was a Senior that year, 1882. Herman Goff, always happy, was one of the nine.

There too, was the witty Abe Greer, John Wallace, the clean scholar was one, Jim Davis, and Will Hastings were of the number. Sam Rankin, if I am not mistaken was one of them. These, with one whom I do not recall, and I, made up the nine.

All these young men, except Wallace, had been members of the Animi Cultus Society which in the winter of 1882 had disbanded owing to ruling of the faculty concerning the Societies, which ruling was displeasing to the Animi Cultians. In the room thus vacated, the Alpha Sigma was organized in the spring of 1882. That room is now your happy and peaceful home.

When the Alpha Sigma was born there was no furniture of any kind in the room except two old long benches. Not a chair; no table or desk; not a light of any kind; the straw that had been under the Animi Cultus' carpet was still on the floor! That was the way the thing then looked, of which I was elected to be the first president!

(Contnued next week)

MINISTERS

Meet Every Wednesday To Carry on Work

Every man has his position in the world. What's yours, then?

We have a purpose—the Ministerial Association. Association implies identity of interest. Our interest is mainly in Christianity. In it, we believe. Belief, however, leads to discussion. Discussion fosters knowledge and knowledge prepares the talents of man for use.

In our meetings on Wednesday you are given the privilege of exercising those gifts of yours.

Devotionals by Robert Wood, a solo by Howard Frame, a reading by Paul Meikel and ''Impressions of Church Life in the North'' by Wick Broomall, Jr.—these give some idea of our programs. Come and see.

MISFORTUNE FOLLOWS

Evening of Pleasure at The Fair.

''Bobby'' Clopton, well known Maryville student, took in the Fair at Knoxville one night last week, in company with a town girl. He had a good time, in fact he had such a good time that he missed the last car for Maryville.

Finally ''Bobby'' left the big city, and took the street car for Maryville. It brought him as far as Vestal, then he had to walk. He was picked up before reaching Maryville, so he didn't miss his breakfast. No one knows when or how the lady got back. The moral is perfectly plain, of course.

If you don't moonshine with the town girls you save yourself lots of trouble.

SNIPE

Season Opens With Big Hunt By Students

MR. NICKLES INITIATED INTO ART OF GAME

Waits So Patiently For Animals to Come.

After Many Matches Are Wasted, Hunter Returns Without a Prize.

The snipe hunting season opened the other night when some friends took Mr. Nickles out to the creek beyond Professor Bonds, to try to catch one of those wary birds. This young Nimrod has a very strange idea of a snipe, thinking it to be a four-legged animal with hair on the fore part of its body, and feathers on the hind part. He was stationed on the bridge across the creek, and the rest of the party went over into the woods to scare up a snipe. They were to chase it down the creek, and their ally on the bridge was to catch it in a sack. He was told to light a match when he heard the snipe coming, and the light would blind him so that he would run into the bag without seeing it.

The party searching for the snipe was not very successful, but the new Horatius kept the bridge from eight o'clock till ten. He kept lighting matches for two hours, but no snipe made its appearance. In the meantime, the others had given up finding a snipe on such a rainy night and had come home. Finally the hunter on the bridge burned all his matches, and giving up the hunt waded through the mud back to town. Members of the party remarked that this is one of the sportiest games of the college, and they hope that this one unsuccessful attempt will not discourage those who have hopes of excelling in this sport.

We don't want to make you feel bad but we do want to tell you what a good time we had Saturday evening. The occasion was Miss Dixie Baker's brthday, the place was the Maryville Bakery, and the time was six thirty.

A delicious five course dinner was served to the following guests, Misses Dixie Baker, Ruth McGaw, Mary Huffman, Edythe Moore, Rebecca Torry and Rachel Higginbotham.

SECRET

Football Practice Is Ordered By Coach

UNION GAME LAST SATURDAY AFFORDS PRACTICE

And Numerous Stars Make Stands Go Wild.

Both Tackles Look Powerful; Shorty Stars at Quarter, and Cartwright Runs Sixty Yards.

With the Tennessee game only a week away, Coach is getting serious about training his squad and has ordered secret practice all this week.

A hard-hitting, fast moving collection of team work was the impression of all who saw the game Saturday. That was the impression the Union players got for they received the small end of a 103 to 0 score. This also was the impression Coach Banks and eight of his players of University of Tennessee, for they were on the side lines to look us over. In two weeks they will probably think even more of our team, for our chances to beat them were never better and we intend to take advantage of our chances.

Union College didn't have a bad team. Maybe they weren't as big as Bob and Ham and they couldn't run interference like Franke but just the same they had a good team and didn't stop fighting until the game was over.

We not only have a football team but a whole outfit. A trio of quarter backs, three good fullbacks, a whole flock of halfbacks, four classy ends and tackles, a host of guards and a trio of centers.

Captain Hamilton and Thrower

(Continued on page four)

A GOOD COURSE

In Coaching Provided by Coach

We all have grown pretty discouraged with these courses in dead languages and child psychology. It is about time that modern enlightment should set up some more practical studies, such as a course in moonshine, or a professorship in tennis.

However, our gloom is somewhat lightened by our coaching course in which the coach tries to show the class a good time. When the boys look tired, he resorts to comedy and draws a laugh.

The other day he showed perfect form for punting, raised his educated toe as high as his head—but the boys didn't seem to appreciate it fully. So next time he went further and not only raised his leg as before, but sent the other leg up after it and just showed the boys how the law of gravitation works.

Then the next day he was again feeling good and was telling the class about the gridiron of his own home team, and just to kid the boys along he told this one, ''That field was mighty rough, why it was so rocky that it had two stones to every dirt.''

SIXTY YARD RUN

Inspires Admiration In Fair Rooter.

At that sorry football game last Saturday when the fellows thought they were only running signals down the field, we sat unmoved on the bleachers until we happened to pick up this touching little episode for our gentle readers.

Cartwright had just caught that pretty forward pass and was running sixty yards for a touchdown, while the stands almost went wild. All this happened while we were sitting near a sweet young thing named Margaret and heard her enthusiastic chatter.

She was saying, ''This is the cutest football game I ever saw. I couldn't dodge a man like that to save my neck.''

No, sweet one, it takes practice.

DEATH

Of Mrs. Elizabeth R. Voorhees Occurs

GENEROUS DONOR OF OUR CHAPEL LAMENTED

And Husband Recalled as Friend of College.

A Total of $132.000 Given During Their Lifetime to Further Maryville College.

Mrs. Elizabeth Rodman Voorhees, of Clinton, New Jersey, whose name the Elizabeth R. Voorhees Chapel bears, died suddenly on Sabbath, September 21st.

Mr. Ralph Voorhees, her husband, died on April 1, 1907.

On January 1, 1905, Mr. and Mrs. Voorhees gave Maryville College one hundred thousand dollars on the annuity plan. This made it possible for the College to begin the erection of the Voorhees Chapel in 1906, a building that was sorely needed and that has been wonderfully satisfactory and useful during all these years of its service. Rev. Samuel J. Rowland, D. D., pastor of Mr. and Mrs. Voorhees, represented them at the dedication of the chapel, and delivered the sermon upon that glad occasion.

President Wilson represented Maryville at the funeral of Mr. Voorhees in 1907 and would have represented the College at the funeral of Mrs. Voorhees on last Thursday, had he received the telegram which reached Atlantic City a few hours after he had left that city for Philadelphia.

Mr. and Mrs. Voorhees took much satisfaction in their investments in Maryville College. They gave together the sum of $100,500; while Mrs. Voorhees, after her husband's death, added a total of $31,500 to that large amount.

It is pleasant to know that this annuity investment that they made at Maryville was entirely satisfactory to both parties. The College paid Mr. and Mrs. Voorhees five per cent on the gift, or $5,000 in semi-annual payments. Had Mrs. Voorhees lived until January 1, 1925, the College would have paid her in forty semi-annual installments the whole sum of $100,000, the amount of the original gift. As it is, the College paid Mr. and Mrs. Voorhees the total sum of $97.500.

(Continued on page four)

POLLING

In Campaign Of Echo Favors Coolidge

MEN'S LITERARY SOCIETIES VOTE REPUBLICAN

Campaign Speeches For Presidential Candidates

Printed Below as Written by Bishop, Cornelius, and Stockton, Politicians.

The presidential poll of the Highland Echo reveals a preference for Calvin Coolidge, with Davis a fairly close second. LaFollette brings up the rear, with few but staunch supporters.

The Alpha Sigma Literary Society went Republican last Saturday night by the slim margin of one vote. The Athenians cast 39 votes for the president, and 26 for Davis. LaFollette reaped a totality of 5 ballots, all cast in the Athenian Hall.

The Ministerial Association indulged in some political debate at their last meeting, and then went Republican with 10 votes for Coolidge, 6 for Davis, and 3 for LaFollette.

Next Saturday night the two girls' literary societies, which will meet together in Theta Hall, will enter the political field and vote for their presidential choice. The result of this balloting will be made known in the next issue of the Highland Echo.

JOHN W. DAVIS, THE BEST MAN

This has been a year of dumb silence in the tactiturn Republican party. Occasionally this vast pervading and mysterious silence has been broken by the ''vocal candidate'', Dawes, who pours forth a gale of words about something that is only known to him. The Republican standard bearers turn their backs to the humiliating fact of corruption in the present administration and attempt to hide their favoritism, division and discord, and impotence in action and the whole deplorable affair, but the picture of the last twelve months has stamped an indelible page in our American history. These are not the wild and empty accusations of a demagog; they are charges of all honest and fair-minded people.

Are we to go on under such conditions? Are we going to elect a man whose party has proved its hostility to him and he has failed

DEBATERS

Will Open Season With a Big Program

Good oratory and debate has become a habit on College Hill. Maryville has long stood high in intercollegiate forensics. It is up to us, the present student body of Maryville College to uphold this splendid record of our Alma Mater.

The Pi Kappa Delta is arranging a strong program for this school year, in both oratory and debate. This affords a splendid opportunity for new aspirants.

In the near future the Pi Kappa Delta will give a short, snappy program in the chapel to arouse enthusiasm for Forensics. The plans for the coming season will be given. Every one welcome.

CHEERLEADERS

Since we have looked over the new cheer leaders, the problem now is to select the best ones. We all appreciate the work Professor Radcliffe is doing on the pep committee, and look for a lot of success in our cheering this year. There is no doubt that he will be able to train some real yell leaders. More than one person remarked Saturday that he believed Darwin was right after all. Yes, we know the cheer leader is not a fool, and that he is working mighty hard.

There was some promising material out Friday night and Saturday afternoon. Of course, Shmmie is the old standby, who can make us yell when nobody else can. Rohre is showing up fine this year, and we'll yell with him for all we're worth. Some of the new men show especial promise. It is no easy thing to get up before five hundred students for the first time and act like a monkey, which is what it takes to make people support their team. ''Tommy'' seems to be starting in fairly well, and it looks like he may fill one of those vacant places. Usner is not so bad, either, and with a little more practice and some limbering up, he can become a good leader.

Some of the others didn't make such a good impression. One fellow especially has the beginnings of a far yell leader, but he seems to have an attitude the students don't like. You can't have that air of a ''smart Alex'' and get away with it at Maryville, much less, use it to get people to cheer. Browning and Patterson weren't working much at the game, probably due to the discouraging showing they made Friday night. We admit it wasn't so good, but as Radcliffe says, yell leaders are not born, they are made, so we would like for them to take another trial at it.

We want the pep committee to know that we are behind them in all their efforts, and think they have made a good start in their search for yell leaders. If they continue to show the promise they have started with, we can be assured of cheer leaders for the year. —John Stockton.

SHORT CUTS

Meikle says that if every night were moonlight there would be no bachelors.

M. C.

It won't be long now—until the heavies are donned.

M. C.

Shimmy is still looking for the ''consecrated, cross-eyed bear'' we sang about in the chapel Tuesday.

M. C.

Once upon a time there was a cheer leader that everybody yelled for.

M. C.

Now you tell one.

M. C.

At the next pep meeting tell the elongated, cheerless leader not to flop his ears so much—we know his proper stall.

M. C.

Go to Mrs. Minton's class and be entertained—to Dr. Hussey's and entertain yourself.

M. C.

Brownie, how about two or three cinders on the long path before another flood?

M. C.

As a foot all player, the freshman who wore B V D's under his sweat shirt would make a good deaf and dumb lecturer.

M. C.

So Theta is the best sock that we can join!

M. C.

No kidding, girls, Sing Sing bobs would be more becoming than these undecided ones that wobble in the back.

M. C.

When undecided, eat gravy with a spoon.

M. C.

We hear Fashion decrees that clothes will be worn this year by both men and women.

M. C.

Bainonians held another deception Saturday—for the new girls.

M. C.

Kitty says, If bizness is as good last week as it is next week, I'm a son of a gun, I hope so."

M. C.

Gilly says, Bizness is bizness and these girls are rushing bizness when they think we intends to take one of 'em to the U. T. game.

M. C.

Now you tell one.

M. C.

By the way, Freshmen aren't as dumb as we thought they were. They're dumber.

M. C.

Advise to Dot Winters: Don't eat fast.

Advise to Dot Roney: Don't eat. Fast.

M. C.

About time for U. T. money to begin to talk—but this year, probably in its sleep.

M. C.

Like the rose, the last mosquito of summer has went.

M. C.

On Theism quiz days the seniors sure do bow reverently in chapel.

M. C.

(The following for the special benefit of Miss Sossomon). All goat owners take warning and tie animals before Echo appears unless said animals have enough salvia to dampen paper. Now laugh.

M. C.

Ernestine sings, I want a man—a mansion in the skies. Most people want both—and right here and now.

M. C.

Now you tell one.

J'EVER
GO TO a football
GAME and be forced to
SIT among a flock of the
SWEET YOUNG things on
ACCOUNT of a date, and
EVERY time a play was made
A SCREAM would go
HEAVENWARD and if the
TRUTH were known she
COULDN'T tell an end run
FROM a 3 base hit, yet you
SIT it out but swear in the
FUTURE to be on the side
LINES where you can cuss
INTELLIGENTY.
J'EVER?

SPORT SPASMS

We overheard Coach Banks remark that Franke could sure hit the lien. In two weeks he will probably think more of ''Tinker''.

Not taking any honor away from Cartwright for making his long run; but did you notice the way Wilson kept the tacklers off of him?

Have you noticed the harmony among the fellows? Keep it up, fellows. That is what makes a good team.

The time keeper at the game was Er Harper. He is our official time keeper and he is always on the job

Our old friend ''Rabbit'' slipped off his apron and gave us all a treat by coming to the game.

It seems as if some people can't take a hint and quit wearing letters from other schools. Better get over your high school days pretty soon.

Coach Armstrong of Spring City was a visitor on the hill Saturday. He reports that he expects to have a wonderful baskeball team. All the old fellows will remember ''Army'' by his wonderful work in he Junior Senior football gae last year.

Miss Beulah Kittrell who graduated from the prep department of M. C. and finished her college course at the University, has the distinction of being the only girl who ever received a scholarship from U. T. for a medical course. She akes her place in the medical school at Memphis along with Cec, Sully and Ford who are our representatives in the border city.

LOST: Class ring with the letters H. H. S. on it. The initials M. C. C. were engraved on the inside. If found return to Mary Coldwell Clopton, Room 46 Baldwin Hall.

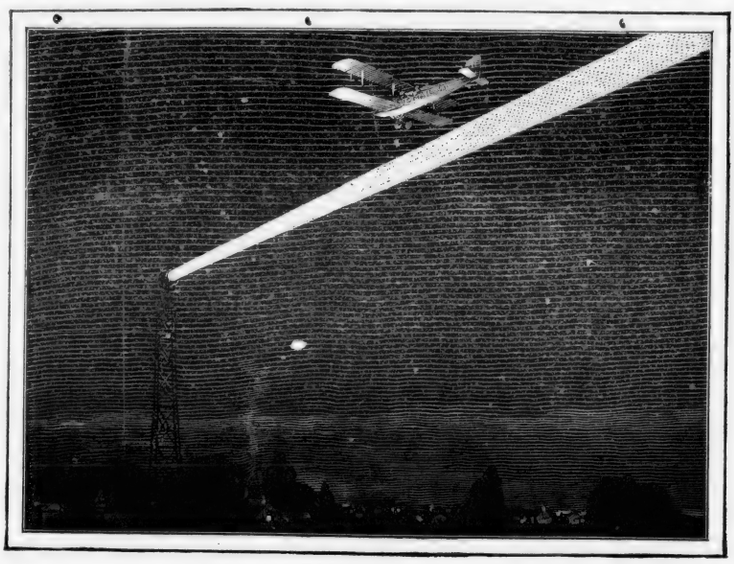
Whitman's Chocolates

Have you ever considered the wealth of happiness that lies in a box of Chocolates? Have you ever investigated the numberless missions of mercy and gratitude upon which they are sent?



Many a ruptured friendship has been cemented anew; many a broken spirit has been revived, and many a heart filled with gladness—just through a box of chocolates.

When your thoughts turn to the folks at home, the one best girl, or the kiddies not so fortunate, think of them in the chocolate coated way.
The cost is low and the value great.

Beacons of the sky

Between Cleveland and Rock Springs, Wyo., along the night route of the air mail service, tall beacons have been placed every twenty-five miles.

Revolving on great steel towers, General Electric searchlights, totaling 1,992,000,000 candle-power, blaze a path of light for the airplane pilot.

What the lighthouse is to the ocean navigator, these beacons are to the conquerors of the air.

This achievement has been made possible by engineers of the Illuminating Engineering Laboratories of the General Electric Company, working with officials of the Post Office Department. A startling achievement now will be a commonplace of life in the *new* America which you will inherit.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

POLLING

(Continued from page one)

to overcome that hostility? We need generalship, honesty, justice, decision,—a ''new deal'', and John W. Davis is a man of force able to sway other men by the ability of his thinking and the humanity of his personality. Throughout his life he has had the reputation for these qualities. He displayed them in West Virginia, in Washington, in London, and will display them as President of the United States. His is a career of high-mindedness and intelligent service.

America must face the truth bravely and squarely that the day of exclusiveness is past and send a MAN, endowed with all the qualities of a true and fearless Leader, to the White House in November.

—Robert W. Bishop.

WHY I VOTE FOR COOLIDGE

The days are not gone when we as human beings can appreciate and value the real worth of an individual. There are of course those who like to talk of the good old days when we had real big, honest, and faithful men in public office. I am fully convinced that we have such men today, dozens, yes scores of them. But you ask for one! Then say Calvin Coolidge, the president of the United States.

Coolidge was born way up in the hills of Vermont, reared on a farm. I can imagine him going down in the pasture for the cows. I can think of him as being often at the ole swimmin' hole with George and Tom.

Calvin Coolidge as a boy was quiet, honest and sincere, loving the great outside world, a lad who could listen to the whispers of nature, and the advice of men. Cal was devoted to his Mother, a quality that stamps a boy as a man in the making.

Calvin Coolidge as a young man had a vision of life that only the great to be can have. That vision must have been the result of hs loyalty and devotion to a good mother, for that vision was one of truth, loyalty, devotion and service; loyalty to his fellowmen, loyalty to his country, and devotion to God.

Coolidge is as strong as the mountains from whence he came. A man that can keep his head when those about him are losing theirs. The man who still remembers that he was born in the mountains, and goes often to listen to the whispering of the hills. I vote for Coolidge, the man whom the best of office hath not corrupted.

—Edward G. Cornelius.

LAFOLLETTE FOR THE PEOPLE

After almost a lifetime of fighting for good government, La Follette is entering into the greatest fight of his career. In the past he has fought for many things that are now law. At the time they seemed revolutionary, now we accept them without question.

The same is true of his present program—it is progressive, composed of living issues, not the bones of old ones. He advocates government ownership of the railroads, and it is only a matter of time till the government will take complete charge of them. He also wants to take from the Supreme Court the power to declare unconstitutional laws passed by the representatives of the people. Under our system of democracy it is inconsistent for a group of men not elected by the people to set aside laws passed by the people.

The condition of the farmer is the greatest single argument for La Follette. The western farmer is nearly ruined, yet neither of the old parties will do anything for him. La Follette is the candidate of the west, demanding for the farmer the justice that the Wall Street owned parties have refused to render.

A vote for La Follette is a vote for government by the American people, and not by the capitalists of the country.

—John Stockton.

Literary Societies In Full Swing As Pleasing Programs Are Presented

In football vernacular prospects are bright for strong literary societies this year. The second regular programs were presented Saturday evening and all meetings were well attended.

Athenian

''Variety is the spice of life''. So those said who attended the Athenian Literary Society last Saturday. It was contended by Otto Paulsell ''that LaFollette's candidacy is beneficial to the United States''. John Stockton bitterly opposed this, and won for his side the decision of the judges. Julian Johnson's violin solo and the highly complex one-act comedy added the finishing touches to a program full of variety.

The program prepared for this week, from the character of those appearing on it, promises to outclass last week's. ''Tommy Atkins'' will be read by Charles Johnson, (an early adolescent). Broady and Drake will render a brass duet. The secrets of Dean Barnes' psychology class have at last been discovered. This is a great scientific find and Darius ''Shorty'' Prince, the renowned discoverer, will give to the world for the first time the result. His subject is psycopathalogical, but for the Freshmen he has called it "Brain Food."

Alpha Sigma

Surely somewhere in your heart there is a longing to visit the is Ernest Frei, who, by the way, you know that there is one man here who claims that beautiful land to be his native country. That man famous Alps of Switzerland. Did can speak English, French, German, and what not. He will tell you of that country.

Mr. Gaines will be introduced into the secrets of the Advance, at which time he will take the oath not to be any less funnier than Puff was last week. A violin solo by Ray Nichols and a reading by Willard Allen are being anxiously awaited.

Say, fellow, you know Dewey Eitner, who runs the boarding club. Well, he's going to draw upon his great resource of knowledge of student activities. He's been here for ages too, or rather since he was age two. Ask him.

If you want an hour of intellectual and emotional repast, there is only one place to go to get it—that's the Alpha Sigma Hall.

Bainonian

The 50th Anniversary program of Bainonians was a triumph. We are so glad you new girls came, and we want you to keep on coming. While we do not have any program this week you can rest assured that the next program will not fall below the standard set in last week's meeting.

Theta Epsilon

You're a new girl here aren't you? Yes, I thought you were, or you wouldn't look at me with that what-do-you mean expression written plainly on every feature of your face when I mention Theta. Then let me tell you what I'm talking about.

I'm talking about a place where your troubles will ''fold their tents like Arabs, and silently steal away''. It's in Theta Hall. Theta welcomes all girls, both new and old, and you'll find not only her Hall is open to you, but her heart as well. Theta has a glorious history; always she has been a promoter of the things that have helped make old M. C. what it is today.

Already our emancipation of freedom has been exchanged for the burdens of study, and we're beginning to suffer from over-absorption and lack of assimilation of curiously-concocted food of Pearsons Dining Hall, but you won't mind that so much—that is, after you've attended a few of Theta's programs.

A big feature of this week's program will be ''The Elopement of Ellen'' in three thrilling acts. Blue and White Beauty Parlor will be formally opened after you've enjoyed the program. Theta extends to every girl an invitation to attend her first program Saurday night at 7:30 in Theta Hall.

SUNDAY SCHOOL TEACHERS TRAINING SCHOOL NEXT WEEK

On Monday of next week, October 6th, the second session of the Presbyterian Training School is to be held here on the Hill. Old students will remember this as an opportunity to receive much that will be useful to them, especially on occasions when they are called upon to teach in Sunday School.

The subjects offered last year will *not* be offered again this year. A course in story telling, for those interested in children up to nine years of age; one in Junior Teaching Materials and Methods for any interested in children from 9 to 12; one in Intermediate-Senior Agencies for any interested in young people from 13 to 18.

The classes will meet at 3:15 and will close promptly at 5 o'clock in the afternoon. Since the U. T. game comes on Saturday the School begins on Monday so as not to conflict with the game.

SECRET

(Continued from page one)

promise to be the best combination of tackles in the South. They sure know how to strut their stuff and Union soon found out that it was impossible to go through them so they either tried to go around them or just got thrown for a loss.

Red Brown and Puff at guards messed up a number of plays in great style. Last year Puff was green at the game but after a year's experience of scrub work he handled himself in great style. At center Holland and Stone put up a creditable game. Although Jimmy has never played center before he looks as if he will be a valuable man for the pivot position. At the flanks we still have a trio of letter men. Shores succeeded in making the first touchdown of the season when he picked up a fumble and carried it across. Cartwright distinguished himself by capturing a forward pass and galloped sixty yards for a touchdown. He also stopped several men in their tracks after going down under long punts. Musick was in there tearing things up as he has always done for the past two years. At quarter Shorty McCall called out the signals like a veterans and also did some classy running with the ball. McMurray and Crawford started the game at halves. By their twisting through the line and running the ends they accumulated so many first downs that the score keeper couldn't keep up with them. At fullback Joe Gamble proved to be a real defensive man besides plowing through the line for several nice gains.

Besides these eleven men who started the game Coach Honaker sent in twenty-one other men to show their wares. That they distinguished themselves with a high grade of work was shown by the fact that we kept on scoring all the time while Union could not even make a first down. At halfback Franke proved that he can fit the line like a pile driver and run interference like a professional. King at quarter ran the team well and looks good. Lynn McCall at full hits the line hard and when he tackles they know they have been hit for he sure hits them hard. In fact all of the boys that got into the game looked good and they will look much better against L. M. U. and Tennessee.

DEATH

(Continued from page one)

But since it clears six per cent on its investments, the College cleared one per cent on the $100,000 during these nineteen and a half years. This made it possible to invest $15,000 of the Voorhees gift in the new chapel while setting aside $85,000 as endowment.

Last March, Rev. Dr. Oscar M. Voorhees, of New York City, a nephew of Mrs. Voorhees, visited the College, and delivered an admirable address in Voorhees Chapel. He is the only one of the Voorhees name who has seen that beautiful building.

So long as the College endures, and so long as the Voorhees fund and the Voorhees Chapel render their service to the institution will Maryville hearts cherish the memories of Mr. and Mrs. Voorhees for their benefactions to the old College on the hill.

Varsity Primed For Classic Fray With Tennessee Tomorrow; Coach Honaker Predicts a Close Battle

POLITICAL FIGHT GETS UNDER WAY

Bishop and Grayheal To Lead Parties in Campaign On Hill.

Now that a political ball has been started rolling, to stimulate interest in the student voters, a campaign is being organized here on the Hill between the two major national political parties. Be loyal to the American Government by supporting one party and casting your vote for president!

REPUBLICAN COMMITTEE

We, the undersigned committee propose to further the campaign of Calvin Coolidge here on the Hill, by endorsing his platform. We stand for economy and common sense in Government. The election will roll up a large majority for Coolidge, here on the Hill—we promise. Signed: Committee, Joe C. Gamble, Martha Anderson, Edward Cornelius, Margaret Lewis, Edward Hamilton, Dexter Graybeal, chairman.,

DEMOCRATIC COMMITTEE

We do hereby constitute and organize a College Democratic Committee for the purpose of upholding the principles, ideals, and standards of Democracy, and in so doing we further the cause of Thomas Jefferson, and Woodrow Wilson and seek to promote victory for Democracy in the coming election, by supporting her candidate Joan W. Davis.

We believe the tme is ripe for a Democratic victory, and to promote our cause on College Hill we do hereby resolve to put on a campaign which should consist of:

1. Political speeches for our candidates in both literary societies,
2. Stump speeches over the campus.
3. General rallies.

We do hereby solicit your aid and influence and do pledge ourselves loyal sons and and daughters of Democracy.

Robert Bishop, chairman, Myrtle Ardis, Rena Mae Anderson, Charles Johnson, Roy Black.

VALUE OF Y. W.

Suppose Y. W. and all her influences were suddenly taken from the Hill—what do you think would be the result? How would it feel to have a Y. W.-less college, anyway? Not a very desirable feeling to experience, most of us would say.

Next Sunday afternoon we're going to stop to think about it. With some of our splendid girls leading our thoughts, we're going to try to decide just what Y. W. means to us here on the Hill. Let's have the fullest attendance yet, for this meeting is sure to be of especial interest and help to every girl in Maryville College.

OUR FAMOUS TEAM

The New York World for September 29, 1924 names the Maryville eleven as having a record high score for the opening games of the season the country over. In a sport column immediately following remarks about the teams of Harvard and Pennsylvania the following paragraph is found:

"Little Maryville College somewhat exceeded the traditional one-sidedness of opening day games by running up 103 points on Union College, thereby gaining a powerful jump toward the high-scoring championship for the year."

Cut out the "Little" and you have the dope straight!

TO STIR OUR PEP AT MASS MEETING

Attend Pep Meeting in Chapel Tonight—Show Your Colors At Knoxville Tomorrow.

The biggest pep meeting of the year will be held in the chapel tonight, in preparation for the annual clash with U. T. A good peppy program has been planned, consisting of music and speeches by Dr. Wilson, Prof. Walker, Prof. Bond, Mrs. McMurray, and a business man from town.

Rohrc, Thompson, Usner, Cragan, Browning, Patterson and Geist will probably be the yell leaders in charge.

This is the most important pep meeting that will be held. Tomorrow is our biggest game, and we want to go to Knoxville with lots of pep to back the team. Besides that, we need a lot of practice on the new yells that the cheer leaders are working on.

Prof. Radcliffe is working the cheer leaders hard in order to have them working like a well oiled clock tonight, so the students should back him up by being there.

EVERY STUDENT must be at this pep meeting if he expects to give the team his best support tomorrow.

To help Maryville make her presence known tomorrow, Mrs. McMurray's Department has prepared some canes and ribbons for the students to take to Knoxville.

They will be sold at the lowest price possible. Buy one, take it to Knoxville, and let's show U. T. the old Orange and Garnet!

A BIRTHDAY PARTY

On Saturday night a surprise birthday party was given in honor of Miss Beryl Moody in Room 35 Memorial Hall. Those present were the Misses Emily Simpson, Mary Faut, Clarice McDonald, Helen Marsh, Bonnie Hudson, Annie Zimmermann, Tex Hornbeak and Muriel Moody. Mrs. Tweed, a former Maryville graduate was guest of honor. The refreshments consisted of ice cream, dainty cakes, candy, nuts, fruit punch and sandwiches.

L. M. U. DOWNED BY HIGHLANDERS

Highlanders Humble Small Team With Ease—Score 35-0.

Thundering around the line of Lincoln Memorial University and completing five passes, the Maryville college aggregation humbled the L. M. U. eleven by a score of 35 to 0 Saturday.

The L. M. U. eleven put up a stubborn battle throughout the entire game, but just could not withstand the attack of a more experienced eleven. In the first quarter the Highlanders machine looked good and succeeded in making three touchdowns. By a good demonstration of team work, it started pushing the enemy back, then McMurray made a spectacular run of twenty-five yards for his second touchdown.

Shorty McCall played his usual game and made the longest run of the day, going sixty yards for a touchdown.

The Highlanders' machine looked best during the first and third periods. The line was getting off swiftly at the snap of the ball, charging low and hard, while the backfield, with McCall at the helm, calling a bewildering assorment of plays, smashed through the line, circled the ends and employed forward passes. At times L. M. U., outclassed and out-guessed, was in no condition to stop the fleet-footed McMurray and McCall.

Captain Hamilton and Thrower, in the line, again distinguished themselves at tackles, the ends were down on punts and kick-offs

(Continued on page four)

ATHLETIC BOARD ELECTS OFFICERS

King Chosen President of Board For The Year.

A strong political atmosphere hovered about the chapel Wednesday night while the student body was electing members of the Athletic Board of Control.

Such interest and pep were evinced as should prevail in every meeting of the student body. Nominations were numerous and those elected were well-chosen. No better qualified officers could have been elected.

Everyone enjoyed Mr. Schmidt's rendition of the Constitution. Mr. Schmidt is retiring president and proved himself capable during his term of office.

Even in such a democratic organization a King was elected president. At that we are sure of a just administration under his guidance.

Mr. Thrower blushed becomingly while counting the votes for vice-president. Incidentally the duties of

Two Determined and Well-Matched Elevens Will Enter The Field Tomorrow and Play One of The Biggest Games of The Season.

A BIG GAME FOR TENNESSEE

After Their Scare of a Year Ago The Volunteers Look For One of The Toughest Fights on Their Schedule

BY EDWARD HAMILTON

"Maryville! Maryville Ray—We're Going To Win Today—— U. T. Rah!—U. T. Rah! Rah!"——

COACH PROMISES STIFF STRUGGLE

The U. T. Game Will See The Best Eleven Maryville Ever Made.

By Lombe Honaker

The interest in all Maryville-Tennessee games has been very great for many years but apparently the interest in the annual football game has increased very rapidly in the last two or even one year.

The reason for this increased interest is the fact that Maryville has reached the point where she furnishes U. T. not only a practice game but a game in which she must put her best on the field to win and at times she finds it hard to win even with her best as in 1923 when the game resulted in a 14-14 score.

While the facts are that only about one time each season does a college team succeed in winning from a larger university, yet we all have that thread of faith which leads us to hope, believe and expect that our team will be the one team to "upset the dope" and win this year.

On October eleventh we are to invade the famous Shields-Watkins stadium for the annual U. T. game. I believe that Maryville is taking the best team that has worn the Orange and Garnet on Shields-Watkin stadium since 1920. Of previous teams I do not know.

As to whether or not we will win I do not know for I know we are going up against a much better team than we played last year, but we are also better. Without doubt it will be a game worth seeing regardless of who wins.

The odds are always in favor of the big school especially when playing on their grounds but where there is life there is hope.

MINISTERIAL MEETING

Do you believe that more lasting good can be brought about by the spoken word than by the written word? The affirmative and negative of this question were presented Wednesday afternoon, and, by reason of the weightiness of the outcome and the eminence of the speakers, a number of interested listeners were present.

Now just "a word to the wise" I am speaking to you who call yourselves ministerial students! The

(Continued on page two)

Amid a great confusion of yells echoing from one side of the stadium to the other, the blare of the bands, the wild waving of Orange and Garnet pennants and Orange and Garnet bunting, two armies of eleven men each, faces set with determination, muscles responding steadily to the weeks of training under their respective mentors, will trot out on the field to face each other in annual battle. For nearly thirty years this battle ground has been trodden down with the stamp of gritting groaning men. For two score and ten years, the staunch Highlanders have invaded the Lowlands, often coming back in defeat. Seventeen years ago last Tuesday, the brave Highlanders came home with the laurel wreath of victory. Last year with victory in our clutches, we were forced to be content with a tie. Who will possess the coveted pigskin at the end of the game this year?

U. T. DETERMINED TO WIN

For the first time in the history of Maryville-Tennessee football, U. T. has decided to consider our game more than a practice game. When asked by a reporter what he thought about the season, J. G. Lowe said that he considered the Maryville and Kentucky game the two biggest games of the season for Tennessee. Coach Banks is said to be determined to win by a decisive score. The University men have been training since the last part of August and claim to be as hard as rails. Maryville was not far behind them in starting, for on the fifth of September many old and new men were toughening their muscles for this game. For five weeks these two armies have been training, slashing the dummy, tackl-

LAW CLUB FORMED

After a year of inactivity the Law Club has again become a live organization. The members met in Athenian Hall Tuesday night and elected the following officers:

Dexter Graybeal, president; John Crawford, Vice-President; Ed Hamilton, Secretary; Ed Cornelius, Program Secretary; Defoe Pemberton, Treasurer; Dale Grunder, Editor.

Watch for announcements concerning time and meeting place of the club. All students interested in law are invited to join.

OUR POLICY

It may have occurred to our readers that this paper has somwhat changed in character and policy from the past. However the issues this year have been received, it is to be noted that we have made strenuous efforts to introduce new methods of journalism and to carry out our three fundamental principles laid down in our first editorial, which we now quote from the issue of June 5, 1924. "First, it must print items which are really news to the students. We do not wish to compete with Mr. H. G. Wells in writing history. Second, we shall endeavor to edit good literary work, worthy of one of the leading colleges in the South. Third, we believe the newspaper should formulate student opinion and guide student activities in the way they should go. We shall defend things right on college hill, and attack everything else. That is our duty."

The editor last year, when he heard of our plans, said, "Try as you will, the paper will be just the same." But we beg to differ. Let us consider these same points which seem to have met with some misunderstanding among our readers.

First, we are trying to get news for the paper. In so doing we have reserved the right to discard write-ups of things long past, to make place for other items newer and of more interest to a larger class of readers. For instance, we eliminate literary society articles of meetings held six days before the paper appears, and try to announce future programs. Instead of flattery for those on past programs, we try to give our readers news. We are trying to follow the best journalistic practice by such things as "human interest" stories, our polling campaign; things which are new for the Echo.

Second, we must deal in student opinion. We do not wish to indulge in personalities one bit, and if we have passed the bounds of propriety, we admit our proneness to error, and apologize. But when leading town men refuse to advertise further in this paper, when others declare against helping the Chilhowean this year, and when we recall difficulties of finance on last year's annual, and that two years ago this paper had to reduce publication and almost ceased to be, and all because of a lack of co-operation between student body and the town merchants, we must notice this lack. And when at our first pep meeting and football game the inexperienced cheerleaders got little response from the student body because of that inexperience we report the truth in an editorial and explain that, "As Mr. Radcliffe says, 'Cheerleaders are made, not born'; and, "We know that the cheer leader is not a fool, and that he is working mighty hard." Because we did not try to flatter these men with sugar-coated lies, our whole justification of them before a student body that Did Not Support Them The First Week, seems to have been lost. If we are too personal at one point, we apologize, but we do assert that that article was intended by us as an honest talk about men trying to do something that nobody could do well at the first tral. We believe our candor has been misinterpreted.

Third, we are trying to follow a few journalistic rules. we reserve the right to improve all articles handed in accordingly. This work is difficult yet we believe that Maryville should have the best newspaper possible. We are trying to raise this paper to a higher level, and to introduce newspaper principles, but as long as every organization elects its own reporters this will be difficult. As Mr. Radcliffe says, The Staff should be a self-perpetuating body. But that is another story.

AN EXPLANATION

There seems to have arisen a question of fairness on the part of this paper. A few words will suffice to clarify this matter. A girls' literary society has had but small write-ups in the Echo two weeks out of the last three. We wish to explain that this has not been the fault of the paper.

In those two weeks no article was given to the staff on the day of our completing copy. Both of these weeks we went purposely and asked that that article be handed in on time. When they failed to do so, this paper was hurt as much as that society, and we were disturbed about it. Why should we want to incur the wrath of half the girls in the College?

We may even state that when this society did hand in an article it was given more space and a better position than that of any other of the three societies. The other weeks we ourselves gave them a paragraph, the best that we could without any facts from them. Truly, we have tried to avoid partiality.

The above mentioned society has had no official editor this year, and therefore the slip-up has been somewhat excusable; but we are not responsible for it the least bit.

J'EVER

SPORT SPASMS

M. C.

Cut loose and help beat Tennessee Saturday. Let's go everybody.

M. C.

Reports come from Knoxville that they no longer consider Maryville a practice game. Guess it is about time they are waking up.

M. C.

We haven't won from U. T. since 1907. That's all right for we are going to slay them this time.

M. C.

Some of our backers didn't seem satisfied with the way our team played Saturday in the L. M. U. game. They were just saving up for the big game of the year.

M. C.

Did you notice the improvement in the cheering at the L. M. U. game? Turn loose more than ever at Tennessee Saturday for the team needs our best.

M. C.

Remember that it is not necessary to razz U. T. to help our team.

M. C.

The team will give every ounce of strength they have. Help them by cheering more than you have ever cheered before.

M. C

Bob Thrower can sure travel some for a big man. Did you notice him travel when he recovered a fumble?

M. C.

It certainly seemed like olden times when they gave 15 rahs for Shorty Sneed.

M. C.

You want to be careful and not kick out any lights on the special train.

M. C.

You can tell that Shorty McCall takes Spanish. Didn't you hear him yell for "agua" in the game Saturday?

M. C.

No wonder all the boys are staying in this week. They are probably saving their pennies so they can take her to U. T. Atta boy Herb!

M. C.

It has been rumored that our friends "Shiek" Morrow and "Cowboy" Barkmeier are going to challenge Tennessee to a game of tiddlewinks.

M. C.

At the meeting of the Athletic Board Monday, Prince was appointed Manager of the baseball team, and Robinette for the track team.

M. C.

Thrower, Musick, Schmidt and McMurray will battle against Tennessee for their last time. Everybody help them win.

Athletic Board Elects Officers

(Continued from page one)

that office were thrust upon him.

Upon Lewis Veech was bestowed the secretarial duties.

Dr. McMurray has become a permanent institution and athletic affairs and was elected by a practically unanimous vote. Prof. Knapp was chosen for the other position.

Lucille Heiskell and Elizabeth Montgomery were elected to represent the fair sex, while Musick and Joe Gamble will represent the rougher element.

Dr. Birchfiel and Mr. Dave Proffitt were chosen from half a dozen nominees for business men representatives. These men are loyal Maryvillians and have always taken a great interest in athletics.

Now that the election is over the destiny of athletics at Maryville rests with these people, but we are sure they will prove more than equal to the task.

MINISTERIAL MEETING

(Continued from page one)

program secretary is very capable and is planning attractive programs. How do you logically hope, Mr. Ministerial Student, to have your church packed with earnest people when they recall the sad fact that you were too indifferent and (shall I say?) lazy to spend one hour with your students of like mind in discussing helpful religious and Biblical topics? Think, then act!

Homer C. Stinnett, Prop.

Athenian

Again Saturday night our hall was filled to its capacity with old men and new men.

After opening the meeting by singing "Dear Old Maryville", the society listened to a very interesting story read by Malcolm Thompson. The musical part of the program was well rendered by Broady and Drake.

Fawcett then took the stand and handed out "Food for Thought" to prepare the Freshmen for their psychological examination. The "food" was relished by all, even though it wasn't the real stuff.

President Cornelius gave quite a worthwhile sketch on what the ideals of a literary society should be. "What we need is men, not numbers", was one of his strong points.

Owing to the U. T. game next Saturday, no program will be given. Let's beat U. T. and celebrate instead.

Alpha Sigma

Alpha Sigma had another big meeting last Saturday night in which many new men took part.

At our next meeting the October term of Alpha Sigma Court will convene. The sensational love affairs of two seniors, will be openly tried. The indictment follows:

Blount County
State of Tennessee:
Alpha Sigma Court—October Term, 1924

The grand jurors of the College of Maryville to be duly elected, impaneled, sworn, and chosen from the Freshman class of Maryville College, do present that Julius Hoffman on the 29th day of September, 1924, in the State and county aforesaid, and on the campus of said college, did take, steal and carry away from one Wick Broomall all the love and affection that a beautiful and charming young lady, Gordana Jeffries, formally had for said Wick Broomall with intent to covert said love and affections unto himself to the evil example of all other moonshiners on College Hill and contrary to the orders and rules of the Moonshiners Union.

Bainonian

The oldest girls' society at Maryville College invited all girls to participate in her golden anniversary celebration at Thaw Hall September 27th. Since the girls did not fail to respond, the Y.W.C.A. auditorium was filled to overflowing in order that they might do her honor and enjoy the occasion.

A hearty welcome was extended to members old and new, to visitors, and to honorary Bainonians who came back to the hill for their society's gala day. Bainonian is looking forward to this year as one in which all her members may serve in making it a success. Won't each of you share in this privilege?

The occasion was rendered pleasing by the presentation of two plays, which sought to show the development of the drama from the middle of the nineteenth century to the present day. It is indeed commendable that Theta Epsilon and Bainonian have agreed to unite in an effort to raise and to keep the programs to the highest possible literary standard. Both societies have already made a noteworthy effort to this end.

Bainonian wishes to offer a sincere welcome to any girl who may have decided to make herself a part of this society. To those who are yet undecided she wishes to offer a place in her ranks. At any rate, you are all urged to come and enjoy her next program. We have a treat in store for you.

Theta Epsilon

Why, of course it was a success! You didn't expect Theta's first program to be anything else did you? Not only was her first program a success, but it marked the high standard of all Theta programs. The program was opened by prayer offered by Clara Bauman and the Welcome Address was rendered by Myrtle Ardis. And then followed "The Elopement of Ellen".

ing, scrimmaging and becoming as fit to fight as any U. S. soldier that went into the trenches.

OUR MEN ARE EQUAL

In figuring out the dope, the Echo is naturally one-sided and favors the home team. But why not? Coach Honaker fresh from the summer school training of Zupke and Dobie, has built a machine from a great influx of material, that can do credit to any school. Many U. T. men think that Bob Thrower, ex-captain, has served his day and won his honor. Perhaps it would be so with some men but not with "Texas Bob", who rode the freights to get back and fight for his Alma Mater. He has inspired the team in a way that can only be shown tomorrow. With the mountain line of "Josh" Proffitt, fresh from the North Carolina mountains, Schmidt, Cartwright, Musick, Hamilton and Brown, all veterans; also Wilson and Puff. Coach is determined to have a wall that U. T.'s backs cannot cross. In the back field we have the fastest set of men that have crossed U. T.'s line. All veteran wearers of the Orange and Garnet, all filled with the spirit of "BEAT U. T.", Shorty McCall, McMurray, Gamble and John, with the added line bucking and speed of Franke are determined to outdo the line as they did in the L. M. U. game.

Shorty says he is going to play the game of his life. McMurray, a senior, of five years football experience for Maryville, is determined to beat U. T. before he leaves school. Joe Gamble is going to show the spirit of his sires and grand sire and make the old welkin ring. Musick is going to forget his girl long enough to catch a forty yard pass and win the game for the Highlanders.

MARYVILLE WILL WIN

So the dope goes. Both institutions are keyed up to the pitch of victory. Both teams are trained and ready for the fray. Both captains are willing to risk their lives if need be for the honor and glory of their respective schools. What prophet can foretell the results of the day? There are seven hundred prophets in Maryville College who should tell the story tonight. Let it ring throughout the halls and over the hills until Knoxville will hear it and tremble. MARYVILLE WINS. That is the prophecy all will sleep on tonight. Let the yell, started in this article, reverberate on to the end—WE'VE GOT THE TEAM, WE'VE GOT THE FIGHT. FIGHT TEAM, FIGHT TEAM, FIGHT! FIGHT! FIGHT!

L. M. U. Downed By Highlanders

(Continued from page one)

on every opportunity. On several occasions they stopped the man in his tracks. On one occasion Hamilton blocked a punt and Thrower recovered and made a 25-yard run before he was downed. Hamilton did a classy job of punting. He also succeeded in kicking goal after every touchdown.

Although L. M. U. was beaten, it was in there fighting all the time. This was proven by the fact that Maryville failed to score in the final quarter.

The Maryville team, as a whole, looked good, but on several occasions they were penalized. Coach Honaker expects to have his team working much smoother tomorrow when they meet the University of Tennessee.

WATERMELON RAID

Last Monday night six fellows took a trip to seek watermelons with a promise of the best in the country, and guilty consciences. Having enlisted the aid of James Brown and his shot gun the fellows started for the Brown farm.

One individual had equipped himself with a large knife and a bag, as he claims it is difficult to run with two melons under his arms.

As the trespassers came within twenty feet of the barn, "Shimmy's" lusty voice gave warning that they were on private property. This was immediately followed by the firing of both barrels of the shot-gun. As they slowed up at the first fence, Shimmy opened up with two more avalanches of fire and noise, and one was heard to exclaim, "Good-night, he's shootin' again". They took the next barbed wire fence in one leap, and disappeared into the woods.

The others after running a short distance returned to the barn, congratulated Shimmy on his excellent support, and returned home.

THETA EPSILON

(Continued from page three)

Wasn't John Hume (Sarah Sheffield) a scream when he "came across the service to be of garden" to the girl to whom he was devoted? And tell me, did you hear those sighs from some desperate girls when Mac Teu Eych (Mae Spivey) first appeared on the stage? If she were only a boy *al'* the time! Those furnishing us so much pleasure were:

Richard Ford—a devoted young husband - - - Rebecca Torrey
Molly—his wife - Mary Lilly Sossomon
Robert Shepard—Molly's brother - - - - Rebecca Bigger
Max Teu Eych—a chum of Robert's - - - - - Mae Spivey
Dorothy Marak—engaged to Max, guest of Mrs. Ford's - - - Mary Whittle
June Haverhill—Wellesley '06 who is doing some special investigation for economic courses this summer - - - Virginia Clark
John Hume of St. Agnes - - Sarah Sheffield

After the first act was over Theta Trio sang "Three Little Maids at School" and Ernestyne Monroe gave the "Dance at Dawn". After the second act Theta Sextette sang for us.

Theta motto was repeated, and the crowd came to Theta Hall, then up to the Blue and White Beauty Shop where they were served punch.

Miss Vaughtie Carroll, a graduate of U. T. visited Miss Beryl Moody Sunday. Miss Carroll is teaching at Everett High School.

FRED HOPE WILL SPEAK IN CHAPEL ON AFRICAN WORK

Great Missionary Will Soon Return to Field Where Fire Has Destroyed Property.

A MARYVILLE ALUMNUS

Was Twice President of "Y" Cabinet in His Student Days on Hill.

Fred Hope, Alumnus of Maryville and great missionary to Africa is visiting the college and will speak in the chapel tonight and tomorrow.

Last year when Dr. Smith visited the school he brought greetings from Fred Hope and told about the work he is doing. This year Mr. Hope himself is here and will tell us more in detail about the possibilities of Industry in Africa. Tonight at the chapel the missionary will tell all about the black man, his capabilities and accomplishments from one who knows him intimately.

Fred Hope, Class of '06, went to Africa soon after his graduation and has been hard at work ever since. He found raw, uncultured, ignorant heathen people, but what struck him most forcibly was their lack of ability to do things. Fred Hope is no idler whether in Africa or in Maryville and consequently there was soon a flourishing establishment where the black men were learning to do things with their hands—and their heads, too.

When his plant had grown large enough to require better machinery somehow Mr. Hope got that machinery. Under circumstances you would hardly believe he made his business grow. If you don't already know about Fred Hope and his engine, get some one to tell you. You won't be sorry.

But what the student days of this much talked of alumnus? Ask Dr. Gillingham, Mrs. West, Miss Jewell, Dr. Barnes, or any one else who knew Fred Hope, the student and they don't say a thing about his being in the Glee Club or on the football team, nor do they say anything about debate or oratory in connection with him. From all we can gather he was not an A student—they did not give A's in 1903—nor did he finish college in four years.

That is what he was not, now for what he was and did. The bare facts will be enough. In those times the Y. M. contributed to the support of a Chinese native worker in China. Whenever there was a deficit on the fund, Fred came to the rescue even though it meant sacrifice for him.

We had no Lyceum Course until Fred Hope decided we ought to have one and got busy. It was through his influence that the preschool conference for the "Y"

(Continued on page four)

CANDLE LIGHT SERVICE

The most impressive and one of the most beautiful of the Y. W. services of the year will be held in the chapel Sunday night, immediately after Vesper.

At this candle light service all who have signified the desire to do so will be received into full membership of the Young Women's Christian Association. By this they will publicly declare their purpose to live unreservedly Jesus' law of love in all their relationships.

A CASE OF SMALL-POX

Dr. Wilson tells this story on Fred Hope, who is now visiting the College. There was an epidemic of small pox in this part of the country, and Fred decided he would fall in with the fad and have a case. With the aid of a little apple butter, a close resemblance to the real disease was worked out on Fred's face. His friends put him to bed, and he looked sick. A little later some one started into the room, but when he saw Fred he left immediately. The news spread, and at once the whole boys' hall was emptied. The faculty, knowing Fred of old, investigated the matter, and put a stop to the exodus.

STUDENT COUNCIL ELECTS OFFICERS

Edward Cornelius Elected President For The Year; Miss Scales Vice-President.

The Student Council held its first meeting Tuesday evening, October 14th in Theta Hall. Due to the absence of two members, the election of officers was postponed till Wednesday morning. Jean McMurray, the Chairman pro tem appointed a committee to make inquiries regarding our fall mountain hike, and the meeting adjourned.

Wednesday morning the following officers were elected for the year:

Edward Cornelius - - President
Vera Scales - - - Vice President
Harry Gauding - - Secy.-Treas.

The Council is composed of twenty-two members: eight from the Senior class, six from the Junior class, four from the Sophomore class and four from the Freshman class. The Senior class representatives are: Edith Moore, Edgar Cathey, Dorothy Roney, Edward Cornelius, Ethel Sharp, Harry Gauding, James King and Dorothy Winters. Those from the Junior class are: Agnes Houghton, Ruby Harrison, Vera Scales, Robert Lockhart, Raymond Anderson, and Sherman Edsall. The Sophomore representatives are: Robert Harvey, Samuel Richeson, Kathleen Hunnicutt, and Eleanor Franklin. The Freshmen are represented by George Crawford, Earl Smith, Mary Elmore, and Ruth Shubert.

The object of the Student Council is expressed in Article II of the constitution adopted two years ago. Article II reads as follows: "The object of this Council shall be:

a. To furnish a representative body of students, who, by virture of their position and influence in student affairs, shall be able to express the sentiment of the student body.

b. To co-operate with the Faculty in maintaining Maryville College ideals, and the traditions and customs of the college, to furnish a student organization with the welfare of the school at heart, to establish a body by whom proposals arising from the students for the betterment of the school may be heard, and, when approved by the Council and by the Faculty, placed into execution.

c. To serve, by means of group representation, as a medium of communication between the students and any other party seeking to carry out a plan approved by the Council and by the Faculty.

MEN FIGHT HARD IN BITTER GAME WITH TENNESSEE

Maryville Outplays Vols in Second Half When Both Teams Score Touchdowns

ROOTERS BACK TEAM

Hamilton Kicks Field Goal and Gamble Makes Touchdown. Score 28-10.

Maryville College was defeated in the annual football game played with the University of Tennesste in the Shields-Watkins stadium last Saturday. The Highlanders fought hard and well to the close of the game and at times outplayed their opponents, but the team was beaten by a few bad breaks of the game added to the punch of the Volunteers.

The game was featured by the large extent of ground gained by both sides, and the uncertainty of the supremacy of either team. In the first quarter Maryville easily carried the ball to the thirty-five yard line where the Captain tallied three points with a placement kick. Then Tennessee threatened the Orange and Garnet goal in the second quarter the defense proved invincible and held the Volunteers on the six inch line for three downs. In fact, throughout the game the game he work of Thrower, Schmidt, and Musick, along with the rest of the line men, was stellar.

The Maryville machine again looked supreme in the second half when they scored a touchdown. At this time the Highlanders ploughed through the line until Gamble scored. Although Hamilton's knee was troubling him much, he did most of the punting for his team.

The Tennessee backfield combination of Campbell, Bone and Harkness was strong enough to earn two touchdowns. Their well-developed aerial attack gave them another seven points, and a bad break of the game brought their total to

(Continued on page four)

SENIORS ENTERTAIN WITH OPEN PARTY

Evening of Varied Amusement Passes Quickly As '25 Plays Host to Friends.

On Thursday evenng, October 16, the class of '25 entertained at Dr. Wilsons home from 8 to 11. Over eghty guests were present and the party was chaperoned by Dr. and Mrs. Stevenson, Miss Rachelle Higginbotham and Mr. Radcliffe. The house was decorated in gray and crimson, the class colors.

The entertainment was varied enough not only to avoid monotony but to keep every one intensely interested. Besides the various laugh-provoking games played, the men's quartette sang. Jimmy Rule and Georgia Belle Kuhn read as they never read before and the orchestra, under Pat Farrar's direction, helped entertain the crowd.

After frisking and frolicking and drinking punch for a whole evening dinner, consisting of fruit salad, potato chips, cheese straws, Russian sandwiches and pie a-la-mode, was served—and then the party broke up. Thus ended the second senior class party of the year.

A FRESHMAN GETS ACQUAINTED

One of the freshmen thought he had found him a girl the other day. He met her on the campus, and started a conversation, which happened to be about Spanish. She told him she had three classes in Spanish. He knew one can't take that much of any one language, so he refused to be kidded. By the time they reached Thaw Hall, he was going fine, and went in to tell Mrs. Minton about it. He had described her fervently, and was started on her ability to speak Spanish when Mrs. Minton stopped his glowing account with the remark that the girl was the new Spanish teacher. He hasn't renewed his acquaintance yet.

FOOTBALL SCRUBS TO PLAY GAME TODAY

Second Team Meets Lenoir City High Outfit Away From Home.

After being victimized by the Varsity for more than a month the Little Highlanders have set out to make a name for themselves among the prep schools and junior colleges of East Tennessee.

Having styled themselves the Tigers this team will creep down upon the lair of the Lenoir City high school tleven today in search of a prey.

Under the tutelage of Coaches Honaker and Bond the second string men have been moulded into a snappy little team and hold promise of more gridiron fame for Maryville. Twice they have encountered Maryville High eleven and have shown up well. With veterans such as Peter Sneed, George Crawford, Pecival oRsa and Willard Allen and plenty of new material the Tigers have a good change to bring home the bacon. Manager Lippard has other games in view and it is possible that the Tigers may have a chance to strut their suff on home grounds btfore he season closes.

These boys work as hard and train as rigorously as the Varsity men, so let's give them the same kind of backing we give the first team.

CLABOUGH RECOVERING

Hugh Clabough, a graduate of last year who was severely injured several weeks ago, having all his left ribs, collar bone and breast bone broken and heart and lungs crushed is rapidly recovering at Huntsville, Ala. where he is in the hospital.

The attending physicians say his recovery is nothing less than miraculous, and is due largely to the superhuman nerve displayed by the injured man. He has been sitting up several days and on Monday of this week he walked a few steps.

If you knew Clabough, and if you care to, help hasten his recovery by writing him a cheery letter at

The General Hospital,
Huntsville, Alabama.

Friday evening, October 10th, Mrs. Nita Eckles West and Miss Edwards chaperoned a party of twenty-one advanced expression students to Knoxville to see Fritz Lieber in "Romeo and Juliet". The only regret felt was that so few could have the privilege of attending.

MILLIGAN ELEVEN AND HIGHLANDERS CLASH TOMORROW

Milligan College Has a Whole Collection of Stars on Their Football Squad.

A CLOSE GAME PROMISED

Orange and Garnet Players Will Be Pushed to The Utmost to Win a Victory

Tomorrow Maryville will meet Milligan College in football on the home field. Milligan comes here with the strongest team she ever had, and the Highlanders will have a hard task to win the game.

Now don't get down-hearted just because we lost to Tennessee last Saturday. We still have a wonderful team and plenty of hard games and they will need the support of everyone.

Milligan comes here Saturday to furnish entertainment for us and it will be a tough battle. Last year we won from Milligan 14 o 3. This year Milligan boasts of a stronger team and they are coming here expecting to beat us. They played Bluefield College last Saturday and won with a score of 36 to 0.

That Milligan has a better team than last year is proven by the fact that four regulars on last year's team cannot make the team this year. They are also boasting of an All Southern tackle.

Maybe Bob Thrower was never mentioned for an All Southern position but I'll venture to say that he is just as good a tackle as any. Anyway it's going to be a hard game so be there in full force.

"Y" MEETING

The "Y" hopes on next Sunday to have a joint meeting with the Y. W. and have Mr. Hope speak on the subject so dear to him, the mission work he is doing in Africa.

It is not yet certain whether he will remain over Sunday and the "Y's" can give no definite promise.

Anyway there will be a meeting on next Sunday. If Mr. Hope does not stay, the topic "Student Honor" will be discussed. The 'Y' is anxious that all men come out and especially that the new students be present. Special music will be a part of the program.

Last Sunday Dr. McMurray gave a good talk on the subject, "The Worthy Walk". A number were out to "Y" but not as many as should be there each Sunday. You fellows that are not attending theso meetings do not realize what you are missing.

MINISTERIAL MEETING

Practicality is the criterion of time. So you would believe, had you heard Dr. Stevenson's graphic and vivid retrospection of the minister's work.

Do our meetings on Wednesday have this practical aspect? From Missouri, eh? Well, what does the Bible mean to you? Prayer? Faith? No, this is not a theololgical examination! Your subconscious mind is constantly calling you back to these great issues of life. To help you solve a few of your difficulties some of the ministerial students will discuss these topics.

THE HIGHLAND ECHO

Issued weekly by the students of Maryville College

Subscription Price - $1.25

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

WEARING LETTERS

It is always necessary at this time of the year to express the opinion of the student body that the wearing of letters from other schools is not approved. With a class of 300 freshmen it is natural that many of them should have won letters in high school. But when taken away from the school in which it was earned, a letter loses its significance.

The athletic association awards letters for participation in athletics at Maryville, and an ''M'' means something when worn here. So it would be much better if you will put away your high school letters, and start out to win an ''M''. We're glad to have athletes at Maryville, but it better to say nothing about past triumphs. Just show what you can do. When you have shown what you can do, the student body will recognize its full value.

AT THE PEP MEETING

On rare occasions something beyond the ordinary happens and, like a meteor which suddenly shoots across a peaceful sky, startles the observers and lifts their thoughts above the commonplace.

At the last pep meeting the usual array of speakers delivered the expected line of talk and the students were making all the noise of real football rooters. In all this confusion of sound the last speaker almost started a riot with fluency when at the very height of hilarity something happened. The speaker suddenly lowered his voice and began to talk of something new for a pep meeting. Like a calm after a storm, a great hush fell over the audience. That sea of faces was stilled in a second. Then the speaker engaged in prayer for the football team before the crowd realized what had occurred.

All to seldom we see such an effort of putting Christianity into practice at such times. It is a thing to be admired.

ROOMMATES

It is not often that anyone speaks about the problem of roommating. I call it a problem, for such it is; and its proper solution affects one's college life greatly.

Happily, experience is a good teacher, and observation is no mean fudge. What, then, do these teach us about roommating? Freshmen may profit by such knowledge, though Seniors question my conclusions.

Argument One: Everyone should have a roommate. The objections to this one familiar, yet their weight has been insufficient to convince me. Once I roomed with myself (a terrible companion!); always since, I've had a mate. There is not one of us who will not profit by an intimate contact with those, perhaps, of different temperaments.

Argument Two: Observe and, as far as possible, try to satisfy the natural oddities of your roommate. Mutual concessions and acquiescence are necessary in Carnegie Hall. Individual ''mannerisms'' become wearing and unbearable at times.

Argument Three: Half of the room belongs to your roommate. Don't forget. The decoration, cleanliness, and quietness of the room are determined by both occupants and, therefore, each should be held equally accountable.

This is what four years in Carnegie has taught me.

—Wick Broomall.

ARE YOU TWENTY-ONE?

Amid the encircling gloom of football, moonshining, and even classes, it is only fitting that all Maryville students, who are dumb enough to be allowed to remain in school until they have reached the age of perfect manhood, should turn turn their thoughts to the great political phenomenon over which they should now permit themselves to cast a spell. But really, we privileged students who have reached madents who have reached maturity can dictate to the government just whom we want to be president and whom we want to be congressmen.

Just how can we do this? It is possible to vote in your home state even though you are now an inhabitant of the mountains of Tennessee. The U. S. mail is the most useful department the government has especially when it brings a perfumed letter or one that contains a coveted meal ticket, but it can be used to tell the Election Committee of your town that you wish to vote. Immediately you will receive a ballot and after proper interpretation (all taking Greek can do it easily) you can send it back and rest assured that your vote was the telling vote in electing the next president.

As the laws are different in every state, it is impossible to give the provisions of voting. Every state has the law that the vote must be in either the DAY OF ELECTION, or the DAY BEFORE ELECTION. Dr. McMurray has kindly consented to interpret the laws of any state in regard to sending your vote.

Our straw votes are good things to arouse interest in national politics, but to get right down into the dirty deals of the game you must send your vote home. LaFollette, Davis and Coolidge all say that they would be more than glad to receive your vote. Show your political spirit and give one of them a chance for free board and room for four years.

—Edward Hamilton.

Theta Beauty Shop opens this week.

Keep the team in good spirits by going to the game in full force tomorrow.

SHORT CUTS

M. C.

Let's give fifteen for the cheerleaders.

M. C.

Alex sure has Dewey sized up right.

JOHN W. DAVIS—A WORLD FIGURE

(See article on politics on page four, column four)

Friend World is agitated today. He sits in his corner and strokes his chin and is plainly worried. He is wondering about America's future, so he told me the other day.

''I have heard just a little about the election, I believe I heard who was running for president over there, but I can't seem to remember any except one, John W. Davis. He is the only one I am acquainted with. You know he is a real man for you. I became acquainted with him while he was ambassador to England and he made a profound impression on me. He is a man of high ideals, noble aspirations, and a man of ability and fully capable of guiding the affairs of state in his country and of taking his place among my great men. He is a true statesman, like even unto Woodrow Wilson in his conception of what America ought to mean to me. He is undoubtedly the man to guide the destiny of America.

''Did I hear somebody say, 'Coolidge'? O yes, I beleve I have heard of him. He is the present incumbent of the office of president now. Well, he is an encumbrance to America and to me. He never did anything at all. Why, it is said he says nothing and does less. I tell you, what you people need is a man who is strong in intiative and capable of putting national and international measures across. John W. Davis is the man to do it I am convinced.''

''So long have I waited, yea unto this very year 1924, have I waited for the hosts of Democracy to arouse themselves and to elect a man president who is fearless, and unafraid to meet all issues squarely and fairly. I have confidence in you Americans and I believe beyond a doubt that the good people of your land will arise and elect for president, a man who is known and respected by all, the man of the hour, John W. Davis.''

—Charles Johnson.

COOLIDGE FOR PRESIDENT

The authenticity of our statisticians plus the comity of our sagacious American people, assures us of Coolidge's re-election. Our curiosity is to know what his puissant piurality will be. If every ficticious person were a true protestant American Coolidge would be unanimously elected. Our intelligence prevents us from attempting any retort to Democraticism, and Socialism, but permit me to cajole you people by recapitulating a little truth that is in thine own brother Democrat's eye.

The Davis plus the LaFollette gang insult our intelligence; in their perturbation they try to blindfold the G. O. P., by their display of ignorance, through their vociferous flow of brazen mendacity which is the most unfair means of vindication. John Davis is so insignificant, destitute of the amities of a presidential aspirant that he does not hesitate through his tangled web of false amity, to turn loose the flood gates of personal vilification and abuse upon the American Government. Why, Coolidge is the most transparently, inherently intellectual, honest, benign man that ever held office. He bears the closest scrutiny; and remember we are his beneficaries.

After that puissant, silent majority rolls up for Coolidge; somewhere in the musty covers of West Virginia a small constituency will be looking for an anti-Constitutional pussyfooting, Catholic sympathizer now sneaking around with Pat Tumulty who is a fourth degree K. C., but they won't find him. Somewhere they will find a John Davis cremated in politics and buried in the head waters of ''Salt River'' back in the Democratic dust from whence he came.

—P. D. Graybeal.

Spicy and Varied Numbers Included In Literary Society Programs This Week

Bainonian

How about coming out to Bainonian Saturday night? Things look good for a peachy program. If you won't tell, I'll let you in on what its to be like. Sure you won't tell? All right.

You remember Martha Henry? The girl who gave that spiffy graduate piano recital last year. The one that plays ''We've Got the Rep'' at Pep meetings and romps all over the piano when she does it. Well, I had it straight that she is going to play. That alone is worth the trouble of coming out.

Then I heard that Kathleen Hunnicutt and Agnes Houghton are on the program. Kathleen is always good and Agnes sure is the prima donna in Bainonian. I love to hear her sing, don't you?

But the best thing is the play, ''The Clift Heart''. It's the cutest thing you ever saw. The Maid goes to the Heart Shoppe to buy a Heart. It's the first time she has been there and she doesn't know what she wants. She looks them all over aand decides—I mustn't tell you the rest. You'll like it better if you don't know what is going to happen.

I'll be by for you about seven, so we can be sure and get a seat. The hall is always so crowded—well, so long!

Theta Epsilon

Theta Epsilon held an important business meeting in Theta Hall on Monday evening. We were indeed glad to welcome such a large number of new girls into the fellowship of our society. With such an array of talent we are looking forward to many excellent programs during the coming year.

Plans were discussed for our next big meeting to be held Saturday night. Theta Beauty Shop opens this week and according to the number of appointments which have already been made, we know the girls appreciate this extra service which Theta affords. The hours at which the shop will be open will be posted on the bulletin boards in each dormitory. Consult Mary Lilly Sossomon or Margaret Weeks for further information.

We extend a cordial invitation for every new girl as well as every member to attend our program Saturday night. Come see for yourself what Theta spirit means. Let's have EVERYBODY OUT!

Athenian

After our vacation last Saturday night in honor of our football warriors, we will again resume our weekly programs. On October 18th. the meeting will be opened by the singing of Alma Mater by the society.

Julian Johnson and Merle Marshall, members of the Freshman debate team last year, will debate the question, ''Resolved: That the U. S. Should Recognize Soviet Russia''.

Very rusty music will be rendered by the Athenian Scrap-Iron Quartette.

Darius ''Shorty'' Prince is planning to distribute freely to non-psychologists a few ''Psychological Gems''.

Judging from the unknown conversation on ''The Values of Consistent Moonshining'' by George Neff at our last meeting, we can look forward with interest to the ''Unknown Conversation''. This is the last and probably most thrilling number of the program.

Alpha Sigma

Mr. Fred Hope, the first president of the Junior Alpha Sigma Society, will probably once more speak in the Hall whose memory is a dear possession to him. This man is also the representative of Maryville in Africa and an excellent sample of the work he is doing there may be seen in Alpha Sigma Hall. This sample is a bulletin box made of first grade mahogany and inlaid with the ivory of an elephant's tusks about whose death is entwined a very interesting and trilling story. This very valuable article will be on display Saturday.

Because of the increasing interest in political campaigning, Albert Griffiths will give a mighty boost to Davis, while someone— a dark horse—is defending Coolidge.

The new men are gradually being introduced into literary work. William Blough, one of these, is to read a selection.

With intense excitement the notorious trial of Mr. Huffman was brought to a sudden close Monday night. After three days of lock-out, the jury found Mr. Huffman guilty, and the following sentence has been passed:

''According to the supreme constitution of the Moonshiners' Union, Section CXXVII, Article 13. I do impose upon you, Mr. Huffman, the following sentence: (1) You shall return to Mr. Broomall the stolen affections in the same receptacle; (2) you shall not be permitted to moonshine for 365 days; (3) you shall buy for Miss Molly one ice cream cone every Monday afternoon; (4) you shall buy the powder for Mr. Broomall's (censor); and (5) never attempt to treat another man as you did Mr. Broomall''

Be it so executed.

(Signed) Wilson McTeer,
Judge.

Men Fight Hard In Bitter Game With Tennessee

(Continued from page one)

twenty-eight points.

In the first-quarter Tennessee kicked off. Franke and McMurray carried the ball for gains. After Hamilton kicked, Tennessee made a first down and then lost the ball on blocked plunges, and incompleted passes. After recovering a blocked kick, Maryville started down the field, Franke took a pass, and McMurray ran twenty yards around end. Then Hamilton kicked a beautiful thirty-five yard placement kick between the goal posts.

Tennessee again kicked off. Upon a crossed signal the ball was lost and the goal crossed by the Volunteers. Score 7-3.

After a punting duel the quarter closed. Then Tennessee went unstopped down the field until they reached the five yard line. They advanced to the one inch line where the Highlanders took the ball on downs and kicked out of danger. On a pretty forward pass to Brown Tennessee scored their second touchdown. Before the half closed the score stood 21 to 3.

In the second half Tennessee opened with their forward pass game which was not stopped until Franke intercepted a long throw and ran down the field for forty yards. Maryville continued to gain ground until the third quarter ended. In the last period line bucks by Gamble, Hamilton, McMurray, and Gamble carried the pigskin over for Maryville's touchdown. On a pretty fake play Holland, given excellent interference, carried the pigskin forty yards. Before the last whistle blew Tennessee had scored a fourth touchdown. Score 28-10.

While Maryville at times outplayed their opponents and threatened to run away with the game, the Volunteers have a powerful team and a backfield which can score against any defense. It is only the fight and spirit of the Highlanders which makes the team able to combat with the product of big Universities. Had not a freak crossing of signals given Tennessee a touchdown early in the game, their score would have been near to that of their opponents, and possibly less.

It is too bad that the team should have a defeat written on their schedule, and especially so early in the season; but the bigger part of the games lies before the players and one defeat by a large University by no means indicates an unsuccessful season.

Student (to Spanish Prof.): ''I just walked over with the nicest girl!''

Spanish Prof.: ''You did! Who is she?''

Student: ''I don't know her name, but she said she had lived in Porto Rico, and she sure can speak Spanish! She just went into Bob Thrower's class.''

Prof: ''Yes, that was our new Spanish instructor!''

Fred Hope Will Speak In Chapel on African Work

(Continued from page one)

cabinet was started. For years the boys all went to Sheep-pen Cave for a week's camp before school and planned for ''Y'' work. Later the Y. W. Cabinet was included in the conference and the place of meeting changed to Montvale. Mr. Hope was one of the few young men who was president of Y. M. for two different years.

As for moonshine, he was right there! But perhaps that is another story. The most remarkable part about Fred Hope was that, although he was not brilliant in any one line, yet he exerted a powerful influence. Once he lead a ''Y'' meeting on tithing in such a forceful and impressive manner that numbers of the boys became consistent tithers, boys who up to that time had not considered the matter in a serious light at all.

Practical jokes—oh my! Did you hear the Dean tell about the time Fred sprinkled the professor who carried an umbrella? The ''water'' guns of those days were really quite handy on occasions.

It must not be forgotten that last year we broke the record for the Fred Hope Fund. We can't afford to make our contribution any smaller this year. The need is even greater this time than ever before, for there was a fire recently which did much damage. Are we going to fail our friend this time? That is not the way Maryville does things!

STUMP SPEECHES TO PRECEDE VOTE

The Political Campaign on the Hill ''day by day in every way'' is getting hotter and hotter. About October 29th. in Chapel a straw vote will be taken to show how the students of Maryville College stand politically. If you have any spunk in you, get out and support your candidate for president. Then we can see how the students stand. Don't be ashamed of our politics, if you are, change parties. In the next few days you will have to decide whether 'tis better to be saturated in oil, or intoxicated with ''Madison Beer Garden'' booze.

Saturday night each of the four literary societies will be ringing with a vociferous flow of oratory; stimulated by the political phenomena of our politicians. These stump speakers will enhance you with their tirades of demogaguery.

Republican Chairman Graybeal and Democratic Chairman Bishop have already applied to National headquarters for Coolidge and Davis badges. We will be glad to supply you with one when they arrive.

There will be a public meeting sometime in the near future where speakers will present both parties. There you can formulate an opinion and cast your ballot. This will be the most eloquent occasion that ever climaxed any campaign.

PERSONALS

Miss Grace Watt visited friends on the campus Sunday.

Dr. Wilson, Dr. Gillingham and Professor Orr attended the Presbyterian Synod at Chattanooga this week.

Misses Mary Robinson and Christine Painter wtre here for the U. T. game and spent the week-end on the Hill. These young ladies are teaching in Washington College of which Edgar Martin principal.

Dean Barnes left for Nashville Wednesday on the Memphis Special to attend the Sixth Annual Meeting of Southern Assocation of Teacher-Training Institutions held at George Peabody College for Teachers, Thursday, Friday and Saturday of this week.

Guy Sneed and Othel Armstrong both of the Class of '24, coaches in Harriman and Spring City respectively, were on hand to witness the U. T. game and spent Sunday on the Hill. A basket ball game is scheduled between the teams of the two young Coaches and both boys are feeling good over the prospects.

Miss Clemmie Henry, head of the department of Student Self-Help in the College left last week for an extended trip through the State of Michigen. Miss Henry is representing the needs of the college among its distant friends, thus doing an invaluable service. Miss Mary George Reed is accompanying Miss Henry on this trip, and acting as her secretary.

Last week in Nashville, Miss Nannette Walker sent forth a call to all Maryville students then in that city to hold a reunion in her home, and so on Sunday afternoon the following august Maryvillians assembled: Mr. and Mrs. Ernest Kidder, chaperones, Mr. August Johnson, and P. G. Camp, who are attending Southern College Y. M. C. A., Doc Watkins, Floyd Corry, Will Dearing, Ned Stewart, and George Howell, all of whom are adding to the intellectual atmosphere of Vanderbilt, Miss Jennie Montgomery, a delegate to the C. E. Convention and Miss Dorothy Winters and Miss Harriet Green, representatives at the Student Volunteer Council Meeting. They were all delightfully entertained by Nannette, Moody and Mae Walker, also former Maryville students.

By the way George is enjoying his pursuit of Chemistry at Vanderbilt even though he did let some of his personal feeling slip when, in company with one of the young ladies named above, he gazed at the rising moon and mournfully exclaimed, ''Another good night going to waste.''

POLITICAL STRAW VOTE TO BE CAST IN CHAPEL SOON

A Poll Will Be Taken For Every Student Enrolled In College.

CAMPAIGN SPEECHES ELOQUENT

Coolidge And Davis Forces Gain In Strength As Test Draws Near.

The campaign on College Hill for the presidency is narrowing down to a hard fight between Coolidge and Davis, as the fight enters the week before the election. The voting will take place next week in the chapel, and until then the outcome will be in doubt. La Follette has little chance of exerting any influence in the election, but he is backed by a little handful of loyal supporters.

The managers of both parties are confident of victory, and each predicts a large majority for his candidate. Chairman Graybeal predicts a landslide for Coolidge. He claims that Carnegie Hall from the first floor up will vote solid for Coolidge. He admits that the basement no doubt will be divided between Davis and La Follette, and concedes that much to his opponents. All republican efforts in that region have been coldly received.

Bishop, manager for Davis, expects to carry the Y.M.C.A. in a body for Davis, but as yet has been able to do little with the Ministerial Association. The Georgia Club has pledged its support to the Democratic candidate, and other southern states are expected to follow Georgia's example.

Tuesday the Republican chairman issued a statement charging the Democratic party with collecting a slush fund to try to buy the presidency. He demanded sworn statement from Bishop in the name of the Y. M. C. A. explaining the expenditure of its funds, since Bishop is Secretary of that organization, and at the same time has accepted a retaining fee from the National Chairman of the Democratic party. The Republican party hopes that there will be no occasion to push this matter

(Continued on page three)

DEBATE QUESTION

The National Pi Kappa Delta debate question for this year will be, That Congress Should be empowered to override by a 2-3 vote, decissions of the Supreme Court which declare congressional action unconstitutional. The second choice in the vote of Pi Kappa schools is the Japanese exclusion question.

Maryville, a member of the Pi Kappa Delta which is a national forensic fraternity, will in all probability use this question in all her debates this year. The question will also be used in the preliminaries which will be held the first Monday in December.

Soon there will be a call for all candidates for the debate teams of the College to meet and be assigned a side of this question for the try-outs. Unless an unforseen occurance intervenes the Pi Kappa Delta Question on the Supreme Court will be used by all who try out.

A DELINQUENCY

As a rule the Dean is careful about obeying his own rules. But last week the moonlight proctor got the goods on him.

In the first place the Dean was car riding. Then he picked up a fair pedestrian and they rode to the Hill. Under the influence of this unusual stimulus, Dr. Barnes rushed in where angels are supposed to park and left his car on the forbidden spot. He walked off with that sang froid air of his.

Later in the day the whereabouts of his automobile seemed to slip his mind. After a futile search for the car, the family were restored to equanimity when Mr. Irvin, coming to the rescue, sorted out the car and took it home.

FRED HOPE GETS GENEROUS FUND

$1,200 Fund Raised by Students For The Mission Work In Africa.

The high mark of Fred Hope subscriptions was reached last Saturday when the student body pledged twelve hundred dollars to the carrying on of the work of Maryville's missionary in Africa.

Both Friday evening and Saturday morning Mr. Hope gave intensely interesting talks on his work teaching the Africans to work with their hands.

On Friday night be showed pictures of Africa, and told of the conditions that exist there. The women are treated as slaves, and to work is disgraceful. The land is rich in resources, but the shiftless natives make no use of them. It is to this dark land that Christian missionaries are bringing light.

At a Student Volunteer meeting after the big meeting in the chapel, Mr. Hope told of the sacrifices a missionary must make. But he makes light of all the suffering he must undergo, and intends to cut his vacation in half, since he feels he is needed back at his station where fire has destroyed property.

Saturday morning he talked of what he has been doing in the Dark Continent by way of teaching the natives to work. They cannot do anything in the way of work, and it is this practical side of Christianity that Mr. Hope is teaching them. He went to the Kamaroon district twenty years ago to take charge of a little industrial school that was trying to make men out of the ''Bush Niggers'', but was having hard sledding. After overcoming seemingly unsurmountable obstacles he put the school on a business basis and has been extending the work till these once ignorant and lazy natives are turning out all the furnishings of the mission, and selling furniture

SHOW ME CLUB FORMED

Missouri students met Wednesday and organized a Show Me Club. There are twenty-one or more boys and girls from the Mule State and everyone hailing from that region is urged to become a member.

The following officers were elected: Harry Gauding, President; Walter Mathews, Vice-President; Lucile Oesterle, Treasurer; Henrietta Smith, Chairman of Social Committee.

BIBLE EDUCATION IN COLLEGE GETS $50,000 BEQUEST

Presbyterian Board of Religious Education Investigates Denominational Colleges of Country.

MARYVILLE CHOSEN FIRST

Mr. Thomas Lynnott, Retired Glass Manufacturer of Wenonah, N. J., Donor.

Through the gift of a Philadelphia member of the Presbyterian Board of Christian Education, Mr. Lynott, a wealthy Presbyterian philanthropist, Maryville is to enlarge her department of Bible and Religious Education.

This will be the first of a series of Presbyterian Schools of Religious Education, the establishment of which depends upon the success of this experiment.

Information was secured from a large number of southern schools as to their readiness to inaugurate at an early date standard departments of religious education and Maryville has been chosen as one of the two institutions in which the experiment is to be tried. Trinity University in Texas is the other.

The requirements for each college are that it shall have a total of $100,00 from other sources by the date named and that it shall maintain at that time a department of Religious Education employing at least three full-time teachers who teach Bible or subjects directly related to Religious Education. The date set is March 31, 1926. Maryville's share in the gift amounts to $50,000.

At present we have three professors qualified to devote their entire

(Continued on page three)

MOUNTAIN HIKERS TRAVEL TOMORROW

Hi-Trail and ''Y'' Men Will Hike to Abram's Falls.

''M-my b-but these m-mountain s-streams are c-cold this year'', says on of the ''Y'' hikers who will go swimming in the pool below Abram's Fall.

There will be at least twenty adventurous hikers who will brave the wampus and snipe infested mountains this year in search of natural wonders.

These men under the leadership of the Hi-Trail Club will see at least three of Tennessee's wonder spots: The ''Gold Mine'', where years ago machinery was hauled to the top of the Chilhowee Mountains and gold was washed out; Abram's falls, a silvery fall tucked between two high green-clad mountains; Parson's Bald, the top of a mountain so old that all its thatch has dropped away leaving only its epidermis exposed, even though it belonged to the ministerial association.

Girls, if you are so fortunate as to know any of the men who will go on this hike be sure to get a date with them and get them to date with them.

The trip begins tomorrow, and the whole week-end will be filled with hiking. There is still room for any student to go who may have suddenly decided to trust himself to the Hi-Trailers' guardianship and the ''Y''.

MARYVILLE AND ST. XAVIER GAME TOMORROW TO BE WIRED BY PLAYS TO WILSON FIELD

Spectators at Sophomore-Freshman Football Game Will Get Results From Cincinnati Every Three Minutes of Play—First Telegram Will Announce The Kick-Off at Three Thirty O'clock.

HIGHLANDERS EXPECT TO WIN THE GAME

The Generosity of The Chandler-Singleton Store Has Made Possible For Local Students To Follow Plays.—Expense Of Twenty Telegrams to Maryville Covered.

The Maryville-St. Xavier football game tomorrow will be reported in detail by wire to Maryville and announced on Wilson Field.

The classic Sophomore-Freshmer grid battle will be the side-attraction of the afternoon. To the spectators at this game Mr. Cragan will announce the arrival of telegrams which will be sent by Mr. Hill at the game in Cincinnati.

Twenty telegrams will be delivered during the game, the first about 3:30 o'clock. This undertaking has been made possible only thru the generosity of Chandler-Singleton Co. Hearty thanks are due from the student body for this rather expensive favor on the part of this Store.

The team left this morning for Cincinnati where they will fight for Maryville.

This is the first time in two years that our pigskin warriors have crossed the Mason-Dixon line, but now we have a chance to prove to Northern grid fans that it is possible for a Southern college to produce a real football machine.

The Highlanders received the small end of the score the last time they met the St. Xavier crew, but are going this year determined to have revenge on the fish eaters.

Saint Xavier has a team that rates high in the Ohio Conference but they are pointing at our game as the big one of the season.

''Tinker'' Franke will be a drawing card for ''Cinci'' fans, as

(Continued on page three)

TEAM OVERWHELMS MILLIGAN ELEVEN

Highlanders Have An Easy Time Winning Saturday's Game With 30-7 Score.

With the odds heavily against them the Fighting Highlanders fought the greatest battle of the season on the local grid last Saturday overwhelming the strong Milligan eleven 30-7.

Followed by a crowd of enthusiastic rooters the Johnson City eleven invaded Blount County confident of victory and not until the last whistle blew would the Milligan backers believe that their ''wonder'' team was beaten.

With a galaxy of highly touted players such as the All-Southern tackle, Barbour, Bozwell and Alexander the visitors did present a formidable front early in the game, but the great stamani and superior condition of the Honaker eleven soon began to tell. The half ended with the Buffaloes buffaloed and the Highlanders masters of the field.

The outstanding feature of the game was the way in which every man did his duty, the back field and line working in unison functioning like a well-oiled machine. Time after time the Highlander forwards broke thru the Milligan defense and thru opponents for heavy losses. Rarely did the backs fail to gain and severaal fakes were worked for long advances. The enemy line was crossed four times and once a Buffalo was caught behind his own line for a safety. Captain Ham added an extra point after each touchdown. Milligan's lone score was made on a blocked punt.

To mention all those who did creditable work would simply be calling the roll so only the high spots can be touched here.

The Musick-Cartwright and Shores-Wilson end combines did stellar work in going down on punts and passes. The performance of the Thrower-Hamilton tackle duet was an inspiration to the rest of the team. Bradley county visitors were

(Continued on page three)

SCRUBS WIN VICTORY

Our second string men made a successful debut in scholastic football by defeating the Lenior City High School 20-6 at Lenoir City last Friday.

The high school's lone score was made by a 90-yard run by Thomas on the kick-off. Then the Tigers got busy and tore up and down the field in great style. George Crawford made all three touchdowns and Peter Sneed and Tom Anderson booted the oval for the extra points.

JOINT Y MEETING SUNDAY

Next Sunday afternoon the boys and girls on the Hill are going to get together in a joint Y. M.-Y. W. meeting to discuss a subject that vitally concerns all students—Culture.

Mrs. McMurray will speak at this meeting, no Maryvillian can afford to miss this talk. Then there will be special music, and also an open discussion of the things in which we lack culture here on the Hill.

Let everyone be thinking about it this week, and come next Sunday prepared to express his opinions. This meeting will be of special interest and benefit to even the most cultured of Maryvillians, so let's have the best attendance yet.

THE WORK OF FRED HOPE

Last week there came to the College one of the greatest missionaries of our time. He is a man devoting a life for the good of another race of men. Fred Hope is doing a work in the dark continent comparable in hardships and results to that of empire building.

In the heart of a jungleland of Africa there has been set up the order of Western Civilization. Men who a few short years ago lived in hopeless and fantastic superstition now enjoy the enlightenment of the twentieth century. Among the same trees which recently sheltered the stalking lion there now stand orderly homes; in the same foothills which even yet echo with the howl of the hyena and the growl of the gorilla there throbs the sound of the printing press.

There is a certain satisfaction in the doing of such a big piece of work. The day of the pioneer in this land is past, and yet it was the hardship of that day which has made the Americans a truly great race of men. When a people begins to coddle itself in the lap of luxury and civilization the finer qualities of manhood are soon lost. There is nothing as big in this world as the undertaking of an almost hopeless and thankless task, simply for the sake of accomplishing a real piece of work.

On the other hand there comes the question whether it is worth while to take the savage abruptly away from his haunts in the tropical forest, and put him to work in the factory. It is a task which not only changes the native, but also takes its toll of many missionary lives, and the sacrifice is terrific. There must be an ulterior purpose in the life of such men as Fred Hope. In a sentence which dropped from his lips Mr. Hope gives a clue to this purpose. ''They must be gotten into the Kingdom''.

CRITICISM

There are always some shallow minds which feed on destructive criticism. These people snatch at superficial and false generalities and draw conclusions which they are foolish enough to think true.

There are students who criticise this paper and do everything in their power to run it into the ground. ''Same as Last Year'', ''There was nothing interesting'', ''It is too personal'', ''It does not tell enough about people'', and so on in dreary inanity.

These skittsh objectors can hardly be said to use common intelligence. Is not college life the same from year to year, do not we play football games every year, and do not the same organizations organize? How can a newspaper report fictitious earthquakes and startling outbreaks which do not happen, and still be a newspaper?

Moreover, when we try to follow the best principles of journalism, it is rather annoying to have a superficial reader try to tell us that we are doing everything wrong. We realize our shortcomings well enough and such an attitude is hardly fair.

On the other hand, we get down on our knees to ask people for constructive criticism, but this class of people strangely become dumb when it gets to this point. We always seek new ideas and suggestions from any student, but we do not get the volubility we might be led to expect from the chorus of adverse criticism. To that small minority (we hope) of our readers in this class we suggest to kindly remember that it is easy to criticise, and hard to construct.

DEBATE

Progress is being made towards a good program in intercollegiate debate this year, and interest is beginning to be aroused. Debate offers many inducements this year, and we hope a good number will be out to take advantage of them. Graduation has left but a small group of experienced men to carry on the work of Pi Kappa Delta, and several of them will leave this year. That means that if Maryville debate is going to continue on its present high plane it must recieruit some new men this year.

Several good trips will be made, and plans are under way for a circuit debate team. If you make the team you have the benefit of excellent coaching in reasoning and public speaking. No matter what you do in life you will find such training valuable. If you don't make the team this year you stand a much better chance of making it next. But even if you never do make a team you can't lose in trying out for debate.

The preliminaries will be held the first of December, so there is plenty of time to work up a debate. Help will be given to those that desire it, and every effort will be made to make debaters out of the men trying for places.

Everyone that comes to college should try to take part in some extra-curriculum activity, and debate offers one closely allied to college work. For the good of Maryville debate, and still more for your own good, we want to see a big crowd in the preliminary this year.

J'EVER

GO ON a mountain hike
WHERE a herd of girls were
INVOLVED in preparing the
NOON repast, and each one was
TELLING all the rest how the
STEAK should be cooked and
HOW the butter should be
SLICED et cetera, and every
TIME a new sentence gust forth
IT WAS an octave higher, till
EVEN the birds could not
COMPETE; then a battle was
WAGED over a comb which was
BROKEN and during the
CONFUSION you think to
YOURSELF now lay me down
TO SLEEP, I'm glad I'm
NOT a member of the
SPEAKER sex.

PREP BASKETBALL

The Prep Basket Ball Squad had its initial work-out of the season on Tuesday afternoon under Manager James Cunningham.

Prospects look good for a snappy aggregation, and games will probably be arranged with Polytechnic School, Maryville High, Porter High, Everett High and Friendsville.

This is the Preps' last chance in athletics, so the college should give them its support.

BIBLE EDUCATION IN COLLEGE GETS $50,000 BEQUEST

(Continued from page one)

time to the work of this department. It is true that they are not all spending their entire time along these lines, but we have every assurance that by the date set it is entirely possible that they will. The requirements as laid down specify that enough courses be given to enable students to major in the department, and Maryville does this without employing three full-time teachers in the department. We have no fear as to Maryville's ability to meet the other requirement, although of course at present part of the money has not made its appearance.

The Board of Religious Education of the Presbyterian Church in the U. S. A. is to be the judge as to whether or not a standard department is maintained. Over twenty other Presbyterian colleges are eager to have these schools established, and it is hoped that the experiment will be as successful as to make possible endowment of the same for the enrichment of the curricula of many Presbyterian institutions.

TEAM OVERWHELMS MILLIGAN ELEVEN

and building houses for Europeans that live in that country.

Mr. Hope told of the need in the missioon fields for men with talent for executive work, mechanics, and doctors. Besides the money Maryville has invested in the mission work, as a result of this visit, some lives have been touched that before had not seen the opportunities that the mission field offers. Fred Hope stands as a living example of what such men can do for the Kingdom in far off heathen lands.

POLITICAL STRAW VOTE TO BE CAST IN CHAPEL SOON

(Continued from page one)

furher, for as a party it stands opposed to anything that is even tainted with graft, or painted with oil.

Last week, the Hill was harried with speakers, and next week the process will be carried on still more furiously. Spellbinders held forth at all the literary societies last week and are due to do the same tomorrow night. At one of the girls' societies, a partisan of Davis gained even the grudging admission of warm Republicans that there was something on the other side.

Bales of campaign literature has been received by the local committees and, along with the pins, is being distributed. Some of the dope was so hot that it caught fire spontaneously. Republicans are promising that all college students will have their taxes reduced to a minimum, while Democrats are denouncing the fraud of the present administration in all its actions.

LOST— Leather loose-leaf note book, containing typewritten expression readings. Reward if returned to Lena Strawbridge, 58 Pearsons Hall.

INDOOR SPORT CLASSES

Mr. Albert Cook will conduct classes in physical exercises under the auspices of the Y. M. C. A. All students are eligible to enjoy the benefits of this training.

Mr. Cook has been given the former girls' gymnasium in Bartlett Hall where he has installed his apparatus and is holding daily practice in his body-building exercises.

For some time now he has had a class of diminutive individuals who are making every effort to enlarge their physiques. Other classes will include about ten men each.

These classes will work on boxing, wrestling, tumbling, aand kindred indoor sports. The Y is offering to the students a chance to make strong bodies. and Mr. Cook is to be commended upon his share in this work.

MEETING OF MINISTERS

"Does Life Owe You a Living?" This question and its alternate or opposite, "What I Owe to Life" are to be discussed in the meeting next Wednesday. Whatever is a student's philosophy on this issue, he will enjoy these talks.

Theta Epsilon

Theta was over-joyed Saturday night to welcome to her ranks eighty-five new members, but that wasn't all that happened Saturday night—at least you wouldn't think so if you'd heard the campaign speeches made for Coolidge and Davis by Misses Kathleen Whitted and Elizabeth Torrey respectively. Ruby Harrison would rival even the most noted commerience for natural talent—anyway 'most everyone thot so Saturday night as she rehearsed "An Old Fashioned Garden" according to directions given for a chorus girl and a picture hanger.

Blond Morrow and Margaret Lewis gave "Sing Me to Sleep" as a duet. Then followed a one-act play "Watch Out for Louise".

Theta invites both the new and the old girls to attend her meetings Come out and you'll imbibe some of the Theta spirit.

Bainonion

Did you go to Bainonian last week? If you did, you know all I might tell you, and if you didn't you ought to profit by your experience of having missed something worthwhile and come—and sin no more.

To jog our memory, I'll suggest—new poetry style:

New members, quality and quantity;
Martha Henry, Chapin and Strauss;
Kathleen Hunnicutt, the good forgetter of amourous boys;
Heart Shoppe, the One and Oly;
Agnes Houghton, that high C.

Doubtless you may be able to interpret this "poetry" by your past experience.

Have you heard about the most fashionable hobby out? Bainonian is introducing it Saturday night, in order that we can see how we like it.

It's a very interesting fashion; quite the highbrow thing to do nowadays. Suppose you'll like it?

Alpha Sigma

"If you want to spend about an hour or more to the best possible advantage direct your footsteps into Alpha Sigma Hall", so said the old Penates that gazed at those who enter Anderson. They have been here long enough to know.

Whether you take this advice or do not, there is surely this much about what was said: The program this week will vindicate it.

Mr. Robert Lockhart, formerly of Trinity University, will tell about two of the world's famous artists and their works, while a man from Carnegie Tech. Mr. Baailey, is to give an exposition of two great operas. Embryonic efforts are always appreciated in Alpha Sigma, so the appearance of Mr. Luther Hammond as a reader will be especially welcomed.

Mr. Erasmus Kitchen, of watermelon patch fame, thinks his home town is "it"; and Mr. Robert Dance (his true name) might dance a dance while giving the latest edition of the Alpha Sigma Advance.

Don't let the Penates say to you, "I told you so." Convince yourself.

Athenian

On account of the Y.M.—Hi Trail hike, which will begin Saturday, the Athenian Literary Society will hold its regular weekly meeting on Friday evening.

A Kipling-Mark Twain program is scheduled. After the singing of "Dear Old Maryville" by the society, Clyde Lippard is to give brief sketches of the lives and works of Rudyard Kipling and Mark Twain.

The Athenian Quartet in rendering "The Gyspy Trail" and Paul Meikle in reading "Mandalay" will contribute to the program's interest, while Troy Berrong and Ralph Stobb are making the meeting personal and intimate with their "Interview with Mark Twain".

SPORT SPASMS

We happened to hear several remarks about the way the boys stayed in there and fought after Milligan had made their first touchdown.

Our team must be in good shape for they seem to be in better condition than any of the teams we've played.

Umpire Prece said that he had noticed a flock of tackles and that Bob Thrower was as good as any he had ever seen.

Get the old mask out "Tinker" and then they won't be able to hit you on the nose.

Did you ever see Coach as worked up over a game as he was Saturday?

I guess everybody knows by this time that we have a classy pair of ends. Have you been noticing the way they get down under punts and stop the man in his tracks.

We understand that the Highland Echo is going to send five reporters to Cincinnati to cover the game.

VOLUME TEN | MARYVILLE, TENNESSEE, FRIDAY, OCT. 31, 1924 | NUMBER EIGHT

COLLEGE STUDENTS FAVOR DAVIS; FACULTY AND PREP VOTE SWINGS A SMALL PLURALITY TO COOLIDGE

Total Vote Fails To Give Any One Candidate Majority.—Election Thrown In House. Republican Faculty Gives Coolidge Seven Vote Margin On Total Vote.

BOTH PARTIES CLAIM VICTORY.

College and Prep Departments Favor Davis By Six Votes.—Women Flock To Democratic Standard While Men Cast Ballots For Coolidge.

The results of the presidential poll taken in chapel Wednesday morning under the management of the Echo failed to give any one candidate a majority. The ten votes cast for the Third Party candidate prevented the re-election of Coolidge or the election of Davis. Thus if Andrew Gump, the Peoples Choice is a true prophet, and as Maryville goes so goes the nation, the election will likely be thrown in the House of Representatives.

A strongly Republican faculty gave Coolidge a seven vote advantage over Davis but the student body gave Davis a slight lead of six votes. The college department alone gave the Democratic nominee a twelve vote edge.

The Senior, Junior and Sophomore classes expressed their desire for a change in administration by going Democratic while the half-baked intellects of the Freshmen and Preps registered satisfaction with the present regime.

The vote by states showed the usual partisanship of the various political sections of our country. Tennessee seems to be slipping away from the Solid South going Republican again. The rest of the Southern states were true to Democratic ideals and gave Davis the larger part of his vote. Massachusetts and Vermont, home states of Coolidge, went unanimously Republican as did also Colorado, and Washington. Louisiana, Mississippi, Nebraska, South Carolina, and Utah were uniformly Democratic.

Oklahoma was the only state to give its total vote to La Follette, Pennsylvania gave the Wisconsin gentleman his largest state vote. The foreign and territorial vote was 2 to 1 in favor of Coolidgt.

The feminine element favored Davis doubtless influenced by the flattery and handsome appearance of his local campaign manager. The

(Continued on page four)

LITERARY SOCIETY JOINT MEETINGS

Bainonian and Athenian

Athenians and Bainonians are to have jjoint meeting at 7 o'clock on Saturday in the Alumni gymnasium. A program which will prove to be the best ever given at a joint meeting of these two societies has been prepared.

For several weeks some of the best comic talent in the world has been practicing in order to stage on this noted occasion ''Julius Caesar''—a burlesque. A laugh and a thrill every minute is guaranteed.

Miss Eleanor Franklin, a mezzo-soprano soloist, noted in the north as well as the south, will sing.

Mrs. Hamilton, assistant football ccaptain, one of the best readers on college hill, and a member of the faculty of the Expression Department, will read. A quartette composed of Bainonians and Athenians will conclude the program with several selections.

Of course it is not necessary to state here that there will be refreshments, the kind we seldom have on college hill. Come out, Bainonians, and get acquainted with your brothers. Come out, Athenians and Bainonians, for who can tell but what you may find there one who sometime may lead you to follow the example of Edward Hamilton and Salmon Brown.

Theta Epsilon and Alpha Sigma

The Theta Epsilons and the Alpha Sigmas will hold their first joint meeting, next Saturday evening, November first, at 8:00 o'clock, in the Y. W. C. A. audiorium.

The Theta Orchestra will open the program with a musical selection. This is the first appearance of these twelve musicians, who organized shortly after the opening of school. The second number will be rendered by the Alpha Sigma Quartette, which needs no introduction on the hill.

Next, the Theta Players will present a one-act play, ''Melodrama in One Splash''. Mr. Merlin Usner, director of the Alpha Sigma comedians, will then present ''TopsyTurvey Poetry'' in one scene. The societies then be favored by a humorous reading ''Brudder Brown on Apples'' by the best reader on College Hill,—Myrtle Ardis. Sparks from the ''Alpha Sigma Advance'', will be set off by Mr. Clinton Puff. As a finale for the program, the Alpha Sigma Comedy Quartette will perform with songs, dances and a surprise. (? ?)

A social hour and refreshments will follow, during which the Theta Orchestra will make its second appearance. All are cordially invited.

Recently, in Room 35, Memorial Hall, a surprise birthday party was given in honor of Muriel Moody. The color scheme was red and white, effectively brought out in both decorations and refreshments. Those present were the Misses Helen Marsh, Clarice McDonald, Mae and Ruth Spivey, Lois Ramsey, Alice Pratt, Bonnie Hudson, Anna Zimmerman, Emily Simpson, Mary Faut, Garnet Leader, Mabel Haws, Dorothea Bogley, Texas Hambeat, Sally Dickey and Beryl Moody.

Among the hikers last week-end were Merlin Usner, Francis Kinsler, Quinten Gains, Gordon Jeffries, Harry Gauding and Jesse Peirce, who journeyed to Cowan Springs. Here they enjoyed the use of Mr. Gamble's cabin, and despite the rainy weather, spent an interesting and profitable outing.

Merlin Usner, after climbing several hillsides planted with corn, has decided that the mountaineer in plowing must use stilts on one side of his horse.

FISK SINGERS TO GIVE CONCERT IN CHAPEL THE 18TH

Famous Colored Quintet Has Recently Returned From Extended Tour of Europe.

APPEARED HERE IN 1922

Program Will Include Negro Melodies, Religious Songs, And Readings.

The famous Fisk Singers will appear in the chapel the night of the eighteenth and present a program of typical negro folk, religious, and humorous songs. From the generous appreciation of the crowned heads of Europe and the approval of the greatest musical critics of London, come the ONLY FISK JUBILEE SINGERS to Maryville. After a great deal of letter writing the Maryville College Y. M. C. A. has secured the date of November eighteenth for the apearance of this noteable roupe of Negro singers.

These world renowned Singers have been touring Europe and receiving enthusiastic ovation everywhere. Maryville is one of the first southern cities to have the opportunity of hearing their interpretation of negro songs on their return to America. The Roanoke (Va.) Times says, ''The quintet's repertoire of songs includes perhaps the largest selection of Negro dialect songs in the possession of any publicly appearing artists of America, and there is no one to doubt that

(Continued on page four)

CLASS FOOT BALL GAMES UNDERWAY

Sophomores Defeat Freshmen Easily—Seniors Meet Juniors On Field Monday.

The annual gridiron classic of the upper classes will be enacted on Wilson field at three o'clock Monday afternoon. The Seniors and the Juniors are primed for a battle royal and local rooters are expected to be out in numbers.

The two teams will line up for the fray with some such personnel as the following:

Seniors		Juniors
McTeer	l.e.	Lippard
Griffitts (the man with the big hands)	r.t.	Milling
Cathey	l.g.	Troutman
McConnell	c.	Graybeal
Black	r.g.	Berrong
Cornelius	r.t.	Eitner
Neff	r.e.	Dickerson
Rohre	q.b.	Williams
Haworth (the best right halfback of the team)	r.h.	Gillingham
Kinsler	l.h.	Veech

Robinette (captain of strong physique) f.b. Bishop, (c)

Other letter-men: Johnson, Huffman, Bell, Lockhart.

In a confidential conference with a representative of this paper the captains of the teams declared that they looked for a good game, that they expected to use line plunges, end runs, and possibly some other tactics. At any rate signals will be used.

SOPHS DEFEAT FRESH 24-6

While the student body was anxiously waiting to hear the outcome of the St. Xavier game, they were treated to a fine exhibition of class

(Continued on page four)

HIGHLANDERS DEFEAT ST. XAVIER AND SCORE THREE TIMES IN EIGHT MINUTES

Facing Defeat Highlanders Rally Second Half And Win Decisive Victory.—Blot of Old Defeat Received At Hands of Saints Two Years Ago Wiped Out.

FINAL SCORE 26 TO 6.

J. Gamble and E. McCall Outstanding Stars. Thrower and Hamilton Shine As Forwards.—Whole Team Plays Best Game So Far This Season.

Although the Maryville team held the small end of the score at the end of the first half they came back strong in the second period and ran rough shod over the Saint Xavier team and left the field with a 26 to 6 score in their favor. It was in the third period that Maryville cut loose with a bewildering attack that was too much for the Saints. The Highlanders scored their three touchdowns so fast that the Saints hardly knew what it was all about.

In the first half St. Xavier outplayed the Highlanders and scored their only touchdown of the game. In the first quarter the Saints seemed to be too smart at the passing game but this was short lived for it wasn't long until the Maryville team was either intercepting them or keeping the Saints from getting them.

Maryville scored their first touchdown on a series of line bucks. The second came on a trick play. It was

(Continued on page four)

GAME TOMORROW AGAINST NORMAL

Normal Eleven Defeated Highlanders Four Years Ago. Men Out For Revenge.

An eleventh hour game has been arranged with the Middle Tennessee Normal eleven for Saturday afternoon. The game will be played here and the tilt is slated to get under way at 3 o'clock sharp.

This game is not to be regarded as a practice affair for the Normal team is reported to be greatly strengthened with some ex-Vandy stars. The last time Maryville played the Middle Tennessee team four years ago we were badly beaten 41 to 0. The boys are determined to have revenge and need all the support we can give them. This affair is the last before the biggest game on the schedule, Maryville vs. Carson-Newman on Armistice Day.

Classes will probably be dismissed at 2:50 p. m., so hurrry right to the field and help the team get away with a bang.

MOUNTAIN HIKERS

The following letter sort of dropped in on the Echo from out the air, and we herewith publish it unadorned.

Dear Editor:

Beings as how I thought you'd like to hear how us mountaineers got along with our hike, I'm writin you this here letter.

Now you see it was this way when we'uns got ready to go there was only a quarter as many as you said were there. There was Erasmus Kitchun wot sings in the Glee Club, Mister Hazen whose takin jimnastics with Cooke, Wicked Broomall or somethin of the sort, and Ed Cathey and Woody McTeer wot belongs to this hear Hi-Trail Club.

Well, we up and left and climbed up to Gold Flats and camped and sure had some supper. We looked at the gold mining machinery and then we piles into the hay about 2 a. m. We wuz all awake gettin the fire warm when somebody yells, ''What in the (censored) are you younns doin hear?'' All of which perty nigh had us skeered until Jimmy the King and Shortly the Prince walks into camp.

About that time it started to rain and it kept on raining till we got to Abram's Falls. We cooks dinner, looks at the rain and looks at the falls (there really ain't much difference) and started to Cades Cove and let me tell you Mr. Editor it didn't stop rainin a tall.

Going round them hair pin curves we runs into a fog so thick

(Continued on page four)

HALLOWEEN PARTY

Spirits And Witches Haunt The Campus— Seniors Celebrate At McTeer Home.

Once again the witches, ghost, and the like are having their annual convention at Maryville. From all directions their mystical shapes are seen floating through the misty air. The old witch with her broom and cat is expected to arrive at sunset.

Of course, these ghostly apparitions belong to different classes—some are more weird, enchanting, and intellectual than others.

Those prodigies that have most recently been initiated into this secret order are to gather separately in Thaw Hall. The Imperial Pokus has informed all of his greenies to be there promptly in their enchanted robes.

Other ghosts are rather religious so these will call their session to order tonight in the Presbyterian church. All those who are members of the second year crop are requested to flitter thither.

Wise old spirits usually segregate. These have been apparitions for three years and therefore think they know something about ghostology. However, it is rumored that since they have very important business to transact, they are to meet in Dr. Gillingham's house—a place suitable for their nocturnal assemblage. Phantom slips have been sent by the Wise Spirits to all members.

Last night, however, the leaders and captain of this organization met at the home of Mr. Wilson McTeer. From the news that is still in the air that was a convention which will not be forgotten soon, since it was apparent that each goblin had two ganders—one on each side.

BOOK TREATMENT

There is a certain naive aptness in the student who has learned to put two and two together and produce a quartette. Yet there is a first principle of mathematics which is often ignored when the process is applied to the care of text books. It is the principle which teaches that only things of a kind can be multiplied.

The above-mentioned student reasons thus. Text books are dry and when the campus is flooded with cloudbursts the weather is wet. Therefore the rain must have a salutary effect on the books. He leaves them out and the rains come and the floods descend and the books lose their dryness. They curl up and wrinkle.

In all seriousness it is a sad reflection on some students when there are at least half a dozen books lying on the "Y" bulletin board or around the library, every time that we have a heavy rainfall. Such damp treatment will ruin any clothbound book. Such neglect of property is entirely uncalled for in college.

DIVERSIONS

Now that the whole range of college activities had been brought into full swing, a severe strain is put upon the the ordinary student's course of study. This week rain-soaked mountain hikes, football ccelebrations, and Hallowe'en events have more or less dimmed the bright lights of education.

In such a crisis the common practice is to desert books and enjoy all the side-shows of life. But that policy never got a man very far in the world. It is much better method, and entirely possible for any student to enjoy a reasonable amount of social stir and yet keep up in his studies.

There is no excuse for the one-track conception of some students who feel that they cannot study a book and go to an affair within the same day. It does take some intelligence to get all assigned lessons and to have time left over for other matters. The person who cannot keep more than one train of thought at the same time, should not be in College.

CELEBRATIONS

After our great footpall victory last Saturday there was naturally a lot of excitement on the Hill which demanded expression. Perhaps the problem of football celebrations at Maryville has not yet been completely handled, but there are definite courses of action which the College and the student body cannot approve. In an organized and enlightened collection of students such as we have at Maryville, the escapades of small parties often infringe upon the rights and good name of the majority group.

Last Saturday it was determined to postpone celebration until Monday night. On the other hand, when some few individuals undertake a rather boisterous and rough parade the College gets the blame for it. Moreover, when these particular individuals take advantage of their membership in the institution to appropriate what town merchants make their living by selling, it is little short of highway robbery. It is the student body as a whole which suffers for the deeds of a few in such affairs.

STRAIGHT DOPE ON FEMININE BASKETBALL

In a school such as Maryville with its high standard of education; with its fame in athletics; and, above all, its large number of the fairer sex, it is certainly surprising that there is so little thought, energy, time and interest directed toward the girls' Basket Ball Team.

It seems only fair that the girls be allowed a chance, at least, of putting their Alma Mater on the feminine map There is only this one intercollegiate sport in which they can participate, and one would think it only just and right that they be given, equally, all the advantages which the other college teams enjoy. For after all, the Girls' Basket Ball Team is a college team, representing the college and working just as hard to uphold the college as do any of the other teams.

It is not only probable, but it is entirely possible that the girls can turn out as good a team, respectively speaking, as can the boys. Have you noticed that the girls this year are a particularly athletic bunch? They are seen on the tennis courts and in the swimming pool, and it only stands to reason that they can also play Basket Ball. They have the ability and they have the pep. They have the interest, and they have the enthusiasm, and above all, they are willing to fight—if they are but given an opportunity to do so.

Now girls—listen! When the call for Basket Ball recruits is sounded, don't fail to respond. Help old Maryville to have one of the finest girls' teams in the South, with its picture in the papers and its name on the tongue of every college in the United States. It has been done by other girls' teams and there is absolutely no reason on College Hill why we couldn't do it ourselves. Get out there and fight! Display some of that never-say-die spirit! It's up to you to show the world, (and incidentally our own Hill) just what a real girls' team can be like, with all the speed, and pep, and that "always-on-your toes" attitude besides the spirit of fighting for the further glory of Maryville.

Let's start Basket Ball with a Bang this year and keep on banging all the season long.

All right—let's give fifteen rahs in advance for that girls' team—all together—

Hip! Hip!

—Pat Farrar.

SHORT CUTS

The Eternal Question—Is it true about Red Brown?

M. C.

Ham says that he hopes for Red's sake that it's a false alarm.

M. C.

Bob seemed very much elated over that red headed waitress.

M. C.

They all confess it, Cartwright is the football sheik.

M. C.

They say that Bitsy got his tonsils sunburned in Cincinnati.

M. C.

Has Maryville College got a Gentler Sex? If so, what is it?

M. C.

Gillie says that if he could buy some of these girls at his price and sell them at their price he would make a good profit.

M. C.

The Sophs and C. N. both use ringers. C.N. gets theirs from Syracuse and the Sophs get theirs from the Freshmen.

M. C.

The first hour class in required psychology does not need any artificial heat.

M. C.

Little words of wisdom,
Little words of bluff,
Make the Prof. tell us,
"Sit down, that's enough".

M. C.

No, Dumbdora, just because wheat is selling at a dollar a bushel you can't call it buckwheat.

M. C.

Miss Jewel: "Can you tell me Napoleon's nationality?"

Rohre: "Corsican."

Miss Jewel: "Then why don't you?"

M. C.

Veech says he has the ramblinest Lizzie in these here parts. Nevertheless he came back from Cincy on the train.

M. C.

What's Jimmie's idea in snapping the Dean?

M. C.

Prof. Radcliffe: "Hiero, got a thumb tack?"

Hiero: "No, but I've got a finger nail."

M. C.

Vera: "Could you learn to love me?"

Shorty Prince: "I learned Calculus."

M. C.

It ain't the "fullback" or the "half",
Nor the individual play,
But close co-operation
That makes them win the day.
It ain't the individual,
Nor the "big team" as a whole,
But the everlastin' teamwork
Of every bloomin' soul.—Exchange

M. C.

"There's no doubt about it, the auto is replacing the horse everywhere", remarked Alec as he found a piece of rubber in the hash.

M. C.

Man has some advantages but he can't slip fourteen ounces of cloth over his head and call himself over his head and call himself dressed. —Exchange

M. C.

"There was an eclipse up town today."

"How's that?"

"A Ford ran between a Star and a Moon."

M. C.

Doc Swanson: "Miss Green, how long could I live without brains?"

Miss Green: "That remains to be seen."

M. C.

Something we would like to know: If thirty-two degrees is freezing point, what is the squeezing point?

M. C.

Mr. Herbert Wood, 310 Carnegie assisted by Mr. Will Jones and Mr. Wallace Mervin, entertained some of his friends last Saturday night. Refreshments were served as long as they lasted, and indoor football was enjoyed by all present. These were: Messrs. Wallace Mervin, Ernes Frei, Charles Johnson, Arthur Sargis, Robert and Herbert Wood, and B. W. Jones.

Sitting on a cake of ice jingling bells is a poor substitute for sleighing—
Serving poor drinks at a first-class fountain is a mistaken policy for a modern drug store.
Only the purest fruits, syrups, ice cream and milk served here by dispensers who are paid for knowing how.

Walk-Over

Short Vamp, Wide Toe Genuine Black Calfskin $8.50

The shortest kick scores the longest goal

Here's the new style in men's fall kicks—a short vamp. It's the shortest toe style you ever saw, but it scored a right-over-the-goal-post style hit from coast to coast. In the classroom, on the campus, at the big football games—wherever smart-looking shoes are worn, this comfortable, long-wearing Walk-Over is an All-American star.

KNOXVILLE CLUB ORGANIZES

Knoxville students met last week for organization, and discussion of plans for this year.

The following officers were elected:

Georgia Belle Kuhn - - President
Carl Houseton - - Vice President
Rosalie Edmondson - - Secretary
Gussie Huffman - - - - Editor
Mildren Watson, Mabel Haws and Frieda Moore, Social Committee.

Mrs. Alexander: Where, according to Milton, is Hell?

Here, ma'm, says Ted Purdy, waking up and imagining he hears his name called.

A horse just skidded around that corner.

But horses can't skid.

This one was tired. —Exchange

Dr. McMurray: What difference is there between Capital and Labor?

Woody McTeer: Well, the money you lend represents capital and getting it back is labor.

I've got a new girl.

What's her name?

I call her Postscript.

Why?

Her name's Adaline More.

—Exchange

LET'S TALK IT OVER

Mr. Sullinger of the Class of '23, and Miss Alice Johnson, of the Class of '24 are week-end visitors on the Hill.

Miss Marie Griffitts of the Class of '24, attended the Tennessee Educational Association at Knoxville and came to Maryville on Thursday. She attended the Senior Class party with Mr. Prince.

Mr. Othel Armstrong and Mr. Guy Sneed, graduates of '24, also attended the Educational meetings and are spending the week-end at Maryville.

Mr. Salmon Brown, after a flying visit in Detroit, has returned to College in an unmarried state.

Mr. Stockton and Mr. Vanderslice are again quietly following the routine of three courses of study after having an extended stay of several days in the mountains and dampness.

Mr. Sherman Edsall and Mr. Paul Cragan deserve a vote of thanks for their work in relaying telegrams of last week's game from Western Union office to Wilson Field.

Miss Morelock of the Class of '24 is visiting on the Hill, and attended the Senior party with Mr. Anderson.

"Y" PROGRAM

A rather informal 'Y' program is planned for next Sunday. The topic for consideration is "Christian Courtesy" which will be arranged and lead by Stuart Rohre.

It is desired that every boy be present and be prepared to say a few words. It is desired to have special music as a part of the program. These arrangements have not been fully made. Come one, come all and let there be a real interest in the meeting.

Y. W. MEETING

"It is useless to try to gild gold". Such would be any attempt to praise the Y Meeting last Sunday. Mrs. McMurray gave a splendid talk on "Seeing ourselves as others see us".

Next Sunday at Y. W. there will be continued this candid intro-spection. There will be considered especially Christ's fearlessness to stand for the right in the little things in life.

"Know thyself". If you have ever felt a desire to experience the true meaning of thase words, come to Y. W. next Sunday.

Fisk Singers To Give Concert In Chapel The 18th.

(Continued from page one)

the expression that these singers give, the delicate inflections that defy print, are unequaled by any of the world's renowned entertainers."

"The occasions are indeed few and far between", says the London Daily Telegraph, "When one may truhfully describe a group of artists as INCOMPARABLE. The visit of these wonderful singers has given the critic that opportunity and justification." The critic for the London Daily Express adds, "I have never heard any vocal quintet to beat these colored sngers for suppleness and beauty of tone." To beat all, the director of the great Westminster Abbey Choir, which renders much of its music unaccompanied, (the Singers render all of theirs unaccompanied) exclaimed, after hearing the company, "Marvelous! They didn't drop a fraction from the pitch during the entire concert."

All papers said that they had heard all sorts of interpretations of negro songs, from all sorts of artists, they were glad to hear some real interpretations. The same could be said in this part of our own country.

Much could be said about the tone, the harmony, and the richness of their voices, but space will not permit. The fact that Tetrazzini, the "Queen of Song" was so overwhelmed by the quaint Southern Melodies that tears came to her eyes, shows the heart appeal, while all of us know the rollicking laughter that comes from those who hear the humorous songs and dialects of Negro origin. The program on the eighteenth is the same that has been given in Europe and the East. There will be religious songs, funny folk songs, readings of Paul Dunbar's negro poems by Mr. James A. Meyers, who is considered one of the best Negro readers of this day, and solos, the program probably ending with the ever ringing, ever popular, "Swing Low, Sweet Chariot." For those who heard the Singers in 1922, this is "old stuff"; for the new ones, we can only say, buy your ticket, come and hear for yourself.

HOME MISSION GROUP

A Home Mission group has been started here on the hill within the past few weeks. It is planned especially for the benefit of those who intend to give themselves in full time service on the home mission field. The needs of the different sections will be taken up separately during the year, and it will be advantageous to all who are interested in home misions.

The officers elected for the first term are Clara Bowman, leader, and Jesse Pierce, secretary and treasurer.

Everyone is invited and welcome.

MOUNTAIN HIKERS

(Continued from page one)

The mail only passes hear onct a week so I had better mail this apostle now.

So long,
Bo.

Highlanders Defeat Saint Xavier

(Continued from page one)

this play that got away completely with the Saints. So completely did this play baffle the St. Xavier team team that not one of them was in ten yards of Red Brown when he crossed the goal line. One of the Saints tackled McCall and nailed him in his tracks. All of the four thousand people there thought he had the right man. Their cheers were not long lived for they could hardly believe their eyes when they saw a man speeding down the field with the ball tucked away safely under his arm. None of the spectators could understand it and all of the Maryville people were too excited to explain it. On the next play after the kick-off Maryville punted to St. Xavier and Joe Gamble tackled the receiver so hard that he dropped the ball and Shorty McCall recovered it and raced for the third touchdown.

After the Highlanders had scored the third touchdown the St. Xavier team again put the aerial game into use, but Maryville had become accustomed to it and their defense was too strong for this kind of a game, and the Saints never came even close to scoring. It was in this part of the game that Joe Gamble began to strut his stuff and intercepted pass after pass. Gamble also played a whale of a game on offense. He succeeded in carrying the pigskin across the line for two touchdowns.

Shorty McCall, McMurray, Thrower, and Hamilton all played excellent football which drew many comments from the Cincinnati crowd. In the second half McCall kicked one of the most beautiful punts that was ever seen on Cocoran field. Standing on his own twenty-five yard line he sent a beautiful spiral that carried high and far and carried over the St. Xavier safety man to the fifteen yard line. Besides his wonderful punting Shorty also proved that he is a dangerous man when it comes to carrying the ball. McMurray also brought the crowd to their feet by his dazzling speed and twists and turns. Hamilton played one of the best games of his career in this battle. Time after time he charged through the line to throw the Saints for a loss. Before the game was over Bob Thrower was playing end and he got away with several passes and always succeeded in stopping end runs which were headed his way. He was a good team by himself when it came to running interference for Red Brown, when Red got away for his forty yard run for a touchdown.

In the final quarter Gamble succeeded in talking the ball across for another touchdown. In this quarter the Saints were trying hard to score by forward passing, but Lynn McCall intercepted another one and Maryville was on her way to score another touchdown only to be stopped when the whistle ended the game with the ball on the seventeen yard line.

Line-up and summary:

CLASS FOOT BALL GAMES UNDER WAY

(Continued from page one)

football.

The Sophs defeated the Freshmen and gained the right to meet the victors of the Junior-Senior game, for the championship. The Freshmen, were outclassed from the start, but they kept up the fight throughout the game.

Reeves, the midget quarter-back, was the outstanding star of the Freshman team. He ran his team like a veteran and carried the ball himself several times for good gains. Lockridge entered the game late in the third quarter and saved his team from a white-wash by plunging through the Sophomore line for Freshies' six points.

The Sophomore's played together like a seasoned team, although McCulloch's long punts and accurate drop-kicks was a great factor in the Sophomore victory. The game was cleanly played; and fumbles were few.

Students it's up to you to promote inter-mutal games, back your class. Everybody out for the Junior-Senior game.

SOCIAL EVENTS

The three Bainonian Bachelors entertained Saturday night, October 18th with a yatching party on the upper deck of Pearson's yatch. Upon entering the stateroom the entrant's attention was attracted by the beautiful colors of Bainonian, green and white, artistically arrang- The guests were delightfully entertained by the three bachelors, Messrs. E. Woodall, B. Keown, and Pat Farrar, in yatching attire. A dainty luncheon of salad, sandwiches, and chocolate followed by fruited jells with cakes was served. The guests present were the Misses Ruth Elisabeth Goff, Barbara Higgins, Dorothy Hodges, Jessie Lee Goodson, America Moore, Lucille Oesterle, Nelle Johnson, and the Messrs. Phil Anderson, E. Franklin, A. Gillingham and Henry Smith.

BUCKEYE CLUB

Enthusiastic Ohioans met to organize Tuesday. They are out for sleigh rides, and perhaps ice-skating this winter if by some phenomena the necessary elements appear. Every one look and listen for future announcements of meetings and be there if you want to have a successful club.

The officers are: President, Everybody; Vice-President, Everybody Else; Treasurer, None Needed. In case of emergencies the following elected officers will have charge: Edward Cornelius, President; Dale Grunder, Vice-President; Reba Grunder, Secretary-Treasurer; Emma Leupin, Editor.

REVERENDS' MEETING

Stimulated somewhat by last week's discussions, the ministers are beginning to broaden their field of view and include such topics as, "Our Duty as World Citizens", and "What the World Week of Prayer Means."

In addition to these the program secretary, Charles Johnson, has announced another sermon report.

It is a pathetic fact that some of the ministerial students have not yet awakened to the advantags which the Association affords. George Neff, the president, is extending an invitation to these.

VOLUME TEN — MARYVILLE, TENNESSEE, WEDNESDAY, NOV. 5, 1924 — NUMBER NINE

COOLIDGE

Elected President With Sweeping Majority

STATE IS DEMOCRATIC

Complete Midnight Returns From Thirty-five states Indicate Certain Coolidge Victory.

Solid South For Davis—LaFollette Polls Heavily In North and West

Governors Peay and Smith are Re-elected.

Calvin Coolidge retired at 10:30 o'clock last night fully confident of his election to the presidency.

Incomplete returns from thirty-five states received up until twelve thirty indicate a clean Republican victory. Coolidge votes carried everything in the East, including New York State. The Middle West also gives a Republican majority.

Tennessee went Democratic in both national and state voting. Senator Tyson, Governor Peay, and Hannah were elected by about a 20,000 majority.

In the West the outcome is still uncertain. Hoover credits Coolidge with a 2 to 1 lead over La Follette in California. La Follette claims his home state with a large majority.

Davis is winning Missouri and Nebraska with a comfortable lead over Coolidge.

Coolidge is leading in New Mexico, Arizona, Colorado, Montana, and Washington.

La Follette has, according to mid-night reports, rolled up a surprisingly large popular vote; 15,000 in Maryland; 8,000 in Indiana; 18,000 in Kansas and so on.

Davis forces have won the Solid South with large vote; Tennessee 20,000; Georgia 25,000; Mississippi with many precincts yet to hear from. Kentucky is almost evenly divided between Republican and Democrats, with the former gaining with the coming in of returns from country districts.

Virginia gave Davis an overwhelming majority.

In New York State the gubernational and presidential races show different results. Governor Smith has been re-elected; yet Coolidge is estimated to have a 200,000 lead in the State.

Coolidge claims the following states: Maine, Massachusetts, Connecticutt, New York, New Jersey, Pennsylvaniaa, Ohio, Indiana, Illinois, California, Montana, Michigan, New Mexico, and most of the rest of the North.

Since returns are as yet incomplete and a certain amount of guesswork is necessary there is a certain significance in the attitude of the country's political leaders. The manager for Davis had not given up hope at mid-night and simply says "Remember 1916". La Follette refused to comment, and Silent Cal had nothing to say.

Perhaps there is a grain of truth in Manager Butler's broadcasted remark at eleven-thirty—"The American people have spoken."

PLAYERS TO GIVE "SEVENTEEN" SOON

First Presentation of The Expression Department To Be In Chapel The 17th.

The first dramatic treat of the season will be offered by the Maryville College Players November 17th in Voorhees Chapel when "Seventeen" will be presented.

The play is directed by Miss Edwards of the Expression Department.

The cast:

William Sylvanus Baxter	Hunter Robinette
Mr. Baxter	Malcolm Thomson
Joe Bullet	Clyde Mischlich
Genesis	Harry Gauding
George Crooper	Mason Morrow
Mr. Parcher	Stirl Rule
Wally Bonds	Luther Hammond
Jane Baxter	Alice Robison
Lola Pratt	Katherine Franklin
May Parcher	Mary Whittle
Ethel Boke	Pearl Lambertson
Mary Brooks	Bobbie Lee Martin
Mrs. Baxter	Sara Sheffield

Alpha and Theta Have Joint Meeting

Thetas and Alpha Sigs met in joint session at Thaw Hall. A goodly number were present to enjoy the dazzling lights, program, and the general spirit of youth and beauty permeating the whole place and entire evening.

Miss Ardis read expressively the selection, "Brudder Brown on Apples." Theta orchestra rendered both classical and popular musical pieces.

Refreshments and social privileges were liberally distributed.

Bainonian- Athenian Meeting

The Athenians met with their sister society, the Bainonians, Saturday night in the Chapel. The main part of the program consisted in the play, "Julius Caesar", and was set off by music and readings. After the literary program was over the society proceeded with the feature of the evening, the eats and a social hour.

HIGHLANDERS TRIM NORMAL ELEVEN IN SLOW GRID BATTLE

Maryville Scores Four Touchdowns During Game, And Her Own Goal Is Never Threatened.

CARSON-NEWMAN NEXT

Football Revenge Easily Gotten For Defeat of Four Seasons Ago.

In a slow and ragged game Maryville defeated Middle Tennessee Normal by a score of 28 to 0 Saturday.

The Maryville victory was clean cut and came as the result of stronger offensive, coupled with superior individual material. The Highlander machine had a distinct edge in all parts of the game.

Although the Middle Tennessee eleven were outclassed; the fighting spirit which they showed would do credit to any team in higher circles and only the superiority of the Maryville team kept them from scoring.

The game was slowed up considerably on accocunt of the numerous time outs. The Highlander machine did not play up to previous form and seemed to lack the punch they had in former contests. It was early in the first quarter that Maryville punted, the Normalites fumbled and "Shorty" McCall recovered, racing across the goal line for the first touchdown. In the second quarter Lynn McCall and McMurray displayed some cleverness and speed in carrying the ball and Lynn McCall succeeded in carrying it over the second touchdown.

In the third quarter McMurray made the prettiest run of the day when he raced thirty-five yards being stopped on the one-yard line. On the next play Gamble carried the ball across. The Middle Tennesseans never threatened to score during the entire game but they played hard throughout. They were outweighed several pounds but were in there fighting until the final whistle. As the game progressed the Normalites improved and were going strong at the end of the game:

Line-up and substitutions:

Maryville	*position*	*M. T. N.*
Wilson	l. e.	Miles (c)
Hamilton (c)	l. t.	Thornberry

Score by quarters:

Maryville	7	7	7	7—28
M. T. N.	0	0	0	0— 0

DEBATE TRY-OUTS

Immediately after supper tonight there will be a meeting in Athenian Hall for all men who expect to enter the debate preliminary. This preliminary will take place on the first Monday in December. The question which will be used by all candidates who try out will be the official Pi Kappa Delta question, that Congress should be empowered to override decision of the Supreme Court by a two-thirds vote.

At the meeting tonight every prospective debater will be assigned either the affirmative or negative side of this question to prepare for an eight minute debate and four minute rebuttal.

On the other hand, no contestant will be assigned an opponent. Such assignments will only be made the Saturday before the preliminary when the time of each pair of debaters will also be published.

No Freshmen will be allowed to enter this preliminary because a Freshman debate will be scheduled later in the season to which all of this class are eligible to aspire.

SENIORS AND SOPHS TO CLASH FOR TITLE

Juniors Downed by Senior Team 15-0 In a Rough And Hard Fray.

The terrific battle between the powerful elevens of the Senior and Junior classes Monday afternoon resulted in a 15 to 0 victory for the Seniors.

The game was slow but hard fought from beginning to end but the superior strategy of the Seniors gradually told and their backs dashed through the wide openings made by the forwards for long gains. The victory was not without its price however for the entire squads are suffering from injuries. Condition seemed to be minus quantity on both teams.

Since the Sophomores were victorious in their bout with the Freshies at an earlier date the next game on the card is Seniors vs. Sophomores. There seems to be some question as to the eligibility of some of the Sophs that starred against the Frosh and the Seniors have engaged the best detective service on the Hill to determine if the rumors are true. The Sophs deny the charges and assert their willingness to submit lists for the inspection of the Dean.

Be that as it may the final tilt of the intra-mural games will be staged Monday afternoon at 2 p. m. to decide the 1924 championship. The dope favors the Sophs slightly but the Seniors are counting on upsetting the dope dish. A battle royal is expected and arrangements are being made to seat thousands of spectators (at the Carson-Newman game.)

SOCIETY PROGRAMS AND FOUR CLASSES OBSERVE HALLOWEEN

Senior Class Celebrates Thursday Night With Masquerade Affair In Town.

SOCIETY JOINT MEETINGS

Juniors, Sophomores, and Freshmen Meet Friday Night.

Thursday, Friday and Saturday nights of last week were filled with gala activities.

The Senior class threw around themselves a mystical Hallowe'en atmosphere at the McTeer home.

Dizzy, artistic, romantic, bizarre and good-looking were the costumes worn by those present. Mr. Gauding, a stunning young lady of the evening, took a prize for his outfit.

The party opened with a dark and clandestine walk thru subterranean passages into the more comfortable portions of the home.

The party closed with a likewise dark walk home.

Under the encircling gloom of threatening dark clouds the Juniors journeyed to their annual Hallowe'en party on last Friday night. The scene of their ghostly entertainment was in the home of Dr. and Mrs. Gillingham, who were a most generous and polite host and hostess.

Among the numerous means by which interest was kept were readings by Katherine Franklin and by Mrs. Edward Hamilton. Martha Henry, a graduate in piano last year, produced strains of music that were the source of musical entertainment. Another musical number was a vocal solo by Agnes Houghton and Raymond Anderson.

Sophomores in Town

The Sophomore party held the distinction of being the only party off the Hill, and it seemed that every Soph took advantage of this unusual privilege for the class was there nearly 100% strong not to mention the dozens of people from other classes who used good judgment in choosing their company. The girls were especially thrilled at having a town date and even the rough and rugged drug store cowboys enjoyed themselves immensely.

The party was held in the basement of the Presbyterian Church. Decorations were well suited to the occasion and the very atmosphere was spooky.

Freshmen Frolic at Thaw

The Freshman class gathered for a delightful evening in Thaw Hall. The whole expansive first floor was artistically decorated and brilliantly lighted with multicolor crepe paper enhancing the effect.

A light orchestra played often and well.

NORRIS

VOLUME TEN — MARYVILLE, TENNESSEE, FRIDAY, NOV. 14, 1924. — NUMBE TEN

HIGHLANDERS AND PARSONS MEET IN GREAT ARMISTICE DAY GAME MARYVILLE LOSES BY FIELD GOAL

Thousands of Spectators Throng Wilson Field And See Maryville Team And Carson-Newman Fight Every Minute of Time In A Well-Matched And Cleanly Played Grid Battle.

SIXTY YARD PUNTS MADE.

Gamble Scores Touchdown For Orange and Garnet Eleven When He Receives Around Left End After Charging Towards Right Tackle—Haas Stars For Visitors.

Carson-Newman succeeded in gaining a three point margin over the Maryville College Highlanders by a score of 10 to 7 in Tuesday's fray.

The Highlanders, who had been doped to be an easy victim of the Jefferson City eleven, surprised them by holding them to a 0 to 0 score at the end of the first half and came back in the last period and succeeded in putting over a touchdown.

One of the largest crowds, to ever witness a grid game in the history of Maryville was present. About 4000 people were present. Maryville tried to prepare bleachers enough to accommodate the huge crowd but guessed badly on the size of the crowd and hundreds of people were forced to park on the ground.

It was a great contest between two evenly matched elevens. Both were exceedingly strong on defense but the Carson-Newman eleven had small shade of advantage on offense. Many of the doperters claimed that the Maryville line could not withstand the battering ram offense of Carson-Newman but they did and never once failed throughout the entire contest, although Carson-Newman tried hard to make it give away. The Highlander line from end to end played one of the best games that has ever been played by an Orange and Garnet line.

It was mostly due to the great work of Haas and Abbott that the Parsons were able to emerge the victor. Haas was called upon most of the time to carry the ball and most of the time he succeded in making substantial gains. The Parsons were minus the services of Hutchins their full back while McCall and Musick were unable to work for the Highlanders. McCall got in the game for a few minutes at the last.

During the first half the two teams waged one of the fiercest battles that has ever been staged in East Tnnessee. Both were giving all they had in a hope that the other might weaken and leave an opening but neither were able to

(Continued on page four)

SENIORS AND SOPHS TO DECIDE GRID TITLE

After Triumphing Over The Other Classes These Teams Clash Undefeated.

The final game for the interclass football championship will be staged on Wilson Field Monday afternoon at 2 o'clock between the powerful undefeated Senior and Sophomore grid machines.

All the Seniors injured in the Junior game are rapidly recovering with the exception of Ed Cornelius, mighty tackle, who will be out of the game with an injured foot.

Both the Seniors and Sophs have won decisive victories and a hard game is expected. The dope favors the Sophs but Captain Robinette's crew will make a herculenean effort to upset the bucket.

The line-ups will be:

SENIORS		SOPHS
McTeer	l. e.	E. Johnson
Griffitts	l. t.	Gray
Cathey	l. g.	Richeson
McConnell	c.	Cook
Black	r. g.	Blackburn
Broady	r. t.	Harvey
Neff	r. e.	L. Milling
Rorhe	q. b.	Thomson (c)
Haworth	r. h.	J. Johnson
Kinsler	l. h.	Morton
Robinette (c)	f. b.	Spivey

JOHNSON CITY-MARYVILLE CLUB RE-ORGANIZED

Maryvillians in Johnson City reorganized their club recently and elected the same officers who are:

Mr. J. H. Newman, President
Mrs. Frank Cooper, V. President
Miss Mary K. Rankin, Secretary
Mr. L. E. Davidson, Treasurer

The club had planned to entertain the foot ball team when Maryville was to play East Tennessee Normal, but since the game was cancelled they are now planning to play hosts to basket ball team if it comes to that city wheih it likely will.

Five Maryville graduates and members of the club were on the Hill last week. All of them are teaching in the Johnson City High School. They are: Misses Marie Grifftts, '24; Mary Kate Rankin, '17; Eva Morelock, '24; Jennie Lequire, '22; and Mr. Leslie Davidson, '21.

SCRUB GAME

This afternoon the foot ball Scrubs travelled to La Follette where they will play the local high school grid team.

After their easy defeat of the Lenoir City eleven, the Scrubs are doped to come through this game with an easy victory. Such stars as Anderson, King, Gaines, Crawford, and Dean will figure in this fray.

"Y" OBSERVES PRAYER WEEK

This is the world week of prayer observed by all the churches and Y. Associatons throughout all the christian world.

Maryville College students do not wish to shirk their responsibility.

The Y. M. C. A. will meet next Sunday afternoon at one o'clock. The hopes are that a goodly number turn out and hear the subject of "Student Initiative and the College Ideals", ably discussed by able speakers.

Come out and do your part. Remember it is your meeting and then try to improve it.

BURL PRICHARD '24 DIES OF PNEUMONIA AT LOUISVILLE, KY.

Death of Well-Known Alumnus Brings Sorrow to College and Friends.

DIES AT SEMINARY

Funeral Takes Place In His Home Town At His Church.

Burl Prichard died November 7, at Louisville after being suddenly taken with neumonia.

Mr. Prichard graduated from Maryville College last year. This was his fifth year here, since he began in the last year of the Preparatory School. During this period he was loved by students and faculty alike and his unexpected departure is a cause of grief to those who knew him.

Being the oldest in a family of six boys, Burl's responsibility was very great. His father and mother are yet living at Dyersburg.

All, perhaps, except the Freshmen, knew Burl Prichard. His face was a familiar one here and his influence upon those who came in contact with him will be felt for many years. He was a man who was interested in all phases of student activities.

His heart, however, was centered in one particular kind of work for which he was preparing himself at the time of his death. Burl was president of the Ministerial Association in '23 and was busily engaged in seminary work at Louisville when overtaken by pneumonia.

While here he was doing supply work in different churches during the summer months. All kinds of religious endeavor held his interest. He constantly attended the Christian Endeavor meetings where we will remember him as a singer of Gospel songs.

Moreover, Burl's place in the College Band will long be remembered and his work as ticket collector at the games is familiar to us all.

Furthermore, Burl did not neglect other activities. He served in the Alpha Sigma society as Recording Secretary ('22) and Vice-President ('23) and was in the Alpha Sigma Midwinter ('24). During his four years in college Burl was a member of the Y. M. Cabinet and was

"SEVENTEEN" POSTPONED

The first offering of the dramatic season, "Seventeen" by Booth Tarkington will be presented November 24th. instead of the 17th. as was formerly announced.

This play promises to be the blue ribbon attraction of the winter. Hunter Robinette as "Seventeen" threatens to eclipse Joe Gamble's baby talk record and the delightful and vampish Lola Pratt in the person of Miss Katherine Franklin furnish plenty of humor for the production.

PRACTICE CALLED FOR BASKET BALL

Class Teams To Play For Championship Before Regular Season Opens.

Pre-season basketball practice will begin the early part of next week in Alumni gymnasium.

With the opening of the basketball season but three weeks away all candidates for the squad are expected to appear on the floor in order to get into proper condition.

Since the Varsity squad is very much limited in numbers because the coach weeds out the least promising prospects, all new and inexperienced men will have to make the most of the next few weeks' practice.

Preliminary class games will be scheduled before Thanksgiving. In all probability each team will be given an opportunity to play each of the other three class teams. The finals of the basket ball tournament must be played before the regular intercollegiate season opens.

Manager Gamble is hard at work planning a full roster of games for the season, and Captain Veech reports that material looks the best in the history of basketball at Maryville.

CLABOUGH ON THE HILL

Mr. Hugh Clabough, after suffering from severe injuries as a result of a street accident has returned to his home in Maryville to recover his health more fully.

Six weeks ago Mr. Clabough was struck by an auto truck in Huntsville, Alabama, and severely injured. Physicians declared that there was little hope for his recovery, but after two weeks in the Presbyterian hospital in Huntsville the patient began to recover in an almost miraculous manner.

As he returned to the Hill, Mr. Clabough appeared none the worse for wear, although a little pale in

(Continued on page four)

ANDY GUMP

It appears that Mr. Andy Gump has been favorably impressed by the support he has had during his campaign for presidency from one of our literary societies. He is seriously considering to apply for a berth in our Pep Committee. It is also rumored, that he will send his son Chester to Maryville College as soon as he is old enough, and hopes that the pride of the Gump Family will one day be captain of our football team. Mr. Andy Gump has sent a cable to his brother, Uncle Bim, in Australia, asking him to remember Maryville College in his will with a legacy of at least one million dollars.

FISK UNIVERSITY SINGERS PRESENT PROGRAM TUESDAY

Colored Quartette Will Give Rendition of Negro Melodies And Folk Songs.

FROM FISK UNIVERSITY

Famous Singers Have Just Returned From Concert Tour in Europe.

The Fisk Jubilee Singers will appear in the chapel next Tuesday night and present a program of great interest along musical lines.

It will consist of negro spirituals and humorous songs, readings by one of their gifted members and other selections characteristic of the negro race. The wonderful melody of the plantation songs will long ring in your ears after you have heard the interpretation given them by the Fisk singers. The poems of James Lawrence Dunbar will be excellently read by James A. Meyers, who is considered one of the best Negro readers of today. The whole program will be a treat of the first order, and will range from the rollicking laughter of the Negro in his care-free happiness to the plaintive note of sorrow sounded in "Massa's in the Cold, Cold Ground"; and ending probably with the ever popular "Swing Low, Sweet Chariot."

The Fisk Singers occupy a unique place in the life of the world and have come to be world famous. In 1871, a group of students at Fisk University, Nashville, Tenn. were gathered and put on the road to sing for Fisk's financial support, and this little band of students were the first Jubilee Singers. The Singers today while traveling in the interest of Fisk, embody the very best of the life of the "old time" Negro and delight the world in their charming way.

The world renowned singers have been touring Europe recently and were received enthusiastically by critics and lovers of good music. They appeared before the ocrowned heads of Europe and before some of the greatest musical critics of the world, and the verdict returned was, as states the London Daily Telegraph, that this group of artists was incomparable. The tone, richness, and harmony of their voices are things talked of by all who heard them. The New York Evening Globe says this of them, "The choice of their program, the beauty of ensemble, their artistry—all of these qualities won a special place in the hearts of their listeners, and the enthusiastic applause and demand for endless encore was the best proof of their great success."

The same Jubilee singers who

(Continued on page four)

Y. W. SUNSET MEETING

In observance of the closing of the World Week of Prayer next Sunday, Y. W. will have a sunset meeting at four-thirty, Sunday afternoon.

This sunset meeting will be one of praise and prayer, thanking God for the tie of christianity that binds students the world over together.

"Prayer changes things". If you want your prayer life changed and made more real and vital, come to Y. W. next Sunday.

THE HIGHLAND ECHO

CLASS FOOTBALL

Unless the teams can succeed in calling it off, there will be another class football game this fall. It will no doubt bring with it the usual string of injuries to the unconditioned players.

Class basket ball is a good opportunity for some men to get into athletics, and has no bad after effects. But football is not intended to be played by men who have not trained previously.

Last year a man had his arm broken in one game, suffering a more serious injury than any varsity player received in all the season. Interclass players receive all of the evils the enemies of football enumerate, and none of the benefits its friends hold out.

Football is the greatest of all college sports and interclass contests are the life of a school, and are not prominent enough at Maryville. But it would be better if the energy put into class football were directed into other channels, such as basketball.

HONOR

In its century of growth Maryville College has built up a great name for itself. There is an intangible something about the place which goes by the name of the Maryville Spirit. Every student in the college knows that this term includes such qualities as fair play, square dealing, and absolute honesty. This spirit of our campus is perhaps the most precious thing which has gathered about these venerable walls and has formed an integral part of the College name.

This spirit has been talked about and put into practice by all our student generations. On the football field foul playing has been outlawed by all players wearing Orange and Garnet Colors until the Highlanders have built up a far-flung reputation for clean and straight playing—which is the Maryville Spirit in visible form.

On the campus the Maryville Spirit has made fair dealing and true sense of honor the current rule among students. A man who is in any way acting in a questionable, indecent, or underhand manner cannot long hold the respect of the student body. There should not be a college in the country with a higher standard of action than here on the Hill.

Yet there is at times a suggestion of an unaccountable lapse of the Maryville Spirit. According to all reports dishonor has not been altogether eliminated in the classroom—and fair play is not always the rule when it comes to lessons.

There may still lurk in the minds of some individuals the out-of-date idea that all is fair in getting by in a course; that it is all right to fool the teacher and get a passing grade without doing any work. But that is old stuff. Grades are given on a relative basis, and if one student takes advantage of a lenient professor, other students must either work much harder, or else receive inferior grades. All such getting by is at the expense of the rest of the class. It is therein absolutely unjust.

Why is it that in the main business of college life at Maryville there should be anything "crooked" among any of the students? The secret use of "ponies", imitatioon on written work, and downright cheating on examinations are things absolutely inexcusable—an ugly blot on the fair name of Maryville.

Of course the great majority of our student body will always frown with disfavor on such discrepancies in student actions, but there often is a minority which delights in such practices. The insignificance of this group makes it all the more urgent to remove this evil from our college.

There is a remedy for this malady close at hond. Student opinion should be formulated against such practices with organized methods. A system of student honor should be set up at Maryville. The Maryville Spirit should be crystallized into some definite code of action for the classroom.

ANATOLE FRANCE ON EDUCATION

"This, above all else, I want to emphasize; it is the great point upon which everything depends. It is for you, without hope of aid or support, or even of consent, to change primary education from the ground up in order to make workers—members of a functional society; the acquisitive order under which we live must pass away. Make intelligent workers of hand and brain, instructed in the arts they practice, knowing what they owe to the national and human community.

Burn all the books which teach hatred. Exalt work and love. Let us develop reasonable men, capable of trampling under foot the vain splendor of barbaric glories, and of resisting the sanguinary ambitions of nationalisms and imperialisms which have crushed your fathers.

No more industrial rivalries, no more wars—work and peace. Whether we wish it or no, the hour has come when we must be citizens of the world or see civilization perish."

—From New Student.

JEVER,
GO TO a barber shop
AND find it filled with
FOLKS who were not
GENTLEMEN, who were
WAITING to get their heads
WORKED on (which would be
BETTER than just hair) and
every
TIME the barber said:

SHORT CUTS

There's not a girl in Maryville who wishes she was a blonde or brunnette. Simple reason is she has tried them both.

M. C.

Apparel oft proclaims the man but you gotta take a close view of the knickerbockers.

M. C.

There are three kinds of men. Blond men, dark men, and those who wear silk underwear. Classify the latter as you please.

M. C.

Gilly says when a girl says no she means yes, but when she says yes it's a shame to take it.

M. C.

A pair of beautiful eyes are all right but they need looking into.

M. C.

Rachel says a girl may be able to play on the piano and talk to her fellow at the same time, but she can't do justice to either one of them.

M. C.

We heartily agree with the manager that the majority of the student body consists of the speaker sex.

M. C.

Latest on the dean. The other day he sat down to dinner and a dish of spaghetti was placed before him. About the same time he noticed his shoe lace was untied. Taking up the catsup bottle he poured catsup on his shoes and then roceeded to tie his spaghetti into knots.

M. C.

Let's give fifteen rahs for our pet monkey.

M. C.

"They're off", said the headsman as he swung the ax.

M. C.

Walk into my parlor said the spider to the fly.

Parlor nothing! Get a flivver, was our modern fly's reply.

M. C.

The only reason a hen lays an egg in the daytime is because she is a rooster at night.

M. C.

Wonder where all the girls got their invitations last week-end.

M. C.

When a goat is behind it's no time to lace your shoe.

M. C.

Coach thought the KU KLUX KLAN was after him Monday nite.

Nevertheless he was so tickled at the show of PEP that he couldn't even tell a story.

M. C.

Rich says: "The men may roll their hose in Missouri but they don't fight over a marble game on the main street on Sunday afternoon.

M. C.

Woman may be a gold mine, but many a man has gone broke prospecting.

M. C.

Something we would like to know. Why was the pajama parade stopped so abruptly after it had been so highly apprvoed out on Wilson Avenue?

M. C.

Doctor: "The best thing for you to do is to give up smoking, late hours, wine, and . . . ."

Alex: "Wait. What's the next best thing?"

Rachel: "I think Bob is a bad egg."

Jennie: "No, he's too fresh for that."

John: "My father was killed in a feud."

Mary: "I never would ride in one of those cheap cars."

Prof.: What happened in 1825?
Stude: I dunno.
Prof.: Well where do you go when you want to get a date?
Stude: Uptown, Sir.

Prof.: Have you an excuse for your absence?
Soph.: No, but if you will tell me when it was I'll get you one.

There was a young man named Fiddle
Who would not accept his degree.
He said, "It's enough to be Fiddle,
Without being Fiddle, D.D."

Who is making that gurgling sound?
I'm trying to swallow that line you are throwing, Professor.

The speaker said that beauty lies in simple things.
Then you are too beautiful for words, came a reply.

University of Michigan's youngest freshman is the child of a faculty member. She is Miss Cynthia Mallory, aged thirteen. She speaks French and expects to specialize in romance languages.

Most Maryville girls are pretty independent. But none of them have forgotten how to say: "Charge it to Dad."

PEP PARADE

Some good pep was shown last Monday night, when over a hundred boys from Carnegie staged a pajama parade through the streets of Maryville.

Mr. McCurry, in cooperating with them, appointed a responsible leader, and the crowd went cheerily down Court Street. They snake-danced up and down Main Street, and after many yells and songs had been given, were treated to ice cream cones by the City Drug Company.

A visit of this enthusiastic body to Coach Honaker's residence proved highly successful in that it caused Coach to take back his statement which he had made in Pep Meeting in regard to the lack of pep.

Dr. McMurray received the boys with his usual spirit and commended them on their excellent display of enthusiasm over the coming fray.

Returning to the campus the parade gave a few more yells and returned to the hall, satisfied that there was little doubt in the minds of the townsfolk whether or not there was to be a game on Tuesday.

The escapaders presented a rather informal spectacle in spite of the fact that evening clothes was the prevailing attire. Nevertheless the conduct of the fellows was a credit both to the participants and the college.

Everything is against a man. By the time he outgrows his taste for green peaches he commences to think he understands women.

What did George Washington know about temptation anyway? Nobody ever asked him how many miles he got out of a gallon of gasoline.

A BARGAIN

Just thirty-two to give away! First there first served! This is a rare bargain. Surely by now you are just dying of curiosity.

Those of you who don't know what it is to have a sister or brother, have you ever wished and wished for one until your head ached? And those of you who have a sister or brother or both at home, have you ever just gotten so homesick for them you thought you couldn't stand it any longer?

Here is a remedy for both cases, now listen.* In Maryville is an Orphans' Home. In that home are Thirty-Two Boys and Girls. We want thirty-two college girls to each have the privilege of caring for a little sister or a little brother. We want you to feel responsible for your little sister's or brother's good times. If this sounds like fun to you, see Esther Grimes at once and get your name near the head of the list. Doesn't it thrill you right off to think of being responsible for the happiness of a real live boy or girl?

ALUMINUM CO. WORKERS AT GAME

For the first time in the history of our football games the Aluminum Company officially supported the Varsity and reserved a section of the bleachers for the use of their men.

It is significant that this company not only paid their admission price for this game but built their own bleachers. Moreover the team appeared in headgears coated with aluminum supplied by the Aluminum Company.

Thomas A. Edison and Charles P. Steinmetz in the Schenectady laboratories of the General Electric Company, where Dr. Steinmetz did his great work

Steinmetz

The spirit of Dr. Steinmetz kept his frail body alive. It clothed him with surpassing power; he tamed the lightning and discharged the first artificial thunderbolt.

Great honors came to him, yet he will be remembered not for what he received, but for what he gave. Humanity will share forever in the profit of his research. This is the reward of the scientist, this is enduring glory.

Emerson tells how the mass of men worry themselves into nameless graves, while now and then a great, unselfish soul forgets himself into immortality. One of the most inspiring influences in the life of a modern corporation is the selfless work of the scientists in the laboratories, which it provides for their research.

Literary Societies Now Launched Into Mid-Season Programs

Dr. Wilson to Address Thetas

Girls, Theta has a big treat in store for you this coming week. Not only do we promise a fine, worthwhile program but we also promise to have a splendid address by one who is deeply interested in our literary welfare—Dr. Wilson. He has some interesting things to tell us and let's all be there and show him the loyalty with which we back our society. Theta convenes at 7:15 Saturday night.

Last Saturday Theta showed her patriotism by celebrating with a peace day program. It was simple, beautiful, and impressive. Surely we shall never forget the pantomime scenes of the war days. The characters were splendid and we are truly proud of each one. Misses Marion Williams and Virginia Clark read the war poems in such a way as to make us feel the joy of what it means to be an American. We realized something of the sacrifice which the boys had to pay for our liberty.

We enjoyed singing the patriotic songs too. That's the spirit, Theta girls, let's keep our literary standards high!

Athenian

Possibly the most interesting and best program ever given by the Athenian Literary Society will be presented at our regular meeting next Saturday night.

The Athenian orchestra, composed of Jesse Pierce, Bob Broady, Clifford Drake, Jimmie King, Julian Johnson, Charles Wyse, Jimmie Cunningham, "Corky" Crawford and Riddle, will render music of a very high standard.

Mrs. McMurray, in her pleasing and tactful way, will simplify many of the perplexing problems confronting young men when traveling, such as pullman puzzles and diner diversities.

In order to make the program perfect, our football captain, Hamilton, will conclude the program with a bass solo. You will certainly miss a treat if you do not come out and hear this program.

Alpha Sigma

The Alpha Sigma Literary Society is planning to put on one of the biggest oratorical contests of the year. Keen interest is being manifested in this contest and many have indicated their intention of contending for the honors. The contest will be held on November 29th.

Those who have entered this contest are: Gauding, Kinsler, Usner, Layman, Rodgers, Frei, Broomall. Others will no doubt wish to enter.

At the last meeting the following officers were elected:

President - - - Harry Gauding
Vice-President - - - H. Griffiths
Recording Secretry - Wick Broomall
Program Secretary - Dewey Eitner
Editor - - - - - Ernest Frei
Janitor - - - - Herbert Wood

A lively meeting is expected Saturday. The installation of officers will take place and men for the midwinter will be selected. The inter-society football game will have a heated discussion. Also the inter-society debate will find a place in the evening's business.

We are glad to inform our members and friends of arrangements made with the Birchfiel Drug Co., which enables us to announce at our meeting all scores of football games played on Saturday. This service will continue until the close of the football season, and we are sure that our members will appreciate the courtesy of the Birchfiel Drug Co.

Bainonian

Have you ever felt the thrill of happy camping days? If you have, all the pleasant memories of those evenings spent about the camp-fire were recalled at Bainonian Saturday evening.

Don't you remember the jokes, the stories, the songs, and the readings? Girls, if you happened to be away and missed that fine program, take my advice and do not miss the program to be given this Saturday night. Come loyal Bainonians, both old and new, let's go!

BURL PICHARD DIES OF PNEUMONIA

(Continued from page one)

Treasurer in '22 and '23. In addition to this he was one of the Y delegates to Chattanooga in '23 and a member of the Friendship Council.

There are numerous other ways in which we remember Burl, but time would fail us to mention them all.

The last mortal remains of that friend who was so dear to us lie in the little country churchyard at Rose Ellen where it awaits the resurrection morn.

No better description can we think of to describe Burl's life than that which Paul said of himself, "For to me to live is Christ, and to die is gain."

Clabough on Hill

(Continued from page one)

color.

Friends of Mr. Clabough will recall him as one of the leading individuals in the graduating class of last year, and rejoice to see him again walking about on the campus of his Alma Mater after such a narrow escape with his life.

FISK UNIVERSITY PRESENT PROGRAM

(Continued from page one)

appeared in Europe and elicited so much praise will be with us November 18, and the program that we shall hear will be the same that has been given in Europe and the East. Maryville is indeed fortunate in getting the Fisk Singers at the beginning of their national tour. They come under the auspices of the Y. M. C. A.

Tickets are now on sale. If you haven't secured yours, do so at once and be sure of hearing the biggest treat of the season.

Daddy, What are cosmetics?

Cosmetics, my son, are peach preservers.

Hey waiter there's a piece of steel in this bacon, what's the matter?

Dunno, it must have been a razor back hog.

Among those visiting friends on the Hill to see the Armistice Day football game were Miss, Craig of Athens, Tenn., Mr. Tom Gover of Harriman, Mr. John Sanchez, Miss Mary McSpadden, Mr. Cartwright, and Mr. King Heiskell.

Highlanders and Parsons Meet In Great Armistice Day Game

(Continued from page one)

score. During the first half Shores recovered a fumbled punt and raced across the line but the Highlanders were disappointed because the ball was called back and given to Carson-Newman because a Maryville man had touched the ball before Carson-Newman fumbled. Outside of this neither team could get farther than twenty yard line on the other's territory. The first half was mostly a punting duel between Abbott and Captain Hamilton and both succeeded in getting off several nice punts.

It was in the third quarter that Carson-Newman started their drive. They marched down the field to the thirty yard line and then Haas drop-kicked a goal for the initial score of the game. A few minutes later Haas and Abbott carried the ball down the field again but this time Abbott took the ball over for a touchdown. Haas failed to kick goal after the touchdown but a Maryville player was off side and the extra point was given to the Parsons.

During the final quarter the Highlanders began to show their real offensive strength. They uncorked a series of ground gaining plays. The Maryville backfield was doing some hard driving and carried the ball to the 15-yard line but was unable to put it over. Abbott punted and Maryville returned it to the twenty two yard line. With this short distance to go the Highlanders launched their hardest drive. With the power of a steam roller, the swiftness of lightning, with heads up, and with plenty of determination the Highlanders started their final drive. Everyone was fighting their hardest and Gamble succeeded in going through left tackle, dodged the secondary defense and crossed the goal line. Hamilton kicked goal.

Lynn McCall and Gamble carried a great deal of the offensive drive for Maryville while McMurray and Crawford also made some pretty gains.

Captain Hamilton and Thrower at tackles played a whale of a game and proved that they are the best pair of tackles in the country. Shores and Cartwright at ends put up a great exhibition, both were down under punts fast and generally stopped the man in his tracks. Holland, Proffitt and Stone proved to be a stone wall and stopped many of the rushes that were headed their way.

The line-up:

C.-N.		Maryville
Dillon	l. e.	Shores
Shackelford	l. t.	Hamilton
Mudford	l. t.	Holland
McNabb	c.	Stone
Taylor	r. g.	Proffitt
Harwood	r. t.	Thrower
Jacobs	r. e.	Cartwright
Holt	q. b.	McMurray
Abbott	l. h.	Crawford
Haas	r. h.	Gamble
Wilson	f. b.	L. McCall

Touchdowns—Abbott, Gamble.

Goals after touchdowns—Hamilton. (Parsons given one point after touchdown when Maryville offside.)

Field goals—Haas from 30-yard line.

Substitutions—Franke for Crawford, Schmidt for Holland, Crawford for L. McCall, Brown for Proffitt.

Officials—Springer (Penn.) referee; Siler (Tenn.) umpire; Luck (Tenn.) headlinesman.

Smith never completed his education did he?

No, he died a bachelor.

THAW HALL LIBRARY

It begins to look as if the long expected moving of the library would soon be accomplished. The new equipment was received some time ago, and an expert from the company arrived this week to install it.

Prof. Ellis hopes to get moved next week-end. But even if something happens to prevent it, as is very likely, the moving will be done in the near future.

The present library was built when the college was much smaller than it is now, and the facilities are entirely inadequate. The new quarters will not only meet all present needs, but will give ample room for future expansion.

ODE TO MOONSHINE

"If you play with the hearts of women,
Be they old or merely maids,
Be sure, my son, you will regret
As sure as spades are spades.

'You've laughed and joked with other boys
At the way you've strung them along,
Not considering the pain you've caused,
Nor thinking you've done any wrong.

"But wait! Sometime you'll really love,
And then you'll begin to pay;
For the hearts you've broken will give you no rest
In your dreams, in your work or in our play.

"You'll see their faces as you talked to them,
You'll remember the look in their eyes
As you spoke of love and other things.
Oh, how you'll hate those lies.

"For the day you find yourself in love
With a girl so wondrously fair,
You'll think of the hearts you've trifled with,
And begin to doubt she's square.

"That day will come back to you,
And the question you'll ask will be;
I've fooled and played with a dozen girls;
Do you suppose she is playing with me?

"When you kiss the lips of the girl you love,
As you leave her at the door,
You'll wonder, in spite of all you can do,
If she's ever been kissed before.

"For the things she does—the innocent—
Will fill your heart with doubt;
And the moments you spend away from her
Will tear your heartstrings out.

"You'll never think she's doing right,
Though she does and tries her best.
You'll be jealous of every man you see,
And think she loves the rest.

"For you'll think of the many girls you've kissed,
And you'll reason that this is true:
"The things I can do to the other man's girl
The other man to my girl can do."

—Exchange, kindness of Maynard Dunn.

PRAYER FEDERATION

There is one international organization which now outranks even the League of Nations in fellowship among races. For this organization is a real Federation entered into by students of their own volition, the World Student Christian Federation. This is a union of students from nineteen countries who are in close connection with youth movements in thirteen other countries.

The purpose of this Federation is: (1) To unite students who wish to follow Christ as Saviour and Master. (3) To prepare students for various forms of social and religious work for the extension of the Kingdom. (3) To seek to improve the moral and social conditions of student life. (4) To foster friendly relations between students of all nations and to work for international goodwill, endeavoring to apply the teachings of Christ to international relations.

Realizing the need of the world for earnest prayer, the Federation calls its members to a Week of Prayer from November 9 to November 16th, and to a day of concentrated prayer, November 16. As members of the Y. W. and Y. M., charter members of the Federation, we need to heed this call and lift our hearts in prayer and praise together with other students of all races and colors on that day.

EXCHANGE

WOMAN HANDLED BY ELECTRICITY

When a woman is bored—exciter.
If she gets too excited—controller.
If she won't come when you want her to—coaxer.
If she is willing to come just halfway—meter.
When she gets there—oscillator.
If she is an angel—transformer.
If she is a devil—converter.
If she is hungry—feeder.
If she sings rotten—tuner.
If she is cold—heater.
If she is too hot—cooler.
If she is a nice girl—shocker.
If she is too fat—reducer.
If she fumes and sputters—insulator.
If she gets tired often—electrocutor.

Coe College has filling stations for fountain pens around the campus. All that is required is one penny for a "shot" of ink.

When I was a child children were seen and not heard.

Well, now parents are perfectly satisfied if children are seen and not obscene.

"Sir", said the young man with enthusiasm as he seized the lecturer's hand and shook it warmly, "I certainly enjoyed your lecture last night very much indeed."

"I am glad to hear that," said the lecturer, "but I didn't see you there."

"No," admitted the youth, "I wasn't there."

"But," said the puzzled speaker, "how could you enjoy my lecture if you weren't there?"

"Oh I bought tickets for my girl's parents and they both went."

"I'd like to read Chaucer."

"Then why don't you?"

"I'm waiting for Ring Lardner to translate him into American."

Frst Dumbell: The furnace is out.

Another Dumbell: Impossible the cellar door is locked.

We still believe the average Maryville wife would be as satisfying as a sweetheart if her husband would only treat that way.

FRESHMAN EDITION

The Highland Echo

Official Student Publication of Maryville College

VOLUME TEN | MARYVILLE, TENNESSEE, FRIDAY, NOV. 21, 1924 | NUMBER ELEVEN

INTELLIGENCE OF FRESHMAN GRADED BY MENTAL TESTS

Ohio State Psychological Test Is Given by The College Department.

RESULTS DISCOURAGING

Out of a Total of Five Hundred Eighty Questions Median Grade Is 164.

The Dean declared this week that the results of the annual psychological test given to the Freshman class were a disappointment.

It appears that the class of twenty nine is below the normal for entering classes of Maryville College. While the test gvien this year is different from those of former years, the same method is employed and from 580 questions the median grade for the whole class is only 164.

The highest grade was 318, made by Miss Sarah Moore, second Miss Mary Arnold, and third Miss Elizabeth Griffitts. In the highest class there are included 13 individuals, and only one boy is among this number, Mr. Mack Jones.

In the lowest class there were six boys and four girls. These lowest grades were discouragingly poor, the lowest mark being almost as low as fifty.

However, the whole class contributed very much valuable information to the fund of human knowledge in the process of this test. The following are a few treasures of wisdom gleaned from some of the papers:

Zoology is a study of the stars. It is also a study of the rocks. Aboriginals are foreigners; not pure blooded; half-breeds. A university is a collection of buildings, it is a combination of students; and truest of all, tt is an aggravation for students.

''The date of my birth is May 8, 1924'' (rather precocious, eh). ''I do not expect to study at all'', and Emilie wrote this: ''My sex is male.'' ''My mother was born in the country of Blount.'' Born? ''Yes.''

Pussies is to pussy as radii is to cats. Champanzee Orang are two words used to mean the same as ''big toe.''. Gubernatorial is to governor as amateurish is to actor. Bad is to badness as convenient is

(Continued on page four)

FROSH INTRUDERS

After so long a time the Echo staff has moved into its new quarters on the third floor of Anderson Hall.

The local journalistic camp was thrown into a panic just before the lock was installed when the new drop light system suddenly went out: rays, bulb, cord, rosette, and all. Investigation revealed that a Freshman had proved himself a good finder and appropriated the whole works to enhance the attractiveness of the works of art in his room at Carnegie Hall.

However, eternal vigilance is the pride of detectives and the owners of the said lighting fixtures tracked the culprit to his lair like a pack of sleuths from Scotland Yard.

Another Freshman called at the paper's office but withdrew early when there was a suggestion of mice. He did not evince any strong liking for that particular breed.

NEW ATHLETIC EDITOR

Louis Veech, the athletic editor of the Highland Echo, has resigned his position due to his increased work now that basketball practice has started. Salmon Brown, better known as 'Red'', will take the vacant position. Since the foot ball season is almost over, he will be able to cover the coming basketball events, which Veech could not have done.

FROSH KNOWLEDGE REVEALS WONDERS

Professors and Instructors Contribute Choice Products From The Mind of Freshies.

The following repetoire has been collected for the Echo from Professors teaching the Freshman classes:

My earliest remembrance of riding are the times I had to ride between my two brothers, to keep from falling off, every evening for the cow.

The sky grew dark and the rain ascended in torrents.

I had looked forward to being a Senior for years.

When sulfur is heated it gives off a very sensitive gas.

S. C. and S N O3 are the substituents of gun powder.

Example of spontaneous combus- the heat accumulates until the coal the best accumulates until the coal catches on fire.

When sulfur was put in a bottle of O2 it became inflamed.

The potassium permanganate was not volated in this case.

The distillate would not have been purified if the potassium permanganate had violated.

Hydrogen is used for inflating baloons and in removing bandages.

Another group of girls were clad in serge dresses with curly locks flowing around their heads.

I got everything ready and then put my cake into the oven with a long breath.

Edna, the eldest of the children at an early age, had gone to work as a stenographer.

The railroad tracks glittering in the sun looked like silver ribbons winding the green hills and the horses and cattle, like flies.

The girls gather in little wads to exchange a few remarks about a new dress or hat or some goodlooking man.

The hair upon her head is light black in color.

She had ear rings in her ears which had been her grandmother's.

A young man with dark brown hair and eyes with a freaky mustache, got out.

Ruth grabbed a long stick which she used when taking a hike from the corner of the room.

To save time I also carried the mule who was in the stable to water as I carried the horse.

There were rattlers and rubber

(Continued on page four)

CITIZENSHIP STUDY AT Y. W. NEXT SUNDAY

Next Sunday afternoon the girls of the college will meet to consider one of the most important topics of the year—citizenship.

A study of Christ's citizenship will first be made; and some of the qualities which he possessed that made Him such a good citizen, determined.

Girls, voters and future voters, you can't afford to miss this meeting!

STATISTICS FOR FRESHMAN CLASS SHATTER RECORD

Freshman Class of 1924-25 Larger Than Whole College Ten Years Ago.

AVERAGE AGE EIGHTEEN

Twenty-five States and Three Foreign Countries Rperesented.

A statistical comparison of the Freshman class of 1924-25 with the entire college department of 1914-15, ten years ago reveals to some extent what a great numerical and sectional advance Maryville has made in the last decade.

The entire frosh enrollment including the re-freshmen numbers 269 against a total student body of 249 for the college department in 1924-25. This is the largest first year class in the history of the school and the total number will be swelled considerably next semester. Incidently, several enrolled this semester will likely turn homeward the last of January if the law of averages holds true.

Further perusal of the dope table shows that a wide range of countries, states, and prep schools are represented. More than half the states in the Union and a majority of the counties in Tennessee have verdant delegates here and each prep school represented has sent approximately two and one-tenth yearlings. The fractional type is very noticeable.

(Continued on page four)

CLASS BASKETBALL GAMES SCHEDULED

Class Games Will Be Played Before Regular Season Opens

Foot ball season is almost over and with its close interest is immediately switched to basket ball.

As has always been the custom, the different college classes and the preps will contend for the class championship in a series of class games. It is important that varsity practice start immediatcly after foot ball season is over so the class games will have to be played next week.

Coach Honaker is expecting an exceptionally large number in the initial try-outs, hence it will become necessary for him to cut the squad at an early date. The coach makes it his business to see all class games so that he can see the new men in action. This helps him to a certain extent in determining who will remain on the squad. It also helps the chances of the new men whom the coach does not know.

The schedule of these games will be posted on the Y. M. C. A. Bulletin Board and each game will be announced in chapel. The presidents of the classes are asked to call a meeting of all men in their respective classes who are interested in basket ball. elect a captain and start practicing at once.

These games must not be misconstrued with the Y. M. C. A. Basket Ball Tournament which will be held later, possibly after the first of the new year.

ROANOKE'S RECORD

0	Washington and Lee	34
26	Lenoir College	7
0	V. M. I.	28
3	Concord State	6
9	Hampden-Sidney	0
22	Randolph-Macon	0
9	Richmond University	0
7	William and Mary	7

SOPHOMORES WIN FOOTBALL TITLE

Ex-Squad Players Star in Game And Earn Touchdowns For The Winners.

The Sophomore foot ball team won the College championship by defeating the Seniors 13 to 6 in a hard-fought game on Wilson field Monday afternoon.

For the first time in years the Freshman class failed to come through with the victorious team over the other classes. This year the ''Big green team'' lost early in the race to the Sophomores with the rather large score of 25 to 0.

The Sophomore victory over the Seniors came only after four quarters of hard playing. The winning backfield was made up of stars, Thompson, Johnson, and Morton, with a good defense man in Harvey.

The senior team played like veterans and profited by the numerous fumbles of the Soph safety man, but were able to score but one lone touchdown, which came early in the game on a forward pass.

The game was featured by line plunges by the older team, and sweeping end runs made by the victors.

It is hoped the Freshman class will do better in the class basket ball tournament. Captain Veech reports that several candidates are now on the floor with promiscuous-looking limbs, and that one red headed youngster from North Carolina is a whiz.

FISK SINGERS AGAIN DELIGHT MARYVILLE

For the second time in four years the Fisk Singers have left an enviable reputation among Maryville musical enthusiasts.

Not only was each singer on the program an artist but never has so perfect a blend been produced from five singers. A program consisting almost entirely of negro spirituals showed that the group of artists had made a deep study in the interpretation of the songs. The ease and simplicity with which the singers rendered the difficult effects of harmony and organ-like tones left a lasting impression on the large audience. Mr. Meyer's readings of Paul Lawrence Dunbar's poems received the greatest ovation of the evening. The interpretations delighted the audience and gave us a view into another side of negro attainments.

The program was not only entertaining but was an education on the spirit of the negro songs. It gave us an insight into negro life and feeling that few, even southerners, get to know. It shows another great desire of the negro to bring out the best that is in the race and to bring about a closer relation between the best that they produce and the best that other races have to give. Through song the Fisk Singers are spreading sermons of love throughout the world.

HIGHLANDERS PLAY POWERFUL ROANOKE MACHINE SATURDAY

Highlanders Defeated Maroon Team In 1921 With Score Of 16-0.

LAST GAME OF SEASON

Roanoke Has Defeated Richmond, Randolph-Macon And William and Mary.

On Saturday the wearers of the Orange and Garnet invade Maher Field in Salem, Virginia to give battle to the Maroon warriors of Roanoke College.

Remembering their defeat at Maryville's hands by the score of 16 to 0 in 1921 and judging from all reports, a great game is to be expected.

Roanoke has a strong team, which for the past four games has remained undefeated. Roanoke was victorious over Richmond University recently and last week tied William and Mary 7-7 for the state collegiate championship. and William and Mary has one of the best teams, if not the best, they have ever had.

Roanoke's line is heavy and strong and their big bet in the backfield is Captain ''Hunk'' Hurt, fullback and triple threat man, premier kicker of field goals in the state and the third highest point scorer, but remember what the Highlanders did to Knee, the all-American fullback who played with Cumberland University last Thanksgiving.

After a two days' rest, following the great showing made by the Maryville team against Carson-

(Continued on page four)

A CREDIT TO HIS CLASS

The Freshman class has every right to be justly proud of one of its members, namely, John Thomas Stone of Lynchburg, Tenn., Varsity center of the 1924 Highlander foot ball machine.

Stone came to Maryville from the celebrated Morgan School where he played his first foot ball. Early season practice revealed the necessary virtues of a good snapper-back in the tall wiry freshman and his performance throughout the season has borne out that early impression.

In addition to being one of the few men who letter in their first college year Stone is regarded by his team mates as the greatest center on a Maryville team in their remembrance.

Besides being a good foot ball player John is also a good student and a semi-active member of the moonshine club.

Y. M. C. A. NOTICE

The Y. M. C. A. will meet next Sunday afternoon at 4:30 to discuss, with a town man as leader, the subject of ''God's Holy Day.'' Every one should know more about God's day and the attitude to assume toward his Maker on that day.

Notice the time has been changed from 1:00 o'clock to 4:30 o'clock.

The purpose of making the change was so that every one may have a chance to attend. It gives the fellows time to write his mother and girl, to take a nap and then take a walk before ''Y''. Come out determined to help the ''Y'' and every one will be benefitted.

THE HIGHLAND ECHO
Issued Weekly by the students of Maryville College.

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

THE FIRST YEAR

There is something crucial in this naive spirit of our Freshmen. Here are some two hundred or so of these young yearlings on the campus just approaching the time of life when they will put away childish things and become men. They are begining to look on the world as a place where every man must play a part.

It is really a critical time, these early formative years of an individual's career which shape the future for every man. As one of England's poets has said, The Child is Father to the Man. In other words, what Freshmen start out now to be—that they will become. Emerson once made a wise crack when he said, Be careful, young man, what you set your heart upon; you will surely get it.

This idea has plenty of practical value and application for our Freshmen. Those who now start to train along athletic lines and stick to it will be letter men before they leave college; those who turn to study will eventually get Cum Laude sheepskins, and be honor men, and those starting now to cultivate habits of courtesy and honor will become gentlemen.

Native ability is all right, and at times very convenient, but hard work is nine-tenths responsible for getting results. Freshmen, make a good start.

WE FRESHMEN

Often we have wondered why the upper classes (meaning the Sophomores and Juniors in general and the Seniors in particular) are so contradicting in their statements and actions. They like to remind us that we are freshmen, and yet when they are in need of help they never fail to call on us.

At present they delight in circulating rumors that, according to the results of the mental test given to us a few weeks ago, our class is the dumbest freshman class which ever existed on the hill. That these rumors have no foundation is brought out by the fact that they are circulated by the very same students who are the most ardent advocates of the Literary Societies. They are the students who have canvassed the freshman class so thoroughly for new material that at present there is hardly a freshman on the hill who is not a member of one of the four Literary Societies.

Indeed it is the freshman class which every year injects new life into college activities. Though the Freshman Class of '25 may not yet be able to do as well as some of the upper classes, nevertheless we are not far behind in the race for scholarship and student honors. In the classrooms, out on the foot ball field, in the Literary Societies and in other activities we are doing our part and prove daily that the old Maryville spirit has obtained a good hold on us. And this spirit, carrying us on to the goal, will prevent us in future years to forget what we owe to our freshman days.

—By a Freshman.

FRESHMAN AND STUDY

A student comes to college chiefly to get an education. It is true that everything is not learned from books, but a good deal can be. A freshman hears somebody say he never lets his studies interfere with his college education, and immediately takes that as his philosophy of life.

Many students, early in their freshman year, get the habit of studying just as little as is absolutely necessary. They boast about how little they study, and how skillful they are at bluffing the teacher.

Incidentally we might remark that the teachers aren't as gullible as they look. You see, when a person gets to college he is in a different environment than he was a few months before in high school. There the teacher felt it his duty to see that one learned.

But in college the professors assume that you are here to learn. If you are not, that is your business. You may flunk the course, but the chances are not very great that you will be made to study. If you are not here to study you should be at work, and paying for the good time you are having, instead of letting dad do it.

There is another class of students, and they are not limited to freshmen, who study the courses that interest them and "get by" in the rest. They satisfy themselves completely by saying they will never need such a subject, so why study it!

A person rarely realizes till it is too late that study is a habit. It is absurd, of course, that any subject in the curriculum is entirely worthless to a student. But even if there were such a subject, it would pay to study it. Every time you half-study any lesson, it makes it that much easier not to get the next. The habit of study can become entirely eradicated in one month. When you graduate, probably all you will know about chemistry will be that H2O is the formula for water, whether you made A or D. But a relaxing in one study shows its effect in the others.

Some of the old students know these things from experience. The freshmen will learn, if they don't take heed before hand. We have heard it said that scholarship in the freshman class is lower than it should be this year. This may be merely rumor, but if it is true there is no reason for it. We hope this year's freshman class will keep up the high standards of Maryville scholarship.

—John Stockton.

Fresh: "My great-grandfather was slightly wounded at the battle of Brandywine."

Soph: "Half shot I suppose."

Fresh: "I never know what to do with my week end."

Soph: "Why don't you wear a cap on it?"

SHORT CUTS

M. C.

Darwin certainly was right—look at the Frosh.

M. C.

Freshmen mouths are good for three things: to eat with, to drink with, and to get in trouble with.

M. C.

If some of our Frosh keep on enlarging their trouser legs they will be able to get in at either end.

M. C.

The Soph defeat of Seniors is simply another case of matter triumphing over mind.

M. C.

Another argument against class foot ball: somebody said Grunder and Griffitts acted like Freshmen in the last fray.

M. C.

I'm crazy over animals,
He heard a Freshman squeal;
He took her to the lily pond
To see the College seal.

M. C.

We always thought that bad people liked darkness rather than light until Dance swiped our Mazda blub.

M. C.

In the new library Prof. Ellis expects to separate the sheep and the goats.

M. C.

Purdy says that in spite of his course in Theism he still believes there's a God.

M. C.

We will now receive callers in our new staff room; boy, page Mr. Geist.

M. C.

A whole Freshman class flunked a biology quiz—makes up hope the Evolution of Species is true.

M. C.

Cheer up, fourth Preps will be Freshmen next year.

M. C.

No, Red, Miss Darby doesn't furnish napkins.

M. C.

Funny that Red Brown should start to write in our green issue; if he gets our treatment, he will become black and blue.

M. C.

Dean took his advanced Psyc class to Lyons View for a friendly visit. Good thing he don't have a freshman class.

M. C.

B-l-o-u-g-h is a polite way to spell blow.

M. C.

Prof. Gillingham in Theism, Now don't take down everything I say, or you will have a book full of nothing.

M. C.

Last Wednesday, most of the class had books full of nothing.

M. C.

Jimmy R. has had dates with John Nuchols, Baxter Williams, Quinten Gaines, etc. Usner also ran.

M. C.

Kitchen is also a Freshman.

M. C.

A lot of our nominal Sophs seem to be refreshing.

M. C.

J'EVER,
THINK about these
FRESHMEN who are now
AMALGAMATED but they are
FRESHMEN nevertheless and
THEY came here as minnows
BUT now they are grown fish,
J'EVER
NOTICE the air they assume
ABOUT everything, well we
REMEMBER when they bought
CHAPEL seats, hunted snipes and
SOBBED into bandanas; when
they
THOUGHT a necktie was a
halter
AND a hair net was to catch
RABBITS in—until they got
CAUGHT in one. When thinking
ABOUT nothing j'ever think on
THESE THINGS
J'EVER?

Frosh co-ed. (arriving at football game in the second quarter): "What's the score?"

Soph: "Nothing to nothing."

Co-ed: "Thank goodness I haven't missed anything."

ANNOUNCEMENT

Lyceum tickets will be issued on Wednesday, November 26th, in front of Library. A new system will be used. For the sake of those who do not wish to moonshine with the same girl at all of the Lyceum numbers, reserved tickets will be issued separately for each number.

The price for reserved tickets will be fifteen cents. Each person getting tickets, reserved or general, must have a treasurer's receipt for each ticket he wishes to get. The first Lyceum number of our $1300.00 program will be Mr. Frederick Warde, who will lecture on ''Fifty Years of Make Believe.''

TO BE READ ONLY BY FRESHMEN

''Do you ever gamble?''
''Sure, you chase me.''

The point here is tied up in the parody on the word ''gamble''. The word ''gamble'' means to wager. In pronunciation it resembles very much the word ''gambol'' which means to skip or leap about in a frolic. The second person to speak in the joke evidently got the meanings mixed.

''What is a polygon?''
''A dead parrot.''

Here the point to be remembered is that the first person is evidently ignorant of geometrical figures and tries to define a word by its sound. ''Polygon'' sounds to him as if it were spelled polly gone. And he reasons if polly is gone, he must be dead.

''I hear you flunked Chemistry 2.''
''No, that's all.''

The second person thought that the first meant this: ''I hear you flunked Chemistry also.'' The ''2'' refers to the name of the course.

Irate Frosn: Hey, how long will I have to wait for a shave?
About two years, son.

''Let's hie us home'', said I to my companion.
''There isn't a freshman left on whom we can dump this last ticket for his chapel seat.''
Just then the dulcent voice of a stripling caught my ear. He sang:
''How in heaven's name
Can our elders ascertain
That it isn't going to rain
any more.''
''Hold'', screamed I, ''Now we can sell that ticket.''

Co—I wish I had talent, I'm just itching to write.
Ed—Well, why don't you sit down and try scratchin' a little.

Prof: What is Shakespeare noted for?
Rat: For his lamb's tales.

Heard in American Literature class:
Mrs. Alexander: Mr. Gauding you may report on Art.
Mr. Gauding: There is art in the painting of a litter of pigs, or a dog, or a beautiful woman.

Teacher: Is U a consonant?
Fresh: No, I'm a boy.

Fresh: ''I asked you for a loan of $10—this is only five.''
Another of the same: ''I know it, but it is the one fairest way. You lose five and I lose five.

First Fresh: ''My father built the Rocky mountains.''
Second Frosh: ''That's nothing. Do you know the Dead Sea? Well my father killed it.''

One Rat: Do you have a Pony for that French book?
Another Rat: Pony? That subject's so dry I have to use a camel.

Senior Adviser: Always love your teacher.
Aggressive Fresh: I tried it once and she got mad.

Literary Society Work Continues To Prosper In Saturday Meeting

Bainonian

Even the staid and solemn Seniors "turned kids" again, and enjoyed to the fullest, the Story Hour Program given last Saturday night in Bainonian Hall

Miss Henrietta Smith told a story. She is an adept at it, y'know; some kinds especially. Dorothy Hodges and Lucile Osterle were the two sleepy children who listened most particularly to the outcome of the encounter between B'rer Rabbit and the Tar Baby, and B'rer Fox's discomfiture, and the unhappy "show-down".

Katherine Legg played in her inimitable style, both classical and jazz. Mary Esther Grimes read "Robert of Lincoln", and America Moore played Schubert's Serenade.

It was a varied program and one well arranged to hold interest. Girls surely do miss something if they don't make it a habit to drop in at Bainonian Saturday nights at 7:15 o'clock.

Alpha Sigma

It was easy enough to find out from what states members hail when the foot ball scores were read at the last meeting. However, to remove the possibility of doubt, each man when his name is called next Saturday must answer by naming his native state and something that makes it famous.

Harry Gauding, Alpha Sigma's new president, will make his inaugural speech. Raymond Harrison, a son of the Golden State, will talk to us about California. Accompanied by Miss Zanna Staater, Albert Cook will give a vocal solo, which will be followed by a monologue by Maynard Dunn. George Gillingham, who knows all about it, will then tell us what it means to be the son of a college professor. The foot ball scores are to be announced.

Athenian

"Say, wasn't that a good program?" "That's the best program we've had this year." "I've learned quite a few things tonight". These and many similar remarks were heard from the fellows coming from Athenian Hall last Saturday night.

After hearing that instructive talk given by Mrs. McMurray and the music of the evening, we are not surprised at the above comments. The music was furnished by the nine piece Athenian Orchestra.

The program for this Saturday night will consist of the French Oratorical Contest. This is one of the BIG occasions of the entire year. Eight or ten men have already turned in their manuscripts and are eagerly anticipating the winning of the gold medal.

Theta Epsilon

Theta is looking forward with great expectancy to the New Girls' Program which is to be given Saturday evening. The program by our new members is always considered one of the finest of the year. Just what the girls have planned is a secret, but I wish you could know about it! I'll guarantee one thing—you'll know when you hear these neophytes that they are unusually talented in both musical and dramatic ability. Such girls as these are making Theta reach the high literary principles for which she stands.

Didn't you enjoy Dr. Wilson's address last Saturday night? He made us realize the value of our Society, and the tremendous value of the spoken word. I'm sure we of the spoken word. The Theta quartet in its rendition of old Irish songs made a strong appeal to our hearts. Theta Orchestra deserves honorable mention too, because we appreciate the time and labor these girls have devoted to our interest and pleasure.

Monday Night

"SEVENTEEN" TO BE PRESENTED

At last the long delayed presentation of that inimitable novel by Booth Tarkington, "Seventeen" will be given Monday night, November 24th at eight o'clock.

The story deals with the love affairs of American youth at that crucial year in their life. Hunter Robinette as "Seventeen" and Miss Katherine Franklin as His Heart's Desire are as typical a couple in early romance as could be found anywhere. Moonshiners, young and old, temporary or life-termers will recall the days of their adolesence when they were afflicted with the same malady that has William Sylvanus Baxter in its clutches. Further than that some of our local present day gallants and their ladies will simply be looking in a mirror seeing themselves as others see them.

The play is being staged by the Dramatization class under Miss Edwards. The proceeds will be used to expand that department. Tickets 35 cents.

Miss Heron: What is a synonym?
Freshman: It's the word you use when you can't spell the other one.

FREDERICK WARDE TO GIVE LECTURE IN FIRST LYCEUM

''Grand Old Man of The Footlights'' to Give Retrospect Of Career.

FIFTY YEARS AN ACTOR

Will Appear In Chapel at 8:00 O'clock Tuesday Evening To Lecture.

Mr. Frederick Warde for fifty years an actor on the American stage will speak in chapel Tuesday on ''Fifty Years of Make-Believe''. This program will constitute the first lyceum number of the year.

For more than fifty years Frederick Warde, the ''Grand Old Man of The Footlights'', as he is called by his thousands of admirers, has allied himself with the classical drama. During this half-century Mr. Warde has played with such renowned stage folk as Charlotte Cushman, Adelaide Neilson, Edwin Booth, Henry Irvin and Lawrence Barrett. By close study of the development of the drama and the stage Mr. Warde has attained to the position he holds today, that of being the most loved of all of the older actors today. He has woven a most interesting and thrilling lecture from his wealth of experiences covering his span of service before the footlights.

In ''Fifty Years of Make-Believe'', Mr. Warde talks in reminiscent mood of his long association with the great actors of the past fifty years. The lecture vibrates with the heartbeats of the stirring actor folk who loved the applause that was bestowed upon them by our fathers and grandfathers. It is a revelation of the real American stage told by one who was in the midst of the best of it. Mr. Warde is an eminent scholar and author as well as an actor. His lecture is a dramatic treat and will prove one of the most entertaining numbers of our Lyceum Course.

The Asheville Citizen gives the following tribute to the great actor:

''As the years have rolled by many lecturers of national reputation have come to Asheville and have gone, each in turn, according to their merit, leaving their impress behind them. But of all who have come and gone, none has left a more instructive and profitable lesson than has Frederick Warde, undoubtedly the nation's greatest exponent of Shakespearean drama living today. This [illegible] tribute to the histrionic genius

(Continued on page four)

MINISTERIAL ASSOCIATION

The Associati[illegible] meeting last Wed[illegible] present pronounced [illegible] ally good one.

Next Wednesday R[illegible]bert Wood[illegible] will speak on ''The Golden Rule in [illegible] Religions''. In addition [illegible] this Lockhart [illegible] Golden Rule Means in the Li[illegible] Christianity'', and Wallace Merwin will answer the question, ''Will the Golden Rule Work Toda[illegible] All Relations of Life''. Sure[illegible] subjects will merit our [illegible] tion.

Ministerial students plans to enter into the intra-mural basketball contests which are coming. All ministers are needed to carry out this part of the work.

AN ALL-CLASS TEAM

An all-class basketball team will be slected from the five teams entered in the class tournament. The leading two forwards, guards, and center will be selected by a committee of three basketball letter men. Messrs. Veech, McMurray, and Musick will comprise this committee of judges. The names of the selected five players will be published in the next number of this paper.

CHILHOWEAN STAFF TO HOLD CONTESTS

Feature Contest To Be Held This Year For Both Men And Women.

Our year-book, The Chilhowean, is essentially a picture history, a compendium of visual memoirs and manifestations of the student and his activities.

Each page should be a source of pleasure and joy to the student, thus serving as a medium through which he may live again the experiences of his college life. Therefore, pictures contribute a very great part toward the degree of success enjoyed by each annual.

It is the ambition of the staff of the 1925 Chilhowean to publish an annual notable for its individuality and distinctiveness, one of genuine intrinic merit. To do this the staff must needs have the closest co-operation of all classes, societies, and other organizations. The building of this year's book is well under way, and the staff is especially interested in receiving your suggestions before it is too late.

FEATURE SECTION

This year we are to have a feature section different from any in the past. This section will feature both young men and young women, four from each sex, to be elected by the student body in the near future. Nominating primaries will be held in each of the four college classes and in the Senior Prep class, the nominees from each class being turned in to the editor of the Chilhowean. These then will be submitted in printed ballot form to the student body for final election.

The places of honor to be filled by young women are:

1. Queen of The Chilhowean.
2. Most Attractive.
3. Sweetest.
4. Most Brilliant.

The places of honor to be filled by young men are:

1. Best All 'round.
2. Most Intellectual.
3. Maryville's Favorite Man.
4. Wittiest.

[illegible] the place, tho[illegible] [illegible] Let all this [illegible] new fe[illegible] as[illegible] [illegible] ning election.

Y. W. THANKSGIVING SERVICE

[illegible] inspiring Y. W. [illegible] [illegible] day when the girls of the college gathered in a Thanksgiving service.

Miss Edwards led this meeting and gave those present a new vision of the many things there are for which to be thankful.

VARSITY PRACTICE TO BEGIN SOON ON BASKETBALL COURT

Regular Squad Drill Will Begin When Class Tournament Is Completed.

STRONG SCHEDULE PLANNED

Six Veteran Letter Men And Class Team Stars Going Out.

By Lewis Veech

With the advent of basketball season Maryville will enter into what is hoped to be the most successful athletic season she has ever enjoyed.

It is hoped that the basketball team may even surpass the wonderful record made by the football team.

The official call for the men with the abbreviated uniforms has not yet been issued but practice should be started by the time class basketball is over. It is hoped that all men who have ever had any experience will try out for the team.

There are six letter men left from last year's team. ''Briney'' McMurray has played for three years for the Orange and Garnet and expects to make his last one the best of them all. McMurray has always been a good point getter and great things are expected of him.

''Shorty'' McCall is about the fastest thing that ever stepped into a shoe and it is sure that he will keep all opponents busy watching him.

''Pat'' Shores is expected to hit

(Continued on page four)

DEBATE TEAMS FOR GIRLS ARE SELECTED

Girls' Debate Preliminary Reveals Strong Material for Team. Debates Scheduled With Tusculum and Elon.

After much burning of midnight oil the flame burst forth with full force Monday morning. Twenty-two girls, laden with mysterious packs of cards faithfully climbed the stairs to the rom of doom or glory. There before a formidable array of judges they expounded the truths regarding the rights of the Supreme Court to declare acts of Congress unconstitutional. In a very lady-like manner, each in her turn accused her opponent of an untruth, a[illegible] left the room with the feeling of great burden ha[illegible] [illegible] The [illegible] [illegible] [illegible] the team.

[illegible] judges and pe[illegible] among themsel[illegible] Reba Mae A[illegible] Ferris, Kathleen H[illegible] Morton, Evelyn Porter, Dora Reaves, Alice Robinson, Mary Elsie Welbon, and Nelle Watkins were chosen to represent [illegible] Forensics this year.

Plans for a very interesti[illegible] on are underway. Of course [illegible] shall meet our ancient rival, T[illegible] culum, in a debate, and a trip debate to Elon College in North Carolina, and perhaps two other colleges on the way promises to be very profitable.

1924 GRIDIRON SEASON CLOSES FOR HIGHLANDERS WHEN MAROON TEAM IS STOPPED IN TIE GAME

Maryville Machine at Best Form Outplays Powerful Roanoke Eleven on Slippery Team.—Hamilton Kicks 35 Yard Placement Goal.—Final Score 3-3.

Maryville closed its 1924 football season Saturday afternoon by playing a 3 to 3 tie with Roanoke College at Salem, Virginia.

After an all night rain, the field was slippery with mud and with a stiff wind adding to the cold Maryville did not display her usual punch, although, the Highlanders easily outplayed the Maroons, both on offense and defense.

Roanoke after their great game against William and Mary the week before, showed the usual let-down that comes to a team after intensive training for a hard battle, and they never seemed to be able to get started against Maryville.

Towards the end of the first quarter Captain Hamilton's perfect placement kick from the thirty-five yard line was the only score for Maryville and Roanoke's came in the second, when the Maroons got close enough to Maryville's goal for Captain Hurt to get off a placement kick which just did squeeze through, hitting one bar and bounding over the goal line.

Maryville made nine first downs to Roanoke's six. Three of Maryville's came as the result of penalties, while Roanoke gained two in this manner. The Highlanders attempted three passes and completed two for a gian of forty yards. Two other passes for thirty yards each from Franke and McCall to Shores were completed, but were called back because Maryville was off side. Roanoke tried eight passes during the game and completed two, while two were intercepted by Maryville.

The game opened when Gamble kicked off to Ellicock, who returned the ball to the seventeen yard line. Both teams resorted to punting for the greater part of the first quarter. Near the end of the period Maryville secured the ball on her own thirty-five yard line and started an offense, which did not end until the placement kick had been made.

Crawford shot off tackle for seven yards and the Highlanders were given a first down on the next play when Roanoke was penalized five yards for being offside. Franke and Gamble [illegible] two yards [illegible] and on the

GIRLS BASKETBALL TEAM DEVELOPING

Girls' Basket Ball Progressing Rapidly Under Tutelage of Coach Bond.—Three Letter Women Back.

Feminine Basket-ball is progressing steadily and rapidly under the direction of Coach Bond. The last three weeks have proved that some of Maryville's co-eds are interested in things other than moonshining. Monday morning, as well as three afternoons a week, finds these highland lassies on the court, breaking all former records of speed and accuracy.

Lois Painter, of last year's five, is at it again, and is about to prove the time worn adage that practice makes perfect, while Lucille Heiskell, of the same team, is shining brightly at guard. These two, together with Pat Farrar complete the list of letter girls remaining from last year's quintette, and they promise even better things for the coming season.

Perhaps never before has the new material, freshman and otherwise, had such a chance to make good as they have this year and they surely are getting things going by. Madge Kellar, Dorothy Hipp, Grace Kessinger and Leila Holland are four of this bunch that are showing up well, and the others are right with them.

The manager is working on a schedule which should be of credit to the college. Six home games at least are guaranteed and two long trips are being arranged.

If the squad keeps on working as they have started out, there is no reason why feminine Maryville shouldn't be represented by a team that would stir up some excitement in the south; that would beat U. T.; and would make even Peabody hop around for a victory.

''Y'' MEETINGS

Why [illegible] [illegible] [illegible] [illegible] at peace [illegible] lows? Is it because [illegible] [illegible] distributed among the fellows? Is [illegible] statement of one fellow. [illegible] of so many fellows [illegible]

[illegible] [illegible] [illegible] [

THE HIGHLAND ECHO
Issued Weekly by the students of Maryville College.

BASKETBALL

A great season of foot ball has come to a close, and now sport attention is turned towards basketball. This sport needs the support of the student body just as much as foot ball. Whether or not this year will be a successful one in basket-ball depends on the way the students back the team.

We have only to remember last year to know that there are thrills aplenty in a basketball game. Besides, the band has been exerting itself strenuously in practice, and will keep us pepped up.

All that is needed for a successful season is the proper spirit among the students. We have a gym that is excelled by none in the South, and the Maryville team has not lost a game on this ccourt. So every Maryvillian owes his most hearty support to basketball.

RADIO

The most interesting of modern inventions in the field of science today is the radio. Not only has it been developed into a greatly useful instrument already, but we may look to see far greater steps made towards its perfection in the next ten or twenty years.

In the meantime organizations all over the country are acquiring sets of radio for their own use. The benefits are plain to be seen. The latest news of all kinds is received over the radio, the best concerts and speeches all over the nation are broadcast for whoever chooses to take advantage of them.

At Maryville College there should be a radio organization formed, or else some present organization should install a radio set.

It is entirely probable that a room could be secured in one of the main college buildings and that finances could be raised easily to start at least a small set. Each year additions would be made until the college should possess valuable radio equipment and outfit. Let's have a radio.

Matron: ''Why didn't you turn out your light last nite?''

Co-ed: (first experience with electricity) ''I couldn't get it out of the bottle.''

READING

''No Man's Thinking is Better Than His Information.'' For some time observation has shown us that many of the students of the college are consistent readers of a type of fiction and so-called literature such as is issued from the McFadden press. During the week, but particularly on Saturday afternoons, a great pile of these periodicals find their way to the Hill to engage the minds of the students over the week-end. The writer takes it that we are (most of us) here for the purpose of getting some thing we couldn't get at home, —a full and well-rounded education. By this time we should at least be able to choose the good rather than that not so good in all that comes to us, but are we doing it?

It seems that many are given to reading such notorious publications as the True and Breezy Stories, True Confessions, Dance and Fiction Lovers, and Whiz Bang rather than to such magazines as The American, Ladies' Home Journal, Atlantic Monthly, Readers Digest, Literary Digest, Hygeia, etc. When college students fill their brains with stuff from those periodicals named first, then there is something fundamentally in absence.

Any sound observer knows that the appeal of all of them is sexual and erotic. The covers, invariably in the gaudiest of colors, are devoted to pictures of women in various stages of nudity. The illustrations place emphasis on the beauties of the salacious and the cabaret, rather than on the higher types of art which have less sex appeal. ''The most important thing to note'', says one observer, ''is that in every one of these stories the suggestion is something relative to sex; in fact, they reek of sex.''

These ''confessions'' and ''stories'', perhaps, may be true, but if they are then the appeal lies, not in their truth or in any moral lesson they may teach, but in their essential suggestiveness. They are lacking totally in literary value and their duration is as evanescent as the paper on which they are printed. Immodesty and salaciousness are the suggestions all the way through.

The instability of youth today is the direct result of a ''don't care'' and ''it won't hurt me'' attitude. One cannot handle and read dirty, trashy literature without becoming besmirched. Have we as college students little enough sense to gulp in the rotten stuff contained in these damnable publications and spread it around to those who do not buy them?

EGO always in the lead, and you
THINK to yourself,
WOMEN will be women.
J'EVER?

Teacher: Give an example of how circumstances alter cases.

Rat: Well, Milwaukee isn't famous now.

SHORT CUTS

M. C.
Revised version of our new song:
Just a little moonshine,
Just a little love.

M. C.
The chicken dinner was the cats.

M. C.
Only the warmest couples moonshine these cold days.

M. C.
And the freshies gathered around in little wads.

M. C.
Prof. Walker in Physics, Now to calculate the mean twist—

M. C.
An now the seniors have to gamble for their dates.

M. C.
Frosh have it that the Sophs had a two man team: Tommy to cover the floor, and the referee to make the baskets.

M. C.
We received the following advertisement from a printing house: We restore chewed-off ears, bent mats, and twisted combinations. Moonshiners better come around.

M. C.
The theory that the katydid makes all the noise with its hind legs seems more reasonable since we nave seen Jiggs in action.

M. C.
We wish you boys would stop swiping the milk from Reagan's porch. Ruth needs the nourishment.

M. C.
Seniors seem to run their social acairs on the principle that love is blind.

M. C.
Some of dese guys what think they're hard-boiled is only half baked.

M. C.
Stude, in Biology, to Bond: Hey come here and see if I see a spot in this microscope.

M. C.
Alice was too cute for Word.

M. C.
Another thing to be thankful for, we have supper every day in the year, ecepxt on Thanksgiving.

M. C.
Of course, Cornelius is going out for debate.

M. C.
One more thing about the senior's party. Wick went to the movies with Beth Torvy.

M. C.

Farmer: Well, son, what are you doing up in that tree?

Son: Just got a letter from the Sophomores in correspondence telling me to haze myself.

Three freshmen were discussing the incomes of their fathers.

One said, ''My father writes a song in an evening and takes it down town the next morning and sells it for $50.''

The next continued: ''My father writes a story in an evening and takes it down town the next morning and sells it for $100.''

''That's nothing,'' declared the third, ''My father gets up in a pulpit on Sunday and talks for an hour and it takes six men to carry the money up to him.''

Prof.: Do you know why I flunked you?

Rat: I haven't an idea.

Prof.: Right.

Frosh: ''Who was the smallest man in history?''

Non-frosh: ''I dunno, who?''

Frosh: ''Why the Roman soldier who slept on his watch.''

Maynard: ''That's a good car too.''

Charles Howard: ''A Big Studebaker.''

Maynard: ''I have a Ford. What car have you?''

Miss Clemens: ''I have went—that's wrong isn't it?''

Jiggs: ''Yes ma'am.''

''Why is it wrong?''

''Because you ain't went yet.''

A fat girl doesn't want to be like a skinny girl any more than a skinny girl wants to be like a fat girl.

Cause for Pity

Unlike most other people in a peck of trouble the biggest ones are not always at the top.

And He Often Fails.

Too often a man will do a mean act merely because he has confidence in his ability to square himself by offering an apology.

Paint Preserves White House

Without [illegible] coat of water proof white paint the White House at Washington would have been in ruins at the end of one hundred years.

Peanuts Popular in Africa

Peanuts, unknown in Senegal a few years ago, now form more than 50 per cent of the total exports from that part of Africa.

First Religious Paper

The first religious newspaper ever issued was the Herald of Gospel Liberty, which was published by Elias Smith of Portsmouth, N. H., in 1809.

Need Courage

In any organization for betterment two or three men have to have most of the moral courage.

Maryville scoring: Goal from placement by Hamilton; Roanoke scoring: Goal from placement by Hurt.

Officials— Referee: Carrington (Virginia); Umpire: Lewis, (Virginia); Headlinesman: Burks (B. A. C.)

Substitutions: Maryville— McCall for Crawford, Musick for Cartwright, Crawford for Franke, Holland for Schmidt. Roanoke—Givens for Shaller, Shaller for Givens, Pang Miller for J. Miller.

Miss Louise Barker is seriously ill with pneumonia. Her condition is still critical but she has improved slightly.

Cecil Crow, '2- is spending a few days with old friends.

''What's Alice working towards, an M. A. R.''

"No, a M. A. N."

If Mr. Ford can make the old square dance popular again he'll be a benefactor. But we have very little hope.

1924 Gridiron Season Closes With Game at Roanoke

(Continued from page one)

next play Tinker heaved a long pass to Shores that landed the ball on Roanoke's twenty-nine yard line.

Then the Maroon defense stiffened and Joe and Tinker were only able to make four yards in two drives. Maryville tried a pass, but it went wild. On the fourth down Captain Hamilton dropped back to the thirty-five yard line and sent the ball squarely through the bars for Maryville's score.

Near the end of the first half Maryville had been pushed back by Riddle's punting, which was aided by the strong wind. On Maryville's fourth down Hamilton went back to punt but the pass was wild and when he recovered the ball he was downed on his own twenty-one yard line, and the ball went to Roanoke on downs.

Hurt gained a yard on the first play and then Ellicock made five yards through the line. Riddle tried an end run and was downed by Hamilton for a four yard loss. Here Captain Hunk Hurt dropped back and kicked a placement goal from the thirty yard line. The ball hit one of the uprights but went through and tied the score.

Roanoke made its last effort to score early in the third quarter. One of Riddle's punts was stopped by Geisen on the Maryville five yard line and Hamilton returned the ball on a punt to his own thirty-nine yard line.

Riddle completed a pass to Woods that netted eleven yards and it began to look like a Maroon score. Hurt gained three yards through the line on the next play and then attempted another pass, but Jean leaped into the air and pulled it down to stop Roanoke's offensive.

For the fourth quarter, a long pass from McCall to Crawford and two dashes by McMurray placed the ball out in Roanoke's territory. On the next play Jean broke through Roanoke's line on one of those runs for which he is famous and was headed toward Roanoke's goal with only one man in his way. Unfortunately Jean was unable to side step him and he was downed on Roanoke's fourteen yard line.

The Maroon line braced and three drives at the line netted only a little, then Hamilton dropped back to try another placement from the twenty yard line, but the ball went low and wide. The game ended a few seconds later with the ball in Roanoke's possession deep in their own territory.

The four seniors, veterans of many a gridiron battle together, playing their last game for Maryville displayed stellar football throughout. Jean never failed to gain, making more than half of Maryville's total yardage as well as showing great form on defense and especially in running interference. In the line Bob and Smitty were always on the job and broke up many plays behind the line of scrimmage. Musick went in during the fourth quarter and in spite of his bad knee played his usual high class brand of football.

Shores and Cartwright were down under every punt and Roanoke added very little yardage around their ends. Hamilton's punts out-averaged Roanoke's and he was in on every play on defense, while Proffitt played his best game of the season, breaking through and throwing Maroon players for losses time and again.

The line-up:

Maryville		Roanoke
Shores	l. e.	Woods
Hamilton (c)	l. t.	Davies
Schmidt	l. t.	Shaller
Stone	c.	Bissinger
Proffitt	r. t.	Beare
Thrower	r. t.	Geiser
Cartwright	r. e.	McConnell
McMurray	q. b.	(c) Hurt
Franke	l. h.	J. Miller
Crawford	r. h.	Riddle
Gamble	f. b.	Ellicock

Score by Periods:
Roanoke —0 3 0 0 3
Maryville—3 0 0 0 3

Men's & Women's Literary Societies Conduct Good Literary Programs

Alpha Sigma

Last Saturday members told of their home states. The program secretary intends to have the roll called in a similar way at future meetings, and thus hopes to obtain a life history of each member of the society. The roll call next Saturday has to be answered by stating personal hobbies.

The program will be of high quality, including poetry and prose in humorous and earnest form.

Probably the most attractive number will be the Theta Epsilon "Songbirds'". The quartet of the sister society has kindly consented to add to the program the musical touch, which will be a rare treat for us. Of course the foot ball scores will be announced, too.

The oratorical contest will be held on the sixth of December. Wick Broomall, the chairman of the committee for this contest, states that eight members have handed in their names, and that the contest will be a battle for oratorical supremacy from the beginning to the end.

The "All Star Cast" of the society is at present working hard on the mid-winter play, "The Three Wise Fools" by Austin Strong. The performance will take place on the fifteenth of December. Those who saw the "Merchant of Venice" last year, know that the Alpha Sigma Literary Society will render nothing but the very best, and it is certain that this year's play will surpass all expectations.

M. C.

Athenian

Last Saturday night the French oratorical Contest was held. Those winning first, second and third places were: Mr. Hunter Robinette, subject "The First Man"; Mr. Donald Buchanan, subject "For Oratory"; Mr. Charles Johnson, subject "Ultimate America."

A [illegible] of merit [illegible] regular meeting [illegible] Saturday night.

[illegible] Maurice Merwin

[illegible] gram.

Theta Epsilon

Saturday evening [illegible] The [illegible] program.

violin solo in her own individual way. Roberta Creswell gave a splendid talk on "New Girls of Theta". She made the old girls realize their responsibility too in making Theta the best literary society on the Hill.

The stunt was clever and very entertaining. M. A., Q. T., and the others still have happy times. Ruth Shubert's talk on the Beauty and Value of Music was excellent. It showed a carefully studied and well planned topic. Truly, the new girls have given Theta an abundance of talent. Many of the Theta girls have become sisters to the orphans, so again we find Theta reaching out in altruistic service.

On Saturday the present program secretaries will give their farewell program. The society has been delighted with the programs this year and we feel confident the newly elected officers will "carry on" the great work.

Theta Epsilon is looking forward to debate Asheville Normal. Let's make debate one of the society's strongholds as Dr. Wilson suggested.

A good program, election of officers, and a good time await members Saturday evening at Theta Hall. There will be a cordial welcome for every girl.

M. C.

Bainonian

Saturday night at Bainonian was important for two reasons.

For one thing the perplexing problem of who should succeed our worthy officers presented itself. An expression of the membership on the question showed the following results:

President - - - Ethel Sharp
Vice President - Babbie Blair
Secretary - - - Alice Robison
Program Secy. - Helena Farrar
Critic - - - Lucille Oesterle
Sergeant-at-Arms - Elizal[illegible]

With such a set of officers, Bainonian cannot fail to have a successful term.

The second [illegible] was given by the Freshmen girls [illegible] pleasant[illegible]

[illegible] with a trait[illegible] peare, brought [illegible]

W[illegible]re apologies to Longefellow. Pat Farrar plans to dramatize at the next meeting the [illegible] of Miles Standish, the rugged Captain of Plymouth.—Better be there and hear John speak for himself.

GLEE CLUB MEMBERS CHOSEN

The Maryville College Glee Club is now getting down to real work, in preparation for their sixth annual concert tour.

The following twenty men survived the preliminary tryouts and will compose the personnel of the glee club for the 1924-25 season:

First Tenors— Raymond Anderson, Erasmus Kitchen, Walter Mathews, James McMillian,; Second Tenors—Dewey Eitner, Leslie Bell, James Brown, James Johnson, John Johnson, Hunter Robinette.

First Basses—Robert Broady, Jean McMurray, James King, Clinton Puff, Carl Schmidt, Charles Webb; Second Basses—Albert Cook, Edward Hamilton, C. B. Jones, Ronald Craig.

The club has already been practicing for over a month, and every Tuesday morning and Thursday evening, the chapel fairly rings with the "concord of sweet sounds".

Many of the lighter songs are nearing completion and by the holidays, Miss Staater hopes to have at least one heavy number completed. The program of songs for the coming season is composed of a great variety of music, which should appeal to the ear of every type of audience.

Prospects are splendid for a week's trip into Northern Tennessee, Carolina and Virginia. The club will also take its usual one night trips to the surrounding cities. With a long trip in view and several shorter ones assured, the boys are putting out every effort, in order to have an excellent program.

Manager Gamble, has sent out a prospectus to organizations in various cities, in order that they may become acquainted with what the Maryville College Glee Club really is. In this way the club is being advertised, even where it has not given any concerts.

With a smiling patient instructor like Miss Staater, the boys are entering into the spirit of the occasion, determined to make this year's Glee Club, the best in the history of the school.

FREDERICK WARDE TO GIVE LECTURE IN FIRST LYCEUM

(Continued from page one)

[illegible] urns as brightly [illegible] and nearly fifty years [illegible] Frederick War[illegible]

Mr. Warde, in coming to Maryville Tuesday night, will bring to us this story of the romance of the stage, just as he has to thousands of other American people. He will leave with us the joy of his wonderful personality and entertaining qualities as well as an insight to the mysteries of the great American stage as they were in its day.

What has become of the old-fashioned Maryville girl who used to think that when she was kissed she was engaged.

SOPHOMORES LEAD CLASS TOURNAMENT

Sophomores and Junior Quintets Leading in Class Cage Tournament.

Thanksgiving Day found the Sophomores and Juniors leading in the class basketball tournament which is being promoted by the Y. M. C. A.

The Freshmen are holding third place with a 500 standing, the Seniors are in the cellar having lost one and won none, and the Preps have been eliminated having lost to both Juniors and Sophs.

Juniors vs. Freshmen and Seniors vs. Sophs are the tilts carded for this afternoon.

Thompson of the Soph quintet is high point man with 17 points to his credit while Harvey of the same five is runner up with 12 points.

League standing follows:

Team	Won	Lost	%
Sophs	2	0	1000
Juniors	1	0	1000
Freshmen	1	1	.500
Seniors	0	1	.000
Preps	0	2	.000

VARSITY PRACTICE TO BEGIN SOON ON BASKETBAL LCOURT

(Continued from page one)

his stride again this year and when "Pat" gets right he is hard to stop.

Ex-Captain Musick, one of the niftiest guards in the business, will be back at his old place at guard.

Gamble is a steady reliable guard that can always be depended upon to keep all opponents away from the basket.

"Bob" Thrower, "Tommy" Thompson, Jackson, Sneed, Bradshaw, and Rosa were on the squad last year and are expected to give some of the other fellows a battle for their places. Besides these men there are several promising looking men who are playing in the class tournament.

The pivot position is the only cavity in the quintet as the dope now stands, and there [illegible] several men who look capable of handling this place.

One thing [illegible] going to be plenty [illegible] competition [illegible] everyone h[illegible] to go out and work.

SERVICE AT JAIL

A [illegible] meeting was held [illegible] prisoners of the County Jail on Thanksgiving. Speeches relating to Thanksgiving were given by Wick Broomall, Jr., Merlin Usner, and Jesse Pierce. The Jail-bird Quartette rendered several selections all of which were appreciated. Luther Hammond gave a reading and Robert Broady furnished the instrumental music.

After this service of thanksgiving fruits and nuts were distributed to the prisoners. The young people's societies of Maryville furnished these gifts.

THANKSGIVING AT MISSION

Thanksgiving Day was observed at the Battle Branch Mission by a program given Thursday morning at ten o'clock at the Mission, with the help of the Student Volunteer Band and the Presbyterian C. E. Society.

A short talk on the meaning of Thanksgiving day, readings, instrumental music and several selections by the girls' quartette of the Presbyterian Intermediate C. E. Society provided an interesting program which was enjoyed by the members of the mission Sunday School and their friends. After the play hour, which followed the program, candy and apples were given to the children.

ALUMNI VISIT COLLEGE

During the Thanksgiving holidays graduates of the college who are teaching in this part of the state celebrated by visiting friends on the Hill.

Misses Painter and Dickerson, and Messrs. Greenlee, Martin and Armstrong attended the snap last evening and appeared to feel very much at home with the younger generation.

These same individuals attended Theism class in a body this morning where Dr. Gillingham and "twenty-five" gave them a welcome.

SKYSCRAPER UNIVERSITY

Above the smoke and cinders of Pittsburg will rise the tallest university in the world. According to a report by John G. Bowman, Chancellor of the University of Pittsburg, the proposed "Cathedral of learning" will do its skyscraping from the vantage point of 52 stories, which cellestial privilege will cost the trustees, and alumni about $10,000,000. The new home of the university of Pittsburg, planned to accommodate 12,000, will be Gothic in style and built of white Kentucky limestone. It will tower 680 feet, and will be equipped with 16 high-speed elevators. It is reported that professors have all signed a pledge not to drop students from classrooms.

MEN'S DEBATE TRY-OUTS

The preliminary try-outs for the men's debate teams will take place next Monday morn[illegible] o'clock in Athenian Hall.

Messrs. Davis, Gillingham and McMurray will be the judges.

The Pi Kappa Delta question will be used and it is expected that a stiff day of competition will be occupied.

"You seem to be a bright student. I suppose you have a good place in your class."

"Oh, yes. I set richt by the radiator."

—Ex.

A new quality of whale oil has been discovered that stimulates brain action. Probably due to the fact that whales travel in schools.

—Exchange

Students Should Reciprocate Merchants' Courtesy

Christmas will soon be her[illegible]. Our merchants are advertising a varied stock of holiday goods. They patronize us. Let's patronize them.

The Highland Echo

Official Student Publication of Maryville College

VOLUME TEN — MARYVILLE, TENNESSEE, FRIDAY, DEC. 5, 1924 — NUMBER THIRTEEN

BAINONIANS GIVE FIRST MIDWINTER ON MONDAY NIGHT

"A Rose O' Plymouth Town" Will Include An All-Star Cast of Players.

A CHAPEL AFFAIR

The Play Has Its Setting In The Historic Scenes of Puritan Days.

The Bainoman Literary Society will present "A Rose O' Plymouth Town" in Voorhees Chapel on next Monday night at Eight O'clock.

Bainonian, in this her fiftieth year is using as her midwinter entertainment a play that takes one back to the time when the Puritan Fathers were beginning to settle this great country.

In the play "A Rose O' Plymouth Town" there is something about how the Puritans lived. Did they always go about wearing "brave Sunday manners and long long Sunday faces"? Perhaps, but upon one occasion Rose is heard to exclaim "I'll kiss the better man!" Sounds rather modern!

Although the play is set in those days of long ago, it is a living thing, portraying life as it was, is, and will be. Indeed about all one need change to make it a play treating with modern life is the costuming.

There is one of those intricate dramatic puzzles which is worked out in a most satisfactory manner. Here is the puzzle: Philippe loves Miriam. Miriam loves John, John loves Rose and Rose loves Garrett. What is the solution?

The cast for this play is unusually well chosen. In its personel are represented talent, perseverance and hard work which are combined to produce a most pleasing effect. Some of the best artists along different lines are working on this play, and there is every reason to believe that the first mid-winter will set a very high standard for those which follow:

The cast of characters is:

Miles Standish - - Robert Harvey
Garrett Foster - Raymond Anderson
John Marveson - - Dale Grander
Philippe de la Noye - Nathan Haworth
Miriam Chilton - - - - Alice Robison
Barbara Standish - - - - Katherine Franklin
Resolute Story - - Elizabeth Hoyt
Rose dela Noye - Georgia B. Kuhn

JOINT Y. M.-Y. W. MEETING SUNDAY

In keeping with this season when Christian people everywhere are naturally thinking of the Prince of Peace, there will be a joint meeting next Sunday at which World War and Peace will be discussed.

Four of the most prominent speakers of the country will be present at this meeting and speak on the subject of war. These are, Mr. Dexter Graybeal, the diplomat, Mr. Paul Cragan, the propogandist, Mr. John Stockton, the vander, and Mr. Darius Prince, the militarist. There will also be soldiers from several different countries who will speak.

Don't fail to attend this meeting, for a great treat is in store for all who are present.

MARYVILLE ALL-CLASS BASKETBALL TEAM

Thomson (Soph)	Forward
Reid (Freshman)	Forward
Thrower (Senior)	Center
Johnson (Soph)	Guard
Edsall (Junior)	Guard

Honorable Mention: Givens, Harvey, Lippard, Marion, and Bradshaw.

Messrs. Veech, McMurray and Musick formed the committee of judges.

FREDERICK WARDE SCORES SUCCESS

Inspiration And Entertainment In Lecture By "Grand Old Man of The Footlights"

To a crowded and welcome house came Frederick Warde, the "Grand Old Man of the Footlights". He came to Maryville with the beaming spirit of personality radiating about him and did not leave until he had regenerated each weary student with his youthful vigor. Actor, author, orator, and dramatist were brought to us in the personage of Frederick Warde. The greatest actors of the stage were presented to us in living array by the magic words of our guest. The greatest authors of all ages were quoted and their works interpreted by this eminent actor. His talk was interwoven with a great message of Love and Work.

In "Fifty Years of Make-Believe" were presented many thrilling and amusing anecdotes of Mr. Warde's stage experiences. The audience played well into the hand of this orator, handling himself so easily on the stage, and laughed at his will. From the heights of joyous laughter, caused by the telling of his first experiences with the great actors and actresses of his day, the audience was hushed in silence while he told of the death of a dear friend and actress. From one anecdote to another, each portraying some characteristic of the drama of his day, each bringing to the audience a memory, rich in experience, beautiful as an everyday lesson and entertaining as thought, this actor of the old dramatic school carried the listeners through his fifty years of make-believe.

To a student of Shakespeare and the drama, he [illegible] real education, such as [illegible] To [illegible] entertainment, he [illegible] in abundance. [illegible] love oratory, he presented [illegible] est type of public expression. To all he left the imprint of a glowing personality, a friendship with the greatest actors and authors of time

(Continued on page three)

FOOTBALL BANQUET

In order to show their appreciation for the work of the football team during the past season, the business men of Maryville will entertain the squad with a turkey banquet at Gibbs and Thomas Cafe this evening.

A varied program has been arranged for the entertainment of the Highlander gridders and no effort has been spared to show the squad a roval time.

The captain of the 1925 team will be elected in the course of the evening.

MEN CHOSEN FOR INTERCOLLEGIATE DEBATING TEAMS

Twelve Men Have Been Selected to Represent College In Debate This Year.

DUAL DEBATES PLANNED

Preliminary Try-Out For Men Ranks Up To Par In Quality.

The annual preliminary try-out for intercollegiate debaters occurred in Anderson Hall on Monday morning of this week, and twelve men were picked for the teams.

While the debate program for this year has not been completed at this time it is certain that this will be a big year for forensics at Maryville. From the twelve men selected in Monday's contest four teams will be made up which will probably do all of the year's work for the regular men's debates.

The following men were picked by the judges to be placed on the roster of Varsity members: Edward Cornelius; Dexter Graybeal; Charles Johnson, Julian Johnson; Francis Kinsler; Merle Marshall; Lonnie Edward Milling; Otto Paulsell; Dee Pemberton; Hunter Robinette; John Stockton; Malcolm Thomson.

The question used in the preliminary was that Congress should be empowered to overrule decisions of the Supreme Court to declare acts of Congress unconstitutional. This question will probably be used in most of the intercollegiate debates.

Professor Davis, Dr. Gillingham, and Dr. McMurray acted as judges in the try-outs and heard each man give a eight minute constructive speech and four minutes of rebuttal.

The season this year will include a triangular debate with Tusculum and King Colleges on about the first week in March. A dual debate has been agreed upon with Berea for about the first of April. Debates are pending with Milligan, Birming-

(Continued on page three)

PROFESSOR INJURED IN FALL ON CAMPUS

Mrs. Alexander Unable To Meet Classes Until After The Holidays

On the morning of Saturday, November 29th, while on her way to school, Mrs. Jane B. S. Alexander, professor of English Literature, suffered a fall, breaking her right arm and receiving severe bruises. Mrs. Alexander slipped on some ice in front of Pearsons Hall, and fell on the concrete sidewalk.

Quite a sensation was caused on the hill when, as some of the faculty members went to her home to enquire after her condition, Mrs. Alexander was not to be found. There was some concern for her, for she had refused to have anyone accompany her home, and it was feared that she had fainted on the road. It later developed that at this time she was at the doctor's office having her arm attended to.

Mrs. Alexander is resting fairly well, but will not be able to meet her classes before January first, or thereabouts. Her work, however, will go on as usual, assignments for the various classes being posted in the library.

SOMETHING NEW

Advertisers in the Echo sometimes express doubt as to whether the students on the "Hill" read the ads in the Highland Echo. In Proffitt's advertisement on the back page of this issue there appears an offer of five dollars in merchandise for the best Christmas editorial written by a student of Maryville College.

Send in your editorial. You may not get the five dollars but you will at least help to convince advertisers that you are reading the Echo ads. Copy must [illegible] than Wednesday.

SOPHOMORES AGAIN WIN CLASS TITLE

Soph Quintet Cops Class Cage Title With Four Wins. Garners 92 Points

The Sophomore Class claimed its second athletic laurels when the second year class fast quintet clinched the intra-mural basketball title by defeating the Freshman five Monday afternoon in the final game of the tournament.

The winners finished with a clean slate having defeated all four college class teams.

The Freshmen playing five games led in the total score with 136 points while the Sophs garnered 92 points in four games.

Thomson of the Sophs was the outstanding player in the meet and lead in the individual scoring with 42 points.

Thomson's fast floor work and accurate shooting were large factor in his team's victories. The entire Soph team performed like seasoned veterans

Reed and Marion, freshmen and Lorenz, sophomore won second, third and fourth places in individual scoring with 36, 35, 25 points, respectively.

Tabulation of all results follow:

Team	*Won*	*Lost*	*%*	*Points*
Soph.	4	0	.1000	92
Fresh.	3	2	.600	136
Juniors	1	2	.333	50
Seniors	0	2	.000	[illegible]

PLAYERS CELEBRATE

Last Monday afternoon Miss Edwards was hostess to the entire cast and several assistants of the play "Seventeen".

[illegible] 4:30 o'clock where sandwiches, hot chocolate, ice cream and cake [illegible] been prepared. Here amid the [illegible] of Hunter Robinette's "[illegible]" [illegible] Franklin's baby-talk [illegible] Miss Edwards' joke [illegible] time was had by all.

The guests included the [illegible] Alice Robison, Katherine Franklin, Mary Whittle, Perle Lambe[illegible] Bobbie Lee Martin, Sarah Sheffield, Thelma Whitted, Mrs. Hamilton and the Messrs. Hunter Robinette, Malcolm Thomson, Glyde Mischlick, Harry Gauding, J. Gordon Jeffries, Mason Morrow, Stirl Rule, Luther Hammond and Jesse Peirce.

President and Registrar Away

Dr. Wilson and Dr. Gillingham are at Memphis representing the College at the Southern Association of Colleges' convention there. This is the third year of membership of Maryville. The Doctors will return to the Hill tomorrow.

SQUAD WORKING; PLAY FIRST GAME BEFORE HOLIDAYS

Coach Honaker Inspects Crowd Of Prospective Stars Appearing in Early Practices.

FIRST GAME DECEMBER 16

Forty Men Answer Call.— Squad To Be Cut Soon.

The basketball squad is hard at work daily preparing for the first game of the season which will be played [illegible] Tuesday before the holidays.

Perhaps the most promising collection of basketeers ever seen at Maryville has assembled on the Alumni Gymnasium floor to compete for places on the Big Show.

Six letter men are on hand to form the bulwark of the team. Captain Lewis Veech, speedy guard, Musick, another one of the same variety, Gamble, a liable defender, McMurray who fills either forward or pivot position, Shores, an accurate looper and McCall a flashy floor man. Several promising men such as Thomson, Thrower, Johnson, Harvey and Sneed of last year's second string reported for duty. In addition there are a dozen class team luminaries, and some score or more of just ordinary stragglers tossing the ball and loosening up in general preparatory to the initiation of real scrimmage.

In the earliest practices the coach has been dealing in the rudiments of the game and allowing the men time to warm up but will probably open up with a line of razz and real training in a few days.

In the meantime all kinds and descriptions of players are permitted to shoot baskets and handle the ball but in view of the fact that there is but one coach for the men's Varsity and that a large number of the aspirants hardly know what it is all about, the squad will soon be cut to about half its present size.

PAY BACK

Girls, Stop and think! do you have anything in your possession which belongs to some one else? On Monday we are to cebrate Pay Back Day. This is an instigation of the Nu Gamma Sigma. On that day, everyo[illegible] the clothes, dishes, [illegible] notebook paper, [illegible] she has [illegible]r. Look about [illegible] you [illegible]. If you [illegible] has left something [illegible] on the you did [illegible]ar comes [illegible] articles, so find [illegible] and return it [illegible] forget that money [illegible] either! Pay your roommate [illegible] everyone else you owe. [illegible] your borrowed articles and [illegible] say on Monday night. "Not a girl on the Hill owes anyone anything."

SENIOR PARTY

The senior class held a movie party last Friday night at the Palace Theatre. The class attended this party in full force.

Enjoyable refreshments were had at the Birchfiel Drug Store, and the entire class expressed appreciation for the courtesy of Dr. Birchfiel in preparing for the occasion.

THE HIGHLAND ECHO
Issued Weekly by the students of Maryville College.

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

FOOTBALL EDITION

Due to unavoidable arrangements with the printer and the business end of the Echo, we have been forced to delay the issue of our Football Edition. While the season will have been finished some few weeks before we feel sure that our readers will still be desirous of getting the annual retrospect of the season along with all the accompanying football information which we can muster and put into interesting form. In all probability the coming number of the paper will be an Eight Page Edition, and will include the pictures of the squad and of the senior members of the team.

THE HOLIDAYS

Two weeks from today many of us will be home. But a few will still be here on the Hill. Of course, it will seem lonesome, but it probably looks worse now than it will be.

Lots of us have stayed through several vacations, and we had a mighty good time. This much is true of holidays on the Hill: one gets to know the few who stay, better than he will ever get to know his other college acquaintances. We have no statistics on the subject, but many romances and many more lasting friendships have started here during the vacation.

We usually have a mountain hike, trips to Dr. Stevenson's, and as many smaller parties as can be organized. There will be plenty of fun, so don't be too blue if you don't feel you can afford to go home.

Then besides, we get plenty and more than plenty, to eat. You won't recognize Pearson's food. Indigestion will be your biggest trouble, and it will be from eating too much.

Of course we're sorry if you can't go home Christmas, but we believe you will have a good time if you stay here. After all, the worst is not so bad.

FREDERICK WARDE

We praise the brave soldiers that fight for our country, we herald the great statesman that lead our people, and justly so. But there is a man, as important to the welfare of our country as the great statesman and brave soldier. This man goes about the country in the interest of a great cause. He is giving his life that the American people might know the inspiration of the best entertainment. Living in a day when vaudevilles, cheap shows and vulgar movies run riot, Mr. Warde, who has made a great success on the Shakespearean stage, is giving his time and energy that we may know the real value of the great playwrights of history. How different are Mr. Warde and his associates from the average actor of today. How much more advanced his inspiring personality, his beautiful language, his portrayal of the courtesy and high tone of the stage in his day. Mr. Warde is carrying throughout the world, a message that is taught right here in Maryville College. The bringing of Mr. Warde to Maryville is an example of that teaching. The lesson for us is to realize the spur in our flank and see more to see the higher things of life.

LATEST FIGURES OF THE OHIO UNIVERSITY PSYCHOLOGICAL TEST

A comparison of the results of the Freshmen of Maryville College and of Ohio University reveals that the former group are almost of equal rank with the latter.

The maximum possible score on the examination was 555. The highest score made by any Maryville College student was 318 and the lowest 53. The highest score made at the Ohio State University was 379 and the lowest, 20.

The norms established by the O. S. U. divide the students into five classes. The highest five per cent are put in Class I, the next twenty per cent in Class II, the next fifty per cent in Class III, the next twenty per cent in Class IV, and the lowest five per cent in Class V.

Maryville College freshmen classified by the O. S. U. norms rank as follows: Class I, eight per cent; Class II, twenty-two per cent; Class III, forty-one per cent; Class IV, twenty per cent; Class V, nine per cent.

Eight per cent of Maryville freshmen are A Class students, while only five per cent of O. S. U. students are in the A Class. But on the other hand, nine per cent of Maryville College students are in the F Class, while only 5 per cent of the O. S. U. freshmen are in that class.

The median of the O. S. U. freshmen was 169, while that of the Maryville freshmen was 164.

On the whole, the result of the examination was satisfactory, and it shows that Maryville College freshmen as a class rank nearly as high as the O. S. U. freshmen.

The encouraging fact is that no one person is using one-tenth of his capacity. The human nervous system is composed of more than eleven billions of neurones, and when these are all put into active service, the world will be enlightened to a degree far beyond the imagination of the present generation.

One of the boys says last year he heard Warde talk on Forty Nine Years of Make Believe.

M. C.

Bark, See this chalk on my shoulder. Yes. Well, it's not chalk.

M. C.

Miss Jewell: What were the dying words of Lord Chesterfield?
Class: "They satisfy."

M. C.

Athenian

The program which will be given at the Athenian Literary Society Saturday night has been under preparation for several weeks. This program is one which is of such high quality that we can safely say that nothing like it has been given before in the Athenian Literary Society. We are also safe in saying that it will equal any program of its nature that will be presented this year on the Hill.

Alpha Sigma

The outstanding feature of the last meeting was the musical part rendered by the visiting Theta Epsilon quartet. Their melodies still linger in memory and it is noped that the society will have the pleasure to hear them again.

Theta Epsilon

All Thetas who did not go to the meeting last week missed the opportunity of casting their votes for the new officers and they also missed the interesting program that was given. The following officers were elected:

President - - - Mary Whittle
Vice-president - - Louise Morelock
Secretary - - - - Beth Torrey
Dramatic Chairmen - Virginia Clark
Berta Collie
Music Chairman - - - - - -
Helen Margaret Bauman
Critic - - - Roberta Creswell
Editor - - - Kathleen Whitted

With such officers as these Theta will continue to keep her literary standards high and thus will have a successful term.

Bainonian

Last Saturday night Bainonians were given a glimpse into the life of the pilgrim forefathers as sketched by the capable program secretary, Helena Farrar. Even Longfellow himself would have appreciated "The Courtship of Miles Standish" as it was portrayed. The characters were well chosen—Lucille Fondren making a dainty Priscilla, Elizabeth Moore, a faithful John Allen, Mary Esther Grimes, the blundering lover, Miles Standish, Nellie Johnson, an interesting "singsong" minister, and Ruth Goff and Anna Mae Holland were quaint guests.

Artificial lightning was first publicly demonstrated on June 5, 1923, in the laboratory of the General Electric Company at Pittsfield, Mass., when a two-million-volt spark crashed into this miniature village

What's the use of artificial lightning?

It is mainly experimental, aiding General Electric scientists to solve high power transmission problems. Many such experiments yield no immediate return.

But in the long run this work is practical and important. It is part of the study which must go on unceasingly if this powerful force, Electricity, is to be fully tamed and enlisted in your service.

Experiments like these are particularly thrilling and important to young men and women, who will live in an age when electricity will perform most of life's hardest tasks. Know what the research laboratories of the General Electric Company are doing; they are a telescope through which you can see the future!

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

JOE GAMBLE ELECTED CAPTAIN OF 1925 HIGHLANDER FOOTBALL MACHINE

The Highland Echo

IN HONOR OF OUR FOOTBALL TEAM

VOLUME TEN | MARYVILLE, TENNESSEE. FRIDAY, DEC. 12, 1924 | NUMBER FOURTEEN

GREATEST SEASON IN HISTORY OF M. C. FOOT BALL CLOSES

SCRUBS COUNT IN SUCCESS OF VARSITY MAKE A CLEAN SWEEP OF SEASON'S SLATE KING, SNEED AND GEORGE CRAWFORD STAR

Good Material For 1925. Team Among Second Stringers Of Past Season.

(By Red Brown)

As the scrubs are, so is the varsity. In other words, the success of the varsity depends on the scrubs, for the scrubs are the foundation of the football team. This is primarily true, because the scrubs are the men who make up the varsity when other players graduate from college and they are called on to fill their places; secondarily, because it is the scrubs who provide the absolutely necessary material against which the varsity conducts its scrimmages.

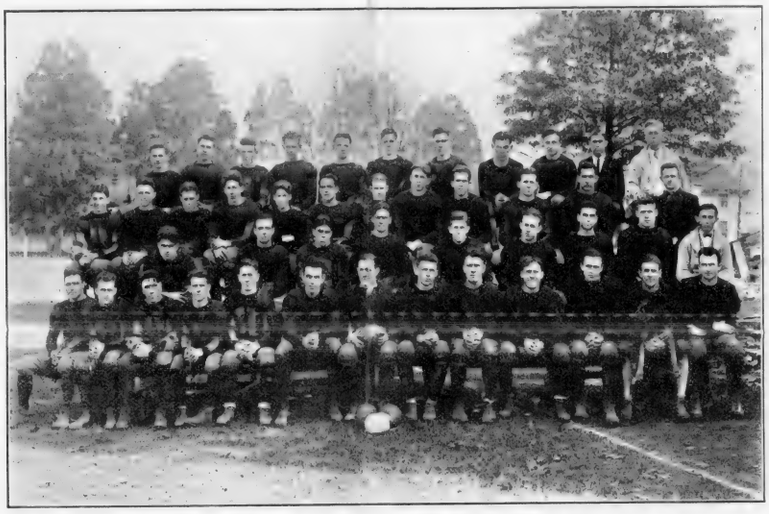
In the season just past the varsity has been particularly successful and a large amount of the credit for this success is due the scrubs. Our team, this year, has trained more consistently and worked harder than any previous team, but let us also remeber that every scrub has worked just as hard and any regular on the varsity. Even any regular an on the varsity. Even on the last day a large proportion of these men, who answered the call in the opening days of the season, were out for practice. This is the spirit that produces winning teams.

Conducting a schedule of their own, the scrubs played three games this year, winning two and tying one. In the game with Lenoir City, they ran up twenty-one points to their opponents none. In the annual fracas with Maryville High's stellar team, they succeeded in coming out on top with a six to nothing score. In the latter days of the season they journeyed to La Follette and tied Petey Siler's mentors on a muddy field, seven to seven. The foregoing serves to indicate a successful season for the scrubs.

Particularly notable among these followers of the pigskin sport is the veteran quarterback, Jimmie King, who has now rounded out his fourth year as a scrub on Maryville's gridiron. Lacking sufficient weight to make the varsity, Jimmie has, nevertheless, helped to produce a winning team by his own determination, stick-to-it-iveness, and

(Continued on page three)

MARYVILLE SCORE 219 POINTS: OPPONENTS SCORE ONLY 48 HIGHLANDER TEAM DRAWS COMMENTS FROM SOUTH AND EAST BY FIGHTING SPIRIT AND FAIR PLAY: FOUR M C STARS GRADUATE



McMurray, Thrower, McCall, Gamble and Captain Hamilton Are Stars of Season.

To say that the 1924 season has been succesful, is to say too little. The season has been the most successful in the history of Maryville College football. In the early part of the year little was said about the success of the team and dope fiends were holding back their babbling tongues for some clue to form their opinions upon. A band of real hard men gathered together looking non too full of football and the season started. In the end, this machine under Capt. ''Ham'' has far excelled all former elevens and has surpassed the hopes of even the most enthusiastic fans.

With a great deal of old material around which a good nucleus could be formed, a workout was started. Four three-year letter men, all of them fresh and youthful in spite of having been allowed to sit with the senior class in chapel put on the left-over togs from the year before and presented themselves proudly for their places on the team. Ex-captain Thrower, McMurray, Musick and Schmidt sent many, heretofore valiant freshmen, scampering back into the dressing room by their ugly, football appearance. Captain ''Ham'', the only two-year letter man, came out late and still blushing from the preceding spring. However, being a rather large fellow, the boys were light on him and along with Cartwright, Shores, McCall, Brown, Proffitt, and Gamble, all previous letter men, and Franke, Brock, Stone, the Crawford brothers, and other stars of various high schools the dope bucket began to be upset.

There are several factors contributing to the success of this team. Perhaps the main one is this great aggravation of hard-hitting experienced aspirants which caused a great deal of consternation in the older ranks and much rivalry and competition for a berth on the old Maryville Special. It has been said that some of the old men frightened many youngsters away, but after a few days of practice it was noticed

(Continued on page six)

Second Row—Mgr. Courtner, Brown, Puff, Howard, Sneed, Wilson, McCall, L., Bell, McConnell
Third Row—Asst. Coach Bond, Brock, King, Anderson, Courtner, Allen, Lorenz, Buchanan, Gamble, Prince, Brown, Crawford
Fourth Row—Gains, Lippard, Rosa, Dunn, Goodnight, Welbon, Worley, Anderson, Crawford, Hamilton, Wilson, Coach Honaker.

''BOB'' THROWER HERO FOR FOUR YEARS

Robert Thrower, or ''Capt'n Bob'', as he is more commonly known, hails from the dry sands of Texas, where he had one year of rolling on the blown up pigskin before coming to Maryville to become one of the star tackles of the mountainous state of Tennessee. Bob has played almost every quarter since he has been in Maryville College football and at no time could it be said that Bob did not play well. He

ROBERT THROWER

played on the famous team of stars in 1921 and in 1923 led his team to a great season including a 14 to 14 tie with the state school, our greatest rival. It was thought that Bob had reached his peak of success last year, but not so. Bob came back this year after a hard summer season of work and played more brilliantly than ever before.

As a tackle, Bob has had no superior in Maryville for many years. As a man, Bob is a gentleman and a true football sport, always considerate of others, always trying to do his best that others will do their best. As a leader, Bob

(Continued on page six)

INTENSIVE SCHEDULE FOR 1925

Games Of Next Season To Be More Than Representative

Maryville will have a great schedule next year if all of the coach's plans are carried out. Already he has been working on the new schedule and has arranged for several games. Numerous other schools have asked for a game and from the abundance of material, Maryville should see some real excitement on Wilson Field next fall. The following is a proposed and tentative schedule for the Highlanders of 1925:

Sept. 27—Kentucky State (there)
Oct. 3—Tusculum (home)
Oct. 10—Tennessee (there)
Oct. 17—Georgetown (home)
Oct. 24—St. Xavier (there)
Oct. 31—Vanderbilt (there)
Nov. 7—Transylvania (home)
Nov. 14—Concord (home)
Nov. 21—Chattanooga (home)
Nov. 26—Roanoke (home)

If this schedule can be completely arranged and carried out, it will be one of the greatest schedules ever arranged for Maryville fans. Let's start now, with the coach and plan the biggest football year in the history of Maryville College.

SHORT CUTS

M. C.

Five victories, two defeats, and one tie is not a bad record for any school.

M. C.

We tied Roanoke, Roanoke tied William and Mary and William and Mary held the Navy 14 to 7. Some team.

M. C.

Joe should make the team of 1925 a good captain.

M. C.

St. Xavier is still trying to figure out how that trick play worked.

NEW CAPTAIN WORTHY TO LEAD HIGHLANDERS

It seems that the football squad know who they want to lead them the next year by instinct. Without nomination and almost with one accord, Joe Gamble was elected captain of next year's football squad. It would be interesting to dope out why Joe was elected to the highest honor in athletics. Joe is the product of clean, consistent and intense training. To a football player that is the highest goal. When the team

JOE GAMBLE

gets the blues, Joe can trim them up and instill the fighting spirit. That is a big requisite for a real captain. As a real gentleman, he inspires the other members of the team to be likewise. Joe has developed into a hard plunging, fast fullback and under the strain of captaincy will, no doubt, put out to his limit next year. Although Gamble has not had the experience that past captains have had he makes up for it by his earnest study and real football leadership. We are all back of you, Joe, and are working for a greater football season next year.

ALPHA SIGMA PLAY IN CHAPEL MONDAY

''Three Wise Fools'' Will Be Given In Chapel As Second Midwinter.

Next Monday night at 8 o'clock the Alpha Sigma Literary Society will present ''Three Wise Fools'', a comedy in three acts by Austin Strong.

The triumvirate of the title comprises a judge, a physician and a financier who share a home in Washington Square, New York City, and live in a rut of methodical habit. Into the almost mechanical precision of their lives there comes a girl, the daughter of a woman they all three loved in earlier years. From the very moment of her appearance changes miraculous to behold begin to take place in the abode of the three wise fools.

Human interest, comedy, pathos, love in its various expressions, mys-

(Continued on page three)

CUT CAGE SQUAD OLD STARS RETAINED

No Outstanding New Players But Many Good Men Ready To Perform

Tuesday, December sixteenth will see the opening of Maryville's basketball schedule when our team will meet Johnson Bible College on our home floor.

Advance dope on the Johnsonites is scarce, but as they have no football, their basketball occupies most of the fall months, hence they have a team that has now reached mid-season form.

Two years ago Johnson Bible College threw a scare into the Maryville camp when they opposed us with an exceptionally strong team and it was only by a rally and by playing stellar basketball that Maryville was able to nose out a victory.

In last year's game, we did not

FOOTBALL IN 1999

In the article on the History of Football we noted wonderful changes in the science. When Capt. Ham's and Capt. Gamble's dads played on Maryville's first football eleven against Tennessee, they played in padded underwear and old trousers, but tied U. T. 6 to 6. Today we play in beautifully decorated suits under strict scientific rules. What will Maryville do against U. T. in 1999? Of course Bob Thrower's six grandsons and Ham's first great-grandson will be on the team. I can, in my mind's eye, see the following game sometime in October, 1999.

Ham, Jr. kicks the ball to U. T.'s 10-mile line. U. T. returns it to the 35-mile line. U. T. full back goes through M. C. center for five miles. Airplane has engine trouble. Time out. U. T. plane sweeps around M. C. end for 7 miles; fumbles ball. 'Red' McMurray swoops plane into tail spin, catches ball in rear cock-pit and flies 20 miles only to be tackled by U. T. safety man. 5 minutes to go. U. T. plane out of gas and drops to 2,000 feet altitude. U. T. offside. M. C. makes one-half mile but loses 200 feet altitude. Pass from McCall, Xth to Thrower, Jr., who sweeps at 900 miles an hour around U. T. safety and crosses U. T. goal line, 37 miles away as whistle blows. Score Maryville, 7—U. T. 0.

Losing team go up and bring referee down from 5,000 feet altitude in his balloon.

NEXT YEAR

The last scene of the great drama of football has finished. The curtain has dropped. The actors have received their due applause and have donned attires. But even in a time so close to the end, we must look forward to the dramatic season of 1925.

Some men have played their last football game for Maryville. They will be gone from the ranks in the early fall of next season. New men will take their places. New heroes will arise, so goes the history of football. We have praise for the great heroes of the past but our primary concern is for the team of the future.

Already a leader of that invisible eleven has been chosen. Joe Gamble, has proven himself worthy to lead that band of warriors, whatever they may be. He is a gentleman, a hard fighter and a man who can be the friend of every uniformed Highlander that fights with him. The confidence of the men is the greatest factor in building a team. If the team members of next year are as willing to do their part as Joe has been and is willing to do his, the season of 1925 should surpass the historic season of 1924.

The students, too, will be a big part in forming that team, as they have been a part in bringing about the success of 1924. They, too, must come back with the spirit of the Highland warrior and be willing to back each member of the team and have a good word for him. But why wait until next year? Basketball is getting into full swing. Let's back the basketball team, the baseball team and get into good training for the boom of next fall.

THE SPIRIT OF THE TEAM
By Dr. McMurray

"The football team this year has shown the best spirit of any team in the history of the college'.— Substantially this mark has been made concerning the great team of 1924 by several graduates who have been in close touch with football since its introduction as a sport in Maryville College.

The season has passed into history, but that history has been made glorious for old Maryville by a team that always stood four-square for loyalty to the coach, the honor of the college, clean living, fair play, cooperative team-work, the spirit of "never-say-die", generous treatment of opponents—in fact for all the elements that enter into real sportsmanship.

This remarkable spirit was largely responsible for a notably successful season that has left an impress upon faculty and students that will not soon be effaced. The praises of the team of 1924 will be sung throughout generations to come.

This team has not only made a brilliant record in games played, but has upheld the highest traditions of the game and has set a high standard for college athletics in general.

Hats off to the greatest team that has thus far represented Maryville on the gridiron!

PAID ATHLETES

Is football going to follow the footsteps of boxing and baseball and become a professional game? One would think so when a school must make a main part of its schedule with schools employing men to represent them on the gridiron. In many parts of the country we hear of schools, mostly small schools, employing men who have served their three years as football men, to win their games for them and advertise their alma mater. Professional athletics is in a class by itself and as such is an honorable institution. Amateur athletics cannot be mixed with professional athletics and when it is we pollute the fundamental good that comes from football and baseball with the rottenness that comes from misrepresentation, gambling. Professional football exists in college for the sole purpose of gambling, not only for the students but for the backers of the team. Any school that allows this to exist has no right to advertise under the name of a Christian educational institution. At present East Tennessee seems to be poluted with mania. Maryville deserves a great deal of credit for the stand it has taken against this tendency. Maryville stands high in athletic circles and as long as it refuses to include men on its team who play to fill their pockets instead of for the honor and interest of their school, Maryville will be looked up to as a school of real sportsmanship and ideal athletics. People honor real sportsman. Let's keep Maryville clean and be honored among men as such.

GAMBLING

"How much you' got on the game?" We hear that question numerous times before each big game of the season. Is there any harm in it? The average fellow will say, 'well, if the fool wants to lose his money, let him lose it.'' Of course, we realize that we are not responsible for the acts of private individuals that do no material harm to others but let us look at it from the standpoint of our school. If we go to the football games with an idea of winning money on it we have no right to be present at the game. The boys that don the uniform of Maryville do not play for money. They play for the love of the game and for the honor and advancement of their college. If some "skinny boned, slick haired, thief" is going to sneak into that game to bet on it, the boys are playing for a false ideal. The game ceases to have the desired effect that it was originated for.

Not only is it unfair to the true football player but it induces unsportsman-like athletes to invade college football. This is a very prevalent condition throughout the United States today. Men are going to school, fooling the town people and faculty into believing that they can advertise their school and then do nothing but play football and gamble on the side. The town people are to blame for this condition. They are the supoprters of this class of "tramp athletes."

This condition does not prevail in Maryville College. What does prevail is a great deal of gambling by the students and certain citizens of Maryville. If the reputation that Maryville has established throughout this part of the country and in other parts of the East, is to continue, there must be a concerted public opinion against this evil in athletics. It has caused the ruin of some of the great sports of this country and will, if it continues, be the downfall of college football.

COOPERATION

The debate preliminary last Monday was a good example of a characteristic trait of the Maryville faculty. They are always ready to lend their help in promoting any student activities. Besides teaching five days in the week, three of them gave up their Monday holiday to judge the men's debate preliminary.

Last year, two of these same three were judges, and the preliminary was held after three o'clock, after a day's work. Faculty members serve as judges in the literary society contests, and are always ready to give their time and their experience when asked. Unless the rules of the contest will not permit, practically every contest we have is judged by some of the faculty.

Whenever one of the many organizations on the Hill wants a special speaker, it calls on some faculty member. Hardly a month passes without some organization being rendered such a service. When we remember that all these services are outside of their regular work of teaching, we should have a due feeling of appreciation.

When the Echo moved into the staff-room, all the furniture that was there was a three legged table. Without any difficulty enough furniture was obtained from different faculty members to furnish our room quite conveniently. Anyone can supply for himself numerous instances of such cooperation.

This feeling of friendliness and readiness to help on the part of the faculty, is one phase of the Maryville spirit. We all appreciate it more than we sometimes show.

HERE'S WISHING YOU

A MERRY CHRISTMAS
A HAPPY NEW YEAR

and all the joy and happiness a Christmas vacation can bring you.

Bell 222 —Opposite Southern Depot— People's 264

SHORT CUTS

Who selected the sponsors for the four senior varsity men?

M. C.

Dr. Stevenson hasn't anything on Coach when it comes to using expressive adjectives.

M. C.

Maryville's defeat of St. Xavier raised our stock a great deal above the Mason-Dixon line.

M. C.

C.-N. grid fans were sorely and financially surprised at the 10 to 7 score.

M. C.

Abbot as an experienced toe artist of any years failed to surpass Captain Ham.

M. C.

Hail to Capt. Hamilton on his leadership.

M. C.

Wasn't it great of the business men of Maryville to banquet the squad?

M. C.

Football captaincy was not enough for Ham, so he got married. Look out, Joe!

M. C.

J'ever see Jean on the postoffice steps any mornin' He's following Ham's footsteps.

M. C.

Josh can "hold that line", and from reports of his actions at Roanoke, he can also "shoot a line".

M. C.

Hey fellows, what does this remind you of, "Now git low, git low, git low, dig! dig! DIG!

M. C.

Cartwright says that it's not his fault that all of the girls are crazy about him.

M. C.

If four years of football makes a star out of Jean, what will three years more of "Red", make out of him.

M. C.

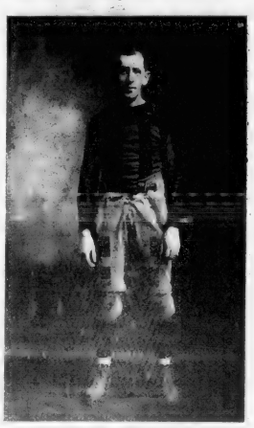
And "the Little One Shall Lead Us". You've got to hand it to coach for the team he turned out.

Speaking of our "stone wall", defense: Stone was an important part in the make-up of it.

M. C.

"Smitty" must have played a great game at Roanoke, Coach told him he did.

M. C.



Bob, Jean, Smitty and Musick will be missed next year. But we have some good men to take their place.

M. C.

How about a good "home coming" game next year?

GOOD AFTERNOON COACH!

This reminds me of a little story I heard one ime. Somehow that reminds me of The Coach. Of course, to be sure it was of the Coach that I was thinking. One warm afternoon in August some four years ago Lombe S. Honaker walked into the Manual Training Shop in Bartlett Hall. He looked as familiar as the Lily Pond or The Fountain, and said in a disinterested way, "I'm Coach Honaker."

What does the Coach mean to Maryville? From the standpoint of Athletics, he means everything, simply everything. It has only been a few years ago that Maryville lost the majority of her football games. It wasn't the players fault, they played hard, and always hoped to win, but what was the use, we couldn't have a football team without a Coach.

What does the Coach mean? That we have lost only two football games at home in the last four years. That our record in basketball and baseball is just as good as that of football. That Cinder Path Artists practically unknown four years ago, are greatly in evidence today. Finally and by far the more valuable, the Coach means Clean Athletics, which means Clean Athletes.

After the excitement had in a more or less degree been transformed into pure pleasure at seeing Honaker, we all said, Good afternoon, Coach.

GREAT HUNT ENDS IN TRAGEDY

Musick let his beard grow so long in Roanoke, that a bunch of hounds, thinking him a possum or a skunk or a pocupine, treed him.

M. C.

J'EVER
TAKE a slant at the

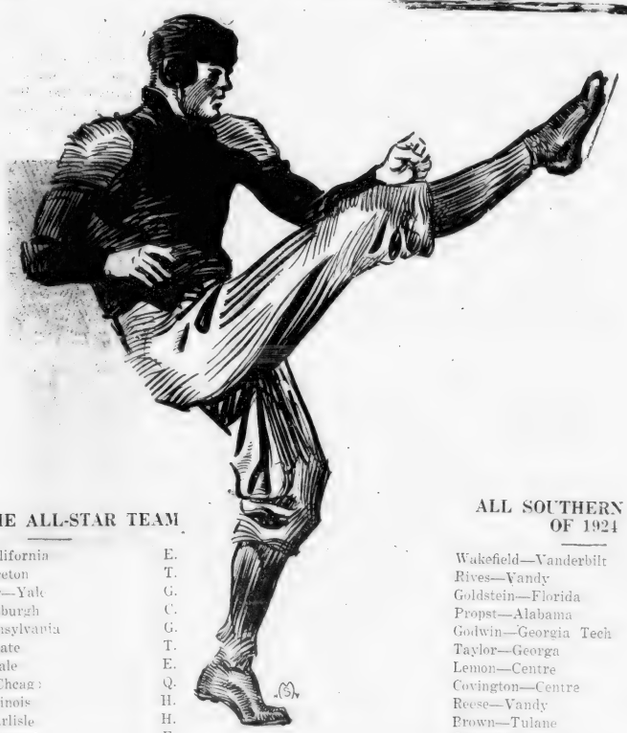
PATRONIZE OUR CHRISTMAS ADVERTISERS

ALL-STAR DOPE

As the referee counts king football out, dopesters throughout the country are forming mythical elevens. It would be a great stunt to see some of these great all-star teams perform after a few weeks intensive training together but it is perhaps safe to say that that day will never come. We must be satisfied with great teams as they are

Football is a great game and it is wonderful to think of California, the champion of the west playing Alabama, champions of the South; or Yale, champions of the big three playing Chicago, champions of the Big Ten in a post season game, on Wilson Field on Christmas day, but of course Professor Proffitt cannot furnish the money this year.

The greatest team in the United States will never be known if it takes a game to prove it, but this is one year when it is safe to choose the greatest team of the land of the Free. Notre Dame, under the expert guidance of Coach Rockne, has produced perhaps the best team that has carried the pigskin across the last white chalk mark this year. It has not lost a game and has won over the representative teams of the United States with the exception of California, which it meets on New Year's Day. This school is not a member of any conference and so does not count in the all conference championships but, as a team, we must hail this squad as the champion team of America.



The Echo has searched the newspapers diligently for all-star teams and is giving a line-up of several teams as we have found them in representative newspapers of the United States.

CHICAGO BOY PLAYS GREAT FOUR YEARS FOR HIGHLANDERS

Schmidty came to us from the great city of Chicago. After travelling over the world from South America to Alaska, Schmidty decided to come to Maryville. He has been here three years and played on the team as many seasons. As a guard Schmidty has been one of the best. It did not take long for him to get the Maryville spirit, especially the Maryville football spirit. He worked always for the good of the

CARL SCHMIDT

team and is a leader in keeping a good spirit among the men. Carl is one of the steadiest men on the squad, performing his job in a quiet way and playing for the team and not for himself.

DORSAL MUSICK

Dorsal is the scrappiest end that has been to Maryville College for many years. Besides having been captain of the basketball team Musick hs been a great star on the gridiron. There has never been a play that Musick was not in if he was within a block of it. Old M.C. will look long and hard before it will find a man as bold and brave as little Dorsal. He is a real life spirit and body in Maryville.

High-grade Assassin needed to fill tackle position on rising Mid-Western 11; no bar on illiteracy, but must be able to make cross on payroll; working clothes and blackjacks furnished without charge. Dean, Box 7-19-2-6.

Cash on Delivery—Look over these quotations, boys: Goal from field, $20; touchdown, $50; maiming opponent, $75; killing opponent, $150. Payment absolutely assured before leaving field. Transportation furnished on fast trains leaving town hourly. Godelpum Univ.

CAPT. HAMILTON TO BE IN LINE NEXT YEAR

Captain Ham hails to Maryville from the distant city of Tacoma, Washington. He is characteristic of the Pacific Special in his pep and and work. Ham came to us with the determination of leadership and he has proved worthy of this position. Has has demonstrated to us what it means to a college and what it means to a football team to have an extraordinary persistent captain to lead the boys. Ham has played his third year of varsity football for Maryville and has one more to go. He is more commonly known as the star punter and place kicker, the man with the "educated toe." The superiority of his kicking was recognized in his Freshman year and has improved much until it is now imperative that he be with his team. The efficient leadership of Captain Ham with the cooperation of the team has lead the Highlanders to the most successful year in the History of Maryville College football. Ham is an all-round man. He is a praiseworthy tackle. He always made satisfactory gains when running at fullback and by all who have seen him he will always be remembered as a sensational punter. Ham is liked by every man on the squad and at all times won the admiration of other teams for his sportsmanship.

Ham is a valuable man and means much to Maryville College. He is not only known as a star in football but as a leader in numerous other activities of college life. Last but not least. Captain Ham has far excelled the old moonshiners. Ham has surpassed all of the old stars—for as he went for a touchdown he fell on the matrimonial line as the last whistle blew.

BOB THROWER

(Continued from page one)

has been a great success. For two years he has been the trainer of the line and has infused real pep and a great deal of football sense into every player. Bob knows the game. Not only that but Bob, as a leader, did everything by way of football that was expected and expected no more out of his men than he did.

Not long after Thrower came from the wild West, via, Sante Fe Freight Special, he became a part of the great Spirit of Maryville and a staunch advocate of the Highland school. He has instilled this spirit into every football enthusiast that has come on Wilson field. That is a greater honor than being an All-American star for it takes a real man and a real star to be able to influence other men the loyalty to the team and the school as Bob has done.

As Maryville progresses towards the great goal she is seeking she looks back and sees only the high spots in her history. On one of these high spots she will always see Capt'n Bob, a real hero on the gridiron and a real man at all times. Maryville will always do honor to this man.

CUT CAGE SQUAD— OLD MEN RETAINED

(Continued from page one)

meet with such strong opposition as the final score was 34 to 22, however, the affair two years ago has demonstrated that they are not to be taken lightly.

As the preliminary game on Maryville's card, it will offer an opportunity for Coach Honaker to see his charges in action and he may be able to use as many as twelve or fifteen men of the squad that now numbers twenty-seven. In all probability the initial line-up will be the game this year. The next engagement will probably be played on January eleventh when there is a possibility of meeting the powerful University of Mississippi team, that will be on a road jaunt at that time, playing the University of Tennessee on the night of the tenth. Coach reports that three games have been scheduled with U. T., two there and one here, with the first game st for January thirteenth. Games are also pending with Sewanee and the famous Railites of Chattanooga, but these have not yet been confirmed.

We remember Johnson Bible College for another thing and that is the fighting spirit, backing, pep and rooting with which the fans who accompanied their team demonstrated they were behind them.

BAINONIANS SET HIGH STANDARD FOR PLAYS

"Rose O' Plymouth Town" Scores Big Success. Entire Cast Stars.

(By Edgar Cathey)

The first Midwinter play of the season, "A Rose O' Plymouth Town", presented by the Bainonian Literary Society set a high standard for the other societies. The play was very picturesque in its setting having for a background the historic Plymouth colony and the well-known character, Miles Standish. The action of the play was rapid. It might be well said that there was not a dull moment in the whole thing. Starting as it did with a scene in the summer of 1622 it carries our thoughts into a sympathetic feeling with the characters as they had to endure the cold New England winter when on the conservation of every bit of food depended life itself. The two romances are woven into the play with skill and the portrayal of the different methods of each sustains our interest throughout the whole play. Although the romance of Phillipe and Miriam comes to a satisfactory conclusion in the third act, we are not satisfied until the courageous Garret Foster wins the temperamental Rose.

Aside from the merits of the play something should be said of the characters individually and the way in which they were presented.

The sturdy Miles Standish gives us a type of courageous people who settled our country and conquered its handicaps. Robert Harvey in this character played the part well. He brought us face to face with the stern realities which the early settlers had to face in protecting their food supplies and thereby protecting themselves. Mr. Harvey's bearing fitted him well for the part and his voice had the right note of authority in it for a governor of Plymouth. We feel that Mr. Harvey is to be commended when on his very first entrance he had the misfortune to cut his hand, and he went on through the whole scene keeping it concealed, without missing a single line.

In Garret Foster we saw one of the most likeable characters that we have ever seen in a Maryville midwinter. A lively venturesome fellow and yet something behind it all that shows that he is a perfect gentleman. In this part Raymond Anderson adapted himself well to the different phases of the character. It takes work and study to give the unassuming air, the rollicking and venturesome attitude, and the near-reckless spirit embodied in Garret Foster. Mr. Anderson interpreted this very clearly.

A villainous part is always hard to play for it is hard to live into such a part. The complications which came very often in the play were due in large measure to John Margeson, in the person of Dale Grunder. Mr. Grunder gave a good picture of the acquisitive egoist, John Margeson.

Phillipe De La Noye, the bashful Frenchman. We do not usually think of Frenchmen that way. They are more often of a highly romantic type. Nathan Haworth as Phillipe portrayed well the part of the bashful lover.

In Miriam Chillingsley we saw a tye of girl very different from that of Rose. She was a girl who wanted to be brave but her powers of endurance were not sufficient. Alice Robison in this part made a very efficient partner for bringing Phillipe to the point of proposing. Miss Robison deserves credit for keeping her character so well in portraying the highly nervous creature.

Elizabeth Hoyt as Aunt Resolute Storey made a fitting aunt for the stern captain of Plymouth town. Miss Hoyt played a part that was hard, a part in which the character must be maintained throughout the play to make it a success.

Barbara Standish, wife of the sturdy captain, as played by Katherine Franklin was very acceptable. The place called for a true helpmate who could undergo the hardships connected with the life in the colony. From keeping her house in order to straightening out the love tangles of Rose she proved a faithful helper.

To the one who had the most to do is most honor due in this case it seems. We have not forgotten the work of Georgia Belle Kuhn as Rose De La Noye, the temperamental French girl who did not know exactly what or who she wanted. Her deepest convictions were for Garret Foster but she could not definitely decide until the final climax. Miss Kuhn, in all instances portrayed the character of Rose, as it could only be done from study and living into the character those qualities which the author intended to be there. We could not feel that her love for John Margeson could be real, and still as the complications arose we were afraid that she might be forced to go against her deepest convictions.

The play as a whole showed signs of hard work and an earnest endeavor to live into the parts the emotions that were supposed to be expressed there. Some of the characters were somewhat slow in getting into their parts, due, in great measure, to the responsibility of making the play a success. When they got warmed up to the task in hand all went well.

Due credit should be given to the Director, Mrs. West, to the committee in charge, and to the orchestra and those who took part between acts. It is said that the success of a play depends upon the co-operation of everyone from the least to the greatest. The things that made "A Rose O' Plymouth Town" a success was the slendid co-operation of every member of the organization, from scene shifters to those in the leading parts.

SHORT CUTS

M. C.

Gene says: in psychology, "If red and green make grey when they blend, what will red and red make?"

M. C.

What was the object Bob and Musick had in going to Roanoke?

M. C.

The fancies of both Pat and Ham turned to Roanoke's Little Nancy.

M. C.

Judging from the reports brought back from Roanoke, Ham's "Reserve Force" should go along to look after him the next time the team takes a trip.

M. C.

Stone needn't think he's the only pebble on the beach; there's still a Little Rock in Arkansas.

M. C.

We know what Doris is without the aid of his signal.

M. C.

Just give Joe ten points.

M. C.

We wonder why McCall called off his Salem date, or did he fill it and leave disgusted.

M. C.

Smitty played a good game of football at Roanoke, and then played a good game of "hide-and-go-seek" on the afternoon of his return.

M. C.

Wonder who led when Speck Cortner and Cartwright were dancing partners.

M. C.

Does Brock snore? Ask Red Brown.

M. C.

Wonder if Pat's bed at Roanoke was comfortable.

M. C.

Doris says a Senior ought to have enough sense to set an alarm clock. Speck's a Senior.

M. C.

Mr. Tinker is still Franke.

M. C.

Shortie must have forgotten to fire Coach's furnace on the night before the team left for Cincinnati.

M. C.

Allow us to present Quarterback Ardis.

M. C.

What grudge does Musick hold against Jean?

M. C.

Proffitt's "stunning physiognomy" has almost recovered from its recent "mutilation".

M. C.

Jimmie Holland is going to Roanoke College next year. He says the students there go wild over a football man.

FIVE YEAR STAR PLAYS LAST GAME FOR M. C.

This is McMurray's fifth year at Maryville and his fifth year on the team, having played one as a Prep. Jean plays half back and quarter back in great style. He is probably the most accomplished broken field runner Maryville has yet produced. Jean is an example of what training and clean living will do for a man. He is a constant trainer, he has

JEAN McMURRAY

proved many times that a man in training does not get hurt. McMurray holds the distinction of being the only five letter man Maryville has ever produced. Last year he made letters in football, basketball, baseball, tennis and track. Jean is a real football halfback and a real man, a man Maryville is proud to claim. The spirit of this boy will not soon be lost in Maryville athletics.

Diogenes (meeting freshman)—Well, sir, whaddya know?

Fresh: Oh, nothing much.

And Diogenes blew out his lantern and went to bed.—Ex.

M. C.

Doctor to co-ed: You have acute appendicitis.

Co-ed: Oh, Doctor, don't you flatter me.

M. C.

OLD MARYVILLE ATHLETE MOULDS CHAMPION TEAM

The success of John Hendrick as a coach is as enviable as his record in Maryville as an athlete. Friends will be glad to learn that John turned out the championship high school team of the state of Louisiana.

During the season just closed, Haynesville, where John is coaching and teaching, played nine games, and won them all. The team made 266 points during the season and the opponents 23; two of the men on the team were picked on a mythical all state team.

While in Maryville John won fame as an end on the football team and as a forward in basketball. He played on the basketball team that licked Centre and the Nashville Ramblers, and his punting on the gridiron will not soon be forgotten by those who have seen him in Highlander togs.

During the past few summers he has been in charge of boys' camps, and his ability in making men out of the lads seems apparent by his success the first year as a coach.

FOOTBALL AND THE COLLEGE

(By Coach Honaker)

Any form of Athletics or Physical Training which promotes the health and happiness of the student is not only closely related to the college but is in reality a part of the college, and a very vital part, just as the student himself is a part of the college.

We may well consider football a part of the great scheme of education for as one great educator has said it is not a mind or a body or a soul. We are educating but a man and football is certainly an aid in the development of the mind and body and possibly has some part in the development of the soul.

The very fact that football is distinctly a college game is proof that it has a place and part in the work and success of the college. The extent to which it aids the college will depend directly on the basis upon which the game is conducted.

No man can go through the daily drill of football training for a season and not be compelled to admit that he has added to his muscular development, his speed, his agility and his faculties for self protection and self preservation.

There is not the slightest doubt that every man participating in the great game gets some remarkable mental training. In case any one doubts this let him attempt to learn a code of football signals and plays. Let him gather up some of the hundreds of football axioms and pointers and attempt to memorize them, in short let him attempt to learn football and he will find a mental exercise with almost boundless limitations. But these are only the beginning for when we consider football from a psychological standpoint we find it truly a marvelous topic.

It might be interesting to know, for example, that the mere matter of different colors of football jerseys on the same team has caused the off-side penalties to increase or decrease from thirty to fifty percent.

There are very few people who do not realize, that great benefits are derived by the players but few think of the benefit to the spectators, fans or students. I wish to mention only two as space will not permit more.

It is a great promoter of school pride and spirit and the greatest of all agencies for the development and promotion of good sprtsmanship and fair lay when properly directed.

It furnishes the thrill for students and fans. One of our distinguished friends has said that we can not live long without thrills and that football furnishes the good thrills which we all must have. The man or woman who can not get a thrill from the sight of twenty-two well trained men on the field fighting for physical and mental supremacy is certainly possessed of a very peculiar emotional nature.

MARYVILLE SCORES 219 POINTS

(Continued from page one)

by railbirds that the old boys began to crawl into their shells and watch the host of brilliant stars perform for the coach and make their debut in Maryville football. Without these men to push the varsity to the doing of their best, the season would, no doubt, have been much less brilliant than it was.

A few days of light work-outs were accompanied by hard practices and no little stiff coaching by the small personage of Lombe S. Honaker, coach of Maryville College football team. The persistent training of the team, another factor in its crown of glory, showed its effect in every game and drew much comment from the spectators, who always remarked, "Maryville was always fighting harder when the last whistle blew than when the game began." We are proud to contribute to our squad the high compliment, that one of the striking features that brought victory throughout the season was due to the perfect condition of the men, realized through careful and conscientious coaching and training. Not one man was seriously hurt throughout the whole season. Very few schools can say this. It is due to the watchfulness of our coach and the desire of the men to give their best that brought this wonderful feat about. When a band of men will train to that extent for the good of their team and their school, it is no wonder that such a successful season should follow. No matter how many stars we have, if they are not in good condition they are useless to a successful team. No matter how bad the material looks at the beginning of the season, if they are willing to learn, train hard and work, they are bound to be a credit to their school. The accomplishment of this feat is due largely to our Coach, who by thoughtful work, careful training, and thorough "skull practice", with the aid of Ex-Captain Thrower and Captain "Ham", produced a line and backfield well prepared for the first fracas of the season.

After several days of charging and a few laps around the field, the Highlanders drew themselves into shape for a practice game with the Union University boys. The game is recorded in history because the score, 103, was the high water mark for the football scores of Maryville. It was merely an exhibition practice game but it showed the boys off well and gave them an idea of what they were really worth. McCall, Gamble, McMurray and Hamilton pounded the ball over the Union line until they were weary, Hamilton placing the extra points between the posts as they were needed.

As the hot days rolled by the calisthenics became more strenuous in preparation for the second game of the season, which promised to be a stiff battle. Our boys triumphed over L.M.U. with a score of 35 to 0. It was here that Shorty McCall showed his real ability, not only as a quarterback but as a side-stepper. He ran sixty yards through the Lincoln University team and being a little tired, set the pigskin on the other side of the goal posts. Thrower and Capt. "Ham" began to be doped as two of the best tackles in East Tennessee. The total of 138 to 0 in points, attracted the comment of distant colleges and universities. The New York Times included a write-up about the pile up of touchdowns in the first game by the "little school of Maryville."

All of this was preparation for the big game of the season, Tennesse. The boys were primed with an excess of hyperdynamia when they met U. T. at the Shields-Watkins field. The Orange and Garnet College was on the scene one hundred percent strong. The game proved to be somewhat of a change from the preceding part of the schedule and the preceding year. With tears in their eyes and prayers on their lips the Highlanders went into the fray with a determination to win. They romped down the field and Captain Ham, who had practiced on field goals most of the summer, made the first score of the game by a place-kick from the 41 yard line. The old U. T. scarecrow seemed to hover over the Highlanders as soon as a bad play gave the state boys a touchdown and for the first half Maryville colors were drooped and the warriors out of form, just long enough to lose the game by a comfortable margin. Their return in the second half with McMurray running the team in brilliant style at quarter showed that the mountaineers had some "real stuff". Joe carried the ball over for the Highlanders and dented the score with six points, which with Ham's kick and another point by his toe after the touchdown, netted the ten ponts for Maryville.

For the past fifty years Maryville has allowed the U. T. game to almost eclipse the season. This year the squad forgot the event and concentrated on Milligan, an ancient foe, who came on Wilson Field with a collection of stars and mountaineers, promising faithfully to carry off the pigskin to their mountain den.

The well near perfect physical condition of the Highlanders stood out in sharp contrast against the very evident poor condition of the Buffalo and proved to be the deciding factor in Maryville's victory. A battle royal raged the first half but little by little the Orange and Garnet warriors came to the front and the final score read Maryville 20, Milligan 7. Such a game is another great tribute to the spirit of devotion among the Highlanders that moves them to keep rigid training and is another instance of a victory won by clean sportsmanship.

The most spectacular game of the season was undoubtedly the St. Xavier entanglement at Cincinnati, Ohio. A system whereby the college would be furnished with the news of the game as it was progressing was furnished by the Echo and from reports a thrilling game was being played. Lacking in unity during the first half, the Maryville lads played a defensive game and allowed six points to pile up on them. But there were several men who smarted under the score of 25 to 0 run up on them two years ago by the northern crew and were determined to win this game for the southern school. In less than eight minutes after the second half began, our boys scored three touchdowns against the stubborn line of the Catholics. They ran roughshod over the recalcitrant line for long gains, which brought ringing cheers from the Cincinnati grandstads. The plays used by the Maryville squad were hardly seen by the referee and the closest spectators were unable to interpret them. Shorty McCall again showed his prowess, snatching up a fumble on the kick-off and crossing the goal, thus tieing the score. A trick play soon followed and a few rushes at another time, together netting 26 points for the boys from the sunny south. The superiority of the Mountain boys attracted much comment from the Cincinnati press and will bring much material to fight for our alma mater next year. The Saint Xavier ball will rest in a Maryville trophy room with the score of 26 to 6 written in white letters on it.

After a slow game with Middle Tennessee Normal, ending in a 28 to 0 score Captain "Ham's" team played its last game on Wilson Field against the Parsons of Carson-Newman. Thousands thronged the field to see the two teams clash for the Appalachian Conference championship. Dope had it that the Parsons would beat Maryville anywhere from 14 to 42 points. Certain northern gentlemen failed to earn their week's wages on that game for the Parsons were barely able to ring a three point triumph over the Highlanders in a score of 10 to 7. It was a thrilling game and did much to advertise the Maryville team as a clean, powerful eleven.

The '24 season closed in a tussle with Roanoke College. The Tennessee mountaineers demonstrated their superiority many times but except for the educated toe of Ham were unable to score. The 3 to 3 score made an interesting score but does not tell the tale of the game. McMurray was the outstanding star as he has been many times in his four years of college football, having gained one-half of the total yardage for the Maryville team. Gamble proved his worth to be our next captain by his consistent gains while Bob Thrower and Schmidt played at their best, and in their last game of the season.

Highest praise is due all who helped to make the Highland team what it was this year. Our coach has proved to be one of the best coaches in colleges of our class. Our team has advertised itself by its acts to be not only a first class team but a team well above the average in good sportsmanship and loyalty. Our backers from the student body and the town have done a great deal to push Maryville football into the limelight of the world of sports.

You will find in our store a spirit of Christmas—that spirit which prompts you to use better taste in your selection of gifts. Our departments are filled with suggestions for family, friends or sweethearts, and the attention you will receive is in keeping with the yuletide season.

No matter whether it's spelled "pumpkin" or "punkin" you can pass this editor a slice any time you feel like it.

Our advice to the Maryville man who wants to hold his job is to work every day as though he was liable to be fired the next.

SCRUBS COUNT IN SUCCESS OF VARSITY

(Continued from page one)

fight when playing with the scrubs.

When Shimmie Brown was manager, to use his own words, he thought he was "quite the berries", and now he considers himself "promoted to the scrubs". Whenever Shimmie gets into a scrimmage against the varsity, you may be sure there is a fighting spirit with the scrubs.

Pete Sneed, following after the stellar gleam of his brother Shortie is now a fast-developing half-back for Maryville. Pete has completed his third year on the scrubs and this season never missed a practice nor a lecture. Watch Pete next year!

Another coming halfback with a brother before him is George Crawford. Lacking in weight, he makes up for it in speed and brains.

Yet another scrub with a brother ahead of him to look up to (but not in height) is Fred Gamble. He has been in every scrub game at center and has handled his position well. His punting ability is also worthy of notice.

The list might still be continued and some fine points noted about each, but space only allows for mention of the following: Shortie Allen and Raymond Anderson, ends; Quinton Gaines and Vance Bell, tackles; Bill McConnell, Bill Worley and Maynard Dunn, guards; and Tom Anderson, halfback.

And what if a man does spend a part or even all of his football career as a scrub, does he get anything to compensate him for the time and energy thus expended? YES. Besides the satisfaction of knowing that he has helped to produce a winning team, the varsity, for his Alma Mater, he has built up for himself a finely coordinated system of muscles, he has gained in alertness of mind, and has learned the first principles of a successful life—stick-to-itiveness.

It is true that the honor and glory of having been a player on the varsity of his college is not there, but as Coach Honaker says "a scrub gets more—yes, far more, out of football than the Jelly Bean who comes out and sits on the bleachers during practice to watch the efforts of the scrubs."

ALPHA SIGMA PLAY IN CHAPEL MONDAY

(Continued from page one)

tery and revenge, all contribute to making "Three Wise Fools" one of the most enjoyable and successful of modern plays. Indeed, one could invite almost any kind of a person to see it, and rest perfectly assured that whatever his theatrical tastes, he would never for a moment be shocked on the one hand nor bored on the other. The facts that Austin Strong is its author, and that it has 333 performances on Broadway as its record, speaks for the high quality of the play.

The Alpha Sigma Literary Society is indeed glad to bring such a play before the students of Maryville College, and talents, such as Miss Mary Lily Sossoman, Messrs. Harry Gauding, Maynard Dunn, Dewey Eitner, Willard Allen, assure a performance that will in no way stay behind the high standards set by the first midwinter play of the year.

The cast of characters is as follows:

Mr. Theodore Finley - - - Mr. Maynard Dunn
Dr. Richard Gaunt - - - - Mr. Dewey Eitner
Hon. James Trumbull - - - Mr. Francis Kinsler
Miss Fairchild - - - - - Miss Mary Lily Sossomon
Mr. Gordon Schuyler - - - Mr. Harry Gauding
Mrs. Saunders, Miss Ruby Harrison
Mr. Benjamin Suratt - - - Mr. Willard Allen
Mr. John Crawshay - - - Mr. Robert Lockhart
Poole - - - Mr. W. Blough
Gray - - - Mr. Gordon Jeffries
Clancy - - Mr. Wick Broomall
Policeman - Mr. Luther Hammond

In the Olden times the Heathen kings turned the lions into the arena to devour the helpless women. At Roanoke, our "social lions" Josh and Pat were loosed to crush the hearts of the poor, helpless girls. History repeats itself.

M. C.

One rat wrote to his father saying, "Remember that $10 you were to give me if I passed? Well, you won't have that expense."

So your father refused to send you money? I suppose he has forgotten that he spent money when he was in college.

Not abit of it, and he remembers what he spent it for, too.—Ex.

The Winner

The winner of the Christmas editorial contest is Miss Grace Kessinger. The editorial is printed above.

We thank our many friends on the ''Hill'' who participated in this contest and we wish that it were possible to award a prize to each of you.

Three papers in particular, we feel, deserve honorable mention, they were submitted by Mary Sossomon, Myrtle V. Ardis and Charles Dickerson.

Men's & Women's Literary Societies Conduct Good Literary Programs

Bainonian

Last Saturday night the Bainonians witnessed, and heard a program that everyone agreed was about the most original.

The society this is favored with music furnished by the Kitcheninny Orchestra, just returned from a tour through Europe and Asia. This orchestra consisted of about ten kitchen maids, furnished with various implements usually used for culinary purposes, but converted for the time beinginto musical instruments. Did you ever think what a wonderful drum a tub would make, if it were beaten by a skillet? Proffitt's jazzoos also figured prominently in the program.

Madame Kitcheninny (Ann Van Lapik) won the hearts of all in her audience by her gracious smile, and other acknowledgements of their appreciation of her work. The efficient and watchful way in which she directed her players won the admiration of the whole audience, and the fact that this way was noticed was shown in the faces of all those present.

It would take too long to give the program in detail. As the opening number, ''Hail, hail, the gang's all here'', was rendered. The closing number was the orchestra's own special production, which number they had used to put the Emperor of Germany to sleep. The melody was sweeter than any of the others, agreeing with the quotation which states that, ''Heard melodies are sweet, but unheard melodies are sweeter.'' All the necessary motions were there, and more, but where the sound went to is still a mystery.

After this number, Madame Kitcheninny was presented with a bouquet by an admiring listener, Martha Anderson. This was very graciously received.

Theta Epsilon

An excellent program was the verdict of all who attended Theta last Saturday evening.

There were thrills galore in ''The Villian Still Pursues Her'', which proved to be the main feature of the evening's entertainment.

A Christmas play read by Myrtle Ardis filled the hearers with the spirit of Yuletide.

The next number was unique. The old family album was brought forth and the audience gazed upon grandfathers, grandmothers, aunts, uncles, cousins and the other relatives of long ago.

It is the custom for Theta to have a Christmas tree for the orphans. Every loyal Theta should should come out this week and do her part towards making the orphans happy.

After this short program Bainonian and Theta will meet for the last time this year in joint session and will present the play, ''The Echoes of the Angels''.

Athenian

A special musical program, arranged by Ed Hamilton, was held in Thaw Hall last Saturday night. It is needless to sy that the program proved to be one of the best presented this yar. The numerous encores given showed that the society appreciates classical music as well as literary work.

The program for this Saturday night is an important one, because it will consist in the election and installation of officers for the next term. In addition to this two numbers will be given.

George Crawford is to entertain the society with a chalk talk, displaying his sketching ability.

Four varsity debaters will discuss the Pro's and Con's of the subject, ''Resolved, That the Philippine Islands should be granted their independence by 1928''. L. E. Milling and Otto Paulsell are on the affirmative, while John Stockton and DeFoe Pemberton compose the opposition.

This is the Freshmen question for debate this year, so those interested, take note.

If you are loyal to your country, you go to the polls and vote. If you are loyal to your society, be present and aid in putting the right men in office.

Alpha Sigma

Gradually the Alpha Sigma Literary Society is acquiring a complete life history of each of its members. Last Saturday those present told us of their nicknames, and, in the course of the program, some members related to us narrow escapes from the clutches of the law. The informal singing after the meeting was enjoyed even by those who cannot sing.

The next meeting will bring a program of unusual interest. Professor Knapp will give an illustrated lecture on Astronomy. After his lecture, during which a considerable number of slides will be shown, Professor Knapp will explain some of the constellation out on the campus.

No member can afford to miss this instructive meeting, given by one of the ablest members of the faculty.

CHRISTMAS PROGRAM IN CHAPEL NEXT SUNDAY

As the Christmas season rolls 'round again, the thoughts of all Christendom are turned toward the old, yet ever new story of the Babe in the manger.

Sunday night, this story with all its beauty and sweetness will be presented in the chapel. The program is being arranged by the Expression and Music Departments, under the auspices of the Young Men's and Young Women's Christian Associations.

Christ's birth was heralded by music—the song of the angels. For Maryvillians, this anniversary of His birth will also be heralded by music.

A carefully chosen chorus of twenty-five voices will render three of the choruses from Handel's ''The Messiah''. There will also be several solos. In addition to this, selections will be rendered on the piano, organ, and chimes as well as orchestral instruments. These numbers will include Mrs. Crosby Adams' ''The Angelus'' and Handel's ''Largo''

On the first Christmas morning the angels spoke to their listeners not only through music, but also
NUMBER SIXTEEN
through words. The story they told will be presented next Sunday through a cutting from Lew Wallace's ''Ben Hur'' and Sullivan's ''The Little Gray Lamb''

The service has been carefully planned so that the queit beauty and deep significance of the Christmas season will be truly felt.

The best jokes we know aren't printed. They run around on two legs.—Ex.

PATRONIZE OUR CHRISTMAS ADVERTISERS

MINISTERIAL ASSOCIATION

Time is so silent and so swift that we now can hardly realize that this is the last issue of the Echo for this year and consequently the last time the Ministerial Association can invite you to the last but the best meeting of the year.

Naturally, we all at this time are either exposed, touched or filled with the Spirit of Christmas. To enjoy it to the uttermost we must remember the secret of it which is, ''It is more blessed to give than to receive''. Come to the meeting on the seventeenth and give us something of yourself either in prayer, song or deed. Help us to show ourselves and others how to put the Christ in Christmas.

The meeting is to be a special one and thus a lot of hard work has been done in putting the following program out for our own good.

Solo - - - Wallace C. Merwin
Christmas Reading - Paul Meikle
Spirit of Christmas - Robert Wood
Message of Christmas - - - -
Wick Broomall

What a program, and to think that each one on the program is an artist in his own line!

The Ministerial Association thru this column wishes to the Faculty, Students and Friends a Merry Christmas and a Joyous and Prosperous New Year in the name of Him for whom we observe Christmas.

Two little fleas together sat,
And one to the other said:
I have no place to hang my hat,
Since my old dog is dead.
M. C.

You can't hang a man with a wooden leg.
That so? How come?
Have to use a rope.—Ex.

Now Get Ready For That Exam!

Official Student Publication of Maryville College

VOL. 10 MARYVILLE, TENNESSEE, FRIDAY, JAN, 9, 1925 NO. 15

THETA MIDWINTER TO BE PRESENTED ON MONDAY NIGHT

The Well-Known Play, ''The Prince Chap'' To Be Given In The Chapel.

AN ENGLISH PLAY

McMurray, Gillingham, and Miss Moore to Play Leading Roles.

On Monday night at eight o'clock the Theta Epsilon Literary Society presents as its mid-winter, ''The Prince Chap''.

The setting of the play is in England, so those that are interested in the manners of other countries can pick up some valuable information.

The play is one of modern life, detailing the adventures of a poor American, striving to make his fortune in England. How does the democratic American carry himself in the land of royalty? After he makes his fortune can he withstand the wiles of the wicked vamping adventuress? This and a lot more will be told on Monday night.

Jean McMurray plays the lead, and he needs very little introduction before a Maryville audience. Little Olive Stanley will show what Edith Moore looked before she grew up. The cast is well chosen and has been working hard since the holidays.

Theta has an enviable record for the high quality of her mid-winters, and Monday night she expects to uphold the high standard set in the past. ''The Prince Chap'' has all the prequisites of a good play: action, pathos and humor. An evening of good entertainment is promised by the Thetas, to all that will come out next Monday night.

The cast is as follows:

William Peyton	Jean McMurray
Jack Rodney	George Gillingham
Marcus Runion	Maynard Layman
Claudia Olive Stanley, Edith Moore	
Phoebe Rickers	Sara Sheffield
Alice Gravers	Virginia Clark

INTRAMURAL BASKETBALL

In order that every man on the Hill who is in the least interested in Basketball may have a chance to get into the game, the Y. M. C. A. Athletic Committee is planning a league basketball tournament that will start in a few days.

It is not at all necessary that a man has played basketball before to enter this league. The purpose of the league is to furnish every man with an opportunity to get into athletcs and to get some training in basketball to say nothing of the exercise entailed in a competitive intramural sport of this nature.

There will be a paper circulated in chapel on Saturday morning on which every man interested is asked to write his name together with position he plays. At three o'clock the same day those signing up will meet in Bartlett Hall to elect captains and the captains will select their teams by drawing names.

When the teams have been arranged the captains will draw places for games. The games will begin sometime next week. Some games will be played in the afternoons and some at night depending on when the floor is available.

The method of elimination has not

(Continued on page four)

DORIS MUSICK INJURED

Highlander basketball prospects were dealt a severe blow Tuesday afternoon when ''Tiger'' Musick suffered fresh injuries to a twisted knee received in the Maryville-St. Xavier football game. The accident will probably keep the veteran guard out of the game for two weeks during which time the Honaker quintet will play Knoxville Young Business Men's Club and the University of Tennessee. Every effort is being made to heal the injury sufficiently so Musick can take part in the M. C.-U. T. clash for his loss from the line-up would be a large handicap. Only those who witnessed the Kentucky boy's work as captain last year can estimate what a valuable asset he is to the Highlander five.

DEBATERS ORGANIZED FOR FORENSIC WORK

Intercollegiate Forensics Teams Arranged by Coach Knapp. Two Dual Debates.

A heavy schedule faces Maryville forensic teams this season. The men's program has been practically completed and arrangement for the women debaters' schedule are progressing satisfactorily. All teams have already been selected at the preliminaries held the first of December.

In all probability the national Pi Kappa Delta question, Resolved that ongress should be empowered by a two-thirds vote to override decisions of the Supreme ourt declaring acts of Congress unconstitutional, will be used in all the debates.

A men's dual debate with Tusculum March 3rd. will open the forensic season. The teams are: Negative, Robinette, Julian Johnson, Thomson. Affirmative, Stockton, Pemberton, Graybeal.

A dual debate with Berea has been scheduled for March 27th. The teams are: Affirmative, Kinsler, L. E. Milling, Paulsell. Negative, Cornelius, Marshal, Charles Johnson.

A dual debate with Georgetown March 31st has been tentatively arranged. The teams for the Berea debate will represent Maryville in the Georgetown affair.

At the close of the regular season a circuit team will be selected and will take a trip through Alabama and Mississippi debating schools of those states.

Y. M. C. A.

The Y. M. C. A. will hold its weekly devotional next Wednesday evening in the Y auditorium. The subject of ''Student Honor'' will be the theme for consideration. An able leader has been secured for this meeting. Each fellow is cordially invited to be present and to take an active part.

It seems there is somewhat a falling off in the attendance since the vacation. Of course, it is hard to get right into the regular routine so soor. but the Y is something each fellow is responsible for the interest and life of.

He is the greatest artist who has embodied, in the sum of his works, the greatest number of the greatest ideas.—Ruskin.

REVIVAL MEETINGS TO BEGIN IN EARLY PART OF FEBRUARY

Rev. William P. Bartlett Will Conduct The Chapel and Evening Meetings.

SONG LEADER RETURNS

''Y'' Associations to Conduct Preparatory Meetings During Next Two Weeks.

The annual revival meetings of the college will take place the first two weeks in February.

The February Meetings, as they have long been called, are deservededly famous, and there are many graduates who willingly testify as to their usefulness.

This year makes the forty-eighth time that Maryville College has had this special time of religion, during which emphasis is laid upon one's becoming a Christian and one's leading a more earnest Christian life than formerly.

Last year Dr. Edgar Elmore lead the meetings in the fiftieth year of his graduation from Maryville. Rev. Stringham ably assisted Dr. Elmore in singing.

This year brings a man whom this generation of students has never heard. Rev. William P. Bartlett, D. D. of Chattanooga, and of the class of 1901. will come, for his fourth time to lead the February Meetings. It might be of interest to add that Dr. Bartlett's father was the third president of Maryville College.

For the fourth consecutive year, Rev. S. E. Stringham will lead the singing. None but the Freshmen need to be introduced to him, for all who were here last year and previous years know him and the unselfish and devoted service he has rendered.

Everywhere the human soul stands between a hemisphere of light and another of darkness on the confines of two everlasting hostile empires.—Carlyle.

Music is well said to be the speech of angels.—Carlyle.

CALENDAR

For week ending January 15

FRIDAY, THE 9TH.

7:30 p. m. Basketball at Alumni Gym. Varsity vs. Knoxville Y. M. B. M. Club

SATURDAY, THE 10TH

6:15 p. m. Men's and Women's Literary Society Meetings

8:00 p. m. Girls' Basketball Game. Varsity vs. Knoxville Y. W. C. A.

SUNDAY, THE 11TH

1:30 p.m. Y. W. C. A. Service

7:00 p. m. Vesper Service, Voorhees Chapel

MONDAY, THE 12TH

8:00 p. m. Theta Midwinter, ''The Prince Chap'', Voorhees Chapel

TUESDAY, THE 13TH.

WEDNESDAY, THE 14TH

4:30 p. m. Ministerial Meeting, Alpha Sigma Hall.

6:15 p. m. Y. M. C. A. Meeting Bartlett Hall

THURSDAY, THE 15TH

6:15 p. m. Student Volunteer Meeting. Theta Hall.

BATES PRIZE ORATIONS

Manuscripts for the Bates Oratorical Prize Contest which is open to men of the Junior and Senior classes, must be handed in at the office of the President not later than noon the first Tuesday in April. Manuscripts must not exceed 1500 words in length. Following are the subjects:

1. A Constitutional Venture
2. The Checking of Crime, Our National Problem
3. Political Rectitude.
4. Service to Civilization, the Keynote of Scientific Research.
5. Menace of Islam.
6. Character and Capability, the Aim of Christian Education.

COED BASKETEERS TO PLAY HERE TOMORROW

Schedule Includes Trip Through South Tennessee—Play Peabody College.

The Highland Lassies make their first appearance of the season, on Saturday night, January 10, 1925, when they meet the Knoxville Y. W. C. A. team in battle, on Maryville's court of action.

This game only starts the coeds on their way towards what is hoped will be a successful season. On the following Tuesday night, they will again don their new uniforms, in contest against Maryville's oldest friendly enemy, the University of Tennessee.

The schedule for the year is not yet fully completed. Several games, however, have been definitely arranged, four of which are to be played on foreign courts. The Lassies will make one trip into Southern Tennessee where they will meet such teams as Middle Tennessee Normal, T. P. I. and Peabody. Those who saw the Peabody game last year will realize what the feminine cagesters are up against, and will back them from start to finish. Home games have been scheduled with Milligan, Tusculum and East Tennessee Normal acting in role of antagonists, and these promise to be interesting, for team and spectators alike.

The manager, however, is not satisfied with only eight games. She guarantees at least two more home

(Continued on page four)

SIX Y. W. MEETINGS NEXT SUNDAY

Following out the request made last Sunday, there will be six Y. W. meetings next Sunday. Now just keep your seats—every girl is not expected to attend all of them.

You see it's like this—instead of the usual Y meeting where all of the girls get together, under one leader, there will be several groups o girls—six to be exact—each having a different leader. Three of these groups will be in Pearsons, two in Baldwin and one in Memorial. The book, ''Introducing Men to Christ'' by Weatherford will be used as a basis for discussion.

Girls, don't fail to attend one of these group meetings, for it will certainly be helpful to you.

VARSITY TO MEET FIRST REAL TEST OF YEAR TONIGHT

Knoxville Young Business Men's Club's Basketball Team To Play Highlanders.

MEET VOLS TUESDAY

Daily Squad Practices Look Promising—Best Varsity of Years Now Forming.

Friday marks the second game of the season for Maryville's basket ball team and the first this year, when they meet the Young Business Men's Club team from Knoxville on our home floor in the Alumni Gymnasium.

Constant practice on the part of the Y. B. M. C. team puts them in fine condition for the game, but judging from the manner in which we mopped up with Johnson Bible College and the showing of the individual players, we should have no difficulty in gathering this game into the fold.

Practice was started again in full force by Coach Honaker immediately after the holidays and in accordance with present aspects the team should show snappy form against their opponents.

This will be the last meet before our first clash with the University of Tennessee, which is scheduled for Tuesday night at Jefferson Hall. Enthusiasm is very much in evidence and the team will be prepared for a battle royal with our ancient foe.

Maryville's schedule for this year has been fairly well filled, and there are yet a number of games pending.

Following the game with U. T. on the 13th, we play Concord State Normal here on Thursday of the same week. A return game with the University is scheduled for January 20th to be played on our home floor. Remembering the defeat of U. T. on the same occasion last year, this game should be a thriller.

Roanoke, our recent football opponents, meet us on the basketball court on January 24th. The team leaves on a short road jaunt on the 26th when they meet the powerful Sewanee five on their home floor. On the return trip a game is carded with famous Railites of Chattanooga.

The last game before the February Meetings is to be played here against Emory and Henry on the 29th.

Immediately following the Meetings we meet Transylvania, the team against we have always had to play our best in order to win.

The second road trip begins on the 15th when our team will en-

(Continued on page four)

MINISTERIAL ELECTION

With the change in the supper hour goes the corresponding change of meeting. The time is now four-thirty.

The following officers, having been elected at the last meeting, will be sworn into office next Wednesday:

President, Charles Johnson; Program Secretary, Robert Lockhart; Treasurer, Wilbur Franklin; Editor Ernest Frei.

With the approach of the February meeings, the Ministerial Association offers itself for use in whatever capacity it can best serve.

THE HIGHLAND ECHO
Issued Weekly by the students of Maryville College.

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

THE MARKING SYSTEM

That time is now here when young men's fancies turn to thoughts of passing their courses. Whether the student chooses so or not, the question of his grades becomes paramount in his young life, and it is not merely the pet topic of conversation for the bookworm. In fact, the less a student cares for his lessons and grades, the more critical that particular question is likely to be. Generally speaking therefore, there is a keen interest in the grades which will shortly be given in all courses for the semester.

The present marking system of the College is comparatively new, and there seem to be some aberrations and inconsistencies in its application by the faculty. Each professor has a perfect right to hold his own viewpoint in regard to judging students, but it is only reasonable that the entire faculty apply the system in the same manner. Yet this does not seem to be the rule at the present time.

There is one group of instructors who base their markings upon the percentage basis, five percent getting A, and so on, occasionally to the extent of selecting the upper five percent and so on, regardless of the particular classes in which these individuals are. There is another group who simply carry out the former system of numerical grades with the letter system, grading students according to an arbitrarily set standard. Other teachers have announced to their classes that in such and such a course it is about impossible for any first class grades to be obtained, and some have declared that it is practically impossible for Freshmen to get as high grades as upperclassmen. As long as some Professors grade leniently and liberally, and others severely, the general significance of one's report card is lost.

It would perhaps be best to hold a conference for those who apply the present system of grading about the standard of each of the symbols now in use, and the application of the whole system. Perhaps the ideal method will be to get away from the idea of an absolute standard for all classes, courses, and times, and to realize that the present system is relative, and that Unusual Excellence, Honor Rank, and so on, are relative terms to be applied to each class separately.

WHAT ABOUT KEEPING OFF—

The grass that we are now tramping under foot!

In the past few years the annual campaigns for campus clean-ups have been somewhat successful by way of making our scenery a bit more attractive. Each year the idea of beautifying our landscape must be drilled anew into the minds of Freshmen as well as of upper classmen.

This year we see paths like dead men's bones re-resurrecting themselves from under the dirt scattered upon them last year. What a ghostly sight they make!

To some extent the college has remedied the illogical and antiquated path system which served commendably once. We now have two walks to Thaw Hall.

Paths, however are still made by those who walk and therein lies the reason for their great number here. Our acceptance of the mathematically correct statement that "a straight line is the shortest distance between two points" leads to the practice of that truth every day.

Yet shall we let our feet be the enemies of our sense of beauty and symmetry? Annihilation and death is the end of much of our turf, as the poet says:

A blade of grass was I
But now beneath man's foot I lie.

Are we, then, to allow our campus to become again the network of ill-formed pathways and thus incidentally add another bit of evidence to the well-nigh established fact that man follows the line of least resistance?

—W. B.

PARROTS PARROTING PARROTS

Percy Marks, instructor, lecturer, and author of a well known chronicle of collegiate life and manners entitled The Plastic Age, makes a few observations on American colleges in *The University of Delaware Review*. The article is entitled "Babbitt Breeds Babbitt". We quote:

"It is a platitude to say that men are supposed to learn to think in college, and it is another platitude to say that independent thought in the average American college is severely discouraged. The reason is clear. The professors are told what they must teach, and the students soon learn that the easiest way to get a high grade is to repeat what the professor has said. We have then, the stupid picture of parrots parroting parrots.

Thus we complete the vicious circle: presidents, professors and students all running foolishly about like dogs chasing their own tails, while the trustees condescend to leave their desks for a few days each year to crack the whip and see that the circle is not broken. Thinking in the American college? It doesn't exist, and it won't exist until the circle is broken; and the circle won't be broken until the colleges are controlled by competent educators'".—New Student.

In a word, neither death, nor exile, not pain, nor anything of this kind is the real cause of doing or not doing any action, but our inward opinions and principles.—Epictetus.

There is endless merit in a man's knowing when to have done.—Carlye.

Every noble crown is, and on earth will forever be, a crown of thorns.—Carlyle.

FRIENDS

Friends are wonderful things to have;
Friends who are kind and true.
You don't know what you're missing
If no one's a friend to you.

A real, true friend is honest,
Faithful, loyal, and good;
And should be honored and cherished,
Yes, indeed he should.

A real, true friend is patient,
And always does his best
For you, because he loves you
More than all the rest.

Some real, true friends are needed
By each and every one.
If you possess no friends
You're missing lots of fun.

But this, please, always remember:
That if for friends you yearn,
Be a real, true friend yourself
And you'll have friends in return.

By M. A. C. '28.

The barest of all mortals is the sentimentalist.—Carlyle.

The following correspondence which has been deemed worthy of public notice was handed in by Coach Bond:

December 4, 1924.

Director of Athletics,
Maryville College,
Maryville, Tenn.

Dear Sir:

The Phillips University "Midgets", girls' basketball champions of the Middle West for the past three years, are making a tour of the South this year. We desire to play two or three of the leading Tennessee teams and would like very much to meet the Maryville girls team at Maryville on the night of February 5th. if arrangements can be made for that date.

The Phillips team boasts of an "All-American" guard in Miss Nina Feger, who was selected on the mythical All-American team of 1924 by one of the East's leading sport writers.

Judging from the record of your girls' team a game between these two teams would be a large drawing card and a good contest would be assured. In order to make this trip it is necessary that we get $125 or $100 and local entertainment for one day.

Trusting this finds the brightest of prospects for the coming season and hoping to hear from you at the earliest possible date, I am

Yours Very Truly,
N. F. Weatherly,
Coach.

December 16, 1924

Mr. N. F. Weatherly,
Assistant Coach,
Phillips University,
Enid, Oklahoma.

Dear Mr. Weatherly:

Your letter of the 4th with regard to game with your girls' baskeball team has been received and studied with keen interest.

Inasmuch as we have considered our team among the "Leading Ladies" of the South-east for the past several years, truly enough a game between your Phillips "Midgets" and our "Highland Lassies" would be an excitable contest.

Also, queer as it may seem, we also boast, in Miss Pat Farrar, a girl capable enough to play on any Mythical All-American team. May I also call your attention to the fact that one of our centers, Miss Van Lopik, is probably the tallest girl player in America this year.

Indeed we would be glad to play your "Midgets" and will guarantee you $75.00 plus local entertainment for one day. However, our dates do not agree. What about February 13th or after. We are filled up completely to this date.

Very truly yours,
Lester E. Bond,
(Coach, "Highland Lassies")

BERLIN: A Radio university has recently been started in Berlin. Its faculty is to be composed of the most famous scholars of Germany. It is to be called Hans Bredow School in honor of State Secretary Dr. Bredow, who was very influential in spreading radio throughout Germany, and it has been formally opened in the presence of representatives of the German government, as well as of the University of Berlin and several high schools of high standing.

In skating over thin ice our safety is our speed.—Emerson.

GREETINGS STUDENTS

We are glad to see you back and hope each and every one of you had a very Merry Christmas.

REAGAN'S CAFE

All government,—indeed, every human benefit and enjoyment, every virtue and every prudent act,—is founded on compromise and barter. —Burke.

A mystic bond of brotherhood makes all men one.—Carlyle.

Even in the meanest sorts of Labor, the whole soul of a man is composed into a kind of real harmony the insant he sets himself to work.—Carlyle.

It is hard for an empty bag to stand upright.—Franklin.

GOING TO SCHOOL BY RADIO

When John or Mary wish to go to college, in 1930, the only expense entailed will be the purchase of a radio set; if they wish to change colleges, that can be accomplished by changing the wave length. Radio schools have already been established, according to reports emanating from Germany, and the states of Georgia and Kansas.

Experience keeps a dear school, but fools will learn in no other.—Franklin.

Show me the man who doesn't make mistakes, and I'll show you the man who doesn't do things.

Societies Programs Indicate That Literary Work Holds its Own on Saturday Night

Bainonian

Bainonian started the New Year right by one of those right kind of programs. Everyone was glad to see everyone else and the reunion was made still happier by the impromptu program given. As the critic said: if they can do that well without practicing just think what we shall expect with preparation.

Besides the interesting ''pieces'' read, sung and played, several current topics were discussed, such as crossword puzzles, New Year's resolutions, and the undying and ever interesting topic, Friendship. Of course, it is needless to state that the orators did their subjects justice—that goes without saying.

It is also obvious that the program next Satrday night is going to be worthwhile waiting for. You know how everyone is crazy about getting the ends of the earth on radio? It is rumored that we'll be listening in on some stuff Saturday night. Yes ma'am, even Bedtime Stories. Come and hear them.

Athenian

On Saturday, December 13th, the Athenian Literary Society met and elected the following officers:

President, Darius Prince; Vice President, John Stockton; Program Secretary, Robert Harvey; Recording Secretary, Robert Bishop; Critics, L. E. Milling, Edward Cornelius; Editor, John Crawford; Sergeant-at-Arms, George Crawford.

Last Saturday evening, the meeting was well attended, and all members showed that they were expecting to enjoy good programs during the remainder of the year.

The new president, Mr. Prince, delivered his inaugural address to the society, paying high honors to the retiring president, Mr. Cornelius.

The program for tomorrow night promises to be one in which many will participate and consequently one that will be interesting to all. A variety of talent is scheduled for display. Robert Broady will play a cornet solo and the society will sing ''Alma Mater''.

If it is cold outside it will surely be warm inside when Paulsell affirms that the Ku Klux Klan is a dangerous organization and then Cornelius will show wherein that organization is a worthy one. To whichever side of this country-wide discussion the audience favors, these topics, ably presented, ought to be of interest to all present.

''Sayings''—famous and otherwise—are to be given by the members. This is an attractive idea and will no doubt elicit a number of wise and otherwise sayings.

There is a friendly greeting awaiting you and a good program to entertain you in the Athenian Hall.

Alpha Sigma

Vacation is a thing of the past. Everything, however, indicates that the members of the Alpha Sigma Literary Society have had a pleasant time either at home or here.

At the first meeting of this year the election of officers for the third term was held. Mr. Albert Griffitts was selected for the honorable and responsible position of presidency, while Mr. Wilbur Templin has been elected to the office of vice-presidency. For recording secretary the society chose Willard Allen. The other officers are:

Assist. Recording Secretary,	Parks McConnell
Program Secy.	J. Gordon Jeffries
Censors	Julius Huffman, Maynard Layman, Robert Lockhart
Editor	Wick Broomall, Jr.
Sergeant-at-Arms	Warner Gray
Janitor	Francis Kinsler

These officers will be installed into their offices Saturday. There will also be a program of interest to all.

Theta Epsilon

Last Saturday night Theta had a short but important business meeting. All Thetas missed something who weren't there. The audience was entertained with a reading by Catherine Hysinger and a piano solo by Margaret Weeks. A very good program has been planned for this week. All girls, are invited to come and hear about the Theta mid-winter.

A VALUE AS BIG AS THIS PICTURE

COED BASKETTERS PLAY HERE TOMORROW

(Continued from page one)

games, one, a return contest with U. T., and another, possibly with Centenary College. It is also planned to take the team on another trip, probably into Upper East Tennessee, playing no less than three games on the way.

The schedule, as so far arranged, is as follows:

Jan. 10—Knoxville Y.W.C.A.	Here
Jan. 13—U. T.	There
Jan. 28—T. P. I.	There
Jan. 29—Peabody	There
Jan. 30—M. T. Normal	There
Feb. 13—Milligan	Here
Feb. 19—Tusculum	Here
Feb. 27—E. T. Normal	Here

WHY NOT TRY IT!

Girls, have you visited the Y. W. library in Thaw Hall? Here you will find many interesting books of all types and magazines that you will enjoy reading. It is open on Thursdays from three to five o'clock, and on Sundays from two to five o'clock. Spend your spare time reading in the cozy reading room of the Y. W.

No pleasure is comparable to the standing upon the vantage ground of truth.—Bacon.

THE KLANS KOLLEGE FRAT

Many are mystified, some are indignant, at Albany, New York, over the report that the Exalted Order of the Ku Klux Klan has been incorporated for over a year in the guise of a Greek letter fraternity, the Alpha Pi Sigma.

The papers of incorporation characterize the Alpha Pi Sigma as a ''purely fraternal, patriotic society'' which will ''own and control all regalia necessary to the proper conduct of its affairs'' and will ''hold meetings in groves'', not only in the state of New York but also ''in the entire United States''.

This new society is said to have been organized by the Klan as a way out of difficulties caused by nullification proceedings against the incorporation of the Knights of the Ku Klux Klan.—New Student.

Mercer University, Macon, Georgia, will offer a series of four college courses. Pupils in the radio classes will be asked to send in their names, reports on home assignments, and requests for additional courses.—New Student.

Prosperity is the blessing of the Old Testament; adversity is the blessing of the New.—Bacon.

VARSITY TO PLAY FIRST GAME TONIGHT

(Continued from page one)

counter Tusculum, East Tennessee Normal, King College, and Emory and Henry.

Our third game with U. T. comes on the 24th in Knoxville and the eason closes with East Tennessee Normal on the 27th.

The schedule follows:

Jan. 9th.—Young Business Men's Club	Here
Jan. 13th.—Univ. of Tenn.	There
Jan. 15th.—Concord State Normal	Here
Jan. 20th.—Univ. of Tenn.	Here
Jan. 24th.—Roanoke (pending)	Here
Jan. 26th.—Sewanee (pending)	There
Jan. 27th.—Railites Chatta.	There
Jan. 29th.—Emory and Henry	Here
Feb. 13th.—Transylvania	Here
Feb. 16th.—Tusculum	There
Feb. 17th.—E. Tenn. Normal	There
Feb. 18th.—King College	There
Feb. 19th.—Emory and Henry	There
Feb. 24th.—Univ. of Tenn.	There
Feb. 27th.—E. Tenn. Normal	Here

Man is a captive animal deprived by civilization of the opportunity to keep well by ranging over the wilds and catching his food with his own swiftness of leg and snatching hands. We are creatures of conflict, who not only live on conflict, but in the bottom of our hearts love conflict. Why do we love Presidential campaigns? Baseball games? The struggle of business? Murder trials? Novels, crook stories, motion pictures? Because of the excitement of clash and the conflict of forces. All life is either matching oneself against the next man, or watching two others hard at it. Every pacifist is trying to clamp a cover on a fundamental human instinct. It can't be done. The intelligent thing is to recognize our instincts, and turn them into healthy channels of play.—Richard Washburn Child.

There are more men geniuses than women geniuses, but there are more imbeciles and idiots among men than among women . . . Talent means the ability to do something new.—Havelock Ellis.

HAD YOU HEARD THAT

Mr. Alfred Schmidt, an interior-decorator from New York City, is visiting his brother, Mr. Carl Schmidt.

M. C.

Miss Emma Carson who was in school here last year, is on the Hill and plans to enter again next semester.

M. C.

So far the Champion Cross-word Puzzler is Estelle Woodall—her record at present is ten puzzles in one hour.

M. C.

Dr. Wilson attended the meeting of the American Association of Colleges at Chicago this week. Maryville is a member of this Association.

M. C.

A wedding of interest to Maryville people was that of Miss Lilian Smith and Mr. John Hendricks on December 26, 1924 at the bride's home in St. Louis.

M. C.

Mrs. Alexander of the English Department has recovered from the injuries she sustained in a fall last month and met her classes Tuesday for the first time since the accident occurred.

M. C.

Baseball stock on the Hill soared to great heights on Tuesday when George Shanks put in his appearance and announced his intention to enter school here during the next semester. Shanks is an old letterman of the Highlander nine.

M. C.

Misses Jessie Lee Goodson and Christine Zduleszna are ill with the flu. Miss Christine is quite sick, though it is hoped both girls will soon recover. Remember that notes and other tokens of friendship mean much to one who is ill.

M. C.

On December 24, 1924 Miss Lilian Brandon and Mr. Sam Hall were united in marriage. Both are former Maryville students. The wedding took place in Nashville, and was a very quiet affair. We extend our best wishes to the happy couple.

M. C.

The many friends of Tom Anderson were sorry to hear of his illness. Tom was suddenly stricken with appendicitis while visiting at Anniston, Alabama during the holidays. He has been successfully operated upon and is rapidly recovering and expects to return to school by the last of the month.

M. C.

Santa Claus was mighty good to a number of M. C. girls! Or was it some one else? Anyway there is certainly a rich and rare collection of diamonds on the Hill. The Echo has not been authorized by any of the parties concerned to announce any engagements, but that may come later. If you are curious, just watch, the diamonds are not very hard to see.

M. C.

Both Dean Barnes and Miss Molly did a flourishing business Tuesday, for there were so many who failed to return until Monday. Wonder just how a number of our best students spent New Year's Eve? The list includes Dorothy Winters and Ann Van Lopik, Dorothy Roney and Virginia Hendrick, Phylis Anderson, Lucille Walker, Erasmus Kitchen, Wheatley and Blough.

M. C.

The many friends of Miss Clemmie Henry are happy to welcome her back to the Hill after her long absence. Miss Clemmie left last fall on a trip which took her through Ohio, New York and the New England States, in the interest of the Student Loan Fund. Miss Henry is loved by every one on the Hill, and her life of service in the interests of the students is a wonderful inspiration to all who come in contact with her.

Intra-Mural Basketball

(Continued from page one)

been decided upon yet and will have to depend on the number of teams in the league.

It is desirable in a league of this kind for the benefit of all concerned that everyone who enters it be willing to stay throughout the games and that everyone be content to play his best for his team, although his teammates are not of his own choice.

ATHENIANS TO GIVE "TAILOR-MADE MAN" NEXT MONDAY NIGHT

Play By Harvey James Smith Is Full of Humor and Striking Situations.

THE LAST MIDWINTER

Cast Comprises Twenty-Two Characters, With Robinette and Miss Fondren Leading.

Next Monday evening, January 19th, will bring to a close the mid-winter season of 1924-25, when the Athenians present as their contribution to the season, ''A Tailor-Made Man''.

This play, by Harvey James Smith, is one rich in character types. The story is that of an ambitious young man who has more nerve than most young men and through curious circumstances finally wins out. Clothes may not make the man but they are a great help when he has ambitions. Hunter Robinette will take the part of John Paul Bart, the ''Tailor-Made Man''. He is even better in this part than he was in ''Seventeen'', and that is saying a lot. The part of the young lady of the play is taken by Miss Lucile Fondren. As Tanya Huber she will show how character, disposition, and devotion win out through any difficulties.

The humor of the play may be said to be real humor for it pops up in the most unlooked-for places. The situations are very unusual for it is remarkable that a man can go through so many unusual circumstances relying wholly upon his own wits.

Supporting the two principal characters of the play is the following large cast:

John Paul Bart - Hunter Robinette
Mr. Huber - - Charles Johnson
Tanya Huber - - Lucile Fondren
Peter McConkie - - Clyde Lippard
Dr. Sonntag - - Robert Bishop
Mr. Rowlands - - Edgar Cathey
Pomeroy - - - Dexter Graybeal
Mr. Stanlaw - - Wilbur Franklin
Mrs. Stanlaw - Elizabeth Keown
Corinne Stanlaw - - - - -
Kathleen Hunnicutt
Wheating - - - Dexter Graybeal
Mr. Fitzmorris - - Paul Cragan
Mrs. Fitzmorris - - - Vera Scales
Mr. Westlake - - L. E. Milling
Mrs. Kitty Dupuy - - - -
Elizabeth Montgomery
Bessie Dupuy - Agnes Houghton
Mr. Nathan - - Edward Cornelius
Miss Shayne - Dorothy Winters
Mr. Whitcombe - John Crawford, Jr.
Mr. Russell - - - - Paul Meikle
Mr. Flynne - - - Robert Broady
Mr. Cain - - - - George Neff

T. T. ALEXANDER PRIZE

The T. T. Alexander Prize for Biblical Orations of $100 was won by Miss Elizabeth Torrey Wednesday morning in chapel. Miss Torrey's subject was ''Salvation Through Faith''. Miss Perle Lambertson was the other contestant. Her subject was, ''Christ's Atonement For Sin''. Both orations were characterized by lofty thought and forceful delivery. Formal presentation of the prize will be made on Award Day during Commencement week.

The contest is conducted annually under the auspices of the Bible Training Department. The donor of the prize who gives it in the memory of T. T. Alexander is anonymous.

There Will Be No Issue Of The Paper Next Week

Due to the excessive pressure of studies during exam week there will be no issue of the Echo on next Friday. The staff has deemed advisable to select this time to omit an edition of the paper. As the contract for the paper and well-established precedent have set the number of issues for the year at thirty, it is entirely in order to skip a week in publication, when circumstances warrant.

EXAMINATIONS BEGIN SATURDAY MORNING

Registration For Second Semester to Begin With Seniors Next Thursday.

The time of final examinations for the first semester begins tomorrow morning and continues for one whole week.

Once again the inescapable season of grilling mental concentration flavored with the smoke of midnight oil has come upon the College. Like a great black cloud of impenetrable gloom it hovers over the personnel of the student body and threatens the joy of living with annihilation.

However, for every leaden thought there is a silver reflex. Next week the second semester will be ushered in by rosy-fingered dawn. A new start, a second chance, will be offered to all those foolish individuals who fall by the wayside, and to those foolish Virgins who lack the necessary mid-night oil for the concluding of the first semester.

In order that there may be sufficient diversion during this week of trial and temptation, various organizations on the Hill have seen to it that there will be side-shows in the evenings. A mid-winter, a U. T. basketball game, and the biggest Lyceum of the year will help pass away the time.

The following is the schedule of exams, and also instructions for registration for the second semester.

Examination Schedule

Saturday, January 17—a Courses, 8:30 a. m.; A Courses and Spanish 9x, 1:10 p. m.

Monday, January 19—g Courses (i. e., Biology 14 (all divisions), Chemistry 15, and Home Economics 23), 8:00 a. m.

Tuesday, January 20—b Courses, 8:30 a. m.; B Courses, 1:10 p. m.

Wednesday, January 21—c Courses, 8:30 a. m.; C Courses 1:10 p. m.

Thursday, January 22—d Courses, 8:30 a. m.; D. Courses, 1:10 p. m.

Friday, January 23—e Courses, 8:30 a. m.; E Courses, 1:10 p. m.

Saturday, January 24—f Courses.

(Continued on page three)

MINISTERIAL ASSOCIATION

The Ministerial Association will meet next Wednesday at 4:30 o'clock in Alpha Sigma Hall. Every member should be present as there are some important plans to discuss concerning the February Meetings.

Floyd Geist will lead the devotionals and Charles Johnson, the new president, will make a talk.

It is hoped that a good many will be out to greet the new officers at their first meeting.

HENSHAW COMPANY TO PRESENT COMIC OPERA IN LYCEUM

Great Musical Production of Comic Opera To Be Given In Voorhees Chapel.

A HINSHAW PROUCTION

A Troupe of the Most Gifted Artists on The Stage Will Appear.

''The Marriage of Figaro'' will be presented next Wednesday night in Voorhees Chapel by the William Wade Hinshaw's opera comique company, as the biggest Lyceum of the year.

The announcement that William Wade Hinshaw's opera comique company will give a presentation here of Mozart's 'The Marriage of Figaro'' is of unusual interest and importance, for when the same distinguished artists recently appeared in the work in New York they were received with acclamation by the critics. Mr. Hinshaw has lavished a wealth of care as well as spared no expenditure in making the present production of Mozart's comic masterpiece as perfect as possible.

In this delightful comedy opera of intrigue one embarrassment grows out of another, demanding fresh and ingenious contrivances for the extrication of the characters, while there is an abundance of effective situations as well as witty and satirical dialogue and lyrics. To crown all there is the delicious music of Mozart, which flows forth in a stream of pure melody, charming the ear and haunting the memory.

The musical numbers are introduced with excellent discrimination, allowing free and natural scope for the development of each situation, without ever hindering the progress

(Continued on page three)

HONOR SYSTEM UP BEFORE STUDENTS

Mass Meeting of Girls Discusses Merits of Plan. Societies to Take Vote.

The question of establishing a system of student honor has been brought before the students of Maryville, for their acceptance or rejection.

Student Honor was the victim up before the court of student opinion Tuesday evening when the girls met in a mass meeting at the chapel. There were five witnesses called to the stand but no verdict was rendered—that decision will be made tomorrow night when an opportunity will be given to each student to express his own idea. If the students vote against Student Honor, the matter will be dropped. If the students vote in favor of Student Honor, every measure will be taken to carry out their wishes. This is not to be a vote on ''what system'' we will adopt, but on ''shall we have *any* system''?

Thus far all the action must come from the students. The faculty will take no action—the students are men and women, soon to go out into the world as citizens, and are old enough to know whether or not they choose to be honorable. After a choice is made then this capable body of men and women can help

(Continued on page two)

HIGHLANDERS DROP CLOSE BATTLE TO TENNESSEE; VOLS TO PLAY ON LOCAL COURT NEXT FRIDAY NIGHT

Orange and Garnet Players Put Up Stiff Opposition But Take Small End of 16-13 Score—Game Played In Poorly Lighted Gym.

TEAMS WELL-MATCHED AND EVEN

The Second of a Three Game Series Will Be Played In Alumni Gymnasium Next Friday Night—Dope Slightly Favors Maryville Quintet.

Maryville lost the initial game of a three game schedule with the University of Tennessee, Wednesday night, by the narrow margin of three points, the final score being 16 to 13.

The fray was characteristically marked by hard, close fighting from the first tip off to the closing whistle, with the outcome always in doubt until the end. A crowded house witnessed the game and both teams were handicapped by the haze of tobacco smoke which pervaded Jefferson Hall. The lights were also very poor, causing no little trouble to the Maryville quintet, who are used to the spendid lighting system in the Alumni Gymnasium.

For the first five minutes of play, neither side was able to break through the opposing team's air tight defense. The first score was registered by Maryville, when Jean caged two free goals from foul. The score then see-sawed back and forth with Maryville leading twice and outplaying the Vols until the first half ended with the score 7 to 6 in Tennessee's favor.

U. T. took the lead at the beginning of the second half and were not headed, although every Highlander played to the utmost of his ability. Many shots which should have found the basket, if Dame Fortune had smiled more benignly upon Maryville, missed time after time by a hair's breadth.

The Vols controlled the tip off, but rarely got away with any really good offense as Maryville covered every player. Most of the Orange and White tallies were made from lucky lone shots, pitched by Harkness, who was their outstanding star.

Captain Veech covered the floor in a brilliant manner, seeming to be everywhere at once, and accounting for four points of Maryville's

(Continued on page two)

MARYVILLE DEFEATS VIRGINIA QUINTET

Slow Playing and Inaccurate Shooting Characterized The Whole Fray.

Maryville added another victory to her list when she romped over the Concord State Normal quintet 26 to 14 in last night's game. Concord presented a fast husky bunch of men and especially their center Flannigan, who is a three letter man.

The game was characterized by bursts of speed and then let downs showing the effects of exertions in games on preceding nights, as Concord is on a road trip and played Tusculum the same night Maryville played U. T.

The Maroon and Gray basketeers started shooting long shots from the very beginning of the game and many times Maryville fans held their breath as the ball just missed the basket. Except for this inaccuracy the score might have been different.

The game, during the second half, offered an opportunity for Coach to run in his substitutes and every man on the squad of ten men had an opportunity to display his wares. Musick was again in the game.

Line-up and Summary:

Maryville		Concord State
McCall (6)	F.	Ofsa (7)
Shores (7)	F.	Jeffries (4)
McMurray (9)	C.	Flannigan
Musick	G.	Hendricks
Veech (2)	G.	Pauley (3)

Subs for Maryville: Thompson, Franke, Gamble, Reid (2) and Thrower.

Subs for Concord State: O'Connor for Flannigan.

Officials: Referee Schmidt; Timekeeper, Cortner; Scorer, Barkmier.

CALENDAR

For Week Ending January 22

SATURDAY, THE 17TH.
8:30 a. m.—Exams begin.

SUNDAY, THE 18TH.
1:30 p. m.—Y. W. C. A. Service
7:00 p. m.—Vesper Service Voorhees Chapel

MONDAY, THE 19TH
8:00 p. m.—Athenian Midwinter, 'The Tailor-Made Man''. Voorhees Chapel

WEDNESDAY, THE 21ST.
8:00 p. m.—Lyceum, ''The Marriage of Figaro'', Voorhees Chapel

FRIDAY, THE 22ND.
1:30 p. m.—Basketball at Alumni Gym. Maryville vs. University of Tennessee.

THETA MIDWINTER SCORES SUCCESS

Before the biggest mid-winter house of the year, the Theta Society presented ''The Prince Chap'' in chapel, last Monday night.

In this English play the action centered about the ''Prince'', one William Peyton, which character was played by McMurray. Needless to say the part was well played, and the actor's personality was suited to the occasion. Miss Moore, as the heroine, won the hearts of the audience, as well as that of the ''Prince''. Miss Sheffield, in the humorous part of ''Puckers'' carried the life and fun of the play, by her clever impersonation of the part. Mr. Gillingham, a dear old English lord did some good work with his ''Thank you, No'' phraseology. Mr. Layman carried the part of the aristocratic London servant with skill. The supporting cast also deserves commendation.

THE HIGHLAND ECHO
Issued Weekly by the students of Maryville College.

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

Much Study is a Weariness of the Flesh.—Solomon.

EXAMINATIONS

The championship of the Pacific coast was at stake. The great game was about played to the finish; the score stood six to six. Far out on the field two teams were lined up in the shadow of the goal posts. The eyes of half a hundred thousand spectators were fastened on the spot where twenty-one figures crouched close to the ground. Another man stood erect behind his team preparing to kick a goal after touchdown. His success meant the championship of the Coast. A simple feat, to boot the football over the bar; yet think of the countless number of eyes fastened on him!

That is what we call a crucial moment; a test for any man. It is the kind of moment which lends spice to life, gives it punch, and contributes character to the performer. Yet football is a side line of education; we can't all kick goals before thousands of people. But if a side line of college has such crises, how about the main business—education itself? We are trying to bring the word exams before your unsuspecting attention.

As a matter of fact, it is examinations which clinchi the whole work of the semester, give point to study, and are a real test of how a man is using his college training. The student who spends a whole semester attending classes, and then can't pass his exams, simply lacks the punch necessary for the big minutes, the pinches, of life.

By the way, the football player in the above story kicked the goal.

TIMELY COMMENT

There must be, in American colleges, a perennial discussion of the subject of cheating, for it is a notorious fact that cheating is done on a grand scale. And discussion of the subject ever brings from those with some slight knowledge of the system of education followed in Europe the weighty remark that over there there is less cheating because of the system.

"We rise here to say that the system of education has nothing whatever to do with the subject of cheating. The sole, only, and entire reason that students cheat is that they are not intellectually above that class which substitutes trickery for intelligence; the class to which those professors belong who deliberately set traps to catch students cheating. When students rise above the level that countenances furtiveness and discounts the pursuit of learning for itself, there will be no more cheating evil.

"The prospects that students will rise above that level are dim, however. In the old days, college students were drawn from portions of the population which took their learning seriously, and among whom it was a disgrace to be as illiterate as the average college student nowadays.

"That time has passed, and now one matriculates at a university not because one cares about learning, but because one must get on. A college degree is the "Open Sesame" to a fatter pay envelope—the metaphor suffices—and, feeling that way, the shortest, easiest, and most direct route to the degrees is the one to take. If one can earn the degree without application, excellent. If one cannot, one must cheat. That is all.

"The newer day, for which we hope, will bring to college those students who wish to pursue learning, not behind twelve cylinders, but leisurely. They will not cheat, despite the imbecilities of whatever system they are surronded by. There will be no need."

—Ohio State Lantern.

HONOR SYSTEM UP BEFORE STUDENTS

(Continued from page one)

construct a workable plan for carrying out student wishes.

The first witness called upon Tuesday evening was Miss Grunder, who attended Wooster before coming here. At Wooster all problems of student misconduct—in classrooms, dorms, or on campus generally are brought before a Student Council composed of representatives from all classes. The more serious offenses are taken by the Council to the faculty.

Miss Ludman spoke of the system used at Ohio Wesleyan. She said, 'Direct evidence of cheating expels the offender. The president of the Student Board announces in chapel that So-and-So has been expelled for cheating. There cheating is absolutely a disgrace. Anyone seeing it going on gets up and says, "I see cheating going on in this room". That usually puts a stop to it."

As to classroom nonor Miss Grunder said, "They can be good sports and be honorable. There is no 'tattling', but when a student is caught cheating he is warned by the persons who saw him. If the offense is repeated the Student Council takes it up. The offense is not against an individual but against the school."

Miss Harris was the next speaker. She attended Alabama Polytechnic School for Girls, at Montevallo, Alabama last year. There are practically a thousand girls in this school. Quoting Miss Harris: "When a quizz or exam is given the professor mails the question to some member of the class. She opens the envelope containing the questions after the class has assembled, and writes them on the board. There is no talking or communication of any kind between students except when questions are asked the person who put the exam on the board, because of illegibility or poor light. There was no cheating—that may sound fishy but it is not."

Mr. Neff told of his experience with Student Honor at Auburn. He said, "We signed a pledge to uphold the honor system of the school. That meant we were to do nothing that would in any way lower the standard of honor of the school. As to classroom honor—during exams the teachers were there but paid no attention to the students unless directly addressed.

HIGHLANDERS LOSE TO TENNESSEE

score, looping the prettiest shot of the game, just as the game ended.

Jean played his usual stellar game but was guarded so closely that he found difficulty in getting loose for any open shots. Shortie McCall, together with Jean, consistently broke through Tennessee's passing and intercepted the ball.

The game Wednesday has shown Coach Honaker what to expect and this experience coupled with the famliar conditions of our own floor will surely mean a different story when the Highlanders meet the Vols in the Alumni Gym nex Thursday.

Line-up and Summary:

Maryville (13)		Tennessee (16)
Shores (2)	F.	Schultz (1)
McMurray (5)	F.	Harkness (9)
Gamble	C	Burdette
McCall	G.	Keister (2)
Veech	G.	Crittender

Subs for Maryville: Thompson for Shores. Subs for Tennessee: Leshe for Burdette.

Referee: Ray Harbison; Time

Nosed out of a victory over Tennessee by a bare three point margin in the first of the three entanglements scheduled, the Highlander basketeers are doped to trim the Vols here next Friday night.

The presence of Musick next Friday will raise the calibre of the team to no small extent, and the week's hard-drill will put the squad in A-1 shape for the tilt.

If Maryville wins it would seem only fair for the deciding game to be played on a neutral court but financial reasons black the probability of such an arrangement.

At all events the game next Friday will be a classic event and fans may be assured of a thrilling battle.

There are few people who would not get ashamed of being loved when they love no longer.—Rouchefoucauld.

Truths discovered by the mind are sterile. Only the heart can make its dreams flower. It puts life into what it loves, for feeling sows the seeds of good in the world. The mind has not that power. If you would serve mankind, put reason aside as a burden, and mount on the wings of enthusiasm. He who thinks too deeply will never fly.—Anatole France.

Administrative work is valued in America out of proportion to its importance. If Einstein had been an American—as he would have been if his father had happened to emigrate—he would have been put on so many boards and committees that he would have had no time to do original work. Propagandists for Americanism assert that their land is the home of individualism, but the truth is that in America the individual is nothing and the community everything.—Bertrand Russell.

Are the triumphs of medical science fated to work a vital change in the temperament of modern society? There has been a rapid extension in the average length of human life in the last few decades, and this means that the proportion of young men among us is falling. Youth has always been the proverbial haven for progressive thoughts and actions. In the Society of the Middle Aged that is coming upon us, are we to observe a steadying influence, or shall we suffer by having too much prudence and too little adventure?—Dean Inge.

God offers to every mind its choice between truth and repose.—Emerson.

Kansas State Agricultural College has established a radio college which will broadcast forty college extension courses during the next eight months.

SPRAKER GROCERY CO.

MAIN STREET

Come in! We Are Glad to Have You.

EXAMINATIONS BEGIN SATURDAY MORNING

(Continued from page one)

8:30 a. m.; F Courses, 1:10 p. m.

All examinations are to be taken with the division in which the student is regularly enrolled.

Registration for Second Semester

All Seniors on Thursday, January 22.

All Juniors on Friday January 23

All Sophomores on Saturday, January 24.

All Freshmen on Monday, January 26.

Bring your "Student's Card" with you. A duplicate will cost 10c.

Registration will begin each day at 8:30 a. m., in Room 4, Anderson Hall. Students will be registered by classes, and as nearly as possible in alphabetical order, on the days listed above. Those that fail to appear on the proper day will be reported to the teachers for whatever classes were signed-up for in September. All students will be reported to teachers by Tuesday, January 27th, and absences recorded beginning with that day.

Since registration for the second semester is, in nearly all cases, merely a checking up of classes selected by the student in September, and the affixing of the Registrar's signature to the Student's Card, it is believed that this method will save time and trouble for all concerned.

HINSHAW COMPANY TO PRESENT COMIC OPERA

(Continued from page one)

of the plot or obscuring the embroglio; and even in the ensemble movements and finales the comedy is carried on with unflagging spirit, while the ear is captivated by Mozart's delcious music.

Miss Clytie Hine, who plays the Countess, sang the same role under Sir Thomas Beecham at the Royal Opera, Covent Garden, London; her voice is one of uncommon character and as an actress she is superb. She is a woman of culture and refinement and noted for her beauty; Miss Edith Fleischer, the Susanna was leading soprano at the Deutsches Opera House, Berlin, where her beautiful voice and personal charm made her a favorite; and she took the parts of Susanna and Zerlina in the Salzburg Festivals in honor of Mozart in 1922.

Miss Celia Turrill, mezzo-soprano, is another singer from the famous Covent Garden Opera House, where she sang her present part of Cherubino. She was also Lucy Lockit during the American tour of "The Beggar's Opera". She has a splendid voice and charming appearance.

Paul Ludikar, bass-baritone, who appears as Figaro, has sung in most of the opera houses of Europe under such widely famed conductors as Toscanini, Strauss, Serafin and Marinuzzi. He has been pronounced the greatest Figaro of his time. Alfred Valenti, another leading light of European opera, is a dashing Count Almaviva. Ralph Brainard, the Basilio of the present cast, is a tenor with a charming voice. He was a member of Mr. Hinshaw's Society of American Singers, has a good presence, and acts with a fine sense of comedy. Another handsome member of the company is Herman Gelhausen, the Dr. Bartolo, who has sung in opera in Germany, and was also with "The Beggar's Opera" on tour.

Finally, the musical direction of the present production is in the hands of Ernest Knoch, one of the most eminent of present day conductors of opera, who has conducted Wagner's and Mozart's works throughout Central Europe, at the Century Theatre, New York, Ravinia Park, Chicago, and toured this country with the Wagnerian Opera Company. He has been acclaimed by the critics and cognoscenti as a conductor with a touch of absolute genius.

PALACE

MONDAY

THE LAW FORBIDS with Baby Peggy and all star cast. Also comedy 'Man Pays' and International News.

TUESDAY

Elinor Glyn's HOW TO EDUCATE A WIFE with Marie Prevost and Monte Blue. Also comedy 'Three Cheers'.

WEDNESDAY

BREAD with Wanda Hawley, Pat O'Malley and all star cast.

THURSDAY AND FRIDAY

THE CITY THAT NEVER SLEEPS with all star cast. Also comedy 'Lodge Night.'

SATURDAY

HEARTS OF OAK with Hobart Bosworth and Pauline Stark.

Did you know that the William Wade Hinshaw Company was one of the largest opera companies on the English singing stage?

Society Programs Indicate That Literary Work Holds Its Own On Saturday Nights

Athenian

All Athenians who gathered together last Saturday evening were well pleased with the program rendered.

Next Saturday night, the Athenians will be entertained by the following program. ''Alma Mater'' sung by the society will be followed with a musical number furnished by a few members of the Bainonian Literary Society. Donald Buchanan will read, ''Two Portraits''. Robert Bishop and George Neff are going to explain systems of Student Honor as practiced in other institutions, and then Edward Cornelius will discuss, ''Should Maryville Have an Honor System''. After these serious addresses, Paul Cragan will give ''Relaxations''.

All who desire to know about Student Honor, should be present to consider a system of Student Honor at Maryville.

Alpha Sigma

The newly elected program secretary, Mr. J. Gordon Jeffries, announces a program of unusual merit for next Saturday night.

Having lived in the Phillipine Islands for four years, Mr. Frei will be especially interesting in his first-hand observations concernng ''Ancient Funeral Customs in the Philippines.''

As an innovation to society programs Mr. W. Blough will give a book report. This is something of which little is said in literary circles here.

The society is indeed fortunate in having members of musical and interpretative ability. Mr. W. Allen is to give a reading and Mr. R. Nichols a violin solo.

In addition to this, the regular issue of the Alpha Sigma Advance will be read by Mr. Clinton Puff.

At the present time the society [illegible] its need of a constitutional revision and therefore urges its members to be present to participate in any discussions that might tend to affect the future course of the society.

Did you know that this opera ''The Marriage of Figaro'' costs $1500.00 outside of schools?

Bainonian

If there has been one criticism of the literary societies that has been given to all, it is that they lack literary quality in their programs and general activities. For the purpose of combating this criticism whether of one or three, Bainonion and Theta at the beginning of the year pledged that each would try to bring the programs up to a higher standard. Each has striven to maintain her part of the pledge.

As a further help along this line, a bit of forensic activity has been scheduled, wherein a debate team composed of a Theta and Bainonian chosen by preliminary contest will meet Asheville Normal in a dual debate. Members of both societies are very much interested, since this is an opportunity not only for progress in society activities but also a means of securing a better understanding and cooperation among the members of the two societies.

The program of last Saturday was likewise an indication of steps toward this standard. Friends of Fiction reviewed for us a few of the best known friends. The Merchant of Venice, Macbeth, Enoch Orden, Rebecca of Sunny Brook Farm, and Miss Minerva and William Green Hill, gave the audience quite a bit of pleasure.

The delayed radio program will be on deck for this coming week, featuring Cinderella in Flower-land.

Theta

Owing to the girls' basketball game, a shortened but snappy program was given last Saturday night in Theta. Nelle Caldwell gave an exceptionally fine reading. Blanche Davis rendered a beautiful vocal solo. A stunt was then given showing Jean as the Prince Chap to whom we now need no introduction.

All loyal Theta girls are urged to come out tomorrow night. Theta is going to have a real literary program. All society members have read some of Kipling's works, but there is less known about his life. Some of his best poems and stories will be read. This program promises to be one that will be interesting and inspiring to all, so members shoud come out and enjoy it.

STUDENTS DISCUSS HONOR SYSTEM

Continued from page two)

The students are held in honor bound to obtain two witnesses, when cheating is observed. Then the offender is tried by the Student Board and dismissed from school if found guilty.''

Mr. Lockhart, in telling of the system employed at Trinity said, ''Until a very few years ago Trinity had the reputation of being a school where anyone could get by with anything. Books, papers, and everything else were used on exams. Now cheating has been done away with.''

Mr. Cornelius quoted Henry Louis Smith, reading, ''A life-time of practical experience with the 'honor system' convinces me that of all the character building agencies of the American college campus it is by far the most valuable and effective.

'Let me remove a few misconceptions. Merely abstaining from faculty supervision, trusting everybody, and putting every student on his honor, whether he has any or not, is as far from the honor-system as anarchy from ordered liberty. Let me attempt a definition:

''The honor-system is a form of student self-government which, assuming that every student is a man of absolute truthfulness and honesty, takes immediate cognizance of all violations of an accepted code of honor; *and through student organizations* procures the permanent removal from the student body of all those who, by violating in any degree this accepted code, prove that they cannot thus be safely trusted.

''That a honor-system may be a working reality and not, as it so often is, a mere pretense, at least three things are essential:

''The whole student body must be organized to enforce it, and must accept, willingly and courageously, its heavy responsibilities. In matters embraced by the accepted code the faculty, while reserving its ultimate control, relinquishes its disciplinary function not to the individual student but to the organized, sympathetic, and willing student-body.

''Campus sentiment must be overwhelmingly in favor of a rigid and impartial enforcement. If a student loses caste for reporting to the honor committee a frat-mate or close associate who has violated the code, the so-called honor-system at that institution is already a corpse.

''The faculty must cordially and whole-heartedly accept and be willing to act upon the theory that no student guilty of violating the accepted code is fit to remain as a member of the college community.''

There has already been done at least one thing to prove the trustworthiness of the Maryville student group. In all schools where student honor is working it seems that much is made of the fact that textbooks, note-books, scratch pads, etc. are left under trees, on the doorsteps to buildings, in windows, etc. with no fear on the part of owners as to where their property will be when they return. Such a condition has existed on this campus for years. Students may leave their belongings anywhere they please and rest assured as to their safety.

LOST— Pair of dark rimmed glasses somewhere on the campus. Please return to the Registrar's office.

Miss Clytie Hine, of Australia, who has sung in such operas as ''Tannheuser'', ''[illegible] Pagliacci'', ''Boheme'', and many others will have the leading role in ''The Marriage of Figaro'' next Wednesday night.

''The Marriage of Figaro'' is, in fact, one of the best comic operas ever written, and it remains as fresh and delightful today as when it was first written. The Parisian wit and gaiety of Beaumarchais, who wrote the comedy, are decorated and adorned by the Viennese grace and charm of Mozart's music, and in this connection it is interesting to know that the composer himself deliberately selected the comedy for operatic treatmet.

Mr. Hinshaw has been at uncommon pains to bring together an deal cast for the production, which he has personally directed for he is an adept at opera, having been a member of the Metropolitan Opera Organization, and subsequently founder and president of the Society of American Singers, which a few seasons ago gave a series of delightful performances of opera comique in English in New York. Every one of the artists he has engaged is of stellar rank and has gained renown in the principal opera houses of Europe.

COED SEXTET LOSES GAME TO TENNESSEE

Girls Open Season With Victory of Knoxville ''Y'' Team On Home Floor.

The Highland Lassies opened their Basketball season last Saturday night with a victory over the Knoxville Y. W. C. A. Red Jackets. The score was 19-14.

The visitors, boasting ''Red'' Doyle, a former Maryville star, as guard, were confident as to the outcome of the scrimmage, but in the first quarter all the glory went to the Lassies. Cooper, Kessinger and Heiskell looked good on defense and Farrar, Hipp and Painter, playing forward managed to get under the basket for frequent ''crip'' shots. Painter, especially seemed to have located the basket. With a pep that has not been displayed at a girl's game for a long time, the team dodged, drilled and passed the ball, and kept it out of dangerous territory, so that at the end of the first half there was quite a score piled up in Maryville's favor.

Besides the first six mentioned there are others who got into the game. Among these were Kellar, Kuhn, Holland, Myers, Whittle, Rule and Van Lopik.

In the girls' game between the Highland Lassies and the Volettes, the score was overwhelmingly in favor of the latter. It was a hard fast game, with the Maryville sextette unable to prevent the flashy Volette forwards from scoring or themselves to find the basket.

Farrar and Painter starred for Maryville, both of them giving every thing they had in a brave, but vain effort to win.

Lovelace for Tennessee was the star of the game accounting for 27 points for her team.

Line-up and summary:

Maryville (10)		Tennessee (40)
Farrar (2)	F.	Lovelace (27)
Kitt (3)	F.	Conley (8)
Painter (4)	C.	Stradley (5)
Heiskell	G.	Beard
Coater	G.	Harbert
Kessinger	G.	Huling

Subs for Maryville: Kellar, Millsaps, Rule (1).

Subs for Tennessee: Watkins, Carlton, Hicks, Hazelwood.

Referee: Harbison: Timekeeper, Cortner; Scorer, Brown.

HAD YOU HEARD THAT

Miss Virginia Lavinge has left for her home in Birmingham, Alabama to be with her parents.

M. C.

Mrs. E. H. Moore of Russelville, Tennessee, and Miss Mildred Mephreon of Morristown, Tennessee were the guests of Miss Edith Moore on Monday.

M. C.

Mrs. Sharp has recovered from her recent illness. She left the hospital on Monday.

M. C.

Sidney Alspaugh is now resting in Knoxville where he was recently operated on after being suddenly attacked with appendicitis. His many friends here are hoping for his complete recovery soon.

Do you remember ''The Impresarro'', ''Cosi Fan Tutte'', and ''Don Pasquale''? ''The Marriage of Figaro'' is a far larger, more comical, better acted, better sung and more expensive opera than any of those that have been produced in Maryville.

LOST—Gold football with the initials, D. A. M. It also had M. C. '24 on it. Return to Registrar's office or Doris Musick.

Have you town students told your folks about the opera. Tickets are on sale at City Drug and Birchfiel's Drug Co. Prices $1.00 and $1.25.

Interest speaks all sorts of tongues, and plays all sorts of parts, even that of disinterestedness.—Rochefoucauld.

Ralf Brainard as Basilo in ''The Marriage of Figaro'' can make love to more women at one itme than even Josh Proffitt, Maryville's champion.

LOST— Ring, between campus and town. Reward if returned to Echo office, third floor Anderson.

ATTEND A PRAYER MEETING

The Highland Echo

CUMBERLAND COMES HERE MONDAY

Official Student Publication of Maryville College

VOL. 10 — MARYVILLE, TENNESSEE, FRIDAY, JAN. 30, 1925 — NO. 17

MARYVILLE TROUNCES TENNESSEE BUT BOWS TO RAIL-LITE ATTACK

The Highlanders Rout Volunteer Defense on Home Floor. Score 27-21.

CUMBERLAND NEXT

Fast Chattanooga Quintet Proves Too Much And Varsity Loses. Score 36-22.

Last week the Highlanders defeated the State University and lost to the Chattanooga Rail-lites on the basketball court.

Laboring under the sting of defeat of a few nights before at the hands of the Volunteers, Captain Veech led his swarthy troop to a victory over Maryville's hereditary foe last Friday evening when Maryville won the best game of the season from the University of Tennessee by a score of 28-21.

In the words of Cragan the immortal "Veech covered more territory than does the influence of a Gump or Barney Google''. Playing a stellar game, Veech showed the qualities of leadership and won the respect of team-mates and fans.

Musick, with one leg ''on the bum'' performed with his usual effectiveness to such an extent that the Bankites marveled with a great big ''Pshaw''!

''Flash'' McCall was all over everything and every body after the much sought for ''pill'' handling it with a grace and swiftness of precision found only in the possession of those who have mastered their art.

''Briney'' McMurray scored again and again when each point was fatal to Tennessee.

Shores of ''Bumingham'' fame did his bit, which was quite a bit. He, it was, who started the rush that mean another defeat for Tennessee and another victory for Maryville.

Going into the game in the latter part, Gamble ran true to reputation, proving ''an ever present help in trouble'' to his teammates.

Marion and Reed were allowed to taste the victory pie which is to be their favorite food for the next three years. In these two men there is material for next year to fill the breach left by graduation.

Coach Honaker, who is the father, maker, and ''Boss'' of the team, deserves much credit for the splendid machine. Many trving hours of painstaking coaching are behind such teams.

In praising the Varsity it cannot be forgotten the Scrubs have helped build it. It takes grit and much of the ''Maryville Spirit'' to stick on the squad when one realizes the only reward is EXERCISE.

Monday night the Cumberland University Quintet will furnish opposition for the Highlanders on the

(Continued on page two)

FROSH ELECT NEW OFFICERS

Freshman class met Tuesday and elected officers to fill the vacancies caused by several members of their class dropping out at the end of the semester. Miss Elizabeth Hannah, Vice-president, succeeded Lynn McCall as president. New officers elected were: Louie Reid, Vice-president; J. Callfey, Treasurer, and J. Wheatley, Student Council Representative.

MINISTERIAL ASSOCIATION

The Ministerial Association will take an active part in the February Meetings. For two weeks the Ministerial students and their friends have gathered for daily prayer meetings. The regular meeting of February 4th. has been planned in accordance with this spirit of prayer and co-operation. The program secretary expects to have one of the leaders of the Revival to speak to the members.

The meetings of the Ministerial Assocation are not closed meetings. Not only the members, but also all their friends are cordally invited to attend the meeting of February 4th. at 4:30 P. M. at the Alpha Sigma Hall.

VALENTINE PARTY OF SENIORS FOR TONIGHT

Romantic Affair To Be In Thaw Hall—Cupid To Be Present.

Tonight there will be great commotion in the dormitories and in Maryville in general because the Seniors are starting the semester right—with a whiz of a party. The affair will be the first Valentine party of the season, and the whole shebang, from invitations to refreshments, is centered in this romantic idea.

Everyone is planning to wear a heart somewhere on his or her costume, hoping Cupid will use his bow and arrows, and the under classman who dares to swipe or demolish in any way one of these hearts is seriously in danger of a life time penalty.

The party will be progressive in nature—the first step of progress being taken when the Seniors go from the dormitories to Thaw Hall second floor. The chairman of the entertainment committee has some very unusual games planned and every one is going to have a gloriously good time, even the chaperones.

Fearing that raids may be planned and executed the refreshment committee hesitates to divulge any secrets pertaining to the nature of the food to be served but we will say for the benefit of the public that the decorations will be elaborate and the whole party one of such popularity that the other classes can only envy and dimly hope to mitate.

GIRL SCOUTS ORGANIZED

Every girl should know something of the practical side of everyday life. There are many opportunities given on College Hill for this, but there is nothing here that can give exactly what the Girl Scout Organization gives. The girls that are Scouts have found that the things studied and learned in the work are very essential and important.

The troop, which has not met since the holidays on account of examinations, will now resume its work. There will be weekly meetngs, the date and hour of which will be arranged for all and announced later, in chapel.

This semester the troop has planned some very interesting scout work. Special instructions will be offered on the following Merit Badges: Citizen, Cooking, Homemaker, Hostess, First Aid, and Laundress. There will also be other scout work taken up.

Work first and then rest.—Ruskin.

HIGHLAND LASSIES PLAY FOUR GAMES ON TENNESSEE TOUR

Coach Bond and Lassies On Four Day Road Trip Thru West Tennessee.

MAY PLAY RAIL-LITES

T. P. I., Peabody College and Middle Tennessee Normal Sextets Furnish Opposition.

Coach Bond and his Highland Lassies are engaging in their first oad trip of the basketball season.

The squad left Wednesday morning for Cookeville where they encountered the Tennessee Polytechnic sextet.

Thursday night the Lassies met their strongest rival, the Peabody Teacher's College team. Last year the Lassies were defeated by the teachers and were determined to have revenge.

Tonight Middle Tennessee Normal will furnish the opposition. The Normalites trounced T. P. I. 30-16 so the Lassies will find the Normalites a worthy foe.

A game with the feminine division of the famous Chattanooga Rail-Lites has been tentatively arranged for Saturday night.

No reports of the games have yet been received but a full account of the trip will be published in the next issue of this paper.

THE CHRISTIAN ASSOCIATION A PLACE OF INTEREST TO COLLEGE MEN

(By Dexter Greybeal)

College Life to some students evidently will call to your mind the incident when the two men went out to view a landscape. The first man *only* saw a few dead saw-logs on the hillside, while the other saw a galore of beautiful daffodils as they glittered in the sinking rays of the setting sun, the silver lining sympathizing with the golden beams in the repelling light beneath the rippling waves of the little brook.

There are some students who are continually longing for the close of the college year and anxiously awaiting their graduaton, yet during their stay here they are missing the spice of life in College.

Each Wednesday evening just after supper a big bunch of fellows gather over in the 'Y' auditorium and have a good time for about thirty minutes.

The fellows who come are working students, they are looking for relaxation. The time is devoted to very interesting and refreshing entertainment. The short program of the 'Y' is varied so as to gain the appreciation of every fellow who attends.

The 'Y' is the biggest organization on College Hill. it takes precedence over all clubs and societies, for it is a combination of all and every man is a member.

The 'Y' cabinet is composed of different men who are interested in every activity on the Hill. This is why every man can be interested and highly entertained by coming on Wednesday evenings.

The programs are full of 'pep'. Get your mind off of work for a few minutes and learn something about the news of the world in general.

A man who is good enough to shed his blood for his country is good enough to be given a square deal afterward. More than that no man is entitled to, and less than that no man shall have.—Theodore Roosevelt.

FEBRUARY MEETINGS TO COMMENCE NEXT TUESDAY FOR 48TH ANNUAL SERIES: DR. BARTLETT TO PREACH

DR. BARTLETT
Who will lead February Meetings

The One Object Is To Lead Men and Women To Christ.

MEETINGS FOR TEN DAYS

Dr. Bartlett Is a Maryville Man—Has Led Meetings Three Times.

The annual revival meetings will begin the chapel next Tuesday morning.

The February Meetings of Maryville College will soon be able to celebrate their semi-centennial. The first series was held in the old chapel in Anderson Hall in 1877, and was conducted by Rev. Dr. Nathan Bachman. From that time to the present the meetings have been held annually, and long since they came to be an acknowledged and universally honored institution of the Hill. So conclusively have they commended themselves to Maryville College people that they have won the sympathy, hearty approval, and enthusiastic support of directors, faculty, student body, alumni, and friends of the institution.

Their object is so sane, vital, and far-reaching that every thoughtful man and patriot must approve and applaud it. As President Wilson said in his chapel talk last Tuesday, as he was introducing the meetings to the new students, the time-honored and constant object of the February Meetings has been the creation and development of character, preparation and inspiration for usefulness, and the right decision of our eternal destiny. The meetings seek to introduce all that come within their influence into loving fellowship with our divine Lord and Master, who came to give men character, to make them useful, and to grant them eternal life. A glorious object, indeed, is this triple objective.

The methods employed in the meetings are such sane and reasonable ones as so noble an object demands and such as college men and women appreciate. The appeal is to the noblest qualities and to the highest ideals. Unselfish self-surrender to God and humanity are the appeal of this Christian crusade. The calm and deliberate decision in favor of God and his Kingdom are sought by the addresses, the songs, the interviews, and the prayers of Christian friends.

And who can estimate or overestimate the happy influences set in progress over the entire earth by these meetings! There have been two thousand five hundred students who have begun their Christian life in these forty-eight series of meetings, while several thousand of professing Christians have attained to a higher plane of Christian life as the result of the meetings.

Ths year the February Meetings will begin on Tuesday morning,

(Continued on page two)

STUDENTS CONDUCT PRAYER MEETINGS

Fifty Men Take Part in First Evening of Discussion Groups

Approximately fifty fellows took part in discussion group prayer meetings in Carnegie Hall, the first evening they were launched.

Attendance is increasing and interest is growing in these meetings. Four are held in Carnegie, one on each floor. Competent leaders direct the meetings.

Of interest to all. These meetings are held with the purpose of working up interest and enthusiasm for the February Meetings. Beginning last Tuesday, they will continue through discussions on questions which are

The topics for discussion beginning Friday, January 30th. are as follows:

How much does loyalty cost?

How can we face life without worry?

What makes a person successful?

What can Christianity do for the world?

How should we use our time?

What makes religion stand the test?

How can we conquer discouragement?

How should we get ready for a new day?

What is faith?

Can a fellow have a good time and be a Christian?

What good does it do to pray?

Can we believe that life does not end?

What is the soul?

Fellows are interested in discussing such questions, and are receiving help from the discussions. The meetings are fostered by the Friendship Council. Charles Johnson having the direction of the work in the hall.

The group prayer meeting in town are also beng well attended, and much interest is shown in them. Raymond Anderson has direction of the meetings in town, and reports that live discussions are being held at Calloway's, Goddard's, Romig's and Honaker's. Much good is being done through these meetings and and their influence will long continue.

A small group of fellows meet every morning at 6:30 A. M. in

(Continued on page two)

STUDENT VOLUNTEER MEETINGS OPEN TO ALL STUDENTS ON THE HILL

There is one organization on the Hill of which little is known. It meets every Thursday after supper and has excellent programs; yet few know about it.

This group invites all who are deeply concerned in altruistic service to attend and take part in the discussions. Those who are members are known as Student Volunteers; but the meetings are open to all.

SYSTEM OR NO SYSTEM

With the passing of the little blue book season the clamor for and against an honor system has somewhat subsided. Yet during last week the lack both of honor and of system was all too evident. There was cheating in the classroom and it must be admitted, however much the truth may hurt.

Whereupon the supporters of an honor system rise up and say, therefore, we must have a System of Student Honor. At the same time the opponents of such theories declare that it all goes to prove that an honor system will not work. That is true too.

Systems never converted a man—and yet systems are indispensible to the working of a civilized group of intelligent individuals. The more or less momentous question of whether there should be an honor system at this college does not depend on the ability of certain organizations to carry out any theory of student honor. It depends on the individuals. If you have a right-minded student body there will be plenty of honor and you can have any system you may wish, but if there are individuals who aren't particular about the honor they keep, no system will apply to them.

COLLEGE HIKING

In all probability there will soon be a state park in the Smoky Mountains near Maryville, which may later be incorporated as a National Park. It is a strange fact that in a student body of several hundred young men there is no organized effort to become more fully acquainted with the noble grandeur of that section of the East which has characterized in the report of the committee on a national park as "easily first in beauty."

Other colleges, less fortunate than Maryville in respect to their proximity to scenery of unmatched beauty, have definite hiking organizations with regular scheduled hikes into the mountains. These organizations build up and own a system of trails and cabins, so that it is possible to spend the week-ends in the mountains. There is no reason why Maryville should not have such an organization, either independent or under the direction of the Y. M. C. A.

Such an organization would fill a deep and long-felt need. With the expenditure of a relatively small amount of time and money the trails and cabins could be constructed, and regular week-end hikes could be conducted. By acquainting its members with the beauties of nature and by bringing them into closer contact with the sturdy mountaineers, this organization could prove of inestimable value, here and now.

—R. C.

THE PERISCOPE

In introducing The Periscope as a weekly feature of the Echo it is the writer's purpose to comment on the various phases of college life as they exist at Maryville. We have no desire to assume the role of a petty fault-finder and any criticisms which may be offered in the column are written in the spirt that they may help to correct various detrimental practices which exist on the Hill. Furthermore we will welcome the views of our readers on these or other subjects. All communications should be addressed to The Periscope and dropped in the Echo box in left front doorway of Anderson Hall.

* * * *

Agitation for the honor system which slept so peacefully during exam week will probably be renewed with great fervor. Queer that the time which would have been so opportune for finding the real attitude of the student body should have been overlooked, isn't it?

* * * *

The basketball tactics, especially the reverse turn employed by some professors on exam days seems to be ample proof that the faculty is not unanimously in favor of the system.

* * * *

The Highlanders' splendid victory over Tennessee last week would have been even a greater triumph if every student had acted the part of a real sport. Such a spirit as was evidenced by some over enthusiastic rooters cannot fail to detract from Maryville's reputation for good sportsmanship.

* * * *

Here's a happy thought for those who are having visions of a June bride and a cute little bungalow.

If you ain't got nothin'
And your gal ain't got nothin'
Don't try to be in a hurry to wed——
'Cause nothin' plus nothin'
gives nothin'.
And nothin' don't chew like bread.

—The Davisonian.

* * * *

Right now at the beginning of the new semester is a good time to turn over a new leaf in study, moonshine and everything else. One reform which we strongly advocate is the inauguration of a "Pay As You Go" plan to replace the "Bum As You Go" plan which is so prevalent among a certain class of fellows.

Y. W. NEXT SUNDAY

The discussions which have been going on in Y. W. C. A. for the last three weeks have been most helpful and thought provoking to all those who attended. But the one which will mean the most to us is to be on next Sunday afternoon at one-thirty in Thaw. The room will be heated and Miss Henry is to lead the discussion. Thus we can be comfortable physically while we enjoy the mental and spiritual help she will give us.

The meeting early in the fall which Miss Henry led is remembered with a great deal of pleasure by all girls. The one next Sunday bids fair to be even more inspiring.

The Public is an old woman. Let her maunder and mumble.—Carlyle.

HIGHLAND FLINGS

M. C.

It's a cinch that Dr. Hussey doesn't favor an honor system.

M. C.

Matriculation was not done in alphabetical order when they came to the lower classes. Probably figured that they hadn't got the alphabet yet.

M. C.

The boys in Carnegie didn't need smoked glass to see the eclipse, simply looked through their windows.

M. C.

Ad in the Roanoke Weekly;
College Clothes
Two Pairs of Trousers.

M. C.

Goodnight says he signed up for the Physiology of Absolence.

M. C.

The spirit of the honor system was illustrated by Mr. Morrow when he turned in an unscratched blue book and wrote down that he had neither given nor received help.

M. C.

Now that we have a course in story telling by Mrs. Ham, the next step is a course in Plausable Alibis, by Mr. Ham.

M. C.

For every he there is a she,
For every A there is an E;
For each and every line of bunk
Some one of us will surely flunk.

M. C.

Vance says the only course he changed was the one in moonshine. Maybe he flunked in the first semester.

M. C.

Required Psychology Responses

1. An ass'n is a league. The American ass'n is a league in class B baseball. Aristotle had several laws of association and Woodworth went him one better and compiled a few of combination.

2. Perception is when you see something that isn't there.

3. Fallacy is something that is logical and can be proved beyond the shadow of a doubt.

4. The four elements of a good personality are
A Cadillac
cash
a good line, and
some clothes.

M. C.

Why don't someone kid the Dean about brushing the cat's teeth and then kicking himself out of the door.

M. C.

'Tis better to have loved and lost
Than never to have necked at all.

M. C.

Two of the boys were looking for rooms in town.

Boys: "This is a good place, but where is the bath?"

Landlady: "I thought you were college boys looking for a room just for the winter."

M. C.

With Broomall runnning off to see dancing shows in Knoxville, it seems lucky that the Meetings will soon be here.

M. C.

The last line,
"Quiet, Girls!"

Students Conduct Group Prayer Meetings

(Continued from page one)

Alpha Sigma Hall to pray for the February Meetings. This group has been meeting for the last two weeks and reports some inspirational meetings. The effect and influence of all these groups is immeasurable. Great good is being done, and interest is being manifested which will be in evidence in the February meetings and even after they have closed.

Miss Mary Lichlyter was the week-end guest of Miss Emma Carson recently.

Mrs. Holmes and daughter, Madeine '24, are visiting on the Hill as the guests of Miss Myrtle Ardis.

MARYVILLE TROUNCES TENNESSEE BUT BOWS TO RAIL-LITE ATTACK

(Continued from page one)

home floor.

This will be Maryville's first encounter with the Lebanon cagesters and they are counted one of the strongest opponents on the season's locket.

This will be the last home cage event until February 13th. when Transylvania will attempt to remove the stain of the two close defeats they have received at the hands of Honaker's men.

The excellent reputation of Maryville teams when playing away from home is brought out in the following report of the Highlander—Rail-Lite game taken from the Chattanooga Times:

Considerable encomium is due the Maryville athletes and the score of 36-22 does not fairly indicate the closeness of the play. The Highlanders had something akin to a stone-wall defense and it was with the greatest difficulty that the Rail-Lites penetrated it, using opportunities accurately won the game for Redd's men.

Captain Veech went out on four fouls, but his play had been so spectacular that he was given a big cheer. After he left, the score indicates there was some diminution in the defensive power but it was hardly perceptible.

The Highlanders were working faster on their feet than the Rail-Lites. McMurray was their leading pointmaker and McCall also shared in the offense, with Reed and Thompson substitute forwards, also scoring. The defensive play of the Rail-Lites was called into play more than at any previous time this season, and rose to the emergency in the pinches. Harry Cate saw to it that there were few easy shots at times, the Highlanders spoiled their work by over-eagerness in shooting; for they were able whenever they got the ball out of the jam under their own goal to give the home athletes a merry chase down the floor, after arriving ahead, with Harry opposing three men. On several of these occasions instead of feinting a shot and compelling Harry to guard, so that the ball could be passed to the open man, the player with the ball tried a shot. But for this tendency, the speed with which the red-clad mountaineers flitted in and out among the Rail-Lites would have produced many more scores. And, at any rate, they had the pleasure of giving the home team a real scare.

The Rail-Lites scored nine points before Maryville started but they did it by the hardest kind of plugging against the invaders' five men defense. Then Maryville steadied and it was hoss and for the rest of the half which ended with the Rail-Lites ahead by 15 to 7.

Redd and Lauter had led the home scoring, while Phillips, who has been sick, was playing a serviceable floor game. Morphew was moving about in the pass work but couldn't shoot. Opening the second half, field baskets by McCall and McMurray put the visitors within four of a tie. The Rail-Lites pulled up to ten, then the Highlanders began a rush, McCall, McMurray and Thompson, that raised their total to 18, three points behind. It was a nervous time, as the visitors were outplaying Redd's team visibly for the moment, even taking the ball away on their dribbles and intercepting their passes.

Just as on Saturday night, however, the Rail-Lites when threatened, stepped out gracefully, Lauter cutting in for a pass from Phillips and a score, Redd dribbling down the middle and getting another one from in front and Shep then lifting in a spectacular goal from near center. These six points dissipated the threat, though the visitors battled on and came within seven points; at the finish, the Rail-Lites were pulling away again. Benjamin adding a goal and speeding te attck.

The line-up:

Maryville (22)		Rail-Lites (36)
Shores	forward	Lauter
McCall	forward	Morphew
McMurray	center	Redd
Musick	guard	Cate
Veech	guard	Phillips

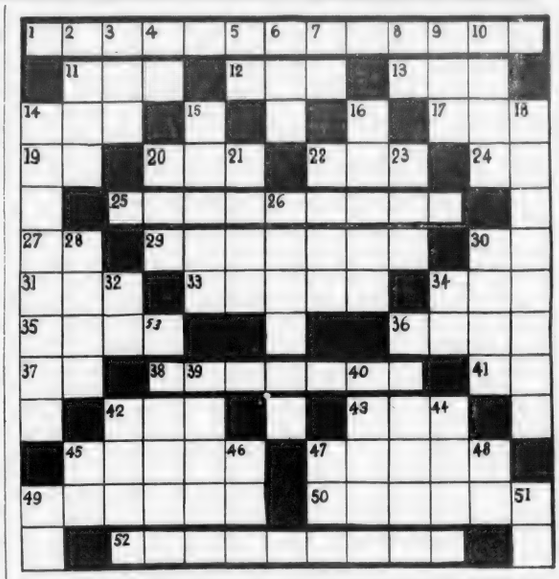
THE HIGHLAND ECHO CROSS-WORD PUZZLE

(The staff presents this puzzle for the amusement of its readers. There is no prize offered. Like virtue, this solution is its own reward. Next week the correct solution will be printed in the paper.)



Key.

Horizontal.

1.—A high-class newspaper. (2 words.)
11.—Part of tennis equipment.
12.—Initials of veteran basketball player.
13.—A Japanese fish.
14.—What you did at Pearsons the last meal.
17.—Prefix meaning three.
19.—Miss Molly's answer to foolish requests.
20.—To bend downward.
22.—Sample of baby talk.
24.—Common preposition.
25.—The best college in the country.
27.—Nickname of star debater.
29.—Name of one of our promising young Freshmen.
31.—Most used word in Latin Language.
33.—Rigid. (Spanish)
34.—Possessive pronoun.
35.—Term applied to ignoramuses.
36.—Partner.
37.—Common conjunction.
38.—Institution where football is played.
41.—Where you go Sunday morning (ab.)
42.—Title of Ph. D. holders, (pl.)
43.—Slang for hat
45.—People. (German).
47.—Favorite game with the rougher element.
49.—Chinese silk.
50.—The way sheiks wear hats.
52.—The sunny state.

Vertical.

.—Common preposition.
3.—A cheap exclamation.
4.—Height. (ab.)
5.—In the year of our Lord (ab.)
6.—How some of these boys get a woman.
7.—Dance Music (ab.)
8.—French conjunction.
9.—A woman who talks too much.
10.—Local Chemistry authority.
14.—Administrative building of the College.
15.—What these engagements will make a man do if he is not careful.
16.—Interjection for Ho there.
18.—Proper attitude for class room.
20.—Saint (Portugese)
21.—To fetter.
22.—Yellow like gold.
23.—Slang for old.
26.—Manly.
28.—Common moonshine term.
30.—What the Dean wants to see you about.
32.—Member of Parliament. (ab.)
34.—On account. (ab.)
36.—Engaged Ministerial student.
39.—East (German)
40.—Having a lustrous surface.
42.—Small impression made by striking.
44.—Godesses (Latin)
45.—Biblical Exclamation.
46.—Poetical expression for even.
47.—A French negative.
48.—Royal navy. (ab.)
49.—Post Office. (ab.)
51.—A common preposition.
53.—To force or crush down.

A BIRTHDAY PARTY

On Saturday night, January 24th. a surprise party was given in honor of Miss Mary Louise Black's birthday.

Those present were: Misses Mary Louise Black, Vera Bowden, Ellen Cowan, Prudence Fitzgerald, Jamie Carr, Reta McCall, Ruth Phillips, Buena Hixson and Florence Black.

When the guests entered the room a large, white cake decorated with candles and the initials of the honor guest, adorned the center of the table.

After refreshments were served of cake and cherry sundaes, the rest of the evening was spent in making candy and popping corn.

Old students are glad to learn that Lucille Denny, Noah Webster, Miser Richmond and Sam Hembree are again on the Hill and plan to continue their scholastic pursuits during this semester.

FEBRUARY MEETINGS TO COMMENCE TUESDAY

(Continued from page one)

February 3, at 8:10 o'clock, under the experienced and efficient leadership of Revs. William T. Bartlett, D. D., and Sidney E. Stringham, Dr. Bartlett was born on College Hill, while his father, Dr. P. M. Bartlett, was president of the College. He grew up a Maryville College man, and he admirably embodies the "Maryville spirit". He knows Maryville College student life, and loves Maryville young people, and is coming to them to conduct for the fourth time a series of February meetings, with the sole desire and purpose of helping them in making the greatest of all high resolves. He was one of Maryville's greatest baseball players, and he takes lively interest in Maryville athletics. He is a strong speaker, and will, as usual, win the hearts of his hearers.

Maryville is also fortunate, indeed, in securing again—now for the fourth successive year—the services of Rev. Sidney E. Stringham, of the East Chattanooga M. E. Church—as leader of the music during the meetings. He is deservedly a great favorite on the Hill, and will triumphantly lead our singing during these days of momentous interest.

Now, let everyone back these meetings to the very fullest extent of his might and main!

Quite a number of students who were in school last semester are not going to be here this semester. Among them are Wallace Merwin, Howard Frame, Julia Lowery, Beryl Moody, Norma Walker, Mary Stinecypher, Blanche Davis, Mary Arnold, Thelma Whitted, Beulah Rankin, Lewis Trotter, Virginia Lavinge and Bonnie Cochran.

We are such stuff as dreams are made of; and our little life is rounded by a sleep.—Shakespeare.

LITERARY SOCIETIES

Alpha Sigma

The Alpha Sigma Literary Society has now a new and better constitution.

Attention should be called to this one important revision: Any active member shall become an associate member after he has absented himself five consecutive meetings without a reasonable excuse. The status of an associate member is fixed by the constitution.

The society will listen attentively next Saturday when some of its members compete for the oratorical prize pin. ''Patriotism'' by Rodgers, ''Advantages of College Education'' by Patterson, ''The Rise of Islam'', by Eitner, and ''The Great White Race—It's Last Stand'' by Broomall—these are the subjects and the contestants.

Bainonian

The Bell-Hop Minstrels visited Bainonian last Monday night and scored a howling success as far as musical comedy is concerned.

Mr. Bell, and Mr. Hop, the end-men were especially good and brought down the house with their repartee and good acting. They actually had some jokes that were new and funny at the same time.

Texas hasn't read Milton or Shakespeare, but she has red hair; and Miss Mollie can't get into heaven—according to these wise philosophers.

The Bainonian orchestra is something that every one enjoys and forgets to praise. It was very helpful to the program Monday night and good, as usual.

Theta Epsilon

On Saturday evening, January 17, a Kipling program was given. Bland Morrow read one of Kipling's stories. Margaret Murray sang ''The Gypsy Trail'' which was well rendered. Sara Sheffield recited ''When Earth's Last Picture is Painted''. Virginia Clark recited the ''Ballad of the East and West''. Jeannette Alford read another of Kipling's stories. The program was enjoyed by all present.

On Monday evening, January 26, a musical program was given. Solos were sung by Miriam Boyd, Bland Morrow and Marian Williams. Familiar songs were sung by all girls. ''A Perfect Day'' was sung at the end of the program being very appropriate to the end of the semester.

Theta girls are urged to make a new resolution this semester, and attend Theta meetings every Saturday evening.

Athenian

On next Saturday evening, the Athenians will be entertained with a vocal solo by Mr. Raymond Anderson.

Following this number, the B. T. Jody Oratorical Contest will be held. Mr. Jody is an old Athenian, and desiring to develop oratory in the Society, he has promised to give an Athenian pin to the winner of the contest. Four members have taken this opportunity of winning a pin and the subjects as follows:

''The Challege of Leadership'',
Mr. Edward Cornelius
''The First Man'',
Mr. Hunter Robinette
''The Law's Delay''
Mr. Henry Welbon
''The Pursuit of Truth''
Mr. Charles Johnson.

Every member should be present if he wishes to hear some real orators and to see who wins the Athenian pin.

(Recently acquired bits of Freshmen wisdom, offered as an additional argument for the pessimistic attitude of life.)

I saw the rabbits in the field where they were making hay.

There are two ways of chiseling machinists that are equally effective at present.

Tall buildings are steadfast to the ground.

A mad hornet is not tangible.

The peasant's child was killed by an atrocious animal.

The man has a tawny complexion.

The preacher pacified the audience with his melodious voice.

eating an apple.

The deer is a deciduous animal.

As long as war is regarded as wicked it will always have its fascination. When it is looked upon as vulgar, it will cease to be popular.—Oscar Wilde.

He who has truth at his heart need never fear the want of persuasion on his tongue.—Ruskin.

HAD YOU HEARD THAT

M. C.

Mr. and Mrs. Burney Acton announce the arrival of a young daughter, Carol. Mrs. Acton was Miss Mary Biles before her marriage. The romance started when the two were students at Maryville in 1921.

M. C.

The campus is losing some of last semester's most attractive girls, it is true, but some equally attractive ones are coming in. Among them are the Misses McCurray, Strickland, Corwith, Cauth, Henry, Galbreth, Alexander and Heigh.

M. C.

Mrs. Alexander has recovered from her fractured arm and is meeting her classes in her delightful manner. The classes in literature managed to get along during her absence, but they are all expecting to get much more out of this semester.

M. C.

There will be two shifts of practicioners this semester. Elizabeth Montgomery, Helen Miles, Elizabeth Moore, Edythe Moore, Louise Morelock and Mabel Higginbotham are to be in the Practice House the first part of the semester. Miss Knot is to be supervisor.—Careful boys.

M. C.

To do two things at once is to neither.—Publius Syrus.

Confess yourself to heaven;
Repent what's past, avoid what
is to come.—Shakespeare.

'Bama Team Here Next Friday Night

The Highland Echo

Music Quintet In Lyceum Monday Night

Official Student Publication of Maryville College

VOL. X. MARYVILLE, TENNESSEE, FRIDAY, FEB. 13, 1925 NO. 18

9 GAMES CROWD LAST OF SEASON

Independent Team From Cincinnati Plays Here Tonight. Fast Play Promised

TRIP TO VIRGINIA

Four Games To Be Played On Foreign Courts—Tennessee Game Ends Season.

High class basket ball with an inter-sectional flavor will be the menu dished out to Maryville fans Friday night when the Highlanders will match talents with the Cincinnati Collegian quintet, one of the most brilliant collections of cage stars that has ever invaded Southern territory.

The game was carded the latter part of last week when Transylvania's scheduled trip fell through. The Collegians are an independent ameateur team backed by the Guarantee Trust Company of Cincinnati.

In the last three seasons the Ohioans have lost only two games out of a total of seventy-nine contests. Every man on the team is of championship calibre. Among and composing the bulwark of the Cinci team are three players from the Cincinnati Y. M. C. A. Wildcats of two years ago which won the national championship. Another luminary who wll appear in the line-up is William Keck, formerly of the Brooklyn Y. M. C. A. team. The keystone of the visitor's defense will likely be Eddie Coons, two year All State guard from the University of Cincinnati.

Following a series of light workouts and a full day's layoff last week Coach Honaker has given his charges the most strenuous drill this season, and the Highlanders will be in tiptop shape for the big event.

Coach Honaker and eight of his basketball followers will leave Monday morning on the second and most

(Continued on page three)

GLEE CLUB PREPARES FOR MANY CONCERTS

Week Trip To Be Taken In East Tennessee During Last of April.

Frivolity and jollity, the melody of voices, the harmony of friends, sightseeing tours, rich banquets and loudly applauded concerts; all these are connoted when the schedule for the Glee Club is announced, including the sixth annual cocert tour.

Manager Gamble has secured the best and most extensive schedule ever undertaken by the College Glee Club. Concerts at Harriman, Cleveland, and Athens will be given around the first of April. In the latter part of April the real prize of the season comes in the form of a one wek's trip through East Tennesse.

The Club will give programs at Greeneville, Moristown, Johnson City and Bristol. The grand finaly to this career will be the home concert in Voorhees Chapel, about the first of May, when Maryville will enjoy the talents of its own musical club.

There have been a few changes in the personel of the Club. Mr. Robert Bishop has been taken into membership. He will sing second tenor. Mr. Albert Cook, a leading member of the bass section last year, will sing basso profundo on the quartette.

ALABAMA HERE 20TH

Blue ribbon event of the Maryville basketball season will be staged Friday night, the 20th, when the Highlanders will meet the Alabama University quintet on the floor of the Alumni Gym.

This engagement promises to be one of the greatest athletic classics ever seen at Maryville and Coach Honaker's warriors are determined to win. The visitors will be led by a former Highlander cagester in the person of Slim Carter who old students will remember as one of the greatest basketball players to be produced here.

SCHEDULE SET FOR SPRINGTIME SPORT

Highlanders Face Heavy Schedule—Road Trips and Many Home Attractions Tentatively Carded.

Only a few more weeks and the plop of a ball into the padded glove and the crack of the willow meeting the horsehide will be heard on Wilson Field when Coach Honaker sets about moulding the 1925 Highlander baseball club.

Prospects are uncertain but the season will probably reveal hitherto unsuspected geniuses at the national past time.

At any rate the Highlanders will face a heavy schedule for quite a number of stellar attractions have been arranged by Manager Prince and many games are still in the process of arrangement.

The tentative schedule arranged thus far follows:

April 8—Detroit ''Tigers'' at Knoxville
April 20—King College at Bristol
April 21—Emory and Henry at Emory, Va.
April 22—East Tennessee Normal at Johnson City
April 23—Tusculum at Greeneville Tennessee
April 27—East Tennessee Normal at Maryville
May 4—Harriman at Harriman
May 5—T. P. I. at Cookeville
May 6—Cumberland University at Lebanon (two games)
May 15—Birmingham Southern at Maryville

In addition to these games three games have been arranged with the University of Tennessee, place and dates to be agreed upon later, and negotiations are under way to bring Mississippi University, Indiana University, here and return engagements with King, T. P. I., Emory and Henry, and Cumberland may be played here.

MINISTERIAL ASSOCIATION

The February Meetings have been of special benefit to all the ministerial students. Strengthened in their faith by the work of the two leaders, they have also received a larger vision of their calling by their personal work among the students during the meetings.

On February the 18th. at 4:30 p. m. the Ministerial Association will have its regular meeting at the Alpha Sigma hall. During that meeting the members will be asked to tell of their experiences in their work for the meetings, and what they have profited from these experiences.

MUSICAL LYCEUM MONDAY NIGHT

Smith-Spring-Holmes Quintet Includes Noted Musicians And Composers.

THIRD LYCEUM NUBMER

Program Will Include Variety Of Classical and Popular Music and Readings.

The Smith-Spring-Holmes Orchestral Quintet will appear in the chapel on the night of the sixteenth and present a varied musical program for the third lyceum number of the year.

The Smith-Spring-Holmes Orchestral Quintet will render a popular and classical program. This orchestra has played together for many years and in almost every part of the United States. Two of their number, Mr. Clay Smith and G. E. Holmes are noted composers of popular music and band music.

There will be solos on the trombone, cello, violin, saxophone and voice. There will be saxophone duets, and several various trios. The ensemble numbers will be played by violin, 'cello, flute, basset horn and piano. A renowned reader will be presented with the company. It will no doubt be the most artistic and yet popular program that has yet been presented to Maryville patrons.

Mr. G. E. Holmes was flute soloist two seasons with Weldon's famous band of Chicago; assistant director N. H. D. V. S. Government Band; director one season of the Ben Hur Band; musical director and arranger for the well known John W. Vogel's Minstrels; teacher of harmony and instrumentation in Pryor's Conservatory one season. His music is used now by most of the bands and orchestras on both sides of the water.

Coyla May Spring has appeared before more people in the dual role of reader and soprano than any other reader in America. Her work is one of the features of this Quintet.

(Continued on page two)

CALENDAR

For week ending February 20

FRIDAY, THE 13TH

7:30 p.m.—Basketball at Alumni Gym. Varsity vs. Cincinnati Collegians.

SATURDAY, THE 14TH

6:15 p. m.—Men's and Women's Literary Societies Meet.

SUNDAY, THE 15TH

1:30 p. m.—Y.W.C.A. Service
7:00 p. m—Vesper Service, Voorhees Chapel

MONDAY, THE 16TH.

Varsity leaves on East Tennessee trip.
8:00 p. m.—Lyceum, Smith-Spring-Holmes Orchestral Quintette.

WEDNESDAY, THE 18TH.

THURSDAY, THE 19TH

6:15 p. m.—Student Volunteer Meeting. Theta Hall

FRIDAY, THE 20TH.

7:00 p. m.—Basketball, Varsity against Alabama.
8:00 p. m.—Recital by Phidelah Rice, Voorhees Chapel.

DR. BARTLETT'S HIGH POINTS

A revival of religion is not a shallow emotionalism.

It isn't history that makes an apostolic church; it is work.

Jesus Christ was a pessimist on human nature.

There is no place for a cross, for redemption, if there is no sin.

It is God that puts the twist in a fellow's life and makes him go to the right.

The fundamental principles of the Christian religion are grace and faith.

POWERS SCHOOL DEAN TO GIVE RECITAL HERE

Mrs. Hamilton and Miss Edwards Have Been Instructed By This Artist.

Mr. Phidelah Rice, dean of the Leland Powers' School of Expression, will give a recital in Voorhees Chapel, the evening of February the 20th.

Mon-acting is not a new thing to Maryville audiences, but this is the first time so great an artist in the line has appeared to them. Mr. Rice has a national reputation and he holds in his art a position of unexcelled authority.

Mr. Rice is principal of the Rice Sumner School and dean of the faculty of the Leland Powers School. Leland Powers himself says of Mr. Rice: ''I am an enthusiastic admirer of the impersonation work of Phidelah Rice. It has the characteristics of masterlines. It is spontaneous and virile and full of splendid human nature and truth. At the same time Mr. Rice is no haphazard performer; he konws the technique of his profession and the purpose and message of his play are brought out with the most careful judgment as to artistic values. Knowing the man as I do, with his cultivated mind, his clean heart, his clear head, and his winning personalty, I do not wonder at his astonishing success.''

Mr. Rice is coming here under the auspices of the Young Women's Christian Association. For his Maryville performance he will use the play ''David Garrick'' by T. W. Robertson. It is interesting to note that this is the play used by Leland Powers in his first appearance as a reader of plays. Mr. Powers was the first mon-actor and may be called the creator of a new art.

This play which Mr. Rice has read over a hundred times, is famous

(Continued on page three)

CHEMISTRY CLUB FORMED

The Chemistry students have met and organized this year's Chemistry Club.

The officers are: President, Jane Barber; Vice President, Clifford Drake; Secretary, Lois McCulloch; Treasurer, Mattie Sexton; Program Secretary, Albert Griffiths.

The next meeting is to be February the 17th., the third Tuesday of the month, which is the regular time of meting.

Those interested in this subject should watch for posters telling of the interesting program. All students who have had nine hours of Chemistry are welcome to the meeting.

MANY STIRRED IN REVIVAL MEETINGS

18th Series Comes to Successful Close In Friday Morning Service.

RESULTS FAR-REACHING

Dr. Bartlett Preaches Effective Sermons— Rev. Stringham Leads Singing With Hearty Support.

Once more the February Meetings have come to a successful end.

Many lives have been turned into channels of usefulness. The whole vast family of Maryville men and women everywhere are rejoicing at what has been done here.

Though the results of the meetings have not yet been tabulated, it is certain that they will not be disappointing and unsatisfactory.

The great leader of the meetings was Dr. Bartlett. His energetic manner of presenting the Gospel, his fervid zeal, and his passionate yearning for the saivation of lost souls have marked him out as truly a man of God.

He has also that happy combination of sincerity and frankness that makes any man listen attentively to him.

For his fourth consecutive year Rev. S. E. Stringham has lead the singing. The student body has ''fallen in love'' with him, as demonstrated by the hearty support he received, combined with his personal nterest in the meetings is his pleasing personalty.

Who knows how effective his singing has been? Who knows what soul has been lifted out of despondency and sin by the touch of his voice?

There is no doubt that many victories have been won for God. Many ives have been strengthened and reconsecrated. Much good has been done.

COED BASKETFERS SUFFER REVERSES

Trip Through Tennessee Results In Three Set-Backs—Hard Game at Peabody.

The Highland Lassies' next game will be played on February the 13th, on Maryville's floor with the Milligan sextette constituting the antagonists.

Last year the co-eds had little trouble in defeating the Milligan team, but it has been rumored that the latter has improved greatly this season and is planning revenge. The Lassies have had a stretch of hard luck, losing the last five games played—but they have not lost heart, and promise to give Milligan a fight which they will not soon forget, and which will prove interesting to spectators.

Maryville's co-ed cagesters have gone through a four-day road trip, during which time they played three teams and received triple defeat.

The first game, January 28th. was played at Cookeville, with the Tennessee Polytechnic Institute. Last year they played the Lassies at Maryville and suffered defeat at their hands, but this year told a different story. The Lassies went into the game with rather heavy disadvantages. A small court, and the

I preach not the gospel of ignoble ease, but the doctrine of the strenuous life.—Theodore Roosevelt.

THE MEETINGS

Once again the annual revival meetings have come and gone into history to add another link to the chain of Christian Righteousness for which Maryville College has always stood.

During the meetings a student complained that at this College there was too much religion and it made one think too hard. It is indeed the pride of this College that the Kingdom of God is first. And that something has been found to make the student think too hard, seems rather a unique distinction.

It is a strange thing that religion has been pictured as a cut and dried set of theories and laws which will soon shroud anyone who meddles therewith in gloom. What a lie has been created to hide the true facts and the true worth of Christianity!

Yet down through history there runs a sure line of men who have gotten beneath the encrustations of formal religion and found living vital reality. Such truth in all its fullness can be found only in the Christian Religion.

IT WON'T BE LONG NOW—

It won't be long now till spring will be here. We had a taste a few days ago of what it will be like, and when this left-over of winter is gone things will begin to move. There is a host of activities to fill the time, and we'll all be kept busy.

Before long the warm days will see the baseball squad limbering up, the rowdy tennis crowd will be out, and maybe the courts that were to have been ready for use when school opened, will be in shape by this spring. Already some of the track luminaries are getting the kinks out of their legs. Things will begin to stir soon, so let's all get into something and do something.

Of course it is easier to lie around on the campus and talk about how tired you are than to get out and stir yourself. But spring is the greatest season of the year, and spring fever should have no place in its program. But there were a few cases of it on the first warm days, though the patients recovered about Wednesday. Plenty of sassafras tea will be served at Pearson's, so there is no excuse for spring fever.

A real mountain hike, on a school day is being talked of; and we'll probably have a clean-up day. Something will be going on in the chapel every Monday night, and Tennyson's lines about spring and the young man's fancy are still correct.

The finest part of the year is almost on us, let's cheer up, take heart and make the most of it.

BLAME TALKERS

In a widely read magazine the remark was published, jokingly, we take it, that "About all graduation does for some men is to transform 'This darn place' into 'Dear old Alma Mater'." There is considerably more than a grain of truth in this. We see around us on every side men, and women too, who seem to delight in running down the college. They compare it in an unfavorable light with other institutions which they have attended, or at one time contemplated attending, failing, however, to explain why they came here in preference to these other vastly superior schools.

This habit of finding fault and of airing petty destructive criticism gives a far more unfavorable view of the fault finder than it does of the college. No one desires to be known as a chronic malcontent, yet many of us are branding ourselves as such by the attitude we take toward the school that is doing so much for us.

The college welcomes constructive criticism, offered in a friendly attitude, but rightfully should resent the perpetual harping on petty grievances. The college and the fault finders would both be better off if these aforementioned fault-finders betook themselves to the schools that show up so very favorably in comparison with Maryville.

THE Y. M. C. A.— ITS PURPOSE

The Y. M. C. A. is a part of a great movement; a Christian movement which is going on all over the world. The students Association is an integral part o fthis whole world-wide organization. It seeks through its various activities to give the students what is best for the development of a well-rounded life. It's right to existence on any campus depends upon the way in which it serves the students under its care. Through these columns it is hoped to give something of what the Association here on this campus is trying to do to serve the students in the best possible way.

Not only through its activities is the YMCA trying to be of service but it helps to create influences which are wholesome. It seeks to touch both the life of the individual and the group. It aims for the development of the three-fold man, the spirit, the mind, the body. The work of the different departments is planned for this purpose.

—Contributed.

(A summary of the work of the various deartments will appear in this paer each week).

MUSICAL PROGRAM MONDAY NIGHT

(Continued from page one)

Mr. Clay Smith was soloist and assistant conductor of Liberati's Concert Band; solo trombonist with the Kilties' Band; one season soloist with Richard's Concert Orchestra; first trombonist with Finney's Concert Band; trombonist with Rosenbecker's Orchestra; first trmobonist with Carl Clairs' Concert Band; trombone soloist with the famous Fourth Regiment Band during the St. Louis Exposition, where he secured the 18k gold trombone that took first prize for tone quality and finish.

Lotus F. Spring has been 'cello soloist with many leading orchestras. She studied 'cello under Benjamin, Thompson and Schoessling, all of Chicago. She is one of few leading lady soloists on this beautiful instrument possessing an eloquent, forceful bow.

Katherine Donald is a graduate of the Cincinnati Conservatory. Her violin work is especially brilliant, dsplaying a pure, sympathetic tone and splendid technique.

NINE GAMES CROWD END OF CAGE YEAR

(Continued from page one)

extended road trip of the season. They will be gone three days, and there is a game scheduled for each night away from home.

The journey comes to a halt Monday in Greeneville where they take on Tusculum's strong five.

The first game of a two-game schedule with East Tennessee Normal in Johnson City follows on Tuesday night. The return game of the card will be played here later.

Emory and Henry, known of old as tough opponents, will be encountered on the third night away from home, and should present the strongest opposition of all, as they have a strong team.

Emory, Virginia represents the end o the line and the Maryvillians will then do an ''about face'' and with three scalps hanging from their belts, hie themselves to their college home.

The biggest event of the cage season will then be staged here Friday night when the Highlanders meet Alabama.

They will then put forth every effort to round themselves into very best shape for the third and final game of the season with the University of Tennessee.

DEAN POWERS SCHOOL GIVE RECITAL HERE

(Continued from page one)

historically as well as histronically. It dramatizes the love story of the famous actor, David Garrick and tells how he nearly lost the woman loved because he was determined to show the world that anyone in his profession can be a person of honor as well as an artist. The many characters in this play present a difficult task of impersonation, which is accomplished by Mr. Rice in a way which delights both those who are interested in the art of the spoken word and those who merely wish to be entertained.

Maryville is particularly interested in Mr. Rice because of the close connection between the Department of Expression and the Leland Powers School. The Powers method is taught here and both Miss Edward and Mrs. Hamilton have studied under Mr. Rice. Another student of his is Miss Irene Bewley, who is pleasantly remembered by those who heard her read Cousin Kate here last year.

Winning the West

Irrigation by electrically driven pumps has made hundreds of thousands of acres of desert land in the Intermountain West blossom like the rose.

For a few cents a month per acre, electricity—the giant worker—brings the life-giving water from distant lakes and rivers to rainless valleys, producing rich harvests of fruits and vegetables, cereals and forage.

What electricity is doing for the farmer is only a counterpart of what it is doing for Industry, Transportation, City and Country life or any of the professions. It is a tool ready for your use and which, wisely used, will make the impossible of today an accomplished fact tomorrow.

How electricity does these things is important to the student in a technical school—but *what* electricity can do is important to every college man or woman, no matter what their life's work may be.

The General Electric Company provides for agriculture little motors that do the farm chores and great ones that operate mammoth pumps to irrigate vast stretches of arid valleys.

If you are interested in learning more about what electricity is doing, write for Reprint No. AR291 containing a complete set of these advertisements.

LITERARY SOCIETIES

Theta Epsilon

Tomorrow night, a very interesting program has been planned. Sarah Sheffield is going to read "The Reveries of a Bachelor" is going to be given. Have you ever seen an athletic wedding? Some of Theta's members do not know very much about hearts and valentines but Margaret Lewis seems to be very well informed on the subject and she is going to tell the audience about them.

Every girl who attended the trial held at Theta two weeks ago, enjoyed herself to the fullest extent. Myrtle Ardis made an excellent judge, and excellent lawyers were found in Mary Lily Sossomon or Rena Mae Anderson. In spite of the many pleas, the jury women pronounced the prisoner guilty and the sentence fell upon Willie Wilson.

Bainonian

Have you read Alice in Wonderland? You remember then, her friend the walrus?

"The time has come" the walrus said,
"To talk of many things,
"Of shoes and ships and sealing wax
"And cabbages and kings."

Now that the campus is back to normalcy, the societies will indulge in lighter topics and thoughts. Bainonian will furnish a relaxation for its members after the meetings. The society will give "The Sweethearts of The Songs" in a real Valentine Program, at Bainonian Hall, 6:30 p. m. Saturday.

Athenian

When the President called the society to order last Saturday evening the hall was filled to its capacity with members desirous of hearing some good orations, and they were not disappointed. From the five speakers, the judges chose Mr. Cornelius as winner of the Athenian pin offered by Mr. B. T. Jody, with Mr. Robinette second, and Mr. Johnson third.

At the next meeting, the society will have the pleasure of hearing the youth movement in Japan discussed by Motohiro Tanimura, who is well acquainted with conditions there.

Malcolm Thomson who has pleased Athenian audiences before with his delightful readings will read "The Perfect Tribute."

An instrumental duet will be rendered by Johnson and Wyse.

Ben Blackburn and Robert Wood will then debate the qestion, Resolved: That the United States should Cancel the Allied War Debts.

Gerald Bell will bring the program to a close with a Review of Reviews.

Y. W. READING ROOM SEEKS MAGAZINES

Y. W. Reading Room Committee Seeks More Material For Reading.

The Y. W. Reading Room Committee is seeking to increase the attractiveness of the room by securing a greater supply of magazines.

The need for such reading material in the Reading Room of the girls has been plainly shown by the repeated requests heard for old magazines to read. At the present time the Y. W. does not possess sufficient reading matter of this type to supply the demand. The girls of the College are requested to cooperate in this matter and help make the Y. Reading Room a more pleasant place to spend an idle hour.

Next Monday will be donation day, and the Reading Room Committee will be more than glad to receive any good material for this purpose. The Reading Room will be open for business all day.

CO-ED BASKETEERS SUFFER REVERSES

(Continued from page one)

unusual line-up of five players instead of six, checked them, so that in the first quarter T. P. I. got a lead, which they kept throughout the entire game.

January the 29th. found the Lassies at Peabody Teacher's College facing the hardest game of the trip. The score of 33-10 does not in the least indicate the fight put up by the co-eds. The game was quick, snappy, and peppy throughout and only the strong defnse of the Peabody team kept the score from being in Maryville's favor.

Here again the quintette method of playing was used and Kellar, jumping center for the Lassies showed some exceptionally good work.

On the 30th. the Co-eds faced the Middle Tennessee Normal quintette, which claims to be trying for the championship of Tennessee. They were beaten by Peabody by three points only. Here again, luck seemed to be against the Lassies, for, try as they might, they could not seem to keep their opponents from scoring. Many of M. T. N.'s points were made on free shots from the foul line. Keliar and Cooper were put on personal fouls while Heiskell, Farrar, and Hipp each had two against them. The Normalites on the other hand managed to get through the game with only two fouls called on them, and those in the last quarter.

The Lassies are now occupying most of their time practicing, and have determined to win every other game played this season.

LEAGUE BASKETBALL GAMES UNDER WAY

Five Teams Remain In Intra-Mural Basketball Tournament—Play Monday.

Five teams remain in the race for the championship in the basketball tournament which is being promoted by the Y.M.C.A. Five teams Bishop, Gillingham, King, Rosa have been eliminated by losing two games. Crawford and Givens are tied for first place with standings of .1000.

Two games are scheduled for Monday afternoon and the tournament will probably be brought to a close before the week is over.

The schedule Monday afternoon:
1:30—Schmidt vs. Hawn
2:30—Givens vs Harvey

Standings

Team	Won	Lost	Pct.
Crawford	3	0	.1000
Givens	2	0	.1000
Harvey	2	1	.667
Schmidt	2	1	.667
Hawn	1	1	.500

MANY STIRRED IN REVIVAL MEETINGS

(Continued from page one)

Here is one of Dr. Bartlett's sermons.

"IT IS FINISHED"
John 19:30

What is the subject of this sentence? What is predicated? What is it that is finished? Here is a sentence without a subject. But we have here a very simple statement that something has ended, has been completed.

Jesus says that the end of His earthly life is finished. We know this to be true, for thereupon Jesus lowered His head and His brief life was ended. He was a dead man.

These words are very solemn words, for they are the last He spoke.

Today I was in the cemetery walking among the dead. There I thought, as you have often thought, of the last words we have heard some loved one say. Oh how indelible those words are! They are impressive and never will be erased from our memory.

So it is with these dying words of Christ as He came to the end of His life.

These words are impressive because they are the words of a young man dying. How impressive it is to see a young man die! It is natural for an old man to die, but when a young man dies we listen to the last words that he speaks.

There is also in this brief sentence not only a descriptive statement, but a statement that tells of completion. There was nothing else for that life to do, for it was completed.

Yet here is a man who had completed His life. It is all there. All completed.

Young lady, what is there in the life of Jesus that is beautiful and lovely which you wish to be there that is not there? Is there anything you long to be that was not found in His life?

Young man, what are your ideals of life and character? All that you want in your life were in His life.

Men have studied His life, yet never have they found one like His. He was the Alpha and Omega. As it comes to an end, He says, "There it is, the finished life."

We have also in these last words of Jesus a declaration of accomplishment. The life that is ended and completed is the accomplished life. This cry, "It is finished", is the shout of exhaltation over accomplishment. It is the shout of joy. He had accomplished all things.

I stand here tonight in the name of the Son of God and I ask you to lay your sin on Him. Will you accept Him? honor Him? confess Him? He died for you.

ALABAMA PLAYS HERE TONIGHT

''Crimson Tide'' Basketball Team of the State University of Alabama Here Tonight.

VOLS NEXT TUESDAY

Four Day Trip Last Week Nets Three Victories and One Loss.

The ''Crimson Tide'' basketball team of Alabama will clash with the Highlanders in the Alumni Gymnasium at 8:30 o'clock tonight.

This team comes as perhaps the fastest and most invincible in the Southland. In the southern tournament they were runner-up in the finals with North Carolina. This year the team is even stronger, having defeated Kentucky State in a decisive manner.

The Highlanders have just returned from an extended trip of four games and will not be in the pink of condition, yet the old Orange and Garnet fight will prove to be made of stern stuff, and the Highlanders will repulse the invasion until there is a moaning of the tide.

The Highlanders won their first game by beating Tusculum 23-22 in a thriller.

East Tennessee Normal carried off the helfy end of a 21-20 score.

The Honaker team played a won-

(Continued on page three)

NEW DEBATES ARE ADDED FOR SEASON

Three Debates Scheduled With University of Tennessee. Freshman Men's Team Chosen.

Maryville's 1925 forensic program now includes three dual debates with her ancient and honorable rival, the University of Tennessee. In addition to the 'Freshmen boys' debate which has been scheduled for some time, contests between All Girls' teams and Freshman girls' team from the two schools have been arranged.

The preliminary debate for the selection of the Freshmen boys' team was held Monday morning and according to the judges who were Professors McMurray, Davis and Orr, the contest was one of the keenest they had judged and some very promising material was revealed. The men chosen were: Wilbur Franklin, Gordon Harold, C. M. Jones, Nathan Patterson and M. Jones, W. B. Jones, Nathan Patterson and W. Rogers. The question for both the preliminary and final is Resolved, that the United States Should Grant Immediate Independence to the Phillipine Islands. The debate will be held April 16th.

The question for the Freshman girls will be the same and their contest will be held April 25th.

Resolved, that the Japanese Exclusion Clause of the 1924 Immigration Act Should Be Repealed, is the question for the All-Girls' Team which will debate April the 14th.

Mrs. McMurray left Wednesday for an extended trip through the north and west. While away she will visit Cincinnati, Cleveland, St. Louis and Paris, Ill.

Ye Olde-Time Dope

And behold! it was noised abroad in many lands that there should arise out of the south, from the land of *Alabama*, a great flood of the ''Crimson Tide'', which should lay waste the earth in many places with great destruction.

Now it was in those days that there stood in the land of Tennessee by the high-place of Maryvillensis the great Highlands. And it came to pass that the Highlanders shouted with a great noise to see that the rushing of the tide would be turned, and that there would come a great backwash of that ''Tide'' to the land from whence it cameth.

EXPRESSION GRADS TO GIVE RECITALS

Gauding and Robinette First Men to Graduate in Expression at Maryville.

The Expression Department graduates the largest number of students in its history this spring when nine receive their diplomas. Two of these are men and are the first to graduate in the history of this department.

The growth of this department has been rapid, and it is becoming one of the most popular on the Hill. The great increase in the number of graduates and the fact that for the first time the department is awarding diplomas to men, testify to its increasing popularity.

All the graduates are Seniors with the exception of Miss Franklin, who is a member of the Junior class. Every one of them has appeared before the public this year in a play, either a midwinter or Expression Department play.

The recitals all give promise of being interesting. The following is a list of the graduates and the selections they will read at their graduation recitals.

Harry Gauding—The Will, a one act play by J. M. Barrie

Hunter Robinette—The Valiant, a one act play by Hollworthy Hall

Katherine Franklin—Rosalind, a one act play by J. M. Barrie

Mary Whittle—The Money Moon

Sara Sheffield—The Ghost Story, a one act play by Booth Tarkington

Georgia Belle Kuhn—The first act of Happiness, a play by J Hadley Manners

Alice Robison—The first act of Shakespeare's Taming of The Shrew

Virginia Clark—By Candlelight, a one act play

Perle Lambertson—The Lost Word, a story by Henry Van Dyke

MINISTERIAL ASSOCIATION

The program for the meeting of February the 25th promises to be of great interest to all ministerial students.

Ernest Frei will lead the devotional exercise. With the February meetings still on everybody's mind, Wick Broomall will talk about 'Our Liberty in Christ'. Ministerial students are always interested in things mumdane. For this reason Robert Lockhart will review current events as seen by a ministerial student.

FIRST SEMESTER HONOR STUDENTS

Eight Students Earn Quality Credits At ''Magna Cum Laude'' Rate.

91 HONOR STUDENTS

Eighty-Three College Members Are Potentially ''Cum Laude'' Students.

Now for a chapter on "The Bookworm's revenge''. There has been released for publication the rating in quality credits for the first semester. There are ninety-one honor students in the college according to this term's rating.

The following list includes those students who are doing work which will lead, in the first group, to a Magna Cum Laude, and in the second group, to a Cum Laude. Names have been grouped in a decreasing number of quality credits. Miss Croyle, the assistant registrar, deserves recognition for her work in compiling these statistics.

Those students, beside whose names an eastrick appears are taking the Smith-Hughes Home Economics course which includes a greater number of hours and consequently a larger number of quality credits required (about three) a semester.

Magna Cum Laude Rate

Stockton, John	51
Johnson, Charles	49
Porter, Evelyn	49

CALENDAR

For Week ending February 26

FRIDAY, THE 20TH.

7:00 p. m.—Recital, by Phidelah Rice. Voorhees Chapel

8:30 p. m.—Basketball, Alumni Gym. Alabama and Varsity

SATURDAY, THE 21ST.

6:15 p. m.—Men's Literary Societies, Anderson Hall

7:30 p. m.—Women's Literary Societies. Pearsons Hall

SUNDAY, THE 22ND.

1:30 p. m.—Y. W. Meeting. Thaw Hall.

7:00 p. m.—Vespers Service. Voorhees Chapel. Dr. Stevenson's Theme: Lessons from the Life of Washington.

MONDAY, THE 23RD.

7:30 p. m.—Basketball, Alumni Gym. Tusculum and Varsity.

TUESDAY, THE 24TH.

7:30 p. m.—Girls' Basketball, Alumni Gym. (maybe)

8:00 p. m.—Varsity Basketball with Tennessee, at Knoxville.

WEDNESDAY, THE 25TH.

5:00 p. m.—Ministerial Meeting Alpha Sigma Hall.

THURSDAY, THE 26TH.

8:10 a. m.—Sermon by Dr. Stevenson. Voorhees Chapel.

Phidelah Rice Here

Lovers of literature and the drama will make Vorhees Chapel their Mecca this evening at 7 o'clock when Phidelah Rice, mon-actor will read ''David Garrick'' one of T. W. Robertson's best plays.

Mr. Rice is a graduate of the Leland Powers School of Expression and is now dean of that institution. He is also principal of the Rice Summer School.

Mr. Rice comes to Maryville highly recommended by the best authorities and the audience can be assured of a high class program.

The net proceeds of the entertainment will go to the Y. W. C. A.

LIFE WORK CONFERENCE COMES SOON IN MARCH

Noted Leaders of Various Vocations to Lead Meetngs—Interviews To Be Held.

The fifth annual Life Work Conference of the ''Y'' Associations will be held here on the sixth, seventh and eighth of March.

This conference is just about as much of Maryville College now as the February Meetings.

This conference is very important and has attracted nation-widt attention among colleges. It's history goes back only five years, yet each year it grows stronger and more useful.

Fifteen vocations are to be represented by men and women who are competent to speak on the special vocations for which they are brought here.

Those who are undecided as to their life-work will have Rev. L. B. Hillis of the Presbyterian Board of Education to interview. Dr. Hillis will give the closing address on March eighth.

Prof. J. L. Kesler, Vanderbilt University, is to represent the vocation of teaching. He is one of the most outstanding educators in the South. Drs. Hillis and Kesler will conduct the chapel services on Friday and Saturday.

Religious education will be represented by Mr. P. E. Green who is already known to a number of students on the Hill.

Prof. Charles A. Perkins, professor of electrical engineering at the State University, will be here to here to represent the vocation of engineering.

Those who are interested in medicine will have the privilege of hearing Dr. M. F. Haygood who is di-

(Continued on page three)

UNUSUAL VALUE OFFERED

Girls, there's going to be a special treat in store for you. Now just keep your seats—it won't be ready 'til next Sunday afternoon, so don't yet in too big a hurry to have it.

This surprise will be served next Sunday afternoon in the Y. W. auditorium. Be sure to be there at one-thirty sharp, so you can get your full share. ''Mail or 'phone orders accepted, no C.O.D. or delivery of any kind, no refunds whatso ever. Come early and avoid the rush!''

GREAT RESULTS FROM MEETINGS

Forty-One Definite Conversions For Christ Made From the Student Body.

348 RECONSECRATIONS

Closing Meeting of the Series One of Most Impressive Ever in Chapel.

No series of February Meetings in recent years have made a deeper impression upon the thoughtful students of College Hill than have those conducted this year under the leadership of Rev. Dr. William T. Bartlett and Rev. Sidney E. Stringham.

The meetings were characterized throughout with forceful earnestness and dependence upon prayer. Dr. Bartlett's messages were clear and impressive. Mr. Stringham's leading in song, and his own singing of the gospel, reached many hearts. The attendance, in proportion to the number of students on the Hill, was unusually large from night to night; and the after-meetings were filled with earnest, prayerful students and teachers.

Practically all of the individual work for individuals was done outside of the meetings themselves, and a large number of serious-minded students voluntarily sought

(Continued on page three)

STUDENT COUNCIL PLANS ACTIVITIES

Many Plans For a Bigger and Better Maryville Discussed At Last Meeting.

In spite of much unjust criticism the Student Council is busily engaged with plans for a bigger and better Maryville. At the last meeting of the Council various plans were brought up which will be presented to the student body in due course of time.

The fact that the student body is unaware of the work that the Council is carrying on was discussed at some length and plans for a Publicity Campaign were laid. The committee which will have the duty of keeping the student body informed of the Council's actions is composed of Ethel Sharpe, chairman, Dorothy Roney and Ruby Harrison.

The question of Student Honor was brought up for discussion and the committees on that topic gave their reports. A system is being formulated which will be presented in detail to the students in the near future.

A Booster Committee was also appointed to advertise the college to high school graduates and others who plan to enter college. Sam Richeson, George Crawford, Jack Wheatly and Ruth Schubert were appointed on the committee.

Campus Day committee was appointed with Vera Scales, chairman, and Eleanor Franklin and Marie Elmore assistants. Plans for the annual clean-up day were discussed.

It was proposed that a standard ring for all Maryville students be adopted and a committee consisting of Robert Harvey, Raymond Anderson and Agnes Houghton was appointed to investigate the matter.

A detailed report on each of these questions will appear in this paper next week.

Truth crushed to earth shall rise again; the eternal years of God are hers.
—William Cullen Bryant

THE YES MAN

Today there is altogether too much indefiniteness in the thinking of man. There is a spirit of compromise advocated by so-called "politicians" who would sacrifice truth for expediency.

* * * *

Of late years there has come into the world a new sort of philosophy. Relatively, it is called. In the field of science it has been advanced by the great Einstein. It permeates all reaches of human thought. It holds that truth is only relative, that there is no ultimate reality. What is true for one generation may be false for the next, according to the changes in the mind of man.

It has been considered diplomatic for a man to humor the prejudices of others and acquiesce to beliefs in their presence and to laugh at them as "no longer tenable" behind their backs. We find great educators teaching one thing, while they believe a quite different.

This is also true with religion. A whole flock of "modern" religionists think to have struck upon a new conception of morality; God simply is a conception in the mind of man, that therefore He is bound to change, and that there is no final right and wrong. God is no longer "without variableness, and shadow of turning".

* * * *

From time to time it appears that over the country a preacher is deposed from the pulpit because "he no longer can hold the beliefs of former times", and some bishopric will have its leader unfrocked because he has changed his beliefs. That is all right to change his beliefs; but there has appeared an unreasonable attitude of injury on the part of the "heretic". He would continue in the job which gives him his bread and butter when he is no longer loyal to the ideas to which he has once sworn. He is in reality the "wolf in sheep's clothing." It is as if a German traitor had been discovered in this land during the war and had been grieved because he had been asked to leave.

What has this to do with a college man?

* * * *

A whole lot. To get right down to practical life: there is a kind of student who compromises and puts expediency before truth in even small matters. He is your "time-server", "politican", "lounge lizard". He never contradicts the words of another, he always agrees. He can perfectly easily agree with two people of contradictory opinions, if they aren't both present at one time. He wants to be not only a good mixer, he can curse with the worst and pray only with the best; and out of the same mouth there comes blessing and cursing. He is plausible, and always agreeable. He never says no at the wrong time. He is the "Yes Man".

What we need today is a little more rock-bottom truth. More black and white conviction, and less of this backboneless mentality which puts expediency before reality.

HOW TO LIVE A SUCCESSFUL CHRISTIAN LIFE

The greatest evangelist has said that "if one is not shown how to lead the Christian life which he has thus begun, his life is likely to be largely one of failure".

It is of fundamental importance that one learns at the beginning of his Christian life what the requisites of successful living are. They are few and simple.

An open confession of Christ before the world is absolutely necessary. The Christian warfare is not a secret affair. Discipleship that partakes of that nature is unreal and unstable. The Saviour says plainly: "Whosoever therefore shall confess Me before me, him will I confess also before My Father."

The study of God's Word is equally essential. For spiritual strength and instruction we must go to the Bible. "Thy Word have I hid in mine heart, that I might not sin against Thee". The Psalmist must have been a young man when he wrote: "Wherewithal shall a young man cleanse his way? By taking heed thereto according to Thy Word".

Prayer is another requisite. Prayer is what connects us to God, that tells Him our personal need, and gives our thanks to Him for blessing received. Prayerlessness in a Christian leads to the ineffectiveness. "Pray without ceasing"—be in the spirit of prayer at all times.

One of the greatest evidences of one's being a Christian is his interest and cooperation in Christan work. We urge the young Christians to join with those who are trying to help them. The C. E. society, the Y.M., the Sunday School and others afford excellent opportunities of showing one's faith. If anyone should want to do some definite, specific task he is requested to see the writer.

Finally, let it be said that being a Christian is not passively accepting Christ as our Savior. There is an obligation resting upon everyone professing His name: to grow in grace and knowledge of Him and to tell others of the blessed Redeemer.

—W.B.

J'EVER
WONDER what makes the WILD cat wild and at the SAME time think of the co-ED as a girl who can stand UNDER a piece of mistletoe and NEVER get a thrill? Well YOU can tell nothing about EITHER and if you could YOU shouldn't. As for SOMETHING to pet take your CHOICE but give me the WILDCAT, for I've noticed BRAVE men with cut lips that COULDN'T be blamed on a dull RAZOR. Perhaps it was a ROUGH road. I've detected them J'EVER?

A CAMPAIGN FOR CULTURE COMETH

Sane Discussion on The Practice of Wearing Apparel On The Campus.

In connection with its independent "Campaign for Culture", the Highland Echo will publish a series of short articles on etiquette, giving especial attention to the problems of dining room etiquette peculiar to Pearsons Dining Hall. One of these papers will be published in this column from time to time until the series is completed. The first follows here:

I.—The Question of Attire

This is a subject exceedingly delicate, and difficult to discuss. There is a wide range wherein the individuality of the wearer may be expressed. We shall attempt merely to lay down a few basic rules that should be observed by all. First, we shall take the question of men's apparel.

1. It is almost obligatory upon the young man who eats in a dining room so large and so public as Pearsons that he wear trousers. These may be of the following types—for breakfast, knickers; for lunch, riding breeches or overalls; and for dinner, semi-balloon, balloon, bell-bottom, parachute, or crinoline frilled. There need not be, however, a very strict observance of the distinctions in the kind to be worn to each meal, but, to all except the most informal of affairs, trousers *must* be worn.

2. The matter of shoes is more or less optional. Most men of good taste, however, prefer to wear shoes, as they help protect the toes from being scarred and bruised. There are no definite styles or rules by which we may go. Some of our more fastidious men still cling to the custom of wearing socks, and a few of these even persist in following the style, long obsolete, of wearing garters. There is nothing objectionable in this custom, but it is now considered unnecessary.

3. Shirts are usually worn to dinner and supper, but may be left off at breakfast. Gray or brown flannel shirts are allowable, but it is considered best taste to wear green or red checked flannels, commonly known as 'lumberjacks'. No well-bred young man will appear at a meal with a white shirt on. This is an unpardonabe breach of etiquette. As to ties, the Windsor is in the best taste. The ordinary four-in-hand may be worn, however, if it is tied with affected slouchiness, the knot hanging halfway down the shirt-front. Or, if the wearer prefers to have it tied closer to his neck, he must remember to put it *outside* his collar, and not under, as ties were worn years ago. In cold weather, sweaters may be worn. Coats are *never* worn.

A wider range of choice is possible in the question of the correct apparel for young ladies. It is usually desirable that the young lady wear a dress of some kind. This may be of any color or design, but a few suggestions are not out of place. The combinations of yellow, green, and purple, red, yellow, and sky-blue; orange, vermillion, and violet are favored more than any others. Many other combinations are permissible—thse are only suggestions. Sleeves may or may not be present. If present, they should be short, absolutely transparent, and cuced with a band of monkey or cat fur from four to six inches wide. The waist may be at any height, and the skirt of any length. But for the convenience of the young men, we would suggest that the waist line come about even with the elbow. It may be much lower, but it is not advisable to have the waistline below the knees on dresses of knee-length.

Stockings are insisted upon in society circles. These should be of sheer silk, of a pale flesh color, so as to be as nearly invisible as possible. The shoes may be of any type, style or size. Shoes with soles more than one inch thick should not be worn.

Philosophy triumphs easy over past evils and future evils; but those present evils triumph over it. —Rochefoucauld.

We have sufficient strength to endure the misfortunes of others.—Rochefoucauld.

LIFE WORK CONFERENCE COMES EARLY IN MARCH

(Continued from page one)

rector of public health at Knoxville.

Dr. Crothers will confer with those whose vocation is the ministry, and Miss Emmeline Harbison of St. Louis is representing Home Missions. Open forums are to be conducted on Friday and Saturday afternoons.

Individual interviews may be held with any of these leaders. Further announcements will be made later.

The manly part is to do with might and main what you can do. —Emerson.

GREAT RESULTS FROM MEETINGS

(Continued from page one)

interviews with teachers or with fellow-students to talk over the claims of Jesus Christ upon the individual soul.

Conviction of sin and a genuine desire to live a Christian life especially marked the closing meetings of the series. On the last morning of the Meetings occurred one of the most impressive meetings ever held on College Hill. Spontaneously, but without excitement, one or two students decided that they wanted to confirm their decision for Christ by walking down to the platform and giving their hand to Dr. Bartlett. Others followed, and within a few minutes, fifty-five young men and young women had quietly but resolutely stepped publicly into a new life in Jesus Christ. Many professing Christian, also, both nominal and active, reconsecrated themselves, in a ''Forward Step'' to higher levels of Christian living and Christian service.

So far as the results of the Meetings can be determined numerically, forty-one decisions for Christ were made, 348 ''Forward Steps'' were taken. The incalculable and eternal values of the Meetings are now added to those of forty-seven previous Meetings that have moulded and directed the lives of thousands of Maryville's sons and daughters. With hearts devoutly thankful to God for the manifestation of His grace and power, the college unites to ''praise God, from whom all blessings flow.''

INTER-RACIAL COMMISSION

There are six students from the Knoxville College for Negroes who are charter members of the Maryville, Tennessee-Knoxville College Interracial Commission.

This Commission is made up of six students from each of these three colleges who meet once a month to gain information and discuss Interracial relations in the United States.

The group takes turns visiting each college. Last Saturday the Commission held its meeting at Maryville. The Commission was fortunate in securing Miss Derricott of New York to speak. She is associated with National Headquarters for the colored Y. W. C. A., and is now working withh Miss Williams, among the negroes in the Haarlam section of New York City.

She made many thought-producing statements and among them was this, ''The Negroes of Haarlem tell me that the white people lie so much to them that they have to lie back to have an even chance''.

NOTES LITERARY SOCIETIES PLANS

ATHENIAN

The society will begin the program next Saturday evening by singing Alma Mater. All who have attended the meetings regularly, may see the progress made by the society in singing their college song. After this Edward Hamilton will make the walls of the hall shake with a bass solo. ''Red'' Brown will talk to the society about a sect of Indians known as ''Los Penitents.''

Arthur Young and Ben Blackburn will debate a question of current interest, That the United States should cancel the Allied War Debts. ''Shorty'' Cragan will send everybody away in a good humor by giving ''The Athenian''.

John Crawford, Jr., Editor

ALPHA SIGMA

The general theme of the program Saturday night is the life and work of James Whitcomb Riley.

Quotations at roll call will be from his writings.

A resume of Riley's life—showing how he rose from obscurity to fame—will be given by Calvert; and Riley's contribution to literature is to be summarized by Wiek Broomall, Jr.

Harry Gauding, as an interpreter of the Hoosier dialect that Riley used, will be entertaining in the reading that he gives.

With William Crowder on the program for a solo and Parks McConnell for the reading of the Alpha Sigma Advance, the society believes it is justified in asking all its members and friends to be in the hall at 6:15 p. m., Saturday night.

Wick Broomall, Jr., Editor

BAINONIAN

In order to accommodate the Annual Staff, the officers for the next term were elected last Saturday night. The results are as follows: President, Henrietta Smith; Vice President, Helen Miles; Secretary, Lucile Fondren; Program Secretary, Elizabeth Moore; Sergeant-at-Arms, Olive Price; Critic, Eleanor Franklin.

Such an executive force promises a continuation of the splendid service rendered Bainonian by her present officers. It remains only for each member to give to the officers the co-operation that they need and have a right to respect, in order to make this year the very best.

In direct contrast to the Valentine program, Sweethearts of the Songs, is the one to be given Saturday night, entitled Prose and Poetry. Some of the members have been expressing a desire for a literary program, so the program secretary has aranged this one with that idea in mind. Bainonians are urged to come and hear their interpretations of the selections on Saturday night.

Miss Anonymous Editor

THETA EPSILON

Theta girls should come to Theta Hall Saturday night, and be patriotic. A George Washington program will be given and regular members can't afford to miss it.

Girls dressed in costumes worn in those long ago days will dance for the society the old, yet ever new minuet.

Stories which are heard in childhood about George Washington will be retold. Patriotic readings and songs will also be a part of the program.

K. Whitted—Editor

ABOUT THE HILL

M. C.

Miss Sallie Vaughon spent the week-end in Harriman.

M. C.

Mr. Dale Marion is in the Lamar hospital with a case of scarlet fever.

M. C.

Miss Elizabeth Montgomery spent the week-end in Sevierville.

M. C.

Miss Elma Snipe spent a few days in Knoxville recently.

M. C.

Miss Lucille Timblin is suffering from a case of bronchitis, but is not thought to be seriously ill.

M. C.

Misses Harriet Green and Jack Warde went to Chattanooga for the week-end to attend Opera.

M. C.

Miss Beulah Rankin is in the Morristown hospital recovering from an operation for appendicitis.

M. C.

Miss Hanson spent Tuesday in Knoxville doing shopping for the class in Millinery.

M. C.

Misses Ellen Cox and Ethel Sharp spent the week-end at their homes in Seymour, Tennessee.

M. C.

Mr. Carl Bible spent the week-end at his home because of the illness of his father.

M. C.

Miss Jennie Montgomery, a former student of the college underwent an operation for appendicitis recently.

M. C.

Mrs. Sharp returned Monday from Gurly, Alabama where she has been visiting her daughter, Miss Irene Sharp.

M. C.

Rumor has it that a commercial fertilizer plant is being established on first floor Pearsons hall. The rumor was very strong on Tuesday.

M. C.

Miss Hilda Farnham went home for the week-end and contracted flu so that she was forced to remain away from the Hill for several days.

M. C.

Miss Margaret Weeks was called home last week because of the illness of her father. She remained away during the week-end and spent much of the time doing spring shopping.

M. C.

There has been quite an epidemic of paternal illness recently. Miss Rena Mae Anderson was also called away, because her father was ill. She returned to Maryville after a week-end at her home with a charming new spring wardrobe.

M. C.

News has reached the Hill of illness of Miss Vera Keen, a former student at Maryville. Miss Keen was operated upon for appendicitis in her home town, Wilmington, Delaware and is reported to be convalescing rapidly.

M. C.

Dr. Wilson is rapidly regaining his health and strength after a serious attack of bronchitis. He was compelled to miss all the latter part of the February Meeting because of his illness, and was threatened with penumonia, but it is reported that he will soon be able to go about his regular duties again.

M. C.

Due perhaps to the sudden changes in the weather recently there are a large number of cases of flu on the Hill. Some of the matrons pointed out the interesting fact, however, that many of the girls with ''flu'' on Monday at noon had recovered sufficiently by evening to attedn the Lyceum number at the chapel.

M. C.

BASKETBALL LEAGUE CLOSES TOURNAMENT

Crawford Team Takes Championship Game of Tournament—Defeats Schmidt Team.

By defeating Schmidt 34-19 in a fast struggle last Tuesday afternoon, the team of intra-mural basketeers captained by John Crawford emerged victorious in the series of games in the league.

A total of eighteen games were played and each was replete with thrills and excitement. A spirit of fair play and keen interest was manifest and this went to make the league of this season very successful.

In Goodnight and Sneed the Champs had the two high point men of the league, the first with approximately 11 points per game and Sneed trailing with a 7 point average. In the last game they shot 15 and 10 points respectively. That their teamwork was good is shown by the fact that most of their shots were crips. Eitner displayed his wares as not only a good defensive man but also as an accurate shot, a he showed in the final game by shooting for 7 points. Captain Crawford alternated with Cofer at center and guard while Cortner worked alternately with Eitner at guard. These men worked excellently and their defensive added materially to the excellent teamwork displayed.

The following men have been chosen as All-League calibre:

Sneed—Forward
Goodnight—Forward
Harvey—Center
Eitner—Guard
Crawford—Guard
Subs.: Givens, Cortner, Schmidt.

A game has been arranged between this All-League team and the Varsity Scrubs and will be played as soon as a suitable time can be set.

Final Standings

Team	Won	Lost	Pct.
Crawford	5	0	1000
Schmidt	4	2	.667
Harvey	3	2	.600
Givens	2	2	.500
Hawn	1	2	.333
Johnson	1	2	.333
Rosa	1	2	.333
Gillingham	1	2	.333
Bishop	0	2	.000
King	0	2	.000

To The Student Body:

For forty-eight years I have been thanking God for leading me to enlist in the service of Christ on February 12, 1877. For forty-eight happy aeons of the Christian life you and I shall be praising God for the eternity decisions made on College Hill on February 12, 1925, and during the other anxious and fateful and blessed days of these February Meetings; and when those forty-eight aeons are past, we shall have just begun our Christian life and service; for now we are ''heirs of God and joint-heirs with Christ.''

Praise God from whom all blessings flow!

And may God Almighty bless Dr. Bartlett and Mr. Stringham and all the rest who have battled for this forty-eighth victory on College Hill!

Samuel Tyndale Wilson
February 13, 1925.

LYCEUM POPULAR

Maryvillians have heard the sneezing, wheezing, grunting, moaning, raggy jazz of our town Drug Store Orchestra and the pure air and perfect classics of the great symphony orchestras but for the good, common folk of East Tennessee, Smith-Spring-Holmes orchestra sees to be the happy medium for a good night's entertainment. From the first ensemble, ''Life's Lighter Hours'' a composition of the two principle artists, Smith and Holmes, to the celebrated overture ''Raymond'', which some say was the best musical treat of the evening, the program kept each and every person alert and applauding for more. Perhaps never has a band or artists been so well received in Voorhees Chapel.

The company was long detained in the chapel by encores and applause, but the audience never got tired of the entertainment. The artists received a much deserved 'thank you' from the hands of the Maryville patrons. The fact that this is the fifth time they have been in Maryville shows that they are appreciated.

THE Y. M. C. A.— THE CABINET

The Cabinet of the Y.M.C.A. is made of the officers and men who are selected to act as chairmen of the standing committees. These men try through their committees, to make the Association fulfill its duty on the campus.

The president has the responsibility of seeing that all of the committees are properly functioning. The vice-president has charge of the Friendship Council and makes it work as an integral part of the Association work. The secretary, in addition to keeping the records, has charge of the reading room and store. It is the duty of the Treasurer to handle all funds and make the budget for the year.

This, in brief, is the duty of the officers. There are committees responsible for each phase of the work and brief summaies of their work will be given soon. The purpose for which any student Association exists has been stated very clearly by the National Council of Y. M. C. A. and through its committees our local Y is trying to reach that goal. The purpose is,

1. To lead students to faith in God through Jesus Christ. 2. To lead them into membership and service in the Christian church. 3. To promote their growth in Christian faith, especally through the study of the Bible. 4. To challenge the to devote themselves, in united effort to make the will of God effective in human society, and to extend His Kingdom throughout the world.

James Cunningham was operated on for appendicitis on Saturday evening, February 14, at Fort Sanders Hospital, Knoxville. He stood the operation well and at the last report was gaining strength rapidly. Messrs. Jesse P. Pierce and Harvey Riddle were with Mrs. Cunningham during the operation. Mrs. Cunningham arrived on Monday for a indefinite stay.

HIGHLAND LASSES FACE TWO GAMES

Coed Team To Play Two Games Here Next Week—Scrubs Also Play.

The Highland Lassies' season is not yet over, despite the many rumors to the contrary. Next week they meet two strong teams.

The Union College Sextette, on a road trip through this section of the country, will play here either Monday or Tuesday night, and East Tennessee Normal will be here on Friday the 27th.

The latter game, especially, will prove interesting. The Normalites, last year were considered one of the strongest teams in the South, and this year it is almost intact. They held the U. T. coeds to a tie score which means that there is a real basketball game in store for the Lassies.

The long period of presumed idleness has not dampened their spirits. To the contrary, they are in good condition and eager for battle.

On Tuesday night, the reserves are playing against Porter High School, on the latter's court. It is rumored that theirs is a scrapping team and that they are contemplating a swift and decided victory. The result, however, remains to be seen.

''Y'' ASSOCIATIONS NOMINATE OFFICERS

Nominating Committees of "Y. M." and "Y. W." Present Names—Elections in March

Nominating Committees of both Christian Associations have selected candidates to run for office next year. Election to office will take place early in March.

The work of these committees is tentative— nominations from the floor by any member of the association is perfectly in order. The officers elected in March will assume their positions before the end of this school year, and continue in office next fall.

The following men have been named in the men's association: For President; Raymond Anderson, Robert Bishop; for Vice-President; Charles Johnson, L. E. Milling; for Secretary, Dexter Greybeal, Robert Harvey; for Treasurer, Salmon Brown, Joe Gamble.

The following names have been selected by the women's committee: for President, Katherine Franklin, Vera Scales; for Vice-President, Mary Aleda Thomas, Elizabeth Kcown; for secretary, Nellie Johnson, Elizabeth Griffitts.

Further names may be presented for any of these offices at the time of election.

Not very long ago a most interesting basketball game was played in Harriman, Tennessee. The home team of the town was coached by an alumnus of the college, Shorty Sneed. Shorty was one of Maryville's greatest athletes and makes a very capable coach. The opposing team was also coached by a Maryville man, namely Mr. Othel Armstrong who is teaching in Spring City. Mr. Armstrong, despite of his name did not participate in the games the college played except as an enthusiastic supporter on the side lines. Mr. Armstrong received thorough and profitable instruction in athletics while in college, not withstanding outward appearances if such things can be judges by the results, for the Harriman team was completely whipped by Mr. Armstrong's sturdy young athletes.

STUDY HOUR TONIGHT 7 TO 9:30

Official Student Publication of Maryville College

VOL. X. MARYVILLE, TENNESSEE, FRIDAY, FEB. 27, 1925 NO. 20

DEBATE SEASON BEGINS MONDAY

Team of Stockton, Greybeal, And Pemberton Travel to Tusculum.

A TRIANGULAR DEBATE

Robinette, Johnson, and Thomson Meet King College In Voorhees Chapel.

The annual debate season opens Monday night with a bang, when Maryville engages in a triangular affair with King and Tusculum Colleges.

The teams will align themselves on the conventional affirmative and negative sides. Stockton, Greybeal, and Pemberton will comprise Maryville's affirmative team, which will travel to Tusculum; and Robinette, Julian Johnson, and Thomson will take the negative in the chapel against King College at 7:30 o'clock.

The question for debate, ladies and gentlemen, is That Congress should be Empowered to Override Decisions of the Supreme Court Declaring Acts of Congress Unconstitutional. Yes indeed, exceedingly difficult question.

Prospects are very gloomy for the local camp. Maryville never wins a decision on Tusculum's floor. Even four years ago when Maryville won five out of six of her debates, the loss was on the Tusculum floor Mr Stockton himself suffered a reverse there two years ago, while debating the coal question.

Moreover, in the last two years Maryville has travelled to King College and gotten the worst of the judges' decisions. Mr. Robinette himself, was a member of a team which lost at Bristol last year.

On the whole, however, these two Maryville teams will present a formidable attack, and there can be little doubt in the minds of loyal supporters that superior debates will be put out by these men.

SCHEDULE ARRANGED FOR TRACK SEASON

Meets With Tennessee and Sewanee Sure—Eleven Men Back.

The thinly clad artists of the cinder path are already beginning to make their appearance on the athletic field and through the country, jumping the fences, climbing the hills and crossing the branches on their cross country jogs. It is well that they are because Coach Bond will soon sound the call for both track and field men and a good start is a valuable asset.

Among those who will answer the call are eleven letter men, namely; ex-Captain Templin, Thomson, L. E. Milling, Mgr. Robinette, Morgan, Brown, Bishop, McMurray, Kinsler and Thrower. Places on this year's team will be earned through strong competition on account of the abundant supply of new and old men, including; Goodnight, Lorenz, Slemmons, Rohre, Reed, Hamilton, Bradshaw and others.

The schedule for this year's meets is not yet complete but a dual meet already has been arranged with the University of Tennessee for some time in April. Besides this a meet with Sewanee is practically certain.

College President Ill

Concern will fill the hearts of friends of the College to learn that Dr. Wison has suffered a relapse. aLst week he seemed on the road to rapid recovery, but now ''flu'' has followed in the wake of his recent case of bronchitus. Doctors have ordered close confinement and strict observance of the rules of convalescence. Dr. Wilson hopes to be recovered and out in time to conduct arrangements during commencement week. It is to be sincerely hoped that he will be sufficiently regained in strength to officiate at commencement.

LIFE WORK CONFERENCE TO COMMENCE FRIDAY

Programs And Meetings Are Arranged To Make Three Days Conference Full.

Next Friday morning at the chapel hour will begin the fifth conference promoted by the Y.M.C.A. and the Y.W.C.A.

The opening address will in all probability be delivered by Dr. Henry H. Sweets, of Louisville, Kentucky, on ''Choosing a Life Work''. This will be followed by the group meetings in which the students and leaders get together to discuss general principles. The remainder of the day will be taken up with interviews.

Friday afternoon at 3 o'clock there will be an open forum on ''Religious Education as a Field for Life Service'' led by Mr. P. E. Green of Chattanooga. This will last one hour. At 6:30 in the chapel Miss Elizabeth Webb of the National Board of Y.W.C.A. will speak on the subject, ''Internationalism''. Miss Webb has been to Europe and has been in close contact with students over there.

Saturday morning at the chapel hour Dr. J. L. Kesler of Vanderbilt University will speak on ''The New Social Order''. He will be here for the whole conference and will meet those students who are interested in Teaching as a life work. The groups will meet on Saturday at the same time as on Friday. Saturday afternoon at 3 o'clock there will be an open forum on ''Race Relations and the Christian Ideal'' led by Miss Emmeline Harbison of St. Louis. At 6:30 there will be a meeting in the chapel at which leaders from the Student Volunteer

(Continued on page three)

MINISTERIAL ASSOCIATION

The program of March 4, 1925 will be of even greater interest than the one enjoyed by the ministerial students last Wednesday afternoon.

Merlin Usner will lead the devotional exercises, then Floyd Geist, of the city of brotherly love, will speak about Presbyterian churches in his home town. Robert Lockhart will present current news as observed by a future minister.

All association members and friends are urged to attend this interesting meeting at 4:30 o'clock next Wednesday afternoon.

WORLD FLIERS TO GIVE TALKS HERE

Lecture in Chapel on Tuesday Night By Two of the Famous Aviators.

TO SHOW PICTURES

Lieuts. Harding and Thomas To Speak on The Trip—Direction War Department.

The thrilling experiences of the first round-the-world flight will be told in the chapel Tuesday night at 8:00 o'clock, when Lieutenants Harding and Lowell appear to give accounts of their trip.

Perhaps the greatest event of modern history since the war was the flight of the American air service men around the globe. The experiences of that trip are still withheld from the world. The scenes taken on the way around the earth will not be released until next Monday night, March the second. The famous round the World Flyers will present moving and steriоptican pictures in Nashville on March 2nd. On March 3d. they come to Maryville to make their second lecture on the events and importance of their little ''jaunt'' around Mother Earth.

Maryville is quite lucky to get this arrangement. They are guaranteed $1000.00 in Nashville for the lecture and showing of the pictures. They have agreed to come to Maryville on a percentage basis and no guarantee. They are sent out by the U. S. War Department to educate the American people on the value and importance of the flight around the world. These good looking soldiers, not only brave in their facing of all kinds of dangers in attaining this feat but equally interesting in the lecture which they are going to present, will certainly be a treat for any Maryvillian to hear.

Lieutenant Harding, a native Ten-

SUNDAY, MARCH 1ST

1:30 p. m.—Y. W. C. A. Service. Thaw Hall

7:00 p. m.—Vesper Service. Voorhees Chapel. Sermon by Dr. Griffin.

MONDAY, THE 2ND.

7:30 p. m.—Intercollegiate Debate, Maryville and King College. Voorhees Chapel.

TUESDAY, THE 3RD.

8:00 p. m.—Lecture by World Fliers, in Voorhees Chapel

WEDNESDAY, THE 24TH

4:30 p. m.—Ministerial Meeting, Alpha Sigma Hall.

THURSDAY, THE 5TH

8:10 a. m.—Sermon by Dr. Stevenson, Voorhees Chapel

8:45 a. m. and on—Campus Clean-up Day. No classes

3:00 p. m.—Senior Class Program.

FRIDAY, THE 6TH

8:10 a. m.—Opening of Life Work Conference. Voorhees Chapel.

College Pastor Ill

Consternation filled the chapel Thursday morning when the student body failed to enjoy the usual Thursday morning sermon. Dr. Stevenson is slightly indisposed, and unable to be out. Fortunately, the only thing wrong is a slight cold and the Doctor will be out in a few days. The students will be delighted to welcome Rev. Giffin, of Knoxville College, who will conduct the Sunday Vesper Service, in the Doctor's absence. Dr. Stevenson preaches in Birmingham on Sunday, but will return in time to inspire the student body with his customary eloquence next Thursday morning.

STUDENT VOLUNTEERS TO HOLD CONVENTION

Expert Speakers Will Conduct Sessions For Three Days.—Banquet Planned.

On the sixth, seventh and eighth of March Maryville will become the Mecca of approximately one hundred college students from schools of East Tennessee, gathered for the sectional convention, for Student Volunteers.

Fourteen colleges and nine Nurses' Training Schools will send delegates to this Student Volunteer Conference.

Among the prominent speakers who have consented to come is Dr. D. S. Hibbard of the Silliman Institute for Boys in the Phillipine Islands. Dr. Hibbard is acknowledged to be a fine speaker.

Mrs. Hume R. Steele, who is now student secretary of the Southern Methodist Board at Nashville, is also scheduled to be here and take part as a leader of discussion.

Of particular interest to the prospective medical missionary is the announcement that Dr. Hattie S. Love is coming. Dr. Love has served two terms in China and has established several training schools for nurses there.

Out of a wonderful experience on the missionary field of Siam, Rev. R. O. Franklin (the father of two students here) will give some of his practical knowledge of the problems that confront the missionary.

The secretary of the Student Volunteer Movement, Mr. Thomas Sharp, and Miss Cornelia Rollow, a Baptist college worker, are others who are expected to be on the program.

All sessions of this conference will be held in the Y. W. C. A. reading room in Thaw Hall. The

INTERESTING DISCUSSION AT Y. W. NEXT SUNDAY

Are you satisfied with your religion not as it's supposed to be, but as it is working out in your life? Is it making your life richer, fuller, or more joyous? Or has it become encrusted by a lot of less important things. There's going to be a chance for you to get the viewpoints of other girls on this subject at Y. W. next Sunday. Bring all your problems of encrusted religion and get them straightened out.

Lillian Robison, Editor

MARYVILLE LOSES TENNESSEE GAME

Great Game Played With Alabama University Quintet. Score 30-24.

LAST GAME TONIGHT

Maryville Loses in Hard Game With Volunteers—Score 34-15.

Playing with dogged determination and putting up a game fight until the last whistle the Highlanders dropped the final game of the series with Tennessee Tuesday night by a count of 34-15.

It was nip and tuck throughout the first half with Maryville leading for the first ten minutes and the score tied for the next five when Harkness tickled the net for a free toss and Burdette came through with a double counter, and Tennessee took the upper hand. Maryville was playing nice ball and the Vols had to fight desperately to gain the lead. McMurray made every point for the Honaker folks the first half. The initial period ended 11-8 in Tennessee's favor.

Tennessee opened the second round with a burst of speed and scored three times before ''Mac'' found the hoop. Gamble then dropped the leather in from long distance. Tennessee retaliated with two field tosses and McMurray garnered a pair of the same variety. The count then stood 15-21 with the Highlanders trailing.

Then came the beginning of the end. Burdette began to shoot with true Daniel Boone style from every position on the floor. Maryville responded by tightening her defense and kept the Vols at long range for the most part but they were equally effective at a distance and continued to score tid the last minute.

As far as stars are concerned that honor must go to McMurray

(Continued on page three)

COED TEAM SHOWS BRILLIANT FORM

Lassies Trounce Suprised Tennessee Team—Play E. T. Normal Tonight.

Nothing the least pessimistic is in this. No indeed. Perhaps the most revolutionizing reversal of form, since the sun ceased to move around the earth and Copernicus made an orbit system around old sol, is this: that Tuesday night, February 24th. the Highland Lassies won a decided victory from the Tennessee Coeds, on Tennessee's court. The score was 20-14.

Knoxville basketball fans, as well as a number of Maryville folks witnessed the game, and saw the Vollettes bow their necks in humble defeat to Bond's Highland Lassies. Upon two former occasions Tennessee defeated the coeds by rather overwhelming scores, and it was thought that they were merely going back for more. The result is sufficient proof that the Lassies were eager for just one more chance at the Vollettes in order to make them pay for the old scores.

The game started wtih Tennessee full of confidence and satisfaction that the game was already won, and the Highland Lassies anxious for

Life is real, life is earnest;
Life is but an empty dream.
—Longface

WHY SHOULD THE SPIRIT OF MORTAL BE PROUD

Man is the most feeble and peculiar of animals, absolutely helpless in the hands of nature.

* * * *

Mark Twain held a true idea of the limits of man. He calls him the most helpless of animals. Place him for a minute or so under a little water, and he drowns, lower the thermometer a few degrees and he freezes, raise it a little and he melts. Allow him to stray out in the forest and he is either devoured or else starves and shivers from lack of attention. Make him exert himself for a few minutes and he has to lie down and pant for his very life. Let a firm piece of matter touch him and he bleeds to death.

Mind is little better. The only way a man ever learns anything is by accident, the "trial and error" method. Most rare do we find a note of originality in humanity.

* * * *

The poets have remonstrated and said, "Be not like dumb driven cattle" but still the blind groping of man continues. To learn the least fact we have to squirm and cram, and then it is soon forgotten. We are just beginning to discover the peculiarities of the nervous system and the cumbersome means of cultivating the intellect of man. Put a new problem to a man and see how dumb he will act! All our education is simply the drumming in of facts into an unresponsive cranium.

The world of the spirit, of right and wrong, presents the greatest tragedy of man.

* * * *

The long tragedy of humanity is the waywardness of the individual human being. Even when he learns to know right from wrong, still he persists in the wrong, and his path is strewn with the thorns and bristles of existence. What countless millions of heart-aches and burdens have been endured by the great, silent masses of humanity. In the words of Burns there is echoed the cry of the whole race,

"To struggle awhile, to fall,
To rise again, and struggle on."

THE ESSENCE OF PESSIMISM

Schopenhauer was a wise philosopher, and he declared that life is not earnest nor real, but merely an empty dream.

* * * *

This German philosopher expressed a realistic idea of what life is worth. The following gives in general his philosophy.

"The human race presents itself by no means as a gift for enjoyment, but as a task, a drudgery to be performed; and in accordance with this we see, in great and small, universal need, ceaseless wars, cares, constant pressure, endless strife, compulsory activity, with extreme exertion of all the powers of mind and body. All strive, some planning, some acting; the conflict is indestructible. But the ultimate aim of it all—what is it. To sustain ephemeral and tormented individuals through a short span of life, in the most fortunate case with endurable want and comparative freedom from pain, which however, is at once attended with ennui; then the reproduction of this race and its striving. In this evident disproportion between the trouble and the reward, the will to live appears to us from this point of view, if taken objectively, as a fool, or subjectively, as a delusion, seized by which everything living works with the utmost exertion of its strength, for something that is of no value.'

Things that seem the biggest things in the world look infintesimal when viewed from a little distance.

* * * *

Maybe Schopenhauer was right. Is all the agony we go thru here and elsewhere to get an education and then to struggle thru the world worth the while, For a few years we work and worry, our lives seem all that really matter in the world. Then after a little while we are gone, and our petty troubles are thought of no more. Even while we are striving with some mighty problem that seems as if the whole universe centers in it, the rest of men go on without thinking a thing about it. So are all our worries, ambitions, and labors worth while? In a hundred years, what will they be? Even if we are remembered for a thousand years, what of it then? If we should go on and not let anything matter, and never worry, in the end it would all be the same.

Fame in college lasts for a little while, and then it is a thing of the past.

* * * *

The poet Gray saw the situation when he wrote the lines:

The boast of heraldry, the pomp of power,
And all that beauty, all that wealth e'er gave,
Awaits alike th' inevitable hour.
The paths of glory lead but to the grave.

Now we strain all our energies towards gaining notice and praise while in college. But in a few days we will be forgotten, and the deeds we performed and the mistakes we made will be buried in the past And yet we go on striving for these things, that in the end mean nothing at all. The false importance of college achievements, is the favorite theme of modern philosophers.

But we shall probably go right on worrying about dates, exams, clothes and all the petty nothings that are forgotten when another fad comes along.

SOLEMNITY DEMANDED IN ALL TRUE ETIQUETTE

Significance of The Smile Is Discussed and Analyzed—And Disparaged.

Students go about with innocent grins and smiles plastered over their bright and shining countenances all the time, because they are ignorant of the basic laws of etiquette. If they do not know, they should, that continual smiling is not only a serious breech of etiquette, but the most flagrant and shameless form of popularity-seeking. It were infinitely better to act sensible, and if popularity must be bought, to buy it by sensible means, as, for instance, frequently setting-up one's friends at the drug store. Whatever one does he should not go around with a perpetual smirk adorning his classic features.

We do not mean to say that smiles are not good things, but like cats, soft-boiled eggs and limburger cheese, they must be kept in their place. And their place is not everywhere.

No matter what students seem to be doing, they do it with a smile. Some of the empty-headed, befrizzled and be-chromoed local anaesthesias try to vamp the professors with a smile, and get a grade they could never get if they depended on their—on the cavity where nature intended brains should be. This use of smiles is dishonest and unfair to the rest of the students.

Smiles imperil the life of the good-looking and other men. Some blond or shoe-polish brunette flasher a "smile" to prove that she is not one "of the unfortunate four out of five", and "you just know she uses Pepsodent". And, if her plate doesn't fall off the roof of her mouth, this usually entraps the unfortunate male, and the god of smiles, wagging his tail and stroking his horns, counts or another victim.

Smiles encourage dishonesty. Squealing females, and animals that wear pants (long ones—they don't know what it feels like to get into gym suits), with stringy ribbons and pennants and sleeked hair, crowd into the gym or onto the athletic field, all smiling, and shouting "we're gonna win" when their better judgment tells them that they are lying. They know darn well that they won't win, but under the diabolical influence of smiles, they lie. And the devil shakes the hand of his colleague, the god of smiles, praising his efficient work in lowering the standards of human morality.

The well-bred man or woman smiles semi-occasionally, but for most occasions, he assumes dignified and proper nonchalance.

NOTICE TO GIRLS!

Y. CONFERENCE TO COMMENCE FRIDAY

(Continued from page one)

Conference will speak.

There will be no general meeting Sunday morning as the conference leaders will take part in the city church services. On Sunday, however, we are to have the privilege of having with us all day Mr. Charles B. Hurry, who is the secretary of the Friendly Relations Commission among students of the World Student Christian Federation. He will speak to all the students Sunday afternoon at 1:30 and possibly give the closing address Sunday evening at the Vesper hour.

The leaders who are brought here during the conference have a genuine interest in students and they want to help. The personal interviews are possibly the most valuable phase of the conference. Those who have charge of the leaders will begin booking interviews early next week. Seventeen vocations will be represented with a possibility of two more being added making this the largest conference ever had.

WORLD FLYERS TO GIVE TALKS HERE

(Continued from page one)

...ssean, and Lieutenant Lowell of the "Globe Flyers" will be the lecture accompanied by moving pictures taken on the...rs. Their lectures will be accompanied the way. These pictures have never before been shown to the public in any form. They are property of the War Department of the U. S.

Straight from the lips of Lieutenant Jack Harding comes his own personal story of the great adventure that has come to him and his brother Fliers. The story of "The First World Flight" will be personally told by Mr. Harding, in collaboration with Lowell Thomas, the official historian of the Flight.

It is the tale of how six American airmen skirted the arctic circle above the sea path pioneered by Vitus Behring; of how they made the first aerial crossing of the Pacific ocean; of how they flew over the huts and camp fires of fur trappers and traders; of bleak Kamchatka, and thence down the little known Kurile isles to Japan.

It includes a description of all the interesting people they encountered, from the half breed Aleut maidens of Unalaska and the hairy Mongols of the Kuriles to the pygmy boat-dwellers of the steamy Malay coast and the Eskimo of Greenland.

Tickets are on sale for students at Y stores for 35c.

Round the World Fliers Voorhees Chapel Tuesday

REAGAN'S CAFE

STUDENT VOLUNTEERS TO HOLD CONVENTION

(Continued from page one)

registration fee is $2.50. Anyone who pays this fee may attend the meetings.

For Saturday night, the eighth, at the New Providence Presbyterian Church a great banquet has been planned. The price for each plate is seventy-five cents. Among other prominent speakers the Prince of Abyssinia will probably be present.

The student volunteers who are here are doing everything possible to make this conference a success. The committee that is directing the conference is asking that the student body show to the visiting students a friendly spirit and a pleasant time.

Those who are responsible for this conference and who may be asked for further information are: Miss Harriet Green, registration chairman; Dorothy Winters, secretary of the East Tennessee State Union; and Anne Van Lopik, vice-president of the same union.

MARYVILLE LOSES TENNESSEE GAME

(Continued from page one)

for his brilliant work on defense. Every man played a clean hard game that is characteristic of Highlander teams and the gap between the scores fails to indicate the magnificent fight they displayed.

Friday night the Highlanders faced one of the strongest teams in the South when the Crimson Tide from Alabama rolled in and away with the hefty end of a 24-31 score. In one sense a defeat, another it was a glorious victory for a college team to hold Alabama to such a small margin of victory. To pick a star would simply be calling the roll for every man played a brilliant game and fought hard till the last second.

Monday night the Honaker team made it two straight over the clever little Tusculum five by a 45-18 count. The first half was marked by ragged playing but the second half the Highlanders warmed up to their task and dropped in basket after basket with machine-like precisions. The brilliant work of Pat Shore who garnered 19 points and played a bang-up floor game was the feature of the game. The team worked the smoothest and ran up more points when Thrower. Reid and Thomson were injected into the melee, each one accounting for one or more double markers, Thrower leading with 8 points.

COED TEAM SHOWS BRILLIANT FORM

(Continued from page one)

battle. For the first five minutes of the game neither side scored but finally the Vollettes started with two free shots from the foul line. Keller immediately followed this with a field goal for Maryville, and Hipp came close behind with a free shot. The first quarter ended with Maryville one point ahead, a score of 3-2. This lead was kept throughout the entire game save for a few minutes of the second quarter, when the Vollettes rallied to a two point lead. This was immediately overcome, however, in the same quarter, and the game ended with Maryville leading by six points, 20-14.

The game was a fast one. Numerous fouls on both sides did not seem to slow the action to any great degree. The guards clamped down on Tennessee's offense, limiting the number of field goals to three, which were made by Captain Lovelace. Maryville forwards on the other hand were playing real basket ball, shooting and passing all around the guards and intercepting out of bound plays. Painter especially deserves credit for finding the basket for the "crips".

The Scrub team played at Porter High School Wednesday and were defeated 27-16. They put up a hard fight, however. At the end of the first half the score was 15-2 but in the second half the score for Maryville began to rise and the points show that the scrubs beat Porter High 14-12 in the third and fourth quarters. Holland and Whittle starred for Maryville.

The game tonight is between the Varsity coeds and the East Tennessee Normal sextette. It will be a hard, fast game. Everybody out.

Line-up for U.T.-Maryville game

Maryville		Tennessee
Hipp (6)	F.	(c) Lovelace (9)
Painter (10	F.	Conley (3)
Kellar (4)	C.	Stradley
Heiskell	G.	Baird
Farrar (c)	G.	Farris
Cooper	G.	Harbert

Substitutions: Maryville: Kuhn for Heiskell; Kessinger for Cooper. Tennessee: Hazelwood (2) for Conley; Crow for Farris; Watkins for Harbert.

LITERARY SOCIETIES

Alpha Sigma

One of the most intricate subjects ever discussed in Literary programs here will be the central attraction in the Alpha Sigma Hall at 6:15 p. m., Saturday.

Bailey and Wheatley, two fraternity men, have taken the affirmative of the question: Resolved, That Maryville College should have Fraternities.

Opposing these staunch advocates of fraternities are two equally competent and equally enthusiastic supporters of the negative. These men are Usner and Rodgers.

Next to the Klan question, this probably is the most delicate kind of debate that could be held here. There are loyal men on each side and this loyalty will no doubt manifest itself Saturday night.

In addition, on this ''all star'' program the reading of the Advance by Gaines will make the time spent in old Alpha Sigma Hall entertaining as well as useful.

Wick Broomall, Jr., Editor.

Theta Epsilon

The slogan for Theta now is, No Man Wanted! What does it mean? Members should not stop to ask questions, but come to Theta Saturday night where a treat is assured.

A one-act comedy, No Man Wanted, will be presented. The purpose of the play is to give an insight into the lives of bachelor girls. The scene is laid in a bachelor-girl apartment whose occupants have said that they want nothing to do with men for a year.

The cast of characters is as follows:

Elizabeth Rawley - Ellen Cox
Isabelle Granger - Edna Dorough
Cynella Abercrombie - - - Jeannette Alford

Theta girls should come out and see if the bachelor girls are able to carry out their promise.

Kathleen Whitted, Editor.

Athenian

Next Saturday evening, a short program will be given.

After the society sings Alma Mater, Mr. John Johnson will play a piano solo, and he is sure to have an encore. A sect of Indians known as ''Lost penitents'' will be discussed by Mr. Salmon Brown.

The members are very fortunate in having an opportunity to hear Mr. Meikle read. Mr. Sarzis will conclude the program by presenting An Antidote for ''Pressing'' Cares.

All members be there.

John Crawford, Jr., Editor.

Bainonian

Last Saturday night the girls enjoyed the sections of the Bainonian Times—fashions, news items, jokes, and even Tillie, The Toiler.

The coming program is a play, ''The Romancers'', by Edmund Rostand, the eminent French playwright of Cyrano de Bergerac and Chantacleer fame.

The plot of the play is based upon the desire of two fathers for the marriage of their respective son and daughter. The situations which arise and the contrivance of the characters affords much amusement throughout the play. The action ends in the satisfaction of the two old men as well as the young couple.

Cast

Father of Percinet, Marion Holliday
Father of Sylvelte - Lucile Fondren
Villian - - - Nellie Johnson
Sylvelte - - - Vera Scales
Percinet - - Esther Grimes

—Bainonian Editor.

PERSONALS

—MC—

Miss Mary Tippit is spending some time in Nashville as a result of ill health.

—MC—

Miss Lina Hodges, '24, has recovered from the breakdown she suffered in the fall and is now teaching at La Fayette, Alabama.

—MC—

Among those from out of town who attended Mr. Rice's recital on last Friday night was Miss Irene Bewley, the guest of Mrs. West.

—MC—

Prayer changes things, or at least it has its influence. If you are not convinced consult Coach Bond or ''Jim'' Fawcett.

—MC—

Ex-Maryvillites who are coaching in upper East Tennessee met last Saturday night in Rogersville with their respective basketball teams.

''Tubby'' Sullinger's boys played L. E. Davidson's boys from Johnson City, ''Davy'' winning 41 to 15. ''Tubby's'' girls won from Eva Morelock's co-eds 20 to 9. To make it unanimous Schmidt refereed the games.

Altho Maryville won, it lost too, adding more pessimism to the present state of affairs.

A LIBRARY ADDITION

Recently the library has received a much needed set of Harvard Classics, which will be a boon to literature students on the Hill. The gift in itself is vauable, being estimated at about one hundred dollars.

The donor is a member of the Class of 1924, who contributed greatly to student life, while he was here. For his generous and continued support of Maryville, sincere thanks are extended to Mr. Verton M. Queener.

THE Y. M. C. A.—IT'S DEPUTATIONS TEAM

This in some respects is the most interesting phase of the work of the Y off the campus. The team is composed of about ten men who go out to the country churches and schools and put on entertainments. The programs are of a varied nature, usually consisting of music, readings, a short play, and an inspirational talk. The aim is to entertain those people who don't have the opportunity very often to hear programs of that kind. This service is given free and whatever proceeds come from the admission fees go to the benefit of the community. The only thing the members of the team get in return is the satisfaction of rendering service and usually plenty of good 'eats'. Two of these trips have been made this year and the chairman of the committee, Hunter Robinette, plans one each month for the remainder of the year.

CHEMISTRY CLUB MEETS

The Chemistry Club had a most interesting meeting last Tuesday night, for which two papers had been prepared.

Miss Mattie Sexton read a paper on ''The Contribution of Louis Pasteur to Medicine''. It is he who has taught the necessity for sanitation in order to avoid many diseases.

Following this, Miss Jane Barber read a paper on ''Pottery''. Miss Barber, who has lived in New Mexico where a geat deal of this work is found, showed the club samples of pottery which helped the members to understand all the more the intricacies of the art of pottery.

The regular meeting of the Chemistry Club will be held again next Tuesday night at which time the club will be entertained by Miss Clark and Mr. Drake.

Voorhees Chapel Tuesday

IMPROVEMENTS URGED ON COLLEGE CAMPUS

Room For Improvement In The Life of Students—Promptness at Chapel Desired.

There is much of a demand for reform in the ways of the world in general, and students in particular.

In the first place, the faculty desires to urge the students to get to chapel a little nearer on time, if it is not too much trouble. Chapel is ordered for 8:10 o'clock, yet every month finds more retardation, whereby the whole forenoon schedule is upset.

In the second place, the average rainfall for a year in this section is 58 inches. So far there has been less than 5 inches. It rarely rains here during June, July, and August, and in fall it only averages about 15 inches. This leaves about 40 inches for about 13 weeks between now and June. Ordinarily it rains about ¼ inch a day when it rains, so it is reasonable to figure that there will be rain about six days a week from now on.

Moreover the ignorance of students is appalling. Thomas A. Edison has proved by his system of college tests that the college student learns practically nothing during his four years in the institution. Even the simplest questions could not be answered by college men. This great scientist has gone so far as not to hire college men.

Leading men of affairs have showed how little the ordinary college man knows. In an investigation of the Atlantic Monthly into the knowledge of representative students reveals truly astonishing results. A number said that Boston is in Maine, others that Kipling or Poe wrote the Scarlet Letter, and half did not know who Arthur Brisbane was.

The wisest policy to be pursued under existing circumstances will be to reorganize the colleges along mere practical and entertaining lines. Abolish all tedious lines of study which may tend to develop studious individuals, and increase the social side of life. Perhaps introduce chairs n tennis and golf, have a systematic means of making the most of life.

WELCOME TO STUDENTS OF EAST TENN.

The Highland Echo

BASEBALL ENTER; EXIT BASKETBALL

Official Student Publication of Maryville College

VOL. X. MARYVILLE, TENNESSEE. FRIDAY, MARCH 6, 1925 NO. 21

FACULTY ORDERS NEW REGULATIONS

New Promotion Scale Announced—Quality Credits As Well As Hours Required.

LANGUAGE HOURS LESS

Total Number of Hours For Any Student Will Be Limited To Twenty.

The college catalog for 1925, which is now in press and will be ready for distribution about May 1st, will show some interesting changes, both in make-up and in curriculum requirements.

Most of the changes will be of interest rather to prospective students than to any who are already enrolled in the various classes. Some of the changes, howeve, are of interest and importance to every student.

The change in the curriculum requirement for foreign languages was announced to the student body a number of weeks ago, and in view of the fact that nearly all of the students, except the Seniors, found their work somewhat lighter because of the new requirements, the announcement was received with manifest approval on the part of the student body.

The same survey of educational conditions, however, that resulted in the revision of the foreign language requirement, brought to light the necessity of two other changes in keeping with the steady advance in the raising of educational standards throughout the United States.

One of these changes affects the promotion scale. As was announced in the rule book last summer, the

(Continued on page three)

STUDENT VOLUNTEERS COME FROM EAST TENN.

First Meeting Tonight In Thaw Hall—Delegates To Get Acquainted.

Student Volunteers, Maryville welcomes you!

The many new, "bright and shining faces" on the campus today gave ample evidence that the Student Volunteer Conference of East Tennessee is under way in nice shape.

Students are here from most of the East Tennessee colleges and Maryville students are showing them that characteristic hospitality.

The program for the conference has already been published and announced. There are, however, several things upon which a little extra emphasis may be put.

One of these is the banquet Saturday night at New Providence Presbyterian Church. Tickets may be purchased from any member of the committee in charge for seventy-five cents a plate. It is planned to make this a great "Get-together" meeting. In addition to the food, the menu of speakers is worth the price.

Then on Sunday the various churches in town will have their pulpits filled by conference speakers. Dr. Hibbard wi give an address at the New Providence Church and other able men are to preach at other churhes.

Personal interviews may be secured with any of the conference leaders. It is especially urged that everyone get the most out of the conference by attending all the meetings.

ECHO EDITOR ELECTION

Candidates for the Editorship of this paper for the coming year should give their names to a professor of the English Department Tuesday of next week. From these names and others a list will be made by this department, and the total list will be passed upon by the faculty.

The ensuing list of candidates for Editor will be made public, and after at least one week's notice, the president of the Senior class will call a meeting of the student body to vote upon the candidates presented.

Candidates for Business Manager will be called for in about a week.

LIFE WORK CONFERENCE NOW IN FULL PROGRESS

Students Urged To Take Advantage of Personal Interviews With Leaders.

Saturday morning Dr. J. L. Kesler, professor of Religious Education in Vanderbilt University and Southern College of YMCA will speak in chapel on "The New Social Order".

Dr. Kesler is one of the most popular men at Blue Ridge each year because of his deep interest in students. He is meeting those students who are interested in Teaching as a life work.

After Dr. Kesler speaks the groups will meet as they did today. Students are urged to take advantage of this opportunity to meet the leaders and talk over any life problems with them. Saturday afternoon at three o'clock Miss Harbison will lead the open forum on "Race Relations and the Christian Ideal".

Attention is called again to the fact that Mr. Chas. B. Hurry will be here Sunday and will speak to the young men in New Providence Sunday School and will give the closing address of the conference, on Sunday evening. Mr. Hurry has met students all over the world and has had a most varied experience.

The personal interviews, let it be reiterated, are perhaps the most valuable part of this conference. The leaders are here to be used. They will be glad to meet students to help them. —*E.C.*

Y OFFICERS ELECTED

Charles Johnson was elected president of the "Y" Association for the coming year, at the annual election held in Bartlett Hall last Tuesday night.

Lonnie E. Milling was elected Vice president; Robert Harvey received sufficient votes to place him in the position of secretary. Dewey Eitner will hold the purse for the Association.

The duly elected officers will assume office in the spring and continue their work till next fall.

HONOR SYSTEM PLAN TO BE VOTED ON BY STUDENTS

The Student Council at a called meeting, discussed the proposed Constitution for the Honor System and passed it. After it has been presented to the Faculty it will be presented to the students for their consideration.

CLOSING LYCEUM NEXT WEDNESDAY

Group of Notable Soloists Combine To Form A Great Musical Troupe.

FOURTH LYCEUM

Program Will Include Sketches, Dramatic Readings, Classical And Popular Selections.

Closing the lyceum course for the year, the Metropolitan Grand Quartet will appear at 8:00 o'clock next Wednesday for a recital.

This Quartet, organized and coached by Tom Lane of Cleveland, one of the best known and most talented singing organizations of the eastern section is to appear here March 11th at Voorhees Chapel.

Mr. Lane, now a leader and one of the prominent teachers in the musical life of Cleveland, will be remembered as the original organizer of the old Metropolitan Quartet which for years was generally conceded to be "America's finest."

It's a great group of songsters that Mr. Lane has chosen for the personnel of the "Metropolitan Grand". Each is a soloist of distinction, and Mr. Lane has chosen the four voices, not only with this in mind, but also with the idea of perfecting an ensemble which is second to none. They are four remarkably fine voices with group effects that rival the tones of a pipe organ. In their solo numbers they will be enjoyed as recitalists of marked attainment—in fact, a strictly highclass recital program is really what their entertainment amounts to. Heretofore their appearances have been limited to the more circumscribed area around Cleveland and Northern Ohio. A year ago Mr. Lane was persuaded to carry out a coast-to-coast tour for the Metropolitans because of the unqualified success which had followed their every appearance in their home locality. They have appeared at many noted gatherings, and have won unstinted praise everywhere.

Sketches, dramatic readings and other features will aid a touch of variety to the program. Their quartet repertoire is large and includes many classical arrangements as well as popular and semi-popular groups. A talented pianist accompanies the quartet, giving opportunity for proper rendition of some of their more brilliant numbers. A treat is in store for local music lovers when the Metropolitans appear here.

CALENDAR

FRIDAY, THE 6TH

6:30 p. m.—Address by Miss Betty Webb, on "Internationalism", Voorhees Chapel

SATURDAY, THE 7TH

8:10 a. m.—Address by Dr. Keslar, on "The New Social Order", Voorhees Chapel

9:00 a. m.—Conference Groups for various speakers.

9:00 a. m.—Opening Sessions of the Volunteer Conference.

6:00 p. m.—Banquet of Volunteers Conference. New Providence Church.

6:30 p. m.—Address by Dr. Sherril, on "Christianity a Religion of Youth."

SUNDAY, THE 8TH

10:30 a. m.—Addresses by Conference Leaders, in Churches

7:00 p. m.—Address, Dr. Hurry

BASKETBALL ELECTION

1925-26 Maryville cage machine will be captained by Pat (Robert) Shores who was elected by his mates at a banquet given by the retiring Captain Lewis Veech. Shores has just completed two years of service under the Orange and Garnet standard in which time he has twice earned "M's" in football, basketball and first base in basketball and baseball.

During the past season he was a big gun in the Highland offense and his brilliant floor-work and accurate shooting won the admiration of players and fans. Shores came to Maryville from Howard College in Birmingham, Ala. which is his home. He will graduate next year.

COED BASKETBALL TEAM VIEWED IN RETROSPECT

Four Stellar Players Have Played Their Last Game For Maryville.

"All's well that ends well". The Highland Lassies, having played their last game of basketball for this season, can turn their uniforms in, for the benefit of future teams, and turn their attentions out, toward the equally interesting activities of tennis, track and swimming.

Though the season, as far as scores were concerned, was not what might be termed a howling success, neither was it a flat failure.

The Lassies started their season with a victory over the Y. W. C. A. Red Jackets from Knoxville. From there on, they seemed to run up against hard luck. After losing two straight games to U. T. they departed for Nashville on a road trip, playing on three consecutive nights, T. P. I., Peabody College and Middle Tennessee Normal. Returning with three defeats, they resumed practice to meet Tusculum, Milligan and Centenary Colleges, with which home games had been scheduled. More disheartening luck ensued, however, when each one of these teams cancelled their games.

It was quite natural that the Lassies, when offered a chance to play the Vollettes in a third bout, were eager for the opportunity. And this time they were rewarded by a

(Continued on page four)

MARYVILLE WINS DEBATE

Defeating King College on the local floor Monday night, Maryville took the better share of a triangular debate with Tusculum included, although the latter was handed a two to one decision over Maryville's travelling team at Greeneville.

The Supreme Court question was discussed. Robinette, J. Johnson, and Thomson ably handled the negative side against King College, and Stockton, Pemberton, and Greybeal upheld the affirmative at Tusculum.

MOUNTAINEER SPEAKS AT CHAPEL

Mr. Franklin of North Carolina spoke to the student body Thursday morning. His talk was both entertaining and inspiring. He was one of a family of fifteen children, and lived away back in the mountains. At the age of twenty-one he left home with twenty-five dollars, and worked his way through Berea College.

SEASON REVIEW OF BASKETBALL

Normal Game Friday Night Closes Brilliant And Hectic Season.

NINE LETTER MEN

Three Veteran Men Play Last Last Game—Two New Men Letter.

The last milestone of the 1925 basketball season was passed last Friday night when Maryville severeiy trounced the Normal team. McMurray, Musick, Schmidt, and Thrower started and finished the game, and Schmidt refereed for their last time.

There are nine letter men this year; six veterans, and three men who letter for the first itme. Two of these are old squad men. The nine wearers of the basketball "M" are Captain Veech, Musick, McMurray, Thrower, Shores, McCall, Gamble, Thomson and Reed.

Captain "Bones" Veech has been one of the best captains and guards Maryville has ever produced. All season long his game has been characterized by such guarding as is seldom seen. Setting an example of hard playing for his team-mates, maintaining the spirit of absolute squareness, and with a minimum of complaint to officials, he will go down in the sport annals of Maryville as a great guard and a real leader.

"Briney" McMurray did not hit his stride until the latter part of the season, reaching the peak of perfection in his last game against the University of Tennessee, for it

(Continued on page four)

BASEBALL PRACTICE NOW IN FULL SWING

Forty-Seven Candidates Report At First Practice.—Seven Lettermen to Form Nucleus of Team.

Undaunted by King Winter's joy blasts forty-seven baseball candidates answered Coach Honaker's call Monday morning and practice for the 1925 season is rapidly getting under way. Late arrivals have swelled the size of the squad to more than fifty, so if quantity has anything to do with the quality of the team the Highlanders will have a strong club.

Seven letter men are on hand to form the nucleus of the nine. Bob Harvey, southpaw, was the only "M" twirler to report for duty and the same big problem of a pitching stac that confronted the coach last year still remains. However there are fifteen names of embryo hurlers on the roster and some good moundsmen may be developed.

Pat Shores at first base, and Captain Shorty McCall at short stop leave two gapping holes in the infield. The deficiency at second may be filled by "Appalachia" Shanks, letterman of the '23 team, who has played all over the diamond.

Tinker Franke, utiiity man of last season's outfit, is probably the best prospect for catcher and a host of untried receivers are on hand to give him a battle for the berth.

"Home Run" Cartwright and Jean McMurray are the only outfielders to return, but the vacant job should easily be filled by some scrubs.

An Honest Man's the nobest work of God. —Pope

POLITICS

The keen interest in the recent election of ''Y'' officers is an indication of the worth of that association, to the student body.

* * * * *

Unusual was the strong feeling manifest in the choosing of men to run the ''Y'' for the next year. Every class of student was well represented in the casting of votes—athletes, ministerials, intellectuals, and society men sat side by side and claimed a share in the election. And rightly so; the ''Y'' is the one organization on the Hill which is open to all, and directly interested in ''reaching'' the students. Willynilly every student pays his dues and therefore looks for a return.

Yet a certain narrow spirit of ''politics'' often threatens to break up the reasonable election to office, by means of the caucus and crowd frame-up.

* * * * *

Let there be no mistake. We do not want to attack politics. The present administration of this publication rode into office on a high-tide of ''politics'', and we are proud of it. But the ''Y'' is different, and when politics begin to control, it loses both its power and its purpose. We beg to call attention to the fact, that even with this paper, the best men available were placed on the staff, regardless of political preferences. Not only do we expect the like from the ''Y'', but much more.

This is a religious organization, formed to serve the men on the campus. Their work is big, there are great jobs on this Hill which will be attacked by the ''Y'', or else not be touched at all. When society politics enters into this field the situation is bad. If the association is run on party lines, and men are picked from clandestine caucuses, inevitably a bad spirit arises and immediately destroys the usefulness of the ''Y'' to carry on its work for the whole student body, and perhaps even good men are kept from their rightful places of leadership in the Christian work of the Hill.

Yet this article is no complaint against the newly elected administration of the ''Y'' Cabinet. It is a plea rather for open-handed, Christian organization representative of every

Indeed, the men elected to office in the ''Y'' are all of proved ability, and of real character. We do not believe that a better set of them could have been picked from the student body. The final outcome of the election proved to be satisfactory to the voters.

May the Christian work of this association grow in the future and bring about greater understanding and sympathy among the different elements of the student body.

DEBATE JUDGES

The present system of having three judges for inter-collegiate debates at Maryville is unsatisfactory and out of date.

* * * * *

Last Monday night immediately after one of the judges of the college debate had cast his decision, we asked him what he thoght of the losing side of the qestion before he had heard the debate. He evinced the fact that he already had strong sympathies and opinions on the question. While we neither question the decision he gave, nor the superiority of having such men honor the college by acting as judges, it is probable that they know too much about the question to judge college students on the subject.

Many colleges now determine the decisions of debates by a majority vote of the audience.

* * * * *

This method is probably impractical at Maryville and her rival colleges, due to the loyalty and partisanship of the audience. This would lead to the consequence of the home team always winning the decision.

The ideal system is to have one judge, an expert in the art of debate.

* * * * *

This system is both practical and beyond reproach. By an expert judge is meant usually one who coaches a college debate team. He is aware of the skill of the debates, and of the rules of debate. In this section of the country there are sufficient number of college with experienced debate coaches to supply one judge for every debate. The authority of an expert would give greater value to a victory decision, and less discontent with adversity.

The present system of basing college forensics upon the chance decisions of hit or miss judges no doubt gives the feelings of a certain element of the population, but the decision of an expert judge is fairer from the debater's point of view.

HONOR SYSTEM

Never before has agitation pro and con for an honor system at Maryville risen to its present pitch.

* * * * *

While the writer is not in the confidence of the Student Council, it is guessed that, since the members voted for it, the Council will place the matter of an Honor System before the student body for a final vote some time in the near future. Already, much heated discussion on the matter has evinced the fact that contrary and strong opinions are held on the question.

The delicacy of the matter is what appeals to us. Before any system can be effectively established at this college, there must be a very strong sentiment in favor of it.

* * * * *

If there is even a scattered element among the students who are actively opposed to a system, it will be ticklish work to carry out. Public Opinion unadulterated is the only means of installing a practical system, without this it will fail.

We do not pretend to forecast how the student body will vote on the question. But we do feel that there are two sides on the issue, and that the system should not be set up unless a large majority is for it.

We believe that a majority of two thirds of the student body should be required in favor of an Honor System before it should be tried.

* * * * *

The risk of failure is proportional to the number of enemies the plan has, and a comfortable preponderance of supporters is absolutely indespensable to a successful operation of the whole affair.

ACADEMIC ASSISTANCE FOR ANXIOUS ASPIRANTS

Perfect Model of a Speech for English I, Systematic Discourse with Clear Outline.

In order to assist students who labor under the burden of difficult courses, the Highland Echo will from tie to time print model lectures, themes and suggestions in various fields of study. The following speech is offered for Systematic Discourse. Ladies and Gentlemen:

Te alphabet is a wonderful thing. I see by the light on your faces that some of you know what I am talking about. It is indeed a pleasure to find that even in a place like this there are some choice souls who know the fundamental elements of the English language.

The alphabet is the awful gap between barbarism and civilization. As the poet said, ''The cat will mew and dog will have his day'', but these brute beasts have not yet organized their emotional ebilluctions into a phonetic system, and thus have not progressed as far as the white man.

Now you are thinking that the theme of this speech is The Alphabet, but you are mistaken, I have fooled you. My theme statement will simply be, A Bee Sees.

This topic, as you can see, divides itself naturally into three points, according to the three letters of the theme statement.

The first point, then, is A. How supreme and individualistic this letter sounds as it falls on your ears! A is the top grade awarded in the classroom. Also it denotes Adam the only man who ever stood alone on the earth.

Now this word takes on a peculiar significance when applied to the family of bees. As Maeterlink has so aptly said in his ''Life of the Bee'', as follows: ''The bee family has indeed organized the group to a high degree, yet this but goes to show the delicate adjustment of the individual bee, so that he is able to have a wonderful system of group cooperation. But for the individualistic oneness of each bee there would be no society made up of bees''. He means to say here that if there wasn't an individual, ''a'' bee, there would be no group of bees''.

The second point, now is, B. What thoughts are called forth by this letter! I have no doubt but that some of you before me have at some time or other felt the experience of being. To stagger here for a few short years, to gasp for breath, to dream, to sleep, between the abyss of two eternities as the poet again said,

''To be or not to be. That is the question,
Whether it is better to have a mind and suffer
The twinge and quavers of a nervous system,
And sens'ry and organs.''

In the classroom how noble is the B, as there are few given and it is termed ''rank honor''.

But in this discourse let us turn our attention particularly to the insect bee. This little bundle of nerves and stings is truly a fitting type of being. It is clearly evident that the bee has gotten his name from his being down the ages looked on as an insect which is alive. As Macterlinck in his ''Life of the Bees'' has so aptly said, ''That the group and the individual life of the bee has been impressed on other creatures is shown in the etomology of the word ''b''. It is the same root as the word ''be'' which means to be; to exist.'' Thus we see that the bee has always lived and been alive.

The third point, finally, is C. This letter means a lot. It is the popular mark in the classroom, the gentleman's grade—nothing snobbish, or nothing disgraceful in it at all.

However, the fuller meaning of this letter is visual. To ''see'', to perceive with the eye. It is one of the greatest tragedies of this life that there are blind men in the world. But the tragedy is not so much that men are blind, but that they see that they can't see. And right here I would like to recommend a campaign to inaugurate an Order of the Retinal Retinue, for the protection of those who do not see.

In the life of the insect bee, however, it is true that blindness is a rarety. The complex society of the bee family has rendered necessary good vision. I can do no better than quote at this point Maeterlinck's ''Life of the Bee'' in which he so aptly says, ''Altho the bee is guided by its olfactory sense directly to the pollen of the flower of the field, yet its life is greatly widened by power of vision, and it has long been known that the bee looks before he stings.''

Now for my conclusion. No doubt some of you have already figured out that I have used an exceptionally fine mnemonic scheme in this speech, and the outline reads: first, A; second, B; third, C; or again one, two, three, A B C. Now the conclusion of this speech is nothing other than A bee sees.

Miss Hilda Farnham has returned to the Hill after an absence of two weeks due to illness.

FACULTY ORDERS NEW REGULATIONS

(Continued from page one)

promotion scale will hereafter include quality credit requirements as well as quantity credit requirements. The new promotion scale will appear in the new catalog in the following form:

The expectation in the case of an average stdent is that he shall complete at least thirty semester hours quantity credit, exclusive of physical training requirement, together with an equal number of quality credits during each college year. To allow for reasonable variations, however, promotion from one classification to the next higher classification is permitted upon the following minimum basis:

Freshman to Sophomore: Student shall have 23 quality credits. Sophomore to Junior: The student shall have 55 quantity credits, plus 40 quality credits. Junior to Senior: The student shall be within 33 quantity credits of completing his graduation requirements, and have 90 quality credits; except that if he has only 80 quality credits he may still be admitted to the graduating class provided he is within 30 hours of completing his graduation requirement, or if he has 120 quality credits he may be admitted with 36 hours to complete; or if he has 160 quality credits, he may be admitted with 40 semster hours to complete.

Required and Permitted Hours

Last year the faculty endeavored to liberalize its rule regarding permitted additional hours. But almost immediately it discovered the fact that it had liberalized beyond the point of safety, with respect to the standing of the college in the educational world.

An exhaustive study was therefore made of the practices prevailing in the terrritory of the Association of Colleges and Secondary Schools of the Suthern States, to which Association Maryville College belongs, and also in representative institutions of the North Central College Association. This was a part of the same survey that brought forth the change in the requirements for foreign languages and the new promotion scale.

The new rule regarding required and permitted hours is fully explained in the new catalog. The rule is rather more intricate than the studentse have hitherto been accustomed to, by reason of the fact that it takes cognizance of the wide variations of scholarship in so large a student body. The new rule reads as follows:

The normal schedule of studies for all sutdents is fifteen recitation hours a week (in the Smith-Hughes course of Vocational Home Economics, 18 hours), exclusive of the physical training hours required of Freshmen and Sophomores.

More than this amount is not permitted so long as the student is in the Freshman class. The Registrar may, at his discretion, restrict any student to a smaller number of hours, if his grades in high school or college, or in the freshman intelligence test, indicate that such restriction is advisable.

The number of hours that may be carried during any semester subsequent to the Freshman year, will depend upon the student's grades earned during the preceding semester. If the average grade falls below D, not over 12 hours may be carried; with averafes of D or C, 15 hours; with an average higher than C, 18 hours; and with averages of B or higher, 20 hours.

No student shall receive more than 40 semester hours' credit for one year's work, not shall he be permitted to carry work that, if credited, would amount to more than an average of 20 hours a semester for the year. This includes credit earned in the department of Expression, in debating, and in the editing of the Highland Echo.

LITERARY SOCIETIES

Bainonian

Among the other virtues rightly attributed to Bainonian is the ones of keeping up with the tmes. This was particularly well illustrated ast Saturday evening. The constitution has recently been receiving the attention of a competent committee. This revised constitution was brought before the society and will be a decided improvement as soon as adopted.

The presentation of the play ''The Romancers'' was further indication of keeping up with the times. Its author, Edmund Rostand is the foremost modern French dramatist and is famous the world over for having given to literature many wonderful plays.

The reception given the play was not only further proof of the great author's genius but also indicated the dramatic ability of the actors and the appreciation of good by the members.

Theta Epsilon

The following officers were elected: President, Sarah Sheffield; Vice President, Ellen Cox; Secretary, Ruth McGaw; Program Secretary, Hilda Harris; Music Craiman, Lucy Horton; Editor, Jessie Lee Goodson; Sergeant-at-Arms - Nellie Caldwell

With such officers as these Theta promises to have the best term of the year.

The play, last week, proved to be enjoyable to all present even though the girls were unable to keep the slogan. No Man Wanted. Of course it could not be expected otherwise, for girls will be girls.

Alpha Sigma

From the decision rendered last Saturday night in Alpha Sigma Hall it seems as though Maryville College shoud have fraternities.

Inasmuch as the judges—Kinsler, Gaines and Gauding—voted unanimously in favor of the affirmative, the qestion appears to be settled, unless some others should dare to challenge Bailey and Wheatly. Their strong arguments, based as they were on experience, overwhelmed Usner and Rodgers who nevertheless, had an able defense.

The newest edition of the Alpha Sigma Advance was read by Gaines.

As there is to be no society meeting this Saturday, redoubled energy will be put in the program for the fourteenth of March.

ABOUT THE HILL

—MC—

Miss Elsie Gleason has been confned to her room recently because of a severey sprained ankle.

—MC—

Miss Nell Watkins and Miss Jonnie King spent the week-end at their respective homes.

—MC—

Dr. Hussey attended the meeting of the Tennessee Philogical Association last week.

—MC—

Miss Lucille Timblin is slowly recuperating from an attack of flu complicated with serious nervous disturbances.

—MC—

Wilbur Franklin is at home because of a tonsilory operation, but will be able to return to school in a few days.

—MC—

Andrew J. Stewart, a prominent member of last year's Glee Club at Maryville is now enjoying a trip of the University of Pennsylvania Glee Club, to which he belongs.

—MC—

A recent letter from Miss Billie Clifton, a former student here, tells that she is now working with Cobeen and Company in Birmingham. Miss Clifton plans to come back to Maryville in 1927.

—MC—

Thomas Whitehead is in the hospital at Alcoa in a very serious condition as a result of over-exertion while doing track work. Although his heart was seriously affected the doctors think he will recover.

SEASON REVIEW OF BASKETBALL

(Continued from page one)

was then that he stood off his bugaboo of inaccuracy and garnered thirteen of the fifteen points scored by Maryville. He has been better than ever before on defense.

''Dorsal'' Musick in spite of being badly handicapped by his injured knee has played a bang up of a game whenever allowed to enter the fray. The name Musick is synonimous with fight for ''Dorsal'' puts it into the team. He adds morale to the team when he is a part of it. His absence will be noted more acutely next year, for Musick has played his last game for Maryville.

''Pat'' Shores played this season his best game since the beginning of his career at Maryville. He has shown great improvement in team play contributing materially to the passwork of the team, yet his accuracy in shooting, has made him high point man.

HIGHLANDER BASKETBALL STARS

Captain Veech and Captain-Elect Shores

NATIONAL ORATORICAL CONSTITUTION CONTEST

$5000 In Prizes For College Orators On Subject of National Constitution.

Invitations have just been issued for a National Intercollegiate Oratorical Contest on the Constitution, with $5000 in cash prizes. Any non-degree-holding student in any institution of higher learning in this country is eligible. The orations must be original, must not require more than ten minutes for delivery and must be on The Constitution, or the relationship thereto of Washington, Hamilton, Jefferson, Madison, Marshall, Webster or Lincoln.

The contest is financed and conducted by the Better America Federation of California with contest headquarters at 604 Hibbs Building, Washington, D. C. The project, in connection with which nothing is offered for sale, has the endorsement of Stanley B. Houck, president of Delta Sigma Rho (national forensic society), and of Albert Westfall, president of Pi Kappa Delta, a similar though independent public speaking organization. It also has the support of college officials generally.

The country is divided for the contest into seven regions, Northeastern, Eastern, Southeastern, Southern, Central, Midwestern and Pacific. Their clearing centers are New Haven, New York, Washington, Nashville, Chicago, St. Louis, and San Francisco. The regional finalists (seven in each region) will be selected on the merit of their manuscripts. All of the judges in the contest will be selected from lists submitted by the participating colleges.

The winner in each of the seven regions will go to Los Angeles to compete on June 5 for the seven grand prizes: $2000, $1000, $500, $450, $400, $350 and $300. This automatically guarantees each regional champion a prize ranging from $300 to $2000. Entries close March 25. Manuscripts must be submitted for the judges not later than April 17. For further details address G. W. Fleming, assistant director, 604 Hibbs Building, Washington, D. C.

''Shorty'' McCall has finally found his birth at forward where his aggressiveness has made him a valuable man in breaking up plays. Judging from the manner in which he keeps from knocking the supporting posts out of the Gym and his good luck on long ''hope'' shots, he must wear a horseshoe around his neck.

''Bob'' Thrower, near the close of the season, starred in the final game against the Normalites, playing at center and emerging high point man. Thrower is a shining example of stick-to-itiveness, and now he has secured his reward.

''Jo Jo'' Gamble has been manager and whenever injected into the game has played a hard and consistent guard. Gamble's specialty is intercepting long passes. Even when seated on the bench, Joe's voice rings out strong ''Rebound'' thereby reminding his teammates of an important point in the score.

''Tommie'' Thomson, ''the furbearing animal'' played a great game against the Railites of Chattanooga. He has an eagle's eye on long shots and is great when it comes to breaking up offensive plays. He is perhaps the best drubbler on the squad.

''Louie'' Reed played cetner in most of the games, and never failed to score. Just the fact that this is his first year here and yet he made his letter speaks a lot for his ability.

These indispensable, unforgettable scrubs must come in for the mention that is no more than their due. Their percentage for games played during the season is exactly fifty having won three games and lost three. From among the ranks of Wilson, Keyes, Edsall, and Fred Gamble should come some good ma'erial for next year's varsity.

COED BASKETBALL TEAM VIEWED IN RETROSPECT

(Continued from page one)

victory; a victory which made up, to a large degree for all the past defeats, and hard luck. The next game was with East Tennessee State Normal sextette, a team which is considered one of the strongest in the South. The game was close up to the last quarter, when the Normalites broke loose and their center forward, DeLozier, cleared the way with her mighty elbows, and dribbled in for numerous ''crips''.

The Highland Lassies lose four players this year; namely, Heiskell, Painter, Madge and Farrar.

Lucille Heiskell, known every where as the prettiest girl on the team, has four service stripes opposite her name. Her record shows few forwards who were able to gain many points through her close defensive playing. Forwards and referees alike seem to have but one desire—to put Lucille out of the game on personal fouls. Her going makes a big hole in Maryville's defense.

Lois Painter, the star forward will also depart, sheepskin in hand, for other lands to conquer. She, too, has played on the team for four years, having been with the reserves some time previous. She is spoken of as ''hard to guard'', which means that ''Miss Lois'' is good at 'getting loose'' and ''making breaks for the basket''. The season's records show that Lois is responsible for the majority of field goals made for the Lassies. Her place will be hard to fill.

Madge Kellar in her first year with the Lassies, playing center forward in the games where the sextette system was used, and running center, in the quinette form, she showed remarkable accuracy and agility, which would be hard to beat. When playing center, Madge covered the floor like a carpet. She is there, both in defense and offense. She will be missed next year.

''Pat'' Farrar, guard, has also played her last game for Maryville. Her fighting enthusiasm has done much for the team.

The rest of the team is made up of some who have very ably filled the places vacated by last year's seniors.

Dorothy Hipp, a sophomore, who was captain of the girl's team at Athens last year, is one of these. The words which express her best, are, that she ''sure does get around the floor''. In the E. T. S. N. game she broke all former records by caging 9 out of 9 tries for free shots. Hipp will be back again next year and will be a great help to the oncoming team.

Willie Cooper next deserves special mentoin. This is her first year on the team, but she, too, will be back again next year, to resume her position as guard. Her defense, like Heiskell's, is hard to break through. Miss Willie has also played running center and will be a good ''man'' for future teams.

Y. W. OFFICERS FOR 1925-26

President, Vera Scales; Vice President, Betty Keown; Secretary, Nell Johnson; Treasurer, Harriet Green; Under-graduate Representative, Annie Vanderslice.

The Y. W. C. A. will join with the Student Volunteers in a Vesper Service at 4:15 in the chapel.

Miss Elizabeth Webb, chairman of the Southern Division of the National Student Council of the Y. W. C. A. will direct the thought. Her subject will be the World Student Christian Federation.

MINISTERIAL ASSOCIATION

At the next meeting the Ministerial sutdents have a treat in store for them. Dr. Crothers, of the New Providence Pesbyterian Church, will speak on ''Biographies''. Everybody who has heard Dr. Crothers, knows that he not only is able to interest his hearers, but also to edify them.

Wilbur Franklin will lead the devotional exercises.

Everybody, members and friends, are cordially invited to attend the meeting which will be held at the Alpha Sigma Hall at 4:30 o'clock on March the 11th.

Ernest J. Frei, Editor.

CHILHOWEAN SALE BEGINS NEXT WEEK

VOL. X. MARYVILLE, TENNESSEE, FRIDAY, MARCH 13, 1925 NO. 22

FORMULATED PLAN OF HONOR SYSTEM

Student Council Favors Plan By Vote of Sixteen To Four.

CONSTITUTION PRINTED

Three-fourths Vote of Entire Student Body Will Be Required Before Acceptance.

A committee of the Student Council has drawn up a tentative plan of Honor System to be placed before the student body for approval or rejection, in the near future. A three-fourths majority will be required for acceptance.

This plan has been formulated after a careful investigation of systems used at other colleges, and is printed below for the study of students:

Constitution

The Student Body of Maryville College desiring to maintain a system of self-government in said College, in so far as the conduct of the students within the class room is concerned, have established this Constitution for their government, and have determined, by agreement with the Faculty that its provisions shall apply to and shall be final within the limits hereinafter set forth.

Article I.—Honor Court

This Constitution shall be maintained and enforced by an Honor Court. The composition, officers, election, powers and duties of this court shall be as follows:

Section 1. Composition—(a) The President of the College shall appoint a member of the faculty well versed in evidence to meet with the Honor Court. This member of the faculty will have a purely advisory relation and will weigh the evidence as presented and give his opinion as to its value. He will not have a vote in determining the guilt or innocence of the accused.

(b) The Honor Court shall be composed of four (4) members from the Senior Class, (one of whom

(Continued on page three)

LIFE WORK CONFERENCE CLOSES SUCCESSFULLY

Seventeen Professions Represented In Three Days of Meetings.

The fifth annual Life Work Conference concluded as the largest in the history of Maryville Conferences.

Great addresses, such as "Choosing a Life Work" by Dr. I. J. Sherrill; and "The New Social Order", by Dr. J. L. Kesslar, of Vanderbilt; and "The American Student" by Dr. Charles B. Hurry of world-wide experience, lent forcefulness and character to the whole Conference.

Open forums of Religious Education, and Race Relations were held by Mr. P. E. Green; and Miss Harbison shed enlightenment on great national problems.

Vocational groups did much to aid students in determining a Calling for their life task.

A Committee of the "Y" Association met after the Conference to study its effectiveness, its best qualities, and its weak points, in order that the Conference of next year may be even greater.

Echo Editor Nominees

The election of the editor of the Highland Echo for the year 1925-26 will be held in the near future. The following men and women have been nominated for office by the faculty committee: Jeannette Alford, Willard Allen, Raymond Anderson, Jane Barber, Robert Bishop, Robert Clopton, Paul Cragan, Dewey Eitner, Kathryn Franklin, Harriett Green, Edward Hamilton, Gordon Harold, Ruby Harrison, Dorothy Hodges, Mary Huffman, Kathleen Hunnicutt, Elizabeth Keown, Margaret Lewis, Clinton Puff, Samuel Richeson, and Malcolm Thomson.

COLLEGE PASTOR WILL CEASE VESPER SERMON

Dr. Stevenson to Supply a Prominent Church In Birmingham Until June.

The time-honored custom of having the College Pastor lead the Sunday night Vesper service on the Hill is to be broken when Dr. Stevenson goes to Birmingham to preach each Sunday until June.

The regular minister of one of the larger churches in that city has been rendered unable to preach, due to illness, and Dr. Stevenson has consented to supply his pulpit until his recovery. While the Doctor hesitated to forsake his Vesper sermon at the College, the President urged him to take his new charge.

The regular Vesper Services will continue to be held at the same hour, however. Various speakers will be engaged to preach at this meeting. Dr. Giffin, of Knoxville College, will give at least three more addresses on Sunday evenings; other speakers have not definitely been secured.

There will be no preaching service this Sunday night. The Y. W. C. A. has planned an educational and missionary program, including a one-act play, entitled, "The Canton Pearls."

Dr. Stevenson will continue to preach to the student body each Thursday morning at chapel hour.

MINISTERIAL ASSOCIATION

The program of the meeting of March the 18th, will be one treating missionary subjects.

Merlin Usner will lead the devotions. Ernest Frei will talk on the subject of "The Pastor and the Missionary Movement". To learn about the work connected with this movement will be of interest to all future ministers in Maryville College.

Robert Lockhart will close the meeting with a report of current news, taking especially into consideration news items from the mission fields.

The members are asked to take notice of the change of time for the meeting. Beginning with the next meeting, March the 18th, the meetings will begin at 5:00 o'clock p. m. instead of 4:30 p. m. All the ministerial students are urged to attend these meetings.

Miss Beulah Rankin has been dismissed from the hospital and is now at her home rapidly regaining her strength, after a severe attack of illness.

COLD FACTS ON HIGHLAND ECHO

Questionaire Issued to Every Tenth Student According to Alphabetical List.

RESULTS COMPILED

"Highland Fling" Column Most Widely Read—Sport News Close Second.

Practically every student reads practically all the paper practically every week—according to the statistics gathered from the scientific investigation of the *Highland Echo*.

A questionaire was given to every tenth student in an alphabetical list of the entire student body. From the returned answers statistics have been compiled.

The questions submitted to readers were: (1) Do you read the Echo every week; (2) What parts do you read; (3) What parts do you not read; (4) What part of the paper do you like most; (5) what part least; (6) What changes do you suggest.

The following statistics have been gathered:

1. 100% read the paper every week, all or in part.

2. 68% read all the paper; 15% read most of the paper; and 17% parts of the paper.

3. 3% do not read religious reports; 13% do not read literary society news; [illegible] do not read editorials; 4% do not read athletic write-ups.

4. 37% like best the 'Highland Flinvs"; 18% athletic write-ups; 23%, editorials, and 21% news stories.

5. 15% like least the editorials; 10% like least sport stories; and 12% news of past events; about 25% pseudo-jokes, society notes, pesonals, accounts of meetings, and the like. 38% do not have any special dislikes.

When consulted, the Dean of the College declared that the system used, of taking an unselective group of students, and about the percent which is represented above, will give results indicative of the facts for the entire student body.

In the matter of changes advocated for the paper, a variety was evinced about as great as the difference between the individuals them-

Calendar

For week ending March 20

SATURDAY, 14TH.

3:15 p. m.—Scrub ball game, with Rockford. Wilson field.

6:45 p. m.—Literary Society Meetings.

SUNDAY THE 15TH.

7:00 p. m.—Vesper Service, conducted by Y.W.C.A. One act play, "The Canton Pearls".

WEDNESDAY, THE 18TH.

5:00 p. m.—Ministerial Association Meeting, topic "Mission Work". Alpha Sigma Hall.

THURSDAY, THE 19TH.

6:30 p. m.—Student Volunteer Meeting, Theta Hall.

FRIDAY, THE 20TH.

7:30 p. m.—Co-ed Intercollegiate Debate with Tusculum, Question, That Philipians should be given immediate independence.

8:00 p. m.—First Glee Club Concert—at Harriman, Tenn.

Echo Business Manager

The Business Manager of the Highland Echo is selected by a committee of two Faculty members chosen by that body, and two students selected by the presidents of the four classes, from the upper classes.

This committee judges upon merits of the material recommendations, and experience of all candidates, and, subject to the approval of the Faculty, selects the Manager for the year.

This committee will be composed this week, and applicants will be given a week's notice for their application.

FIRST WOMENS DEBATE TO OCCUR NEXT FRIDAY

Annual Dual Debate With Tusculum Women Comes Next Friday Night.

Under the efficient coaching of Professor E. M. DeHaven, the Co-ed Debate teams are preparing for a brief but difficult season. The girls are looking forward to six victories from their three debates.

Misses Rena Mae Anderson, Mary Louis Collins, Evelyn Porter, Betty Keown, Estelle Woodall and Alice Robison will debate Tusculum on the question "Resolved: That the U. S. should grant to the Philippines immediate and complete independence, on March 20. On April 20, Henrietta Smith, Alice Robison, Estelle Woodall, Betty Keown, Nell Watkins and Kathleen Hunnicutt will clash with Tennessee on the question: Resolved, That the Japanese Exclusion Provision in the Immigration Act of 1924 should be repealed.

The freshman teams, which debate the freshman teams from the University of Tennesse on the same question that is used in the Tusculum debate, are composed of Emily Minton, Elizabeth Griffiths, Virginia Knight, Louise Baird, Mary Eleanor Welbon, and Dorothy Farris. This debate is scheduled for April 25th.

Intercollegiate debate sponsored by literary societies is an innovation at Maryville, but promises to furnish quite a bit of sport. The young ladies' literary societies have united their efforts to produce teams worthy of debating against Asheville Normal School. The Misses Barbara Higgins and Thelma Moody will debate the affirmative side of the question, Resolved: That the Child Labor Amendment should be passed; at Asheville, while Misses George Kuhn and Blanche Morrow will debate the negative side of the same question here.

THE SWIMMING POOL

Now that the gentle smiles of Spring have succeeded in cracking the hard-boiled ice of the Pool, students are invited to enjoy the water.

Systematic swimming will be organized by those in charge of the pool, in order that those who do not know how to swim may learn; and that swimmers may have company when they practice. The pool is open to men and women on alternate days.

A swimming meet of students is planned for later in the spring. Fancy diving will be a feature.

Music is the universal language of mankind.—*Longfellow.*

SQUAD WARMING FOR BALL SEASON

First Game of Season With Ohio State Nine Friday 27th.

TWO GAME SERIES

Numerous Aggregation of Players Now Competing For Regular Varsity Positions.

Upon Coach Honaker falls the task of molding a baseball team from the material tendering its services; one that will be in the field, ready to do battle two weeks from today with the crack nine of Ohio State, which, according to efficient Manager Prince, will put in its appearance on that date for a two-day stand as the lid-lifter of Maryville's season.

In the meantime the player dons his uniform, smelling strongly of moth balls; digs out his glove, oils 'er up; and together with some thirty odd other followers of the game of swat and run, spends the afternoons of balmy spring in running after the elusive pill, smacking it into the bushes, and getting the soreness out of his unusued muscles. All in an effort to please the eagle eye of the litte grey-eyed man who controls the destiny of their baseball lives.

As the Coach says there are nine positions to be filled, and the big problem, now confronting him, is to choose from the material offered to fill them.

From a quantitative standpoint this ought to be easy, for already the number has been cut to thirty men; from a qualitative view, well, to quote a proverb "the proof of the pudding is in the eating."

For the pivotal position of the team, there are seven aspirants: Harvey, Stone, Anderson, Richardson, Emmett Johnson, Craig and McCain, all clamoring loudly for attention. Harvey, a trusty south paw, needs no introduction and no doubt he will be strongly relied on for the pitching staff. Stone, who made a name for himself in Mary-

STUDENT VOLUNTEERS HEAR GREAT SPEAKERS

Plans Laid For a Greater Program of Missionary Work and College Propaganda.

Ninety-seven Student Volunteers, from ten colleges of East Tennessee, gathered at the Maryville Conference. Fifty-five Maryville students attended.

The fine group of speakers pointed the way to the great sacrificial work of the foreign missionary. Plans were laid for a fuller presentation in the colleges represented of the missionary work of the world. Efforts were also made to develop better methods of presenting the problems of the missionary world before the Volunteers.

The social and physical phase of the Conference was conducted successfully, especially for the visiting delegations. The workers in charge of this Conference were grateful for the cooperation of all delegates, and to the faculty and student members who had a share in making the affair a success.

LIKE A BREATH OF FRESH AIR

During the Conference real thinkers and men of the world had a lot to say to the students of the College.

* * * * *

Like a breath of fresh air came the new ideas and the mature opinions of the experienced leaders who spoke at conference meetings. Men who have devoted lives to study and investigation of the affairs of the race seem to have a bigger, loftier grasp on the facts of life than your small individual who lives curled up in his shell of indifference and egocentric do-nothingness.

The broader interests and the bigger stakes with which these men concern themselves should be copied more by the ordinary student at this College.

* * * * *

Students at Maryville become too all-absorbed in petty and insignificant phases of life, and never catch sight of the great drift of affairs in the world of men. Sometimes too much interest in organizations, athletics, and society affairs give a college student a self-importance which verges on the ridiculous. Perhaps the old reliable joke about the ignorance of the classroom work and education in general is on us after all. Enlightenment only comes when the student is concerned with the broader and bigger things of life.

The opinions and the influence of these men who have seen the world should act as a tonic to stimulate the rusty minds of self-centered provincials.

* * * * *

All big men today seem to be absorbed with the tremendous movements afoot in the world. Times are changing, old ideas are falling, and new and revolutionary theories are ushering in a new social order. In all these affairs men of the world are vitally interested, but the ordinary college student is hardly aware of them. It would seem that the man of ordinary intelligence could not help being attracted by the news of today beyond his own sphere of life.

It would, however, be futile to make an appeal for student interest in world affairs. If the tremendous moment of these affairs themselves fails, then no dilute exhortations will have any effect on a dull mind.

When asked what campaign liars do between campaigns, Al Hawkins said they sell Florida real estate in the everglades.

LYCEUM

The lyceum course this year has been as good as those in the past.

* * * * *

Maryville cannot be considered a small school when such numbers as Mozart's Marriage of Figaro, and Frederick Warde's lecture are presented here. The 'Y' has brought to the college four programs of great interest and value to the students. And as an extra number we are indebted to that organization for the lectures by the round-the-world fliers. The lyceum has certainly been succesful this year.

The money received for reserved seats goes into the general Y. fund.

* * * * *

It is not generally known that the money paid for reserved seats does not go to help pay the expenses of the lyceum course, but goes to the general 'Y' to use as it sees fit. How such an arrangement ever came about, we do not know. But such is the case. The lyceum committee does the work and then has to turn the money earned over to someone else.

There is a deficit on the lyceum this year, and this money from the reserved seats should be applied to remove it.

* * * * *

On account of the high class and expensive programs the Y. has given, there are some expenses not yet covered. The attendance at the numbers was large, but the cost was such that the returns do not cover it. The logical thing to do is let the reserved seat money be used to pay the deficit. The money was paid for Lyceum numbers by students, and we believe it should be spent here, where it is needed.

In view of the good numbers given this year, we feel it is no more than fair that the lyceum should have all the proceeds to go towards expenses.

COLD FACTS ON HIGHLAND ECHO

selves; following are some of such suggestions:

1. Get a new Editor
2. Peppier, snappier editorials.
3. More wide awake news reports
4. Additions of cartoons
5. Publication of Photographs
6. More personals
7. Less personals
8. More news of past events
9. Less news of past events
10. Omission of accounts of chapel speakers
11. Fuller accounts of chapel speakers.
12. Less literary material
13. More literary material
14. Wider range of editorial treatment
15. More loal treatment of editorial matter
16. Religious section
17. Social section
18. Less of social write-ups
19. Flatter freshmen
20. Better jokes
21. Less sarcasm
22. More spice
23. More space to coming events
24. Less space to future events
25. Fuller athletic write-ups
26. Shorter athletic write-ups.

FRESHMAN NOTICE

All Freshmen must have their class dues paid up by the end of this week if they want their pictures to go into the Annual. Dues may be paid to Lucy Horton, Floyd Geist, and John Calfee.

The amorous swains of the College will be delighted to know that they need no longer be inconvenienced in having to order flowers from Knoxville. The L. A. Goddard Floral Shop on Main Street will fill all Easter, birthday or make-up orders at reasonable prices.

WORK OF MINISTERS EXTENDED IN TOWN

Since there is little knowledge on the campus of their work, the Ministerial Association takes this opportunity to publish the work of the Association.

The greatest piece of work for which this organization is responsible is the Battle Branch Mission. Under Mr. W. C. Merwin's leadership, the mission grew remarkably in size and effectiveness. Since Mr. Merwin's departure for home, the work has been successfully continued under Mr. Robert Wood's superintendency. The other officers and teachers are: Misses Ruth March, Katherine Franklin, Messrs. Herbert Wood, Arthur Sargis, Wilbur Franklin, W. B. Jones, Jr. and Charles M. Jones.

Meetings are held every Sunday afternoon at three o'clock.

The recreational and social life of the Battle Creek people is also in the mission program. Visits are also made to the homes of the sick and needy.

Since the beginning of the new year the mission work has been further extended by the formation of a troop of Boy Scouts. The scoutmaster is Mr. Wick Broomall, Jr., and the assistant is Mr. Charles Jones.

Every Friday night the troop assembles and is instructed in scoutcraft.

The Ministerial Association is also represented in other activites. The jail work has been carried on several years by Messrs. Merlin Usner, Jesse Pierce and Wick Broomall, Jr.

There are some who do preaching either occasionally or regularly as Mr. Charles Johnson.

Recently Messrs. James Fawcett, Chrales Browning, Paul Meikle and Henry Welbon have undertaken the task of carrying on services in and around Maryville, especially at Plaifield and the Quaker Church.

Aspiration sees only one side of every question; possession, many. —*Lowell*

An honest man's the noblest work of God. —*Pope*

The cautious seldom err.—*Confucius.*

THE Y. M. C. A.— RELIGIOUS MEETINGS

The purpose of these weekly meetings is to provide a means for the men of the college to get together to discuss problems which are of interest in life on the ''Hill''.

Occasionally speakers are brought in to talk on some important phase of student life. The method which has been followed for the past month is to have discussion groups of about twelve fellows in each one and by means of an interchange of thougnt to think through some of the things which concern the stuent. Through this exchange of experiences it is possible to work out personal problems.

Closely connected with the work of the religious meetings committee is the work of social service which the Y promotes. Each Sunday students go to the Battle Branch Mission to conduct services and also to the jail to bring a little cheer into the life of the prisoners.

An outstanding work of this committee was at the Christmas season when the Christian Endeavor societies, the Ministerial Association and members of this committee secured funds and arranged a Christmas tree for the children of the mission.

—*E.C.*

RESOLUTIONS OF THE FRESHMAN CLASS

Whereas, God in His infinite wisdom and mercy has called unto himself the mother of one of our classmates, Edna Hughes, we, the members of the Freshman class, extend to her and to her family our heartfelt sympathy in this time of sorrow.

Be it resolved, therefore, that a copy of these resolutions be read in chapel, a copy printed in the Highland Echo, and a copy sent to the bereaved family.

Signed:

Ruth Shubert,
George Crawford,
Sarah Moore,

FORMULATED PLAN OF HONOR SYSTEM

(Continued from page one)

shall be president of the court), three (3) members from the Junior Class, and two (2) members from the Sophomore Class. There shall be two women from the Senior Class, one from the Junior Class, and one from the Sophomore class. The term of election shall be for a term of two years with the exception of a person graduating.

Section 2. Election: The members of the Honor Court shall be elected by the Student Council from those elected by the Classes to serve on the Student Council.

Section 3. Officers: The officers of the Honor Court shall consist of a President, a Vice President, and a Secretary. These officers shall be elected by the Honor Court itself.

Setion 4. Powers and Duties: It shall be the duty of the Honor Court to hear all complaints made of the violation of this Constitution, and to conduct investigations thereof as hereinafter provided. It shall have the power to summon the accused and witnesses before it, and hear, try and determine the facts, adjudge the accused guilty or not guilty, and pass sentence as hereinafter provided.

Article II—Violations

Violations of the Honor System shall consist of any dishonest or dishonorable conduct whatsoever that is connected in any manner with any examinations, quizzes, or other written work.

Article III.—Investigations of Violation

All investigations of violations of the Honor System shall be conducted by the Honor Court, in the following manner:

Section 1. Upon being informed by a student or member of the Faculty that he desires to make complaint, the Honor Court shall be convened at some fitting place and time by the President thereof, and the said student and other complaining witnesses notified.

Section 2.—At the said meeting, the complaining witnesses shall make their statements individually and shall be cross-examined by a member of the Court designated by the President for that purpose.

Section 3.—The Honor Court shall then exclude all witnesses and vote upon the question of making an investigation. If a majority vote to investigate, they shall proceed to do so at once.

Section 4.—The accused shall be called separately, informed of the charges made, and requested to make a statement, if he so desires. Witnesses for the defense shall be cross-examined by a member of the Court designated by the President.

The Secretary of the Honor Court shall present to the accused in person a sealed notification in writing, containing the time at which the accused is to appear before the Court. A duplicate of this notification will be signed by the accused upon receipt of the original copy, and the same will be held in the records of the Court.

Section 5.—Upon appearance before the Court the accused shall be informed of the charges made, and will be given an opportunity, if he so desires to select his counsel, either student or faculty member, to plead his case. Witnesses for the defense shall be cross-examined by a member of the Court designated by the President and by the counsel for the accused.

Section 6.—All evidence shall be taken down in writing. One copy shall be preserved by the Court, and one copy shall accompany the recommendations to the Faculty as hereinafter provided for.

Section 7.—The Honor Court may adjourn from time to time and from place to place during an investigation as in its discretion, it may deem wise.

Section 8.—In taking down the testimony, the names of the accused and witnesses shall not be used, but they shall be designated as "Accused", "complaining witness", "Witness for Accused."

Section 9.—After having heard all the testimony and conducted the investigation, the Honor Court shall exclude all persons not members from the room and then shall proceed to ballot on the question of the accused being guilty or not guilty. A unanimous vote shall be necessary for a conviction.

Section 10.—If the accused is found guilty, he shall lose his credit in the course in which the offense is committed.

Should a person commit a second offense, he shall be expelled from the College.

The Court shall transmit to the Faculty a copy of all the testimony taken, a short formulation of the offense of which they have found the defendent guilty, and the punishment they have decided upon, revealing the name of the offender only. After having been approved by the Faculty the case shall be referred back to the Honor Court, with the power to inflict punishment. If the recommendation is not approved, it shall be referred back to the Honor Court for reconsideration.

Section 11.—All proceedings of the Court shall be confidential, and absolute secrecy shall be maintained by the members of the Court. Witnesses shall be enjoined to maintain secrecy.

Article IV—Impeachments

Student Council—In case of dishonorable conduct, including the divulging of the Court proceedings, or neglect of duty by a member of the Court, the Court may remove the said member by a two-thirds vote, and shall cause the vacancy thus created to be filled by a Special Student Council election.

Article V—Appeals

All appeals from the decision of the Court shall be presented to the Faculty. If the Faculty desires to consider the appeal, the case shall be further investigated by the Faculty. If the Faculty again upholds the Honor Court in its decision such action shall be final. If after investigation, however, the Faculty not again sustain the action of the Honor Court the case shall be referred back to the Honor Court, where the accused shall be given another complete hearing.

Article VI—Pledge

An individual pledge shall be required in all written work except in work specified by the Professor or teacher in which help may be received. The pledge shall read:

"I pledge my honor that I have neither given nor received help in this (examination, quizz or written work.)

Each professor or instructor shall be authorized to change the pledge to meet peculiar instances incident to any special course.

Article VII—Continuance of System

The Student Body shall vote at the end of every three years to determine whether the Honor System is to be continued.

Article VIII—Amendments

This Constitution may be amended by a two-thirds vote of the student Body at any mass meting, two weeks notice having been given in writing, and the proposed amendment having been printed in the paper. Such amendment shall be ratified by the Faculty.

Roy Buffat and Charles Sharp represented their respective seminaries at the conferences here last week end.

ANNOUNCING

The opening of one of the most beautifully equipped floral shops in the South.

We endeavor to meet the needs of students in a manner of quality and service, with prices you can afford to pay.

L. A. Goddard Floral Co.

Adjoining Palace Theatre

Stage directions for this scene from William Vaughn Moody's play, "The Great Divide," call for a woman's muffled scream, a pistol shot, and the crash of breaking furniture. The microphone on the right sends them all to your home.

An Exciting Evening

Here are four of the WGY Players (the world's first radio dramatic company) at a thrilling climax that almost turns sound into sight.

Tune in, some evening, on one of their productions. You will be surprised to find how readily your imagination will supply stage and setting.

WGY, at Schenectady, KOA, at Denver, and KGO, at Oakland, are the broadcasting stations of the General Electric Company. Each, at times, is a concert hall, a lecture room, a news bureau, or a place of worship.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR 391 containing a complete set of these advertisements.

55-12DH

GENERAL ELECTRIC

GENERAL ELECTRIC COMPANY, SCHENECTADY, NEW YORK

LITERARY SOCIETIES

Alpha Sigma

The Alpha Sigma society, due to the change in supper hour will convene at 6:45 p. m., Saturday.

Maynard Layman is to give a reading and Albert Cook will sing.

Now if these two were the only ones on the program, they alone would be a sufficient entertainment. However, when it is announced that another issue of the Advance is off the press and that Taylor will read this issue and that Miller will summarize current events—with all this it is impossible to resist coming to old Alpha Sigma meeting.

Furthermore, not all has been told yet. Templin has his part to play in giving some of the peculiar St. Patrick traditions.

With such an irrestible 'menu' prepared, every loyal Alpha Sig should be present.

—Wick Broomall, Jr., Editor

Athenian

On next Saturday evening, the Athenians will enjoy a St. Patrick's program. Charles Webb will sing an Irish song and following this, John Crawford will talk on, Ireland's contribution to the world. The program will end with Irish Humor by Robert Woods.

Among the busines to come before the society, is the election of officers. The nominating committee has selected the following members to run for offices:

President—Edward Cathey, James King, John Stockton.

Vice President—Robert Broady, George Neff, Stuart Rohre.

Program Secretary—Edward Hamilton, Malcolm Thompson, Hunter Robinette.

Recording Secretary—Clyde Lippard, Defoe Pemberton, Charles Webb.

Critics—Dexter Graybeal, James Fawcett, Charles Johnson, Julian Johnson.

Editor—George Crawford, John Johnson, Gordon Harold.

Sergeant-at-Arms—Arthur Sargis, Arthur Young, Gerald Bell.

John Crawford, Jr., Editor.

Bainonian

Perhaps Bainonian is not able very well to look after the tree-climbing and cave digging of childhood but she will try to satisfy the doll end of it, and Bainonians who are interested in being a child again, just to get relief from the hum-drum responsibility of being a grown-up, are urged to come out to meeting tomorrow and take a trip into Toyland. They might find there ''Mammy Dolls'' or ''little tin soldiers''.

—Bainonian Editor

''CANTON PEARLS'' TO BE PRESENTED BY Y. W. GIRLS

The Young Women's Christian Association of Maryville College will not hold the regular afternoon meeting on Sunday, March 15th. Instead the Association will present a play entitled *Canton Pearls* in the chapel immediately following the Vesper Service.

Everyone will be welcomed.

ABOUT THE HILL

—MC—

Mr. and Mrs. Clyde T. Murray announce the arrival of a son on March 7th.

—MC—

Cecil Crow and Othel Armstrong were recent visitors on the Hill.

—MC—

After the significant looks she received recently Miss ''Tex'' Hornbeak says ''If you don't care to be silenty reprimanded you'd better be silent at public gatherings.''

—MC—

The conferences had good effects on some of the students, at least. One evidence is that Alice Robison and Louise Knox both actually cleaned up their rooms last Monday.

—MC—

Dr. Wilson has recovered sufficiently from his recent serious attack of the flu to attend the meeting of the Council of the Presbyterian Church to be held in Washington, D. C. Dr. Wilson left today and will be gone a week or more.

—MC—

Due to the fact that some of the new books which students in other schools are reading have not been placed in the library, a group of girls have organized a co-operative club which is purchasing these books. At the end of the year the books obtained by the club will be turned over to the library, but until then the club is responsible for the circulation of these books. The list of books purchased this year includes: ''There is Confusion'', American Negro Poetry, ''Whither-bound in Missions.'' Misses Annie Vanderslice and Florence Black are in charge of this work.

STUDENT VOLUNTEER

The local Student Volunteer Band met on March 5th, for the election of officers. The following members were elected for the respective offices for the coming year: Ernest Frei, President; Elsie Gleason, Secretary-Treasurer; W. B. Jones, Jr., Program Secretary.

These officers plan to carry on the student volunteer spirit on the Hill with increasing effectiveness.

Chilhowean Sale

The nineteenth volume of The Chilhowean of Maryville College is nearing completion and all indications are that it will be one of the best editions ever published.

Many new, attractive, and distinctive features have been added to the book. The staff has endeavored to crystalize the school activities in such a way that each page will be a source of pleasure and joy to each student.

The 1925 Chilhowean Sales Campaign will be launched next week, the initial payment on each book will be $2.00, the balance of $1.50 to be paid upon receipt of book. No student or member of the faculty cannot afford to be without one.

Knowledge is, indeed, that which, next to virtue, truly and essentially raises one man above another.

—Addison

COED ATHLETES PLAN TENNIS TOURNAMENT

Tennis Tournament To Be Played The Early Part of Spring—Possibility of Track.

Spring having given promise of setting in in earnest Co-ed athletes are searching the campus for ways and means to let off steam.

Although there has been no springtime intercollegiate activity for ladies for some time at Maryville, there is every promise for such a team of tennis this year. Infinite possibilities are latent in students on the Hill now.

A preliminary tournament will be held on the local courts, from which the three winners will comprise a team which may have occasion to play Tennessee Co-eds et al.

Among the loftier of the fair sex plans are being fermented for a female track team. A local meet will be held previous to any intercollegiate affair. Efforts are being made to set the precedent of a co-ed track team of Highand Lassies.

GLEE CLUB DOINGS

Agnes Houghton and Eleanor Franklin have been elected sponsors of the Glee Club, for the year 1925.

The sponsorship of the Glee Club is an honorary membrship, that is granted every year, to two young ladies on the Hill. Each of the is an honorary membership, that is one of its single performance trips.

Friday, March the twentieth, marks the opening of the sixth annual concert tour for the Maryville College Glee Club. On that evening the Club will present its first program of the year, at Harriman Tennessee, in the high school auditorium.

Then on May the first, the Club will appear in home concert at Voorhees Chapel, in their tuxedos. This new addition adds a great deal to the effectiveness of the club. The home concert on May the first will close the sixth annual concert tour of the Club.

SQUAD WARMS UP FOR BALL SEASON

(Continued from page one)

ville football, hurls a fast ball, swings a wicked bat, and if he doesnot make a go at pitcher is still a sweet little outfielder. Anderson has a bullet-like delivery that should be used to good effect.

Franke, Sneed, McCulloch, and Hale are bidding strongly for the job of the man behind the plate, who handles 'em red hot from his partner in the pitcher's box.

''Flash'' McCall, whose manly bosom has more than normally swelled since the feeling of the appellation of ''Captain of the Nine'' has set in, seems to have his job at Short Stop sewed up, as the applicants for this position are few and far between.

Shores is back at his old stand on the corner doing a rushing business, as usual, and unless a bankruptcy petition comes in, he'll continue to efficiently hold down the first sack of the diamond.

Givens is givin' Shanks a merry chase for the half-way position, and Hawn and Gillingham are working hard to maintain their claims for the three-quarter mark at third.

In Cartwright, McMurray, Wilson, Mischlich, Cortner (Speck's brother), there is a galaxy of stars who are all out for the garden positions.

In addition to those already mentioned there are Crawford, Rosa, Keyes, Calvert, Davis, and Blankenship who are working for any position that shows an opening.

The attitude of the squad seems to be that of pure, unadulterated optimism, combined with a splendid spirit, and a noticeable lack of grumbling, all of which portends a successful season for Maryville on the baseball diamond.

NEW Y CABINET PREPARES WORK

The New Administration Has Picked Its Cabinet in Preparation for Installation.

NEW PLANS MADE

''A Bigger, Better Maryville By Way of Foursquare Man'' Is Motto.

Charles Johnson, president-elect of the Y has announced the new Y. M. C. A. Cabinet. It will begin its work April 1st. with plans for making the Association work broader in scope and more democratic in spirit than ever before.

The following cabinet has been selected to carry on the work for the ensuing year.

Religious Meetings, Robt. W. Bishop
Membership - - Gordon Harold
Bible Study - Wilbur Franklin
Publicity - - - Ernest Frei
Missions - - - - - W. B. Jones
Deputations - - P. D. Graybeal
Social Service - - - Merlin Usner
Music - - - Clinton Puff
Delegations - - - Julius Huffman
Lyceum - - Raymond Anderson
Intercollegiate Relations - - Clyde Lippard
Social - - - Solmon Brown

The cabinet members and officers will go to Montvale for a setting-up conference April the 5th. Plans for the work will be discussed and inspiration will be derived. The State Student Secretary of Y.M.C.A. will probably be present to give instruction in cabinet work.

A circus and gymnastic performance will be held on April 8th. the athletic chairman announces. Earl Riskey and his troupe of gymnasts will be here at that time. The intramural track meet will also be a part of the program of the athetic committee.

The Social Committee plans for a get-together weiner roast, or other big feed for the men. The spring Y. M. C. A. hike will take place, as

(Continued on page three)

MARYVILLE MEN DEBATE AGAINST BEREA FRIDAY

Dual Debate Comes Next Friday Night— Both Colleges Have Debated This Year.

Another lap in the College Men's Forensic Season next Friday night when Maryville opposes Berea College in a debate on the Supreme Court Question.

The Maryville Team debating on the home floor consists of: Edward Cornelius, Charles Johnson, and Merle Marshall. The negative team which travels includes: Francis Kinsler, L. E. Milling, and Otto Paulsell.

The travelling team will not be bate at Berea College, but at Richmond, Kentucky, because the same question has been discussed at that college already this year.

Both Colleges have already held debates on this question this year. Berea engaged in a triangular affair with Kentucky State, and Centre College; and Maryville has engaged with King and Tusculum Colleges. All affirmative teams of these colleges have lost decisions of the judges on this question.

The home debate will take place in Voorhees Chapel at 7:00 o'clock.

Honor System Vote

The plan of Honor System, fostered by the Student Council, will be considered and voted upon in chapel next Wednesday morning.

Dexter Greybeal will present the general scope and working of the Plan to the student body. Eleanor Franklin will take up the current objections to the proposed Plan, and discuss them.

Thereupon a vote will be taken of the entire student body by a secret and unsigned ballot. The results by classes will be tabulated.

PRESIDENT ANNOUNCES NEW CABINET OF YWCA

Y. W. C. A. Makes Plans For The Coming Year. Cabinet Has Been Appointed.

The new administration of the Y. W. C. A. will assume office the first of April. After the installation the cabinet is planning an all-day trip to Montvae where further and definite plans for the coming year will be made.

The New Cabinet consists of:

Elizabeth Keown, vice president; Nelle Johnson, secretary; Harriett Green, treasurer; Annie Vanderslice, U. R.; Margaret Lewis, Nu Gamma; Kathryn Franklin, Social Service Chairman; Clara Bowman, World Fellowship; Katherine Rule, Social Chairman; Rhea Clark, Devotional Chairman; Louise Baird, Y. W. Store Chairman; Gayle Marshall, Library Chairman; Hilda Harris, Publicity Chairman; Phyllis Anderson, Conference Chairman; Marjorie Fry, Ruth Schubert, Lyceum Chairmen; Lucille Denny, Bible Study Chairman; Dorothy Pat Scott, Athletic Chairman; Agnes Houghton, Ruth Schubert, Music Chairmen.

Kathryn Franklin is making quite a few plans for a greater work in Battle Branch. Clara Bowman is planning a circulating library on International problems and topics. She intends to choose her committee soon which will make a study on Internationalism with discussions each wek.

Plans are being made by the Social Chairman for May Day. She is also planning a social each month for next year's program.

The devotional chairman has begun plans for an Eastern service. Her program for next year will start with a discussion on the ''Individual Y. W.'', that is, what Y. W. is and means. Besides discussions on the local Y. W., the National and International Y. W. will be discussed.

Phyllis Anderson is preparing her posters on Blue Ridge urging as many peole to go as ossible. She will also have charge of a Blue Ridge banquet which will be given soon.

The Library Chairman is planning on new books and magazines with a weekly book review to be posted each week on the Y bulletin board in order to let every one know where to find material on the topics for each week.

Lucille Denny is making her plans with the idea of the Bible as an appeal to every individual. Betty Keown is making her plans for the new girls and Margaret Lweis in-

(Continued on page three)

CINDER ARTISTS TRAIN FOR MEETS

Four Big Meets Scheduled— Possibility of Sending Relay Team to Georgai.

BOND WORKING MEN

Team Travels to Chattanooga April the Fourth to Meet Sewanee.

The wearers of the flying M and many aspirants for that honor are attempting the most ambitious and extensive schedule ever undertaken by Maryville.

Contracts were closed this week for the last meet and the schedule now rests as follows:

April 4—Sewanee, there
April 11—Univ. of Tenn, there
April 25—Georgetown, there
May 2—University of Chattanooga, here.

It will be seen that there are three meets away from home and for the first time in the history of Maryville College there will be a real sure enough home meet with erstwhile rivals, the University of Chattanooga.

Meets were also pending with Vanderbilt and Birmingham Southern, but because of conflicting dates these were unable to be scheduled and hence have been dropped.

In addition to the above meets, there is a possibility of sending a relay team to represent Maryville in the Tech Relays at Atlanta on April 18th.

Amply augmented by the gym classes of ''Bones'' Veech the athletic field has been teeming every afternoon for the past several weeks with young hopefuls who are striving for recognition.

James King, three year track man, chosen by his mates for captain of the 1925 team and running his last year for Maryville, is showing great form in the half and mile.

James Brown, high point man last year in the ''Y'' meet, is better than ever before and is showing some tremendous bursts of speed in the dashes.

Wilbur Templin, undefeated long distance man for the past four years, runs out to Chilhowee and

Calendar

For week ending March 28

FRIDAY, THE 20TH.

7:30 p. m.—Co-ed Debate with Tusculum, on Question of Philippine Independence. Voorhees Chapel.

SUNDAY, THE 22

7:00 p. m.—Vesper Service, Dr. Giffin, of Knoxville College, to deliver the sermon. Voorhees Chapel.

WEDNESDAY, THE 25TH.

8:10 a. m.—Discussion and Vote on Honor System. Chapel.

6:30 p. m.—Annual Election for Editor Highland Echo. Voorhees Chapel.

FRIDAY, THE 27TH.

3:15 p. m.—Baseball season opens with Ohio State here. Wilson Field.

7:30 p. m.—Intercollegiate Debate with Berea, on Supreme Court Question. Voorhees chapel.

SATURDAY, THE 28TH

3:15 p. m.—Second Ball Game with Ohio State.

Co-ed Debate Tonight

Maryville's first co-ed debate of the year will take place tonight, when Tusculum teams are engaged, both here, in Voorhees Chapel, and at Greeneville.

The question to be discussed is that of Independence for the Philippines.

Maryville's affirmative team debating away from home, includes, Rena Mae Anderson, Evelyn Porter, Mary Louis Collins; and the negative team to appear in the chapel is comprised of Elizabeth Keown, Estelle Woodall, and Alice Robison.

LYCEUM PROGRAM OF NEXT YEAR OUTLINED

Bigger and Better Lyceum For Next Year Planned. Four Excellent Numbers.

The Maryville College Lyceum Bureau, managed by the YMCA and YWCA of Maryville College has again, for the fifth consecutive year, given its contract to the Alkahest Lyceum Corporation of Atlanta, for the 1925-26 lyceum course.

This company has given Maryville the best service in lyceum work and has made many discounts for her benefit. A number of extras were added on to the 1924-25 course, which made the four numbers the success that they were. A redction of $150.00 was made on next year's program, due partly to a disagreement on the last number of this year's program and partly to the interest of the Alkahest Lyceum in our work.

The program of this year has been a great success. Five of the most varied, entertaining and educational numbers have been produced for the benefit of the Lyceum patrons. Extras, such as the orchestra for the opera and the World Fliers were obtained, to help make the Maryville Lyceum the best that has been here. A deficit of over $200 was made up by the World Fliers program and the graciousness of the YMCA and YWCA in giving up one half of their receipts which come from the reserve tickets of the Lyceum fund.

The Alkahest Company will bring Maryville students a better program next year than we have had this year, according to the president of the company, and for less money. The first number will be an opera, ''The Elixir of Love'', which is much more comical and entertaining than the previous operas still having the high class of artists that we have had before. It will, no doubt, be the best opera entertainment that we have had. The Patton Brothers Trio is a group of artists that sing in costume. They have, according to Mr. Bridges, president of the Alkahest Lyceum Bureau, made the best hit of any of the smaller numbers this season and will bring to Maryville some real song hits next year. Charles Paddock, ''the fastest man in the world'', will probably be the next entertainer on the course. He is a fascinating lecturer and will bring a speech which will interest all who are real sportsmen. He is a first rate athlete and believes in the Maryville ideal of real sportsmanship. The Normandy Bell Ringers will close next year's program with

(Continued on page four)

BALL SEASON TO OPEN NEXT WEEK

Players Shaping Into First Class Nine as Season Draws Near.

PITCHERS PROMISING

Ohio State Crack Nine to Play Here Next Friday and Saturday.

Hy there! All you baseball fans that have been waiting impatiently for the coming of the appointed time to satiate your thirst for a baseball game, at last the moment is about to arrive when Maryville, lead by Captain Shorty McCall, proudly marches her crack nine onto the diamond to do battle with the speedy hard-hitting crew from Ohio State.

The encounter scheduled to occur on Friday, March 27th, as a curtain raiser for Maryville's season, represents a brand of high class baseball with an intersectional setting and is worthy of the utmost enthusiasm and backing on the part of the student body.

The team is rapidly coming into condition and under the skillful guiding hand of Skipper Honaker is rounding into shape until, now, with a shot of that mysterious, intangible, yet absolutely essential stuff known as ye old time spizzrinktum, the boys are putting forth every effort to come through with a superlative team for the occasion.

Let's start the season off with a bang! that will echo from Chilhowee's mountains blue to the quiet, peaceful valley where rests Ohio State.

With the veteran mainstay, Harvey the southpaw, the Highlanders count on winning more than one fray this Spring. Morevoer, Stone has been showing real form and will in all probability keep up his share of the twirler's game.

In the infield old men are warming up to a real hot season; on the

(Continued on page three)

SELECT BOARDING CLUB IS ORGANIZED

Veteran Member, Nathan Haworth, Elected President— Club Has Picture in Annual.

Over the plentiful board of the mid-day meal guarded and tended by the ubiquitous waiter, "Fats'' Morrow, a gentleman made famous by the adage, ''The Morrow never comes''—over this bounteous board, to repeat,—the active members of the Tarvin Boarding Club elected officers for indefinite time and purposes.

While there was felt no particular need for an administration in the work of the Club, the hungry craving of the members for politics instigated the movement.

Under the guiding influence of Miss Ruth Tarvin the following officers were duly elected: Nathan Haworth, president; Dexter Greybeal, vice-president; Julius Huffman, treasurer.

This innovation upon the activities of the Club members is calculated to have little effect upon the routine business of every day affairs.

The Club will have a picture in the Chilhowean.

The Newspaper is the greatest influence in the world today.
—Fielding.

JOURNALISM

Whether he likes it or not, the college student reads his College Weekly, and is influenced by it.

* * * * *

In the recent questionnaire of the Highland Echo opinions were gathered from diverse students concerning their student publication. The results were bewildering. Practically every suggestion was contradicted by another suggestion; such as "make it more personal", and "make it less personal''; ''Fuller athletic write-ups'', and ''shorter Athletics write-ups'' and so on ad infinitum. The moral is that as long as the paper is served to about six hundred students with different interests, it will be hopeless to suit everybody's conception of what ought to be printed.

There is no condemnation in the different suggestions of different subscribers, but rather a naturalness as natural as human nature.

* * * * *

It is to be realized that there are a thousand view-points on the Hill, and that each individual looks at the paper through his own eyes. Of course each student has a tendency to desire more of his interests played up in the paper, and less of others. It is the task of the Journalist to weigh the various interests of the student body, and give space to the articles which will prove of most interest to the greatest number of readers.

Now we would like to put in a plea for a view-point different from that of any large group of students—that of the journalist himself.

* * * * *

College Journalism is becoming a real science all over the country. The rules of the regular profession of Journalism are applied as far as possible. Such rules as keeping the news section entirely impersonal, avoiding ''coloring'' articles with the writer's own personal opinions, and in the commoner rules of paragraphing, editorial style, avoiding nicknames, first and second person pronouns, and in giving story leads. While the ordinary student is uninterested and probably without sympathy for this part of his College Paper, the staff of that paper is in the newspaper ''game'' and he must follow the rules.

Headlines, leads, boxes, symmetry, and contrast are principles probably unknown to the reader of a paper, but it is in the use of such principles that the paper is made orderly and readable.

THE COMING ELECTION FOR ECHO EDITOR

The annual campaign for choosing the editor of the College Weekly is upon us, with the usual pre-election speculation and politics.

* * * * *

There is much to question in the present system of choosing the editor-in-chief of this paper. While we do not forget that the present editor was elected by this system, we will proceed to attack the method.

In practically every college in the country the election of editors is beyond the control of the student body, and placed either in the hands of the staff itself, or where there are departments of Journalism, faculty members direct the choice.

Where there is popular election inevitably considerations of politics and popularity have more to do with the choice, than real fitness of the candidate for the office.

We do not know what considerations will determine the choice of editor, but we venture to guess that personal and irrelevant considerations will play a large part.

There should be a system at Maryville whereby the Echo becomes a self-perpetuating body, and staff members are chosen by competitive means.

* * * * *

If the Highland Echo is to grow from year to year, and benefit by experiences of the past, staff members should be given office and promoted according to their merit and worth. It may be too much to ask for a class in Journalism at this College at this time, but the paper should be a permanent organization with its members trained in the rules of the newspaper.

At present when free lance candidates enter the field and get the position of editor they are unprepared for their work, sometimes they have never done a bit of work on any newspaper. Staff members are chosen for the year, and have nothing to work for, no promotion to seek; when the year is done a new editor is introduced and the old staff is left out in the cold.

The Highland Echo should have a permanent staff, with members selected by competitive newspaper work, and promoted according to the grade of the work they perform. The Editor should be selected from the staff of the year previous, provided any student is permitted to apply for membership on the paper. This consideration of course, does not in any way apply to the election next week.

THE CAMPUS AGAIN

The semi-annual Campus Clean-up Day has come and gone once more only to be remembered as a good holiday.

* * * * *

A few random, bare, and lonely sticks prodding uncertainly about various nooks and angles of the campus, and possibly a weather-beaten thread or two waving in the breezes, is all that is left to commemorate the late student work day.

The pathetic part of the story is the repetition in it. Twice every year the same program of campus reform is conducted, with the same trite pounding in of sticks around the paths, and the digging up of ground so poor you have to fertilize it to make brick.

The logical deduction from this year in and year out prodedure so futile is that the system is wrong.

* * * * *

Of course, if a holiday is the thing desired we have nothing to say about Campus Clean-up day. But if there is a purpose to better the campus, we maintain that the work is misdirected.

The same story of short-lived construction on the campus in an effort to direct the march of people around tedious and meandering walks, occurs every Fall and Spring.

—MC—

It is only natural that people will take the shortest distance between two points, when they do their walking.

* * * * *

Instead of continuing the futile plans of the past we propose that those parts of the camus where people insist upon walking, grass or no grass, should be formally made into paths. If such stone walks as those leading to Thaw Hall, are laid where it has proved most convenient to people to make short-cuts, the looks of the campus would be improved, energy of pedestrians saved, the task of pounding sticks around the lalrynthic walks twice a year would be done away with, and people would not have to break their necks removing them in their travels.

HIGHLAND FLINGS

Sprig ith Cubig.

—MC—

Think of the time students waste—only about five seniors study in Ethics class.

—MC—

With that pile of bricks Browny dumped in front of the chapel, we pity the next bad chapel speaker.

—MC—

IMPORTANT NOTICE

Alpha Sigma Literary Society will hold a caucus immediately after the regular meeting tomorrow evening.

Athenian Literary Society will hold a caucus immedaitley after the regular meeting tomorrow evening.

—MC—

All the hot air blown off about the proposed Honor System would serve to inflate 1,728 balloon tires.

—MC—

Dum: 'How ya' feeling?''
Bell: ''Rotten''.
Dum: ''Whassamatter''
Bell: ''Got insomnia''.
Dum: ''How come,''
Bell: ''Woke up twice in the Dean's lecture this morning''.

—Penn. State Froth.

—MC—

If the discussion on the Honor System continues much longer Maryville will have a large number of proficient debaters.

—MC—

PROVERB

Carnegie covers a multitude of sinners.

—MC—

''No student cannot afford to be without one (Chilhowean)''—Highland Echo. We beg pardon.

—MC—

By the way, tonight Prof. DeHaven's three man team of Keown, Woodall and Robison will debate on the Independence of the Philippians.

—MC—

COLLEGE PASTOR WILL CEASE VESPER SERMON

Good news article, speaking of journalism.

—MC—

''I do not have much poetry in my sub-conscious anatomy''—Professor Orr.

—MC—

''God bless woman!'' said the Philanthropic optimist. ''She is like the ivy on the ruined wall. The more dilapidated you become, the more she clings to you.''

''Yes, God bless her!'' grunted a misanthropic pessimist. ''The more she clings to you, the more dilapidated you become.''—Judge.

—MC—

Merlin—I was talking to your girl yesterday.

Paul: Are you sure you were doing the talking?

Merlin: Yes.

Paul: Then it wasn't my girl.

—MC—

A self-satisfied man arrived at the gates of heaven and asked for admittance.

''Where are you from?'' asked St. Peter.

''Maryville''.

''Well, you can come in, but you won't like it.''

—MC—

LAST LINE

Buljer

Men's faults are many.
Women have only two—
Everything they say, and
Everything they do.—Plainsman.

back every afternoon. Coming in on the home stretch, he still finds stamina to sprint and hits the finish with a grin from ear to ear.

Robert Thrower, is showing great improvement with the weights and with a little stimulation in the nature of competition is determined to exceed anything he has done in the past.

L. E. Milling made his letter by clearing the bar much above that of his opponent in the U. T. Meet last year. His form, this year, shows some improvement and with a year of experience behind him should give any opponents a real fight for the highest vault.

Robert Bishop with the speed and spring of a bull frog in his shanks clears over twenty-feet of terra firma in the broad jump and will be counted on to function in this capacity this year. His speed is also used in the 220 dash.

Morgan performs in the dashes and high jump. Last year was his first year at track and he made a great showing.

Jean McMurray, besides making letters in football, basketball, baseball, tennis, and moonshining takes a little time off and makes a letter over the hurdles.

Robinette is coming up again in the field events and will show up here in all the meets.

Among the new men, there are a number who are outstanding in this performance on the turf and therefore worthy of mention. They are: Edwards, a good miler; Wyse, half mile; Brock, miler; Lorenz, field events, and Louis Reed, middle distances.

Crawford, Slemons, Shivey, Browning and others have been out for the past year or two and should push some for their places this year.

Prospects are bright for a successful season, get behind Coach Bond and his proteges and make it the best ever produced.

The Y store chairman is planning to make the store more attractive, to advertise the stock well and to make quite a few additions.

The Lyceum, Music and Athletic Chairmen are also making many plans for carrying on their work.

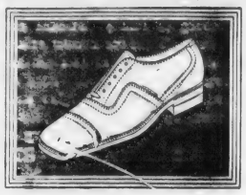
NEW Y CABINET PREPARES FOR WORK

(Continued from page one)

well as other smaller over-night hikes to places of interest nearby.

To make the Y. M. C. A. a vital factor in the life of the college, and ot aid in the development of college men physically, spiritually, socially and mentally in a Christian way is the determination of the new administration.

PREP THEATRE PARTY



Last Friday evening the Senior Preps staged their annual theatre party under the chaperonage of Prof. and Mrs. Kiger.

The Preps were out for a good time judging from the way the balcony of the Palace Theatre, the scene of their festivity, rang time and again with applause as some thrilling climax filled the screen.

So that they might not be outdone by the College Seniors, Monroe Wells played host to the entire class by setting his classmates up to refreshments at the drug store.

Thus ended the last Prep party.

Laugh not too much: the witty man laughs least:
For wit is news only to ignorance. —*Herbert*

THE NEW WIDE-TOE BROGUE

The very newest of shoe styles, the wide-toe Brogue, has been eagerly accepted by those young men who have seen it.

Smart to the last degree, more comfortable than a regular brogue, lots of room for your toes, made of choice calf skins in popular shades.

Crawford was among the first to perfect this style; we are now showing these smart, well-fitting Crawford wide-toe brogues in our store.

Stop in and take a look. Try on a pair—you'll be amazed at the feel of them as well as the price.

The **Crawford** *Shoe*

TARHEEL CLUB NOTICE

All loyal members are asked to pay their dues up this week in order that the picture for the Annual may paid for. The dues are sixty cents, and the money must be in by the end of this week.

A party is being planned for next Monday afternoon, the charge for which will be fifteen cents. A good program is being arranged and there will be plenty of "eats" on deck.

Cleland Calfee, Editor.

There is the love of knowing without the love of learning; the beclouding here leads to dissipation of mind. —*Confucius*

LITERARY SOCIETIES

Alha Sigma

Alpha Sigs will at the next meeting try to learn who their ancestors were.

Perhaps some great-great-great-great-grandmother (with several other great-greats added) swung by his tale from some lofty jungle limb and chucked cocoanuts at some great-great-great-grandmother, while all the goofuses, and Epiglotises, and Pyroheas and other extinct animals which were then still in the progress of evolution looked on with wonder and amazement. Quien sabe?

The ancestor question will be fully discussed in a debate; Resolved: That the Theory of Evolution is the Most Logical Explanation of the Development of Man. Blough and Griffitts will uphold the affirmative, and Usner and Broomall are anxious to champion the negative issues.

This debate promises to be as interesting as the recent Fraternity Question.

In addition there will be a chalk talk by George Matthews which promises to be entertaining and instructive. The program will be concluded with music.

Gaading and Jeffries,
Alpha Sigs at large.

Athenian

A lengthy and important business meeting was held by the Athenian Society last Saturday night. The new crew of officers were elected and duly sworn in. They took up their respective duties where their predecessors left off. They are:

President, James King; Vice President, George Neff; Program Secretary, Edward Hamilton; Recording Secretary, DeFoe Pemberton; Critics Charles Johnson and Dexter Graybeal; Editor, George Crawford; Sergeant-at-Arms, Arthur Sargis.

The Society is expecting great things from this capable bunch of officers, and feel sure they will cary on and uphold the standard given them by traditional Athenians.

George Crawford, Editor.

Bainonian

People should have a knowledge of parliamentary law. The program secretary has concluded that Bainonian would welcome some instruction along this particular line, and Dr. McMurray has kidnly consented to be present next Saturday night for that purpose.

If Bainonians prove such apt pupils that the Doctor finds that he can teach no more before the hour is up, everyone is going to have a chance to sing without having someone yell about it, and question your health. An old-fashioned sing, with the top of Pearsons coming off if necessary will close the meeting.

Bainonian Editor.

Theta Epsilon

The Theta Epsilon Literary Society held its weekly meeting at six forty five Saturday evening.

The main event of the program was the installation of new officers. Miss Clemmie Henry carried out the service in a very attractive manner.

After the installation service, a musical program was enjoyed. Miss Pearl Bowman played a piano solo, and others of vocal talent sang songs representative of different countries. The scenery and costumes added attraction to the program.

Miss Sheffied is the new president. members undoubtedly are willing to help her make Theta its best by coming to every meeting.

COUNCIL COMMITTEE TO SEEK NEW STUDENTS

Names of Prospective Maryville Students Secured by The Booster Club.

At the request and under the direction of the Booster Club, forms for the presentation of the names of prospective students of Maryville College were distributed among the student body.

The purpose of this movement is to attract to the college students likely to prove valuable to the institution—students that are proficient in athletics, forensics, or other lines of extra-curriculum activities.

Although attention has been devoted to securing to the college an unselected group of students, little effort has been directed toward obtaining a class of students that can well represent Maryville in her intercollegiate relations.

If Maryville is to continue her prestige in athletics and forensics, new men and women talented in these lives must be enrolled each year.

If at any time a student thinks of the names of other high school graduates of the above described type, he should hand these names, with the address, to his Student Council representative.

LOST— Gold Eversharp pencil with initals R.E.G. Owner values very highly. Please return to the Registrar's office.

Fame comes only when deserved, and then it is as inevitable as destiny, for it is destiny.—*Longfellow*

WHAT IS AN EDUCATION?

We come to college to get an education. What is an education? Books? 'Heck, naw'', comes a chorus from the majority of the students. Athletics? ''Oh, my goodness gracious, of course not'', primly responds the group of intellectuals. Social activities? ''Most certainly, not'', the deans and professors inform us. Well, what is an education? About the only plausible suggestion we can offer is that it is a combination of he three elements named above.

First, they must consider the literary side of their education. More than ninety percent of the grades of the average student should be A's. It is absurdly easy to make A's. All that is necessary is that one study at least three hours for every class. If a student is taking eighteen hours work, and studies the required amount of time, he spends, including ecitations, only 72 hours a week on lessons. This leaves considerably more than half the time for other activities.

Second, every student should go out for athletics. Every one should make the varsity football, basketball, tennis, track, and baseball teams. This is absolutely essential in the securing of a well-rounded education. A student who has not made all A's and who has not made letters in all these branches of sport for all four years of his college course is not educated.

It is equally true that no student is to be considered as educated if he has neglected his social activities. The least expected of a college man is that he moonshine every day, and manage to become engaged at least four times during his college course—once for each year. And a girl cannot be excused with less than two captures per year. No social function should be passed by, and—although there is considerable danger to the morality of the school—Snap should be indulged in vigorously.

NOTICE TO FRESHMEN

The Freshman class now have eighty dollars in the treasury and more is coming. There are, however, quite a few who have not paid up yet. A check is being made on all the pictures, and these pictures will not go into the Annual until the persons whose pictures these are have paid their class dues.

Dues are seventy-five cents for this semester, and a dollar twenty-five for those that did not pay last. Payment should be made to Lucy Horton, Baldwin; Mary E. Johnson, Memorial; Floyd Geist, or Cleland Calfee.

Cleland Calfee, Treasurer.

"Y. W." MEETING

The Y. W. C. A. will meet as usual next Sunday afternoon at one thirty in the Y. W. auditorium.

"Christ's Zeal" is the subject which will be discussed under the leadership of Miss Reba Grunder.

Here is an opportunity for all loyal Y. W. members to show their zeal by attending this meeting and coming on time.

So far as anyone shuns evil, so far he does good.—*Swedenborg*

SCANDAL ISSUE

NO HONOR SYSTEM AT MARYVILLE

The Highland Echo

CUT CLASS AND GO TO SHOW TODAY

VOL. X. MARYVILLE, TENNESSEE, WED., APRL 1, 1925 NO. 24

STUDENTS INVITED TO THE SHOW

FACULTY MEMBERS TAKE DIFFICULT INTELLIGENCE TEST

College Professors and Instructors Reveal Astonishing Information But All Fall Below Normal Intelligence

All Members of Faculty Are Feeble-minded, Morons, or Imbeciles.

HIGGINBOTHAM LEADS

Jewell, Davis and Hussey Tie For Second Place. Mrs. Minton Last.

The intelligence test which the Highland Echo staff recently gave to various members of the faculty revealed the fact that practically all the instructors and professors of Maryville College are freeble-mnded, morons, or imbeciles. Out of a total score of 260, no one got more than 162.

The system of grading employed was as follows: 230-260—A—Superior adult; 22-230—B—average; 170-190—C—feeble-minded; 130-160—D moron; below 130—F—imbecile.

The members tested ranked as follows: Miss Higginbotham, 162,—C—feeble-minded; Miss Jewell, Prof. Davis, and Dr. Hussey, 160—C, feeble-minded; Dr. Barnes 158, D, moron; Dr. Gillingham 156, D, moron; Miss Caldwell 151, D, moron; Miss DeHaven, 150, D, moron; Dr. Stevenson, 147, D, moron; Professor Orr, 137, D, moron; Mr. Herndon 125, F. imbecile; Mr. Bond, 110, F, imbecile; and Mrs. Minton, 100, imbecile.

Mr. Radcliffe declined to take the test.

It might be said in defense of Miss Mollie's low grade that no one could be expected to retain full possession of her faculties after trying to make one hundred and fifty girls behave for thirty-eight years. The absolutely disgraceful ignorance of

FAMOUS TRAVELLING CIRCUS COMING HERE

Great Combined Attraction To Appear On Campus Early In April.

On April the 8th in the Alumni Gym will appear one of the biggest attractions of the year. Students will want to see each and every act of this great performance for it will be the annual appearance of the great attraction put on by Bingling Bros. and Darnem Dailey's combined convolutionists.

Pause must be made to say, however, that some of the animals of this great combination have not yet come out of hibernation and will not be used in this year's attraction.

But instead of woolly monsters the managers have secured the services of a company which far excels anything that has been here before in

(Continued on page two)

MISS MOLLY MOONSHINES

At nine-thirty, on a dark Wednesday night, with no moon, Miss Mollie was found on the campus—no, not dead, nor in a faint, nor injured,—but actually moonshining!

James Brown, the lucky man, was strolling leisurely towards Pearsons, from the general direction of the chapel, daintily and delicately supporting the fairy-like form of Miss Caldwell upon his arm, strengthened for the purpose by years of footbal and baseball.

Upon arriving at Pearsons, Miss Caldwell immediately campused and moonshined two younger ladies for moonshining out of regular nours. Age may have its drawbacks, but it has also its privileges!

VOTE OF STUDENT BODY REJECTS HONOR SYSTEM

Secret Ballot Taken of College And Prep Students in Chapel Saturday Morning.

The students of Maryville have chosen to cling to their fleshpots of Egypt. By a referendum vote of the entire student body the proposed Honor System, born in the Student Council, was definitely rejected in the chapel Saturday morning.

The little hope held by the champions of the cause was covered by the wet blankets of the opposition who before and during the election kept up a guerilla attack.

Especially insurmountable was the obstacle of a three-fourths majority required by the faculty representative before the system could be applied to the College.

It is hoped on all sides that the objections to the Honor System as presented to the students, was not based on any inherent dislike for the exercise of honor, but rather upon the intricate workings of the proposed plan.

The following figures have been gathered from the votes cast:

Class	*For*	*Against*	*Total*
Senior	42	35	77
Junior	38	39	77
Sophomore	56	84	140
Freshman	80	129	209
Preparatory	8	35	43
Total	224	322	546
Percent	41%	59%	100%

Red hair has affinaity for red hair. Red Brown and Rhea think so anyway.

—MC—

Hunter, Reba and Mrs. Snodgrass have agreed that Baldwin parlor is no place to moonshine.

—MC—

Prof. Herndon told Lois that Raymond McConnell is getting a crush on Mary Marston.

SLACK ATTENDANCE AT SUNDAY SCHOOL FOUND

Total Attendance From Sunday Schools In And Out of Town Compiled.

430 STUDENTS IN S. S.

Remarkably Large Number Sign Honor Reports In Chapel Tuesday Morning.

About seventy students too many signed the Sunday School Honor Report for last week. This figure does not include about thirty-five students who did not sign the report for either presence or absence from Sunday School.

About 493 students signed honor reports for their presence at Sunday School, and about 72 students were absent, according to the reports. About 35 students did not sign reports last Tuesday.

On the other hand, 430 students were found to be in the following Sunday Schools:

Presbyterian Sunday School	238
Southern M. E. Sunday School	52
Baptist Sunday School	43
M. E. Sunday School	61
Christian Sunday School	10
Quaker Sunday School	10
Palace Theatre Bible Class	12
Plainfield Sunday School	2
Cumberland Sunday School	1
Out of Town Sunday Schools	14
Total No. Students at S. S.	430

Of the thirty-five students absent from chapel Tuesday, say seven signed the Honor Report later in the week, and there is a discrepancy of about seventy students between the reports and the actual count.

Considering the unusual attendance reported from Sunday School Secretaries, the remarkably fine weather, and the rumor out that the Faculty (an altogether false rumor) were out to "Check up" the figures given above are conservative.

Allen Elected Echo Editor

On the sixth ballot of the student body Willard Allen was elected Editor-in-Chief of the *Highland Echo* for the next College year.

The election was nip-and-tuck between Allen and Bishop with the former holding the lead most of the time. As the other candidates withdrew from the field in the progress of the election the contest was hotly drawn between the two parties and scattered votes gathered and concentrated upon the two leading figures.

In the eleventh hour when success was hanging fire between the two camps Goddard Street Crew rushed in and cast ballots in unison.

Allen will not take office until the last issue of the paper in the Spring, which issue will inaugurate his work.

MANAGEMENT OF PALACE THEATRE WILL OPEN DOORS FOR MARYVILLE STUDENTS AT ONE O'CLOCK TODAY

Program Includes "Christine Of The Hungry Heart", A Comedy—"Radio Riot", and International News.

NO EXCUSED ABSENCES

College Work, of Course, To Go On—Take Your Cuts If You Can Stand Them.

Mr. Everett, manager of the Palace Theatre, extends to the students of Maryville College, through The Highland Echo, an invitation to attend the screen program at the Palace Theatre at 1:00 o'clock today, at his expense.

On the other hand, the regular afternoon sessions of the College will continue. All students who take advantage of the theatre program and cut classes on the Hill will receive cuts for their absences. No absence slips will be issued for the occasion.

The Program at the Theatre will feature "Christine of the Hungry Heart", a Thomas H. Ince Production. The cast includes Florence Vidor, Olive Brook, Warner Baxter, and Walter Hires. The drama is built upon a story of love and romance.

There will also be a Sunshine Comedy, entitled "Radio Riot". To round out the program there will be presented International News Pictures.

In view of the kindness of the Theatre management, the students who attend are requested to arrive at the theatre in a body at one o'clock this afternoon.

It is hoped that the students will show appreciation for this kindness and conduct themselves accordingly; and that those students who suffer from an insufficiency of quality credits will remain on the Hill, attend classes, and escape cuts.

MINISTERIAL ASSOCIATION

All the ministerial students and friends are invited to attend the meeting of April the 1st. which will be held at 5 o'clock p. m. at the Alpha Sigma Hall.

George Neff will lead the devotions, after which Robert Wood will give the reading 'A Legend of Service', by Henry Van Dyke. Henry Welbon, whose father is a missionary in Korea, will tell of the work of the minister in Korea.

Henry Welbon is familiar with all the aspects of a missionary life, and his talk will not only be of interest but also a source of inspiration to all ministerial students no matter whether they intend to go to the foreign field or plan to work at home.

COLLEGE PROFESSORS LAUD STUDENT ORGAN

The Highland Echo Receives Highest Praise of Members Of Faculty.

Recently a small questionnaire was presented to various members of the faculty, asking them to state their opinion of the Highland Echo. These, with a few personal interviews, yielded the following results:

Dr. Wilson, the President of the College said, "You have been very loyal to the college."

Miss Caldwell, the Dean of Women, says "The Highland Echo fills a very important place in our college life and expresses very well indeed the normal life of the Hill. The Echo compares favoraby with other college papers issued by similar institutions."

Prof. Proffitt, the treasurer, said "I consider the Echo well-balanced school paper. The work of the editors and business manager is well done."

Mrs. Jane Bancroft Smith Alexander, Professor of English Literature, said, "The Highland Echo is a very good paper indeed. I enjoy reading it more than I do reading Milton or Shakespeare, and doubt that even I could do better".

Miss E. M. DeHaven, English teacher and coach of debate teams says, "I believe the Highland Echo is a decided improvement this year as compared with the publications of two or three years ago. Particularly is there an improvement in grammar, spelling, diction, and general composition and the composition throughout the paper is more original than that of previous years".

Miss Jessie Sloan Heron, Head of the English Department, laconically remarked "Very good."

Professor Orr, uttered many

(Continued on page three)

YOUNG PEOPLE TAKE QUIET SUNDAY STROLL

Open Air Religious Services Held on Sunday—Congregations Small.

A group of students have adopted the philosophy that worship is more effectual in the great open spaces of nature than in the crowded and cramped confines of the churches. It seems that these young people can worship even more effectually when paired off with certain persons of the opposite sex.

On Sunday morning, March 22, one such religious meeting, with a congregation of six, was discovered at the corner of the graveyard on Cates street. The members of the

OTTO PAULSELL - *Asst. Bus. Mgr.*

A woman's talking is like a dog's walking on his hind legs; it is not done well, but you are surprised to find it done at all.
—Samuel Johnson

SO RIDICULOUS

Truly the way of a man with a maid, which is called romance, is a precarious, hit-or-miss process both unreasonable and uncontrollable.

* * * * *

The above-quoted Dr. Johnson vividly described love when he said it was simply that a young man and woman would both enter a room and see each other for the first time, look at each other, let their eyes meet, then go home and dream about one another

When a speculative observer on the campus looks around at the various couples he must always wonder who made the combinations. No law of compatibility is observed, fatness and lankness, brains and ignorance, reticence and obstreperousness seem to get together in moonshine couples for *tete-a-tetes* which always seem to pan out all right.

In the world of animals and the little birdies couples form in accordance with the laws of romance, when the parties strut around until one catches the eye of another; and they get together. So it goes.

* * * * *

It is the nature of the beast. About as random is the way of courtship as in the day when the hairy ape shambled through the steaming murkiness of tropical forests and blinked up at the stars.

The prospector gentleman hangs around the campus, catches sight of a pretty figure or a pretty face, ejaculates, ''By Jove, wonder if I could get a date''. Goes home and does the dreaming, gets his date, and the couple is fixed for the year.

However lovely it is to see affectionate couples around the old walls of the campus, there is little scientific and intelligent influence in their formation.

* * * * *

We would propose some reforms and remedies for moonshine and the choosing of mates if it were not so apparently hopeless. If it is true that a young man starts to go with a young lady upon the slightest of pretexts and reasons, it is also true that once started going it is about impossible to make any interruptions in the course of nature. Yet the way they single them out in true cave-man style is so ridiculous.

Now the next time you observe couples on the campus just look them over and wonder what started them and what they see in each other.

SCANDAL CLUES

A man hardly knows there is a law until his actions lead him to violate it; as long as it doesn't interfere with his ways the law for him is practically non-existent.

* * * * *

If we wanted to pick out the people who are getting away with things on the Hill the best thing we could do would be to watch the ones who are always objecting to the regulations of the institution.

We are not now branding anyone who desires a change on rules or who doesn't care to respect the laws, but as a good piece of logic and as a possible source of scandal information, we say watch the individual who objects to the laws of the place. He wants to break them.

It is a bit strange that people will go to a place and not want to carry out the program of that place, else why do they come there in the first place, to carry out their own program?

* * * * *

As the Dean says, the student who does his work every day thoroughly is in little danger of getting in trouble. How could he? But get a man in an educational institution who does not care about education and he is bound to chafe and do things to cause a little scandal.

Take a student who never cracks a book, doesn't do any work on the Campus, and the chances are he is up to something on his own hook, and maybe the authorities that be wouldn't be pleased at finding what it was.

Nothing invidious at all is suggested, but when you find a fish out of water, you can feel sure that he is up to something, and not merely catching flies.

FAMOUS TRAVELING CIRCUS COMING HERE

(Continued from page one)

their line. Hence the management is greatly pleased to announce in connection with this big event the appearance of Riskey's Renowned Racrobats.

This famous company is touring this part of the country at the time of this circus and have been secured by much persuasion and at great cost to assist in the program on April 8th. The Racrobats do everything from jugular jim-jams to stupendous flip-flops which defy all laws of gravity and space. Lest someone doesn't know the trainer of this company let it be said that he is the beloved and respected dizzy dribbler 'Nigger' Riskey. He is bringing his company here at special request to assist in this great attraction.

Funny comical side-splitting witty clowns will parade the ring and give amusement to the throngs which are sure to fill the spacious arena. It is rumored that many other dangerous and hair-raising stunts never before seen in the saw-dust ring will be performed by the agile and daring supermen. Posters will announce other features peculiar to this great show, the greatest one on earth. If you miss this one you have missed the chance of a lifetime. Remember the date April 8th. Come and bring the kiddies. They will enjoy it all.

This event is being put on under the auspices of the YMCA and under the direction of Prof. Bond. The total proceeds go to sending a Track team to Atlanta to compete in the Southern Track Meet there and to buy apparatus for the new Alumni Gym.

Practical Poetry

Some go to church just for a walk.
Some go there to laugh and talk.
Some go there the time to spend.
Some go there to meet a friend.
Some go there for speculation.
Some go there for observation.
Some go there to doze and nod.
A few go there to worship God.

YOUNG PEOPLE TAKE QUIET SUNDAY STROLL

(Continued from page one)

congregation were Henrietta Smith, Albert Griffiths, Reba Grunder, Hunter Robinette, J. Catherine Rule and W. B. Jones.

Other congregations, of two, or three members, were holding services, or revivals along Cates, Miller, Stanley and Goddard Streets. Carrie Correll and Sherman Edsall were engaged in an inspirational devotional service. Jesse Pierce was striving to show to Dorothy Roney and Virginia Hendricks the error of their ways, without much apparent success. Kathleen Hunnicutt and Maynard Dunn discussed religious topics of the greatest importance.

The young people insisted that they had already attended church services at the Quaker church, and that the pastor had told them to return straight to the Hill. They stoutly maintained that these smaller congregational meetings were merely supplementary.

But, as meetings at the Quaker Church do not begin until 10:45, and the young people were questioned at 11 o'clock,——oh, well.

The Idea!

Miss Molly: No, you can't wear that one piece suit in the pool.

Barbara: But I have to wear something, Miss Molly.

COLLEGE PROFESSORS LAUD STUDENT ORGAN

(Continued from page one)

words, but said astonishingly little: It was impossible to gather from what he said his true opinion of the Echo, so his answer is printed here verbatim:

"If the paper prints the news I like it for that; if it fails to get the news and I obtain it otherwise I am not seriously worse off perhaps; if it fails to get the news and I do not get it otherwise I may never know what I have missed so I am still happy. I cannot see therefore that I have much cause for complaint.

"I do look to the Echo to keep me posted about folks and doings on the Hill that otherwise I would not know about. This is a good and necessary function of a student paper. I am glad to get the student point of view as expressed in the editorials and otherwise in the paper. Undoubtedly the paper is a constructive influence among us.

Miss Helen Gamble, of the Psychology department, said "The Echo compares very favorably with other college papers which I have seen."

Dr. Gillingham's answer came in the form of a personal letter to the editor, which is printed herewith:

My dear Sir:

I thank you for this opportunity to think out my opinion of the *Highland Echo*, which opinion I discover, to my surprise, has heretofore only been half formed. As I have jotted down on paper my favorable impressions, I am delighted to find that they form a rather long list. In the interest of brevity, therefore, I shall sum them up in a threefold manner.

1.—I have been much pleased with the attractive appearance of the paper, particularly as the appearance has constantly improved throughout the year. The paper has *never* been more attractive than it is just now. The progress shows that for you and your colleagues in the management of the paper, the paper has provided a valuable training course, from which I am sure you have yourself obtained much enjoyable benefit.

2.—In close connection with the appearance of the paper is the matter of its business management. I am a great believer in punctuality. Naturally, therefore, I have been favorably impressed by the business-like way in which the paper has been handled, and the fact that it has been printed on time. Commonsense and cooperation are in evidence here.

3.—That the paper would be conducted in conformity with our regulations was, of course, a matter to be taken for granted. I am satisfied moreover, that it has also been conducted in harmony with the spirit and ideals of Maryville. This is more important, and exceedingly gratfying. I congratulate you upon the very high plane which the paper has been conducted.

With sincere congratulations to the entire editorial and managerial staff, I am

Heartily yours,

Clinton H. Gillingham.

Prof. Radcliffe refused to commit himself.

GLEE CLUB TRIPS

The Glee Club has successfully accomplished the first two concerts of the year. At Harriman on the 20th, and at Athens on the 26th of March they were well received by approving audiences.

At Harriman the Club Manager, Reader, Sponsor and Quartet all appeared in the High School before hand to advertise the performance. The Quartet scored the biggest hit of the evening.

Afterwards the crowd was royally entertained at Albert Cook's home.

At Athens on last Thursday evening the successful performance of a concert was repeated. It was regretted that Miss Staater was unable to accompany the Club on this trip.

Kathleen's a clever girl—she keeps Tommy and Maynard on her trail all the time. Here's to the best man.

College Professors and Instructors Take Test

(Continued from page one)

the rest of the faculty, however, is inexcusable.

Some of the choicest bits of knowledge gleaned from the answers are given here. The names of the faculty members who gave these answers must remain confidential.

The captaincy of the Maryville baseball team for 1925 was attributed to Ed Cathey, Pat Shores, Gamble, the first man to knock a home run, Honaker, an M. C. Student, Baby Ruth.

Maryville College lost thirteen, two or three football games in 1924. Several answered ''Maryville never loses.''

The most admired member of the faculty, in eleven cases, was the name of the person taking the test. One answered ''I cannot lie, and I must not tell, for fear my wife would give me—well, A lot of trouble.'' One Professor wisely admires his wife most of all. Other objects of admiration are Professor Knapp, Dr. Gillingham, and Mrs. West.

Red Grange is ''a farmer with auburn hair'', a Maryville freshman, a prize fighter, ''a big bum'', a ''former cooperative association.' He is in Valparaiso, Chicago, ''Long Hollow Seminary'', School of Experience, ''Squedunk Academy'', University of Indiana, Notre Dame and Vassar. One faculty member insists that he is not in school.

The World Series of 1924 was won by the gamblers behind closed doors, by Atlanta, by Maryville at U. T., in California, by the Giants or by the Yankees.

Dr. Stevenson's text for March 26 was variously located as being, ''in the Bible'', ''en su cabeza'', in ''College Humor'', in Thessalonians, in Galations, and in Proverbs.

The columns in front of Pearsons were usually numbered at four. One faculty member says one. One opines that the number is the same now as when the building was erected.

The formula for Paris Green was said to be that of Sta-comb, 'hot air, ''Old Lady'', Onion, Hash, or ''boarding house butter''. Some implied that it was unecessary for them to know. One offered the answer 'Why should I worry? I'm not in the transportation business.''

The ignorance of the faculty on lingual matters is astonishing. Very few were able to translate simple sentences in Spanish, French, German, Latin, and Greek. ''Cogito, ergo sum'', was translated as ''I don't think, therefore I ain't'', ''Horseradish burns'', ''I don't know, therefore I can't'', ''Lafayette, we are here'', ''Don't give up the ship'', 'I sink, therefore I swim'', ''I know myself best'', and ''Known, therefore has been.''

A Greek sentence meaning ''You can't have her'', was translated ''The root of all evil'', ''All Gaul is divided into three parts'', ''It wouldn't do for him to hold her'', ' Fools rush in where angels fear to tred'', and ''If you would be popular with the girls, you must have an auto''. Several remarked that it was all Greek to them.

Proprioceptors, which are sensory receptors in muscles, were defined as ''Greek for hash'', ''a proper instructor'', ''An option on property'', ''Minister plempotentiary'', ''One who deserves'', ''A 14-letter word for a crossword puzzle'', ''Those who take what belongs to them'', ''Legs of a flying machine'', and as ''An athletic director''.

Hotspur, a character in *Henry V*, was assigned to ''Paul Revere's Midnight Ride'', ''A Slow Train thru Arkansas'', ''Alice in Wonderland'', ''Bunyan's Pilgrim's Progress'', and to ''II Drachick''.

Swendenborg, the founder of the Swedenborgian Church, was called ''President of Sweden'', ''a dancing master'', ''An Extractor of Souls'', ''A city in Sweden'', and a heavyweight.

''The Tiger'', a poem by Blake, was assigned to Browning, Lily, ''some nature faker'', Charles Lamb, and to various members of the Echo staff.

Even more appalling is the ignorance of the faculty upon matters pertaining to the Bible. The father of Samson was, according to the answers received, ''his mother's husband'', Adam, Ham, and Delilah.

The first Christian martyr was Napoleon, Dr. Isaac Anderson, ''The first man who refused to go to sleep in church'', Steve Broady, Peter, Abel.

Station KDKA is in Knoxville, Kalamazoo, ''on the Southern Railway between Knoxville and Bristol'', Keokuk, Iowa, and in Uptopia.

The vice-president of the United States from 1916 to 1920 was Rudolph Valentino, Woodrow Wilson, Andy Gump, Cox, and Thomas Riley.

Two members of the faculty insist that the earth is flat, and has four corners. One gave the Tennessee Legislature as his authority.

The fourth president of Maryville was Dr. Isaac Anderson, Dr. Wilson, Dr. Wilson's successor, Miss Mollie, Dr. Boardman, Dr. Bachman, and Dr. Bartlett.

Coolidge was officially elected president in 1919, in November, 1924, on Ground Hog Day, two weeks from Lincoln's birthday, and on the day before he began his administration.

Bond failed in Intelligence Test and nows wants to get into army.

One of our Demure ''Fem'' teachers after taking the test.

THE COLLEGE NEEDS BIGGER ALUMNI ASSN.

VOL. X. MARYVILLE, TENNESSEE, FRIDAY, APRIL 10, 1925 NO. 25

NEWS GATHERED FROM '24 CIASS

Great Many Members of Last Graduating Class Write Letters For Echo.

LETTERS PRINTED BELOW

Large Majority of Class Has Entered Teaching Profession. Some in Graduate Work.

The Class of '24, much alive and teaching, has spread to the four corners of the nation, yet the members still center affection upon Old Maryville, and forty letters have been written by them for the Echo.

Of those graduates of '24 who have not been heard from directly, Othel Armstrong is teaching and coaching at Spring City; Ruth Ackerman in New York State; Martha Mae Boyer, in her home town, DeSoto, Misouri; Hugh Clabough, at Gurley, having recovered from a serious street accident in Huntsville last fall.

Tom Greenlee is in Pikesville, Kentucky.

Rachel Higginbotham, is in Maryville Psychology Department; Alice Hunt, at Hadisonville; Alice John-Hunt, at Madisonville; Alice Johnson, in her home town Jamestown, Tenn.; Mason Mann, at Hinton, W. Va.; Guy Sneed, at Harriman; and Elizabeth Whitlock in Porta Rico; John Nuchols is staying home and teaching in a nearby school.

Sam Franklin has become an assistant pastor in a large church in New York State. Harold Van Orden has entered the Business World in New Jersey; Cecil Timblin is doing farm work at his home in Pennsylvania. David King and

Endowment Fund of '24

Last Spring the Class about to graduate planned to raise an endowment fund of $7,000 from their own members by a system of installment payments.

As this paper goes to press, word has come from Verton Queener that, since it is his duty to see that every cent of the pledges is paid, he desires to remind his classmates through this issue of the Echo that their first interest on the fund is due May the first.

The wish was expressed by Queener that the succeeding classes to graduate would institute similar endowment funds for the college.

FORMER ECHO EDITORS IN DIFFERENT LABORS

"Bob" Adams Has Continued Editorial Work—Now Editor of "Motor News" In Detroit

Word comes from divers and diverse fields that graduates who one time published Echoes are now busy with real work.

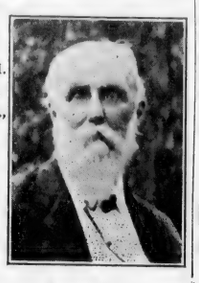
Verton Queener, of last year's fame, is teaching in the High School at Portsmouth, Ohio. He writes, 'I'm just one of the three teachers in the same subject. We have a nice little school of 950 students. Yes, I like the work fine. I am having the time of my life coaching an operetta, it has fifty people on the stage at once.—Gosh, I would like to see a U. T. Game. I could probably give plenty of criticism of the paper. . . . ''

David King, editor two years ago, is now studying Political Science at Chicago University. He says, ''This field offers a wide opportunity for study and the changing world conditions today have brought it to the forefront of topics of the day. . . . I am preparing to teach. . . If I may judge from a recent week-end visit to Maryville, I still like Maryville and her associations best.''

Charles Sharp, graduate three years ago, is now a senior at Princeton Seminary. With his usual silver-tongued gusto he writes: ''So great is my approval for an alumni editon of the Echo that it would be most inconsistent for me to detract from the merits of the issue by presenting any contribution of my own for publication. . . We have a congenial little Maryville at Princeton: Kinsler, Hall, Lang, Wilson, Magill and Mitchell.'' Occasionally Sharp makes a flying trip home and to Maryville where he seems to indulge in the favorite indoor sport.

''Bob'' Adams, one of the earliest and most famed editors of the paper writes from Detroit. ''I watch with interest the Echo every week.'' He has continued in the newspaper game.

A former newspaper man of Knoxville, Adams has resigned his position as editor of The Detroiter, the weekly official publication of the Detroit Board of Commerce of Detroit, to become editor of The Detroit Motor News and publicity representative of the Detroit Automobile club. Mr. Adams is a graduate of 1919, and for several years was engaged in reportorial work on The Knoxville Journal and Tribune and The Knoxville Sentinel.



STORY OF OLDEST LIVING GRADUATE

Dr. Tadlock, of Class of '59, Now Lives In Retirement In Knoxville.

89 YEARS OF AGE

First Physician of World to Discover Germ-Carrying Power of The Fly.

He is now in life's long afternoon, facing the western window. He is Dr. Alexander Babson Tadlock, M. A., M. D., F. R. C. S., the oldest living graduate of Maryville College, of the Class of '59.

Strict Early Life

Born of Scotch-Irish Presbyterian stock he was trained in the strictness of early American homelife. He was educated at Washington College, and at Maryville, where he received his diploma.

He spent his early career as City Physician of Knoxville, where he was active in civic life. He sponsored the first meetings advocating public schools for Knoxville.

Makes Great Discovery

In 1873, during an epidemic of cholera at Greeneville, Tenn., Dr. Tadlock rendered great medical service and at the same time made the great scientific discovery that the fly is a disease germ carrier, and not merely a harmless scavenger, as formerly supposed.

A "Self-made Man"

In order to procure his education in his early years the Doctor was compelled to do teaching in Alabama, and to study by the light of pine-knot fires in the long winter evenings.

In the civil war he served the Union. As a surgeon in the fourth Regiment he suffered from ill health took pneumonia, and was sent North to recover. In treatment for this ailment serious eye trouble set in, which has since then resulted in total blindness.

(Continued on page six)

CALENDAR

For Week Ending April 10

THURSDAY, THE 9TH

3:15 p. m.—Baseball game with the University of Tennessee

7:30 p. m.—Hindpaw and Bingling's Circus—Alumni Gymnasium.

SUNDAY, THE 12TH

10:30 a. m.—Mel Trotter Meetings begin at New Providence Presbyterian Church.

MONDAY, THE 13TH

8:00 p. m.—Graduate Recital of Expression Department—Voorhees Chapel.

TUESDAY, THE 14TH

3:00 p. m.—Baseball game with University of Tennessee at Knoxville.

8:00 p. m.—Girl's Varsity Debate with University of Tennessee at Knoxville.

Annual Alumni Banquet

One of the main features of the program for commencement week will be the annual meeting and banquet of the Alumni Association on the evening of June 3. On this occasion the Class of 1925 will be the guests of the Association and will be formally received into membership in that body.

A special feature of the program this year will be an address by Rev. J. M. Broady, D. D., of Birmingham. Music will be furnished by an illustrious quartette of former Maryville men: Rev. John Grant Newman, D. D., of Philadelphia; Rev. Herman A. Goff, D. D., of Hamilton, Illinois; Rev. John S. Eakin, D. D., of Knoxville; and Rev. John B. Creswell, of Bearden.

MANY COLLEGE GRADS NOW STAY IN CHICAGO

Numerous Maryville Graduates Are Pursuing Educational Studies in The Windy City.

Extracts from a recent letter from E. R. Hunter, '15, who is now studying at the University of Chicago:

''There are fewer Maryville people in the University of Chicago this year than is usually the case. R. L. Belt, '20, and F. Gaston Cooper, '18 who graduated last spring from the Medical School of the University are now serving internships in a Los Angeles hospital.

''George B. Callahan, '21 is nearing the end of his medical course here. I am under the impression that Harold E. Smith, ex-'21 has completed his medical course.

''W. C. Wilson '23, and R. L. Babylon, ex-'24, are Maryville's representatives at McCormick Theological Seminary.

''Joel S. Georges, '20, is here working toward the Ph. D. degree in Mathematics and at the same time holding a teaching position in the University of Chicago High School which gives him the rank of Instructor on the University faculty.

''Alfred H. Webster, '18 received the M. A. degree in Education last August and is now working toward the Ph. D. degree.

''Horace Dawson, '18, Glen Lloyd, '18, J. Haskew Turner, '19, and Carl Lloyd ex-'17 are all practicing law in the city.

''Mr. and Mrs. A. R. Felknor (Hattie Lester, '13) are residents of Oak Park.

''Alice McAnulty, '23 is teaching in central eastern Illinois, not far from Decatur.

''Mr. and Mrs. Carl E. Damiano (Mr. Damiano '21) and Mr. and Mrs. Sherman Burson are in this city.

''During the summer, Margaret Walton, '24, was a student in the School of Education. Also, Melvin Ricks, who was at Maryville before the war, and during part of a year in 1920, was here in the summer. Mr. Ricks who was a globe trotter of considerable pretentions before he left Maryville has continued the habit, he toured Spain in 1923.

Prof. Hunter concludes, ''For my own part, I am busy, almost as busy as if we were going to debate—well, say, Carson-Newman, tomorrow night.''

PLANS OUTLINED OF ALUMNI ASSN.

Alumni Association Contributes Much To Growth and Development.

ANNUAL MEETING IN JUNE

Athletic Field, New Gymnasium, And New Library Books Presented by Members.

The Alumni Association was formed in 1871. It holds its annual meeting on the evening before Commencement Day, when a banquet is given by the Association.

The officers for 1924-1925 are as follows: President, Chas. W. Henry, '01; Vice President, D. M. Miles, '24; Secretary, H. E. Orr, '12; Executive Committee: Class of '25: M. B. Crum, '17, S. C. Lang, '22, and M. H. Gamble, '05; Class of '26: D. Riley Haworth, '93, J. C. McTeer '07, and Nellie P. McCampbell, '09; Class of 1927: L. E. Bond, '14, Homer Goddard, '12, and R. O. Smith, '16; Manager of The Alumni and Former Students Athletic Campaign, H. E. Orr, '12.

The Association has been engaged, during the past four years, in an effort to raise a fund of $50,000, for the purpose of providing adequate athletic equipment for the College. As a result of the movement, a new and beautiful athletic field has been provided and a new gymnasium has been completed with floor space and seating facilities adequate for all the indoor athletics of the College, and it is hoped that the campaign may be brought to a successful close in the near future.

A campaign is being carried on among the alumni and former students for providing some needed new books in the Library.

HAMMONTREE TO SING FOR LOCAL MEETINGS

Gospel Singer of National Fame a Maryville Alumnus.

Mr. Homer Hammontree, a gospel singer of national fame, who will lead the singing in the Mel Trotter meetings, which open at the New Providence Presbyterian church on Sunday, is a graduate of Maryville College, and proud of the fact.

Mr. Hammontree is not only a singer of note, but a gifted and talented evangelistic worker, who contributes much to the success of the meetings held in various parts of the country.

In a personal letter Mr. Hammontree says: ''I praise God that He ever called me into the work of a gospel singer. I thank God too for dear old Maryville College and what it has meant to me,—a college where a man can build character as well as find knowledge. Hail to dear old Maryville! I'm for her first, last, and all the time.''

Y. W. AND Y. M. C. A. JOINT MEETING

Easter will be ushered in on the Hill by a Sunrise meeting at six o'clock next Sunday morning on the lawn between the chapel and Carnegie Hall. The girls' ad boys' College quartet will join the feathered singers of nature in their songs to proclaim the glory of God and the risen Christ, and the old, but ever new Easter story will be given in readings.

Breathes there a man with soul so dead, who never to himself hath said, "This is my own, my native land?"
—*Walter Scott*

ALMA MATER

Next to his family and his country the college graduate in America holds most dear his Alma Mater.

* * * * *

In practically all the letters received by this paper from members of the last graduating class there was manifest a deep regard for "old Maryville". The thoughts of these Alumni seem unconsciously and fondly to turn to this campus again, as the center of some of their dearest memories.

It is interesting to speculate how many people are scattered over different corners of the world today who look to Maryville as a real Alma Mater. It is a great tribute to this college that all its former students cherish the memory of days spent here.

To paraphrase the lines of Scott, it might be asked,
"Breathes there a grad with soul so dead,
Who never to himself hath said,
This is my own, my Alma Mater?"

* * * * *

Of course there are students in the institution now who seem to possess nothing but a prisoner's idea of escape with the hope of enjoying some better place. Not only does such individual need to be reminded of the train service leaving town, but of the fact that blessings take wings and depart.

Let us say as plainly as possible we believe this College to be the best for us in the whole land and we would not exchange even for old Yarvard himself.

The Maryville Spirit is a product of this college and it clings to this campus giving it an atmosphere of its own.

* * * * *

In many of the remarks written by Maryville graduates there is a reference made to the Spirit of Maryville, and of its usefulness and greatness in the world of work.

Above and beyond the remembrance of pleasure found in college days the Alumni hold to be a greater treasure the principles which have been established here and supported by all true Maryville men.

Miss Anne Creswell who is an alumnus of the college is very critical ill in a hospital in Saginaw, Michigan, where she is principal of the high school. Miss Creswell had an operation for appendjcitis and typhoid fever developed.

NEWS GATHERED FROM '24 CLASS

(Continued from page one)

Verton Queener are mentioned in another article in this issue.

Letters Received

Seven Mile, Ohio.

Dear Echo:

I have crawled into the salad but have not been completely covered with mayonnaise. I find that it is not exactly a fruit salad but a sort of relish. Yes I really do like being a Professor.

My particular task consists in studying Social Science and Manual Training and trying to impart some of the things I learn to a fine bunch of boys and girls.

My heart is still at M. C. and my thoughts often wander back there to those we left behind and to the members of '24.

Best wishes to all of you.

—D. Malcolm Miles.

Geneva, Ohio.

Dear Folks:

I'm in Geneva, Ohio, on Lake Erie, teaching History and Civics, also have gym classes and assisting in girls' basketball. I like my work and think I'll continue it next year.

I'm teaching little niggers, too. I'm also a fiend for fresh air—the reason is because these Italians up here just devour garlic—ugh—do you blame me?

I'm just living till June to come back to M. C. and see every one. I'm so anxious to hear about all our dear old class.

—Thelma Adair.

Knoxville, Tennessee.

Dear M. C. Friends:

This is just a line to tell you that I have joined the ranks of those who go to school six days a week and chapel twice a week. I am taking the Civil Engineering Course at the University of Tennessee. If I go to summer school, I will be at U. T. only about two years, (I hope) in quest of a degree in engineering.

—Burr Bassel, '24.

Alpine, Tenn.

Dear Friends:

I am teaching Home Economics, Biology and Expression in the Alpine Community School at Alpine, Tennessee. In my spare time I bend my efforts toward providing a balanced ration for the fourteen inmates of the girl's dormitory.

I find my thoughts often turning toward dear old Maryville, and my greatest desire is that I may pass on to those whom I teach a goodly portion of what is known as the "Maryville Spirit."

—Mary Bigelow.

Bristol, Tennessee.

Dear Maryvil. Friends:

Just a word of encouragement regarding your future: school-teaching isn't half bad!

My favorite recreation is weeping at the movies, though I must admit that some evenings I spend more prosaically, in grading note-books.

I hope that the remaining months of the school-year may be very pleasant and very profitable ones to you on the Hill.

Mary C. Broady, '24.

Maysville, N. C.

Dear Friends:

I'm teaching in Maysville, North Carolina and am enjoying my work fine, although I surely would like to be back in old Maryville.

I am teaching History and Latin and have a basketball team which has won sixteen straight games.

I am coming back to visit "Dear Old College Hill", about the first of May.

—Hugh Coulter.

Dear Fran:

The Alumni Association here had a reception last night in honor of the ball team which has won the second or third consecutive championship. Leslie Poe is one of the leaders of the association.

The high school literary society had its regular meeting about a week ago; and there were between six and seven hundred present. The public was invited, but all but about one hundred and fifty were school kids.

The 'Echo'' is real good this year. I am always in a hurry for every copy to get here.

My job of teaching Math in the High School here suits me fine.

—Cecil Crow.

Wesley Hall,
Vanderbilt, Tennesse.

Dear Maryville Folks:

Vanderbilt is a fine place but there is one thing that I don't like about it. That is that I have classes from 12-1 every day and can't get to moonshine at that time.

There are some sixteen or eighteen ex-Maryvillians in our neighborhood. Among them are Prof. John Hyden, Nannette and Mae Walker, Bill Deering, Dock Watkins, P. G. Camp, Fount Robinson, Ned Stewart, George Howell, August Johnstone, and Mr. and Mrs. Kidder. When we all get together we create Maryville atmosphere.

I am hoping to get Maryville for Commencement week and hope all the rest will get there too.

Best wishes to you all.

—Floyd Corry.

101 Stivers Avenue,
N. Chattanooga, Tenn.

Dear Friends at M. C.:

As for me and my occupation—I fill a very small part in a high school, the faculty of which numbers more than 50, and student body of which numbers more than 1300, Central High School of Chattanooga. It is my bit to teach first year Latin to five divisions.

Well friends who are still at M. C. I would warn you to get as much of the Maryville spirit as possible for you surely will need it, and ex-Maryvillians, may your supply of Maryville spirit be never failing.

—Dot Dickerson.

Ooltewah, Tennessee.

Dear M. C. Folks:

I am teaching Home Economics in a high school at Ooltewah. It is an eleven month job, so although our school is out April 27, I will still be busy. I am planning to take my girls to camp one week this summer.

I am working hard and hoping to be able to continue my work next year.

—Mae Davis.

Cumberland, Md.,
R. D. No. 1.

Dear Folks:

Greetings from a member of '24 who thinks of you often and reads "The Echo" with all the interest of the newest of Freshmen.

I'm teaching English, History, and Biology in a small High School

Fresh Shipment Candy Just Received

Martin's DRUG STORE

At the left of this group is Lieut. J. A. Macready, U. S. A., former holder of the world's altitude record. Just behind the propeller you can see the G-E turbine supercharger which kept the Liberty motor running in the thin air, six miles high.

Over the mountain by a mile

Year after year, plucky explorers try to climb Mount Everest, the world's highest peak, 29,141 feet high.

With a G-E supercharger feeding air at sea-level pressure to the engine, an airplane pilot can go far higher. Lieut. Macready has reached 34,509 feet over Dayton, Ohio. He would have soared over Mount Everest with more than a mile to spare!

The tasks attempted for centuries in almost every form of human endeavor have been conquered with the aid of electricity, with more than a mile to spare.

The impossible today will be accomplished by men and women now in college. The scientist and engineer are doing their share. It remains for men and women entering upon their life's work to profit by the new opportunities that are constantly appearing in every profession and vocation in the land.

The supercharger is a turbine air compressor, which revolves as fast as 41,000 times a minute—the highest speed ever developed by a commercial machine. It is designed and made by the General Electric Company, which also builds the big turbines that supply electric light and power.

If you are interested in learning more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

MARYVILLE TAKES EASY GAME FROM TUSCULUM

Harvey and Anderson Twirl Orange and Garnet Players To Victory.

For the third varsity game of the season, Maryville on Monday afternoon routed the aggregation from Tusculum College with little opposition, with the score of 12 to 5.

Harvey started the game on the mound and easily baffled the sticks of the visitors and when his teammates had succeeded in accumulating a comfortable lead by scattered tallies, inning after inning, Anderson took to pitching and showed some real form. This is the first intercollegiate ball game in which Anderson has made an appearance, and the conclusion from his debut is that he will soon find a regular berth on the roster of Orange and Garnet twirlers.

Behind the plate Hawn did the work of backstop in a creditable fashion. Although the speed of Harvey is bewildering, the Highlander catcher will get well worked into the position of catcher before the year closes.

In the infield McCall, Shores, and Shanks performed ith all the skill and grace of veterans. Young Givens is working well into the hot corner position.

The fielders are covering their territory more effectually than the new blades of grass shooting up. Cartwright, Mischlich, McMurray, and Wilson are competing to hold down these outfield positions.

story. I'm teaching Home Economics (and a little of everything else) at Capleville, Tenn. It's nine miles from Memphis; near enough to enjoy the ''bright lights''. Teaching's all right for some but think I'll attempt something else next year. Plans are yet indefinite.

—Vashti Thweatt.

Hale, Missouri.

Dear M. C. People:

We just finished giving term Exams in Hale. Yes, I remembered how I used to suffer through them—therefore I couldn't resist the temptation of being a little hard-boiled.

I have lots of fun Parlez-vousing francais and making the little girls rip out their seams in sewing. I've enjoyed every minute I've taught.

Certainly would like to step on the M. C. campus some frosty morning and go to chapel with all the old students.

—Margaret E. Walton.

101-109 E. Broadway,
Louisville, Ky.

Dear Classmates:

I'm in the Medical Department of the University here doing work on my first year as a freshman medic. It makes me wish that M. C. had a Medical Department.

My ambition is to visit M. C. in June and see everybody. Ramble all over the glorious Smokies again. And of course, if I be found worthy, I want to be among those who live happily ever after, and help spread the genuine Maryville spirit around the planet. Thus to work and live in such a manner that, even though they may never run out and turn on the fountain when I visit the Hill.

My sentiments are—fifteen for '24! and M. C. forever! !

—Chas. A. Wathen.

ANOTHER SEA STORY

Jane was an inquisitive youngster. She had always been. And so it was no wonder when her father was making out the passports for her ocean voyage that she became interested in the question of nationality.

''Father,'' she said, ''If I were born in France what nationality would I be?''

''The same as your parents'', answered her father.

''What would I be if I were born on the ocean?'' she queried.

''You would take your parent's nationality'', repeated her father.

But she could not be stopped and so she asked still one more question. ''But what if I were traveling with my aunt and uncle?''—Tiger.

An unhappy gentleman, resolving to wed nothing short of perfection, keeps his heart and hand till both get so old and withered that no tolerable woman will acet them.

MARYVILLE LOSES DUAL TRACK MEET

First Dual Meet Held At Sewanee Field—Bad Weather Slows Up Track.

Sewanee defeated Maryville in a dual track meet there on a slow track 83 to 38, last Saturday, the results are as follows:

100 yard dash—Guitar, Sewanee; Brown, Maryville; time 10 2-5.

Mile Run—Williams, Sewanee; King, Maryville, 4 4-6.

440-yard Dash—Gibbons, Sewanee Thomson, Maryville, 53 3-5.

120 High Hurdles—W. Nash, Sewanee; R. P. Nash, Sewanee, 16 1-10.

220-Yard Dash—Brown, Maryville; Guitar, Sewanee, 23 4-5.

Two-mile Run— Templin, Maryville; E. Miller, Maryville, 10 5-9.

220 Low Hurdles—W. Nash, Sewanee; Guitar, Sewanee, 26 4-10.

880-Yard Dash—Gates, Sewanee; Williams, Sewanee, 28 4-10.

Pole Vault—West, Sewanee; Z. A. Milling, Maryville, 10 feet 3.

Shot-put— Thrower, Maryville; Helvy, Sewanee, 40 feet, 2 inches.

High Jump—Gooch, Sewanee; DuBose, Sewanee, 5 feet, 5 inches.

Discus Throw—Helvey, Sewanee; DuBose, Sewanee, 119 feet, 10 1-2.

Broad Jump—Guitar, Sewanee; Gibbons, Sewanee, 19 feet, 10inches.

Javelin Throw—Gooch, Sewanee; Toothaker, Sewanee, 146 feet 11 inches.

Captain King pressed his opponent, Williams, one of the best runners in the South, hard for firsts in the 880 yard and mile runs.

Thrower easily out-distanced his opponents in the shot put. Templin, who has never been defeated in the two mile run, had an easy time in finishing a half a lap ahead of the nearest Sewanee runner. Brown was high point man for the Highlanders.

The prettiest race of the day was between Thomson and Gibbens on the 440 dash. The latter finished but a yard ahead of ''Tommy''.

The other men who made the trip were: Bishop, Harvey, Edsell, Lamar Milling, Lorenz, Holland and Brock.

May Queen Election

The College Classes have selected their May Queen Candidates and the annual election for May Queen will take place tomorrow.

The Candidates are: Kathleen Purdy, Senior; Martha Anderson, Junior; Margaret Lewis, Sophomore; and Elizabeth Hannah, Freshman.

The May Queen selected and the class representatives will form the nucleus around which is formed the program on May Day which will take place early next month.

FIRST EXPRESSION RECITAL NEXT WEEK

Misses Clark, Lambertson, and Robison, Appear in Recital Monday Evening.

The first graduate recital of the Expression department for this year will take place next Monday evening at eight o'clock in Voorhees Chapel.

The program Monday evening, as will be the case with the other recital programs this year, includes three readers. The readers for this program are all seniors.

Miss Virginia Clark will read ''By Candle Light'', a delightful one-act play by Phelps. Miss Clark is a gifted reader and actress, and has appeared several times before Maryville audiences, always having been well received.

Miss Perle Lambertson will read a story by Van Dyke, ''The Lost Word''. This is a gripping story, with a strong emotional appeal, affording ample opportunity for the exercises of the talents which have been displayed by Miss Lambertson.

Miss Alice Robison, who will always be remembered for her clever and charming impersonation of "the kid sister'' in ''Seventeen'', will read the first act of Shakespeare's ''The Taming of the Shrew''.

The program offers a wide variety of material, and promises to rank with the best that have been presented at Maryville.

COEDS TO DEBATE TENNESSEE GIRLS

Japanese Exclusion Provisions Of 1924 Immigration Act to Be Discussed.

Next Tuesday night, April the 14th, a girls' Varsity debate team meets the girls' team from the University of Tennessee, on the question, That the Japanese exclusion povisions of the Immigration Act of 1924 be repealed.

Maryville upholds the affirmative on the home floor, and is represented by Kathleen Hunnicutt, Denna Reaves, and Henrietta Smith. The negative team goes to Knoxville, and is made up of Ruth Morton, Nell Watkins, and Myrtle Ardis.

The question is of great importance to the country, and one that has aroused a great deal of feeling in the United States and Japan. This problem has been facing the American people for a long time, and there is no indication that it will be solved soon. The discussion Tuesday night should be of interest to all citizens interested in the affairs of their country.

Second Game At Knoxville

The second of the three-game series of ball games with the State University will take place next Tuesday afternoon on the Shields-Watkins field, at Knoxville.

LITERARY SOCIETIES

Alpha Sigma

The following officers were elected at the last meeting:

Wick Broomall, Jr., President; Albert Cook, Vice President; Quentin Gaines, Recording Secretary; William Crawford, Assistant Recording Secretary; Jackson Wheatly, Program Secretary; Horace Bailey, Assistant Program Secretary; Wilson McTeer, Treasurer; Warner A. Gray, Editor; Dewey Eitner, Critic; Selwyn Havens Osborne, Critic; William Crowder, Critic; William Calvert, Sargent-at-arms; H. A. Griffitts, Janitor.

Such officers as these promise to make this term the best of the year. Those who failed to hear Mr. Osborne deliver the weekly number of the Alpha Sigma Advance missed a great part of their college life.

Warner A. Gray, Editor.

Athenian

On next Saturday evening a good literary program will be presented. After the invocation the society will sing Alma Mater. Then the society will be favored with a vocal solo by W. B. Jones.

A parliamentary drill will be held in order to give the members a few pointers on parliamentary rules. Then there will be several of the latest jokes told. Every member should be present if he wishes to hear an interesting and instructive program.

George Crawford, Editor

Theta Epsilon

During the next three weeks, modern plays and the lives of their authors will be studied in Theta. These studies will be dramatized after some such fashion as was the life of Riley which was presented a few weeks ago.

After the program last Saturday evening, Mrs. McMurray put on a very clever health stunt which was much appreciated.

Kathleen Whitted, Editor.

Bainonian

To Bainonians this year comes a new revelation of the meaning of Easter, for there is to be this Saturday night the story of Easter in foreign lands and something of the customs of foreign brothers and sisters across the seas.

Bainonian Editor.

Highlanders Romp On Vols In Ragged Game: Score 11-7

Stone Enters Box In Fourth And Holds Tennessee To Two Runs.

PITCHER MAKES 3 HITS

Captain McCall Stars At Short Stop Position—Shores On First.

In a hit-and-run affair, Maryville triumphed over the University of Tennessee by a score of 12 to 7. A score which resembles that of a well-played basketball game.

It seems that there is a certain ''jinx'' about Maryville's home field for the wearers of the Orange and White and yesterday was no exception.

Captain McCall crossed the plate in the first inning accounting for Maryville's first tally.

In the second inning Bo Brown scored for Tennessee and tied the score. Maryville came back and with Shores and Givens on, Harvey hit a two-bagger which carried these two men to home giving Maryville a lead of two runs.

In the third Tennessee scored four runs and Maryville retaliated with three and again taking the lead. Tennessee did not score again until two runs were forced in during the eighth while Maryville scored in every inning except the fifth and sixth.

Errors seemed to be a predominant factor in the game, although Tennessee made more than Maryville.

Stone replaced Harvey in the fourth inning and pitched a dandy game of ball as well as getting the prettiest hit of the day, a three-bagger to center field. Harvey had trouble with his contral and Hawn seemed to experience difficulty in handling his delivery.

Tennessee used three pitchers, but to no avail for Maryville garnered hits from all of them.

Captain McCall at short and Shores at first formed a great, almost air-tight combination, and displayed some real ball playing.

Score by innings:

	1	2	3	4	5	6	7	8	9
Tennessee	0	1	4	0	0	0	0	2	0
Maryville	1	2	3	1	0	0	4	1	

Dual Track Meet

The second dual track meet of the year for Maryville will take place tomorrow afternoon at 2:30 p. m. with the University of Tennessee in the Shields Watkins Stadium.

The hopes of the Highlanders are high this year because of the shape of the team which travels to Knoxville and the indications of a victory.

STUDENT COUNCIL PLANS COED HIKE

Student Council Plans Annual Spring Hike To Be Taken Latter Part of April.

The Student Council is already at work laying plans for the Spring Hike which will probably be to Calderwood, and in the latter part of this next month.

Investigations with officials of the Southern Railroad has revealed that reduced fare rates can be secured for the whole student body. It may be possible that the round-trip rate to Calderwood may be reduced to $1.10. This opportunity has not been secured for College hikes in the past. More definite facts will be secured when the Railroad Headquarters have given their opinions of the matter.

Word was received as this paper goes to press to make certain that the hike will be to Calderwood on the 29th of this month.

HI TRAIL BANQUET

Acting on the theory ''If you cannot go to the woods to eat the next best is to eat at home (Ec.)'' The members of the Hi Trail Club entertained their companions and their faculty associates to a banquet on Wednesday, April 8th. in the Home Economics Department. Dr. Hussey acted as toast master.

Those present were Stuart Rohre, Helen Margaret Bauman, Robert Bishop, Katherine Simpson, Darius Finley Prince, Vera Scales, Raymond Anderson, Agnes Houghton, Joe Gamble, Dorothy Hodges, John Crawford, America Moore, Edward Cathey, Rebecca Bigger, Edward Cornelius, Louise Tron, James King, Lucile Heiskell, Wilson McTeer, Henrietta Smith, Lamar Milling, Estelle Woodall, Julius Huffman, Alice Robison. The faculty associates are Dr. Hussey, Miss Green, and Dr. McMurray.

After the banquet, under the guidance of Miss Green, the members of the club and their associates mapped out a new and rather winding trail back to the Hall.

WE PASS NOT HERE AGAIN

Presented by the wife of the oldest living graduate for publication in this Alumni editon of the Echo.

Let us do what good we'e able
Planting, tending day by day
Seeds to bourgeon, bud and blossom,
Happy thoughts along life's way.

May no idle thorns among them
Grow, to wound the children's feet,
Never up as poison darken
Those immortals whom we meet.

Little words, and little actions,
Like the tiny mustard seeds
Scattered by the way in passing,
Soon up spring in larger deeds.

Every day may kindly token—
Smile, or word by tongue or pen
Brighten up some shadowed pathway,
For we pass not here again.

By Clara Moyse Tadlock, 1892.

A desire of knowledge is the natural feleing of mankind; and every human being whose mind is not debauched, will be willing to give all that he has to get knowledge.

—Sam Johnson

A ife of knowledge is not often a life of injury and crime.

LETTERS FROM THE CLASS OF TWENTY-FOUR

(Continued from page two)

in the small town of Mt. Savage in Western Maryland. Don't tell Miss Green that I'm teaching Biology—she might hurt herself laughing.

Best wishes to old Maryville in everything she undertakes.

—Margaret Duke.

Prescott, Arkansas.

Dear M. C. Friends:

Arkansas sems to have developed rapidly since Prof. Orr left the state if his boyhood stories, told in chapel years ago, were true of other parts.

I am fifty-eight miles selow Little Rock trying to teach General Science to fifty-five Freshmen and Biology to twenty-five other boys and girls. According to my exam grades something is wrong with one or more of the eighty-one of us. The work is strenuous but I enjoy it much more than I expected. If I ever get rich enough teaching I'm coming back for a visit.

—Dollie Enoch.

Graniteville, S. C.

Dear M. C. Friends:

Every day I think of the days that I spent at Maryville and the many friends I have there. I am teaching Chemistry and Home Economics in the Graniteville High School. This is the first year that Home Economics has been given here and I am having the pleasure of buying the equipment for the laboratory. I am looking forward to the time when I shall visit M. C. again.

—Jessie Garner.

Johnson City, Tennessee.

Hello M. C.:

Needless to say I read the Echo with great interest every week. I'm sure all the alumni do—oh you'll know how it is when you're away. I like to teach all right. I'm teaching French and Spanish and I'm sure Dr. Hussey would be proud of me if he could only see me. Five of the high school faculty are Maryville graduates and there are about thirty others in town and we're still keeping the spirit of Maryville alive. We're especially looking forward to the time when the basketbal boys and the Glee Club comes. We'll let them know we haven't forgotten Maryville.

—Marie Griffith.

Princeton, New Jersey.

My dear friends:

Am up here at Princeton Seminary along with a half dozen other Maryville fellows trying to find out what all this theological business is about. The courses are camouflaged with such titles as Exegesis, Homiletics, Apologetics, etc. so that it is pretty hard to do. The intricacies of the theories, and the multiplicity of details of the system are such that even an ardent cross word puzzle expert would have trouble arranging things, if there ever was a mix up. Am having a great time of it. Here's hoping you are all having the same.

—John Hall.

---

354 Harvard Street,
Cambridge, Mass.

Dear Folks:

It gives me great pleasure to have this opportunity of once more expressing the implied thoughts which are constantly re-acting in my mind with respect to our Alma Mater; and most of all how much I miss the friends of former days.

In my imagination I find myself in the realm of the lonesome pine on the hillside. It would be a rare treat to see an M. C. friend. I have been unable to meet a single one since coming to Massachusetts but am still looking forward to the time when I may at last find one.

With regard to Harvard, the thing that impresses me most is the Law School faculty. Of course they make life rather easy for us first year fellows with a few exceptions, but the exceptions seem to stay in the majority. I like the University fine; but I must say I have never found a school that measures up to M. C. You have great opportunities which are equal to those found in any college of the land.

With the keenest anticipation, I am looking forward to the day when once more it will be possible to walk on "the hill crowned with cedars" and see all of you.

Yours sincerely,

—Jim Hardin.

Birmingham, Ala.

Dear Maryville Folks:

I am with the vast majority of M. C. graduates in the noble profession of teaching. I teach Home Economics in the Shades-Cahaba High School at Birmingham, and I can truthfully say that I do like it—most of the time. I am very dignified, always, and although the children don't seem to be much afraid of me we are quite congenial.

I hope all of you are enjoying your work (and play) as much as I am.

—Lois Hayes.

Huntsville, Alabama.

Dear Echo Readers:

My history this year has been quite varied. Before Christmas I taught English in Grantsville, West Virginia. The flu and the rest prescribed after it have taken nearly two months. In the morning I shall leave for LaFayette, Alabama to teach Mathematics for the rest of the term. I liked West Virginia fine, home much better, and hope I shall like LaFayette as much as I liked West Virginia.

I have enjoyed the Echo this year very much and I send most hearty greetings to all of its readers.

—Lina Hodges.

---

116 S. Clinton St.,
St. Louis, Mich.

Dear M. C. Friends:

I teach English, coach debating, have an excellent superintendent and principal, have just had a month's leave of absence with a trip to Florida, and I have learned to skate.

If any of you are thinking of taking advanced work next year, I hope you will think favorably of coming to the University of Michigan as that is where I intend to be.

—Madeline Holmes.

Columbus, Miss., Rt. 4

Deary Maryvillians:

Honestly, no matter where one might go, nothing can be found to compare with Maryville College.

Here I am, seven miles from Columbus, Miss. teaching in New Hope Consolidated School. We have lots of fun for A. and M. and M. S. C. W. sends practice teachers here.

Teaching, living in the country and being dignified are all new and interesting to me. The people are lovely, yet I'd give it all up to be back at dear old Maryville.

—"Henri" Jackson.

Doniphan, Mo.

Dear Folks:

There's not much to write about me. Only I teach English and History in the High School here at home. On the side I coach Dramatics, and write letters.

I adore my cherubs. Some of them seem to reciprocate my affections—especially my pets and my principal.

Teaching is lots more fun than going to school. My star pupil is named Pearl Button.

—Florence Whitfield.

---

10 Brown Hall,
Princeton, N. J.

Dear Gang at M. C.:

A Theological Seminary is a very nice place to go, especially Princeton. I may say for the enlightenment of some of the more worldy minded boys, that a Seminary has lots of things quite like other schools. Lots of the boys wear those funny 5-gallon balloon pants like they do other places. There's one caution about it—when you have to wear an open tuxedo collar to a dress affair—there's likely to be a nasty draft.

There's another thing I like about Princeton, there are no girls here and a fellow can put every minute of his time on Hebrew and really concentrate.

—Arthur R. Kinsler.

Washington College.

Hello Maryvillians!

Just a few words of greeting from a member of the Class of '24. I am principal of Washington College Vocational Academy.

And then I, as all of Maryville's Alumni find it a rest and a pleasure to think of the good old days at Maryville and look forward to any visit I may make, back to the Hill.

—Edgar F. Martin.

Dandridge, Tenn.

Dear Folks:

I am teaching Home Ec. and French to the younger generation in Dandridge. It's a very nice place and I rather like it. Nice on nerves since there is nothing here distracting.

I'm beginning to get my M. A. in June at Peabody.

—Margaret McKinney.

Salina, Penn.

Dear Maryvillians:

If to pound a little English and less French into students were all a teacher had to do, this one would have a rather monotonous existence. Since the teacher of these subjects in Bell Township High School, Salina, Pennsylvania, must be assistant physical training teacher, head cheer leader, dramatic coach, and music director, I m enjoying every minute of my work here.

—Sarah Kiskadden.

Rock Ridge School,
Wilson, N. C., Rt. 2.

Dear Friends of Maryville:

I am teaching in Rock Ridge High School near Wilson, North Carolina. The greater part of my time is devoted to home economics but I have a class in mathematics and one in community problems to help fill my idle hours.

No one except Alumni of Maryville College knows how I am missing my Alma Mater and my Maryville friends. I will never cease to be thankful for four happy and profitable years with them.

—Blanche Moore.

Johnson City, Tenn.

Dear M. C. Friends:

I am teaching Biology in Science Hill High School of Johnson City, and coaching the girl's basketball team, (using "Peanut" Bond's methods).

We have a real Maryville Club at the High School and when an old Maryvillian comes to J. C. don't fail to look us up.

The best of success for all the members of the Class of '24 and the student body of M. C.

—Eva Morelock

P. S.—I like my work fine.

Washington College, Tenn.

Hello Everybody:

This is just another of '24 at Washington College in the same old profession—teaching. I have Science, two years of Spanish, first year English and Civics, and I'm Librarian besides. We are busy up here but happy. I want to let you know I have not forgotten you through all these new and thrilling experiences. It will be fine to see everyone at Commencement.

—Christine Painter.

Helena, Arkansas.

Dear Friends:

I am coaching and teaching here in the City High School of Helena, Arkansas, and like the town, the people and my work very much. Teaching Mathematics is very easy though I can't say the same for coaching. My football team made a good record and prospects are the same for basketball, having already gotten away to a good start.

—Charles Partee.

Cairo, New York.

My dear M. C. Friends:

I have drifted quite a distance from "Our Alma Mater" to put into practice the knowledge which I acquired at M. C.

I am a preceptress and also teaching Spanish and French in the high school. So far I am enjoying my work exceedingly.

I am planning to go within a few years to Columbia University to specialize in Modern Languages.

—Alma G. Regnemer.

Washington College, Tenn.

Dear Folks:

I guess teaching would be a very nice profession if it weren't for grading papers and doing a few other things you never thought you could until you had them to do.

Our basketball teams have had good luck so far and we are anxious for tournament time. We miss Maryville—and watch the papers for any news from the college.

"Here's health to you. And wealth to you, and everything that's good—to you." Best wishes to you in all your activities and school life.

—Mary Bob Robison.

Montour Junior High School,
Montour, Idaho.

Hello Pa, Ma and all the Kids:

Here I am way out in Idaho trying to hold down the leather on several of these fan-tail cayuses (ki-us), and bull-dogging steers. While I am not doing this I am skating, skiing, tobogganing, walking the webs and other things too numerous to mention. With these and a little schoolteaching on the side I am kept quite busy so, that I always get up the same day I go to bed.

Next summer I am planning a camping trip to Crater Lake, National Park, Oregon and a hike to Yellowstone, a trip to Portland, Oregon and Los Angeles, California.

—Manilla Ruble.

Winston-Salem, N. Car.

Dear Maryvillians:

My lot is cast with that of fourteen other English teachers in the Richard J. Reynolds High School, Winston-Salem, North Carolina. In addition to teaching we have a number of study halls to keep us busy, a series of Departmental classes to keep us studious, and the inevitable *Faculty Meetings* to keep us dignified.

For recreation I delve to the bottom of my *Memory Chest* for Maryville reminders, such as Theism papers, English themes, and every kind of book from the Chilhowean to Human Psychology.

—Bertha M. Russell, '24.

Hixson High School,
Hixson, Tenn.

Dear Friends of Yesterday:

Since August first, I have been located at Hixson, Tennessee, in charge of the Home Economics Department. My particular duty is to teach home economics to the high school and grammar school girls during the school year. During the summer months I do home demonstration work wtih these girls and those of five surrounding grammar shools. In teaching, I find there are a multitude of problems. Some are humorous, and others quite the reverse. Outside of school I find my chief amusement to be that of driving my pet Ford "Peppy", without which I fear life would be quite different.

And now to all of you I send my very best wishes. From one of the class of '24.

—Lynn Russell.

Sale Creek, Tenn.

Dear Classmates and All:

Now I'm looking forward with pleasure to the Echo which will reveal the location, occupation, ups and downs of interest from those who were prancing to and from Ethics class together at this time last year.

I'm in a little town known as Sale Creek only twenty-eight miles from Chattanooga. Hamilton County has a host of teachers from M. C. and we usually get a glimpse of one another at our monthly teachers meeting. Among these are Dot. Dickerson, Lynn Russell, Mae Davis, Gladys Marshal, Cecil Crow, Tommie Rose Clabough (formerly Lewis), Julia Anderson, Marjorie Lloyd and Peg Houston.

Every day and in every way I love dear ole M. C. more and more. Life would never have been worth living without four years at M. C.

—Dot Stivers.

To my friends at M. C.:

Here's another school teacher

FROSH LOSE DEBATE

Monday night the Freshman Debate teams lost a dual debate with the Freshmen of the University of Tennessee. The question was, That the United States grant immediate indeendence to the Philippines. The decision was 2-1 both here and at Knoxville.

The affirmative team debating at home was composed of N. R. Patterson, W. B. Jones and Gordon Harold. The negative team, which appeared at Knoxville consisted of Wilbur Franklin, Charles Jones and W. H. Rodgers.

When you know a thing, to hold that you know it; and when you do not know a thing, to allow that you do not know it; this is knowledge. —*Confucius*

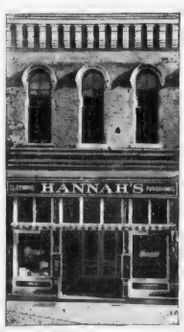
STORY OF OLDEST LIVING GRADUATE

(Continued from page one)

Now Living in Knoxville

Dr. Tadlock is now quietly spending his days in Knoxville with his wife, who is a gifted poetess(one of her poems is printed elsewhere in this paper). As the shadows lengthen over his great figure and he lives in darkness there is the reassurance that he has not lived in vain, but in service to his fellow men.

Once An Active Physician



In 1884 the Doctor was President of the Tennessee State Medical Association, and for years he held the same position in the Knox-County Medical Association.

While touring the world with his wife in 1896, he was acclaimed by Scotland's greatest scientist as having made a greater medical discovery than that of vaccination by Dr. Jennings.

In 1896 Dr. Tadlock represented Tennessee at the Pan-American Health Association which met in Mexico City that year. He read a paper on Quarantine.

Prejudice renders a man's virtue his habit, and not a series of unconnected acts. Through just prejudice, his duty becomes a part of his nature. —*Burke*

There is no knowledge that is not power. —*Emerson*

Men must be decided on what they will NOT do, and then they are able to act with vigor *in what they ought to do.* —*Mencius*

SPRING HIKE AND HOLIDAY WEDNESDAY

The Highland Echo

TRAVELLERS ARE WELCOME BACK HOME

VOL. X. MARYVILLE, TENNESSEE, FRI., APRIL 24, 1925 NO. 26

RECITAL GIVEN IN EXPRESSION

Expression Department Will Present Three Artists Monday Evening.

PROGRAM VARIED

Misses Sheffield, Whittle and Mr. Gauding Read Plays Of Merit.

On the evening of Monday, April 27, the Expression Department, in its second recital of the year, will present three artists of unusual merit, each reading a play, which will furnish opportunity for the exercise of the talents of these young women and men who have so often charmed Maryville audiences.

Miss Sheffield, who will be remembered as ''Mrs. Baxter'', of "Seventeen'', and as ''Puckers'' of the ''Prince Chap'', as well as the delightful ingenue of many other plays, will read ''The Ghost Story'', a one-act drama by America's foremost dramatic, Booth Tarkington.

Miss Mary Whittle, who also played in both ''Seventeen'', and ''The Prince Chap'', will read a pleasing comedy-drama, ''Money Moon'', by Farnol. Miss Whittle is a reader and an actress of unusual merit, and promises to offer entertainment of the highest type Monday.

Mr. Gauding, who has endeared himself to the hearts of all Maryville playgoers by his masterly interpretation of various characters, ranging in importance from ''Shylock'' in ''The Merchant of Venice'', to ''Genesis'' in ''Seventeen'' will read a character-drama, ''The Will'', by England's foremost playwright, Sir James M. Barrie.

It is rarely ineed that a program of such merit is brought before a Maryville audience. No admission will be charged. The program begins at eight o'clock.

VARSITY DEBATE YEAR CLOSES WITH VICTORY

Dual Debate With Birmingham Results In Clear Cut Victory.

Maryville debate teams decisively defeated Birmingham-Southern College in a dual debate last Monday night. The team debating at home won an unanimous decision, and the team at Birmingham won by a two to one vote.

The question was the one that has been used in all the men's debates this year, Resolved, That Congress should be empowered to override by a two-thirds vote decisions of the Supreme Court which declare acts of Congress unconstitutional. In this debate the negative teams travelled, leaving the affirmative teams at home.

The team debating at home was composed of Otto Paulsell, Lonnie Milling, and Francis Kinsler. The team that debated at Birmingham was made up of Hunter Robinette, John Stockton, and Edward Cornelius.

Both contests were clear cut victories for the Maryville men. Their superiority over the Birmingham debators was shown especially in rebuttal. In both debates the Maryville men were able to bring up a convincing extemporaneous attack

(Continued on page four)

Relay Team At Georgia

Last Saturday afternoon the first Orange and Garnet Track Men ever to travel to the Southern relays, appeared on the Georgia Tech field and entered a two mile medley relay event, and the shot-put event. In the relay event King, Templin, Thomson, and Brown entered the fastest company in the South and came out fourth place. Mississippi A. and M. took first place.

Robert Thrower took second place in the shot-put event and received his silver medal. Although throwing the shot some forty feet, Thrower has done better in dual meets this year, and when in his best form, can be claimed by the Highlanders as the best Shot-putter in the Southland.

FETE OF MAY DAY IN COLLEGE WOOD

Springtime Celebration To Be Observed On The First of May in College Woods.

May Day program will take place next Friday afternoon in the College woods, when Maryville College, Springtime, and the Y. W. C. A. committee combine to produce one of the most delightful and ethereal events of the year.

Kathleen Purdy has been chosen by the students as the Queen of May, and she has selected Lucile Heiskell to act as Maid of Honor. Doris Musick will appear, every inch a King.

The attendants upon the occasion are: Martha Anderson, and Robert Thrower; Margaret Lewis and Jean McMurray; Elizabeth Hannah and Francis Kinsler; Mabel Hawes and William Crawford.

More than a hundred students are actively in preparation to carry out different parts of the celebration, and many will appear in the different scenes to be presented.

Fairyland will turn out en masse to bring back the fairyland of childhood to those present.

''Jimmie'' Rule and Margaret Lewis, with the aid of Mrs. West are planning the whole program for May Day. Refreshments will be sold as usual by the Home Economics department. Orders must be given to Mrs. McMurray before ten o'clock Tuesday morning.

The authorities have granted a half holiday for May, the first.

MARYVILLE IN THE EAST TENNESSEE ORATORICAL CONTEST

Hunter Robinette, represented Maryville in the East Tennessee Oratorical Contest, which was held at Tusculum College last Friday. His subject was, ''Civilization's debt to the Pioneer''. The colleges represented were Tusculum, King, Milligan and Carson-Newman. After a spirited contest the judges awarded first place to Carson-Newman and second place to Milligan College.

Lamar Wilson, '21 spent Sunday with his father, Dr. S. T. Wilson. Lamar, who is attaining quite a name for himselfi as an architect, is at present working on the Maplehurst Apartments, a new building now in process of construction in Knoxville.

TRACK TEAM IN KENTUCKY MEET

Highlander Cinder Skimmers Perform Today On Kentucky Grass Domain.

SLATED TO WIN

Coach Bond's Proteges Hungry For Revenge of Last Year's Fracas.

As the ink is drying on this sheet, Bond's cinder path artists are endeavoring to maintain the standards of Maryville College in taking a dual track meet from Georgetown College in Kentucky.

With only a few exceptions the crew is the same that have competed in the previous mets this season, and if tihngs break evenly Orange and Garnet should emerge from the fray with the long end of the score.

The tentative entrants in the various events are as follows:

100 yard dash: Brown, Kinsler.
220 yard dash: Brown, Morgan
Quarter Mile: Thomson, oMrgan
Half Mile: King, Brock
Mile: King, Brock.
Two Mile: Templin, Milling.
High Hurdles: Edsall, Kinsler
Low Hurdles: Edsall, Kinsler
High Jump: McDonald, Edsall
Broad Jump: Bishop
Pole Vault: Milling, Holland
Discus: Thrower, Brock
Shot Putt: Thrower, Robinette
Javelin: Grunder, Holland
Relay: Brown, Thomson, King and Morgan.

HIKE WEDNESDAY TO BE TO CALDERWOOD

Promptly at seven o'clock on Wednesday morning, April 29, a special train leaves the Southern Station for Calderwood. The train will arrive about eight-thirty, and will leave for Maryville again promptly at four.

The price of the round trip ticket is $1.10. This is less than half the usual fare, and it behooves the students to take hold of his opportunity to see the scenery about Calderwood, which is unparalleled in beauty, at a minimum cost.

Lunches will be sold as usual by the Home Economics department. Orders must be given to Mrs. McMurray before ten o'clock Tuesday morning.

CALENDAR

For week ending May 1st.
SATURDAY, THE 25TH.
7:30 p. m.—Debate, Maryville freshmen girls vs U. T. freshmen girls. Voorhees Chapel.
MONDAY, THE 27TH
2:00 p. m.—Baseball. Maryville vs. E. Tenn. Normal. Wilson Field.
8:00 p. m.—Graduate recital of Expression Department. Voorhees Chapel.
WEDNESDAY, THE 29TH.
7:00 a. m.—Train leaves for Calderwood for all day co-ed mountain hike.
THURSDAY, THE 30TH.
3:15 p. m.—Baseball. Maryville vs. Georgetown College. Wilson field.
FRIDAY, MAY 1ST.
2:00 p. m.—May-day festivities
3:10 p. m.—Crowning of King Doris I.

HIGHLANDER BALL CLUB HOME FROM 4 GAME TRIP

Home Ball Games

Home rooters will get another taste of diamond delicacies when the Highland Ball Club returned from its trip in Virginia, plays two games on Wilson field next week.

East Tennessee Normal Nine comes here for a trouncing next Monday afternoon at 3:00 o'clock. The Georgetown stick wielders travel hereabouts this week, and meet Orange and Garnet players next Thursday afternoon at 3:15 o'clock.

Anderson Pitches Air-Tight Ball Defeating the King Tornado.

SCORE 10-5

Maryville Loses Games At Emory-Henry, East Tenn. Normal and Tusculum.

On the first day out and the first game of a four-day jaunt the Maryville Highlanders Ball Club took the measure of the King Tornadoes at Bristol, Tennessee Monday.

Anticipating a hard game with the team the Highlanders outplayed and outclassed King's Tornado and won by a score of 10 to 5.

Maryville started scoring in the first inning when Stone singled with McCall and Cartwright on, following these two across the plate a little later on a wild pitch.

Again in the fifth with Shanks and Cartwright on Stone knocked a circuit clout over center fielders head and scored three runs.

Anderson Pitches

Anderson pitched a fine game, retaining perfect control and managed to make his curve break beautifully.

In the seventh Shanks fielded a red hot grounder like lightning and threw man out on first.

Box Score:

	ab	r	h	sh	po	a	e
McCall	5	1	3	0	2	4	1
Shanks	5	3	0	0	2	4	0
Cartwright	4	2	3	0	0	0	0
Stone	5	2	3	0	3	1	0
Shores	4	1	2	0	12	1	0
McMurray	4	0	3	1	0	0	0
Givens	4	0	1	0	3	1	0
Sneed	4	0	1	1	4	2	0
Anderson	4	0	0	0	1	4	0

CAST FOR SENIOR PLAY NOW CHOSEN

''Milestones'', The Play By Arnold Bennet Will Be Presented on June The 2nd.

The cast for the senior play, ''Milestones'' has been chosen under the direction of Mrs. West and practice will begin in the near future for presenting the play on June the 2nd.

The cast includes:

John Rhead - Harry Gaudlng
Gertrude Rhead - Virginia Clark
Mrs. Rhead - - - Thelma Moody
Samuel Silbey - Jean McMurray
Rose Silbey - - Alice Robison
Ned Pym - - Hunter Robinette
Emily Rhead - Mary Whittle
Arthur Preece - Edward Cornelius
Lord Monkhurst - Francis Kinsler
Hon. Muriel Pym - - - -
Rena Mae Anderson
Richard Sibley - Nathan Haworth
Thompson - - - Darius Prince

Harry Gauding and Alice Robison have been asisgned the leading roles of the play. The entire cast has had previous experience in amateur stage work, and is almost stellar in its calibre.

The play ''Milestones'' is admirably suited for presentation by a college class. Last year it was presented by the graduating class of Boston University.

The play has three acts. The first act takes place in 1860, the second in 1885, and the third in 1912.

The play is to be presented at eight o'clock on the night of Tuesday, June the second. It will constitute one of the last public acts of the class of '25.

WINDOW CURTAIN PARADE

In a desperate effort to attract publicity for the Practice House, Ruth Reagan bought a bolt of cretonne of extremely laud pattern to make her a dress. After she had made hers, there was enough scraps left to make dresses for the other six members of the Practice House Octette, Misses Knott, Bauman, Sossomon, Sharp, Martin and Roney. These eight, in the seven dresses of identical pattern (both of Ruth's was all in one) attracted quite a bit of notice at chapel on Thursday morning.

Mrs. Roland Marquis (nee Carmen Park '20) was the guest of Miss Darby early in the wek.

COED FRESHMEN TO DEBATE TENNESSEE

First Freshman Girls' Debate Tomorrow at Chapel With U.-T. Freshman

For the first time in the history of the college Maryville freshmen girls are to meet the U. T. freshmen girls in debate.

Maryville's debating interests have been increasing gradually each year and now she is taking another forward step. It is to be hoped that the debate of tomorrow night will be the first of a long series of engagement between freshmen from the two schools.

The coach reports that the freshman class has a great deal of promising material and that the girls freshman debate will be one of the most interesting of the wohle season.

These ambitious young co-eds were not satisfied with the Philippine question as debated here before so they have selected this for their subject: Resolved, That the Philippine Islands should be granted immediate and complete independence.

The affirmative is to be supported by Dorothy Farris, Emily Minton and Mary Eleanor Welbon at Knoxville. Elizabeth Griffen, Louise Baird and Virginia Knight will defend the negative side of the propostion on the home floor.

THE HIGHLAND ECHO

Issued Weekly by the students of Maryville College.

Subscription - - $1.25 per annum

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

SPRINGTIME SPORTS

The Track Team of Orange and Garnet hue is coming into its own as a major varsity outfit of the College.

* * * * * *

Track teams have in the past had a hard time of it to survive at this College because of undernourishment. No funds, no coach, no track, no meets, and no team have been the chief obstacles in the way of any flourishing cinder company of Highlanders heretofore.

Within the last four years, however, there has been a most creditable development of Varsity Track until this year there is a regular season of it—four dual meets, a scrub meet, an intra-mural program, and representatives at the Southern Relays. Not so bad when the background of schedules of a few years ago are remembered—consisting of perhaps a dual meet with the state university, and perhaps not even that.

In a year or two track meets will draw as big crowds in the South, as they now do in the rest of the country, and track at Maryville ought to be even now a major sport.

* * * * * *

Some hungry logician comes along and says, now that track is drawing the attention of sportdom let's do away with the Baseball Team and concentrate on Varsity Track. Not only does baseblal hold its own as the national pastime, but in college it continues to pay its way and attract athletes and spectators.

Track has at Maryville grown up alongside of baseball, and this is one of the best aspects of the question, that this College now gives twice as many men a chance to fill places on regular Varsity teams.

The ideal for College Athletics is a maximum number of men in intercollegiate athletics.

* * * * * *

Concentrating on stellar athletes is all right to produce winning teams, but when two different kinds of sport can be operated parallel and at the same time, there is no reason conceivable why one of the sports should be eliminated for another, when both are thriving.

Maryville has always produced first-class ball teams, and she is now coming into her own in the Track world. This means that twice as many men are getting the benefit of college athletics and twice as much sport for the college.

Pinky says she's not a prodigal, but she has to feed the swine just the same.

DESPOILERS

During the World War, we condemned the Germans for despoiling the land wherever their armies went, uprooting trees and killing all vegetation. And not without reason did we do so, for this was indeed an atrocious crime.

* * * * * *

But are the students who go to the College Woods, and come back laden with flowers which they can never use very much better? They are despoilers just as truly as the devastating Germans. They pull the herbs and cripple the trees and shrubs. They deform a tree and make it look ragged just so that they may have a few wilted branches of dogwood or redbud leaning against their walls.

If left, these flowers go to seed and roduce other flowers in other years, but when ruthlessly pulled, they live only a few hours, and are then discarded.

* * * * * *

If the present state of affairs keeps up, it will be a matter of only a few years until the college woods, of which we are now justly proud, will be a forest, devoid of the beauty and charm lent by the flowers. There is not an unlimited supply of flowers—in fact the supply is so limited as to permit only a very little or no gothering. Many of our most beautiful and desirable flowers are already becoming extinct.

It is the duty of every student, not only to the college, but to the future generations of students, to try to help conserve the flowers in the college woods. Each one should use his influence to try to help curb the rising tide of vandalism, which threatens to rob the woods of its floral glory.

BAND CONCERTS

It has been three years since we had band concerts on the campus after supper, and we have been thinking the custom is worth reviving.

This has been one of the finest springs in recent years, and we ought to have every possible opportunity to enjoy the evening breezes. And in no way could this be done better than while listening to the soft strains of music. These spring evenings fill all of us with a vague longing, and nothing could be more enjoyable than a half hour spent listening to the band.

It is also true that the band does not get to play much, and it deserves more prominence than it receives. At ga[illegible] is only a secondary attractio[illegible] In appreciation of what the band has done this year we should give them opportunity to be the center of attraction.

The time between supper and study hour is not spent in study. It should not be, for a half hour of pleasant recreation is very beneficial before beginning the study of the evening. A social center where the students could get together for awhile after supper has often been discussed on the Hill. It seems to us that short band concerts after supper is a good start in this direction.

—J. S.

Jack Wheatley: How is it, Doctor, that although my hair is still dark my beard is rapidly growing white?

Doctor: Well, I don't know, unless you've worked your jaws a great deal harder than your brain.

—MC—

EPICETTE

A girl, a quarrel, a room, some gas;
A hearse, a funeral, a hole, some grass.

We're not naturally suspicious, but when we see Meikle on Main street Sunday with a . . .; by golly!

—MC—

As a part of intelligence test The Dean suggested that each student in the class draw a picture from which he could guess what the student wanted to do when through school. All sorts of articles were drawn: Books, for bookkeepers; Hats for milliners, etc. Margaret Murray, however, had a blank sheet.

''Why Miss Murray, don't you want to be anything?'' The Dean said.

''Yes sir'', said Margaret, ''I want to be married, but I don't know how to draw it.''

—MC—

Needn't Worry

Tom: ''Pa, you remember you promised me $5 if I passed in school this year.''

Pa: ''Yes''.

Tom: ''Well, you ain't going to have that expense.''—The Collegian.

DRUGGISTS

GLEE CLUB TRIP

The much renowned Glee Club of Maryville College journeyed to Johnson City last Tuesday. The three cars carrying the Club left the Hill at different times Tuesday morning.

When all mail had been carefully read and reread and duly meditated upon, it was safely put away in left hand inside pockets. And when supper had set behind the vest, the boys roceeded to entertain the people of the town in the Municipal Auditorium. There were several old Maryville sutdents and graduates in the audience and meeting so many old friends made the fellows feel so good that they cut loose from shore and sang those old classics as only a Maryville College Glee Club can.

After the concert the Club was invited to a little informal party put on by former Maryville students and students of the Normal School. All who went to the party said that they had a fine time. Ham said that he enjoyed *himself* immensely.

Wednesday morning part of the Club went to Washington College and gave a short program in chapel there. This was done at the invitation of Edgar Martin and Mary Bob Robinson, both of the class of '24 Maryville who are teaching there.

The Club gathered again Wednesday afternoon at Greeneville where they stopped to give their concert that night. The boys were feeling good and entered into this concert with even more pep and life than at Johnson City. The house was full and it was a very appreciative audience to sing to. The Club got together and made that old auditorium ring with such harmony as was never heard before.

Mr. Mathews made a hit as a cartoonist and humorist and the quartet was given the glad hand as at Johnson City. Mr. Gauding's readings received the applause that could be expected for such high class material.

Everyone declared that he had a wonderful time and that Southern hositality is all that it claims to be.

A lot of the credit for the success of the program in both places is due to the instructor Miss Stanter who, though never lacking in criticism is always ready to praise when the Club does its best as it has on the last trip.

Maryville	3	6	1	0	4	1	0	0	0
King College	0	2	1	0	1	0	0	0	1

Knoxville "Smokies" Game

Maryville lost by a two point margin to the Knoxville Smokies Friday afternoon after the game had been called on account of rain in the sixth whe the score was tied, 4-4. The final score was 10 to 8.

Knoxville used three pitchers from whom Maryville garnered ten hits.

Stone pitched the whole game and while he allowed fifteen hits, with the excellent support given him he was rarely in a hole, and never riffled. One of the prettiest plays of the game was an unassisted double by Shores when he fielded a liner and caught man off before he could check up. Cartwright knocked a home run.

Box Score:

Total	34	8	10	27	13	4

Tennessee Game

The University of Tennessee took revenge for their first defeat at Maryville's hands by winning the second game of the series. The score: 7 to 4.

The evil spirit must have been hanging over Shields-Watkins field even as it did on that fateful day in October of last year for the breaks of the game did not come right for Maryville.

Hawn was struck by a ball when warming up before the game. His nose was broken by the blow. This threw Sneed into the receiving position and he ably acquitted himself.

The game was a listless affair throughout and in spite of the fact that the sun came out and smiled benig— upon the players in the lucky (?) seventh inning, Maryville was unable to stage a sufficient rally to turn the tide.

Batteries—Maryville: Harvey and Sneed; Tennessee: Dale and Kair. Umpire, Foster, University of Virginia.

Emory and Henry

In the encounter Tuesday with Emory and Henry the Highlanders lost by one point, the score being 5 to 4.

Maryville lead until the ninth inning when pinch hitters for Emory and Henry forced in two runs and won the game.

Pat Shores had a great day with the willow. In the first inning with Stone and Shanks on, he circuited over center field and scored three runs. In addition to this he also accounted for a double and single.

The game was featured by brilliant fielding of the two short stops McCall of Maryville and Bailey of Emory and Henry.

The second half of the first inning Stone, pitcher, was hit in the head, knocking him temporarily unconscious, but he revived and again entered the box, striking out the next man up, then finished the game.

PROFFITT'S

LITERARY SOCIETIES

Alpha Sigma

The Alpha Sigma Literary Society has taken a new lease on life, due to the efforts of the new officers. The result of this new spirit was shown in the last meeting where an excellent program was enjoyed by both old and new Alpha Sigma men.

The new program secretary, J. Wheatley promises an educational as well as amusing program every meeting, so it ill-behooves any loyal Alpha Sigma to miss a single Saturday night. A spirit of hearty welcome awaits all who come to Alpha Sigma.

Warner A. Gray, Editor

Theta Epsilon

After the business meeting last Saturday evening, the following program was given:

Reading - - Ernystine Monroe
Piano Duet - Sue and Edna Clayton
Reading - - - Hilda Harris
Reading - - - Nellie Caldwell
Theta Song

This Saturday night, a study of Indian songs and poems will be presented.

Jessie Lee Goodson, Editor.

Athenian

A Railroda Program will be given at Athenian Saturday evening. After the invocation, the society will sing Alma Mater. Leslie Bell will then present the Railroad Situation.

A violin solo by Julian Johnson will be the music of the evening.

To look at Stuart Rohre, no one could tell that he was a first class hobo, but he will tell of his first night in a box-car.

A select reading will be given by Paul Meikle.

Miser Richman will conclude the program by giving Railroad Ties. Every loyal Athenian should be present next Saturday evening to enjoy an instructive and entertaining program.

George Crawford, Editor

JOINT MEETING OF THE FOUR SOCIETIES

Asheville Normal School meets the Girls' Literary Societies of Maryville College in debate May the 2nd.

In honor of the event there will be a joint meeting of all the societies in the chapel at 8:00 p. m.

By the able coach, and her long experience in this favorite indoor sport, Asheville puts out real girl debaters. The very best material from each society has been selected and an able coach secured.

The girls appearing at Asheville will be Barbara Higgins, Thelma Moody and Katherine Franklin. Those to debate on the home floor are Mary Huffman, George Belle Kuhn and Bland Morrow. John Stockton is serving as coach of the society debate.

VARSITY DEBATE YEAR CLOSES WITH VICTORY

(Contnued from page one)

against the arguments of their opponents, while their own constructive cases were left almost entirely untouched in rebuttal.

Four of the men debating appeared for their last time in a Maryville debate. Two of them have debated four years for Maryville.

This victory is the last debate of the season for the men, and makes a fitting close for the season.

Y. W. C. A. MEETING

The Y. W. C. A. will hold its Sunday devotional service by the side of the chapel late in the afternoon. The program subject will be "Worship".

LOST—An alligator bar-pin set with blue and white stones. Also a Standard American Version Bible. Return to Jimmie Rule.

MINISTERIAL BANQUET

On Monday the 13th the members of the Ministerial Association had their annual banquet in Science Hall. Each member was accompanied by one of the fairer ones on the Hill.

Dr. Gillingham acted as toastmaster and Dr. and Mrs. Stevenson were there as guests of the Association.

Charles Johnson gave a toast on "Less Study", George Neff on "Less Moonshining", Wick Broomall on "Less Worry", and Ed Cathey on "Less Practical Work". Paul Meikle gave an entertaining reading in concluding the program.

The following were present: Dr. Gillingham, Dr. and Mrs. Stevenson, Charles Johnson, Lillian Robison, George Neff, Mary Almeda Thomas, Merlin Usner, Etta Galbreath, Wick Broomall, Josephine Parker, Ed Cathey, Rebecca Bigger, Robert Wood, Marie Elmore, Paul Meikle, Lou Erith Hornbeak, Robert Lockhart, Mabel Higginbotham, Wilbur Franklin, Lois Miles, Henry Welbon, Lois Painter, Ernest Frei, Helen Moore.

Highlander Ball Club Home From 4-Game Trip

(Continued from page three)

one point margin, the score being 7 to 6.

From the almost flawfless game of the day before the pendulum swung to the other extreme and Maryville made ten errors to Tusculum's nine.

Tired out by three days on the road and the inevitable let down of after the sensational playing of the day before, Maryville was unable to put forth her best efforts. Stone was still feeling addled from his blow on the head and in the eighth inning was relieved by Shores, who had just time enough to get his curve to breaking nicely.

Mischlich made another sensational box hand catch.

	ab	r	h	sh	po	a	e

East Tennessee Normal

A double in the eleventh inning, scoring one man from second who had walked to start the inning, decided a pretty hurling and between Harvey and Mooney, both southpaws, and Maryville lost the third game of the trip to East Tennessee Normal at Johnson City Wednesday 1 to 0.

Harvey, even though he had pitched the major portion of the games on Tuesday went through ten innings in true big league style with only four hits garnered from his delivery. The dark shadows of night were gradually creeping over the field and in all probability the game would have been called at the close of the eleventh, when Harvey, perhaps anxious to have the battle over with became wild and walked the first man up and then turned loose a wild pitch allowing him to go to second with two strikes on the next man up, he gave him one just to his taste and he sent it sailing over the left fielders for two bases, thus scoring the winning run. Johnson City considers this one of the prettiest pitching battles ever seen on the local diamond.

Maryville last her best opportunity to score in the second inning when with three runners on the sacks and two down, McCall lost his rabbit's foot and fanned. Again in in the eighth with two men on

COMMENCEMENT PROGRAM

The program for Commencement Week as tentatively arranged, is as follows:

Thursday, May 28, 8 p. m.—Bates Prize Oratorical Contest

Friday, May 29, 8 p. m.—Graduation Exercises of the Expression Department.

Saturday, May 30, 3 p. m.—Annual Exhibit of Art Department
8 p. m.—Graduation Exercises of the Music Department.

Sunday, May 31, 10:30 a. m.—Baccalaureate Sermon
6:30 p. m.—Address to Y. W. C. C. A. and Y. M. C. A.

Monday, June 1, 7:30 p. m.—Graduation Exercises of Preparatory Department

Tuesday, June 2, 3 p. m.—Exhibit of Home Economics Department
7:30 p. m.—Senior Class Play, "Milestones"

Wednesday, June 3, 3:30 p. m.—Senior Class Day Exercises
7:30 p. m.—Alumni Banquet

Thursday, June 4, 10:00 a. m.—Commencement Exercises

For the Preparatory Commencement Rev. E. Hubert Broyles, Pastor of J. R. Miller Memorial Presbyterian Church of Upper Darby, Pennsylvania, has been secured as the speaker of the evening.

Rev. Homer Mitchell Noble, Class of 1906, Pastor of the First Presbyterian Church of Bilosby, Wisconsin will deliver the Commencement address at 10 o'clock Thursday morning, June 4.

Dr. J. M. Broady stopped to 'look in on the college' this morning. He is on his way to Sweet Briar, Va., New York City and other points in the East.

—MC—

Vandy: My brain is my fortune.
Rachel: Well poverty is no disgrace.

—MC—

Louise: The speaker said that beauty lies in simple things.
Ed: Then you are too beautiful for words.

Mischlich popped up for the final out.

Sensational fielding by both nines, giving their pitchers perfect support accounted for the blanks in the score by innings. The work of the Highlander infield was well-nigh perfect. Spectacular catches were made by Stone and Mischlich. One catch by "Jiggs" was especially sensational when a Normalite hit a long high one and he went back and took it in the bare hand.

Score by Innings:

Strikeouts: by Harvey, 12; Mooney 10. Left on bases: Marville 11, Normal 9. Hits off Mooney 8, off Harvey 5. Umpire, Wilder.

U.-T. FRESHMEN WIN

Once again the Orange and White of the University of Tennessee soared over the Orange and Garnet pennons of Maryville when the Highlander Rerserves lost a dual track meet to the Volunteer Rats Wednesday afternoon, by a score of 52 to 75.

The meet was featured by the work of the Crawford brothers, Billie and Taylor, in the dashes and hurdles. Billie Crawford came out high point man in the meet.

Slemons ran a pretty race in the two mile with his long shanks working as regularly as clock pendulums he finished away ahead of his competitors.

Patterson was eliminated at 5 feet 5 1-2 inches in the high jump, but showed great form in clearing the bar.

Robinette and D. Wilson placed first and second in the shot put, while Lamar Milling tok first in the pole vault.

In the broad jump B. Crawford's distance of 20 feet 6 inches was only beaten in the last attempt of Gangner of Tennessee when he covered 20 feet and 8 1-2 inches.

In the relay Lamar Milling tore off a big lead over Cooper of Tennessee; Rohre and McKeen came in practically together; in getting away Reed lost his shoe, in spite of this handicap he ran his quarters anyway, but couldn't get the necessary drive from his bare foot; although Morgan, last runner for Maryville did his utmost and decreased his lead considerably the relay was won by Tennessee and the meet over.

Events and Places

100 Yard Dash—1st. B. Crawford (M); 2nd. T. Crawford (M); Time 10 1-5 seconds.

Mile Run—1st. McGowan (T); 2nd. Flack (T). Time 3 2-5 minutes.

220 Yard Dash—1st. B. Crawford (M); 2nd. Reed (M); Time 24 seconds.

High Hurdles—1st. Cooper (T); 2nd. T. Crawford disqualiled. Time 18 seconds.

Quarter Mile—1st. Grizzard (T); 2nd. Morgan (M); Time 55 1-2.

Low Hurdles—1st. Burh (T); 2nd. B. Crawford (M); Time 28 1-2.

Two Mile—1st. Slemons (M); 2nd. Hawkins (T); 11 min. 4 sec.

Half Mile—1st. McKeen (T); 2nd. Tallaher (T); 2 min. 9 1-2 sec.

Shot Putt—1st. Robinette (M); 2nd. D. Wilson (M); Distance 33.69 feet.

Pole Vault—1st. L. Milling (M); 2nd. Phillips (T); Height 10 feet.

Discus—1st. Gangner (T); 2nd. Moore (T); Distance 101.4 feet.

High Jump—1st. Moore (T); 2nd. Patterson (M); Height 5 feet 6 inches.

Javelin—1st. Pugh (T); 2nd. Gangner (T). Distance 145.9 feet.

Broad Jump—1st. Gangner (T); 2nd. B. Crawford. Distance 20 feet 8 1-2 inches.

Relay—Maryville; L. Milling, Rohre Reed and Morgan. Tennessee: Cooper, McKeen, Burk and Grizzard. Won by Tennessee. Time 3 minutes, 30 seconds.

LITTLE THINGS

It ain't the many little things,
That we notice, like we should.
We could make life more worth livin'
For the others, if we would.

Just a little bit o' lovin',
And a kind word, now and then,
Helps the one who's all discouraged
To begin life o'er again.

So just keep o' goin', smilin',
And your sunshine gladly spread.
There'll be time enough for sorrows,
When our friends and pals are dead.

So when the old world's gloomy,
And you're feelin' mighty blue,
Just remember that your smilin'
Makes the old world seem like new.

—Fritz.

NEW ADMINISTRATION MAKES PLANS FOR YEAR

Program For Y. M. C. A. Is Outlined By Cabinet At Montvale.

The Y. M. C. A. officers and cabinet members journeyed to Montvale Springs Sunday for an overnight conference at which time plans were made for carrying on work.

The weekly Y meeting will hereafter be held on Sunday. Dr. Jasper C. Barnes will speak at Bartlett Hall Sunday, April 26 at one o'clock on "Problems Confronting Young Men".

A Blue Ridge program has been arranged, and on May 10, there will be a joint Y. W.-Y. M. service at the Vesper hour in chapel. A Mother's Day program is planned for this date.

The Y. M. C. A. hike for men will be held the second week end of May. This hike will probably be to La Conte. More definite plans will be given later. On Saturday night, May 16 there will be a weiner roast, and social for all men in the college woods.

The Y track meet will take place early in May. A swimming meet has also been tentatively arranged at an early date.

The deputations committee began its work last night, when it presented a program at Clinton, Tenn. Other trips have been planned. Amusement, inspiration and an invitation to come to Maryville make up these programs at the various high schools.

The Y. M. C. A. auditorium and reading room are soon to be renovated and made more comfortable. The Y store will be continued. Applications for manager of the store for next year should be handed to one of the officers before May 9.

TENNESSEE WINS IN CLOSE DUAL MEET

With the score nip and tuck until the last three events, Maryville lost the annual track meet to the University of Tennessee on April 12th. The final score for points was Maryville 62, and U. T. 69.

Maryville took seven first places and six second places, while Tennessee stood seven and seven.

"Shimmie" Brown showed great form in the hundred yard dash and the two twenty; Thrower hurled the shot about six feet farther than his competitor; Thomson and King ran pretty races in the quarter and eight-eighty, while Edsall came to the fore by taking second in both hurdles. L. E. Milling and Holland tied for first in the pole vault and McDonald tied with Burdette for the high jump.

Events and Places

100 Yard Dash—1st, Brown (M); 2nd. Burdette (T); Time 10 1-2.

Mile Run—1st. Lesher (T); 2nd. Templin (M); Time 4:48 1-2.

Shot Put—1st. Thrower (M); 2nd. Deaderick. Distance 41 feet.

Pole Vault—1st. Milling and Holland (M) tied; Height 10 feet, 6 inches.

220 Yard Dash—1st. Brown (M); 2nd. Jones (T); Time 23.9.

High Hurdles—1st. Kay (T); 2nd. Edsall (M); Time 16.

High Jump—1st. McDonald (M); 2nd. Burdette (T); Height 5 feet, 6 inches.

Discus—1st. Deaderick (T); 2nd. Jackson (T); Distance 113 feet.

440 Yard Run—1st. Thomson (M); 2nd. Batey (T); Time 53 2-5.

Two Mile—1st. Deatherage (T); 2nd. Templin (M); 10:28 1-5.

Low Hurdles—1st. Kay (T); 2nd. Edsall (M); Time 25.2.

Javelin—1st. Vowell (T); 2nd. Grunder (M); Distance 157.05 feet.

Broad Jump—1st. Vowell (T); 2nd. Kay (T); Distance 20 feet 5 1-2 inches.

Relay Teams—(in running order) Maryville: Brown, Lorenz, King, and Thomson; Tennessee: Jones, Evans, Goodman, and Batey.

GLEE CLUB HOME CONCERT NEXT FRIDAY

GAME WITH KING NINE ON FRIDAY

The Highland Echo

DUAL MEET ON WILSON FIELD SAT.

VOL. X. MARYVILLE, TENNESSEE, FRIDAY, MAY 1, 1925 NO. 27

BALL TEAM PLAYS FOUR TRIP GAMES

Four Day Trip to Middle and West Tennessee Starts Next Monday.

MEET CUMBERLAND TWICE

Defeat E. T, Normal Nine in Six-Inning Fray. Shores Bats 1000.

The Maryville Highlander baseballers lead by their Coach, Lombe Scott Honaker, will invade new territory in Middle Tennessee when they leave Monday for another four day trip.

On this sojourn away from their natural haunts they will encounter Harriman at Harriman on May 4th., Tennessee Polytechnic Institute at Cookeville, May 5th. and will wind up at Lebanon for a two day card with Cumberland on May the 6th. and the 7th.

Advance dope on these teams gives each of them a strong front, but with the record made by the Highlanders, the team should return with well digested four victories under their pie belts.

Even a team that wins fifty percent of the games played while on a trip, is considered a good one, but if each one of Orange and Garnet's loyal baseball fans would glad-hand the players and wish them ''good luck'' before they leave, it will do a world of good towards clinching the bacon.

East Tennessee Normal Game

The Highlander Nine avenged their defeat at the hands of the Normalites last week when they shut out those doughty warriors in a five inning affair played in rain and mud on Wilson field Monday afternoon.

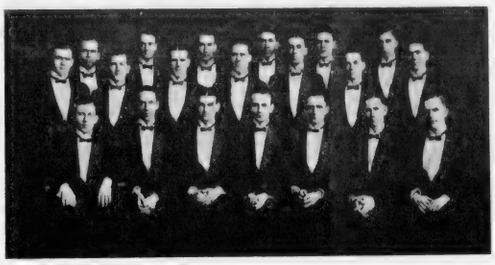
With the stands supporting only a meager crowd, the beginning of the sixth frame was taken as a signal for Jupiter Pluvius to ''strut his

(Continued on page four)

GRADUATE RECITAL ON LAST MONDAY EVENING

Whittle, Gauding, and Sheffield Present One of Best Recital Programs in Years.

Before a full house last Monday evening three graduates in Expression rendered one of the most effectual and polished programs in the history of the Expression Department of the College.



Miss Mary Whittle presented the delightful comedy-drama ''Money Moon'' with a fine interpretation for the romance mixed with pathos.

Harry Gauding, after years of training and stellar play-acting, interpreted with consummate skill the humorous scenes of James M. Barrie's play, ''The Will''.

Miss Sarah Sheffield closed the evening's program with the comic and mystic sketch of Booth Tarkington's ''The Ghost Story'' presented in her customary pleasing manner.

The last recital of the year will take place in about three weeks when Georgia Belle Kuhn, Hunter Robinette and Kathryn Franklin give their graduate presentations.

MARYVILLE COLLEGE GLEE CLUB

BACK ROW—John Johnson, Harry Gauding, Robert Broady, Joe Gamble, Walter Mathews, William B. Jones.

MIDDLE ROW—Charles Webb, James King, Hunter Robinette, Carl Schmidt, Ronald Craig, Arasemus Kitchen, Leslie Bell.

FRONT ROW—Albert Cook, Dewey Eitner, president; Clinton Puff, James Brown, Jean McMurray.

MAY DAY PROGRAM ON THE COLLEGE CAMPUS

Kathleen Purdy Crowned Queen of May by King Musick—Beautiful Affair.

The following program portrays the delightful May Day celebration of the students of the College which took place this afternoon in the College Woods.

1.—Procession ''To Spring''
(Heralds)
Sara Sheffield and Mary Whittle
(Flower girls)
Doris Muray, Marian Huddleston
(King and Queen)
Doris Musick, Kathleen Purdy
(Train Bearers)
Scott Honaker, Lester Bond, Jr.
(Maid of Honor)
Lucille Heiskel
(Attendants)
Martha Anderson, Robert Thrower
Margaret Lewis, Jean McMurray
Elizabeth Hannah, Francis Kinsler
Mabel Haws, William Crawford
2.—Chorus ''Welcome Spring''
3.—Herald's Announcement
Sara Sheffield
4.—Chorus ''Springtime is Queen''
5.—Crowning of Queen
Kathleen Purdy
6.—Orchestra
7.—Dance—Bo Peep—Boy Blue
Hilda Harris, Kathleen Hunnicutt
9.—Orchestra Selection
10.—Jack and Jill Dance
Virginia Knight, Maurine Krimmel, Josephine Parker, Dorothy Hodges, Betty Keown, Marie Elmore.
11.—Song ''Tin Soldiers March''
12.—Tin Soldier Dance
Jane Meyers, Madge Keller, Nellie Caldwell, Jack Ward, Margaret Smith, Agnes Houghton, Elizabeth Torry, Jimmie Rule
13.—Orchestra Selection
14.—May Pole Dance

(Continued on page four)

MINISTERIAL ASSOCIATION

On Wednesday, May the 6th. 1925 at 5 p. m. the Ministerial Association will meet at the Alpha Sigma Hall for their weekly meeting.

The program secretary has the following program prepared for that day:

Devotional Exercises - Floyd Geist
Special Music - - - Leslie Bell
Ministerial Work in Siam - -
Wilbur Franklin

This promises to be a meeting of interest not only to the ministerial students but also to others, and all members and friends are urged to attend.

MARYVILLE COLLEGE GLEE CLUB GIVES ANNUAL HOME CONCERT ON NEXT FRIDAY

The following program will be rendered by the Mn's Glee Club in their annual home concert, in Voorhees Chapel next Friday night at 8:00 p. m.

This program has been developed and well received in all the season's concerts.

Martial Hymn - - - *Gomes*
Glee Club
Lights o' Cowtown - *Ruffner*
Messrs. Anderson, Eitner, McMurray Cook
Cornet Solo—Mabel Polka *Hartley*
Mr. Broady
Reading - - - - *Selected*
Mr. Gauding
Tenor Solo—(a) Give a Man a Horse He Can Ride - *O'Hara*
(b) Homing - - *Del Riego*
Mr. Anderson
Lazy Song - *Lawson-MacArthur*
Glee Club
Intermission

PART II.

Calendar

For week ending May 8
FRIDAY, THE 1ST.
2:30 p. m.—May Day Exercises. College Woods.
SATURDAY, THE 2ND.
3:00 p. m.—Dual Track Meet, with Chattanooga University. Wilson Field.
7:30 p. m.—Coed Debate. Girls' Literary Society Teams against Asheville Normal, Voorhees Chapel.
SUNDAY, THE 3RD.
10:30 a. m.—Church
1:30 p. m.—Y. Service. Subject ''Blue Ridge''.
7:00 p. m.—Vesper Service, Sermon by Dr. Giffin.
MONDAY, THE 4TH.
Varsity plays Harriman, there.
TUESDAY, THE 5TH.
Varsity plays at Cookeville
WEDNESDAY and THURSDAY, THE 6TH and 7TH
Varsity plays against Cumberland.
FRIDAY, THE 8TH.
3:15 p. m.—Ball Game. Maryville and King College. Wilson Field.
8:00 p. m.—Annual Home Concert of Glee Club. Voorhees Chapel.

HITRAIL CLUB ELECTION

Gamble Succeeds Rohre as President of Hiking Club—Trip to La Conte Planned.

The members of the Hi-Trail Club held an important meeting Tuesday night and the officers for the coming year were elected as follows:

President, Joe C. Gamble; Vice President, L. E. Milling; Secretary-Treasurer, Robert W. Bishop; Editor, John C. Crawford, Jr.

The installation of officers will take place May 9th. at 8:00 p. m. in the college woods.

A trip to Le Conte is being contemplated by the club. A committee was appointed by the President to secure information about the distance and the trail and the hike will probably take place about the middle of May.

ECHO ACKNOWLEDGES EXCHANGING PAPERS

Widespread Mailing List of College Weekly Includes First Class Newspapers.

The Highland Echo desires to acknowledge the receipt of the following College newspapers on Exchange, during this year:

The New Student, New York City
The Orange and White, University of Tennessee.
Gold and Black, Wake Forest College, North Carolina.
The Pinnacle, Berea College, Kentucky.
Kentucky Kernel, University of Kentucky.
Centre Cento, Centre College, Kentucky.
Wooster Voice, Wooster, Ohio.
The Torch, Varparasio University, Indiana.
The Crescent, Evansville College, Indiana.
University Echo, Chattanooga University, Tennessee.
King College News, King College, Tennessee.
Brackety-Ack, Roanoke College, Virginia.
The Citizen, Berea, Kentucky.
Tuckelechian, Tusculum College, Tennessee.
The Triangle, Judson College, Alabama.
The Tech Oracle, Cookeville, Tennessee.
The Blue and Gray, Harrogate, Tennessee.
The White Topper, Emory and Henry, Virginia.
The Academite, Hebron, Nebraska
The Chalk Line, East Tennessee Normal.

Last Monday the three Nu Gamma Sigma leading in attendance average for the year spent the day at Montvale, under the chaperonage of Mrs. Worley. Rosalie Edmondson's group led, and Mabel Green's and Thelma Whitted's tied for second place.

COED FRESHMEN DIVIDE DEBATE WITH TENNESSEE

Winning the home debate and losing the contest in Knoxville both by two decisions of the judges, the Freshman girls' debate teams last Saturday night discussed the question of Philippine Independence.

The winning affirmative team debating in the chapel included Doro-Farris, Emily Minton, and Mary Eleaonr Welbon. The team which traveled to the State University comprised Elizabeth Griffen, Louise Baird, and Virginia Knight.

TRACK MEN HAVE MEET TOMORROW

Chattanooga Trackmen Will Run on Wilson Field Against Orange and Garnet Team.

''Y'' MEET IN ONE WEEK

Georgetown Defeated by 2-Point Margin When Relay Team Takes Beautiful Event.

For the first time, even in the memory of the oldest Maryvillian, Wilson field is to be the scene of a real sure enough inter-collegiate dual track meet, when Maryville meets the University of Chattanooga tomorrow afternoon at 3:00 o'clock.

Maryville has successfully carried off an ambitious track schedule for this season and the meet Saturday will be the fourth encounter of the spring.

The first two meets with Sewanee and Tennessee were dropped and the meet with Georgetown was taken by a two-point margin. If the pending meet is won it will mean a fifty-fifty break for the current season.

If ''Shimmie'' Brown is out of the dashes Coach Bond will find it necessary to call on Kinsler, Lamar Milling, or Morgan for the dash events.

Aside from this the team is in splendid condition and with a good share of luck from Dame Fortune the meet should go to Maryville.

Annual ''Y'' Meet

The whipped-cream and strawberry-short-cake-desert of the regular track season will be served one week from tomorrow at three o'clock when the annual intra-mural track and field meet will be held for the classes of the College.

The beautiful loving cup for the high point man of the day sits haloed up in the clouds the cynosure of the aspiring eyes of about a score of scrapping cinder artists.

(Continued on page two)

VESPER SERVICE AND ''Y'' MEETING SUNDAY

Dr. Giffin to Lead Regular Vesper Service—''Blue Ridge'' Program at Y Meeting

Dr. Giffin, president of Knoxville College will conduct the regular college Vesper service at seven o'clock Sunday evening in Voorhees Chapel.

Dr. Giffin has kindly offered his services and preached frequently in the place of the College pastor at the regular College Sunday service. It is hoped that many will be out Sunday night to hear him preach.

''Y'' Sunday Service

A Blue Ridge Program has been arranged for the Y. M. C. A. meeting Sunday afternoon at 1:30 p. m. in Bartlett Hall auditorium. Special speakers will tell of the good times and the inspiration derived from the Student Conference held at Blue Ridge each summer.

The conference this year is June the 16th to28th. No student should allow his college career to close without going to a Student Conference such as Blue Ridge.

THE HIGHLAND ECHO

Issued Weekly by the students of Maryville College.

Subscription - - $1.25 per annum

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

Earth gets its price for what earth gives us; Each ounce of dross costs its ounce of gold.—James Russell Lowell

ADVERTISING IN THE ECHO

The Highland Echo has a lower subscription rate for students than any other twenty column college newspaper in the country.

* * * * * *

There is occasionally heard on the campus a complaint about the amount of advertising in this paper and about there being only thirty issues of the Echo for thirty-six weeks of school. It even happens that students bring other college papers, of say twenty-four columns, and demand that our paper have a similar lay-out.

Now it happens that the Echo costs each student but one dollar a year, while other papers range in subsription price between two and two and a half dollars, for students.

Advertising by the town business men has to make up the difference if the paper is to pay for itself.

The business manager, week after week, has to secure sufficient advertising to pay his bills; and he has little chance to make the proposition pay, much less to secure a reasonable remuneration for his time spent in the work.

* * * * *

During these last weeks of school there is little money being invested by Maryville merchants in College paper advertising The town men are complaining that organizations on the Hill are not giving them a fair share in the students' trade.

These men learn from time to time that large orders are being made to out-of-town dealers, and that local houses are being ignored in buying projects. Recently a three-year contract was signed with some distant company for producing college rings, and local jewelers could not help feeling that advertising in the Echo was misdirected effort. Another town dealer objected when he learned that a large order had been made out-of-town for a number of special suits, when he was not even given a chance to put in a bid. And so on. When the town men don't get orders from the College they cannot afford to advertise in the Echo; when we do not get advertisements we cannot afford to put out a paper, at least, not at a dollar a year.

As the only fair principle in business dealings we ask that home merchants be given first place in bidding for the trade of the College.

* * * * *

It would be absurd to demand that all orders be placed in the hands of local houses, or to deny the wisdom of dealing at times with out-of-town firms. We simply ask that local firms be given an equal chance, that they be allowed to make their bids on all business propositions of the College.

Out-of-town firms do not support the college, they do not put money in college publications, they spend their advertising money elsewhere; and when town men can make offers equal in value to those of outsiders they deserve the loyalty of the local buyers.

We do not have in mind any special business deal in the past, but we do know that town men object to a lack of college support, that their objection takes the form of less college advertising, and that when the Echo loses the support of these men, it goes in the hole.

It is only reasonable that students give the town men some preference at least in the matter of bidding for business, because they are the only firms which support college activities. We do not ask that any business be given to them, except when their bids compare favorably with that of competing firms.

We plead for more cooperation between town merchants and student organizations in the matter of giving them due notice when a large order is to be placed in some firm's hands.

Too busy to write an Ad for MOTHER'S DAY CANDY, but we have it

BADGETT-COSTNER DRUG STORE

POLICE YOURSELF

How many of the senior class would really qualify if the diploma depended upon an affirmative answer to the question, have you learned to police yourself? Under classmen are not expected to be on the same level as the seniors, yet in this one respect many of them are far above the place reached by some of the members of the class of '25.

Those cases are few and far between, of course. But the student body as a whole is not demonstrating any ability in this direction.

Large numbers of alumni have been known to remark after leaving Maryville that there were some things they didn't learn in college because they had no chance. Every student does have a chance, however, to learn self control. Petty rules may cause irritation, but there are no rules other than the rules of common decency, in regard to some of the things sutdents have shown they are woefully lacking in self-control.

Boarding house etiquette is naturally different from some other forms. But that is no excuse or reason for defacing this beautiful campus with fruit peelings, egg shells and the remains of other portions of the food from Pearsons.

Not only do some students misbehave in their attitude toward food, but some are in the habit of doing and *saying* things which are positively indecent. The girls who attend this school are ladies and deserve to be treated as such. If the boys are not gentlemen, they might at least try to imitate gentlemen.

One of the greatest needs for self control is evidenced at programs in the chapel. Of course there are only limited chances here at school for social intercourse between the girls and fellows, but two wrongs do not make a right. If students can't moonshine to affairs at the chapel and keep quiet enough for the speakers to be hard, *then let them quit moonshining.*

The monshiners are not the only offenders either. Maryville has a tremendously bad reputation because of the discourtesy her audiences show to visiting entertainers. There is nothing harder on a speaker than to find that his audience is uninterested and that they are keeping up a continued buzz of conversation.

Alice I. Robison.

DRUGGISTS

TRACK MEN MEET HERE TOMORROW

(Continued from page one)

With no outstanding claimant for gathering a lot of points the field and the day will hold out hopes for a number of free lances.

Medals will be presented to the winners of first place in all the regular events of track and field in an intercollegiate meet.

Maryville Records

The following records have been established by the trackmen of this college in this and former years. It is expected that more than one of these will be shattered either tomorrow or next week.

100 Yard Dash—Schmock '14; McGinley '23, 10 seconds.

220 Yard Dash—McGinley, '23; Crawford '24; 23 2-5 seconds.

440 Yard Dash—Thomson '25; 52 1-5 seconds.

880 Yard Run—King '25; 2 minutes and 5 1-5 seconds.

One Mile Run—King '24; 4 minutes, 52 seconds.

Two Mile Run—Templin '24; 10 minutes, 48 seconds.

High Hurdles—McGinley '23; 16 4-5 seconds.

Low Hurdles—McGinley '23; 26 4-5 seconds.

16-Pound Shot Put—Thrower '25; 41 feet.

Javelin Throw—Williams '24; 147 feet, 6 inches.

Discus Throw—Thrower '25; 103 feet, 3 inches.

High Jump—McDonald, Patterson '25; 5 feet 6 inches.

Broad Jump—Bush '15; 21 feet 2 inches.

Pole Vault—Butler '15; 11 feet 1 inch.

One Mile Relay—Morgan, Brown, Lorenz, Thomson '25; 3 minutes, 35 seconds.

Georgetown Defeated

Reaping one sweet revenge for the repulse of last year, Orange and Garnet trackmen last Saturday sped their way to victory on the blue grass field of Georgetown College.

The victory hung fire until the final event of the day, when a three point lead of Georgetown was covered with the five-point score of the mile relay which sewed up the bacon for the Highlanders.

This relay event was the most beautiful affair of the whole sunny afternoon. Georgetown rooters, smug with their three-point lead, sat back on the bleachers and hugged their knees until the relay began. Then in order Morgan, Brown, Lorenz, and Thomson outran the opposition. The final burst of speed from Thomson gave something to Georgetown natives to talk about all this week.

In the dashes Georgetown broke the tape having one of the flashiest sprinters in the South. In the distance runs Templin, in all his hercine pride, walked away from the nearest trailers. Captain King took the half mile run in style.

Thrower won the shot put without even undue exertion, his nearest rival tallying three feet behind his record.

The final score stood Maryville 59, Georgetown 57.

MOTHER'S DAY

TEETH

Jimmy Jones had a tooth pulled; he let me hold it in my hand for a minute. Then he proudly took it away from me, put it in his pocket and strutted off, only to come back later to be fed more of my admiration. Jimmy was a superior being as could be seen by the way the other children crowded about him. He could make a funny sucking noise by drawing his breath through the gap left by the absent member, and he very generously did this over and over, for the entertainment of admiring spectators.

I was surprised and delighted to learn that my teeth, too, would soon begin to come out. I was so delighted I eagerly tested them to see if one might be already loosened; I even assisted them a little by pushing and pulling at the most promising ones, and, when one had become loosened enough to be wobbled with my tongue, I wobbled it incessantly for the edification of a group of envious and admiring children who had not yet been so blessed as to have a loose tooth.

With much wobbling and being wobbled by other children, whom I condescendingly allowed to manipulate the unstable member, the tooth became so loosened it dangled, and a new problem had to be considered. Mother said the tooth must be pulled, and, though I had never had a tooth pulled, I know, just as everyone knows, that of all pains painful, the pulling-of-a-tooth pain is the worst.

I knew of several well-recommended ways of pulling teeth, that were supposedly painless. For instance one would tie one end of a string to the tooth and the other to a doorknob, then some kind person would put a coal of fire so near your nose you would jump to avoid being burned and thus your tooth would be pulled. A very attractive method it was until you came to the part about the coal of fire. Someone else knew a plan whereby the tooth was extracted by having the door, to whose knob the tooth was tied, suddenly closed. Some big boys told me to step on it, but I had an idea they were laughing at me when you tried to do it. The loose tooth and its necessary removal became a dread specter walking at my side, though I would never have permitted this to be seen by my envious playmates. Mother repeated that the tooth must come out, else I might swallow it in my sleep. Swallow my precious tooth! Though I was by now quite willing to have it come out, if such could be accomplished painlessly, I had no desire or intention of letting that tooth be swallowed.

At last in desperation I presented myself, open-mouthed, at Mother's knee. Carefully she tied a thread around the tooth. One slight pull and there bfore my eyes dangled the tooth. At first dazedly, then gleefully, I stuck my tongue into the gap it had left, and gazed proudly at the tooth swinging on the end of the string. —Bland Morrow.

TRACK ENTHUSIASTS

''OOh, look at those poor boys out there, running around with nothing on but underwear.''

''Those are track men'', he explained.

''Maybe they were in swimming and somebody ran off with their clothes.''

''No, that's what they always wear.''

''But what are they running around in a circle for? If they went in a straight line they might get somewhere''.

''That's a long distance race. They run in circle so the judges can see that they go the whole distance''

''Oh, look at that big man out there trying to throw a ball'', she exclaimed disgustedly. ''If he tried to throw a baseball like that it wouldn't go to first base.''

''That's our star shot putter'', he informed her. ''He's one of the best in the country.''

''Oh, look at those poor boys trying to jump over that stick. They might get over if they didn't trip up on that pole every time.''

At this he quit.

He didn't moonshine to any more track meets. —Walter W. Buchanan

STYLES IN THE HEREAFTER

A revival was raging in a Virginia colored church. The fruits had been considerable. One obdurate soul, however, resisted the efforts of the elder. Called to account for his reluctance, he replied:

''Yo' see how it is, Elder. I'se got a problem. I don't see how I'se gwine git mah shirt on ovah mah wings when I gits to Glory''.

''Dat ain't yo' problem'', retorted the exhorter promptly. ''Yo' problem is how is yo' gwine git yo' hat on ovah yo' horns.''—Everybody's Magazine.

LITERARY SOCIETIES

Girls' Literary Societies Debate Asheville Normal Tomorrow Evening in Chapel.

Contrary to the opinion held by many people, the girls are really capable of engaging in activities which are decidedly literary. The faculty has been so well pleased with the progress made by the co-ed literary societies this year that they have granted permission for the four societies to meet together tomorrow night. But the student will not be asked to separate, as they do on Sunday evenings. Moonshine is the order of the evening.

The young men have had many chances to appear before the student body and they are to have a whole evening for an entertainment soon, so the program for the big joint meeting is to be renderd entirely by co-ed. The best material from each society has been selected, and some visiting talent engaged. The subject to be discusssd is the Child-labor situation.

On the home floor George Belle Kuhn, Mary Huffman and Bland Morrow will defend the negative side of the proposition. Resolved that Congress should regulate the employment of all children under the age of sixteen. Katherine Franklin, Thelma Moody and Barbara Higgins will defend the affirmative side of the proposition at Asheville, North Carolina.

There is a rumor on the hill that one of the girls' societies has been able to inspire much more loyalty on the part of her brother society than the other. It is claimed that this one of the men's societies will act as a unit in an effort to comply with the request of even one person, provided that one person is a member of the sister society. The test of the truth of this rumor is to be made tomorrow night, the just how has not been stated.

Even though Asheville Normal is said to be more interested in extra-curriculum activities than Maryville, she will have a hard time convincing Maryville of the truth of the statement. Information from North Carolina indicates that the co-eds from the Normal are working much harder than the Tennessee girls and that Maryville will be wiped off the map forensically on Saturday night. However, the news has leaked out that the Normal is so afraid of Maryville that for the past few weeks the regular routine has been suspended and every student in the Normal is working day and night in an effort to have the team well enough prepared to make victory possible. Not only are the half dozen girls composing the debate team working on the debate, but the whole school—every student and faculty member at the Normal.

Because of a change in policy in regard to attendance at regular meetings, few girls are missing the society meetings on Saturday evenings but, there is little danger that the treasuries of the rspective organizations will be swells to any appreciabl extent because of absence from the big joint meeting Saturday night. Members of each society are urged to see the respective presidents before noon Saturday to receive instructions as to seating, for it won't do for a Bainonian to sit in the Theta section, or vice versa.

Athenian

There will be an Extemporaneous Program presentd at the Athenian Society on Saturday evening. The subject is ''Dames in Politics''. Each speaker will be assigned a different topic, but they will all be taken from the genral subject of Dames in Politics.

The speeches must be entirely extemporaneous and must not be longer than five minutes. The speakers will be allowed about four minutes to prepare their talks. The speeches will be judged on the systematic discourse and the prepared material.

George Crawford, Editor

PERSONALS

BALL SQUAD PLAYS FOUR TRIP GAMES

(Continued from page one)

stuff'' and in the downpour that followed, the game was called, with a 3 to 0 score.

Harvey handled himself in true big league style allowing only two connections with first base and they were far apart, while Mooney, Normalite's southpaw, allowed five. Harvey whiffed six batsmen and only gave one man a walk.

Pat Shores lived up to his reputation, by batting 1.000 percent for the game. Out of twice up, this super-first baseman, accounted for a pretty single, a circuit clont with one man on. Sneed, bright and coming catcher, also made two hits out of twice at bat.

PERSONAL GLIMPSE OF COLLEGE PROF.

Much Respected Professor Educated at Home and In Europe.

George Benjamin Hussey, Ph. D., was born in South Orange, New Jersey, in 1863.

From the very first he has shown remarkable intelligence, always standing at the head of his classes, from grade school on through American and European Universities.

After taking his A. B., M. A., and Ph.D. from Columbia University and Johns Hopkins respectively, he did post graduate work in the University of Chicago, Princeton, Bonn, Germany, and Leipsig, Germany.

In an extensive walking tour of Greece, Dr. Hussey learned much that was helpful to him in the teaching of the classics.

Since returning to America, Dr. Hussey has taught in Emoria, Kansas, in Newberry Colleg, South Carolina, in Cumberland University, Lebanon, Tennessee. He came to Maryville in 1922.

He is married, and the father of two intelligent and devoted children.

Dr. Hussey is an accomplished linguist, having a thorough knowledge of Greek and Latin, and speaking German, French, and Spanish fluently.

In spite of his sixty-one years of age, Dr. Hussey is as sound and sturdy as most men are at thirty-five. Having always been a devotee of hiking, he continues to hike several miles each week, and several times a year goes on long mountain hikes. He can outlast younger men, as boys who have hiked with him have found to their sorrow. He is practically tireless.

Maryville is fortunate indeed in having such a brilliant, sturdy, and aggressively Christian man on her faculty.

Two of Dr. Hussey's most distinguishing features are the absolute immutability of his taste in styles of neckwear, and his extreme caution, as is emphasized in the qualification of his every statemnt with ''perhaps''.

Glee Club

The long awaited and much talked of Men's Glee Club Home Concert will be presented in Voorhees Chapel Friday, May 8th at 8:00 p. m.

Since early last fall this organization of twenty singers has been hard at work bringing up to perfection a program of classic and popular numbers under the untiring zeal of the director and accompanist, Miss Zanna Staater.

To date fifty rehearsals have been held and the club in whole or in part has made fifteen appearances singing before about 5,600 people including some high school audiences.

While on the sixth annual concert tour the organization received much praise and commendation from appreciative audiences.

The program this year has a great variety of pleasing and attractive numbers. The Varsity Quartette in both its classical selections and nonsensical barnyard harmony has been received with great enthusiasm. In its second appearances while giving, ''Little Bits O' This and That'' this group of harmony makers has never failed to receive at least five encores.

The work of Messrs. Anderson and Hamilton as soloists has even exceeded their excellent performances of the past.

Mr. Gauding's work as reader of the Club for the past three years stands out as one of the most attractive special features of the program.

One of the novelty numbers as presented in a cartoonist feature by Mr. Mathews has caused much favorable comment.

In fact every number is a feature. It will be hard to pick the best from this varied and yet well balanced arrangement of ensemble, solo, and specialty selections.

This is the first time in the history of the organization that its members appear in the semi-formal evening dress. The Tuxedos have added greatly to the appearance of the Club.

Radio fans will have the opportunity of tuning in as the Club is expecting to Broadcast from Knoxville at an early date.

The final concert of the year will be given in Knoxville under the auspices of the Music Club of Knoxville High School.

It has been decided not to reserve and seats at the Home Concert, thereby doing away with the extra charge. The same general admission price of fifty cents will remain as in the past years.

"Y" TRACK MEET IS TOMORROW

VOL. X. MARYVILLE, TENNESSEE, FRI., MAY 8, 1925 NO. 28

CLASS TRACK EVENTS COME ON SATURDAY

Chattanooga Team Is Completely Overcome When Highlanders Take 89 Points

PENTATHLON NEXT WEEK

Tomorrow Afternoon The Track Year Culminates In Inter-Class Meet.

Enthusiasm is running high among the members of the various classes in the coming Y. M. C. A. track meet which will occur Saturday afternoon on Wilson Field.

Extensive plans have been made by the Athletic Committee of the 'Y' and with the exceptional interest shown in the various college meets this year the classes should be well represented by their cinder path artists.

Expert critics seem to give the lage to the Senior class because of their preponderance of stars; however, the races and events are yet to take place and accordingly the decisions. Every class, including the Preparatory School, expects to be well-represented and is living in high hopes.

Several of the individual contestants are hoping to pull some Nurmi stuff and shatter their own and previous records for the events in which they are entered.

A special gold medal is to be awarded to the high point man of the meet and medals will also be awarded for first place in each of the events.

Pentathlon on 13th

An added feature of the meet this year will be the Pentathlon which occur on Wednesday, May the 13th. For the high point man in this

(Continued on page four)

COUNTY CONTEST FOR BETTER BABIES HERE

Cooperation of All Doctors and Nurses of Blount County Secured.

The Methods Class in Home Economics is arranging a Better Babies Contest to be held May the 25th, in Thaw Hall.

The contest is under the direction of Mrs. Kathryn Romig McMurray and is going to be a big affair. The cooperation of all the doctors and nurses in Blount County, the women's clubs, and the Departments of Psychology, Mathematics and Home Economics of Maryville College is being secured.

All children under the age of four years and living in Blount County are eligible and the parents who wish to enroll their children can call the Home Economics Department over the People's Phone between 2:00 and 4:00 o'clock every afternoon, or write Mrs. McMurray care of the College.

The contest will be held between the hours of 1:00 and 5:00 p. m. May the 25th. in Thaw Hall. There will also be an educational display and the contest will close with a program at which time the medals will be awarded.

Miss Grace Taylor of Calhoun, Tennessee made an extended stay on the Hill recently as the guest of her sister Bess.

New Echo Staff

George Gillingham has been selected to serve as Business Manager of the *Highland Echo* for the next College year.

Willard Allen, the editor-elect of this paper, has been considering the matter of picking his staff for next year, and has been laying plans for his work. He will take charge of issue number thirty this year, which will be published on Friday, the 29th of May.

There will be no issue of the *Echo* next week, but the retiring staff will make its finale when it gets out the issue of May the 22nd.

POST-GRADUATE PIANO RECITAL NEXT MONDAY

Only Piano Recital This Spring —Miss Henry's Second Post-Graduate Recital.

The only musical recital of the year will take place next Monday night at eight o'clock when Miss Martha Henry performs on the piano and gives the second post-graduate recital of her career.

The quality of Miss Henry's performances in the past has been such that no person is satisfied after hearing her play once, but feels a strong desire to hear her again and again.

The faculty of the Music Department are loud in their praise of Miss Henry's work. She has studied successfully at this College for three years now, and has mastered some of the most difficult of musical compositions. Undoubtedly her recital will be of the highest standard.

One of the main numbers on the program next Monday night to be executed by the pianist is the Second Rhapsody by Litz, which is considered by the musically informed to be a piece most complicated and difficult to interpret justly.

After the close of College in June Miss Henry will go to Cincinnati with Miss Crawford and Miss Hale, where she will continue her music during the summer months.

GRADUATE TO SPEAK HERE

The Rev. Ralph W. Lloyd, of the class of '15, who is pastor of the Presbyterian Church at Murphesboro, Ill., plans to visit Maryville and speak on the disasters of the great tornado in his section of the country.

Rev. Lloyd will speak in chapel on the morning of May the 23rd.; in New Providence Church at Sabbath worship the next day; and at the College Vesper service in the evening.

ATHLETIC BOARD NOTICE

The Athletic Board of Control of the College calls a meeting of the entire student body in the chapel for next Wednesday night, immediately after supper for the purpose of electing officers for the coming year.

The regular officers of the organization, president, vice-president, secretary will elected from the student body. Representatives of the town men, college classes, and the faculty will also be brought up for action.

PLANS FOR THE 106TH ANNUAL COMMENCEMENT

Rev. Homer Mitchell, '06, Pastor of Beloit Church, Wis., To Deliver Address

LAST PREP GRADUATION

Orators For Bates Contest Already Named—Open House At Stevenson's the Second

Plans for the 106th annual College Commencement are nearing completion, programs have been made, and speakers named.

The Rev. Homer Mitchell, '06, will deliver the Commencement address in Voorhees Chapel on June the 4th. Rev. Mitchell since graduation has had an exceptional career as minister of unusually large Presbyterian churches, and he now occupies the pulpit of the Church in Beloit, Wis. His church is largely attended by students of Beloit College. His church is one of the very largest in Wisconsin.

The Bates oratorical contest will take place on the evening of May the 28th, when the following men will speak: Wick Broomall, Jr., Edward G. Cornelius. Poindexter Graybeal, Charles Johnson, Grover Cleveland Long, and John Stockton.

The 106th and last Commencement of the Preparatory Department will take place on the night of June the 1st., when Rev. E. Hubert Broyles, of Upper Darby, Pa., will deliver the address.

The College Pastor and Mrs. Stevenson have kindly invited the members of the senior class and their friends to the House-in-the-Woods on the afternoon of June the 2nd, from 3:00 to 5:00 p. m.

Seven new college debaters were initiated last Tuesday night into the mysteries of Pi Kappa Delta. The new members are: Elizabeth Keown, Estelle Woodall, Emily Minton, Rena Mae Anderson, Gordon Harold, Charles Johnson and Dexter Graybeal.

Calendar

For week ending May Fifteenth

FRIDAY, THE 8TH.

8:00 p. m.—Annual Home Concert of Glee Club. Voorhees Chapel.

SATURDAY, THE 9TH.

3:00 p. m.—Annual Inter-class Track Meet. Wilson Field.

6:45 p. m.—Literary Society Meetings.

SUNDAY, THE 10TH.

10:30 a. m.—Church

7:00 p. m.—Vesper Service by Y Associations. Voorhees Chapel.

MONDAY, THE 11TH.

8:00 p. m.—Post-graduate Recital in piano, by Martha Henry. Voorhees Chapel.

TUESDAY, THE 12TH.

3:15 p. .m—Varsity Baseball, with Tennessee. Wilson Field.

8:00 p. m.—Annual Junior-Senior Banquet. Sunshine.

WEDNESDAY, THE 13TH

6:30 p. m.—Mass Meeting Student Body for Athletic Board Election. Voorhees Chapel.

FRIDAY, THE 15TH.

3:15 p. m.—Varsity Baseball, with Lincoln Memorial. Wilson Field.

Glee Club Concert

The long-looked-for event of the Men's Glee Club will soon be over. Tonight at eight o'clock the sixth annual home concert of the Club will take place in Voorhees Chapel.

The twenty-odd some members of the Varsity singers will appear smug in their new evening suits and execute the best and closing concert of an active and sucessful season.

The program, teeming with variety and jollity, represents the labors of uncounted rehearsals and numbers of road concerts. The attractiveness of the program is witnessed by the rapidity with which tickets have been sold for the occasion.

"Y" ASSOCIATIONS TO LEAD VESPERS SERVICE

One-Act Play, "Mother's Strike" Will Be Enacted—Social in Woods For Men Tomorrow.

Vesper Service Sunday night will be conducted by the two "Y" Associations and a special Mother's Day program will be given in Voorhees Chapel at seven o'clock.

The main feature of the evening will be the presentation of the one-act play entitled, "Mother's Strike" in honor of the mothers of the nation.

Special musical numbers, both instrumental and vocal, suitable for the occasion, will be rendered by the best talent in the Associations. Readings in honor of mothers will also be delivered.

All students of the College are expected to attend this meeting because the program is dedicated to motherhood of the nation. Special invitation has been extended to all town students and to those students having "adopted" mothers, to be present accompanied by their mothers.

"Y" Social for Men

This Saturday night the "Y" association will hold a social out in the College woods for every man in the College. It will take place after society meetings, at about eight o'clock, and the place of meeting is Bartlett.

Not only is a jovial time promised for the evening, but the additional guarantee of ample refreshments clinches the argument for a good time.

SECRETARY OF STUDENT VOLUNTEER MOVEMENT VISITS THIS COLLEGE

Mr. Warner E. Lentz, traveling secretary of the Student Volunteer Movement, has been on the Hill on Wednesday and Thrusday of this week.

Besides speaking to the local Student Volunteer group, the Ministerial Association, the Y. W. and Y. M. cabinet officers, he held a number of interviews with students interested in missionary work.

Mr. Lentz's visit has helped to further the interest in missions in both Christian Associations and in the Ministerial Association.

The Student Volunteers have received valuable advice from their travelling secretary and, realizing their responsibility for an adequate representation on the Hill of missionary problems, are eager to cooperate with the Christian Associations in their work of propagating the cause of foreign missions.

VARSITY NINE ENDS PLAYING IN NEXT WEEK

Last Game Comes Next Friday On Home Field With Lincoln Memorial.

COACH INJURES KNEE

Trip Games All Seem Affected By Bad Luck Jinx—King-Maryville Here Today.

Not since the glorious season of 1922 has interest in the Maryville, Tennessee baseball game risen to such a high pitch.

The deciding game of a three game schedule will be played in Knoxville on next Tuesday.

The first game of the series was won by Maryville by the decisive score of 12 to 7. On the occasion of the return game with the University the Highlanders were defeated in a heetic affair, filled with errors on both sides.

With the experience of a full season's playing, both of these teams should display some real baseball in the final clash next week.

Each of these opponents will go into the fray with great determination to win, accordingly it will be a battle royal from first to last.

There is no doubt in the minds of the Highlanders that when the sun sets on Tuesday night, it will see the Orange and Garnet colors floating triumphantly over the Orange and White of Tennessee.

The Highlanders lost the following games on their trip: Harriman 5-4, Tennessee Polytechnic 11-10, Cumberland 6-4, and 4-0.

Harriman Game

In the opening encounter of the road trip with the Harriman nine The Highlanders held the Harri-

(Continued on page four)

CO-ED ATHLETES HOLD TENNIS TOURNAMENT

Finals To Be Played Soon—Double Match With Tennessee.

Marville's Co-ed Tennis stars are now engaged in a close and thrilling tournament, which has a two-fold purpose: it deciding the Champion of the Hill; and second, which is more important, selecting those who will compose the Maryville Co-ed Tennis Team.

A tournament has been planned, and is being played. In spite of bad weather, the games are fast approaching the final climax. The results from the preliminaries are as follows: Stonecipher from Moore,—6-4; 6-4; Collins from Sexton—6-4; 6-2; Elmore from Boyd—thru default; Anderson from Myers—6-4, 6-2; Keown from Buchanan—6-1, 6-2; Farrar from Holland—6-4, 6-0; Helen Caulton from Weeks (through default); Clark from Hagood (thru default); and Sweeton from Higgins 6-4, 6-1. So far in the second round of games Collins has won from Stonecipher 6-4, 6-3 and Sexton from Moore.

Two meets are being planned with University of Tennessee, one to be played in Maryville and one in Knoxville. It is hoped that this will start the co-eds on a road to further successes in the tennis line and that a Co-ed Tennis team will become regular sport among other sports on College Hill.

Institutions are the lengthened shadows of great men.
—Emerson

STUDENT ELECTIONS

Now is the time of year when the many and various elections of student organizations are filling responsible positions for the coming college year.

* * * * *

Always in the spring of the year at the American College the born politician is in the midst of his paradise. Elections come on one another's heels for positions of every conceivable sort. Presidents, captains, speakers, editors, and just ordinary officers clamor for good men to find themselves and get a job.

It is a good thing for a man to desire an office which he believes he can fill better than others; but it is at times objectionable that students get in voting ruts and vote for one man for too many offices.

The elections most frequently conducted are too scatter-brained, haphazard, and hasty to be conducive to the picking of the right men for right positions.

* * * * *

Most offices extant among the students and in their organizations require a particular kind of ability for their proper functioning. It is often difficult for the great body of students to see clearly who really can best fill such positions. And often no pretense is made of considering technical qualifications in popular elections.

Most naturally are many offices filled on the basis of the candidates power to command friends and to win popularity. Thus popularity and not other merits determine elections, and since this factor remains the same in all elections, a few men are elected to many positions.

More care should be taken by the ordinary student when he casts his vote for the candidates of the many positions to be filled by students chosen by their fellows.

* * * * *

Since institutions and organizations amount to little else than what their leaders make them, it is of inestimable importance that right men be chosen in the various fields to lead those fields.

More judicious consideration of individual's worth, regardless of personal prejudices and likes, should be exercised by students in their estimations of fellow students.

We heard a Maryville woman say a few days ago that marriage is a good deal like going to school—too mnay quit before they finish the course.

Visit the Store that Advertise

PETTY JEALOUSIES

There are a surprising number of petty feuds on the Hill, both between the students and teachers, especially the younger teachers, and among the students themselves.

* * * * *

Neither students nor teachers can accomplish the most for themselves or for others when hampered by prejudice and jealousy. Such attitudes narrow one's outlook on life, and blind one to much that is good and wholesome. The work of students is injured, and the good supposed to be done by the teachers so hampered is largely nullified.

The adoption of an attitude of narrowness and jealousy lessens one in the eyes of the world, and reflects upon one's character and reputation unfavorably.

* * * * *

Recently a faculty member, in discussing a man prominent in student politics, in fact an almost all-round man, was heard to say, that he wos so narrow-minded on some subjects that his ears chafed one another. The young man in question was later heard to remark about this same faculty member that "Such asininity in a faculty member is absolutely inexcusable."

Both opinions were probably justifiable in some degree. Both parties were at fault, and both are culpable. It is a sad fact that this instance is only one of many, of which it is probably typical.

* * * * *

There is no reason why persons who have supposedly reached the age of accountability, who are supposed to be at least of average intelligence. There is every reason in the world why such attitudes should be shunned, or where now present, should be rectified: ethical, social, political, economic, personal, religious.

If the ethical and personal factors are not sufficient to make one abandon this attitude of littleness and jealousy, certainly the elements of politics and expediency, to say nothing of personal decency, should demand that he be broader minded, more tolerant, and should at least show signs of being sensible.

—S. N.

PROFITABLE EMPLOYMENT

We come to college primarily to study, and so we should make the most out of our time in studying.

* * * * *

In spite of all that has been said to the contrary, the main purpose of the years spent in college is the absorption of knowledge. Many other things should be acquired at the same time, but knowledge and understanding are the principle things.

The last month of school is as important as any other, and sometimes more important.

* * * * *

There is a tendency to slow up on our study as the year draws to a close and we feel that the danger of flunking is not so great. This ought not to be, for the last of the year demands hard work as well as the first. A great deal can be learned in the last month if we will continue to work. And there is no more reason for squandering these days than any other of the year. It is just as much of a sacrifice for parents to keep their children in school this month as last. If there is any difference, this month it is harder than before, so we should accomplish even more the last few weeks.

It is the sad truth that students begin to let their work fall behind in the last days of school.

* * * * *

When spring comes on far too many students neglect their work, feeling that since the year is nearly over they can afford to take things a little easier. They feel that what they have already done will be sufficient to carry them on to the end of the year.

Of course, such things should not be. Every minute of our time here, up to the last day should be profitably employed.

—J. S.

HIGHLAND FLINGS

——MC——

One more issue for our Echo staff—and then we get our FLING.

——MC——

Next Sunday is Mother's day—doubtless Ruth Reagan will date with Shory, Pat Farrar with Rogers, and Dot Winters with John Brown.

——MC——

Junior-Senior Banquet

We don't know yet if they are going to Sunshine, but we do know that they are going to Moonshine.

——MC——

Better Babies Contest next week. Aw, let's wait until next year's Freshman class enters College.

——MC——

Meow!

Pinky: If you were me would you accept Bob?

Jinks: If I were you I would accept anybody.

——MC——

Reporter: What shall I say about the two blonds who made such a fuss at the game?

Editor: Why just say that the bleachers went wild.—McGill Daily.

——MC——

Invitation

Monday afternoon the Echo staff room on the third floor of Anderson Hall will be thrown open to the public. Complaints of all subscribers will be listened to with courtesy, apologies will be distributed for any or all articles and editorials printed or not printed throughout the year. Articles of whatever description will be accepted for publication, and especialy care will be taken to print all pictures presented by their owners, in the next issue. Papers received on exchange will be on the table for perusing, or swiping, at the option of the visitors. Typewriters with new ribbons will be available for anyone's use. Any jokes, however obscene or unseen, will be taken down by reporters for publication in the near future. Lucid talks will be given by competent staff members on the intracies of journalism and paper editing. Personal, radical, editorial opinions will be officially handed down to any interrogator upon any subject from faculty supervision to sex relations. Inside dope on Saturday's track meet will be given out. Refreshments will be served from one to four-thirty o'clock.—Editor.

——MC——

We are looking for dates with the brown sugar type—sweet, and unrefined, you know.

——MC——

20 Tux suits bought by the Club this year, and 22 members; oh my!

——MC——

Tonight: full moon—Glee Club concert. What is that superstitution about canines howling in the light of the full moon?

——MC——

Tragic

Son: Did you hear the stepladder fall, ma?

Ma: Yes, I hope Pa did not fall.

Son: He ain't yet, he's still hanging on the picture molding.

——MC——

Fine day for the race tomorrow; the human race, that is.

——MC——

Bobby: How are you today, Ruth?
Miss Reagan: Oh, I'm swell.

——MC——

We got a good one on Paul and Tex, but since we pulled one on them last week, we will let it go.

——MC——

Last Line

It's full moon tonight, too.

——MC——

With increased cost of baggy-legged pants and the big consumption of cigarettes a college education is getting more expensive every day.

TYPICAL OUTLINE FOR ENGLISH LITERATURE

Echo Resumes Publication of Aids For Students of English Classes.

The following typical outline for English literature may be used in writing a biographical, character, or literary sketch of any of the important English writers.

Cross out the unnecessary words in each parenthesis. In this way one may get a story that will fit any writer.

——was born of (poor but honest, noble but impoverished) parents in (a quaint English village of —shire,—in London). His father (died at an early age, leaving his responsible for earning a living,—gave him a classical education.) At an early age he (ran away to London without a penny—was sent to Christ Hospital by a wealthy patron). He (showed marked precocity in his school work—was accounted a dullard by his masters). While still very young he composed poems and essays on serious subjects. He was (a leader among the students—shunned by his companions because of his poverty).

When he was fifteen years old he was sent to (Oxford-Cambridge). While here he published his first important work——.

He married a beautiful girl without family, but this marriage proved to be unhappy. ——children were born to this union. Tiring of his unsympathetic wife, he went to (Genoa-Switzerland) taking with him the woman whom he had long loved. It is while he was under her spell that he produced his most lasting works.

Returning to England, he was greeted by enthusiastic crowds, and acclaimed the nation's greatest (poet—prose writer).

He was appointed to high office, but was later dismissed for (bribery—corruption—misuse of funds). He lost his fortune, died in poverty and disgrace in a miserable attic in ——lane in London.

As to his work, much of it is fairly good, some of it is excellent, but a great deal of it is (merely mediocre—poor—coarse). His fame rests chiefly upon his———.

He attempted (poetry, drama, fiction essays,) but was at his best in ———.

He showed a keen knowledge of human nature and a deep appreciation of the beauties of nature. His characters are real and living, warm and pulsing with life. He had deep insight to the motives that underly men's actions.

In his own field he towers above all imitators as an oak above scrubby maples, as an Agamemnon above the Acheans. None have ever been able to equal or excel him in his field, though many have done better in (poetry—drama—fiction—essays).

WATERMELON

A watermelon fresh from the vine is a most delicious morsel. The eating of one gives a sense of satisfying refreshment. As we bury our faces into the heart of it, our faces become bathed with its waters. How sweet it is! and how cool. We wallow in it with great gusto unmindful of propriety. The pits stick to our faces, and the precious water trickles off our chins but we eat our fill. Did anything so tickle the palate as this. Our stomachs become most uncomfortably full but what matters, we have eaten watermelon.

ANNOUNCING

The return of the old orignal Highland Melody Makers Saturday afternoon. We've got those satisfying thirst chasers and delicious fountain delecacies appease all taste.

THEME PRODUCTS OF FRESHMAN CLASSROOM

THE RAIN BARREL

Five-year-old Helen was plainly out of sorts. Nothing seemed to please her, though her mother had almost exhausted all her resources to get her wilful young daughter into a good humor. Then the postman came.

''I have a surprise for you'', Helen's mother remarked cheerfully, looking up from her letter.

''Do'n' want a s'prise,'' Helen sulked.

''But this is a nice one—a very nice one indeed. It's about Auntie''.

At this Helen showed a little reluctant interest, for her love for Auntie exceeded even her temper. ''What it's about Auntie?'' she finally questioned.

''She's going to be married in June''.

Hereupon, withuot any warning whatsoever, Helen gave vent to a penetrating howl. ''Do'n' want Auntie married'', she wailed.

''But, dear'', her mother went on patiently, ''she wants you to be in the wedding.''

That was different. In spite of herself, Helen showed a rather keen interest. ''Oh goody! Who's goin' with us? Can I go tell Bobby goodby? Are we goin' right now? Will I wear—''

''Wait, Helen'', her mother interrupted firmly, ''you won't leave for at least the next ten minutes. Now keep still until mother has finished.''

''But, Mover, what am I goin' to do?''

''You are to be the ring-bearer''.

''The *what?*'' Helen fairly gasped.

''The ring-beaer'', her mother repeated.

''What's 'at for?'' she demanded.

''To carry the ring''.

''At a weddin'?''

''Why certainly''.

''Well!'' And with that Helen returned to her seat in the corner of the yard, where she could revel in the gloom of her morbid thoughts. She seemed to have lost all interest in the wedding as suddenly as she had taken it.

Helen's mother forgot all about the incident until that night. They were seated before the open fire in the library, Helen curled up in her daddy's lap. She suddenly broke the silence with, ''Daddy, did you ever see a weddin'?''

''Yes, one or two'', he laughed with a significant look in the direction of his wife.

''Did you ever be in one?''

''One'', he answered with mock solemnity. 'That was enough for me. But what made you ask daddy that, Baby Girl?''

''Well, Muver said 'at Auntie is going to get married and her wants me to be in the weddin'.''

''Sure thing'', daddy agreed, 'but what's that got to do with me?''

''Daddy, what do they do with a rain barrel in a weddin? I just wanted to know, 'cause Muver said 'at's what I'm goin' to be. And I don't know how ever at all I'm goin' to carry the rain! Do you, Daddy?''. —Lillian Robison.

SEWING CLASS TRIP TO ELKMONT

On last Monday morning Miss Hansen, Miss Darby, ''Daddy'' Knapp, and about twenty-five girls defied the weather and met at the Southern Station with faces set toward Elkmont. If passersby had been very observant they might have seen several baskets and interesting-looking boxes being placed on the train. No, not on the day car, but on Sh-h-h-h! a private car! What airs the girls did put on! Martha Anderson was heard to remark that she would like to go to Texas in a car like that, and everybody agreed that a honeymoon on a private car *would* be quite the cat's meouw.

The party returned to Maryville late in the afternoon, and the girls are still singing the praises of Miss Hansen as a hostess, and Miss Darby and ''Daddy'' Knapp as chaperones.

ROLLED STOCKINGS

We got out of the machine and started through the main business street of town to do some last minute Easter shopping.

''I have my stockings rolled and one of them feels kinda loose. If it coms down you'll have to turn around and run,'' I warned Roy and Bill.

''Is that so?'' both grinned.

Lib and her fiance were walking back of us. About three and a half squares farther on, Lib exclaimed, ''Your stocking's down!''

''Oh mf! What'll I do?''

''Step up to the building and twist it up'', suggested Lib.

''Well, stand around me'', I commanded.

''My wide trousers will hide you'', Bill offered.

''The men in front of this hotel sure are having a fine time out of this'', Lib told me.

''Well—I guess they are; they ought to be.''

''Have you got it fixed?'' asked Lib, and then we started on our way.

''Of all places for such a thing to happen, in front of the Seelbach''.

''Don't worry, you don't know any of those fellows'', Bill consoled.

''No, that's nothing. I was dancing with a girl one night and that happened'', Roy told us.

''Humph! Mine come down all the time, but you can't see them'', Bill added triumphantly.

—*Elva M. Raebuck*

''Tommy, your arithmetic paper is very poor. I shall have to write to your father.''

''Give him fits, teacher. He did that paper''.

PALACE

Monday, May 11
THE AGE INNOCENCE with Beverly Bayne and Elliott Dexter. Also comedy 'Tons of Trouble' and International News.

Tuesday
THE GOOSE HANGS HIGH with an all-star cast. Also comedy 'Corn Fed'.

Wednesday
Elaine Hammerstein in DRUMS OF JEOPARDY. Also comedy 'Head Over Heels' and International News.

Thursday and Friday
THE DRESSMAKER FROM PARIS with Leatrice Joy, Ernest Torrence and Mildred Harris. Also Comedy 'Pigskin'.

Saturday
Zane Grey's THE CODE OF THE WEST, all star cast. Also 'Ghost City'.

FIRST ATTITUDE

''What do you think your boy is going to be when he grows up?''

''Well, he has the making of a poet—he's always complaining that he's hungry.''

MUSICAL COMEDY

She: Are they putting that poor man out for laughing?

He: No. The manager has sent for him to find out what he was laughing at.

He: Cats must live awful dumb lives; just eat and sleep.

She: Yes, but they do enjoy petting.

LITERARY SOCIETIES

Bainonian

After two weeks' interruption, Bainonian Society will meet this Saturday for an entirely musical program. This promises to be excellent, for there are many talented Bainonians from which to draw.

The program will include piano selections from Martha Anderson, Rhea Clark, Alice Stinecipher, a violin duet by America Moore and Helena Farrar, and vocal solos by Eleanor Franklin and Agnes Houghton.

The assistance of the Music Department has been secured for this program, and therefore it will be well worth while for those members of Bainonian who attend the Saturday night meeting.

Bainonian Editor

Alpha Sigma

All members of the Alpha Sigma Literary Society will be interested to know that the program for Saturday night will be given by the Seniors.

When the roll is scanned and such names as Kinsler, McMurray, Thrower, Musick, McTeer, Broomall, Templin, Purdy, Griffith, Schmidt, and Harry Gauding are seen with many other brilliant stars such a cast as this needs no further introduction.

Let all Alpha Sigs honor the Seniors by being present to witness them in their last performances in Alpha Sigma Hall.

The following tentative program has been drawn up by the program secretary and suggests the type of program planned for the whole meeting.

The Seniors Twenty Years from Now, a talk by Broomall
A Reading, by Gauding
What Is Is to Edit The Highland Echo, a talk by Kinsler
High Spots in Maryville History, a sketch by McTeer
Four Years of Track at Maryville, a talk by Templin

Messrs. Griffiths, Thrower and McMurray are also slated to appear before the audience during the course of the evening.

Warner Grey, Editor

Athenian

Judge Joe Gamble will call his Athenian court to order Saturday evening at 6:30 o'clock. Mr. Cornelius, the plaintiff, is charged with disturbing public peace in Maryville College by

1. Instigating factionalism by introducing an honor system.

2. Seeking self-power by championing said system.

Cornelius has employed Lawyer Thomson to clear him of these charges. Sheriff Grunder was told by Cornelius that a surprise will be in store for the state when the case is called. The state will be represented by Attorney General Graybeal.

The order of the trial will be as follows:

1. Call court to order; 2. Select jury; 3. Swear in jury and witnesses; 4. Present case; 5. Introduction of state witnesses; 6. Introduction of defense witness and plaintiff; 7. State opens case; 8. Defense presents case; 9. Defense rebuttal; 10. State close case; 11. Judge Gamble charges jury; 12. Jury gives verdict; 13. Judge gives sentence (if one is necessary).

The program will be of educational value and humor that will be hard to find elsewhere.

George Crawford, Editor

THEN IT'S NEWS

Ambition: "I'd like to do something big and worthwhile. Something that would get my name in all the newspapers, etc., etc.—".

Experience: "Boy— quickest way to the front page of Ye Modern Newspaper today—is through the windshield."

We've found that it isn't what a woman knows that worries her as much as it is what she would like to know.

ABOUT THE HILL

——MC——

VARSITY NINE ENDS PLAYING IN NEXT WEEK

(Continued from page one)

Maryville was defeated by a score of 5 to 4.

manites scoreless until the ninth inning, having already piled up a four run lead. Harvey was pitching great ball up to the ninth when he ballooned and Stone was sent in to relieve him with three on bases and the score 4 to 1. "Shortie" Sneed well-known former Maryville star, came to bat and was the deciding factor in forcing in the run which gave the game to Harriman 5 to 4.

Captain McCall, McMurray and Stone did the hitting for Maryville with a total of five hits.

Box Score:

Maryville	ab	r	h	po	a	e
Shanks, 2b	3	1	0	4	2	0
Shores, 1b.	3	1	0	12	1	0
McMurray, 3b.	3	0	2	0	2	1
Stone, cf. p.	3	2	1	1	0	0
McCall, s. s.	4	0	2	1	2	1
Cartwright, r. f.	2	0	0	1	0	0
Wilson, l. f.	3	0	0	0	0	0
Sneed, c.	4	0	0	8	1	0
Harvey, p.	2	0	0	0	1	0
Mischlich, c.f.	0	0	0	0	0	0
Total	27	4	5	27	9	2

Score by Innings:

	1	2	3	4	5	6	7	8	9	T
Maryville	2	0	0	0	2	0	0	0	0	4
Harriman	0	0	0	0	0	0	0	0	5	5

Summary—Two base hits: Stone and Sneed (Shortie); Double Play, Sanders, G. Sneed, Morris; Passed ball: Shiflett; Hit by Pitcher: Shores; Walked by Robinson, 8; by Harvey 4; Struck out by Robinson 9, Harvey 9.

MISS E. B. FRENCH SPEAKS TO STUDENT VOLUNTEERS

Last Wednesday evening a very interesting sketch of missionary work among the Chinese was presented to the local Student Volunteer group by Miss E. B. French of Hangchow, Chekiang, China.

Miss French, whose Chinese name is Foh-Kunyang or Miss Happiness, went to China for the first time in 1888 and has since then been connected with the mission work in Hangchow.

In her talk two of her stories were particularly impressive. In one she told of a Chinese woman who for the first time heard the story of Jesus. This woman wanted to know why the white people did not come sooner with the message of salvation and told the missionaries that they should put up big signs so that everybody could read about Christ.

In another story Miss French told of a faithful Chinese woman who was dying. She asked for all her friends and missionaries, and on her deathbed urged them on to more concentrated efforts to save the hundreds of thousands of Chinese who are as yet ignorant of a loving God who gave his Son for the world.

Miss French's talk was a challenge to all the students present, and she urged them to ask Jesus for advice in the choice of their lifework. The missionary has no material reward but there is no greater reward than to see the face of a pagan woman or man change from an expressionless face to a face radiant with heavenly joy.

CLOSE-UP STUDY OF COACH LESTER BOND

Diminutive Professor Prominent As Athletic Director of Maryville College.

Lester Everett "P-nut" Bond, M. A., was born in Portland, Maine, in 1892. He attended the public schools of Portland, the Portland High School, and Yarmouth Academy.

In 1911 he entered Maryville. While still a student he inaugurated the students. He played pated in by has placed policy that an athletic Maryville well in the fore among southern colleges. When Prof. Bond came to Maryville, football was the only branch of sport partici-

end on the football team, and acted as assistant coach. He coached the first boy's basketball team, playing guard at the same time. The first track team, the dream of several years, first became a reality under the tutelage of this small Down-Easter.

Starting in when Maryville was relatively unrecognized— when, indeed, there was very little participation in intercollegiate athletics, except football and baseball, Coach Bond has built up a reputation for his Alma Mater, by his faithful and efficient coaching of athletic teams. Maryville's present standing in baseball, basketball, and track, are largely due to the initiative and efforts of Coach Bond in organizing these sports.

Upon his graduation, Prof. Bond entered Y. M. C. A. work, in which he remained until the United States entered the war, when he enlisted. From 1919 to 1921 he attended the University of North Carolina, and coached freshman athletics while there.

The year 1921-22 he spent teaching at Maryville Polytechnic School. In the fall of 1922 he returned to Maryville College as Assistant Director of Athletics, Coach of Girls' Basketball, and Associate Professor of Biology.

Prof. Bond holds diplomas in physical education from the School of Physical Education, Battle Creek, Michigan, and from the Y. M. C. A. School for Physical Directors, Silver Bay, N. Y. He is well qualified to manage athletics and physical training in Maryville.

His education has not, however, been, limited to any one field. Since graduating from Maryville, he has attended the University of North Carolina, Columbia University, Johns Hopkins University, Woods Hole School of Biology, and the University of Tennessee, where he took the degree of Master of Arts.

One of the finest feathers in Bond's cap is his building up of Maryville Track within the last few years. From a scraggly, unimportant branch of minor sports this institution has been built up until now Varsity track takes a prominent place in the Highlanders' intercollegiate athletics, and the team now stands out as a wonderful development over the squad of a few years ago. And Prof. Bond has been the coach.

A year or two ago, when Mrs. Bond had her hair bobbed, Prof. Bond, in bitter retaliation, let a mustache grow, the rudiments of which are still visible on his upper lip, although Mrs. Bond, in desperation, has allowed her locks to grow out. Otherwise, he would be almost handsome.

A CYNIC SPEAKS

Griggins: Poor ol' Bill. He's got weak eyes.

Truthful Tom: Well, what can you expect? They are located in a weak place.

CLASS TRACK EVENTS COME ON SATURDAY

(Continued from page one)

special gold medal. The events which event there will also be awarded a make up the Pentathlon will be hundred yard dash, half mile, high jump, low hurdles and shot putt. Scoring will be cared for in the following manner:

Points will be arranged in each event so that no matter how poor a man is in each event he will receive a certain number of points. Accordingly, the man who totals the greatest number of points for the five events will be the winner of the gold medal.

Chattanooga Meet

Maryville's track artists swamped the University of Chattanooga in the dual track meet on Saturday, May the 2nd, score 89 to 28.

It was doubtful for a while whether or not the weather would be favorable but by afternoon the sun was shining bright and warmly from a clear sky and it proved to be an almost ideal day for the meet.

Chattanooga, old time rivals of Maryville on the gridiron, came to the meet with high hopes, but were forced to return to their "dynamo of Dixie" with the meager 28 points against Maryville's 89.

Because of lack of entrants on the part of Chattanooga, no thirds were counted, and there was no relay event.

Maryville was determined to take their last meet of the season and every man exerted himself to the utmost.

Edsall is getting to be a real hurdle jumper, probably getting his form from the jack-rabbits of Arkansas. He took second in the low and first in the high hurdles.

In the mile run the contestants kept together throughout the race. King, Maryville's distance track man, sprinted in on the straight away for a spectacular finish in a pretty race for the time of 4 minutes and 46 seconds. Running his second beautiful race of the day, "Jimmie" lead the field. Chattanooga trailed until near the tape, then came up and rushed the finish.

Brock showed great form in hurling the discus and set a new high mark of 112.7 feet at the College.

Thomson, after jumping the gun on the start of the quarter, was put back a yard. In spite of this he forged ahead and came in for a strong finish.

As the shadows began to lengthen before the setting sun all interest centered on the last event of the day, the high jump. With various "oh's" and "ah's" rising from the spectators, the contestants cleared the bar at various heights. Chattanooga was eliminated at 5 feet 3 inches and the jumping settled into a duel between McDonald and Patterson, each clearing the stick at 5:4, 5:5 and 5:6 after three unsuccessful trails each, the tie was fixed at 5:5 1-2, thus closing the Maryville track season.

Summary of Events and Places

100 Yard Dash—1st. Kinsler (M); 2nd. King, (C); Time 10 4-5.

High Hurdles—1st. Edsall (M); 2nd. Lorenz (M); Time 16 4-5.

Shot Putt—1st. Thrower (M); 2nd. Lorenz (M); Distance 40 ft. 1 in.

Mile Run—1st. King (M); 2nd. Shrader (C); Time 4:46.

Quarter—1st. Thomson (M); 2nd. Morgan (M); Time 53.

Two Mile—1st. Slemons (M); 2nd. Templin (M); Time 10:56 2-5.

Low Hurdles—1st. Kinsler (M); 2nd. Edsall (M); Time 27 3-5.

Pole Vault—Tied for first, L. E. and D. L. Milling. Height 9 feet, 10 inches.

Javelin—1st. Hane (C); 2nd. Wallace (C); Distance 146.5 feet.

220 Yard Dash—1st. King (C); 2nd. Wyatt (C); Time 23 1-2.

Half Mile—1st. King (M); 2nd. Shrader (C); Time 2 min. 11 sec.

Broad Jump—1st. Bishop (M); 2nd. Wyatt (C); Distance 20 feet, 9 inches.

Discus—1st. Brock (M); 2nd. Thrower. Distance 112.7 feet.

High Jump—Tie for first, Patterson and McDonald. Height 5 feet, 5 1-2 inches.

GIRLS' DEBATE

The girls' literary societies broke even with Asheville Normal in a dual debate last Saturday night, winning at Asheville and losing here.

The question was, Resolved, That the states should confer upon Congress the power to limit and regulate the labor of children under 16 years of age. The team debating the negative was composed of Mary Huffman, Bland Morrow and George Belle Kuhn. The affirmative team at Asheville was made up of Katherine Franklin, Barbara Higgins, and Thelma Moody.

This is the first serious effort the girls' literary societies have made in recent years to encourage interest in debate, and the result has been very satisfactory.

The debate here was close and interest in the discussion was kept continuall at a high point. It has begun an institution that seems to be well worth continuing.

CLOSING EXPRESSION RECITAL IS SUCCESS

Largest Class To Graduate In History of Department—Includes Two Men.

The closing graduate recital in Expression took place last Monday night in Voorhees Chapel, when Miss George Belle Kuhn, Hunter Robinette and Miss Kathryn Franklin each read one-act plays as their graduating performance.

Miss George Belle Kuhn read the one-act play, ''Happiness''. Her stage appearance and her performance of this difficult piece were highly gratifying to her many friends present.

Hunter Robinette, the second man to graduate in the Department, in all the gusto of his full voice, earned hearty rounds of applause before and after delineating the characters in the play, ''The Valiant''.

Miss Kathryn Franklin incarnated the typical American girl of 1925 when she interpreted the modern play entitled, ''Rosalind''. In a brief time Miss Franklin carried her audience across the Atlantic to a little house near Monte Carlo, where the scene of romance between a young lover and a middle-aged actress occurred.

This, the last, Expression recital of 1925 closes perhaps the best and most satifactory year in the history of the College.

Examination Schedule

Wednesday, May 27: f Courses 8:30 a. m.; F Courses and Biology 14 (all divisons) 1:10 p.m.
Thursday, May 28: e Courses, 8:30 a. m.; E Courses, 1:10 p.m.
Friday, May 29: d Courses, 8:30 a. m.; D Courses, 1:10 p. m.
Saturday, May 30: c Courses, 8:30 a. m.; C Courses and Math. 7x, 1:10 p. m.
Monday, June 1: g Courses, (i.e. Home Economics 22; 8 a. m.
Tuesday, June 2: b Courses, 8:30 a. m.; B Courses, 1:10 p. m.
Wednesday, June 3: a Courses, 8:30 a. m.; A Courses and Spanish 10x, 1:10 p. m.

All examinations are to be taken with the division in which the student is regularly enrolled. No examinations are to be given in advance of the official schedule time.

CHANGES IN FACULTY TO INCLUDE SENIORS

Important Changes in The Personal of Faculty—E. R. Hunter To Return

The graduating class of '25 boasts so many capable members that it has been called upon to contribute some individuals to the teaching force of the College.

Albert ''Hiro'' Griffitts four-year chemistry letter man will return to continue his support of this department. He will assist in laboratory work and in Freshman courses.

Wilson McTeer has been assigned the task of teaching in the Psychology and Education Department, where he will handle some of the Sophomore and Junior classes.

Robert Thrower, erstwhile king of the gridiron, will continue athletic pursuits and return next fall to be assistant Coach, and assistant Instructor in the Spanish Department.

Prof. L. E. Bond who is still climbing the road of education plans to go to the University of California where he will work for his Doctor's Degree in Biology.

Prof. E. R. Hunter who has spent this year working for his Doctor's Degree in English at Chicago University, will return next fall to Maryville to head the English Department.

Prof. George Howell, after two years of graduate work at Vanderbilt, will return to the Highlands to become Head of the Chemistry Department.

MARYVILLE TAKES SECOND PLACE IN STATE CONTEST

Cornelius Delivers Oration on "Challenge of Leadership"

Taking second place in oratory Edward G. Cornelius represented Maryville in the annual state oratorical contest held at Knoxville on the 14th of May.

''The Challenge of Leadership'' was the subject of Cornelius' oration. He received from the judges' decision one first place, one second, and one fifth. Herbert Nace, representing Vanderbilt took first place, speaking on ''Murderers of Men''.

This is the third year Maryville has entered this contest along with the Universities of Tennessee, Vanderbilt, Cumberland, Chattanooga, and Sewanee. Maryville took second place in the contest last year when it was held in the local chapel.

MARYVILLE TO GRADUATE HER LARGEST CLASS

81 Members of The Class of '25 Will Graduate June 4th.

FOUR MAGNA CUM LAUDES

Total of 13 Honor Students—Best Record of The College.

The largest senior class in the history of the College with the best list of honor students will be graduated on the morning of June the 4th, when 81 members of the class receive diplomas for the Bachelor of Arts degree.

Fifty-one women and thirty men, representing eighteen states of the Union, compose the class of '25. Sixty-five members of the class took their entire college course at Maryville. But one-half of the class have their homes in Tennessee.

Honor Students

The following seniors receive the distinction of Magna Cum Laude: (in order of rank) John Stockton, Francis Kinsler, Mary Elizabeth Torrey, Virginia Stone Clark.

The following seniors receive the distinction of Cum Laude: (in order of rank) Dorothy Brownell Winters, Robert Alexander Broady, Mabel Ruth Higginbotham, Elizabeth Wynn Montgomery, Emily Josephine Neal, Mary Lily Sossomon, Wilson McTeer, Mary Kathleen Bailey, and Ethel Sharp.

Expression and Art Grads

Seven of this year's graduates have also become graduates in the Department of Expression; they are: Virginia Stone Clark, Harry Hendricks Gauding, Georga Belle Kuhn, Hunter Allen Boyd Robinette, Alice Irene Robison, Sara Vantrease Sheffield, Mary Douglas Whittle. Catherine Perle Lambertson graduates both in Expression and Art.

Emma Dyer Blair and Garnet Rosamond Leader graduate in Art.

Garnet Leader, the youngest member of the class, is nineteen years of age, and has secured her college course in six semesters regular course and two summer sessions.

Calendar

SATURDAY, THE 23RD.
8:10 a. m.—Ralph W. Lloyd speaks at chapel.
4:00 p. m.—Swimming Meet. College Pool.

SUNDAY, THE 24TH
10:30 a. m.—Ralph W. Lloyd speaks at New Providence Church.
7:00 p. m.—Ralph W. Lloyd conducts Vesper Service

THURSDAY, THE 28TH
8:10 a. m.—Seniors conduct chapel.
8:00 p. m.—Bates Prize Oratorical Contest. Voorhees Chapel

FRIDAY, THE 29TH.
8:00 p. m.—Graduation Exercises of Expression Department. Voorhes Chapel.

SATURDAY, THE 30TH.
8:10 a. m.—Distribution of Prizes and Awards of Letters and Medals. Voorhees Chapel.
3:00 p. m.—Annual Exhibit of the Art Department. Anderson Hall.
8:00 p. m.—Graduation Exercises of Music Department.

New Echo Staff

After mature reflection the Editor-elect of this publication, Willard Stone Allen, has selected his staff of workers to serve in the labors of the *Highland Echo.*

The following individuals have been named for the various editorial positions:

Assistant Editor, Robert Carr; Associate Editors, Julian Johnson, Kathryn Franklin, and Robert Bishop.

Special reporters will serve as follows: Otto Paulsell, sport writer; Charles Johnson, religious reporter; Eleanor Franklin, music editor; Catherine Rule, Co-ed editor; and Jackson Wheatley, general reporter.

The first product of this staff will appear as the thirtieth edition of the year 1925 of the *Highland Echo,* on Friday the 29th of May.

LAST SENIOR CLASS FOR PREP TO BE GRADUATED

106th Annual Preparatory Commencement Will Take Place Night of June The First.

On June the First thirty-seven graduates of the Prep Department receive their diplomas. This marks the end of the Preparatory School of Maryville College, and inaugurates the era in which Maryville will be devoted entirely to collegiate work. The class orators for the Prep Commencement are Miss Helen Gleason, who has made the highest academic record in the class; and Raymond Gamble, who has the highest record among the boys.

The members of this last class are: Fannie Mae Adcock, Helen Myrtle Anderson, Miles O'Conner Banks, Elizabeth Pearl Bowman, Cecil Rose Brooks, John Lawrence Brown, Nellie Margaret Caldwell, Frances McRae Campbell, Grace Holton Caulton, Edith Catherine Chilton, Ellen Cox, William Mitchell Crawford, Thomas Olin Daffron, Rena Lee Dennison, Luke Foster, Ruth Edna Frezzell, Anna Ruth Frow, Dorothy Grace Gamble, Marion Raymond Gamble, Annie Ruth Gammill, Helen Bernice Gleason, Mabel Haws, Mary Mae Hazen, Evelyn Howard, Eva Carolyn Hughes, Glenn Latane Jenkins, Eva Wilhelmina McConnell, Pauline Beatrice Raulston, John Cox Sharp, Inez Evans Sherrill, Grace Smith, Margaret Frances Smith, James Carl Speck, Anna Lee Trundle, Robert Wagers, Eleanor Virginia Ward.

ATHLETIC BOARD HOLDS ITS ANNUAL ELECTION

Lewis Veech Is Elected To Be President.

At the annual election of officers by the student body to the Athletic Board of Control held Wednesday night a week ago the following officers were elected: Lewis Veech, president; Robert Shores, vice-president; John Crawford, secretary; and Fred L. Proffitt, treasurer.

Representatives of the classes were chosen as follows: Martha Anderson, and Grace Kessinger, of the girls; Roy Cortner, and Joe C. Gamble, of the boys.

Dr. J. H. McMurray and Robert Thrower were named as faculty representatives; and Dr. G. W. Burchfield, and David Proffitt, as representatives of the town interests.

SWIMMING MEET THIS SATURDAY IN COLLEGE POOL

Free Style Dash Contest And Fancy Diving Events Supported.

FOUR CLASSES COMPETE

Annual 100 Yard Relay Between College Classes To Feature Day.

The annual gala event of water sports for college men will take place in the Bartlett Swimming pool in the form of an inter-class meet next Saturday afternoon at 4:00 p. m.

The meet will include all the events of the official swimming meet, and the program is somewhat as follows:

25 yard dash (length of pool) free style
Distance plunge.
25 yard swim, breast stroke
100 yard distance swim (four lengths of th pool; free style.

Fancy diving contest; including three required dives, straight, back, and jack-knife dives; also three optional performances by each competitor.

The feature of the day will be the classic 100 yard relay between the four college classes. The following line-ups will probably do this event:

Seniors: McMurray, Schmidt, Post and Kinsler.

Juniors: Cragan, Edsall, Vanderslice and Shores.

Sophomores: Sneed, Lorenz, Paulsell and Johnson

Freshmen: Gaines, Cude, Milling, and Buchanan.

The officials of the day are: Referee, Coach Lester Bond; Clerk of Course, L. E. Milling; Judges of Finish, Cornelius, Lippard and Reed; Judges of Fancy Diving, Coaches, Bond and Honaker; and Announcer, James Brown.

SENIOR CLASS PLAY TO BE "MILLSTONES"

Scene Is Laid In England,—Time in Three Generations. Three Acts.

The crowning event of the dramatic season, is coming. On Tuesday night, June 2, the senior class will present a three-act play entitled, ''Milestones'' by Arnold Bennett and Edward Knoblock. This play will be decidedly the best in every respect that has been offered to Maryville audiences this year.

The scene of ''Milestones'' is laid in England. This play is neither a comedy nor a satire. It is a true portrayal of the struggle of youth in every generation against the bonds of prejudice and narrow-mindedness of old age. The play presents in rapid survey the conquering ideals of the last half century which have resulted in tearing down many false standards.

The scene of the first act which presents the first milestone, is laid in the yar 1860. Likewise the second and third milestones are presented in the second and third acts, and characterize the year 1885, and the present day.

Miss Kathleen Hughes, ex-'26, is now on the campus staying with some of her former classmates.

THE HIGHLAND ECHO

Issued Weekly by the students of Maryville College.

Subscription - - $1.25 per annum

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879.

Achievements are the high tides of a man's life.

IN THE YELLOW LEAF

While the natural year is at the Spring and stirring with the newness of life, the college year is in the yellow leaf and while it draws to a close memories of the past are uppermost.

* * * * *

In the last fleeting days before Commencement the campus becomes softened with the haze of retrospect thrown over all the happenings of the year by the college student. It is a time of reckoning, the achievements of individuals are measured, the annual runs pictures of activities and records of attainments, athletic seasons are reviewed and stars lauded, scholastic honors are dealt out, until the word "honors" becomes a by-word on every tongue. The man who has plunged into politics, activities, and athletics gets all the credit and stands in the lime light of publicity.

Campus life is extremely artificial, an unwarranted importance is attached to the small achievements of college activities, and the results are sometimes adverse to the forming of real manhood.

* * * * *

In contrast to the drab monotony of ordinary life, the college offers a thousand avenues to fame and the desire to cover himself with glory often leads a student to an untoward philosophy of living. He wants to break records, fill offices and get honors at any cost. There are men who deliberately seek popularity and follow politics for what will come to themselves for it.

While giving credit where credit is due, and honoring the man who has done things, it must be remembered that the activities of college are only sport, a means to an end, simply side-shows in the education of the individual.

More recognition should be given to the man who has quietly played his part well but unobtrusively, and who has been more interested in living than in making or breaking records.

* * * * *

In the last days of school, in the yellow leaf of the college year there comes, in the moment of calm retrospect, the question of what parts of college life have been, in the last analysis, of the most worth. Has the grind for knowledge been worth the cost, has the scramble for honors been justified, has college revealed a better way of living?

Above and beyond the spectacular in college life the greatest honor belongs to the man who thinks the most, lives the best, and acts the noblest. The greatest credit is due that man who has become the most nearly perfect christian gentleman.

HIGHLAND FLINGS

—MC—

Look before you peep.

—MC—

It's not the heat, it's the humidity.

—MC—

Judging from how it sounds, Commencement will start something.

—MC—

Don't swallow your Wriggley's; it will gum up the works.

—MC—

Date early for the senior play, it will be a milestone in your life.

—MC—

Edsall took the high hurdles, and Kinsler won the slow hurdles.

—MC—

The Bates Prize of forty dollars is pretty good bait.

—MC—

Pool will be open to all comers Saturday night—how convenient.

—MC—

For some of the seniors taking the sheepskin will be like stealing sheep.

—MC—

"Smatter with the Students" seems to be simply a smattering of learning.

—MC—

Charles Roy says he would like to give his girl a Black name before he leaves.

—MC—

Thirteen seniors have been called *honor* students; and the other sixty-eight?

—MC—

It might be well to make it optional for some to choose between sheepskins and pigskins.

—MC—

Brown won 18 points in track meet after eating a plate of short cake—suppose it had been long!

—MC—

Stockton has over 420 quality credits; well, if it isn't most intelligent, guess we will have to call it most unintelligible.

—MC—

Honor students in senior class are divided into three groups: the Magna Cum Laudes; the Cum Laudes; and those who are coming back to teach next year.

—MC—

Considering the number of students who are making their F's, there is every promise of congestion in the morning when examinations will be given for all F courses.

—MC—

Monday the proctor enforced the law that only girls play on the Memorial courts. It was seen that Profs. Radcliffe and Herndon spent the rest of the afternoon there in a game of singles. Blessed be the proctor.

—MC—

TENNIS MATCHES

For some reason unknown to us there has not been much of a tennis season this year. Last week two racqueteers went off to Johnson City to play the Normal team, but nobody seemed to know anything about it until afterwards. Several tennis players have been trying to get on the team but don't know how to go about it. There has been no regular tournament this season. We do not know why not, nor do we know who is to blame, we simply regret the fact that there is no good varsity schedule this year and no tournament for those interested.

Although it is late in the year we do propose, since there are numerous likely looking players on the campus, and better and more courts now than heretofore, that either the athletic board look into the matter or else those who have been representing the team get together and organize a regular tournament. It is indeed a shame that while other sports are being developed each year at Maryville, tennis should be allowed to go neglected.

Percy Buchanan, '22, this year graduated from Richmond Seminary and is planning to go with his wife immediately to Japan where he will do missionary work with his parents who are now there. Thursday afternoon the women of the Presbyterian Church gave a reception for Mr. Buchanan and his wife.

PROPOSAL TO REORGANIZE STAFF OF HIGHLAND EHCO

Present System Inadequate—Course in Journalism Is Needed.

In view of the objections to the present organization of the *Highland Echo* which are outlined below, there has been drawn up a Plan of Reorganization by the present staff which has been read in Faculty meeting and favorably commented upon, and also read and approved by the Editor-elect of the Paper.

The present system of staff appointmnt and control are altogether inefficient and hopelessly below the methods used by contemporary college newspapers.

Objections

The following features of the present organization of the *Echo* are objectionable:

1. *The Election of the Editor-in-chief.* The annual elections of the whole student body are determined primarily by party spirit, personal feelings, and the popularity of party candidates; and only secondarily, if at all, by the editorial qualifications of the candidates. When candidates have not had a chance to prove their abilities it is impossible for the students to judge the best-fitted man.

Very frequently the Editor-in-chief has had no previous experience, either on the *Echo* staff or any other paper. He takes complete charge of the Paper without any preparation and must spend half his term of office learning about the work.

2. *The Selection of Staff Members.* When one Editor-in-chief retires from office, his whole staff leaves office also. The knowledge and experience of one set of workers is thus thrown away at the end of the year. There is no building up of the *Echo* year after year, upon the shoulders of former workers.

There is no incentive for the ordinary staff worker to do his best; once a student is appointed to the staff he has nothing more to gain, there is no means of promotion, no higher positions to strive for, and at the end of the year he is turned from office.

Students who may want to work on the college paper often get no chance to do so, the Editor-in-chief can not tell who among the student body desires to do such work. The weekly labor of getting out the paper devolves upon about four individuals. Staff members get no academic credit ofr the work they do.

3. *The Collection of News.* At present each organization on the Hill has its own editor, who is not directly responsible to the Editor-in-chief, and he cannot be required to learn the rules of newspaper writing, or to get his copy in at exactly the right time. Literary societies change their editors three or four times a year. The Athletic Board elects the sport writer for the Paper (yet the Editor-in-chief often gets the blame if there is any lapse in the work of this appointee.

Different organizations turn in articles of any length violating all rules on which the paper is edited and object when staff members do their work again to make it presentable.

Proposed Echo Reorganization

The staff of the *Highland Echo* should be made a permanent organization. The following plan should be adopted by the student body for the conduct of their Paper. Some such plan is in use in practically all contemporary ollege newspaper publications.

1. *Staff members should be chosen by means of competition.* Every student interested in the paper should be given a chance to compete for a position on the staff. When the system becomes established such competition should be fostered among the Freshman class, where all new material is to be found.

2. *Staff reporters should be promoted or demoted according to the merit of their work from week to week.* There should be a regular ranking and grade of the different kinds of work called for on the paper, and assignments made to all the staff.

3. *The Editor-in-chief should be chosen from among the experienced members of the staff.* The choice should be based largely upon the quality of work performed and the promise shown of ability to take complete charge of the paper. Either the staff should elect the Editor-in-Chief, or some committee representing this body, the faculty, and the student body at large.

4. *The Editor-in-chief should be selected for a term of four and a half months,* with the possibility supplied of reelection for the good performance of work in the first term of office.

5. (and fundamental) *There should be a regular journalism course on the college curriculum,* conducted by a college professor. There must be some nucleus like the classroom to build up the proper sphere for newspaper work, and to give proper training for staff members. Some experienced, or at least older person, as a professor, must oversee all work and judge the quality of all reportorial work, in order to determine merits of promotion.

The journalism class should meet, say once a week and all members of the class be given academic credit, at least an hour a semester, for work performed.

Reporters should map out all the sources of news on the campus, and be made to cover the entire field every week. The news of each organization should not be covered by individuals responsible to that organization primarily, but rather to the ECHO, as is the case with every other newspaper in the world.

6. *The Business Manager should be paid on a percentage basis* for the amount of money he secures from advertising.

ELECTIONS AGAIN

This paper recently printed an editorial pleading for better popular elections in student organizations. We were not let by fatuity to hope that such an editorial would suddenly correct all the evils of popular government, but we did hope that possibly care and interest would be shown by students in elections for their organizations.

In the light of this hope it is interesting to note the recent freshman election. There are in that class about two hundred and fifty students. At their election of officers for next year twenty-eight freshmen were present. Figuring that a majority of votes would place a man in office we find that as few as fifteen individuals were at that time in a position to choose officers to run that the class of about fifteen times that many members. It is also interesting to note that one officer-elect of that class remarked that it was all pre-arranged by the politicians.

SONG OF THE STUDE

If there is nothing doing,
No place at all to go;
Nothing on at the theatre,
Not any kind of show;

If the lady I come to see
Already has a date;
If upon my written work
I am three months late;

If it is raining pitchforks,
And everything is muddy;
If all of the above is true,
By golly, then I'll study.

LOST

Organic Chemistry notebook, that has not been graded. Finder return to Doris Musick who is in desperate need of same.

VARSITY TRACK SQUAD ELECTS NEXT CAPTAIN

James Brown, Dash Man, Elected to Pilot Highlanders.

James Brown, stellar dash man of the Highlander track team was last week elected captain of the varsity by his mates for the coming year. He has earned his winged 'M'' for three successive years.

The track season came successfully to a close a week ago Saturday when the Juniors won the interclass meet over the Seniors by the score of 45 to 43. In this meet ''Shimmy'' Brown was high point man, taking 18 digits; Kinsler was second with 13 points, and Edsall third with 11 points. ''Bob'' Thrower excelled all past records when he put the shot 41 feet and 1 1-2 inches.

In the Pentathlon events held on the following Wednesday Sherman Edsall won the gold medal awarded to the man with the best record in the five specified events.

GRADUATING MEMBERS OF VOLUNTEER GROUP SPEAK

At Thursday's meeting short talks were made by those students who will not return to the Hill next fall. They told of what the Student Volunteer group has meant to them, and of their plans for their future. Most of them will acquire additional training before they will be assigned to a foreign field.

The following are not returning next fall: Misses Dorothy Roney, Alice Robison, Mary Tippit, Elizabeth Torrey, Dorothy Winters, Perle Lambertson, America Moore, Henrietta Smith, Ann Van Lopik, and Messrs. Robert Braady, Lucian Hamilton, Francis Kinsler.

And he has lived to see it

Back in 1885, Thomas A. Edison succeeded in transmitting electricity at 220 volts for one mile —an achievement and a promise.

The promise was fulfilled a few months ago, when electricity at 220,000 volts was transmitted two hundred and forty miles to supply Los Angeles with light and power.

Now five billion dollars are invested in electric power plants. A stupendous figure that testifies to the alertness of thousands of college-trained men who have been leaders in the production and use of electric power.

The electrical era has only dawned. Each year some new machine or discovery makes it possible to apply electricity in unexpected ways. The graduate of today will find electricity directly or indirectly a means for even greater accomplishments, no matter what his calling in life may be.

In 1881 Edison shipped to the Paris Exposition his "Jumbo" dynamo—eighth wonder of the world. It could light 1000 lamps. Now there are G-E generators large enough to supply current for over a million lamps, each with four times the candle-power of the lamp of 1881.

The General Electric Company produces other electrical apparatus which makes it possible to transmit power over great distances. It has put electricity in seven-league boots. In its laboratories, scientists are now experimenting with voltages ten times as great as the highest now in use.

If you are interested in learning more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

Columbia Theological Seminary

Columbia, S. Car.

What Church Leaders Have Said:

"It has been decided to move Columbia Theological Seminary to Atlanta, if Atlanta will make an adequate response. Columbia Theological Seminary has a whole history, extending over nearly a century, and is a great spiritual force. It can be made one of the greatest Theological Seminaries in this country. Spiritually, intellectually, and financially Columbia Theological Seminary will be a fine asset for Atlanta. It is seldom that such an opportunity comes to a city." Dr. Walter L. Lingle, President, The Assembly Training School.

"I admired its faculty and was proud of its past achievements." Dr. J. R. McCain, President Agnes Scott College.

"Columbia Seminary is a renowned, historic school with a record of one hundred years of unsurpassed service. To build such an institution into Atlanta's life will enhance its glory and power in manifold ways." Rev. Thornton Whaling, D. D., Moderator of the General Assembly.

"I nede not tell you with how much interest I have read the accounts of the marvelous future of usefulness that seems to await Columbia Seminary in such a Southern center as Atlanta." Dr. Henry Louis Smith, President, Washington and Lee University.

"Located at Atlanta, Columbia Sminary will occupy a strategic position with reference to the very heart and center of the territory served by the Southern Presbyterian Church." Dr. W. M. McPheeters, Columbia Theological Seminary.

"Atlanta is more than the capital of Georgia. It is the natural and logical capital of the South East. It is rapidly becoming the cultural capital of this entire section. The bringing of Columbia Seminary to Atlanta will place that institution in the best possible position to serve this section of our nation. It will strengthen the spiritual and religious life of our entire community and the territory of which it is soon to be the cultural and spiritual as well as the commercial capital." Rev. Ben R. Lacy, D. D., Pastor Central Presbyterian Church, Atlanta.

"I am deeply concerned to see the Columbia Theological Seminary moved to Atlanta, not only because of what its coming will mean to this city, and this great southeastern section, but because of what its location here will mean to the future of the Seminary and its service to the Kingdom of God. I believe the move is providential and the place strategic. I am convinced its location in Atlanta will prove the means of recruiting a large number of splendid men for the ministry." Rev. Richard Orme Flinn, D. D., Pastor North Avenue Presbyterian Church.

"This Institution, enriched by so many great yesterdays, planted in the fertile soil of the Atlanta spirit and surrounded by a section as good as the best that Dixie has to offer, will enter upon a service for the public good compared with which the success of the past will be but fractional." Rev. A. E. Driggers, Pastor Inman Park Presbyterian Church, Atlanta.

"I consider Columbia Seminary the power house of Presbyterianism in the South." Rv. J. R. Williams, Pastor, East Point Presbyterian Church, Atlanta.

"The graduates of Columbia Seminary will gain much from a great Presbyterian center like Atlanta. They will have an experience in the various church work here that will add to scholastic equipment the power of vision, enthusiasm, and assurance in work. The fruits of such practical training will be evident whether in the city or the country pastorate." Rev. John W. Good, Ph.D. Professor of English in Agnes Scott College.

"I believe we need a centrally located Seminary to train efficient ministers and missionaries, because the way is now open to help God answer the prayers we have been praying: "Thrust forth labourers into the harvest". Rev. Geo. W. Sheffer, Pastor Moore Memorial Presbyterian Church, Atlanta.

Address:

RICHARD T. GILLESPIE,
President.

HIGHLANDERS CLOSE SEASON WITH 2 WINS

Cop Series With Tennessee by Taking Two of Three Ball Games.

In the curtain dropper of the season Maryville defeated Lincoln Memorial University 5 to 3, playing one of the prettiest games of the season.

The airidales were well tired out after a week's trip with games running into as high as fourteen innings, but they put up a game front and played real baseball. Bird, second baseman, gave some classic examples of fielding which accounted for five assists and two put outs.

Every man on the team played bang-up ball and Harvey kept the game well in hand, coming out of several pinches in fine style.

Captain McCall performed with his usual gusto at short stop and made several spectacular assists.

Tennessee Game

The Maryville Highlanders clinched the three game series with Tennessee by taking the final game played on the local diamond by the narrow score of 3 to 2 last week.

Maryville entered the fray with a great vim and succeeded in scoring three markers in the first inning. Tennessee scored in the fifth and seventh innings.

Stone pitching for Maryville allowed only four scattered hits and he struck out four men.

Shores made the prettiest play of the day when he stopped a line drive for an unassisted double.

"SERVES YOU RIGHT"

LABORS OF LITERARY SOCIETIES NEAR END

Theta Epsilon

After the transaction of business and a reading by Katherine Hysinger, at the last meeting the following officers were elected for next year:

President, Margaret Lewis; Vice President, Jessie Lee Goodson; Secretary, Mary Huffman; Treasurer, Lucy Horton; Editor, Ellen Cox; Music Chairman, Bland Morrow; Critic, Clara Bauman; Sergeant-at-Arms, Dessa Marler.

Election of the Dramatic Chairman was postponed until the next meeting.

On May the 23rd will be the installation service of these officers.

Jessie Lee Goodson, Editor.

Alpha Sigma

The type of program that the Alpha Sigma Literary Society has been enjoying for the past few months will reach its climax on Saturday night.

On the program is a man of distinguished character, also a man who has travelled all over Europe, partly by rail and partly by walking tours.

If this concluded the program, it would be a most excellent one. But last but not least is a speech which will be given by the retiring Editor of the Highland Echo.

Those who have had the pleasure of hearing these two men, Dr. Hussey, and Mr. Kinsler, will be interested as well as glad to attend such a program. Aside from this there is the election of officers for next year, therefore it is imperative that every member should be present.

Warner A. Gray, Editor.

Athenian

On next Saturday evening the election of officers will be held. The nominating committee has selected the following members to run for offices:

President, Dexter Graybeal, L. E. Milling, Raymond Anderson.

Vice President: Joe Gamble, Ed. Hamilton, James Brown.

Recording Secretary: Robert Harvey, Wilbur Franklin, Malcolm Thomson, Shrman Edsall.

Program Secretary: Charles Webb Julian Johnson, Robert Bishop.

Treasurer: H. G. Harold, Robert Carr, Defoe Pemberton.

Critics: Salmon Brown, Charles Johnson, Clyde Lippard, Otto Paulsell.

Editor: Lamar Milling, Sam Hembree, John Crawford.

Sergeant-at-Arms: Charles Phatt Hale, Charles Edwin Stivers Dickerson, Jr., Andy Frank Gump Slemmons.

Besides the election of officers, a short program will be presented.

George Crawford, Editor

Last Piano Recital of Year

Monday night a week ago Miss Martha Henry gave the sole piano recital of the year, in her postgraduate performance. She performed before a full and appreciative house, and the performance was of the very highest quality. Miss Henry's musical talent, technique, and touch has been most warmly praised by the Head of the Music Department.

THE GLEE CLUB ELECTS OFFICERS OF NEXT YEAR

Raymond Anderson Voted to be New President, Albert Cook, Vice-President.

The Glee Club, which concluded its season of concerts last Tuesday night with a concert in Knoxville, has elected officers for the ensuing year.

Raymond Anderson was elected president; Albert Cook, vice-president; James Brown, secretary-treasurer; Charles Webb, editor; and Edward Hamilton, manager.

The Glee Club held its annual banquet last Thursday night at the rooms of the Home Economics Department of the College. Sparkling was the humor displayed on the occasion.

FRESHMAN CONTEST HELD FOR RUSH STRONG MEDAL

Josie Childs Wins First Place In Keen Competition.

The contest of Freshmen in writing essays on "The Value of Truth" was won this year by Miss Josie Childs, who will receive the Rush Strong medal for her efforts.

This year the contest was keenly contested, twenty-one Freshmen entering the lists and the following judges had difficulty in selecting winners: Dean Jasper Converse Barnes, Mrs. E. W. Davis, and Mrs. Fred L. Proffitt.

The winners of the second and third place are: Gale Marshall, and Mary Marston.

Arthur Kinsler, '24, last week-end dropped in upon the College to look about and renew old friendships. He attended Princeton Seminary and is now at work in Western Canada.

CHRISTIAN ASSOCIATION PLANS MUSICAL MEETING

Last Sunday Afternoon Meeting of The Year In Bartlett Hall.

The Y. M. C. A. believes in the influence of good music, and it is for this reason that a musical program is being planned for the meeting next Sunday afternoon at one o'clock.

There will be vocal and instrumental numbers rendered by some of the best talent of Maryville College. Some of the students taking part will probably be heard for the last time here in Maryville because they are among those that graduate at the end of this term.

Students interested in good music should attend this miniature concert at Bartlett Hall next Sunday. The committee in charge of the arrangements is sure that those attending will enjoy the program.

TWO-MAN TENNIS TEAM DROPS NORMAL MATCH

Robinette and Haworth Travel To Johnson City For Dual Meet.

Two College racqueteers, Robinette and Haworth, last Friday travelled to Johnson City there to drop a tennis match to East Tennessee Normal.

Maryvillians played both doubles and singles, both men being nosed out in their singles, but together clinching the doubles match against fresh opponents.

The results of the match are: (Doubles) Haworth and Robinette against Bullington and Wallace: 6-4, 3-6, 6-4. (Singles) Haworth vs. Clarke: 4-6, 6-2, 6-4. Robinette vs. Jones, 5-7, 8-10.

DON'T FORGET SENIOR PLAY TUESDAY

The Highland Echo

A WELCOME TO ALL VISITORS ON THE HILL

VOL. X. MARYVILLE, TENNESSEE, FRI., MAY 29, 1925 NO. 30

VARSITY TRACK SEASON CLOSES

Highlanders Have Most Successful Track Season Since Inauguraton of Sport.

BROWN NEW CAPTAIN

Coach Bond Will Not Return—Bob Thrower to Coach 1926 Team.

To say that the 1925 Track season was a success is to put it far too mildly. The records made this spring is a result of three years of hard work by Coach Bond and clean living by the men on the team.

Even more encouraging than the two great victories won is the interest aroused which resulted in a large squad and much enthusiasm on the part of the student body.

To Coach Bond and Captain Jimmy King much credit is due for their work in moulding and leading a successful team.

Jimmy is a reliable half-miler and left behind him a record which will be hard to better.

''Shimmy'' Brown has been elected to lead the 1926 crew and his individual work and qualities of leadership make him well-fitted for the task.

Trackmen and students alike regret to lose Coach Bond, but Bob Thrower should prove a capable mentor in track as well as football.

Out of four dual encounters the Orange and Garnet sons of Mercury were victorious and in two were they defeated.

The first meet held in the lair of the Sewanee Tiger was the stiffest contest on the season's card but though defeated the Highlanders gave an excellent performance.

In the meet with the University of Tennessee the Vols won by only a slight margin and in many events the Highlanders completely eclipsed their opponents' performances.

The first victory was registered

(Continued on page three)

SENIOR CLASS GIVES PROGRAM WEDNESDAY

Class Day Program of Seniors Will Be Held Wednesday On Baldwin Lawn.

The annual senior Class Day exercises will be held on next Wednesday afternoon on Baldwin lawn.

This promises to be an elaborate affair as extensive preparations have been made in producing a good program.

The exercises will be the last that the seniors take part in before they graduate on Thursday. The whole class of seniors take part in the program.

CLASS DAY PROGRAM

Bates Prize Contest

Dexter Graybeal won the Bates' Prize of $40.00 last night with the oration entitled, ''A Constitutional Venture''. There were five other orations rendered The contest was a very close one because all of the orations were exceptionally good. Mr. Graybeal's oration was of an extremely good quality. His delivery was of a fiery and convincing nature.

His oration began with the pioneers of America and their venture with a constitution. He showed how the American Constitution of today is the embodiment of an ideal government.

LETTERMEN FOR YEAR OF 1924-25 AS NAMED

Maryville College Awards To Men 63 Letters And To Women 7.

Maryville has awarded 75 letters to 54 men and women during the year 1924-25.

The highest number of letters were awarded in football and track. In each of these sports 17 men received letters. Thirteen men received baseball letters and nine were awarded the emblem in basketball. Seven girls won letters in tennis and four received letters for cheerleading.

The distinction of having won letters in four branches of sport goes to only one man. Jean McMurray received letters in football, basketball, baseball and tennis.

Four men won three letters. Pat Shores and Shorty McCall made letters in football, basketball and basketball. Bob Thrower lettered in football, basketball and track. Tommy Thomson made letters in basketball, track and cheer-leading.

Gobbo Cartwright and John Stone made letters in both football and baseball. Joe Gamble and Doris Musick lettered in football and basketball. Jimmie Holland is a letterman in football and track.

Others who won the football ''M'' are Ed Hamilton, John Crawford, Carl Schmidt, Salmon Brown, Tinker Franke, Josh Proffitt, Lynn McCall and Manager Cortner.

The other basketball lettermen are Louis Veech and Louis Reed.

Men who lettered in baseball only are Bob Harvey, Pete Sneed, Ted Hawn, George Shanks, Billy Givens, ''Shorty'' Prince, ''Jiggs'' Mischlich and ''Puddin'' Wilson.

Other track lettermen are ''Goat'' Templin, Jimmie King, ''Shimmy'' Brown, Sherman Edsall, L. E. Mill-

Y. W. C. A.—Y. M. C. A. JOINT MEETING

Next Sunday evening at 6:45 o'clock on Baldwin lawn Dr. Stevenson will deliver his annual address to the Christian Associations. This address might well be called the baccalaureate sermon for the Y. W. and Y. M. C. A. because for many students it will be the last Y. service they attend on the Hill.

Provisions have also been made for special music, and all the indications point to an inspiring service. Everybody is cordially invited to come.

COMMENCEMENT NEXT THURSDAY

Baccalaureate Services On Next Sunday Morning At The Voorhees Chapel.

LARGE CLASS GRADUATES

Graduating Exercises Thursday As Year of 1925 Comes To A Close

Commencement day exercises for the Class of 1925 will be held in Voorhees Chapel on Thursday, June the fourth.

A fine speaker has been secured to address the class. He is the Rev. Homer Mitchell Noble of the Class of 1906. For some time he has occupied the pulpit of the First Presbyterian Church of Beloit, Wis.

The graduating class is one of the largest in the history of the school. There are 81 graduates, with 13 honor students.

The Baccalaureate service will be held at Voorhees Chapel on Sunday, May 31, 10:30 a. m. President Wilson will address the class.

10:00 a. m.—Commencement Exercises, Voorhees Chapel.

Shanks New Captain

George Sewell Shanks, snappy little second sacker of the 1925 Highlander baseball nine, has been elected to lead the 1926 Club.

Shanks has served three years with the Orange and Garnet is well qualified to play either in the infield or outfield.

Shanks though he finished the recent season with a low batting average, succeeded in getting to first base thirty-two times in addition to his hits and was among the leaders in the scoring.

PREPARATORY SCHOOL TO GRADUATE MONDAY

Last Commencement Exercises Of Preparatory Department Monday Night

The graduation of the last preparatory class of Maryville College will take place in Voorhees Chapel Monday, June 1st, at 8:00 p. m.

There are thirty seven graduates in the preparatory school. This graduation marks the end of what was formerly an important branch of the school.

The Rev. E. Hubert Broyles, pastor of the J. R. Miller Memorial Presbyterian Church, Upper Darby, Pennsylvania will address the class.

Commencement Program

Invocation

Spring Song (for two pianos) - - - - - - - *Mendelssohn* Misses Della and Edna Clayton

Address - Rev. E. Hubert Broyles

Presentation of Diplomas

Benediction

Miss Willie Wilson had as her guests last Sunday her parents, Mr. and Mrs. N. R. Wilson of Charleston.

——MC——

Messrs. King Heiskell and David Collins were on the Hill last week end as the guests of their sisters, Misses Lucile Heiskell and Eleanor Collins.

——MC——

George Callahan '20, who has just graduated from the University of Chicago Medical School is spending a short vacation in Maryville. Mr. Callahan expects to return to Chicago on July 1st. to begin his interne work.

SENIORS—1926

The members of the present Senior Class, realizing that they must leave the task they have thus far so nobly advanced, have trained the present Juniors in the way they should go. Taking examples from their present honored ''superiors'' they are fairly tingling with eagerness to step into their footprints.

In preparation for the great responsibility into which they, the Seniors of '26, are about to enter, they have selected as their officials the following persons:

President - - Robert W. Bishop

Vice-President - Agnes Houghton

Secretary - - W. Sherman Edsall

Treasurer - - - James M. Brown

Editor - - - - - Esther Grimes

SEASON REVIEW OF BALL CLUB

Highlanders Finish Successful Baseball Season With Five Straight Wins.

STONE BEST HITTER

Maryville Wins Tennessee Series. Pair Split With Ohio University.

The record of the 1925 baseball team has dispelled all doubt as to whether or not baseball is to remain as a major sport at Maryville. A brainy coach, a hard working team and an enthusiastic student body carried the Orange and Garnet gonfalon of the Highlanders to ten triumphs out of twenty battles. That mere statement does not half tell the story so here it is:

The Highlanders opened the season with a brace of games with the Ohio State University nine. The Highlanders copped the first contest and lost the second. Since that time the Buckeye team has assumed a place of leadership in the Big Ten conference and defeated many strong teams from the East so the Highlanders initial victory is a high point light in the season's record.

Tusculum was the next victim to fall before the onslaught of the Honaker nine and two days later the Highlanders humbled the University of Tennessee by an overwhelming victory. The second game with Tennessee was played in Knoxville and the Vols annexed it by a slim margin.

Next on the menu was the Knoxville Smokies and on a muddy field the Highlanders held the class B team to such a small margin as to excite much admiration even in Skipper McDonald of the Smokies.

A road trip into East Tennessee and Virginia gave the Highlanders a victory over the King Tornado and defeats by Emory and Henry, East Tennessee Normal and Tusculum. In all three games lost the

(Continued on page four)

EXPRESSION STUDENTS TO GRADUATE TONIGHT

Nine Members of Expression Department And One of Music To Graduate

Tonight at 8:00 p. m. the graduation exercises of the Expression Department will be held in Voorhees Chapel.

There are nine graduates, Alice Robison, Harry Gauding, Hunter Robinette, Virginia Clark, Katherine Franklin, Perle Lambertson, George Belle Kuhn, Mary Whittle, and Sara Sheffield.

A varied program will be given, featured by a reading by Miss Edwards, and a solo by Edward Hamilton. Percy Buchanan of the Class of '22 will sing. There are also several other good numbers.

Then on Saturday night the Music Department will hold their annual commencement. However, there is only one who will receive a diploma and that is Miss Martha Henry who is a post graduate. A varied program of musical numbers will be given.

Emery C. Fritz '23 is a visitor on the campus.

——MC——

Miss Ruth Barnette ex-'25 is visiting friends in Maryville.

CAMPUS DAYS

Sometime in the golden after years of every person's life, there will come a time when his thoughts will wander longingly back to the days of his youth.

* * * * *

Many paintings will hang on this art gallery of memory, for Time is the great artist that is always taking our experiences as subjects and tracing them upon the canvas of experience. Many we once thought good, we now pass by with scarcely a glance, for they are faded and streaked with the dust and grime of oblivion. These were our dreams of wealth and our visions of selfishness which were hastily painted on a cheap background with transitory coloring.

But over yonder in the center of memory's great hall hangs a picture that holds the glow and freshness of eternal youth and which we know represents a beautiful chapter in our lives.

* * * * *

This will be a picture of our days spent at Maryville. Time has taken our beautiful sloping campus with its shrubbery and magnificent trees as a back-ground. He has rolled back the mist of years as a curtain, and again caused the sun to shine upon the campus and the soft breezes of early spring to whisper among the leaves. He has brought back those dear friends and schoolmates of long ago and caused them to again wander together about the campus and laugh and talk as they once did.

What a marvelous masterpiece time has painted when it brings the happy and sad reminiscences to our minds putting on the canvas the happenings of yesteryear as if they had been yesterday.

* * * * *

What happy carefree days those were indeed. What beautiful friendships we made and what good times we had together. We will realize with thankful hearts that here was the place where we learned some of life's most valuable lessons. We will realize that the training we received here fitted us well for life's duties. It was here that we learned the joy of sincere comradeship and the beauty of unselfish service. And so we know the great artist has done well for he has skillfully blended the experiences of our campus days into a vivid memory picture. May it be the earnest desire of our hearts that life will never blemish, nor time change the living memory of Campus Days at Maryville.

Miss Margaret McKinney '24 is the guest of friends on the Hill.

COMMENCEMENT

Once again commencement time has rolled around, and with it have come all the excitement, hurry and stir that always accompany it.

* * * * *

A class of senior men and women are hustling about to get their diplomas and go out into the world, while another class of men and women are hustling about to get into their places as seniors in this institution. This is easily the most exciting time of the entire year. To believe this one need only pay attention to the throng around him for a little while. Here he will see a group of seniors eagerly discussing such things as, their mingled emotions at leaving, plans for the coming year, commencement programs, and—oh yes, quality credits. There he will see a bunch of juniors discussing plans for their senior year, senior sweaters, senior rings, and EXAMS. People will be seen running hither and yon bent on various errands or missions. The very air seems charged with excitement. Even a dumb brute would sense the fact that there is, "something doing on the hill".

We are reminded forcibly of the swift flight of time on an occasion like this.

* * * * *

To most of us it seems hardly possible that nine months have passed since we came together last September. In retrospect, it seems but a few days. And yet, how many things have happened in those few days! To those of us who have been here several years, time seems to be fleeting even more rapidly. Seniors say they cannot realize that they have been here four years and that their college career is at an end. In the words of the negro mammy, "Tempus sholy do fugt."

This is a time when the emotions of joy and sorrow are closely associated and often mingled.

* * * * *

It would be impossible for any student to come here for a period of four years and leave without being both glad and sorry. When asked whether they are glad or sorry that school is out, most seniors reply that they do not know. The truth is that they are both. They are glad because they, like Paul of old, have finished their course. They have fought and overcome. They have finished their apprenticeship and are now entering upon the world in earnest. They have won, "that skin you love to touch". But if they are glad because of these things, they are equally sorry because of other things. The old familiar scenes are to be left behind. The pleasantest of associations are to be broken up and closest friends may now be divided by the width of the continent. But over and above all, these men and women realize that there is work for them to do and they are preparing to attack it with the true Maryville spirit. They know what ideals they have to uphold and they will be worthy of their trust. Goodbye and good luck, seniors. Come back and visit us next year. We who are left have lofty examples to emulate. We must take the places of those who have gone before us, while others are stepping up to fill our places. May we prove worthy of our trust.

—*Robert Carr.*

RESOLUTIONS OF THE FRESHMAN CLASS

Whereas, God in His infinite mercy did see fit to call the father of our beloved classmate, Miss Alma Shipe, we the members of the Freshman Class do hereby extend our sincere sympathy to our classmate and the bereaved family.

Be it resolved that a copy of these resolutions be sent to the bereaved ones, a copy be read in chapel, and a copy be printed in the Highland Echo.

Signed: Ruth Shubert, George Crawford, Sarah Moore.

HIGHLAND FLINGS

It won't be long now.

——MC——

Let us thank Mr. Wrigley. If it were not for chewing gum lots of people we know would never get any exercise at all.

Judge (to culprit) So we caught you with a bundle of goods, eh? Whom did you rob?

Inexperienced Burglar: Two rooms at Carnegie.

Judge (to Orderly) Call up all the down-town drug stores and have them claim this stuff.

——MC——

First Stude: I wonder how old Professor Ellis is?

Second Stude: Quite old I imagine. They say he used to teach Caesar.

——MC——

Zowie!

When the University of Pittsburg gets their 52 story sky-scraper built, we pity the guy that gets kicked out.

——MC——

The reason so many of our athletes never train is because they are kept in condition all the time by the faculty.

——MC——

There was a man in college once
Who was so very bright,
He couldn't get it dark enough
To go to sleep at night.

——MC——

Dumb Dora

Did you ever hear about the girl at Pearsons that locked her dook at night to keep the light from going out?

——MC——

Mary H.: Do I need some powder on my nose?

Ruth M.: Goodness yes! Hurry and put some on before that fly slips and breaks its neck.

——MC——

Landlady: Didn't you get $5 for a poem yesterday?

Poet: Why yes, it was Ode To The Nymphs.

Landlady: I don't care who it was owed to, I gotta have my rent.

——MC——

You tell 'em celery cabbage won't lettuce.

——MC——

I sat in the parlor twilight
My arm on the back of a chair
I knew my joy would be complete
If only my girl were there.

——MC——

Lounge: What kind of a car you got?

Lizard: An Ash.

Lounge: Never hard of that one before.

Lizard: It's another way of saying Second-hand Cole.

——MC——

If you don't like the jokes of the age, think of the age of the jokes.

——MC——

Prof.: Have you read Beowulf,

Leslie Bell: No. I don't like animal stories.

——MC——

Jimmy: There is a certain question I have wanted to ask you for months.

Lucille: Well, hurry up. I have had the answer ready for months.

——MC——

Never cry over spilt milk. Call in the cat.

——MC——

One: You remember Young Bivens? Well he is to occupy the seat of applied electricity.

The Othern: That so; I never thought he'd amount to anything. What school?

One: No school; Sing Sing.

——MC——

MARYVILLE STUDENT DIES IN NEW JERSEY

James Cunningham Dies At His Home After Long Illness.

The whole college was shocked and grieved to hear of the death of James Cunningham on Tuesday, May 26.

Jimmie was a former student of Maryville and would have graduated from the preparatory department this June if his health had not failed him. He was taken ill with appendicitis last fall and was rushed to Knoxville for an operation. After the operation he seemed to be recovering rapidly for awhile. He failed to regain his strength, however, and some months ago he returned to his home in New Jersey.

The change, however, did him no good and he continued to sink rapidly. Complications set in which brought on anemia and ended with his death. Jimmie was a boy of whom all thought well. He left a great number of friends here who were sorry to see him leave and who mourn his loss. The funeral will be held from the home of his grandmother in Morristown, New Jersey on Friday, May 29th.

Miss Fidelia Newman ex-'26 was on the Hill several days last week as the guest of her sister, Elizabeth.

VARSITY TRACK SEASON CLOSES

(Continued from page one)

over the Georgetown College crack aggregation only after the Highlander relay team swung the balance in Maryville's favor.

The only home track meet of the season was another victory for the Orange and Garnet, for Bond's lads stretched their legs and muscles to run decisively over the University of Chattanooga.

In the intra-mural meet the class of '26 wrested an honor from the Class of '25 which it had held three years. New marks were set, in the half mile by Jimmy King, in the two mile by Goat Templin, in the shot put by Bob Thrower, and in the discus by Brock. Shimmy Brown was high point man of the meet.

In the pentathalon, an added intra-mural feature, Sherman Edsall won first honors.

Men who will be awarded letters in track are: King, Templin, Brown, Thomson, Kinsler, L. E. Milling, Lamar Milling, Lorenz, Edsall, McDonald, Patterson, Slemmons, Morgan, Brock and Holland.

Of this number King, Kinsler, Templin and Thrower will be lost via the sheep-skin route but from the host of material left behind and under the leadership of Coach Thrower even a more brilliant track season should lay in store.

Get your Graduation Presents at A. E. McCULLOCH'S Jewelery Store.

Cecil Crow, '24 stopped off for a brief visit withfriends on the Hill. He is enroute to Chicago where he will enter summer school.

The common mosquito, magnified 24 times, is a truly fearsome object!

But this electric pumping station effected a remedy.

Do what Toledo did

Once Toledo had a nuisance, a tract of swamp land near the lake, a breeder of mosquitoes, foul odors and fogs.

But an automatic pumping station, equipped with motors made by the General Electric Company, turned the swamp into dry land—and abolished the menace to the city.

This is one example of what electricity can do. As you meet life's problems, think of electricity as a valiant and ever-ready ally.

Study what electricity is doing to make a better and happier America; remember that you will live in an electrical age, full of surprises, and full of new services to humanity. The monogram "G-E" which you see above is placed on the epoch-making products of the General Electric Company.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

Columbia Theological Seminary

Columbia, S. Car.

The New Location In Atlanta

The site chosen for the new location of Columbia Seminary consists of forty acres lying mainly between Kirk Road and Inman Drive on the south eastern edge of Decatur. This is made as a contribution to the new life of the institution by the Estate of Mr. G. B. Scott, by Mr. Ben D. Watkins, Judge John S. Candler, Mr. G. F. Willis, Mr. Ben S. Forkner, and others. The land is practically all wooded, and has just the contours desired by architects and other experts for making, at the least possible expense, a beautiful campus. To the east, there rises distinctly the massive bulk of Stone Mountain. The towers and main buildings of Agnes Scott are in clear view a few hundred yards away, while the western horizon is pierced and broken by the long line of Atlanta's sky scrapers and the Capitol dome. The new site will afford ample room for the necessary athletic grounds and particularly for the Training School, which is to be built as the second step in the program of an enlarged Seminary. One of the chief reasons for accepting this site is that sufficient acreage is given to solve for all the years to come the problem of Columbia's growth. This generous space lies within easy reach, not only of highways and street cars, but also of the main lines and side tracks of the Georgia Railway. The town of Decatur and the County of DeKalb have guaranteed to furnish paved roads and side-walks for the use of the Seminary. Water, and sewerage, are to be brought into the campus and up to the buildings without cost to the Board. Doubtless further arguments for the selection of this location were found in the general atmosphere of Decatur,—always a Church and school town and coming more and more definitely to recognize her responsibility and privilege in these directions. It is thought that the new site will afford the proper balance between quiet and accessibility. The case may be summed up in something like the following words: Room for growth, beauty of grounds and surroundings, ideal facilities for building, modern and necessary improvements including all the public service corporations, the cordial interest and support of local citizens and neighbors, the general atmosphere of Atlanta's largest suburb, and close proximity to the throbbing life of a great metropolitan city.

Address,

Richard T. Gillespie,
President

Bainonian

The Senior Girls of Bainonian furnished the program for last Saturday evening and was enjoyed because of the diversity and enthusiasm with which the performers gave their last contribution to the meetings of their society.

The gift of the class, a pair of handsome rose plush curtains, was presented at this time by Dorothy Winters.

Officers for the coming term were elected and are as follows:

President - - Martha Anderson
Vice President - Agnes Houghton
Secretary - - - Ruth Goff
Treasurer - - Nell Johnson
Program Secy. - Phyllis Anderson
Editor - - - Marie Elmore
Sergeant-at-Arms - - -
Rosalie Edmondson
Publicity Chairman - Mary Clopton

The coming program will consist of the graduation exercises of the Senior Bainonians.

—Editor

Athenian

Next Saturday evening will mark the end of one of the most successful years in the history of the Athenian Society. A strong and efficint corps of officers have been elected to carry forward the work of the society during the coming year. The following officers were elected and will be installed Saturday evening.

President - - L. E. Milling
Vice President - - Joe Gamble
Recording Secy. - Wilbur Franklin
Program Secretary - James Brown
Critics - - - Salmon Brown
Charles Johnson
Treasurer - - H. G. Harold
Editor - - - Lamar Milling
Sergeant-at-Arms - Robt. W. Bishop

The Senior members of the society will be presented with diplomas.

All Athenians try to be present at this last and best meeting of the year.

—George Crawford, Editor

Theta

After the business meeting last Saturday evening, Miss Jimmie Rule was elected dramatic chairman for next term. We feel sure that Theta will begin the year with some attractive programs.

Because of the length of the program at the last meeting, the installation of the new officers was postponed until May the thirtieth. At this meeting the graduation exercises of Theta seniors will take place.

Jessie Lee Goodson, Editor

SWIMMING MEET WON BY JUNIORS

Class of '26 annexed its second intra-mural sport event Saturday afternoon by nosing out the Twenty fivers in the inter-class swimming meet. The winners took three first places, two seconds and one third.

A pretty exhibition of fancy diving was put on by Shores, McMurray and Buchanan, placing in that order.

The relay swim was the most exciting feature of the program. Jean McMurray was the high point man of the meet accounting for 10 individual points besides swimming two laps n the relay.

The Sophs and Freshies were out of the running or rather the swimming as far as winning is concerned, but both classes were well represented and each took one first place besides seconds and thirds.

Dive—Shores, '26, McMurray '25, W. Buchanan, '28.

25-yard Free Style—McMurray '25, Cragan '26, Shores '26.

25-yard Breast Stroke—E. Buchanan '27, McMurray and Schmidt (tied) '25.

100-yard Free Style—W. Buchanan '28, Julian Johnson '27.

Plunge—Vanderslice '26, Schmidt '25, Ray '28, Distance 40 feet, 9 1-2 inches.

25-yard Back Stroke—Cragan '26, Gaines '28, Wood '27. Time 23 seconds.

Relay-Class of '25— (McMurray, Schmidt and iKnsler), Class of '26, Class of '28. Time: 1 minute, 6 1-5 seconds.

Have a Good Time This Summer
AND THEN
HURRY BACK

We wish you all a very pleasant vacation and will look forward with pleasure to your return in the fall.

Proffitt's
D. W. PROFFITT - L. G. WALKER - M. B. CRUM

SEASON REVIEW OF ALL CLUB

(Continued from page one)

margin of defeat was only one run.

Three days later the Highlanders avenged their defeat by East Tennessee Normal when the Teachers invaded the Blount sand lot hoping to make a clean sweep of the series, but the rejuvenated Honaker nine swept away the opposition to a decisive victory.

Old Man Jinx followed the team through its next road trip and four games were lost—to Harriman, T. P. I. and two to Cumberland University two of which were lost by the heart breaking one run difference.

A twelve hours' ride brought the Highlanders back to the home stamping grounds where the King Tornado was swept away like a summer breeze for a second time.

Then came the big game of the season—the last and deciding game with Tennessee. In nine innings of breath-taking thrills and superb ball the Highlanders fought their way to a memorable victory which gave them the 1925 championship over the state university.

As a fitting aftermath the Highlanders defeated the L.M.U. Braves, the Rockford All-Stars and the 148th Field Artillery nines.

Thus ends the story of the 1925 campaign but not to mention the individual and team work of the men who brought honors to Maryville would be a great injustice.

Of the thirteen men who were awarded letters only one—Jean McMurray will be lost by graduation. Jean played left field and third base in splendid fashion and also did his bit with the willow.

To the infield must go a huge slice of praise. Pat Shores at first, Shanks on the keystone, Captain Shorty McCall at short and Billy Givens on the hot corner formed a combination that made a specialty of robbing opponents of hits with fast throws and pretty catches and double killings even against the Smokies.

Out in the great open spaces were Cartwright, Mischlich, Stone, Wilson and McMurray, fly-chasers by trade and hitters by habit who thrived on the slams of would-be home run kings and themselves swatted the horsehide far and wide.

Early in the season when Tinker Franke quit school it lookd as if Coach Honaker would be hard-put to find a catcher but Pete Sneed and Ted Hawn generously volunteered their services and both made enviable records behind and at the bat.

Upon the broad shoulders of Irish Harvey and Johnny Stone fell most of the mound duties. Harvey displayed great improvement over last season's work and won six games out of ten. Stone, playing his first year of college baseall won three out of six and Anderson who pitched two games had an even break. Pat Shores, first baseman de luxe, was pulled off the first sack to serve as relief pitcher on two occasions and made a creditable showing.

Following is fielding and batting averages of the lettermen:

Batting and Fielding Averages

	Batted	Fielded
Stone, p., c.f.	.465	.976
Shores, 1b.	.382	.968
Cartwright, r.f.	.333	.882
McMurray, l.f.	.273	.767
McCall, s.s.	.257	.889
Givens, 3b.	.152	.750
Harvey, p.	.167	.935
Shanks, 2b.	.098	.875
Hawn, c.	.333	.925
Wilson, f.	.280	.778
Sneed, c.	.244	.985
Prince, f., 3b.	.200	.1000
Mischlich, f.	.111	.1000

WE THANK YOU

With the closing of another school year we extend to all of you our thanks and appreciation for your valued patronage.

To the Graduating Class of 1925, we wish the greatest success—

To the rest of you we say ''Hurry back''

Yours for Service,

Birchfiel & McMahan
